# Welcome

It's already time for another bull sale. It seems like by the time we get everything finished up for one, it's time for another. I guess a lot of things in life are that way. Year to year, calf crop to calf crop, season to season. As we get older, it gets down to week to week and even day to day. I told someone the other day that it seems like my hair and beard grow faster the older I get. They told me that time just moves faster the older you get. I think they are right .

We are living in unparalleled times in the cattle business. If all our inputs weren't so high we would all be rich. But we're not. I watched a nice set of black weaned steer calves in the three weight range, at a local sale barn, bring eight dollars just last week. Shortly after I got out of college in the early 80's a friend of mine and I bought three loads of weaned steers weighing in the fours for less than fifty cents, delivered. My dad told me the only way they would lose money is if they died. He was right. Oddly, he was right about a lot of things.

We have a really nice set of bulls in this group. A really solid set of black bulls that offer a lot of growth and carcass quality. A group of really quality red bulls that are almost all calving ease, and a set of Hereford bulls that have "baldy" written all over them. Included in the offering are several age advantaged bulls ready for work.

All the bulls have been performance and feed efficiency tested. All have passed a breeding soundness exam. All are virgin bulls and the age advantaged bulls are trich tested. All are recently vaccinated, dewormed and ready to go to work.

The price of cattle is high. The time to invest in herd improvement is when the opportunity presents itself and when you can afford it. The calves these bulls sire will not be in the market place for at least 18 months. I guarantee you those calves will be worth either more or less than calves are worth now. We need to continue to make them better and more efficient just to be safe.

If you would like to look at the bulls prior to the sale, feel free to give me a call. We should have them at the sale facility on the Saturday before the sale. We will again have the sale available on line with Live Auctions. If you need help with bull selection or bidding, give me a call we can have someone with you on the phone at sale time.

Hope to see you sale day.

*Kent, Kathy, Cole, Travis & Dirk*

# General & Pertinent Information

**Settlement:** All buyers must make settlement at the clerk's office. Cash, check, or credit/debit cards will be accepted for payment. If using a credit card a 3% convenience fee will be charged. During settlement let the clerks know if you are hauling your bull (s) home the day of the sale, or picking them up at the test station in a few days, or leaving them for a short period of time to develop or need delivery arrangements made.

**EPD's, missing data & corrections:** EPD's change rapidly, so please check the appropriate breed associations website for the most current EPD's. In some instances data might be missing for scrotal, pelvic and frame scores. The catalog went to be printed before the last round of breeding soundness measurements were taken. All corrections and missing data will be available sale day.

# General & Pertinent Information

Announcements made the day of the sale take precedence over the printed catalog.

**Bidding:** Can be done in person at the auction or via the internet at [www.LiveAuctions.TV](http://www.LiveAuctions.TV) If you are unable to attend the sale and want to purchase bulls, please call Kent at 417-448-7416 to assist you in making your selections. Call prior to the sale to describe the type & breed of bull (bulls) you want and let him know your price range (s). You pay only the bid price, just as if you were bidding in person. Every effort will be made to purchase the bull (bulls) of your choice at your designated price or less. We will call you after the sale to confirm your purchase (s) and confirm your method of payment and plan of trucking or hauling. A hassle free buying experience.

**Breeding Guarantee:** All bulls selling in this sale have passed a thorough and stringent BSE (Breeding Soundness Evaluation) by Dr. Erik Andersen of 54 Vet Clinic, Nevada, Mo. Each bull selling has passed and is considered a satisfactory potential breeder. All bulls are guaranteed as breeding bulls through the first breeding season from the date of purchase. Please keep in mind that we expect the bull (s) to be managed with proper animal husbandry practices. They are young bulls and require some additional management compared to mature bulls. Proper management should include the following: 12-15 month old bulls at time of sale are utilized in a ratio of one bull to no more than 15 cows and 16-20 month old bulls, one bull to no more than 20 cows. Furthermore, if these requirements are not adhered to or these bulls are placed in service or are housed until time of service with mature bulls then consignor of record at time of sale will not stand behind this breeding guarantee. If a problem does arise please contact GSBT, Kent Abele, 417-448-7416, who will in turn notify the owner of record at the time of sale. The problem will be evaluated & consultation with a veterinarian done if needed. If replacement is required, a bull of equal quality will be given. If a replacement bull is not available a credit will be issued to be used in a future GSBT Bull Sale. Shipping an animal you feel is unsatisfactory before contacting GSBT will void the breeding guarantee.

**Bull Development Program/Maintenance After the Sale:** GSBT will work with customers on delivery of bulls in an effort to have the bulls delivered to customers as soon as possible after the sale. However, if you are not ready for the bulls at this time we will maintain & develop the bulls at the ranch for a period of time until you are ready for them. A nominal fee of \$4.00 per day will be charged plus any veterinarian charges incurred will be billed. Bulls will be maintained on a growing ration in grass traps. Bulls become the buyer's responsibility immediately after the sale. GSBT nor the owners thereof or the employees thereof are not responsible for insurance costs or death or injury.

**Health Certificates:** A health certificate will be provided at the time of settlement which will be sufficient for transporting the bull (s) interstate or intrastate and provides the results of the most recent breeding soundness exam. Buyers who wish to take cattle into states with specific and rigid health regulations should inquire about the health tests required by their state. All bulls sold are virgin bulls and/or have been tested for trichomonosis. The young bulls, 11-15 months are virgin bulls and have not been exposed to any females. All bulls have been tested for trichomonosis. It is always sound herd management to test for breeding soundness and trichomonosis prior to placing bulls with the females at the beginning of breeding season.

**Registration Certificates** will be issued in the owners name. Let the settlement clerks know exactly what name you want to appear on the certificate and what address it should be mailed to. The consignor of the bull holds the responsibility of transferring ownership. Follow up with the consignor that you have purchased the bull from if you have any questions. Consignor names & contact information are listed in the front of the catalog and also with each Lot#.
