

Family Fun Challenge

Hosted by your Family Workers at Busy Little Bees!

Our family fun challenge this month is having our families create a **Halloween costume for Bumble!** This Halloween themed activity emphasizes imagination, belonging, and celebration. Whether you enjoy dressing up or simply the changing seasons, this project is a chance to transform Bumble into a character of your choice. Active learning is at the center of the High Scope Curriculum. It's the foundation where young children gain knowledge through their natural play and interactions with the environment, events, and other people.

In support of the High Scope Curriculum, we are providing you with some skills to bring the High Scope curriculum home. The High Scope Curriculum's fundamental approach is an active learning model with five active ingredients: Materials, Manipulation, Choice, Child language & Thought, and adult scaffolding.

We have provided you with Bumble's head and encourage you to decorate as you choose! While you are making the costume with your child, we encourage you to talk about the project and engage in a conversation that supports their understanding of creativity and creation.

Any crafts handed in after the 15th will be displayed in school but will not be eligible to win the Prize of the Month.

October's theme is **Halloween!**

Craft Due: **October 15th**

Winning Criteria: **(1) winner chosen at random**

Prize of the Month: **A \$50 gift card to Build-A-Bear Workshop**
