## Château Clarettes

Château Clarettes is a small high-quality wine estate situated about one km north of the picturesque medieval city of Les Arcs sur Argens in Provence, France. The estate produces rosé, white, and red wines, appellation AOP Cotes de Provence. Seventeen hectares are under cultivation, with 75% rosé wines, the majority Mourvedre grape. The terroir is characterized by clay soils, a sunny exposure, and a hot dry Mediterranean climate that allows optimal ripening of the grapes. Careful cultivation year-round provides a vineyard of the highest quality wines. Sustainable agriculture is practiced with meticulous work of the soil. Harvesting is done between 4 a.m. and 9 a.m. to preserve the flavors and limit oxidation of the musts.
