Manufacturer Provided Description

LEOPARD 45 NOW WITH A LOUNGE!

Awarded Boat of the Year honors in 2017 and founded upon the ethos of continuous innovation and feedback from cruising clients, the Leopard 45 sailing catamaran represents astute value, elegant lines and satisfies blue water passion.

With naval architecture by Simonis & Voogd Yacht Design, and with exterior and interior design by the world-class design team at Robertson and Caine, the Leopard 45 Sailing Catamaran not only builds on the best features of the current Leopard range, but most notably offers new exterior styling and enhanced interior accommodation.

Craftsmanship

Designed for a modern, blue water lifestyle, the Leopard 45 features a raised helm station covered by a hardtop bimini, with direct access from the cockpit and side deck. All sailing lines lead to easily accessible winches, the primary winches being electric, and operated by footswitches.

The exterior styling has evolved into a sharper, more angular look, topped by a sleek new saloon hard top, which extends from the aft cockpit to the forward cockpit. Spacious, practical and protected from the sun, the aft deck offers the perfect entertainment area with its ample seating and a clear natural flow through the open plan saloon. Accessible via a weather tight door. the increase forward cockpit provides way access to the fore deck and trampoline. Additionally, the forward cockpit allows for superior ventilation naturally throughout the boat.
