

Garton Angus Ranch

Offers you a quality set of females

Take a look at the cows pedigrees. the Garton's have been breeding Angus for decades and always have high volume, high quality cattle. The cows are soggy and already performed for the Garton's or they wouldn't have stayed in the herd.

Take a look and buy with confidence .

Call Norman **417-667-5696** Home or **417-684-5477** Cell

Welcome

Norman, Vicki, George, Crystal, John, and granddaughters Irene and Edith Garton are proud to welcome you to our Angus female sale at Green Springs Tested Bull Sale. We started Garton Angus in 1971 as a small family operation and in 1973 started using artificial insemination and keeping records with AHIR. We collect our top-producing cows for embryo transfer and have done so since 1981. Cows in this sale have been bred for fertility and maternal qualities. Since 1999, we have sent bulls to Green Springs Bull Test, Nevada, Mo. and have had high-indexing and high-selling bulls. For several years George and Crystal have sold the highest-selling bulls at Green Springs to producers in Nebraska, Montana, and Oklahoma.

While improving our bull selection using performance data, we have also collected detailed carcass information through 20 years of sending home-raised steers to MO Steer Feed Out through the University of MO Extension. Our steers have been top in profitability and daily gain, and have received Premiums for carcasses that were either Prime, Certified Angus Beef, or Yield Grade 2's. Norman is a past director on Missouri, American, and Certified Angus Beef Boards. A family operation, Garton Angus is happy to offer cattle with growth and top quality carcass traits that will work well for both commercial and registered cattle producers.

The Garton Family

Lots 100-110 A 11 Cows with Spring Born Calves

Lots 111-112 2 Cows Bred to calve in Jan & Feb

Lots 114-124A 11 Cows with Fall Born Calves
