
Noube's Media Production Summer Program

Noube working in Studio B Control Room, alongside students

Monday, July 7th, kicked off the six week media production summer program, coordinated by award-winning film director and Brockton Community Access Board Member, Noube Rateau! From 9am to 2pm, three days a week, a handful of curious, eager, and talented students, gather inside the BCA building, on 1 North Main Street, and are being provided with the resources and skills, to bring their creative ideas to life!

From utilizing the downstairs studios, to traveling around the building with handheld cameras, filming skits, taking field trips, and reconvening upstairs to the Multipurpose Room for edits and screenings; This summer program is a great starting point to ensure that our youth are well equipped with the tools they need to become the next generation of acclaimed producers, directors, editors, and even more!
