

Family Fun Challenge

Hosted by your Family Workers at Busy Little Bees!

For our December family fun challenge, we are asking our students to craft a Holiday Wishlist and fill it with items that they would enjoy! In school, your child is learning about the tradition of Christmas, Hanukkah, and Kwanzaa. They are reading several books with corresponding activities. Active learning is at the center of the High Scope Curriculum. It's the foundation where young children gain knowledge through their natural play and interactions with the environment, events, and other people.

In support of the High Scope Curriculum, we are providing you with some skills to bring the High Scope curriculum home. The High Scope Curriculum's fundamental approach is an active learning model with five active ingredients: Materials, Manipulation, Choice, Child language & Thought, and Adult scaffolding.

We have provided Card stock and encourage you to use any other materials you choose! Students are invited to use magazines and newspapers. Students can arrange the materials in any way they would like. While making the wish list with your child, we encourage you to talk about the project and engage in a conversation that supports their understanding of creativity and creation.

Any crafts handed in after the 15th will be hung in school but will not be eligible to win the Prize of the Month.

December's Theme: Holiday

Craft Due: December 15th

Winning Criteria: Return your Wishlist by December 15th for a chance to win

Prize of the Month: We are going to select one item from several Wishlist at random to fulfill for our students.
