

Prudent Pet Benefits

- Prudent Pet's accident and illness plans cover every medical condition, so long as it's not pre-existing. They also cover all prescription medications.
- You can use any vet in the US or Canada.
- Prudent Pet does not have any age or breed restrictions – They want to protect EVERY pet.
- Prudent Pet has one of the shortest waiting periods in the industry – 5 days for accidents, 14 for illness and a 180 knee and ligament waiting period that can be waived by your vet.
- Prudent Pet has lightning-fast claim reimbursement – and this is important! We are the best in the industry. More than 75% of our claims are processed in 24hrs, then up to 95% in less than a week. Anything longer is due to a delay in MRs from the vet.
- One of the reasons we partnered with Prudent Pet is because they are the #1 rated pet insurance company on Trustpilot. Their team is in-house – you will not be transferred to another company or another country in order to be taken care of. Like us, they take pride in taking care of their policy holders and their pets. Check out the Trustpilot reviews!
- All policies include FREE 24/7 Live Vet Chat – you can chat with a vet LIVE directly from your pet portal anytime day or night and as many times as you want. Prudent Pet includes this feature with every policy to provide policy holders with peace of mind instantly as well as save them time and money. Those after hour emergency visits are costly; how great would it be to prevent that cost if possible!? And, this feature is available to you Day 1!
- 30 Day Free Look Period – that is how confident we are in their product and service. They provide a 30 day free look period for you to review your policy documents and see if this plan is right for you and your pet. If you end up thinking it's not a fit, just give me a call to cancel within the first 30 days and they'll refund your money in full.
- Lastly, one of the great things about Prudent Pet is that we can customize the plan to your pet's needs and your budget. Let's get started. I recommend our 80%/\$500/\$10000 plan. It's our most popular package and people like you are choosing this plan every day.
