Ice Dance International  
Dover-Foxcroft, ME 04426

Dear Friends,

Congratulations to Ice Dance International on 10 years of success in New England and across the country!

Through the vision of founders Douglas Webster and Linda and Edward Villella, IDI offers a chance to experience a multitude of artforms – music, dance, theater, skating – in one seamless performance. Thank you to skaters and choreographers for sharing not only the gift of ice dancing, but also the spirit of charity and community through your shows and your partnerships with local groups.

Interest in ice dancing has grown over the past decades, which is a testament to the high level of performance that the IDI team devotes to each showcase. Congratulations once again on all you have achieved, and I wish you all the best in your future endeavors.

Sincerely,

Jeanne Shaheen  
United States Senator
