

# July 2021 Lake 2 Lake Miata Club Newsletter

## Subject: A MIATA MEAL (In Review!) by Nancy Ball

A hearty, happy crowd of 15 gathered at the ole' Olive Garden in a truly beautiful private room for food, fun, camaraderie...and a new appreciation for how one gifted waiter can pull it all together in an astonishing performance.

“David” advanced on a boisterous crowd with humor, talent, management skills and the joint abilities of any four other waiters working in tandem. Drinks, appetizers, entrees, deserts were flung around the room with such grace we suggested adopting him for future endeavors. But I digress!

This is, after all, a MIATA gathering...so sooner or later all attention was drawn to our cars: where we might like to take them for future fun, enlightenment, food — all that good stuff!

Our enterprising webmaster, Steven, delivered a detailed visual presentation of enticing possibilities: a Miata meet with many hundred of our fellow followers? A chance to hang out with the animals? The big guys, like lions and tigers?

(Actually, in another suggested adventure, Stephen and Christine sponsor a retired horse. There are lots of other retired horses that love to eat carrots or apples from people who visit.

Plus so many not-yet-seen scenic vistas. And yeah, Ron, ice cream! ^ . . ^

It's all there right under your nose. IT'S ON THE WEBSITE! New push to familiarize us all with home base for news and information of all sorts.

One sit down over din-din, talk it out in a socialized, informational kind of way. The second - adventure of the month on wheels).

So stay tuned! And next gathering, please welcome new members Kim and Rob DeJoseph. We're awfully glad they're here.

See Website Event Calendar for drive dates, times and details.
