SAP ABC

MC48

– Note there is an ABC XYZ button.

SAP ABC

- You get some options to play with.

- Select one and hit the check mark.

- The next option let's you change how you weight things.
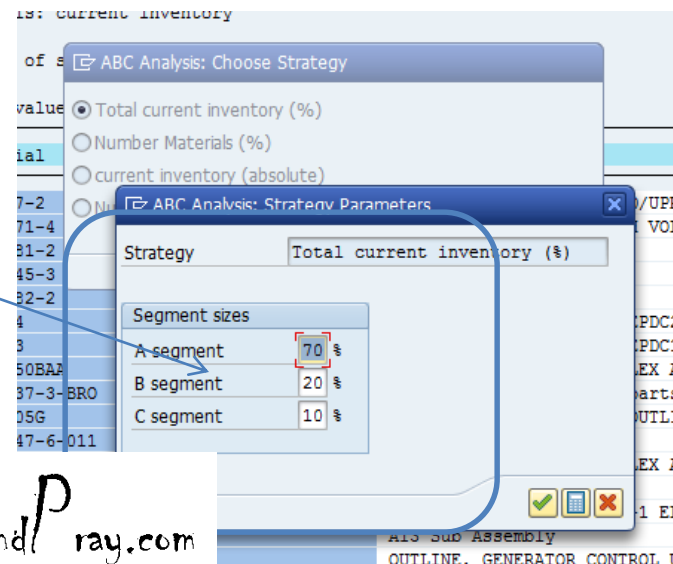

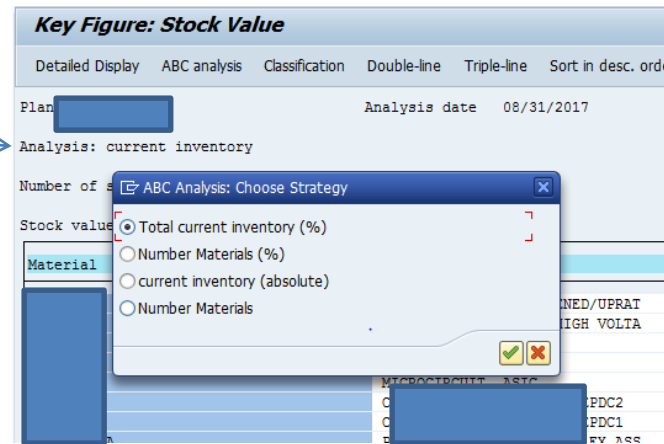

SAP ABC

MC48 Graphic

- This give you a graphical breakdown based on the number of parts in each segment and the value in each segment.
- The best part is you have more buttons to click. Let's look at the total list.

SAP ABC

– And now you have a list!

– The main point I wanted to make though is back on slide 4 you can change the ranges for each classification.
