Videos & Catalog

Big shout out to Leah & Mark Akin.

The picture on the front & back covers & in our advertising is a photo that Leah took and graciously allowed us to use. A peaceful pasture with God's creatures and scenic beauty taken on Resurrection Sunday after a few storms had passed. Titled "Blessings abound!"

Leah & her husband Mark live near Montevallo and are Ranchers just like the rest of us. They hail by the name of Diamond A Ranchin. Thank you again, Leah & Mark!

Sale Day Monday, **Nov 17**

8:00 a.m.

Donuts/Coffee, Walk through the pens and select the bulls that have eye appeal & then relax and have donuts & coffee and check out the bulls you liked on hoof to the data in the sale catalog. **11:30 a.m.**

Complimentary Lunch Begins

1:00 p.m.

Sale Starts

Bulls sell in catalog order

Location **Nevada, Mo.**

3 Cedars Sale Facility, 24327 E Old Town Road

Directions from Nevada, 7.8 Miles East of Nevada on Hwy 54 to 2400 Road, turn South on gravel, go 2 miles to Old Town Road, turn left or East, Go almost 1/4 mile, Entry on North or left.

Welcome and Other Rants

The famous author and humorist Mark Twain once said. "Get your facts first, then you can distort them as you please." Sadly, in today's world, we spend huge amounts of money to study and gather facts only to allow them to be distorted and used in ways that literally destroy and negate the purpose, cost, and effort.

This happens not only in the government and the media but in our immediate social surroundings nearly every day. As unbelievable as it sounds, it even happens in the beef industry as well.

"Science claims cattle are the major cause of climate change." We and "science" both know that is not entirely true and has even been proven wrong. No one tells us that cattle are a way of producing high quality protein in acres that can't be used for much else.

"Studies suggest that red meat is the number one cause of heart health and cancer issues." Once upon a time the medical profession was convinced that fat was the issue. The truth is now starting to come to light. Maybe it's something else.

Here's one that hits close to home, and no one has called it out. "Even though cattle numbers are at historic lows, we continue to produce more beef because of increased carcass weights. We are just feeding them longer and make more beef." Take it from an old man that has fed a few cattle and cut, trimmed, and cooked a few steaks. a vast majority of that "increased carcass weight" winds up in the trash can or the grind pile.

If we do not start to address yield grade issues and make genetic and animal husbandry changes to improve them, this industry will pay for it dearly in the long run. Cattle feeders must find a way to stop feeding cattle like they all have the genetic ability to reach prime. Find the ones that can and feed them that way. Find the ones that can't and stop wasting feed and dumping excess fat on the market. Kill those cattle at choice or even at select if that is all they can do. This is not only better for the feeder (saving money on feed) but the consumer or restaurant (not paying \$20 a pound for trim) and it's better for the environment.

Looking at this set of bulls reveals an offering that is deep in quality. Looking at the data reveals a lot of bulls with good, efficient growth and gain. Looking at the pedigrees and EPDs reveals a lot of bulls that are indeed curve benders in a lot of traits. Our job is to find the ones that do all the above and assign a value to them. That's what we have done for over 25 years.

Another famous humorist, the late George Carlin, paraphrased another man's famous quote when he said, "Some people see things that are and ask, 'Why?' Some people dream of things that never were and ask, 'Why not?' Some people have to go to work and don't have time for all that."

As always if we can help you in any way with making your buying decisions, let us know. We hope to see you all sale day.

Kent, Kathy, Cole, Travis, & Dirk

The Voice

I do not remember the first time I saw or met Sonny Booth. I do however remember the first time I heard his voice. Nearly 50 years ago at a Limousin bulls sale for a man named Burwell Bates in Konawa, Oklahoma. We arrived at the sale a few minutes late and I could hear him from outside the sale facility. I immediately wondered who owned that crystal clear baritone voice.

There have always been auctioneers in the business that you could recognize just by their voice. Jim Birdwell always has that little catch in his cadence. Stanley Stout was always so bold and forceful with his delivery. The tone and clarity of Col. Sonny Booths voice is unequalled. You could recognize it without ever seeing his face.

We have done bull testing and sales here at Green Springs for 26 years. For the first few years we only did one sale a year, after that we have done two. I am going to guess a total of about 46 or 47 sales. Sonny Booth has done them all.

As with most new cattle ventures, our sales started slow and low. It takes a long time to build up a reputation and a client base. Even when sales were bad and cattle were cheap, Sonny always had a positive attitude. At the end of one where we had wished for more, he would tilt his hat back on his head and say, Well that was a little tough, but it ll get better. He was always encouraging, positive, and had something good to say, even when I knew it was a stretch.

So if you get a chance on sale day, be sure to wish our good friend well. Share a memory or a story and tell him how much we are going to miss him. Starting with the spring sale of 2026 we will start a new chapter, with a new voice.

Of the literally thousands of sales that Sonny has done in his career, we are truly honored to be one of the last. He has decided to retire and move closer to his daughter and their family and he and Mary deserve every minute of it. But I am going to miss that voice.

General Pertinent & Helpful Information

Announcements made the day of the sale take precedence over the printed catalog.

All buyers must make **settlement at the clerk's office**. Cash/check/or credit cards will be accepted for payment. If using a credit card a 3% convenience fee will be charged. At the time of settlement, mortality or First breeding season insurance can be purchased. Mortality &/or injury insurance is available from Mike or Marjenna Smith. During the settlement let the clerk's know if **you are hauling your purchases home day of sale, or picking them up in a few days, or leaving for a short development period or want them delivered**. Delivery can be arranged for a minimal fee.

Registration certificates will be issued in the new owners name. At settlement let the clerk's know exactly what name you want on the certificate and what address it should be mailed to. The consignor of the bulls holds the responsibility of transferring ownership. Consignors name & phone#'s are in the sale catalog if questions arise.

If you are not ready for the purchased animals at sale time GSBT will maintain & develop them for a period of time. A nominal fee of \$4 per hd pr day will be charged plus any vet expenses. Bulls will be maintained on a growing ration in grass traps. Bulls become the buyer's responsibility immediately after the sale. GSBT, 3 Cedars, Gobbler's Roost nor their agents and employees are responsible for death, sickness, or injury to the animals..

Every possible effort has been made to provide accurate and pertinent data on the animals in the sale. A handout will be provided at the clerk's desk sale day to provide changes and missing data unavailable when the catalog went to print. **EPD's were gathered on 10/19/25** from each respective breed association. But know that **EPD's change periodically** and each breed association has it's own schedule to update. GSBT recommends you evaluate the animal's EPD's you are screening and if you want the most current set of EPD's go to the breeds website.

Bidding can be done in person at the auction or via internet at www.LiveAuctions.TV If you are unable to attend the sale and want to purchase animals, call Kent at 417-448-7416. Call prior to the sale to describe the type & breed you want and establish your price range. You pay only the price you established or less if there were to be no contending bidders. In a perfect world Kent will have the buyer on the phone to hear the auction so quick decisions can be made if necessary.

Animals purchased at the sale become the property of the successful bidder at the time they are announced sold. Any injury sickness or death of said animal become the responsibility of the new owner at that time. Every effort will be made to keep animals healthy and safe by GSBT until time of pickup or delivery. Green Springs Bull Test, 3 Cedars, the Gobbler's Roost, nor it's owners, employees or agents are responsible for injury to bulls or sale attendees.

Happy trails to you until we meet again.

General Pertinent & Helpful Information

Breeding guarantee, all bulls selling in the sale have passed a thorough and stringent BSE (Breeding Soundness Evaluation) by Eric Anderson, 54 Vet Clinic. Each bull selling has passed and is considered a satisfactory potential breeder. All bulls are guaranteed as breeding bulls through the first breeding season from the date of purchase. Please keep in mind that we expect the bull to be managed with proper animal husbandry practices. They are young bulls and require some additional management compared to mature bulls. Proper management should include the following: 12-15 month old bulls at time of sale utilized in a ratio of one bull to no more than 15 cows and 16-20 month old bulls, one bull to no more than 20 cows. Furthermore, if these requirements are not adhered to or these bulls are placed in service or housed until time of service with mature bulls then consignor of record at time of sale will not stand behind this breeding guarantee. If a problem does arise please contact GSBT, Kent Abele, 417-448-7416 who will in turn notify the owner of record at the time of sale. The problem will be evaluated & consultation with a vet done if needed. If replacement is required, a bull of equal quality will be given. If a replacement bull is not available a credit will be issued to be used in a future GSBT Bull Sale.

Shipping an animal you feel is unsatisfactory before contacting GSBT will void the guarantee..

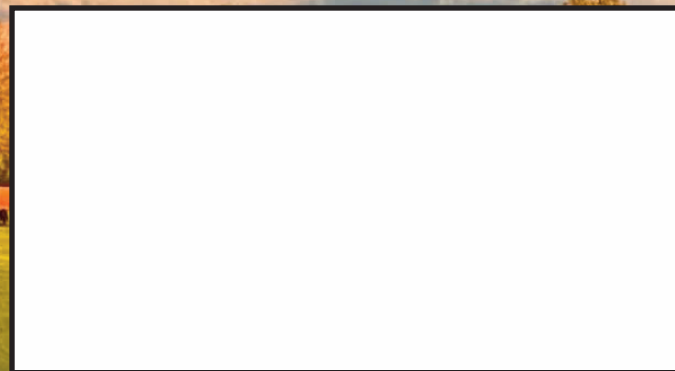

A health certificate will be provided at the time of settlement which should be sufficient for transporting the bulls interstate or intrastate and provides the results of the most recent breeding soundness exam. Buyers who wish to take cattle into states with specific and rigid health regulations should inquire about the health tests required by their state. All bulls sold are virgin bulls and/or have been tested for trichomonosis. Practice sound herd management and test again for breeding soundness and trichomonosis before placing the bull with the females at the beginning of your breeding season.
