

November 2021 Lake 2 Lake Miata Club Newsletter Welcome Back Snowbirds & Club Meeting at the Olive Garden 11.16.21

WE PROMISED A PARTY...

And that's what it was - a Lake-2-Lake Miata Club gathering and Italian food festival at Ocala's ever-welcoming Olive Garden. Our fave waiter, David, was back to officiate with food and drink and had set the table festively in thanks for our request for his services.

Interim President Bill Emerson had put together an illustrated review with highlights of the past year's club activities. We travelled, in tandem, throughout Central Florida...petting Llamas, dining al fresco, picking blueberries and eating ice cream - the visuals were varied and charming. But practical Miata care and fine tuning, in the garage and under the capable leadership of Chris Mendoza proved to be a crowd favorite with cries of "encore", "encore".

And what did you and your Miata do on your Summer vacation, Emerson probed? Steve and Chris Janus stuck with more local drives, but used wings for a visit to Seattle. Plus he keeps our eyes on the track on an ongoing basis with a much-browsed and enjoyed website. Aforementioned Chris trekked to Georgia, Tennessee and Western Europe. Pres. Emerson and I, your faithful scribe, drove to a spectacular wedding near Jackson Hole, WY and enjoyed the fruited plains to and fro...plus drives together and separately to Indianapolis, and KY, respectively, including Bill's headliner speaking engagement at the Gilmore Automotive Museum in Michigan. The Rogers family divided time between this country - and that: Greece no less! Plus Montana Village in NC where they snuggled in amongst 700 Miatas.

Yes, a well-travelled and eclectic group, experienced in past club adventures and looking for more. Here comes Saturday, THIS Saturday, November 20 with a headliner drive called "Cars and Cats" - with a good time promised in pursuit of each. Head to the starting gate: Jenkins Mazda, Ocala, at 9:00 a.m. and join the fun!
