

WAYWARD KINGS

Wayward Kings Bio 2023

Wayward Kings brings an intense love of heavy rock and rocking songwriting back into the spotlight of the current Australian music scene. The brainchild and collaboration of songwriter and well known Newcastle soloist, Ryan Daley, and guitarist extraordinaire and founder of Semmens Guitars, Matt Semmens, Wayward Kings sees the coming together of a powerhouse foursome that are ready to burn their name into music history. Their sound combines elements of Pearl Jam, Metallica, Alice in Chains, Soundgarden with a sprinkling of Dave Matthews.

The Wayward Kings have that rarest of combinations in a band; great songs, incredible musicianship and the stand out unique powerhouse voice of Ryan Daley, along with Ryan and Matt, Nick Bukey (of the Nick Bukey Drums Channel on YouTube) - one of Australia's top drummers - and Jamie Hill, seasoned bass player, complete this remarkable pseudo super-group of Newcastle rockers.

If you haven't heard of The Wayward Kings yet, don't worry. You will. And soon
