Bull Sale

March 24

2025, 1:00

70 Angus,Balancer,Charolais,Gelbvieh,Hereford
Bulls Limousin,Red Angus,Simmental,SimAngus

Nevada, Mo

3 Cedars Sale Facility, 24327 E Old Town Road

Sale Day Monday, March 24

- 1:00 Sale Starts**
- 12:00 Comments by Rachel", an agriculture enthusiast.**
- 11:30 Complimentary Lunch begins**
- 8:00 Donuts/Coffee, View Bulls & Females**

Location Nevada,Mo.

3 Cedars Sale Facility, 24327 E Old Town Road

Directions from Nevada, 7.8 Miles East of Nevada on Hwy 54 to 2400 Road, turn South on gravel, go 2 miles to Old Town Road, turn left or East, Go almost 1/4 mile, Entry on North or left.

Sale Order

Lot 1 thru lot 73, Bulls

Lots 101-113A Angus Females

Lots 114-120 Simmental, Simmental Cross Females

Welcome

Who ever thought that cattle could get this high? It seems that nearly every day you hear another story about four and even five dollar little cattle being sold somewhere. It's been really good, and it really needs to be, because cattle aren't the only thing that's high.

With cattle as high as they are, it is the perfect time to improve genetics. I think all of us have some cows that are borderline. Perhaps it would be to our advantage to sell those lower end bred or pairs and keep a few extra heifers from our top cows, or go out and buy a handful that we know are good. A lot of these running age three in ones are bringing north of \$4500. That's a lot of money. The same goes for buying good herd sires. They are high, but at least we have a little money now to go out and buy some of the better ones.

I think we have a set of bulls here in the offering that can help us do just that. We are seeing a lot of the bull sales around the country averaging over \$10000. That won't happen here on March 24. But I truly believe that there are bulls in this offering, were they in some of those sales, would do just that. Good genetics don't just come from big ranches. They can be found in a lot of places. Smaller breeders often take more time, and put more pride in breeding good cattle than we give them credit for, and a lot of them are really good at it.

We have struggled a bit with the cold weather the last couple of months. Even though we put lots of bedding in the bull pens when that weather hits, we have had several bulls with some frost bite. Rest assured that every bull in this sale has had a full breeding soundness exam by a qualified Veterinarian. Even with that, you can be confident that these bulls carry a full breeder guarantee. We do recommend that you retest the bulls before putting them out with the cows, but we will stand behind them 100%. If you wish, you can leave your bulls until you are ready to turn them out with cows this spring and we can retest them for you. Just get with Kent for the details.

We welcome you all on March 24th. Come early to view the cattle and eat some lunch before the sale. Enjoy the facility, visit with some friends that you haven't seen in a while and buy some good cattle. Hope to see you all sale day.

Kent, Kathy, and all the crew at Green Springs.

Adversity

“Adversity introduces a man to himself.”
Albert Einstein

When everything seems to be going against you, remember that the airplane takes off against the wind, not with it. Henry Ford

Children

“It is easier to build strong children than to repair broken adults.

“Children must be taught how to think, not what to think.

Success

“Success usually comes to those who are too busy to be looking for it.”
Henry David Thoreau

“Success is no accident. It is hard work, perseverance, learning, studying, sacrifice and most of all, love of what you are doing or learning to do.
Pele

General Pertinent &

Helpful Information

Announcements made the day of the sale take precedence over the printed catalog.

Every possible effort has been made to provide accurate and pertinent data on the animals in the sale. A handout will be provided at the clerk's desk sale day to provide changes and missing data unavailable when the catalog went to print. **EPD's were gathered on 10/20/24** from each respective breed association. But know that **EPD's change periodically** and each breed association has its own schedule to update. GSBT recommends you evaluate the animal's EPD's you are screening and if you want the most current set of EPD's go to the breeds website.

Bidding can be done in person at the auction or via internet at www.LiveAuctions.TV If you are unable to attend the sale and want to purchase animals, call Kent at 417-448-7416. Call prior to the sale to describe the type & breed you want and establish your price range. You pay only the price you established or less if there were to be no contending bidders. In a perfect world Kent will have the buyer on the phone to hear the auction so quick decisions can be made if necessary.

Animals purchased at the sale become the property of the successful bidder at the time they are announced sold. Any injury sickness or death of said animal become the responsibility of the new owner at that time. Every effort will be made to keep animals healthy and safe by GSBT until time of pickup or delivery. Green Springs Bull Test, 3 Cedars, the Gobbler's Roost, nor its owners, employees or agents are responsible for injury to bulls or sale attendees.

All buyers must make **settlement at the clerk's office.** Cash/check/or credit cards will be accepted for payment. If using a credit card a 3% convenience fee will be charged. At the time of settlement, mortality or First breeding season insurance can be purchased. Mortality &/or injury insurance is available from David Yackley, Creek Cattle, 731-879-1380. During the settlement let the clerk's know if **you are hauling your purchases home day of sale, or picking them up in a few days, or leaving for a short development period or want them delivered.** Delivery can be arranged for a minimal fee.

Registration certificates will be issued in the new owners name. At settlement let the clerk's know exactly what name you want on the certificate and what address it should be mailed to. The consignor of the bulls holds the responsibility of transferring ownership. Consignors name & phone#'s are in the sale catalog if questions arise.

If you are not ready for the purchased animals at sale time GSBT will maintain & develop them for a period of time. A nominal fee of \$4 per hd pr day will be charged plus any vet expenses. Bulls will be maintained on a growing ration in grass traps. Bulls become the buyer's responsibility immediately after the sale. GSBT, 3 Cedars, Gobbler's Roost nor their agents and employees are responsible for death, sickness, or injury to the animals..

Happy trails to you until we meet again.

General Pertinent & Helpful Information

Breeding guarantee, all bulls selling in the sale have passed a thorough and stringent BSE (Breeding Soundness Evaluation) by Eric Anderson, 54 Vet Clinic. Each bull selling has passed and is considered a satisfactory potential breeder. All bulls are guaranteed as breeding bulls through the first breeding season from the date of purchase. Please keep in mind that we expect the bull to be managed with proper animal husbandry practices. They are young bulls and require some additional management compared to mature bulls. Proper management should include the following: 12-15 month old bulls at time of sale utilized in a ratio of one bull to no more than 15 cows and 16-20 month old bulls, one bull to no more than 20 cows. Furthermore, if these requirements are not adhered to or these bulls are placed in service or housed until time of service with mature bulls then consignor of record at time of sale will not stand behind this breeding guarantee. If a problem does arise please contact GSBT, Kent Abele, 417-448-7416 who will in turn notify the owner of record at the time of sale. The problem will be evaluated & consultation with a vet done if needed. If replacement is required, a bull of equal quality will be given. If a replacement bull is not available a credit will be issued to be used in a future GSBT Bull Sale.

Shipping an animal you feel is unsatisfactory before contacting GSBT will void the guarantee..

A health certificate will be provided at the time of settlement which should be sufficient for transporting the bulls interstate or intrastate and provides the results of the most recent breeding soundness exam. Buyers who wish to take cattle into states with specific and rigid health regulations should inquire about the health tests required by their state. All bulls sold are virgin bulls and/or have been tested for trichomonosis. The young bulls, 11-15 months are virgin bulls and have not been exposed to any females. Practice sound herd management and test again for breeding soundness and trichomonosis before placing the bull with the females at the beginning of your breeding season.

For A Friend

The road was narrow, with grass on both sides and in the middle. Difficult to travel, especially if it was wet, or times were hard. It was the kind of road that made you want to take another, but there was none. Simply no way there but this. "So this is the way I go", he thought.

"I wonder where it goes", he pondered, "where it ends?" What could be where this road stops? Perhaps a small town, with dusty streets and odd little people peeking from behind their shades. Maybe a meadow with a lazy stream and sunny skies, a place to rest your head and weary, troubled mind. On the other hand, it could be a dead end, or an impassible mud hole, with badits there to take what little you have left. A risk like the ones he took nearly every day, troubling, concerning, even disturbing. He paused but moved forward.

Along the road were many stops, many things to see and do. People that needed his help. Causes that needed his support. Animals that needed his care, and friends and family that needed his advice. He tried to help them, each and everyone, with compassion, care, resolve, and often uncompensated.

I hope the road ended in the meadow, or the small town, or anywhere that Rex would have wanted it to end. I think that Pastor Roger Beach put it best at Rex's service when he said, "Rex had his moments, and his little quirks, but his intentions were always good."

Rex Byergo was a good Vet, a brilliant mind, a good neighbor, and a good cattleman. Most importantly to me though, he was a good friend. Rest well Rex, you will be missed.
