3 Cedars Sale Facility, 24327 E Old Town Rd

Welcome

“ When it rains, it pours”. It’s an old line of British origin from the late 1800”s. It was used by the Morton Salt Company in advertising and labeling in the early 1900’s and continues today. Unfortunately, in our world, when it doesn’t rain, it hurts. Our part of the country historically receives about 44 inches of rain annually. I’m pretty sure we have not received 44 inches over the last three years. Yet, we as an industry, continue to innovate, produce, and survive.

By the time you receive this catalog we should have a new president in our country. I sure hope it works out because I am really tired of it and ready to move on.

2024 marks the 25th year that Green Springs has been testing beef breeding stock. I am not sure how many sales we have had, but it’s somewhere north of 40. You would think we would be better at it by now. It has never been easy but almost every one of them has been rewarding in some way or another. Hopefully next year will be our 26th.

I truly believe this may be one of the best sets of bulls from end to end that we have ever offered. I don’t think there is a bull in this sale that doesn’t have something to offer, and not one that doesn’t deserve to be here.

We also have a really nice offering of Angus females from the Gartons. If you have followed our sales over the years you know the Garton cattle speak for themselves. We are also including a nice group of Charolais-Red Angus bred heifers from the Carrs. These girls are bred to calving ease Red Angus bulls and are due in the spring.

As always we are here to help any of you that need more information or help in finding the animals you need. If you need help with your bulls after the sale in terms of delivery or development, we are happy to find a way to assist you.

As we approach this holiday season, don’t forget to reach out to someone that needs it. A hug, or a meal, or just a kind word can mean so much to so many.

Hope to see you sale day,

Kent, Kathy and the crew at GSBT

General Pertinent & Helpful Information

Announcements made the day of the sale take precedence over the printed catalog.

Every possible effort has been made to provide accurate and pertinent data on the animals in the sale. A handout will be provided at the clerk's desk sale day to provide changes and missing data unavailable when the catalog went to print. **EPD's were gathered on 10/20/24** from each respective breed association. But know that **EPD's change periodically** and each breed association has it's own schedule to update. GSBT recommends you evaluate the animal's EPD's you are screening and if you want the most current set of EPD's go to the breeds website.

Bidding can be done in person at the auction or via internet at www.LiveAuctions.TV If you are unable to attend the sale and want to purchase animals, call Kent at 417-448-7416. Call prior to the sale to describe the type & breed you want and establish your price range. You pay only the price you established or less if there were to be no contending bidders. In a perfect world Kent will have the buyer on the phone to hear the auction so quick decisions can be made if necessary.

Animals purchased at the sale become the property of the successful bidder at the time they are announced sold. Any injury sickness or death of said animal become the responsibility of the new owner at that time. Every effort will be made to keep animals healthy and safe by GSBT until time of pickup or delivery. Green Springs Bull Test, 3 Cedars, the Gobbler's Roost, nor it's owners, employees or agents are responsible for injury to bulls or sale attendees.

All buyers must make **settlement at the clerk's office**. Cash/check/or credit cards will be accepted for payment. If using a credit card a 3% convenience fee will be charged. At the time of settlement , mortality or First breeding season insurance can be purchased. Mortality &/or injury insurance is available from David Yackley, Creek Cattle, 731-879-1380. During the settlement let the clerk's know if **you are hauling your purchases home day of sale, or picking them up in a few days, or leaving for a short development period or want them delivered.** Delivery can be arranged for a minimal fee.

Registration certificates will be issued in the new owners name. At settlement let the clerk's know exactly what name you want on the certificate and what address it should be mailed to. The consignor of the bulls holds the responsibility of transferring ownership. Consignors name & phone#'s are in the sale catalog if questions arise.

If you are not ready for the purchased animals at sale time GSBT will maintain & develop them for a period of time. A nominal fee of \$4 per hd pr day will be charged plus any vet expenses. Bulls will be maintained on a growing ration in grass traps. Bulls become the buyer's responsibility immediately after the sale. GSBT, 3 Cedars, Gobbler's Roost nor their agents and employees are responsible for death, sickness, or injury to the animals..

Happy trails to you until we meet again.

General Pertinent & Helpful Information

Breeding guarantee, all bulls selling in the sale have passed a thorough and stringent BSE (Breeding Soundness Evaluation) by Dr Spencer Thompson, Midwest Vet Services. Each bull selling has passed and is considered a satisfactory potential breeder. All bulls are guaranteed as breeding bulls through the first breeding season from the date of purchase. Please keep in mind that we expect the bull to be managed with proper animal husbandry practices. They are young bulls and require some additional management compared to mature bulls. Proper management should include the following: 12-15 month old bulls at time of sale utilized in a ratio of one bull to no more than 15 cows and 16-20 month old bulls, one bull to no more than 20 cows. Furthermore, if these requirements are not adhered to or these bulls are placed in service or housed until time of service with mature bulls then consignor of record at time of sale will not stand behind this breeding guarantee. If a problem does arise please contact GSBT, Kent Abele, 417-448-7416 who will in turn notify the owner of record at the time of sale. The problem will be evaluated & consultation with a vet done if needed. If replacement is required, a bull of equal quality will be given. If a replacement bull is not available a credit will be issued to be used in a future GSBT Bull Sale.

Shipping an animal you feel is unsatisfactory before contacting GSBT will void the guarantee..

A health certificate will be provided at the time of settlement which should be sufficient for transporting the bulls interstate or intrastate and provides the results of the most recent breeding soundness exam. Buyers who wish to take cattle into states with specific and rigid health regulations should inquire about the health tests required by their state. All bulls sold are virgin bulls and/or have been tested for trichomonosis. The young bulls, 11-15 months are virgin bulls and have not been exposed to any females. Practice sound herd management and test again for breeding soundness and trichomonosis before placing the bull with the females at the beginning of your breeding season.
