

# CAPABILITY STATEMENT

2023/2024

**"In our journey, we show respect and honor to the  
legacy of our elders and traditional owners  
who came before us.**

**We hope to provide a positive contribution to those in  
the present and to help foster pride, culture and  
responsibility in those still to come.**

**We do this by getting back to basics and creating  
links between the modern business world and our  
inherited responsibility to our families, culture and  
country."**

# OUR CORE VALUES

Our Values are the foundation  
upon what all our actions  
are based on

## INTEGRITY PERSPECTIVE

We foster a 'doing what is right' attitude in our business with integrity which leads to mutual success for our clients, the individual and our corporation.

We encourage a climate of continuous improvement, with a "risk-aware, not risk-averse" approach to managing health and safety in the workplace.

We make every effort to maintain the delicate balance between any activities and preserving the environment and produce a high standard in every project we deliver.

## RESPECTFUL RELATIONSHIPS

We act with uncompromising honesty and mutual respect and treat everyone as we want to be treated. We value differences, thoughts and ideas and find we can satisfy our clients with innovative quality and service to form loyal, long term relationships.

## INITIATIVE WITH ACCOUNTABILITY

We follow through energetically with every project with the intention of producing quality work and specific outcomes. We stay focused and committed to the project and execute our jobs to the very best of our ability every day. We take the next step without being told or asked to do so as your business is our business.
