

Family Fun Challenge

Hosted by your Family Workers at Busy Little Bees!

Our family fun challenge for the month of September is to create your own Apple! We want to learn more about what makes each of our students special and unique! Families can decorate their apple by adding pictures, drawings, or words that represent their child such as things they love, their favorite colors, their family pets, favorite activities, or even a picture of themselves. Be as creative as you'd like and have fun making your apple together!

In support of the High Scope Curriculum, we are providing you with some skills to bring the High Scope curriculum home. The High Scope Curriculum's fundamental approach is an active learning model with five active ingredients: Materials, Manipulation, Choice, Child language & Thought, and adult scaffolding. Active learning is at the center of the High Scope Curriculum. It's the foundation where young children gain knowledge through their natural play and interactions with the environment, events, and other people.

We have provided materials and encourage you to use any additional items you choose! The students can arrange the materials in any way they would like. Having a choice of materials allows the children to use their imaginations to show their own creativity. We encourage you to talk about the project and engage in a conversation that supports their understanding of creativity and creation.

Any crafts handed in after the 22nd will be hung in school but will not be eligible to win the Prize of the Month.

September's Theme: "ALL ABOUT ME APPLE"

Craft Due: September 22nd

Prize of the Month: 2 winners will win Chocolate or Caramel Apples from "Al Richard's Chocolate"
