741

i. use of the information, (C)
ii. taking into account the interests of the Individual.

PART 50
NOM #13

Principle #6:
Shall #24

Information **SHALL** be sufficiently

a. accurate,
b. complete, and
c. up-to-date to minimize the possibility that inappropriate information may be used to make a decision about the Individual.

Principle #6:

SHALL #25:
"No Routine Update"

An Organization **SHALL NOT** routinely update Personal Information, unless

a. such a process is necessary to fulfil the purposes for which the information was collected.

Principle #7: SAFEGUARDS

Principle #7: Safeguards
SHALL #26: POP – security safeguards – appropriate to sensitivity

Personal Information **SHALL** be protected by security safeguards appropriate to the sensitivity of the information.

Principle #7: Safeguards
4 Obligations under Principle #7
SHALL #27 to Shall #30

Principle #7: Safeguards

Shall #27: POPI
Loss or theft;
Unauthorized
Access, use, copying, modification or disclosure

UNA ACCESS AND UNA DISCLOSURE

The security safeguards **SHALL** protect Personal Information against:

a. loss or theft; AND
b. unauthorized
   1. access;
   2. disclosure,

FAIL SNIC

1742

3. copying,
4. use, or
5. modification.

(54) PAGE 51

Principle #7: Safeguards

Shall #28: Protect PII - irrespective of format in which it is held

Organizations SHALL protect Personal Information *regardless of the format* in which it is held.

Principle #7: Safeguards

SHALL #29:
Employee awareness – maintain confidentiality

→ IF EMPLOYEES → NURSE AND PERSONAL

Organizations SHALL make their employees[3] aware of the importance of maintaining the confidentiality of Personal Information.

SEE: ALSO JIA, BEASLEY, DENUSHOLLIE

Principle #7: Safeguards

SHALL #30: Disposal or Destruction

Care SHALL be used in the disposal or destruction of Personal Information, to:

a. prevent unauthorized parties
   i. from
   2. gaining access to "the information" (see Clause 4.5.3).

SEE: NIELWOLTAND

AS FICTITIOUS
ASSISTANT
WORKERS
(b) NO LONGER INVOLVED
(c) RETAINED?

Principle 8: Openness
5 Obligations under Principle #8
Shall #31 to #35

Principle 8: Openness
SHALL #31: Policy and Procedures – readily available

An Organization SHALL make:

a. readily available to individuals,
b. specific information about its policies and practices
   i. relating to the management of Personal Information.

743

(35) PAGE 52

Principle 8: Openness
SHALL #32 to #34

Principle 8: Openness
Shall #32: Open about its practices and policies with respect to management of PI

Organizations SHALL be open about their policies and practices with respect to the management of Personal Information.

Principle 8: Openness
Shall #33:
Organizations shall provide information about their:
Policies and practices without creating undue or unreasonable effort upon the applicant

Individuals SHALL be able to acquire information about an **Organization's** policies and practices without unreasonable effort.

Principle 8: Openness
Shall #34: Organizational Policies – Form – Generally Understandable

This information (policies and practices of the **Organization**) **SHALL** be made available in a form that is generally understandable.

Principle 8: Openness
SHALL #35

SHALL #35(A) to (E): contact; means; type of personal information; general account use; policies; and related organizations

This information made available **SHALL** include:

NEW ALTAND CANNOT BE INVOLVED IN PIPEDA

a. **Contact**: the name or title, and the address, of the person who is accountable for the **Organization's** policies and practices and to whom complaints or inquiries can be forwarded;
b. **Means**: the means of gaining access to personal information held by the **Organization**;
c. **Type of personal information**: a description of the type of personal information held by the **Organization**,
d. **General Account Use**: including a general account of its use;
Organization policies: a copy of any brochures or other information that explain the **Organization's** policies, standards, or codes; and
e. **Related Organizations**: what personal information is made available to related **Organizations** (e.g., subsidiaries).

NOT FOR PURPOSE OF BEING A FAIR RESPONDENTS TOO

PRINCIPLE #9: Individual Access
11 OBLIGATIONS OF AN ORGANIZATION UNDER PRINCIPLE #9
SHALL #36 TO #40

744

Principle #9

(36) PAGE 53

Principle #9:
Shall #36 and #37:
Shall #36: informed of EUD of his PI
Shall #37: given access to that information

Upon request, an **Individual SHALL** be informed of the existence, use, and disclosure [EUD] of his or her Personal Information and **SHALL** be given access to that information.

Principle #9: Individual Access
Shall #38. challenge - accuracy –completeness – of the information (after receipt) – amended as appropriate

An **Individual SHALL** be able to challenge the:

a. accuracy and
b. completeness
   i. of the information and
   ii. have it amended as appropriate.

Principle #9: Individual Access
SHALL #39 to #41: (i) whether it holds (at the time of request); (ii) access to "this information"; and (iii)

Shall #39: Does the Organization hold PI about the Individual?

Upon request, an **Organization SHALL** inform an **Individual** whether or not:

the **Organization** holds **Personal Information** about the **Individual**.[4]

Simply put, this requirement (Shall #39) an Organization shall respond to the individual pursuant to the ARPI and confirm or deny whether it holds any personal information about the individual (requestor).

Principle #9: Individual Access
Shall #40: Shall Allow Access

The **Organization SHALL** allow the **Individual** access to this information[5].

Principle #9: Individual Access
Shall #41:

745

WHEN?

Historical Use Requirement
Current Use Requirement
Third Party Accounting Disclosure Requirement

(37)

page 51

addition to providing the **Individual** with a **Written** response about the existence of the personal information that **Organization**, the **Organization** **SHALL** provide:

a. **Use Requirement:**
   1. an account of the use that has been made (**"Historical Use Requirement"**) or
   2. is being made of this information (**"Current Use Requirement"**) and
b. **Third Party Disclosure Requirement:**
   3. an account of the third parties to which it has disclosed (or may have disclosed in the event that it cannot unequivocally represent the actual disclosures).[6]

MAY

Principle #9:

SHALL #42: any information that the individual provides by way of particulars shall only be used for the purpose of the Organization complying with its obligations under the Act to provide EUD Accounting

An **Individual** may be required to provide sufficient information to permit an **Organization** to provide an account of the existence, use, and disclosure of **Personal Information**. The information provided **SHALL** only be used for this purpose.

SHALL #43: Where an Organization cannot, in fact, provide a Specific Organization List of actual disclosures, then it shall provide a Specific List Organization to which it MAY have disclosed information about the individual

When it is *not possible* to provide a list of the **Organizations** to which it has actually disclosed information *about*[7] an **Individual**, the **Organization** **SHALL** provide a list of **Organizations** to which it may have disclosed information about the **Individual**.

SHALL #44 to #46

Shall #44: respond in reasonable time; and minimal or no cost to the individual

Shall #45: provided Requested Information: generally understandable form

Shall #46: if internal abbreviations or codes are used – Organization – provide explanations

An **Organization** **SHALL** respond to an **Individual's** request within a reasonable time and at minimal or no cost to the **Individual**.

The requested information[8] **SHALL** be provided or made available in a form that is generally understandable. For example, if the **Organization** uses abbreviations or codes to record information, an explanation **SHALL** be provided.

SHALL #47 to #48

746

Shall #47: If individual demonstrates inaccuracy or incompleteness of Personal Information – Organization – shall – amend the information

PAGE 55

When an individual successfully demonstrates the inaccuracy or incompleteness of Personal Information, the Organization **SHALL** amend the information as required.

Shall #48: Amendments – nature of information challenged – CDA – of information ("Amended Information") transmitted – third party

Depending upon the nature of the information challenged, amendment involves the:

a. correction,
b. deletion, or
c. addition
of information.

Where appropriate, the amended information ("Amended Information") **SHALL** be transmitted to third parties having access to the information in question.

Principle #10: Challenging Compliance
5 Obligations under Principle #10
Shall #49 to #53

Principle #10: Challenging Compliance
SHALL #49:
Designated Accountable Individuals ("DAI") or Privacy Compliance Officer ("PCO")

An individual **SHALL** be able to address a challenge concerning compliance with the above principles to the designed PCO:

a. the designated individual or individuals accountable for the Organization's compliance.

SHALL #50

Organizations **SHALL** put procedures in place to receive and respond to complaints or inquiries about their policies and practices relating to the handling of Personal Information.[9]

SHALL #51: Organization – inform – individual about – complaint procedures
Section 11 of *PIPEDA*

Organizations **SHALL** inform individuals who make inquiries or lodge complaints of the existence of relevant complaint procedures. A range of these procedures may exist.

b. For example, some regulatory bodies accept complaints about the personal-information handling practices of the companies they regulate.

747

SHALL #52 and #53

Shall #52: Complaint investigation

Organization SHALL investigate all complaints.

Shall #53: Justified Complaint

If a complaint is found to be justified, the Organization SHALL take appropriate measures, including, if necessary,

a. amending its policies and practices.

Conclusion on the word "SHALL"

The Shall Provisions appear 53 times under Schedule #1. Ergo, an applicant can make a complaint if an Organization breached any, some or all of the 53 Shall Provisions.

[i] Which will be subject to a separate PIPEDA request

Office of the Privacy Commissioner of Canada

Commissariat à la protection de la vie privée du Canada

Applying paragraphs 7(3)(d.1) and 7(3)(d.2) of PIPEDA

March 2017

The *Personal Information Protection and Electronic Documents Act* (PIPEDA (The Personal Information Protection and Electronic Documents Act)). Canada's federal private sector privacy legislation, was amended in 2015.

Among the amendments, PIPEDA (The Personal Information Protection and Electronic Documents Act)'s previous investigative body scheme, which allowed disclosures without consent to a designated investigative body, was repealed. This is replaced with paragraphs 7(3)(d.1) and 7(3)(d.2), which allow, in certain circumstances, organizations to disclose personal information without the knowledge or consent of the individual to another organization.

These new amendments resulted in a change in the accountability, transparency and grounds for disclosures without consent. Given the invisible nature of these disclosures, and that there is no longer a public listing of designated investigative bodies, the Office of the Privacy Commissioner of Canada (OPC) is providing guidance on these provisions to remind organizations that these exceptions, while permissible under certain circumstances, do not permit the indiscriminate disclosure of personal information.

Paragraphs 7(3)(d.1) and 7(3)(d.2):

- *Are not* to be applied in an overly broad manner.
- *Do not allow* for widespread disclosures and casual sharing of personal information.
- *Are limited* to certain purposes, under defined circumstances, and given specific conditions.

In overseeing these provisions, the OPC will expect organizations to:

- Carry out due diligence and exercise good judgement when availing themselves of these exceptions.
- Carefully consider each of the requirements explicitly outlined in the provisions.
- Take care to ensure the limits set out in these provisions are respected.

PAGE 59

750 *Paragraphs 7(3)(d.1) and 7(3)(d.2)*

7(3) ...an organization may disclose personal information without the knowledge or consent of the individual only if the disclosure is

(*d.1*) made to another organization and is reasonable for the purposes of investigating a breach of an agreement or a contravention of the laws of Canada or a province that has been, is being or is about to be committed and it is reasonable to expect that disclosure with the knowledge or consent of the individual would compromise the investigation;
(*d.2*) made to another organization and is reasonable for the purposes of detecting or suppressing fraud or of preventing fraud that is likely to be committed and it is reasonable to expect that the disclosure with the knowledge or consent of the individual would compromise the ability to prevent, detect or suppress the fraud;

A: Requirements Under Paragraphs 7(3)(d.1) and 7(3)(d.2)

Disclosures require responsible consideration and accountability

- Prior to making a disclosure under paragraphs 7(3)(d.1) or 7(3)(d.2):
- Organizations must ensure that the precise requirements set out in the relevant paragraph have been met and should document their rationale before initiating a disclosure. NOT FOR TOUC TO NOT
- In addition, where requests for disclosure of personal information are received, claims from requesting organizations should not be taken at "face value". [4] The organization receiving such requests should take certain measures, such as asking for and documenting the rationale and bona fide nature of a claim from the requesting organization.

Disclosures can only be made to "another organization"

- Disclosures under paragraphs 7(3)(d.1) and (d.2) are limited to disclosures made to other organizations.
- They are *not* broad exceptions that permit disclosure without consent to other parties such as law enforcement or clients' family members.

Disclosures must be "reasonable for the purposes"

- Paragraphs 7(3)(d.1) and (d.2) require the disclosure to be "reasonable for the purposes" specified in each provision.
  - Under paragraph 7(3)(d.1) the disclosure must be "reasonable for the purposes of investigating a breach of an agreement or a contravention of the laws of Canada or a province that has been, is being or is about to be committed".
    - Organizations must ensure that the investigation referred to in paragraph 7(3)(d.1) pertains to a specific breach of an agreement or contravention of the laws of Canada or a province that "has been, is being or is about to be committed".
    - In other words, the disclosing organization must be satisfied that the breach of agreement or contravention of a law has already taken place, is ongoing, or is about to happen.

- An "investigation" can be defined as a formal inquiry or systematic inquiry to discover and examine the facts of an incident, so as to establish the truth. [2] It is not a fishing expedition.
- Organizations must ensure that disclosures of personal information are reasonably related and proportionate to a specified purpose and should not over-reach in their scope.
- An investigation might include, for example, an investigation of professional misconduct by a professional regulatory body, or an investigation by a bank into fraudulent mortgage transactions.
- A "breach of an agreement" generally involves a violation of, or failure to meet, the terms of a binding agreement. A breach of an agreement might include, for example, a breach of a tenancy agreement or a breach of an employment contract. [3]
- A "contravention of a law of Canada or a province" means a contravention of a Canadian law. It does not include contraventions of foreign laws.

- Under paragraph 7(3)(d.2) the disclosure must be "reasonable for the purpose of detecting or suppressing fraud or of preventing fraud that is likely to be committed". While paragraphs 7(3)(d.1) contemplates a specific breach of a law or agreement, paragraph 7(3)(d.2) is not as specific. However:
  - Organizations must ensure that disclosures are limited to "detecting or suppressing fraud or of preventing fraud that is likely to be committed".
  - Preventing fraud that is likely to be committed means that the risk of fraud must be probable and not merely possible.
  - Here too, organizations must ensure that disclosures of personal information for the purposes of detecting or suppressing fraud or of preventing fraud are reasonably related and proportionate to a specified purpose and should not over-reach in their scope.

It must be reasonable to expect that disclosure with the knowledge or consent of the individual concerned would compromise the activity in question

- To help mitigate against the risk of over-disclosure, organizations relying on paragraphs 7(3)(d.1) or 7(3)(d.2) must also evaluate whether it would be reasonable to expect that informing the individual concerned of the disclosure or seeking the individual's consent to the disclosure would compromise the activity in question.
  - Before disclosing personal information under paragraph 7(3)(d.1), an organization must turn its mind to and have formed a reasonable expectation that disclosure with the knowledge or consent of the individual would compromise the investigation.
  - Before disclosing personal information under paragraph 7(3)(d.2), an organization must turn its mind to and have formed a reasonable expectation that knowledge or consent of the individual would compromise the ability to prevent, detect or suppress the fraud.

B: Other Relevant Considerations

Demonstrate due diligence

- An organization should document, and be able to demonstrate, on a case-by-case basis, the reasons why it determined that each disclosure met all of the requirements under paragraphs 7(3)(d.1) or 7(3)(d.2)
- For example, organizations should be able to demonstrate, if/when called upon to do so, how each disclosure is reasonable for the stated purposes and why it is reasonable to expect that the disclosure with the knowledge or consent of the individual concerned would compromise the investigation or ability to detect, suppress or prevent the fraud.

752

Ensure accountability and openness

- An organization should develop policies and procedures setting out how it requests and/or responds to these disclosures.
- Organizations should be open about their policies and practices and make them available to individuals.
- Further, any related policies and procedures should be accompanied with up-to-date training for employees on an on-going basis.

Identify procedures for handling access requests from individuals

- Individuals generally have the right to access their personal information, including obtaining an account of the third parties to whom their personal information has been disclosed. Organizations must provide access to personal information on request, unless an exception under PIPEDA (The Personal Information Protection and Electronic Documents Act) applies.

Consider all other PIPEDA (The Personal Information Protection and Electronic Documents Act) requirements

- Even though information-sharing may occur in specified circumstances without consent, an organization is still required to fulfill its other PIPEDA (The Personal Information Protection and Electronic Documents Act) obligations, including but not limited to, limiting the disclosure of personal information, safeguarding it, and ensuring that any disclosure of personal information is only for purposes that a reasonable person would consider are appropriate in the circumstances.

Consider Other Ways to Improve Transparency and Consumer Trust

- Organizations could further consider reporting publicly on the number and types of disclosures made on an annual or semi-annual basis, using aggregate and anonymized data.
- Organizations could also consider making available a summary of their frameworks and information sharing practices under paragraphs 7(3)(d.1) and 7(3)(d.2).
- These additional steps may help organizations build greater trust with individuals by demonstrating accountability for disclosures, and making more visible what would otherwise be invisible to Canadians.

BULLETIN

PRINCIPLE #5

LUDA

Office of the Privacy Commissioner of Canada

Commissariat à la protection de la vie privée du Canada

PIPEDA Fair Information Principle 5 – Limiting Use, Disclosure, and Retention

Reviewed: August 2020

Your responsibilities

- Unless someone consents otherwise—or unless doing so is required by law—your organization may use or disclose personal information only for the identified purposes for which it was collected. Keep personal information only as long as it is needed to serve those purposes.
- Know what personal information you have, where it is, and what you are doing with it.
- Obtain fresh consent if you intend to use or disclose personal information for a new purpose.
- Collect, use or disclose personal information only for purposes that a reasonable person would consider appropriate in the circumstances.
- Put guidelines and procedures in place for retaining and destroying personal information.

How to fulfill these responsibilities

- Document any new purposes for the use of personal information.
- Limit and monitor employee access to personal information, and take appropriate action when information is accessed without authorization.
- Institute maximum and minimum retention periods that take into account any legal requirements or restrictions as well as appeal mechanisms.
- Dispose of personal information that does not have a specific purpose or no longer fulfills its intended purpose. Dispose of information in a way that prevents a privacy breach, such as by securely shredding paper files or effectively deleting electronic records. If information is to be retained purely for statistical purposes, employ effective techniques that would render it anonymous.
- Ensure all personal information is fully deleted before disposing of electronic devices such as computers, photocopiers and cellphones.
- Ensure your employees receive appropriate training on their roles and responsibilities in protecting personal information.

Tab 46
PAGE 05

- Use effective processes for destroying, erasing or anonymizing personal information
  (/en/privacy-topics/business-privacy/safeguards-and-breaches/safeguarding-personal-information/gd_rd_201406/)
- Develop guidelines and implement procedures on the retention of personal information.
- Conduct regular reviews to determine whether information is still required.
- Establish a retention schedule to make this easier.

This is the 18th Affidavit of Kevin A. McLean under TD's Claim Number 035325790-3 (the "Claim Number" or "TD Claim #3"), TD Insurance Policy Number #0010135 1806 (the "Policy Number"), LAT File Number "23-015662/AABS" (the "LAT File Number" or "LAT Proceeding") and was finalized and made on April 15, 2024

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT/APPELLANT

AND:

SECURITY NATIONAL INSURANCE COMPANY

RESPONDENT

Affidavit #18 of Kevin A. McLean

In a matter under the *Insurance Act*, RSO 1990, c I.8, (the "*Insurance Act*")

In the matter of an "Application of an Injured Person" ("Application" or "AIP") by the Applicant pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation to statutory Accident benefits and the following regulations including but not limited to:

i. *Statutory Accident Benefits Schedule*, O Reg 34/10 ("*SABS*"), and
ii. *Automobile Insurance*, RRO 1990, Reg 664 ("*Reg 664*").

I, Kevin Alexander McLean, Disabled and CAT Impaired (B.A., J.D., CIM) of Toronto, Ontario AFFIRM THAT

VOLUME #1: Affirmation

1. I am the affiant (also defined as the "Applicant", "Insured Person", "Disabled Individual" and/or "CAT Impaired Individual") herein and I affirm, under the pains and penalties of perjury, the following facts to be true. Where I have stated information on my belief, I have cited the source of my belief by references, citations end-noting or otherwise

2. Where I have used square brackets (i.e. [.....]), I have done so for ease of reference and to provide my evidentiary beliefs while citing the source of the same

Where there are double underlined words, they are mine for ease of reference

1759

PAGE 67

Page 12

4 I have adopted the definitions from my served and filed evidence herein and the have same meaning herein as they do therein.

5. I adopt the definitions from the above noted legislation and regulations, including rules where not made under the *SPPA*, and they have the same meaning herein as they do therein.

NOM #7 affirm form

6 I adopt the definitions in my Schedule "A", appendices.

7. Where I have included definitions, I am not making a legal argument in this affirm evidence but I have included the same for consistency purposes.

8. I affirm that where I have added emphasis in "copying and pasting" from any legislation, regulation or rule, the emphasis mine.

Volume #2: Affidavit #18, Exhibit "A", pages 1 to 204
(note: Tab 3 of the Hearing Brief for NOM #7)

9. Now shown to me and marked as Exhibit "A", separated by seven (7) tabs and consecutively numbered, are copies of the following documents with my annotations for ease of reference.

a. Tab 1: select copies of my emails with the LAT Registrar regarding my position of non-compliance with the LAT Orders of February 14, 2024 and April 9, 2024 and *LAT Rules*, emails from the LAT Registrar and emails from Ms. Ortiz and/or on behalf of Mr. Nieuwland (see: pages 1 to 12);

b Tab 2: select copies of my emails with the LAT Registrar regarding my position of non-compliance with the LAT Orders of February 14, 2024 and April 9, 2024 and *LAT Rules*, emails from the LAT Registrar and emails from Ms. Ortiz and/or on behalf of Mr. Nieuwland. I have included my emails wherein I put Mr. Nieuwland, TDGIC, SNIC (Karat) and others therein on notice of some of the law involving the reasoning re conflict of interest for Mr. Nieuwland continuing to act when there is the potential of him being a material or relevant witness et al (see: pages 13 to 76);

c. Tab 3: copies of my then draft submissions on April 5, 2024 involving my NOM #6 which is distinct from the NOM #7 which only arose after the Purported Hearing Briefs (see: Hearing Brief, Tab 1, Schedule "A") (see: pages 77 to 102);

d. Tab 4: copies of my emails to the various individuals therein regarding issues surrounding conflicts of interests regarding my NOM #6 and Mr. Karat no longer being authorized for Security National Insurance Company (see: pages 103 to 128);

e. Tab 5: copies of documents involving my various summons to various individuals therein and why their evidence is relevant to be provided now or in the future of this SNIC Proceeding (see: pages 129 to 141);

f. Tab 6: copies of the filed summons with LAT and served upon the various individuals therein (see: pages 142 to 190);

g. Tab 7: copy of my letter to LAT in March 2024 regarding the issues surrounding having TDGIC as the Respondent with respect to enforcement of any monetary orders with the Sheriff by virtue of the relevant sections of the SPPA when TDGIC is based in Toronto, Ontario when SNIC, as per the Purported SNIC Response, and the majority of correspondence that I received from Ms. Nurse, are located in Markham at SNIC Markham (see: pages 191 to 203).

i. I note, and apologize to LAT, as I was unaware of Vice-Chair Logan's order on my reconsideration motion as I did not realize that said email was not receiving emails for a period of time. I will not waste LAT's time, as I realize it is valuable and finite, as to what I discovered as the cause of that issue. Suffice it to say for the purposes of this Affidavit #18 that I have switched emails and

Alex (B)

760

lat@confidentialnelson.ca (including the domain that I owned are permanently closed). The email of nelsonSNICIat@gmail.com will remain as my sole email for all communications with LAT during this SNIC Proceeding and any future LAT proceedings should they arise from another appeal from myself or SNIC.

10. Until I have responsive hearing briefs from Mr. Nieuwland, and on behalf of SNIC, I am unable to provide a reply that cross-references the responsive hearing brief to my NOM #4 and #6.

11. I wish to make clear, if I have not, as to why I am insisting on SNIC being the solely named respondent and party herein. I have read some jurisprudence, of which some has been brought to my attention, that in the event that the wrong party (respondent) carries as the alleged respondent, the entire LAT proceeding herein can be deemed a nullity, and require myself to commence a subsequent LAT proceeding. Moreover, I do not believe that SNIC will be required with any payment orders if TDGIC remains as the named respondent party with counsel of Mr. Nieuwland. I note my letter above regarding enforcement of the same by the Sheriff and the jurisdictional issues therein.

12. I further note that many of the documents, which are not an authority or reported decision, are documents that I have never seen before.

13. Upon further cursory review of the unnumbered "attachments", I have no record of any adjuster with the last name "Bahtsky" and I emailed said name and it bounced back.

14. I note that there are references to "PWC LLP" that reference an "enclosure" but there is "no enclosure" in the unindexed and unnumbered attachments. I have no record of any documents from PWC LLP and no communication with PWC LLP. I further note that I made a *PIPEDA* request in January 2023 and I re-affirm receiving mail from New Brunswick which I addressed as being "suspicious" and an "unknown sender" with incorrect information for myself along with no "magnet" for "TD Insurance Meloche Monnex" [SNIC] on the envelope.

15. I repeat and rely upon the evidence which I included in my affidavits #1 to #4 which included all of the documents that I had sent via secure fax to SNIC Markham (attention: Ms. Nurse) and SNIC Burlington (attention: Ms. Pennad).

16. I advanced my NOM #6 on the bases of the pleadings, which remain un-amended as of today's date, and I do not consent to any changing of positions by a non-respondent in TDGIC.

17. I believe that some of the documents in the **Purported Responsive Hearing Briefs** have been fabricated, back-dated and/or recently created to attempt to establish a timeline of activities that are inconsistent with the **Purported SNIC Response**.

18. Had these changes in positions, albeit without evidence under oath, been brought to my attention in February 2024, I could have attempted to work with SNIC regarding the same. However, I can only confirm that the documents that are the same as documents in my evidence are authentic and I strictly deny that any other documents are authentic and/or were delivered to me. I oppose any attempt to have such "appended documents", if Mr. Nieuwland and TDGIC can obtain leave to "refile" or "file in compliance with the LAT Orders and *LAT Rules*" admitted as "authentic evidence".

19. I note my submissions and affirmed evidence for NOM #4 were advanced on the bases of the responsive pleading (defined as the "PSR" or "**Purported SNIC Response**") being admissions as it related to: (i) IRB Quantum ($400 per week); (ii) IRB Denial Date (December 23, 2023); (iii) my IRB application date (October 13, 2022) and (iv) other admissions therein.

761

Page | 4

20. I note LAT Rule 9.3 and the distinction of LAT Rule 9.3 from any previous rule that was pretty concordant to it in that the requirement now is that the "defaulting party" (which there remains a live issue as TDGIC being a "party") is required to seek permission of the Tribunal (when it was previously "consent" of the Tribunal).

21. I am also troubled with references to Ms. Persaud in early June 2023 when she did not become known to me until July 2023. Moreover, I have provided evidence regarding the UHN Notification in my affidavit #5 regarding my counter to a Ms. Persaud letter (which references her but are not signed by her) where TD SNIC claimed to not be aware of the same. However, based on my cursory review, there are references to certain doctors that specialize in brain type issues. I do not know how both letters could then be correct.

22. Mr. Nieuwland has not provided any reasons for his non-compliance with the New *LAT Rules* and the LAT Orders.

23. I affirm that I opposed the admission of any evidence that is not affirmed and corroborated with evidence of having been delivered to me. My position remains that in order for me to "reply" to the "Purported Responsive Hearing Briefs", Mr. Nieuwland needs to comply with the *LAT Rules* with indices, tabs, and consecutively numbered pages along with evidence that certain letters were delivered via mail to my correct address. Until that occurs, I cannot respond to letters that I have never seen and have not been authenticated.

24. I further note that Ms. Nurse's letter dated April 20, 2023, which I take issue with the signature of "As per A Nurse" referenced sending out independent examinations, after alleging that there was no medical evidence of my injuries being outside the MIG at said time (despite the October 2022 MRI Report which I affirmed under the pains and penalties of perjury was delivered to SNIC Markham) but there is no evidence of Ms. Nurse doing so.

25. While I do not wish to go down the proverbial "rabbit hole" and provide any credence to any appended documents therein (albeit unnumbered and unindexed), I would need to have the evidence of Ms. Nurse and Ms. Persaud (and this unknown name to me in Ms. Belitsky) to provide their independent evidence that such letters were sent at the times that they were and evidence of delivery.

26. I note that my affirmed evidence remains uncontroverted for NOM #4 and NOM #6. I do not take issue with Mr. Nieuwland attempting to seek leave to file the Purported Responsive Hearing Briefs in accordance with the *LAT Rules* but I will need to see the draft filings before I can determine whether I would oppose or consent to some or all of the same. I affirm that I will certainly oppose any such non-sworn evidence being tendered in such form but if he wishes to provide me with draft affidavits of Ms. Nurse, Ms. Belitsky and Ms. Persaud regarding the letters where they are individually named and referenced, I can review the same. I again invite Mr. Nieuwland to file a DOR on behalf of SNIC and withdrew his DOR on behalf of TDGIC.

27. As it relates to other relief sought in my NOM #7, I am seeking the striking of the Purported Hearing Briefs on the legal grounds therein and is my to be served and filed written submissions for this NOM #7.

28. I did not consent and will never consent to a non-respondent and non-party being the respondent, and using my Confidential Information (see: Hearing Brief ("HB"), Tab 1, Schedule "A") in the fashion that Mr. Nieuwland and TDGIC did to somehow unilaterally substitute itself for SNIC, remain non-responsive for months, and then disclose documents to LAT which I did not consent to TDGIC and TDISL having at first instance and certainly not for the purposes described in the OCF-1. I affirm that I am NOT "withdrawing consent" in any fashion under the OCF-1 (see: definition under HB, Tab, Schedule "A") but rather putting SNIC, TDGIC and TDISL (and all relevant individuals) on further notice that they have breached my privacy rights and confidence by exceeding the parameters of the plain language in my OCF-1 and the OCF-1, which I executed and delivered in good faith to SNIC Markham on the date admitted in the Purported SNIC Response.

PAGE 10

762

Page 15

29. I would also ask Mr. Nieuwland that if he is able to obtain leave from LAT to file responsive hearing briefs in accordance with the *LAT Rules* that he do so promptly. Moreover, I would ask that Mr. Nieuwland, if he is able to obtain leave from LAT under Rule 9.5, that he clarify his positions as it relates to NOM #6 as it relates to words like "this matter" or "matter" as it is unclear to me whether he is referring to the TD Claim #3 and/or the SNIC Proceeding herein and/or both.

30. It also appears to me, which is somewhat ambiguous to me, that Mr. Nieuwland's position is that certain individuals have not been involved in "this matter" (whatever that means in fact or at law while noting that it is nearly two years since the MVA). I do not agree with the bald assertion, absent evidence under oath from each of those individuals. If that is correct, and I receive evidence under oath from those individuals, then my position is that Mr. Nieuwland, on behalf of TDGIC, is consenting to some of the relief sought in the NOM #6. However, I would also need consent from SNIC in this regard as it is SNIC that I sent my Confidential Information to and it is SNIC (not located in Toronto) that is the only "insurer" or "underwriter" named in my documents in my affirmed evidence. I note that SNIC is the only underwriter and insurer named in the documents appended to the Purported Hearing Briefs of Mr. Nieuwland.

31. I again note that the OCF-1 (see: my affidavits #1 to #4; and the standard form document at Part 12 "Signature") references the language of "THE INSURER". I note that Mr. Karai represented to me in writing via email on January 23 and 25, 2024 and February 14, 2024 that he was "REPRESENTING THE SECURITY NATIONAL INSURANCE COMPANY". I note that the February 14, 2024 email was after the Nieuwland DOR Non Respondent

32. I will continue to rely on strict compliance from Mr. Nieuwland and SNIC with respect to the enabling legislation, regulations and *LAT Rules*, including any "rules" issued by FSRA such as the UDAP which I believe replaced the former regulation under the Insurance Act regarding "Unfair Deceptive Acts"

33. I further affirm and believe that Mr. Nieuwland and TDGIC have malice towards me as evidenced by the Purported Hearing Briefs on April 11, 2024. I have now reflexively queried whether TDGIC, not being the Insurer denoted in the OCF-1 et al, does not feel it owes me a duty of good faith and fiduciary obligations. If that is the position of TDGIC, then this is yet another reason why I am seeking the relief that I have sought and in my NOM #7.

34. In light of what I learned on April 11, 2024 and my review thereafter, I am not ready, willing or able to engage with TDGIC and Mr. Nieuwland as I believe that SNIC, TDGIC and TDGIL (and potentially others) have breached my privacy rights, breached my confidence and breached the OCF-1. While I consented to SNIC collecting and using my Confidential Information for the specified purposes in the OCF-1, and "disclosure" for limited purposes therein. I have not read any language where I consented in early October 2023 to SNIC being replaced by a different insurer, whilst having my Confidential Information disclosed to it (TDGIC), to an unknown insurance company to me at the time and not known until 2024, to be used to have my claim dismissed and have $10,000 or $30,000 in costs awarded against me. I affirm, under the pains and penalties in perjury, that I will never consent to such actions that have been taken even if SNIC seeks my "fresh consent" in that regard.

35. If any of the Impugned Individuals involved in what I alleged to be irreconcilable conflict of interest and irremediable conflict of interest, and/or breaches of privacy, breaches of confidence, breaches of *PIPEDA*, breaches of my limited consent in the OCF-1, breaches of the *Insurance Act*, and/or breaches of the UDAP Rule, provide evidence of their non-involvement in the TD Claim Numbers and this SNIC Proceeding, and non-receipt of any of my PI, PHI, SPI (defined as "Confidential Information"), I will tender an apology to them. However, until that time, my affirmed evidence, and where on information and belief and citing the source of my belief, remains and I believe that they have all been involved in the TD Claims Numbers and/or SNIC Proceeding.

36. My position and affirmed evidence remains as to the involvement of the Divorced Husband Conflicted Lawyer in the TD Claim Numbers and this SNIC Proceeding.

PAGE 11

37. My position and affirmed evidence remain as it relates to Mr. Nieuwland misleading myself and the Tribunal regarding Ms. Moraes being his legal assistant when the only legal assistant who has had Mr. Nieuwland's name in her signature block is that of Ms. Ortiz. I note that Ms. Ortiz refers to another lawyer (whom I presume to be a lawyer) in "Ashley Dunkley"

38. My position and affirmed evidence remain as it relates to the "false documents", "forged signatures" and "uttering of the same".

39. My position and affirmed evidence remain as it relates to breaches of the LSA and its By-Laws by known or unknown licensees.

40. I affirm on belief that Mr. Nieuwland did not draft the Purported Hearing Briefs for the reasons of that when he was queried by LAT as to which of the "submissions" exceeded the six page limit, he did not know which ones did even though those were the only document(s) that were "consecutively enumerated"

41. If Mr. Nieuwland's position that only he, Mr. Karat and Ms. Ortiz have been involved in "this matter", then I challenge him to explain how and why Ms. Moraes was involved in this SNIC Proceeding and/or the TD Claim Numbers.

42. Further, if Mr. Nieuwland's position is that the Divorced Husband Conflicted Lawyer, Ms. Saeed and Ms. Klukowska were not involved in "this matter", yet Mr. Nieuwland was away from the office from January 24, 2024 to January 29, 2024, then I challenge him to provide the name of the "supervising lawyer" of Mr. Karat in his sole signing of the Purported SNIC Response. If Mr. Nieuwland was the "supervising lawyer" of Mr. Karat, then I challenge Mr. Nieuwland to explain why he was not copied on the service upon me of the Purported SNIC Response. Further, if Mr. Nieuwland was neither in the "office" nor copied on the January 25, 2024 email from Mr. Karat to myself, wherein he solely served me with the Purported SNIC Response, which he allegedly solely executed, then I challenge him to explain to myself and LAT how an unlicensed representative and non-licensee in Mr. Karat was able to sign the pleading. I draw Mr. Nieuwland's attention to By-Law 7.1, section 6 in this regard.

43. I further challenge Mr. Nieuwland to explain how, if he was the supervising lawyer to Mr. Karat (albeit from different premises in different cities), Mr. Karat and he are representing two different "clients" and "two different insurance companies". I challenge Mr. Nieuwland to explain how he had effective control over Mr Karat – then and now – if Mr. Karat has been *disenfranchised* from acting for SNIC.

44. In light of the above, I again invite SNIC to provide me with a licensed lawyer in Ontario to communicate with regarding this matter so I can take "meaningful steps" herein (see: *Rahimian* with reference to "meaningful steps"). Until a lawyer is appointed for SNIC, I cannot take "meaningful steps" in this SNIC Proceeding and I cannot come to a "case conference" ready to settle with an insurance company not named in thousands of pages of documents and affirmed evidence from the Date of Loss to the Purported SNIC Response.

45. I must, based on guidance and advice that I have received (without any waiver of privilege or confidentiality and solely for the purposes herein), continue to maintain consistency in my positions that I cannot engage with TDGIC but for the purposes of my motions seeking the relief therein.

46 I will note, based upon my cursory review of the Purported Hearing Briefs that there was some reference to the number of emails that I had sent, which I would have to cross-reference to confirm that is correct or false. However, I will note that when sending "Hearing Briefs" in scanned PDF form with indices, tabs and consecutively numbered pages, I was required to send them on a piecemeal basis to ensure that they would not exceed the size limit. I further note that in filing my Appeal on December 24, 2023, I was required to serve SNIC (with the only contacts that I had in Ms. Persaud and Ms. Nurse at said time for SNIC – not TDGIC) them with my listed documents which required approximately 50 or so emails at first instance, then e-receipts and I provide them with "certificates of service.

764

PAGE 12

47. While I find it regrettable to have to bring motions to deal with these issues, I cannot be seen, in my view, to even have the "tinge" or "faint" that I have consented to any non-compliance with any laws that are applicable herein.

48. I will continue to assert my legal rights and I advanced my two *PIPEDA* requests in 2024 until I receive compliant responses therein. I may supplement this evidence herein as further evidence or law becomes known to me.

Volume #3: Concluding paragraph and Jurat

49 I affirm this Affidavit #18 for no improper purpose and in relation to my NOM #7, general purposes and ancillary purposes (known and unknown).

Affirmed before me at Toronto, Ontario
On this 16 day of April 2024

TAB #4: ORAL COMPENDIUM:
COURT FILE NO. DC-24-00000718-00JR

768

This is the 21st Affidavit of Kevin A. McLean under TD's Claim Number 036325790-3 (the "Claim Number" or "TD Claim #3"), TD Insurance Policy Number #001013511805 (the "Policy Number"), LAT File Number "23-015662/AABS" (the "LAT File Number" or "LAT Proceeding") and was finalized and made on May 3, 2024

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT/APPELLANT

AND:

TD INSURANCE MELOCHE MONNEX (SECURITY NATIONAL INSURANCE COMPANY) [1] [2]

RESPONDENT

Affidavit #21 of Kevin A. McLean

In a matter under the *Insurance Act*, RSO 1990, c I.8, (the "*Insurance Act*")

In the matter of an "Application of an Injured Person" ("Application" or "AIP") by the Applicant pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation to statutory Accident benefits and the following regulations including but not limited to:

i. *Statutory Accident Benefits Schedule*, O Reg 34/10 ("*SABS*"), and
ii. *Automobile Insurance*, RRO 1990, Reg 664 ("*Reg 664*").

Re: My re-affirmation that I cannot consent or engage in any conduct that is inconsistent with any of the consent or consents that I gave to Security National Insurance Company and my continued objections while reserving all of my rights in fact and at law

I, Kevin Alexander McLean, Disabled* (B.A., J.D., CIM) of Toronto, Ontario AFFIRM THAT:

VOLUME #1: Affirmation

PAGE 19

769

1. I am the affiant (also defined as the "Applicant", "Insured Person", "Disabled Individual" and/or "CAT Impaired Individual") herein and I affirm, under the pains and penalties of perjury, the following facts to be true. Where I have stated information on my belief, I have cited the source of my belief by references, citations, end-noting or otherwise.

2. I adopt my definitions from my previous affidavits with respect to the Insurance Policy, TD Claim #3, and this LAT Proceeding (also defined as "SNIC Proceeding") and they have the same meaning herein as they do therein.

3. Where I am referencing privacy related matters, I adopt the definitions from *PIPEDA* and associated regulations and they have the same meaning herein as they do therein.

4. I repeat and rely upon my previous evidence that I do not consent to any unauthorized or non-permitted collection, use or Access[2] (collectively, "CUA") (collectively, "Unauthorized CUD" or "Non-Permitted CUA") and/or unauthorized or non-permitted subsequent disclosures ("Unauthorized Disclosures") by TD General Insurance Company (formerly "CT Direct Insurance Company") which is defined previously as the "Non-*SABS* Insurance Company".

5. For ease of reference, I will continue to distinguish between Security National Insurance Company as the "*SABS* Insurer" and the "Non-*SABS* Insurance Company".

6. While I was required to attend on May 2, 2024 for the purposes of my NOM #4 and NOM #6, including a "case conference", I repeat and rely upon my positions advanced in my case conference summary.

7. While I appreciate that said matter was confidential and without prejudice, in certain party, I re-affirm that I do not consent to any Non-Permitted CUA or Unauthorized Disclosures by SNIC if SNIC failed to implement the necessary conditions or restrictions upon the Non-SABS Insurance Company's CUA or unauthorized subsequent disclosures (defined herein as "Unauthorized Subsequent Disclosures" as it relates to any "Non-SABS Insurance Companies" with particular reference to TDGIC being the "Non-SABS Insurance Company").

8. I note that the language in the OCF-18 (see: Exhibit "A", Tab 1, page 3) is similar to the language in the OCF-1. As such, I will only provide copies of the same to SNIC (*SABS* Insurer) and not to the "Non-SABS Insurance Company". Where TDGIC receives a copy, it is not being provided with any additional consent to use the same but solely for the purpose of providing the same to LAT with a copy to it for the purposes of why there has been a breach of privacy and confidentiality which amounts, in my submission, to a disqualifying conflict of interest (see: *Jia, Mansuri, Dervishalli, Transamerica* et al cited by me).

9. I note that Mr. Dhaliwal's signature was on March 30, 2023.

10. I note that my signature was on March 30, 2023 (see: Exhibit "A", Tab 1 page 8)

11. I affirm that I did not have a copy of this OCF-18 document (see: Exhibit "A", Tab 1, page 10) until yesterday.

PAGE 77

770

12. I repeat and rely upon the following cases[6] of the OPCC with respect to my never having consent to any of the Non-Permitted CUID by the **Non-SABS Insurance Company** and/or **Unauthorized Disclosures** by the **Non-SABS Insurance Company**.

13. While I will continue to, in my view and belief, respect for the Tribunal processes and orders. I am providing further notice to the Tribunal that I have not, am not and will not consent to the **Non-SABS Insurance Company** engaging in any activities or conduct involving my PII, CI, PHI and/or SPI without my consent. To avoid any further communication with the **Non-SABS Insurance Company**, I will now (with the benefit of guidance and advice and without any waiver of privilege or confidentiality and solely for the purposes herein) only (as my previous communications were for the purposes of my motions directed to **SNIC** along with issues surrounding conflict of interest, nullities, unauthorized practice, facilitating unauthorized practise et al).

14. As Mr. Karat was present yesterday for **SNIC** and Mr. Nieuwland for the **Non-SABS Insurance Company**, I will now direct my communications, correspondence, filings et al to Mr. Karat for **SNIC** as it relates to this **LAT Proceeding** and Ms. Persaud (until Ms. Miche confirms that she has replaced Ms. Persaud as an "adjuster" or advisor for the *SABS* Insurer).

15. In my view, consistent with my previous submissions and evidence, **SNIC** and the **Non-SABS Insurance Company** are NOT "one and the same". I ground my belief based upon, inter alia, all of the OCF documents that I had signed and sent or had sent, in conjunction with a Physician or Health Practitioner (see: *SABS* definitions), to **Security National Insurance Company**.

16. As there is a dispute between myself and **SNIC** (*SABS* Insurer) as to whether I was outside the MIG in April 2023, I filed and served **SNIC** with a copy of the **OCF-18** that was sent on behalf of my previous PT (Dhaliwal) (see: **Exhibit "A"**, Tab 1).

17. I had previously notified the Tribunal and **SNIC**, including Nurse, that Nurse did not "sign" the **OCF-18** as "As per A. Nurse" is not a "signature" per se but on behalf of Alisha-Anne Nurse. While I have inquired with **SNIC** and Nurse as to what the "inscription above" her "printed name" is, I have not received a reply from any individual on behalf of **SNIC** or **SNIC** itself

18. I now note the discrepancies between the **OCF-18** sent by Dhaliwal to **Security National Insurance Company** (attention: Ms. Nurse) on or around April 6, 2023 and the "page 8 of 8" document sent by **SNIC** to me in a letter dated April 20, 2023 which referenced Ms. Nurse (see: **Exhibit "A", Tab 2**).

19. I have also reviewed the document titled, "**HCAI: OCF-18 Treatment & Assessment Plan**" (see: **Exhibit "A", Tab 3**) (defined herein as "**HCAI OCF-18 Manual**"). I believe that "HCAI" is an acronym for "Health Claims For Auto Insurance". I note that in the HCAI OCF-18 Manual not only distinguishes between "insurers" but also references potential branches of "insurers" in Ontario as it relates to *SABS* and the **OCF-18**.

Issue #2: Interplay between OPCC and *SABS*

771

PAGE 78

Volume #2(A): Consent provided during application for benefits allows insurer to share client's personal information with third-party broker

20. I now quote from the OPCC decision regarding the above heading.

> "Organizations may have a legitimate need to use or disclose an individual's personal information for more than one purpose. However, all the purposes for which the information may or will be used or disclosed must be stated (e.g., on an application form) in such a manner that the individual can reasonably understand them in order for consent to be meaningful.
>
> Explicit and detailed descriptions on a standardized form of the appropriate purposes for the collection, use or disclosure of personal information are important elements in demonstrating that the individual signing the form provided informed consent to the onward sharing of personal information."
>
> At issue is whether, pursuant to Principle 4.3, the complainant's insurance company obtained the complainant's consent to use and disclose her personal health information to obtain an annuity via third party organizations. Germane to this issue is whether the purposes for the consent were presented by her insurance company in a manner that could be reasonably understood (Principle 4.3.2)."

21. I note that the **Non-SABS Insurance Company** was NOT and is NOT a "third party broker".

22. I note that the **Non-SABS Insurance Company** is a licensed insurance company in Ontario.

23. I never consented to "TDGIC" (**Non-SABS Insurance Company**) receiving my **Confidential Information** at the time of executing the OCF documents or thereafter. I do not consent to **TDGIC** receiving, as a purported "Respondent", my **Confidential Information** and "Confidential Documents" (defined herein as any "document" that I provided with my express written consent and duly signed by me as it relates to PI, PHI, SPI or CI).

Volume #2(B): OPCC: 2017-005

24. I note the following:

- Individuals may withdraw consent for the collection, use and disclosure of personal information, subject to legal or contractual restrictions and reasonable notice. An organization must inform the individual of the implications of such withdrawal.
- Organizations should have a policy and procedure for assessing and documenting what personal information it holds, and why it is collecting, using and disclosing that information.

TAB 1
PAGE 71

772

- Under *PIPEDA*, an organization does not have to ensure that an individual's personal information is deleted from a third-party's records if the information has already been lawfully disclosed.

In the course of our Office's investigation, it became evident that the company did not have a readily available explanation for, or a clear understanding of, its disclosure of an insured individual's personal information to third-party organizations, putting them in contravention of Principle 4.1.4(d) of *PIPEDA*, which states that an organization shall develop information to explain the organization's policies and procedures. The company committed to developing a document to track where and how personal information is disclosed to third-parties and making this information readily available upon request. The company agreed to provide our Office with this document, three months following the issuance of our Office's findings for this investigation. Therefore, our Office found that this portion of the complaint was well-founded and conditionally resolved.

25. I affirm that I am not withdrawing any consent but re-affirming that I have not, am not and will not consent to the **Non-SABS Insurance Company** engaging in any CUA of my Confidential Information for purposes for which I did not consent.

26. I will continue to exercise my *PIPEDA* rights in relation to the "TD Financial Group" to determine the "tracking" of my **Confidential Information** for any purposes for which I did not consent.

Volume #2 CI: 2017-003 OPCC

27. I now quote from the following:

- Organizations must make a reasonable effort to ensure that the individual is advised of the purposes for which the information will be used. To make consent meaningful, the purposes for the collection of the personal information must be stated in such a manner that the individual can reasonably understand how the information will be used or disclosed.
- In order for consent to be valid, individuals must be able to understand the nature, purpose and consequences of the collection, use and disclosure of their personal information.
- Failure to make a reasonable effort to ensure that an individual understands that collecting personal information is optional can render consent uninformed or meaningless.

28. I re-affirm that I never consented to any insurance company other than **SNIC** to receive my PI, PHI, CI or SPI other than the **Limited Purposes** in the OCF documents and/or my correspondence that was exclusively provided to **SNIC** (Markham and Burlington).

773

PAGE 90

29. I note the following regarding my "*Speaking Notes*" for my NOM #6 still to be heard with further preliminary or jurisdictional issues to be decided regarding the same directly or indirectly:

> Paragraph 319: The authorization of the OCF-1 speaks to the following:
> a. Investigation of the **Appellant**'s claims;
> b. Obtaining information relating to his claim;
> c. Recovering payment from "Other Insurers" for amounts paid in connection with his claim (see: **SNIC** has been the only "Payor" of benefits to the **Appellant**).
> d. Identifying and analyzing goods and services provided by health care providers;
> e. Preventing fraud;
> f. Compiling statistics; and
> g. Assessing risks.
>
> (collectively, the "**Limited Purposes**"; see also: **Affidavit #15**)
>
> Paragraph 320: **The Limited Purposes** in the OCF-1 do NOT extend to the uses and disclosures by **Nieuwland** on behalf of "Another Insurer"
> Paragraph 321: **The Appellant** did not consent to the access, use and DISCLOSURE of his **Confidential Information** for any purpose OTHER THAN the purpose for which it was collected.

Volume #3: Exhibit "A"

30. Now shown to me and marked as **Exhibit "A"** are following pages that are enumerated as follows (with my annotations for emphasis purposes):

a. **Tab 1, pages 1 to 10:** a copy of my **OCF-18**, from April 2023, signed by myself and Mr Dhaliwal, PT of **TONP**;

b. **Tab 2, pages, 11 to 13:** a copy of the letter (dated April 20, 2023) from **Security National Insurance Company**, 101 McNabb Street, Markham, Ontario, L3R 4H8 with the following enclosures:

   i. my right to dispute the same regarding the decision of **Security National Insurance Company** (see: page 12); and
   ii. one page from an **OCF-18** document that was **NOT** signed by Alisha-Anne Nurse but with "printed lettering" of "As per A. Nurse" with the inscription of "IG W."

c. **Tab 3, pages 14 to 44:** a copy of the HCAI **OCF-18** Manual with some of my annotations therein.

31. While "TD Insurance Meloche Monnex" contains the name of "TD Insurance" or the "string" of "TD Insurance", I note that "TD General Insurance" does not.

32. I again affirm and reference my previous affirmed evidence that "TD Insurance Meloche Monnex" refers to two different insurance programs: (i) Alumni Program, and (ii) Employer Group Program. It is only the "Alumni Program" that is relevant to **TD Claim #3** and this **SNIC Proceeding**.

33. While that is my true and authentic signature on the OCF-18 and Mr. Dhaliwal signed the OCF-18, I do not have an OCF-18 signed by the adjuster at said time in Ms. Alisha-Anne Nurse.

34. I have emailed Nurse asking for a signed OCF-18 in relation to the same and she did not respond. After emailing Nurse, I received an email "bounce back" that stated "invalid recipient".

35. I asked Ms. Persaud for a copy of the signed OCF-18 by Ms. Nurse and Ms. Persaud did not respond.

36. I also do not have any accounting or itemization for which of the physio sessions that Ms. Nurse denied.

37. I further note that I became aware, through one of the health practitioners, that Ms. Bev Michie is now the "adjuster" or "advisor" on behalf of SNIC. I have emailed Ms. Michie but she has not responded as of today's date.

38. I note that the language therein which states, "*SABS* states that **THE INSURER [SNIC]**, shall, within **10 business days** of receiving this Treatment and Assessment, give the applicant (*myself*) a notice stating the goods and services contemplated by the Treatment and Assessment Plan for which **THE INSURER [SNIC]** will or will not pay."

39. I allege that **SNIC** did not comply with the requirements under *SABS* as it relates to Ms. Nurse SIGNING under Part 13 therein and **all** of the items are deemed approved, and **SNIC** is required, by the *Insurance Act* and *SABS*, to pay forthwith any physio sessions that have been denied by Security National Insurance Company pursuant to the OCF-18 (albeit with a different page count that the one sent by Mr. Dhaliwal on behalf of TONP and myself)

40. I continue to reserve all of my rights in fact and at law, and to the extent that any individual on behalf of TDGIC or the *Tribunal* requires me to provide any document or thing (outside of the scope of my motions and relief sought in relation to the Non-SABS Insurance Company or any individual acting on its behalf), I will strictly rely on *PIPEDA* being federal legislation and, inter alia, the "paramountcy doctrine".

41. I reserve the right to rely upon this affidavit #21 herein for purposes inside and outside of the TD Claim #3 and **SNIC Proceeding** including but not limited to obtain access to the CUA of my Personal Information and PHI by those **Organizations** or persons for purposes others than the **Limited Purposes** or otherwise.

42. Where I have provided a copy of this affidavit with Exhibit "A" to the Non-SABS Insurance Company, it operates as a notice and demand to comply with the language in the OCF-1 and OCF-18, and any other documents that I sent to SNIC regarding "privacy and confidentiality", and to forthwith comply with *PIPEDA* whilst confirming the same to me by written letter or email.

Pièce 81

775

43. I affirm this **Affidavit #21** for no improper purpose and in relation to the above.

Affirmed before me at Toronto, Ontario
On this 3rd day of May 2024

Mr. Kevin A. McLean (B.A., J.D., CIM)

OCF-18

Part 11 Health Care Providers

Provider Number	Provider Type	Provider Last Name	Provider First Name	Regulated College Number	Occupation (if applicable, or "none")	Hourly Rate (if applicable)
A	PT	[illegible]	[illegible]	11001		

Part 12 Proposed Goods or Services Requiring Insurer Approval

Item	Description	Code	Attribute	Provider Ref	Estimated Quantity	Estimated Frequency	Estimated Cost	Projected Total Count	Projected Total Cost
1	Physical rehabilitation	G12.PR		A	1.00	HR	60.00	36	2160.00
2	"Assessment (cognitive, and body"	G12.03		A	1.00	HR	216.00	1	216.00
								37	2376.00

Estimated duration of this Plan: 12 Months

Total money which have been already provided: up to date

Applicant or Guardian/Custodian (when applicable) confirms consent to proposed goods and services

*Please indicate any additional information regarding proposed goods and services:

Are there any attachments? ☐ Yes ☒ No

If Yes, how many? ____
Send any attachments directly to the Insurer

Part 13 Signature of Insurer

☑ I make the requirement of the Applicant's signature.

I have reviewed the Treatment and Assessment Plan and based upon the information provided, I:

☐ Approve this Treatment and Assessment Plan ☒ Partially approve ☐ Do not approve

The Statutory Accident Benefits Schedule states that the Insurer shall, within 10 business days of receiving this Treatment and Assessment Plan, give the applicant a notice stating the goods and services contemplated by the Treatment and Assessment Plan for which the Insurer will not be liable.

Name of Adjuster (please print)	Signature of Adjuster	Date (YYYY-MM-DD)
Nurse, Alisha Anne	Alisha Anne Nurse	2023-04-28

To the Insurer: Please provide a copy of this page to the applicant, the Health Practitioner indicated in Part 1 and the Regulated Health Professional indicated in Part 6.

Note: The Statutory Accident Benefits Schedule sets out the rights and obligations of insurers and applicants. For more details, see the Insurance Act and the Statutory Accident Benefits Schedule. This form must be used for all applications for medical, rehabilitation and attendant care benefits that are more than $3,000, including all optional assessments. Insurers may require other forms for applications for lower amounts.

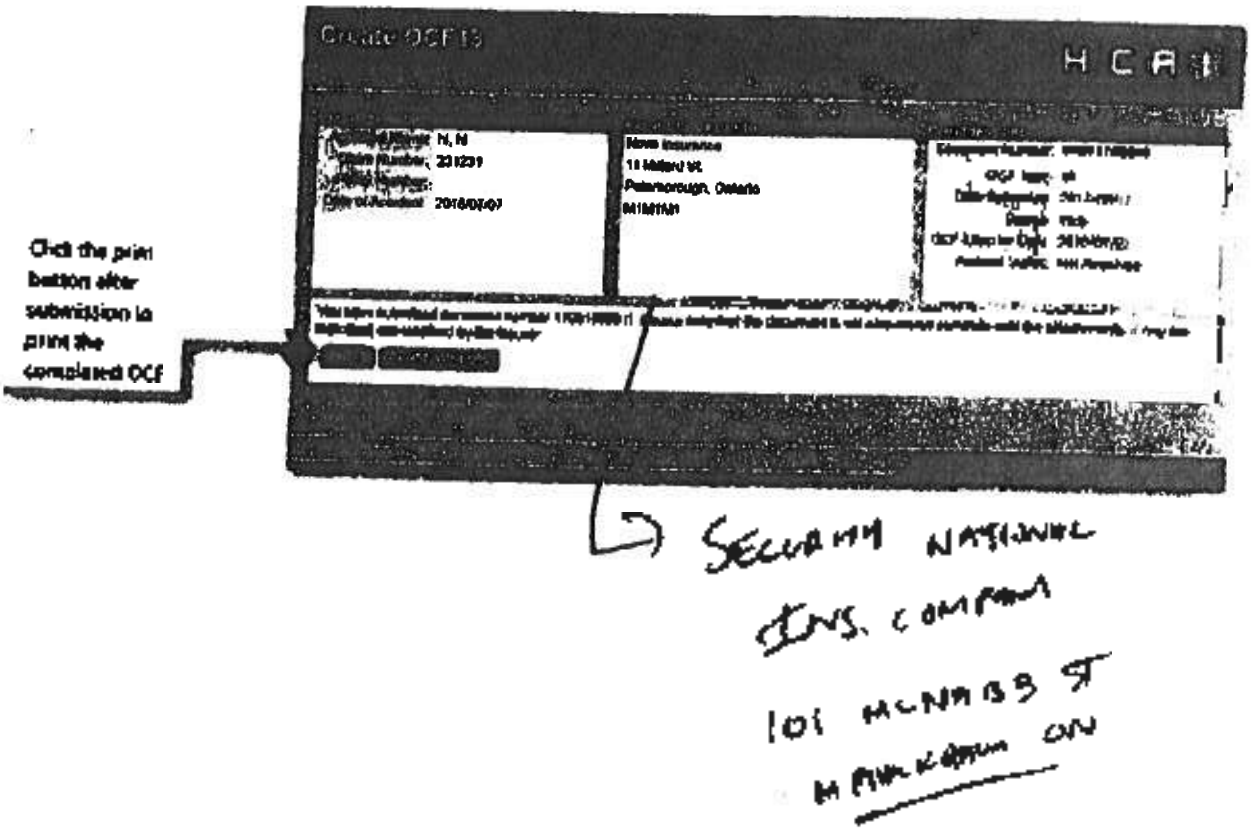
Additional Comments & Attachments

- HCAI enables Facilities to do the following:
  - Offer more information to Adjusters by using the space provided in Tab 6.
    - This may be important to help the adjuster better understand the injury and its effect on the Applicant/Patient as well as the rationale around treatment.
  - Advise Adjusters that additional documentation (attachments) is being sent which the Insurer requires to adjudicate the form

How should attachments be sent?

- Attachments must be faxed/mailed directly to the Adjuster.
  - Attachments cannot be sent electronically via HCAI and should not be sent to HCAI.
- To indicate that an attachment is being sent to the Adjuster, check off "Attachments being sent, if any."
  - If this box is ticked, the Facility must use the space below to describe the attachment being sent.



Signature(s) on OCF-18 - Printing the completed OCF

- Signatures are not transmitted to the Insurer; however, hard copies of the OCF must be printed, signed by the Provider(s) and the Applicant/Patient or substitute decision maker and kept on file at the Facility.
- Before obtaining signatures, the entire OCF should be completed.
- To print an OCF-18:
  - Click on the [redacted] button located at the top and bottom of the OCF page.

794 NIM #15 PAB #5 PAGE 101

49

- You can also print the OCF after it has been submitted. After pressing the submit button, the successful submission window will appear. Click on the [redacted] button. When printing after submission, the HCAI document number will automatically be displayed on the printed OCF.
- Depending on your internet browser settings, the document may immediately download or you may need to select whether to open or save the document.
  - For more information on changing your internet browser's pop-up settings, please review the Pop ups section of HCAIinfo's Computer Requirements & Tips page.

This is the 22nd Affidavit of Kevin A. McLean under TD's Claim Number 035325790-3 (the "Claim Number" or "TD Claim #3"), TD Insurance Policy Number #0010 9351 (the "Policy Number"), LAT File Number "23-015662/AABS" (the "LAT File Number" or "LAT Proceeding") and was finalized and made on May 10, 2024

BETWEEN

KEVIN ALEXANDER McLEAN

APPLICANT/APPELLANT

AND:

TD INSURANCE MELOCHE MONNEX (SECURITY NATIONAL INSURANCE COMPANY)

RESPONDENT

Affidavit #22 of Kevin A. McLean

In a matter under the *Insurance Act*, RSO 1990, c I.8. (the "*Insurance Act*")

In the matter of an "Application of an Injured Person" ("Application" or "AIP") by the Applicant pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation to statutory Accident benefits and the following regulations including but not limited to:

i. *Statutory Accident Benefits Schedule*, O Reg 34/10 ("*SABS*"); and
ii. *Automobile Insurance*, RRO 1990, Reg 664 ("*Reg 664*")

I, Kevin Alexander McLean, Disabled (B.A., J.D., CIM) of Toronto, Ontario AFFIRM THAT

Volume #1: Affirmation

1. I am the affiant (also defined as the "Applicant", "Injured Person", "Disabled Individual" and/or "CAT Impaired Individual") herein and I affirm, under the pains and penalties of perjury, the following facts to be true. Where I have stated information on my belief, I have cited the source of my belief by reference, citations, end-noting or otherwise.

Volume #2: Definitions

2. I adopt my definitions from my previously filed documents with the Tribunal, my affidavits with respect to the Insurance Policy, TD Claim #3, and this LAT Proceeding (also defined as "SNIC Proceeding") and they have the same meaning herein as they do therein.

797 NIM #13 SAS #6 PAGE 103

Volume #3: SECURITY NATIONAL INSURANCE COMPANY = SNIC = *SABS* INSURER = Ontario Insurance Registration #397

3 For ease of reference, I will continue to distinguish between **SECURITY NATIONAL INSURANCE COMPANY** as the "***SABS INSURER***" or "**SNIC #397**" or words and definitions to the similar effect

Volume #4: TD General Insurance Company = TDGIC

4. For ease of distinguishing, I will continue to reference to TD General Insurance Company as "***NON-SABS* INSURANCE COMPANY**" (or "**TDGIC #353**")

Volume #5: My section 21.1 of the *SPPA* request of the Tribunal to correct the errors (technical deficiencies) in the name of the respondent [sic] in any and all decisions or orders of the Tribunal (see: Exhibit "A", pages 12 to 33, with the e-receipt at Exhibit "A", page 34));

5. On May 9, 2024, I filed and served my request pursuant to subsection 21.1 of the *SPPA* (the "**Error Correction Request**" or "*SPPA* **Section 21.1 Request**") which has sought the following

a. correction to the name of the respondent in previously issued decisions and orders of the Tribunal pursuant to the statutory authority under section 21 of the *SPPA* along with all other sections of the *SPPA* that are relevant to the definition and interpretation of "parties", representatives *et al* including references to the *Legislation Act*, *Insurance Act* and *SABS*; and

i. in favour of the above and to avoid continuing advancing my request for the outstanding information for how, inter alia, a misapprehension was created upon the Tribunal, regarding which email (or communications orally) and/or individuals inadvertently misrepresented (in writing or orally) to or created the misapprehension upon the Tribunal that the "respondent" [sic] was **TDGIC** [sic], I am content to have the name of the respondent corrected by the amendment of two words:

1. ~~TD General~~ Insurance Company to **SECURITY NATIONAL INSURANCE COMPANY**.

Volume #6: Exhibit "A", pages 1 to 34

6. Now shown to me and marked as **Exhibit "A"** to this my affidavit are the following consecutive pages 1 to 34 which I describe in "general terms":

a. **Pages 1 to 11**:
   i. copy of my emails to the **Tribunal**, **SNIC** (Karat), **TDGIC** (TDIADR email), Nieuwland (representative to **TDGIC**) and Nieuwland's now known legal assistant in Ms Ortiz;
b. **Pages 12 to 33**:
   i. a copy of my filed and served ***SPPA* Section 21.1 Request**, and
c. **Page 34**:
   i. a copy of the e-receipt on May 9, 2024, of the aforementioned **Error Correction Request**

Volume #7: Exhibit "A", pages 5 to 11

7. Now shown to me on page 5 to 11 is a copy of my email from May 2, 2024 which I sent at 1:12 a.m. wherein I asked **SNIC** to provide me a copy of one of one of the "Spam Faxes" which I denoted in my affidavit #1, which was served on **SNIC** prior to the filing of this my "Application Of An Injured" and solely served on **SNIC** as I did not know the name of "**TDGIC**" at said time in relation to TD Claim #3. Despite my request I did not receive a copy of the same from any of the persons that I requested the same upon. I believe, based upon the *lack of response* to my request, that an individual on behalf of **TDGIC** created an misapprehension

PAGE 104

798

upon the Tribunal on or around January 13, 2024 and said error must, which is not a legal conclusion but my belief (based on the new loss and damage that I am suffering as a result) be corrected in accordance with the strict requirements (see: "technical deficiency" defined on page 28 of my Exhibit "A": "technical", according to strict interpretation of the law" and "deficiency": the state of not having something that is needed (i.e. the words of "Security National" in favour of "*TD General*") of the *Insurance Act*, *SPPA*, *Legislation Act*, *Law Society Act*, and any associated regulations with said empowering and enabling legislation.

8 If I recall the language in that "Spam Fax" correctly, said fax requested invited me to send any confidential information and correspondence to an address in North York, Ontario and not "SNIC Markham". I declined that invitation in the Spring of 2023 and continued to fax SNIC Markham. Moreover, I was stunned at the time that said fax represented to me that it had *no record* of my TD Claim #3. I took steps thereafter to clarify the same with SNIC Markham (attention: Ms. Nurse) and I continued to communicate, exclusively via fax, to SNIC Markham until I learned of Ms. Persaud (SNIC Burlington) in the Fall of 2023 and I then faxed my correspondence to SNIC Burlington.

9 At various points in 2023, I received mailed letters, on behalf of *TD Insurance Meloche Monnex* with a return address of either SNIC Markham or SNIC Burlington, requesting that we communicate via email. At that point, I was not comfortable communicating with SNIC via email as I had concerns about its compliance with PIPEDA.

10. To distinguish between the SNIC Markham fax number and the SNIC Burlington fax number, the former has and had a 416 area code fax number and the latter had and has a 905 fax number. While I honoured the switch from SNIC Markham (Nurse) to SNIC Burlington (Persaud), the SNIC Burlington fax number was regularly unable to receive faxes so I often would attempt to deliver to both and the SNIC Markham fax would receive all of the pages of the fax or the majority of them.

11. I continue to agree with the filing on behalf of SNIC in the form of the SNIC Response that the name of the insurance company that was exclusively input therein was and is, as it relates to my dispute under the *Insurance Act* and *SABS*, **SECURITY NATIONAL INSURANCE COMPANY**.

Volume #8: Exhibit "A", page 4 (May 1, 2024 email at 5:36 p.m.)

12. Now shown to me at Exhibit "A" is a copy of my email to the Tribunal and the email of "TDIADR" *et al* therein, wherein I confirmed and provided a copy of my OCF-18 which confirmed my disabilities and impairments at the time of April 2023. Said OCF-18 was signed by myself and Mr. Dhaliwal, PT, and relates to the April 20, 2023 letter that had the name (not a signature) of "As Per A. Nurse", with the interruption of "Kt. W" above said printed language ("As Per A. Nurse") under the requirement of "signature of an adjuster". I have maintained my position that "As Per A. Nurse" does not meet the requirements of a signature by Ms. Alisha Anne-Nurse on behalf of **SECURITY NATIONAL INSURANCE COMPANY** as I believe and submit that "as per" means on behalf of that individual and there is no signature of "another individual" on her behalf which is on behalf of **SECURITY NATIONAL INSURANCE COMPANY**.

13 While I will continue to maintain my position in this SNIC Proceeding that **SECURITY NATIONAL INSURANCE COMPANY** failed to respond within ten business days of the time (presuming it was sent on April 6, 2023) that Mr. Dhaliwal submitted the OCF-18 through HCAI (which I have been informed that he did and I believe to be true) to **SECURITY NATIONAL INSURANCE COMPANY** (attention: Alisha-Annie [sic] Nurse) at **SNIC Markham**, I also assert that said printed name of "As Per A. Nurse" does not meet the requirements of the insurer (SNIC) requirements of having an adjuster "sign" the OCF-18. My position will remain that had Ms. Alisha-Anne Nurse even printed her name (which I do not believe that she did) of "Alisha Anne Nurse" that it may (and emphasize "may") have constituted a "signature" on her behalf. I take issue with the "as per" as I believe that "as per" means "on behalf" of a person (namely, the individual known as "Ms. Alisha-Anne Nurse").

799 NOM #13 TAB 4V PAGE 10F

14. Irrespective of the above paragraphs under Volume #8 herein, I note that at all times from the Date Of Loss to Spring 2023 to present that any and all documents and correspondence involving TD Claim #3 have involved one "insurer" and one "insurer" only and that is "SNIC #397"

Volume #9: Exhibit "A", page 3

15. Now shown to me and marked as Exhibit "A", page 3 is a copy of my email to the Tribunal (also defined as "LAT") (with a copy to TDIADR and others named therein for SNIC and TDGIC) requesting a copy of any information and documents as to how the error was caused by reference to the unnamed respondent as TDGIC as opposed to SNIC #397.

Volume #10: Exhibit "A, page 3 (Mr. Karat's email: misstating that TDIADR does not send outgoing mail)

16. Now shown to me and marked as Exhibit "A", page 3 is a copy of Mr. Karat's email, with thanks, representing to me and LAT that the "TDIADR email account" only receives mail and does not send mail. I disagreed with his position and provided him with a copy of the email that I received on Wednesday, January 17,2024 at 7:15 a.m. which stated, "*Please do not forward claims' expenses to this mailbox*" (see Exhibit "A", page 2). For precision purposes, I attached one of my OCF-6's, exclusively directed to SNIC Markham, and I received said response from "TDIADR email account". Therefore, I disagree with Mr. Karat's representation to myself and the Tribunal that the "TDIADR email" is not for "outgoing mail" If the "TDIADR email" did not engage in any outgoing mail, then I query whom informed the "Tribunal" of the email of "TDIADR" as it was included by the Tribunal and not myself. I further query as to how the "Tribunal" could have determined that the name of the "respondent" was "TDGIC" [sic] when it was not included in the Appeal with reference to any of the required and obligatory listed and attached documents to the Appeal, and more deliberately and later by a direction or requirement of the Tribunal (which I presume was pursuant to the *SPPA* in order to process my Appeal), the filed and uploaded "Denial Letters" which were extracted from the obligatorily listed and attached documents from my filed Appeal which was served on SNIC via fax to SNIC Markham

17. I re-affirm my belief as to the individual that controls and responds to emails from the TDIADR email account (also defined as the "**TDIADR Email Account**" or "**TDIADR Email**")

Volume #11: Exhibit "A", page 1

18. Now shown to me and marked as Exhibit "A", page 3 is a copy of my email to the Tribunal (attention Mr Grant) and SNIC #397 where I had, in my view, fortuitously found the "Ontario insurance license and registration numbers" of SNIC and TDGIC which are:

a. SNIC: #397; and
b. TDGIC: #953.

19. I delivered this email to the Tribunal and apologized for the error I had created as I had wrongly presumed that the insurance registration number for SNIC and TDGIC were the longer numbers that I had previously provided (albeit from other province(s), whilst still demonstrating that they held different insurance registration numbers in other provinces. I will no longer refer to those incorrect insurance registration numbers, and only rely on SNIC #397 and TDGIC #953.

Volume #12: Adoption and incorporation of the facts in the *SPPA* Section 21.1 Request

20. I adopt the facts stated in my **Error Correction Request** as my evidence herein and they are so formally and hereby incorporated.

Volume #13: No requirement for SNIC or TDGIC to respond

800 NOM #5 cont'd PAGE 10 of 15

21 As the "fresh evidence" that I have provided to the Tribunal is a matter of documents issued by the FSRA in an enforcement actions, I respectfully submit to the Tribunal that no response (see: LAT Rule 9 which only applies to a "party" which would be SNIC and require a response by Mr. Karat who is an unlicensed representative when measured against the requirements under the *LSA* and its By-Laws) is required from SNIC #397 (or TDGIC #353) as the evidence therein cannot be disputed. I affirm, yet again under the penalty of perjury, that I have not found any attempts by SNIC or TDGIC to rescind or set aside those separate and distinct consent agreements to their separate and distinct contraventions of sections under the *Insurance Act*, with reference to the *AIRSA*. I further affirm that I am not aware of any outstanding motions by SNIC (or TDGIC) to correct any of the decisions and orders of the FSRA (Superintendent of Financial Services in Mr. Brian Mills at said time) with respect to the insurance registration numbers that were denoted as being separately held by each.

22 I respectfully submit to the Tribunal that since SNIC agreed and consent to the payment of fines (see: Exhibit "A", page 19, brought by the initial allegations of contravention by the FSRA (formerly the FCSO) against it [SNIC #397], it cannot now take the position with the Tribunal that another registered insurance company in TDGIC (#353) can be substituted as the "*SABS* INSURER" when it is not. I respectfully submit that the same applies to TDGIC (see: Exhibit "A", page 20)

Volume #14: Correction of Errors: "Tribunal may, at any time, correct a similar error made in ITS decision OR order"

23. As noted in my Error Correction Request, I am seeking the correction of errors in any and all decisions or orders by the Tribunal from January 2024 to present (May 10, 2024)

24. I affirm that my Error Correction Request is NOT a "reconsideration request" like my "reconsideration request" in relation to NOM #5 as the Tribunal's orders and decisions in relation to notices of motions or that of Mr. Nieuwland on behalf of the NON-*SABS* INSURANCE COMPANY (TDGIC #353) as there were not any "final decisions" made by the Tribunal.

25 I note that in *Black Swan*, albeit in relation to an HRTO matter, that at paragraph 9 (see: Exhibit "A", page 23), the decision maker of the HRTO, noted that the Tribunal routinely grants requests to amend the names of corporate respondents to reflect their correct legal names.

26 I note that the correct legal name of the *SABS* INSURER herein is "SECURITY NATIONAL INSURANCE COMPANY" (see: including but not limited to: Insurance Policy, correspondence in my listed and attached documents to my filed Appeal on December 24, 2023; denial letters filed on or around January 9, 2024 pursuant to the requirement of the Tribunal in order to process my Appeal, my notices of motions (#1 to #3 filed in January 2024; Mr. Karat's email to me on January 23, 2024 wherein he represented to me that he was assigned as the "ADR" to handle this LAT Dispute while representing that he was "representing the SECURITY NATIONAL INSURANCE COMPANY, and the Karat COS, evidencing his service of the cover letter (see: return address of SNIC Markham with the logo in the upper left hand corner of "*TD Insurance Meloche Monnex*") and SNIC Response which he signed and filed whilst referencing the insurance company of "SECURITY NATIONAL INSURANCE COMPANY)

27. I note that TDGIC and SNIC are both "corporations" but only one can be the "insurer" (see: *Insurance Act*, s.1(1)) as it relates to *SABS*.

28. As I have claims for monetary orders in this SNIC Proceeding, I note the language in *Black Swan* which the HRTO stated, "The error in the respondent's name...is a barrier to effective enforcement of the orders." While I am not raising the issue herein as it relates to an abuse of process under section 25(1) of the *SPPA*, I note that Mr. Nieuwland, which was astonishing to me at the time of his representation to me on May 2, 2024, that "SNIC and TDGIC are one and the same". Since that is his position, and his a lawyer licensee with the LSO (which requires him to be honest in any representations or submissions made to the Tribunal), I respectfully submit to the Tribunal that there is no prejudice to TDGIC to correct (amend) the errors in previously issued orders or decisions of the Tribunal. In this regard, I also note that the issues faced by the

PAGE (07

801

applicant and then judgment creditor after the issuance of a decision and order relating to *Shinewald v. 2252419 Ontario Inc.*, 2013 HRTO 2023 (see: Exhibit "A", page 26). The applicant therein attempted to have her order enforced by the sheriff but was advised by the sheriff that the Tribunal's order could NOT be enforced (see: paragraph 5, sentence 3 therein; **Exhibit "A"**, page 26) unless it was amended to reflect the respondent's corporation name as opposed to a registered business name. As SNIC is the only corporation (*SABS* **INSURER: SNIC #397**) that has paid me benefits by ETF, pursuant to my exclusive consent to **SNIC #397**, to do so and I have NOT consented to any other insurance company paying me in said form or otherwise. I re-affirm my previously affirmed evidence that I would not be able to have a monetary order enforced, as it relates to *SABS*, against "**TDGIC #353**"; rather, I could only, in good faith and honesty, seek to enforce any monetary order pursuant to *SABS* against **SNIC #397**.

29 I am only seeking remedies against SNIC in reference to the *Insurance Act* and *SABS* (see: Exhibit "A", page 27 citing paragraph 12 of *Shinewald*).

30. I again affirm that by not correcting the errors in the "respondent's name", it is creating prejudice and difficulty for me in updating my various health practitioners, professionals *et al*, as to the status of this SNIC Proceeding as there is a differently named corporation (**TDGIC**) than the underlying documents in **TD Claim #3**.

31. As of today's date, which was somewhat of the impetus for this affidavit hereto, I was queried by two separate "professionals" who have provided services to me and continue to provide services to me (whilst I continue to attempt to resolve this LAT dispute), with words to the effect of whether any favourable decisions against **TDGIC** would have any effect in our ongoing professional relationship (i.e. whether a decision to remove me from the MIG against **TDGIC** as opposed to SNIC would authorize of any treatment plans or payment for their services through HCAI in the future). Moreover, I have had recent confirmation from one prospective health practitioner that their clinic could not submit any treatment plans without referencing the name in the **Insurance Policy** and any discrepancy between the same would not be sufficient for it. As such, before I embark on the same or provide necessary updates to my current health practitioners (which are aware of the issues involving SNIC), I kindly request that the "technical deficiencies" are corrected forthwith.

Volume #15: My Deep Concerns: I will not be treated by any current or future health practitioners until the Error Correction Request is granted

32. Without disclosing any confidential name(s), I felt compelled to provide this affidavit in support of my **Error Correction Request**.

33. For the above evidentiary reasons, some submitted on information and belief, and considering that Mr Nieuwland sees them as "one and the same" yet my I and, particularly, my "health practitioners" do not and cannot submit any OCF documents or communicate in relation to my **TD Claim #3** and my **Insurance Policy** under **Insurance Policy #001013511806** in relation to "**TDGIC**" but only **SNIC**. I would be most grateful if the Tribunal would, most expeditiously, provide me with an order that the sole insurer herein as the "respondent insurer" in relation to *SABS* is "**SECURITY NATIONAL INSURANCE COMPANY**".

34. I fear that if this "technical deficiency" is not corrected forthwith, I will be without interim treatment and I based on my diagnoses through independent MRI examinations and assessments along with my current status with **OCF-18's** being submitted exclusively to **SECURITY NATIONAL INSURANCE COMPANY**, will permanently and irreversibly suffer without the same in light of the same and the risk and prejudice to me. I had to cancel my accident related and health appointments today. As such, the damage and loss is already occurring as a result of the same. Moreover, while I have offered to pay in the interim, the insistence of certain health practitioners located in Ontario is to be paid through the "HCAI system". In this regard, I note that Mr Nieuwland on behalf of **TDGIC** took issue with my submission of **OCF-6's** as opposed to having a health practitioner in Ontario submitted an **OCF-18** – which can only be exclusively directed to **SNIC**. I do not know exactly how the payments work from SNIC to a health practitioners who is a registered license provider which

PAGE 109

802

I believe is under section 46 of *SABS* but I am informing the Tribunal of this issue as yet another ground as to why the "Error Correction Request" must be granted.

35. While Mr. Nieuwland may take, in my view, a more "laissez-faire" approach to "parties" and "insurers" and he may subjectively see "SNIC" and "TDGIC" as "one and the same", I do not and certainly my health practitioners' evidence (along with any physicians who are not members of the Royal College Of Physicians And Surgeons in Ontario all have referenced the "insurer" (i.e. the insurance company that agreed to undertake and underwrite the Insurance Policy that provided for *SABS* under the Schedule) was and is that the only "insurer" that it can communicate and correspond in relation to my impairments (see: *SABS*, ss. 3(1)) is that of Security National Insurance Company.

36. In order for me to provide any level of assurance to health practitioners in Ontario or otherwise, I am required to provide updates as it relates to this SNIC Proceeding, and I respectfully request that the Tribunal provide me with an order that I can rely upon with my health practitioners *et al* for the same.

37. I affirm that I brought the FSRA enforcement actions against SNIC (#397), TDHA (#1063), TDGIC (#353), and Primmum (#1396) as soon as I became aware of the same. Put another way, I affirm that the "timelines" of my Error Correction Request was made within hours of learning of the same. In addition to my above evidentiary reasons in support of the granting of my Error Correction Request, I believe that this will focus any further hearings and the hearing proper in a manner that is consistent with the Appeal, the SNIC Response and the underlying evidence – which is consistent with the documents tendered by Mr. Nieuwland on behalf of TDGIC (not SNIC) in relation to my NOM #4 and NOM #6 (see: all documents, albeit unnumbered, referenced one insurer and one insurer only is Security National Insurance Company). Moreover, I do not wish, and I believe it would be inconsistent with the section 2 of the *SPPA* (see: language of "most expeditious, just and cost-effective") and section 64 of the *Legislation Act* (see: language of "remedial" in relation to the "objects") to spend any further time on this issue.

38. I have provided this affidavit #22 with Exhibit "A" and its annexed pages to ensure that I have provided evidence to the Tribunal (although the FSRA decisions with their distinct administrative penalties against SNIC and TDGIC are of a public nature via online search therein despite the transition to the FSRA from the FCSO) in affirmed or sworn form (see: paragraph 6 of *Statement*, page 28 of Exhibit "A").

39. I affirm this Affidavit #22 for in relation to the above specifically (and general purposes if necessary) that the Tribunal, as a creature of statute) is required to rectify this "technical deficiency" by the removal of two words ("TD General") in favour of "Security National" in any previous decisions or orders. I thank the Tribunal in advance for its consideration of my Error Correction Request, with this evidence herein, and I look forward to being able to provide the aforementioned third parties with a copy of the same so I do not suffer any further loss or damage as a result of this "technical deficiency" or "error" (see: Exhibit "A", page 29 – "inadvertent incorrectness", "false statement not made deliberately", a "mistake" or the "state, quality or condition of being wrong"). Until the state of wrongness with the naming of "TD General Insurance Company" is correct, I affirm that I will suffer loss and damage, and I affirm, based upon belief, that since the representative (Nieuwland) for TDGIC (Non-*SABS* insurer) subjectively sees "TDGIC" and "SNIC" as "one and the same", I kindly request that the Tribunal grants the Error Correction Request in substantially the same form as I have sought such an order as that would be, in my submission, consistent with the "strict interpretation of the various statutes" (see: *Insurance Act*, *SPPA*, *Legislation Act* and *LSA* (defined herein as the "Governing Legislation")). To the extent that there is any inconsistency between the LAT Rules and the Governing Legislation, I note that the LAT Rules (effective August 21, 2023 https://tribunalsontario.ca/documents/lat/LAT-Rules.html) state that in the event of an inconsistency between the LAT Rules and legislation or regulations, the legislation or regulation prevails (see: Rule 1.2: "If there is a conflict between these Rules and any statute or regulation, the provisions of the statute or regulation prevail". Moreover, I note that the LAT Rules, Rule 3.1(c) ("Liberal Interpretation") states, "These Rules will be liberally interpreted to ensure [guarantee] consistency with governing legislation and regulations". I affirm that neither SNIC nor TDGIC have provided any authorities, based upon the same facts, or sworn evidence whose neither an "appellant" (applicant) (whether the injured person or insurance company) nor "respondent"

803

PAGE 104

(whether the injured person or insurance company) has named "TDGIC" and a "Response" has been filed on behalf of "Security National Insurance Company" that would authorize a representative to file a DOR on behalf of TDGIC and continue the LAT Proceeding as if "SNIC" was not a party and respondent (i.e. TDGIC substituted for SNIC)

40. In this vein, I note that the definition of "correction" includes "setting right" but also "substitution for an error or mistake". I note that the heading, with explicit language chosen by the Legislature, for section 21.1 of the *SPPA* is "Correction Of Errors". While I do note that the Legislature referenced the word "may" in section 21.1 of the *SPPA*, I do note that the language chosen by the Legislature in the Insurance Act for the definition of "insurer". As now noted by the FSRA enforcement decisions, the FSRA unequivocally, which passed the UDAP Rule, found that SNIC and TDGIC are separate insurance companies with separate registration insurance numbers.

41. It is my respectful submission (without making a legal conclusion or making legal argument but merely my submission to the Tribunal) that if the LAT Rules state to the public that the LAT Rules will [shall] be liberally interpreted to guarantee [ensure] consistency with the governing legislation and regulations, then it is not a matter of discretion (may) for the Tribunal but a mandatory obligation to correct the errors. I appreciate that I had not advanced this "fresh evidence" before but I note the Legislature's choice of language of "at any time correct...a similar error made in its decision or order". I respectfully ask that this Error Correction Request be brought to the attention of the "chair of LAT" – whomever that esteemed individual may be

TAB #3 PAGE 118

814

2

Now shown to me and marked as Exhibit "A", pages 1 to 23 are the following described tabs and pages (with any annotations and highlighting for ease of reference).

a. **pages 1 to 6 (Meloche Monnex Trademark)**: a print out from the Government Of Canada website (Canadian Trademarks Database) with the registration number for the trademark "Meloche Monnex" of TMA 619498 ("MM 498" or "Meloche Monnex 498") along with the initial registrant (Meloche Monnex Insurance And Financial Services Inc.), current owner (Meloche Monnex Inc.) and its agent of Fasken LLP
   i. I note that Meloche Monnex Inc. has the same address as the head office for SNIC.
   ii. I note that the filing of the application for the trademark of "Meloche Monnex" was in 1991.
b. **pages 7 to 13 (TD Insurance Trademark)**: a copy of a print out from the Government Of Canada website (Canadian Trademarks Database) regarding the trademarked words of "TD Insurance" with a TMA of 1191290 ("TDI TM 290");
   i. I note that the trademark for TDI TM 290 was filed in June 2019.
   ii. I note that the TDI TM 290 trademark was registered on July 20, 2023.
c. **pages 14 to 15**: a copy of a print from the Government of Canada website (Canadian Trademarks Database) regarding the trademark for the design of "Meloche Monnex Insurance for professionals and alumni
   a. I note that this trademark for said design was filed in January 2005.
d. **page 16**: a copy of a printout from the Government of Canada website (Canadian Trademarks Database) regarding the renewal of the trademarked words of "Meloche Monnex" on October 15, 2008 for ("MM 498");
e. **page 17**: a copy of the "Trademark Certificate Of Registration" from the Government Of Canada website (ISED) for TDI TM 290 with the registration date of July 20, 2023;
f. **page 18**: a copy of a document from the Government Of Canada website (ISED) regarding "Meloche Monnex 498" and its "Requirement To Furnish Statement Under Subsection 44.1(1) of the *Trademarks Act* (Canada).
g. **pages 19 to 21**: a copy of a printout from the website of TD Insurance | Meloche Monnex Insurance which provides the following:
   i. TD Insurance Meloche Monnex Program, specifically designed for professionals, alumni and employer groups (see page 20);
   ii. Legal.
      1. "TD Insurance Meloche Monnex" refers to the travel, home and auto insurance program for Professionals, Alumni and Employer Groups
      2. The home and auto insurance policies for Alumni and Professionals are underwritten by Security National Insurance Company and distributed by TD Insurance Direct Agency Inc. in the rest of Canada.
      3. The home and auto insurance policies for "Employer Groups" are underwritten by Primmum Insurance Company and distributed by TD Insurance Direct Agency Inc. in the rest of Canada.
      4. Address of the corporate secretariat):
         a. TD Insurance (Corporate Secretariat)
         b. 50, Place Cremazie
         c. 12th Floor
         d. Montreal (Quebec) H2P 1B6.
h. **Pages 22 and 23**: select pages from the financial statements (audited financial statements of The Toronto Dominion Bank (FIN 004) and its distinct subsidiaries as defined by it as the "TD Bank Group"
   i. I note that I am unable to find any references in these financial statements to the name at the bottom of the letters regarding TD Claim #), addressed to me, from "TD Insurance Meloche Monnex" (Security National Insurance Company) of "TD Bank Financial Group"
      i. I note for example the April 20, 2023 letter, where I take issue with the printed "As per A Nurse" instead of her signature on behalf of SNIC, with the footnote at the bottom of the letter as follows:
         a. "Member of TD Bank Financial [sic] Group".
         b. "Meloche Monnex is a trade-mark of Meloche Monnex Inc., under license, and

815

PAGE 119

c "TD Insurance" is a trade mark of "The Toronto-Dominion Bank" and used under license.

Volume #3: Concluding paragraph(2)

3 I maintain my position, evidence and submissions to the Tribunal that I cannot find any evidence that supports Mr. Nieuwland's representation on May 2, 2024 that "SNIC" (FSRA insurance company registration #397) and "TD General" (FSRA insurance registration #333) are "one and the same". I will not get into any motives or whether the process is being abused at this time and I will, in the spirit of having this SNIC Proceeding determined in accordance with the Insurance Act, SPPA, Legislation Act, LATA and the LSA along with any and all associated regulations including but not limited to SABS, Reg 664 and the LSO By-Laws, confirm by this Affidavit #24 that I do not require any further information regarding how the misapprehension was created upon the Tribunal so long as the "errors" are "corrected" in any and all previous decisions or orders

4 I provide this affidavit, inter alia, in support of correcting the error (which I say amounts to a similar error by way of "technical deficiency) in any and all orders or decisions under this SNIC Proceeding from "TD General Insurance Company" to "Security National Insurance Company".

5 I affirm this Affidavit #24 for no improper purpose and in relation to the above.

Affirmed before me at Toronto, Ontario

EXIGENCE DE FOURNIR UN ÉTAT SELON LE PARAGRAPHE 44.1(1)

Conformément aux dispositions du paragraphe 44.1(1) de la *Loi sur les marques de commerce*, le propriétaire inscrit de cette marque de commerce doit grouper et classer les produits ou services associés avec la marque de commerce, selon les classes de la classification de Nice avant le 23 avril 2024.

Les propriétaires inscrits peuvent utiliser le service en ligne sur notre site Web à l'adresse ci-dessous ou peuvent envoyer une correspondance écrite au registraire des marques de commerce, indiquant le numéro d'enregistrement ou le numéro de la demande ainsi que la liste complète des produits ou services groupés et classés selon la classification de Nice. Chaque groupe de produits ou services devra être précédé du numéro de la classe de cette classification à laquelle il appartient et étant présenté dans l'ordre des classes de cette classification. Pour des renseignements supplémentaires au sujet de la classification des produits ou services, veuillez consulter le *Manuel d'examen des marques de commerce* sur notre site Web à l'adresse ci-dessous.

Veuillez noter que cette exigence s'applique uniquement aux produits ou services existants tels qu'ils figurent actuellement sur le registre des marques de commerce.

REQUIREMENT TO FURNISH STATEMENT UNDER SUBSECTION 44.1(1)

Pursuant to subsection 44.1(1) of the *Trademarks Act*, the registered owner of this trademark is required to group and class the associated goods or services according to the classes of the Nice Classification on or before April 23, 2024.

Registered owners may use the e-service on our website at the address below or send written correspondence to the Registrar of Trademarks indicating the registration number or the application number and the complete listing of goods or services grouped and classed according to the Nice Classification. Each grouping of goods or services must be preceded by the number of the class of the Nice Classification to which that group of goods or services belongs, and presented in the order of the classes of the Nice Classification. For more information on the classification of goods or services, please consult the *Trademarks Examination Manual* on our website at the address below.

Please note that this requirement applies only to the existing goods or services as they currently appear on the register of trademarks.

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT/APPELLANT

AND:

TD INSURANCE MELOCHE MONNEX (SECURITY NATIONAL INSURANCE COMPANY)

RESPONDENT

Affidavit #26 of Kevin A. McLean

In a matter under the *Insurance Act*, RSO 1990, c I.8, (the "*Insurance Act*")

In the matter of an "Application of an Injured Person" ("Application" or "AIP") filed by the Applicant with the License Appeal Tribunal ("LAT") Automobile Accident Services ("AABS") on December 24, 2023, and served on Security National Insurance Company ("SNIC"), FRSRA Insurance Registration Number 397 ("SNIC #397") and a response filed by SNIC with LAT on January 25, 2024, all pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation to statutory Accident benefits and the following regulations including but not limited to:

i. *Statutory Accident Benefits Schedule*, O Reg 34/10 ("*SABS*"); and
ii. *Automobile Insurance*, RRO 1990, Reg 664 ("*Reg 664*").

I, Kevin Alexander McLean, Disabled[1] (B.A., J.D., CIM) of Toronto, Ontario AFFIRM THAT:

VOLUME #1: Affirmation

1. I am the affiant (also defined as the "Appellant", "Applicant", "Insured Person", "Disabled Individual" and/or "CAT Impaired Individual") herein and I affirm, under the pains and penalties of perjury, the following facts to be true. Where I have stated information on my belief, I have cited the source of my belief by references, citations, cut-outs or otherwise. When I have used the expression of "in my view", "in my opinion", or "belief", I am not drawing any conclusion of law or affirming my conclusion of law but rather citing my position and opinions as a matter of fact.

PAGE 159

837 This is the 21st Affidavit of Mr. Kevin A. McLean under TD's Claim Number [illegible] (the "Claim Number" or "TD Claim #2"), TD Insurance Policy Number [illegible] (the "Policy Number"), LAT File Number "[illegible]" (the "LAT File Number" or "LAT Proceeding") under section 258(2) of the Insurance Institutions Act (the only respondent party (the "Sole Respondent Party") is Security National Insurance Company ("SNIC") with an FSRA Registration Number of 709 ("FSRA #709")

2. I adopt the definitions from my previously filed documents in this LAT Proceeding (also defined as the "SNIC Proceeding") and they have the same meaning herein as they do therein unless expressly denoted otherwise.

3. I have filed and served (with a COS filed with the Tribunal) my affidavit #26 on SNIC with a courtesy copy to the Fictitious Respondent and Nimrodland and his non-fictitious (authentic) legal assistant in Ms. Ortiz. I have also served a courtesy copy upon the "TDMADR email account".

4. I provide a copy of this Affidavit #37 in support of NOM #11.

Volume #2: Independent status certificates for SNIC and Fictitious Respondent

5. I affirm that I have applied and paid the requisite fees to the FSRA to obtain the certificates of status for the following:

   a. SNIC; and
   b. Fictitious Respondent.

6. I will provide them to the Tribunal when I receive the same.

Volume #3: No record of any denial notice on or around December 23, 2023 in relation to my IRB benefit

7. In relation to the above heading, I affirm that as of today's date I cannot find any record of any denial dated on or around December 23, 2023, as pleaded by SNIC, in relation to my IRB benefit. I affirm, on belief, that no such denial notice was ever sent by SNIC and I intend to proceed with my NOM #11 which seeks to reset the subsistence of NOM #4 with the added monetary amounts from December 23, 2023 to June 20, 2024.

8. I put SNIC to strict proof herein.

Volume #4: No DOR filed on behalf of SNIC

9. I affirm that I have not received a DOR on behalf of SNIC and with the Fictitious Respondent not opposing the relief in NOM #8, I do not have any authorized representative in this SNIC Proceeding for SNIC albeit I will continue to serve the unlicensed representative in Mr. Karat with any and all materials for SNIC.

10. I object to Mr. Nimrodland file a DOR on behalf of SNIC and I affirm that he has not done so since the Non-Party Admission on June 6, 2024.

Volume #5: Costs

1 Aug 140

838 In the 27th Affidavit of Eric A. McLean under TD's Claim Number [redacted] (the "Claim Number" or "TD Claim #"), TD Insurance Policy Number [redacted] (the "Policy Number"), LAT File Number "[redacted]" (the "LAT File Number" or "LAT Proceeding") under section 258(2) of the Insurance Act dealing the sole respondent party (the "Sole Respondent Party") in Security National Insurance Company ("SNIC") with an FSRA Registration Number of [redacted] ("SNIC #####")

11. I affirm that if SNIC does not provide any responsive materials, with a DOR filed by a licensee on its behalf by the end of the business day on June 11, 2024, that I intend to proceed with my NOM #11 with it being heard on June 20, 2024, and seek costs in the amount of $1,000 for all three motions.

Volume #6: Pre-emptive notice to Nieuwland and any other potential licensees who may be retained by SNIC who are part of a Non-SABS Insurer department that is NOT SNIC

12. To underscore my position and reasons as to why I object to Nieuwland filing a DOR on behalf of SNIC, I quote from *Transamerica*, as per The Honourable Justice Price of the Ontario Superior Court, at paragraph 56 citing *Dervishalli* (emphasis is mine):

> "(56) On this basis, the Divisional Court in Dervishalli concluded:
>
> The only basis upon which State Farm [tort liability department] was entitled to access the plaintiff's accident benefit file contents was with the consent of the plaintiff or by court order. That consent was never sought, nor was it ever provided. By disclosing this information to Reisler [the lawyer it had retained to examine the insured under oath pursuant to the Statutory Accident Benefits Schedule] without the consent of the plaintiff, State Farm placed Reisler in an irreconcilable position of conflict, and the only appropriate remedy is to remove Reisler as the solicitor of record for State Farm in these proceedings.

13. I again affirm that I NEVER consented to TDCIC having access to my accident benefits file with SNIC and I absolutely never consented to TDCIC being able to collect and access my accident benefits file exclusively with SNIC and then substituting itself as the "respondent party" for SNIC, and then reciting and recoiling from said position that it held for, at least, 130 days.

14. Neither SNIC nor the Fictitious Respondent has provided any evidence of a court order to engage in the conduct that the Fictitious Respondent did (some known to me and presumably some unbeknownst to me).

15. As Nieuwland has finally admitted as of June 6, 2024 that the Fictitious Respondent is not the "respondent party" herein, I affirm that I oppose Nieuwland (or any individual so associated, affiliated, supervised, advised, instructed or facilitated by him or in the future) being involved in this SNIC Proceeding by formal declared representation of SNIC or by virtue of providing legal services, practising law, or deemed representation of SNIC pursuant to section 1(7) of the LSA in relation to myself and SNIC in relation to the SNIC Proceeding. [9]

16. Since Nieuwland was not the representative to a party herein, I affirm that I do not take issue with him confirming with the Tribunal that he has removed himself as the representative to the Fictitious Respondent. In light of my reading of Rule 24 (see: Affidavit #26, page 12, paragraph 12) in that only a representative to a party (see: "removed as a party's representative at the Tribunal") must follow said requirements to do so when it is less than 30 days before an adjudicative event, I affirm that if SNIC does not appoint a representative and said representative does not file a DOR that SNIC that I will presume that it does not oppose the relief in NOM #10 and #11.

Page 1 of 11

839 In the 27th Affidavit of Mr. Kevin A. Hickson under TD's Claim Number [illegible] (the "Claim Number" or "TD Claim #"), TD Insurance Policy Number [illegible] (the "Policy Number"), LAT File Number "[illegible]" (the "LAT File Number" or "LAT Proceeding") under section 258(1) of the Insurance Act involving the sole responding party the "Sole Respondent Party") is Security National Insurance Company ("SNIC") with an FSRA Registration Number of 307 ("SNIC #307")

17. My position remains, as a notice to SNIC, that since Nieuwland was a "representative" to the Fictitious Respondent and he made the Non-Party Admission on June 6, 2024 that if SNIC wished to have a representative herein, it was required to instruct said representative to do so immediately (see: Affidavit #26, paragraph 11 of the body therein on page 12 of 68).

18. Since SNIC and Mr. Karst's position was that Mr. Karst could exclusively and solely file, sign and serve the SNIC Response, then my position (while disagreeing that Mr. Karst could) will be that if Mr. Karst does not consent to the relief in NOM #8 and NOM #10 on behalf of SNIC by the end of the day (even after five p.m.) that SNIC is putting me to further expense and I will seek costs against it for NOM #8.

Volume #7: Concluding paragraph and Jurat

19. I am not aware of any impediment to SNIC to retain an independent licensee or law firm to represent it in this SNIC Proceeding.

20. I affirm that the conduct of the Fictitious Respondent and SNIC (by omission and failing, as I allege, to act in accordance with its duties of good faith and fiduciary duties (see: Beasley, 2010 ONSC 2095 at paragraph 34 per the Honourable Justice Moore)) and the "party" issues continues to cause issues in my ability to receive the necessary benefits under SABS. As such, I have informed, in light of the delays caused by the conduct of SNIC and the Fictitious Respondent, my health care professionals (in Canada and abroad) that I will proceed to seek the relevant payments for them by NOM #11. I must be respectful to the services that I have received, am receiving (where applicable) and for future purposes (myself included) and take all necessary steps to ensure that each are paid for the services they have provided and/or where I have incurred the expenses that I am reimbursed for the same in accordance with SABS.

21. I provide a courtesy notice to SNIC and any potential licensee that may be retained by SNIC that I will oppose any adjournments and I welcome any responsive materials in relation to my NOM #8, #10 and potentially filed NOM #11.

22. I affirm this Affidavit #27 for no improper purpose and in relation to the above.

Affirmed before me at Toronto, Ontario
On this 11th day of June 2024

Mr. Kevin A. Hickson (B.A., J.D., CIM)

---

[1] "Insurance" means the undertaking by one person to indemnify another person against loss or liability for loss in respect of a certain risk or peril to which the object of the insurance may be exposed, or to pay a sum of money or other thing of value upon the happening of a certain event, and includes life insurance (see: s.1(1) of the UDAP Rule);

[2] UDAP Rule, 1(1)(v)(c): "Contract of insurance" means(c) for a contract of insurance not referred to in (a) or (b), has the meaning ascribed to "contract" in s. 1 of the Act; see: section 1(1) of Insurance Act (Ontario): "contract" means a contract of insurance, and includes a policy, certificate, binder receipt, renewal receipt, or writing evidencing the contract, whether sealed or not, and a binding oral agreement;

[3] See: *SPPA*, section 1(1) definition of 'license registration or similar form of permission required by law';

[4] See: *Insurance Act*, ss. 279 (includes does not exclude); see: section 3(1) of SABS which includes the Spouse of the Individual Named Insured (Antipodes)

[5] As defined under UDAP Rule, ss. 1(1): "Claimant": "means a person who claims statutory accident benefits or who otherwise claims any benefit, compensation or payment under a contract of insurance.

[6] See: SNIC Response on January 25, 2024

[7] One year after the Accident as determined by a physician (neurosurgeon) when reviewing the four different MRIs that I had since the Accident (please: Affidavits #1 to #6 which were attached to my filed pleading herein on December 24, 2023).

[8] I also object to his involvement in TD Claim #3 and request to associated, affiliated, advised or supervised by him as it relates to TD Claim #3.

84 Affidavit #28 of Mr. Kevin A. McLean under TD Insurance (SNIC: "Aurora Pagnan") Claim Number 0353887903 ("TDC Claim #3") / TD Insurance Policy Number 0060012511806 (the "Policy Number"), LAT File Number "22-015468/AABS" (the "LAT File Number" or "LAT Proceeding") under Section 280(2) of the *Insurance Act* involving the sole respondent party (the "Sole Respondent Party") is Security National Insurance Company ("SNIC") with an FSRA Registration Number of 397 ("SNIC #397")

SECURITY NATIONAL INSURANCE COMPANY

RESPONDENT

Affidavit #28 of Kevin A. McLean

In a matter under the *Insurance Act*, RSO 1990, c I.8, (the "*Insurance Act*")

In the matter of an "**Application of an Injured Person**" ("**Application**" or "**AIP**") filed by the Applicant with the License Appeal Tribunal ("**LAT**" or "**Tribunal**") Automobile Accident Services ("**AABS**") on December 24, 2023, and served on Security National Insurance Company ("**SNIC**"), FRSRA Insurance Registration Number 397 ("**SNIC #397**") and a response filed by SNIC with LAT on January 25, 2024, all pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation to statutory Accident benefits and the following regulations including but not limited to:

i. *Statutory Accident Benefits Schedule*, O Reg 34 10 ("*SABS*"); and
ii. *Automobile Insurance*, RRO 1990, *Reg 664* ("*Reg 664*").

I, Kevin Alexander McLean, Disabled[5] (B.A., J.D., CIM) of Toronto, Ontario, SWEAR THAT:

VOLUME #1: Background

1. I am the deponent or affiant (also defined as the "**Appellant**", "**Applicant**", "**Insured Person**", "**Disabled Individual**" and/or "**CAT Impaired Individual**") herein and I swear, under the pains and penalties of perjury, the following facts to be true.

2. Where I have stated or sworn information on my belief, I have cited the source of my belief by references, citations, end-noting or otherwise. When I have used the expression of "in my view", "in my opinion", or "belief", I am not drawing any conclusion of law or swearing my conclusions of law but rather citing my position and opinions as a matter of fact. As an administrative note, I have switched from "affirming" to "swearing" herein and will do so in the future. Where I have referenced previous affidavits and used the word "swearing", I am referring to my affirmations therein.

3. I adopt the definitions from my previously filed documents in this **LAT Proceeding** (also defined as the "**SNIC Proceeding**") and they have the same meaning herein as they do therein unless expressly denoted otherwise.

4. I swear that I repeat and rely upon my previous evidence which I will, unless **TDGIC** provides me with copies of the requested documents or things, submit is relevant to the issues in my motion that seeks production of documents or things from a non-party(ies) in **TDGIC** and any authorized agents of **TDGIC** from the times known to **TDGIC** and them (the "**Non-Party Production Order Motion**" or "**NOM #13**"). Re: 23/015662/AABS – Further Request for Production of Non-Parties

PRODUCTION ORDER –NON PARTY(IES)

[redacted]

Kevin McLean <mcleansniclat@gmail.com> Tue, 9:40 A

to Matthew, Christiana, Michelle, Arla Saeed, Adrianna.Klukowska

Re: 23/015662/AABS Further Request for Production of Non-Parties

Dear Sirs/Mesdames:

I write regarding the above and confirm that I made a request for production of TD General Insurance Company ("TDGIC" or "Non-Party") for all documents or things in its possession or control since TDGIC was retained regarding my claim for accident benefits. I was assigned TD Claim #3 in September 2022. As you will know, in February 2024, I learned that there was a fictitious TD claim number assigned to me that had the same initial string but ended in 04

As noted in my recently filed submissions for NOM #6 and NOM #9, post the granting of my NOM #8, I also noted that in October 2023, I received an email (absent consent to discuss matters via email), that involved TD Claim #2 which was not my TD claim number and unknown to me. However, I will presume it was the TD claim number of either my Spouse or IBAW Financial Services Inc.

As you know, at all material times, TDGIC was a non-party in the SNIC Proceeding and never an insurer as it related to SABS. As such, it was and is a non-party

As TDGIC never filed a Response in the SNIC Proceeding but an unknown individual(s) misrepresented to the Tribunal that TDGIC was the sole respondent party hereto, I went to great lengths to obtain the order in NOM #8.

It is my position and evidence, on belief while citing the various sources for my belief, that TDGIC was intimately involved in the decision making process and decisions as early as March 2023 (see my affidavit #3 in this regard) and perhaps earlier.

Therefore, any and all documents or things that relate to the involvement of TDGIC (the "Non-Party"), TD Claim #4 (also defined as the "Fictitious TD Claim Number") and Mr. Nemtsan, Ms. Morales (and her supervising lawyers), Ms. Ortiz and other unknown individuals (collectively the "Individual Non-Parties") who were involved with the same are *relevant* to the issues in this SNIC Proceeding.

To the extent that Non-Party had its file denoted as TD Claim #4 and that is the manner in which the Individual Non-Parties (which exclude Mr. Karst as he signed and filed a Response for SNIC's

assisted in the same and it is all in "one file", kindly provide a copy of the contents of that file by no later than end of business day tomorrow. To the extent that the Individual Non Parties have documents or things in their possession or control that do not fall within TD Claim #4 (case file management) and are relevant to this SNIC Proceeding by way of any conduct or decisions that pre-date my filing of the Appeal, kindly provide copies under this thread.

If I do not hear back from you with full production or a response confirming a timeline by end of business day tomorrow, I will rely on this correspondence and file a motion upon the Non Parties and Individual Non-Parties, along with a copy on the other party (SNIC), and seek the relief therein. I may supplement this request but for the time being, it is to be read in conjunction with my previous request as of yesterday when serving you with the written submissions for the Col motion (NOM #6 and NOM #9). As noted, I could only make this demand once. NOM # was granted.

I will largely be away today and tomorrow so kindly excuse any delay in my response.

Should anything be unclear, kindly revert back under this thread or I will presume the demand and scope is sufficiently clear. Thank you.

Appendices

Appendix #1: Rule 9.2.2

9.2.2 ORDERS FOR NON-PARTY PRODUCTIONS

A party seeking production from a non-party may request an order from the Tribunal by filing a notice of motion and serving it on the other parties and the non-party. The notice of motion must provide contact information for the non-party.

The Tribunal may order a non-party to disclose or produce any document or thing that the Tribunal considers relevant to the issues in dispute in the proceeding.

The requesting party must make reasonable efforts to obtain the document or thing without a production order.

Before an order is granted by the Tribunal, the non-party will have an opportunity to make submissions as set out in the notice of motion hearing.

Appendix #2: Authentic TD Claim #

PAGE 161

To Matthew, Christiana, Michelle, Arla.Saeed, Adrianna.Klukowski

Dear Sirs/Mesdames,

I am writing to confirm that the aforementioned documents were delivered successfully. I would also like to clarify a few points regarding the inapplicability of litigation privilege and solicitor-client privilege for TDGIC.

Firstly, I want to confirm that there was no litigation privilege at any time relating to the Non-Party (TDGIC). Additionally, if your position was that litigation privilege arose from the time that TDGIC was misnamed in the style of cause, it would have ended on June 21, 2024, due to the retrospective or retroactive nature of the Morrissette Order.

Secondly, I want to confirm that no representative from TD Insurance Staff Legal has filed a DOR for SNIC. As such, Mr. Karat remains the sole unlicensed representative for SNIC. To the extent that Mr. Nieuwland or any licensee that was engaged in any form of deemed representation for TDGIC (see: section 1(7) of the LSA), files a DOR for SNIC, this will further underscore the above point.

Lastly, if you consider relying on solicitor-client privilege between a solicitor (Mr. Nieuwland) and a client (TDGIC), the retainer between TDGIC and TDISL would be unlawful from the outset and no privilege attached.

I provide this courtesy notice to ensure that the Tribunal's resources are not wasted unnecessarily.

You are required to preserve any and all documents from the above until the Non-Party, inclu(ing) the Individual Non-Parties (along with any documents in joint possession or control of TDISL), that are relevant to the issues in this SNIC Proceeding, have made full production under this thread to our mutual satisfaction. If we have not agreed that the document production is full, accurate, and complete, the Non-Party, the Individual Non-Parties, and TDISL must preserve and retain all documents until the Tribunal has made an order in relation to my potential motion and all time limits for judicial review or appeals have been exhausted.

As the above sought and demanded documents are relevant to the issues in this SNIC Proceeding (which you will know better than I) and a long weekend is approaching along with the delays in obtaining an order in NOM #8 which should have been by consent order in January 2024, I intend to proceed expeditiously if I do not hear from you by the end of the business day tomorrow (Wednesday, June 26, 2024). I intend to do so because this will provide further oversight for any potential destruction or deletion of relevant documents therein. Moreover, it will provide necessary oversight in the event that a file transfer is required to an independent licensee or licensee firm that requires TDGIC to transfer its file (the "Fictitious TD Claim Number"), which I presume was in early 2023, to such an independent licensee which would be distinct from that of TD Claim #3 (SNIC).

Thank you for your attention to this matter.

Yours truly,

Mr. Kevin A. McLean (B.A., J.D., CIM) (he/him)

Re: potential motion for production order of non-parties pursuant to Rule 9.2 of the LAT Rules (effective August 21, 2023) – URGENT

Dear Sirs/Mesdames,

I am writing to confirm that I will file a motion for production orders of a non-party if I do not have access to all relevant records in the possession or control of non-parties, including TDGIC ("Non-Party" and "Non-SABS Insurance Company"), and its authorized agents since the Date Of Loss (August 31, 2022).

As the Tribunal has clarified today in NOM #8 that Mr. Karat was the sole signatory and filer of the SNIC Response and that Mr. Neuestand has only been acting for SNIC since Friday June 28, 2024, I am now able to proceed with my motion.

To comply with the requirement to make reasonable efforts to obtain these documents or things from the Non-SABS Insurance Company, I will affirm on belief that TDGIC has been involved since on or around the time of the request for email communications and the Spam Faxes (March 2023 and April 2023). The requested documents are highly relevant to the issues in this SNIC Proceeding.

862

(6) TAB #10 PAGE 163

The relevant issues in the SNIC Proceeding, as governed by the pleadings signed by Mr. Kanat, relate to documents or things wherein TDGIC was involved in TD Claim Numbers (see: TD Claim #3, TD Claim #2, and the Fictitious TD Claim Number (which was identified in a *PIPEDA* response on behalf of the Fictitious Respondent (TDGIC) therein (see reference to a letter apparently sent on March 26, 2024, relating to the "Andy Gera" issue).

The contact information for the non-party (TDGIC) will be the address in North York that was referenced in the Spam Faxes in Spring 2023 and by reference to the Non-Party(ies) participation in the SNIC Proceeding.

Due to the time required to obtain the necessary orders and the clarification of NOM #8, I am now in a position to file my motion and obtain the relevant documents or things which will be of use herein.

TDGIC and any authorized agents for TDGIC (and any other unknown non-parties) are required to preserve any and all records or things until the Tribunal has decided my motion and all avenues of reconsideration, judicial review, and/or appeals have been exhausted by the parties (myself, SNIC, and any non-party (TDGIC) or authorized agents for the Non-Party, including TDISL in its capacity of acting for TDGIC).

To the extent that I do not receive access to any or all of the requested records involving TDGIC from a time known to it (perhaps earlier than March 2023) by the end of the business day by return email(s) herein, I confirm that I have provided reasonable time for the Non-Party to provide me access to the same.

As Mr. Nieuwland has not commenced acting for SNIC until June 28, 2024, all of the records of his representation for TDGIC in the SNIC Proceeding fall under that category. It is my belief that TDGIC has been involved as the Fictitious SABS insurance company ("Fictitious SABS Insurance Company") since as early as January 2023 and perhaps before that time. However, this again coincides with my only PIPEDA request in February 2023 regarding SNIC.

In relying on Rule 9.2, I was fortunate enough to find the *Old LAT Rules* in PDF format and it is attached herein by reference to Appendix #2. I note that Rule 9.2 is a new feature of the New LAT Rules in that regard but I will, of course, cite relevant authorities for production by a non-party(ies) with respect to the relevance test.

I again seek any and all copies of documents or things relating to the timing of TDGIC's involvement in the TD Claim #3 (and other TD Claim #).

I may supplement this letter with particulars of what I am seeking with respect to TDGIC's collection, use and disclosure of my information, personal information, personal health information, and confidential information, and any rules it had with respect to any decisions that were purportedly made by SNIC in relation to my claims for accident benefits. However, irrespective of supplementation, TDGIC has the burden of persuasion regarding production of documents as it will know of all of its relevant involvement in the TD Claim Numbers and the SNIC Proceeding including but not limited to when it received any Confidential Information from SNIC and for what purposes.

I remind all of their obligations under the Insurance Act, associated regulations and the UDAP Rule.

I remind all licensees of their obligations under the LSA, LSO By-Laws, ROPC (lawyers and paralegals), and applicable policies.

863

(7) page 16/1

I confirm that any and all non-parties (although Mr. Nieuwland when representing TDGIC referred to various individuals as "parties") have not sought any extension of time

I confirm that I am distinguishing between various capacities and had Mr. Nieuwland not filed a DOR for SNIC, it may have affected this potential motion. However we now have a clear timeline in this SNIC Proceeding as to when Mr. Nieuwland commenced acting for TDGIC (January 30, 2024), and then commenced acting for SNIC (June 28, 2024). I again note that January 23, 2024 email from Mr. Karat to myself albeit on behalf of SNIC.

I again note that Ms. Persaud was away from the office from September 2023 to early January 2024 so in reference to TD Claim #2 (not my TD Claim Number) and the e-mail sent to my email (not by consent and not for TD Claim #3), there must be a mystery writer in that regard and it did not reference SNIC in that email.

I will of course exhaust any and all other avenues available to me that will compare and contrast the document produced, volitionally or by order, against those other avenues in the event the Tribunal is yet again misled.

I will (if necessary) rely on the documentary admissions and signed documents by Mr. Nieuwland in his capacity as counsel to TDGIC.

I confirm that I have NOT included Mr. Karat in this email as he has solely acted for SNIC in this SNIC Proceeding and represented that he was only an ADR Specialist (not a claims adjuster). I further confirm that the SNIC Response failed to list and attach any documents therein

I stand by my position that a representative on behalf of TDGIC misrepresented that TDGIC was the sole respondent herein in January 2024. You will also recall that I attempted to have the style of cause changed in February/March 2024 but Vice Chair Lake declined to rule on that order at that time. Therefore, it required the representations of Mr. Nieuwland on May 2, 2024 that were misrepresentations (i.e. "TDGIC and SNIC are one and the same" [sic]) to have that evidence, along with the FSRA evidence in the form of certificates of status). By Mr. Nieuwland filed DOR on June 28, 2024, he has admitted that SNIC and TDGIC are not one and the same

Should anything be unclear, kindly let me know by the end of the business day. Otherwise, I shall presume my request is sufficiently clear and it includes any and all documents or things (including any disclosures made by TDGIC to other organizations) since the Date Of Loss to present

Thank you for your attention to this matter.

Sincerely,

Appendices

Appendix

9.2.2 ORDERS FOR NON-PARTY PRODUCTIONS

TAB 49

Electronically filed / Déposé par voie électronique : 18-Feb-2025
Toronto Superior Court of Justice / Cour supérieure de justice

TAB #20: ORAL COMPENDIUM: COURT FILE NO. DC-24-00000718-00JR

Divorced Husband Conflicted Lawyer, to do so and bind SNIC. However, I believe and allege that Karat breached the LSA and its By-Laws along with whomever was his supervising lawyer(s).

VOLUME #1(B)(XIII): Rule 14.6

77. I submit and have submitted that SNIC is required to attend the case conference as it is a "Party" as defined under Rule 2.16.

78. As SNIC does not have a licensed lawyer representative, I believe it is required to have one if it wishes to provide any oral submissions on May 2, 2024. I will object to any late attempt to do so but my position remains.

VOLUME #1(B)(XIV): Adjournments

79. I appreciate that Nieuwland has finally provided the name and contact information for his legal assistant in Ms. Ortiz but do note that Ms. Moraes was not his legal assistant when referencing her signature block. Having cursorily review the **Purported Hearing Briefs** (motion submissions), as I am applying to strike them unless Mr. Nieuwland has brought forth a motion to seek leave, I do not admit and expressly deny any submissions he has made that are prejudicial to me or favourable to him and/or *TDGIC (NON-SABS INSURER)*. I do not agree that Ms. Moraes was his legal assistant at any time as required by the LSA, its By-Laws and the ROPC.

80. The Tribunal was copied on emails from Ms. Moraes wherein she represented, in her email signature block, was the assistant to Ms. Saeed and Ms. Klukowska.

VOLUME #1(B)(XV): Nieuwland's costs

81. By implication and reference, I have submitted that the portion of Nieuwland's submissions in the **Purported Hearing Briefs** and his motion (already not to be decided) are abuses of processes in whole and with particular reference to his references on costs (see Rule 19).

VOLUME #1(B)(XVI): Rule 20.5

82. As a party, the "Appellant", I will continue to exchange my settlement offers and be prepared to discuss settlement at the case conference so long as SNIC has a representative who is a lawyer licensee. If not, then I will ask for my outstanding motions to be decided forthwith and immediate payment of all outstanding benefits under *SABS*.

VOLUME #1(C): Breaches of Procedural Fairness and Protecting the integrity of the Tribunal Process

83. I have prepared this affidavit now over multiple days, with assistance in a variety of areas (not limited to technological and administrative), and I further re-affirm my position, like the arguments made in Orne, that the striking of the **Purported Hearing Briefs** must be determined prior to me responding by way of reply to said **Purported Hearing Briefs** (see: Orne, NOM #7, HB, pages 340).

I. I do not follow how Nieuwland could not take the time to provide an index for NOM #4 and NOM #6 when the LAT Order in relation to NOM #4 (which referenced the "party responding to the motion" which had to be SNIC in my submission) was on or around February 13, 2024. I believe that Nieuwland has and is deliberately abusing the process of the Tribunal. I believe that he is

1004 299

attempting to slow down the requirements of an "insurer" within the TD Insurance Group by creating procedural "roadblocks" for me and not having taken the step to file a DOR for SNIC.

85. I re-affirm my position Nieuwland must and should be excluded from making any further submissions or filings on behalf of *TDGIC [NON-SABS INSURER]* in light of, inter alia, the COI Motion along with NOM #7.

86. Pursuant to Mosa and By-Law 7.1 of the LSO, I also allege that Mr. Karat is not authorized to act for SNIC in any matters that involve CAT Impairment". I further note that Mr. Karat has represented in his auto-reply emails that he is de-authorized in relation to SNIC but not Primmum, *TDGIC [NON-SABS INSURER]* and TD Home & Auto.

87. If this Appeal did not involve "CAT Impairment", it may have been that Mr. Karat could appear without counsel but I remain of the view that Mr. Karat could not sign the **Purported SNIC Response**.

VOLUME #1(D): *Wheeler v. Taylor*

88 As my position and submissions remain that *TDGIC [NON-SABS INSURER]* is not a "Party", and any misnomer in the style of cause at first instance was deliberately and intentionally, in my view, opposed by the "Party" in SNIC by the **Purported SNIC Response** and the Karat COS, I do not believe that any client of Nieuwland or Karat, or any "Deemed Representatives" pursuant to section 1(7) of the LSA, could waive the conflict when they are likely witnesses as it relates to this SNIC Proceeding subject to any "settlement agreement" (see: Reg 664, s. 9.1) (see: NOM #7, HB, Tab 8, page 352; see also: ibid, page 694 of Tab 35)).

VOLUME #1(E): Bosa (see: HB, NOM #7, Tab 9, page 358)

89. I remain of the view and position, as there is no sworn evidence or any evidence that I have seen or been served with that contradict my position that the Divorced Husband Conflicted Lawyer had duties to my Spouse and myself to not engage in any conduct that was against her interest, my interests and our interests (the "Third Party Duties" of the Divorced Husband Conflicted Lawyer). I note that the Conflicted Lawyer has not denied any of my evidence to date or by the LAT Order of April 9, 2024 with a deadline of April 18, 2024

90. I have submitted and continue to submit that the Divorced Husband Conflicted Lawyer (also defined as "**Tainted Lawyer**") has created an irreconcilable conflict of interest for any and all associates, affiliates, partners, or individuals who have acted, as being employed by TD Insurance, TD General Insurance, and TD Bank (see: Ms. Klukowska). I remain of the position, which will not change, that SNIC requires an independent law firm and independent lawyer licensee wherein there are "Chinese Walls" and "cones of silence"

91. I note the language in Bosa, by Mr. Justice Perell, that primacy is given to ensuring the integrity of the both the legal profession and the administration of justice (see: NOM #7, HB, Tab 9, page 359, paragraph 95).

VOLUME #1(F): Duty of Good Faith and Fiduciary Duties (see: Beasley) [document exchange is not an adequate order]

1006 300

92. Whether Nieuwland is able to obtain leave regarding any and all of the above including filing a DOR for SNIC, my position will remain, as a courtesy and for notice purposes (not making legal argument or drawing legal conclusions) that SNIC is required to have a representative that is a lawyer licensee as this SNIC Proceeding involves issues where I am CAT impaired by the only medical evidence to available.

93. My position remains that SNIC is required to have a lawyer-licensee who is independent of SNIC (and has not been involved like Nieuwland has or any "Deemed Representatives" herein (known or unknown) as per SNIC owning me a duty of good faith and fiduciary obligations (see Beasley, NOM #7, HB Tab 10, page 362 at paragraph 34).

94. Since *TDGIC [NON-SABS INSURER]* is a "Non-*SABS Insurer*", I believe and allege this is why *TDGIC [NON-SABS INSURER]* has not acted in accordance with what I allege to be breaches of the duties of good faith, duties of fidelity and fiduciary duties. As noted in Beasley, "the obligation...to pay accident benefits is very different from the exposure that a defendant faces in a tort action".

95. While there may be intercorporate relationships between SNIC, *TDGIC [NON-SABS INSURER]*, Primmum, TD Direct and TD Home And Auto, I am not a party to those contracts, and I am not an "Insured Person" as it relates to the four insurance companies NOT named SNIC.

96. From the DOL to the time of the Purported SNIC Response, at no point, did any individual on behalf of SNIC or *TDGIC [NON-SABS INSURER]* represent to me that *TDGIC [NON-SABS INSURER]* was the *SABS Insurer*. Each and every piece of communication between myself and SNIC has been to SNIC Markham or SNIC Burlington via the fax numbered provided at first instance and then Ms. Persaud (or at least referenced to her).

97. *TDGIC [NON-SABS INSURER]* never sought my consent to go into the accident benefit file and, collect, used and disclose my Confidential Information for the purposes it did and, most unequivocally, not for any purposes outside of the OCF documents (particularly the OCF-1) or in breach of PIPEDA. I am not aware of any court order that *TDGIC [NON-SABS INSURER]* has obtained to have done so. Irrespective of whether Mr. Nieuwland and *TDGIC [NON-SABS INSURER]* were aware or not aware of the scope of an OCF (which I would find shocking), there is no evidence before the Tribunal, or at least not served on me, that provides my consent for Nieuwland, on behalf of a NON-*SABS Insurer* to use my confidential information, attempt to destroy or disarm my legal rights under the *Insurance Act* and *SABS*, and seek costs in amount that would exceed any amounts allowable under Rule 19.

VOLUME #1(F): Mansuri

98. While counsel for Dominion of Canada General Insurance Company ("Dominion Insurance Company") represented to Vice Chair McGee of LAT that the remedy or order for impermissible sharing (not necessarily disclosure) of "confidential information" was for the parties to exchange documents, there was no dispute in Mansuri of the correct applicant in each of the proceedings and the correct and legal name of the "SABS insurer therein" which was Dominion Insurance Company. However, there remains an undecided and live issue as to why Kanat has represented SNIC and Nieuwland continues to act for the Non-SABS Insurer

99. I continue to object and affirm that I have not, am not and will not consent to any "joint adjusting" by SNIC and *TDGIC [NON-SABS INSURER]* or any "quasi" joint representation of SNIC and

TDGIC [NON-SABS INSURER] by Karat for SNIC and Nieuwland (*TDGIC [NON-SABS INSURER]*). To the extent that Nieuwland attempts to bring a motion to add *TDGIC [NON-SABS INSURER]* as a party, I object. I do not take issue with Mr. Nieuwland being included as a party as *INSURER]* as a party, I object. I do not take issue with Mr. Nieuwland being included as a party as I am seeking costs against him in his personal capacity for what I allege to be unreasonable, bad faith, and imprudent conduct.

100. SNIC's disclosures to *TDGIC [NON-SABS INSURER]* occurred without my knowledge and my consent, and without my written and express consent (see: NOM #7, Tab 12, page 384 for reference to the position of Dominion Insurance therein as a defence to why the applicant, Mr. Mansuri, did consent to the pooling of information between the files of the Mansuri brothers). I affirm that I agree with the position of the respondent's counsel in Mansuri particularly in light of the fact that the "brothers" were likely engaging in tendering "duplicative invoices". By way of example, when I learned that I had once accidentally tendered the same invoice twice to SNIC Markham, I promptly advised of my mistake.

VOLUME #1(F)(I): Would an order that the parties comply with the prescribed or rules based process of exchange of documents be sufficient regarding the relief sought in NOM #6 and NOM #7?

101. I do not believe that such a position, like that of Dominion Insurance in Mansuri (see: paragraph 17) would be appropriate herein and I would oppose, preemptively and in perpetuity, as per my position on *TDGIC [NON-SABS INSURER]* not being a party per the *Insurance Act* et al. Moreover, if there was sworn evidence by each of the Impugned Individuals deny or refusing my affirmed evidence, then I could potentially see how exchange of documents between myself and SNIC (Karat and the Divorced Husband Conflicted Lawyer and those who had acted historically for SNIC like Ms. Klukowska) may assist in the motion for NOM #6 (and NOM #7) but without any affirmed evidence, condescending upon particulars or denying their involvement in TD Claim Numbers and this SNIC Proceeding, then I do not see how an exchange of documents would satisfy my concerns regarding continued breaches of my confidentiality and privacy rights.

102. Moreover, since Mr. Nieuwland has only ever acted for *TDGIC [NON-SABS INSURER]*, and the "Andy Gess" PIPEDA response references "solicitor-client privilege" and "litigation privilege", then I fail to see how documents could even be exchanged in that regard, or at the very least delay this SNIC Proceeding contrary to the most expeditious, just and cost-effective manner.

VOLUME #1(F)(II) Distinction between sharing and disclosing; informed consent (see: NOM #7, HB, Tab 13, 14)

103. I re-affirm that I do not take any issue, and my consent remains, including disclosures of my confidential information to police for those limited purposes therein. However, I never consented and will never consent to a Non-*SABS Insurer* using my Confidential Information against me during a LAT Proceeding as if it were the insurer in the Insurance Policy or Insurance Contract.

104. I again bolster my position (which is not legal argument or a legal conclusion but my stated position once I had knowledge of the same that "all purposes for which the information MAY or will be disclosed MUST be stated (e.g. on an application form) in such a manner that the individual (myself) can be reasonably understand in order for consent to be meaningful (see: page 388 of HB for NOM #7).

1008

105. I never consented to *TDGIC [NON-SABS INSURER]*, which is noted in my Exhibit "A" in that *TDGIC [NON-SABS INSURER]* has different data and numbers in its publicly disclosed financial on the OSFI website from SNIC (including goodwill), collecting, using, accessing and disclosing my Confidential Information in that manner that it did. I again reiterate my demand, which will remain in perpetuity until it is complied by *TDGIC [NON-SABS INSURER]*, TDISL (in the capacity that it did acting for *TDGIC [NON-SABS INSURER]*) with or by LAT order and/or Federal Court order.

106. Had SNIC (through Ms. Nurse) taken the time to explain to me that the wording in the OCF-1 or other standard application documents, which I now know, are a precondition to obtaining benefits under *SABS*.

VOLUME #1(G): Ashley Dunkley[20]

107. I note that once Mr. Nieuwland provided the name of his, in fact and at law, legal assistant in Ms. Ortiz, Ms. Ortiz also included her signature block which did not include the names of lawyer licensees (Ms. Khakowska and Ms. Saeed in the signature block of Ms. Morses).

108. I allege that Mr. Nieuwland was knowingly dishonest and/or he remained silent when he was required to notify me and the Tribunal that his legal assistant was NOT Ms. Morses.

109. I, in my view and belief, operated in "good faith" by corresponding with Ms. Morses regarding case conference dates and she, as the Tribunal was copied and will know, sought an adjournment without compliance with the *LAT Rules*.

VOLUME #1(H): If a Claims Adjuster[21] could "File" but not "sign"

110. Based on my research, I believe that a "claims adjuster" could be a paralegal but not a barrister and solicitor. It may be, in a hypothetical, that a claims adjuster, who is also a paralegal but not a licensed salaried employee of a licensed insurer, could file and sign a response under section 280(2) of the *Insurance Act*. It may also be that in proceedings NOT involving CAT Impairment, that a "claims adjuster" could perform similar duties or have an exemption to perform services to the equivalent of a paralegal under the relevant By-Laws of the LSO (see, exemption for in-house legal services provider). I note the language of legislature for "claims adjuster" regarding "salaried". It may be that a "claims adjuster" is a non-salaried employee of a licensed insurer like SNIC (see, License # denoted previously) and where a matter does NOT involve CAT Impairment, that he or she whilst providing legal services exclusively to one employer and no other persons, can sign a "response" on behalf of the "insurer" in such a proceeding.

111. I also note that it may be that an employee or officer of an insurer, who may not be a "salaried employee", may be able to sign a "response" in limited circumstances where they are able to rely on certain exemption under the By-Laws of the LSO. However, my position has remained that Karat, based on his status of being a "non-licensee" and unlicensed representative, could not claims that he was the "insurance company" or like Ms. Morrow in Mosa mistakenly representing that she was an "independent party".

1009 303

112. It may be that some "ADR representatives" are able to "file" on behalf of an insurer, like Mr. Karat did, but have authority to use the "corporate seal" of the insurer as opposed to certifying in their own name with their own signature.

VOLUME #1(I): The Two (2) Underwriters for *TD Insurance Meloche Monnex*

113. The two underwriters for two different insurance programs, which are the "Professional And Alumni Program" and the "Employer Group Program" are:

a. SNIC; and
b. Primmum.

114. As per my affidavit #3 and other affidavits, I appended documents therein to Exhibit "A" which demonstrated that the underwriter for the Insurance Policy was SNIC.

115. I provided affidavits #1 to #4 to SNIC via fax to SNIC Markham and SNIC Burlington prior to filing my Appeal.

116. I included the name of the "respondent therein" as "*TD Insurance Meloche Monnex*" (Security National Insurance Company [also defined herein as the "SABS Insurer"]).

117. When I filed my Appeal on December 24, 2023, I attempted to include the full name but there was not sufficient space to do so. I included the name of "TD Insurance" and then referenced my listed and attached affidavits which all referenced the underwriter of "SNIC" with the "trade name" of "*TD Insurance Meloche Monnex*".

118. When Mr. Karat apparently signed the "Response", then filed the Respondent, and serve me with "Response"; he did so by referencing "Security National Insurance Company [also defined herein as the "SABS Insurer"]" on the Purported SNIC Response.

119. I now address the histories of the only two underwriters for "*TD Insurance Meloche Monnex*" by reference to Exhibit "A" et al.

VOLUME #2: Security National Insurance Company [also defined herein as the "SABS Insurer"]

VOLUME #2(A): *The Year of 1934: SNIC: incorporation*

120. SNIC was incorporated in 1934.

VOLUME #2(A): *The Year of 1991: Parliament passes "Insurance Companies Act" in 1991*

121. The *Insurance Companies Act* (Canada) was passed in 1991. SNIC continued as a federally incorporated insurance company in 1991.

VOLUME #2(A): *The Year of 1997: SNIC intended to make application to change its name*

1010 304

122. On August 26, 1997, SNIC gave notice under section 224 of the *Insurance Companies Act*, S.C., 1991, c. 47 that intended to make an application to the Minister of Finance for approval to change the "French version of its name" from La Seneate National Compagnie d'Assurances to "La Securitie National Compagnie d'Asurance". The Canada Gazette represented that it [SNIC] was advised by "Martineau Walker Legal Advisors" (see Exhibit "A", Tab Z, page 8).

VOLUME #2(A): OSFI references (see: https://www.osfi-bsif.gc.ca/en/supervision/financial-institutions/canadian-foreign-insurance-companies-fraternal-benefits-societies)

123. I now copy and paste from the OSFI URL denoted above:

a. Security National Insurance Company [also defined herein as the "SABS Insurer"] changed the French version of its name to La Sécurité Nationale Compagnie d'Assurance, effective October 21, 1997.
b. Security National Insurance Company [also defined herein as the "SABS Insurer"] changed the French version of its name to Sécurité Nationale Compagnie d'Assurance, effective April 6, 1998.

124. It appears to me that the Canada Gazette publication that I found demonstrated about a two month period from the time that SNIC made its application in August 1997 to the time of approval from by the federal Canadian government of its first name change in 1997 (albeit solely for the French version).

VOLUME #2(B): Primmum Insurance Company

1988: Baltica Reinsurance becomes Primmum Insurance Company
1998: Primmum becomes CT Direct Insurance
2001: Canada Life and Casualty becomes Primmum

125. I now copy and paste from the Office Of Superintendent of Financial Institutions above hyperlink:

a. 1988: Baltica-Skandinavia Reinsurance Company of Canada changed its name to Primmum Insurance Company effective July 20, 1988.
b. 1998 (March 10): Primmum Insurance Company changed its name to CT Direct Insurance Company effective March 10, 1998;
c. 2001: Canada Life Casualty Insurance Company changed its name to Primmum Insurance Company effective May 1, 2001

VOLUME #2(C): September 1, 2000:

VOLUME #2(C): Toronto Dominion General Insurance Company changes its name to TD Direct Insurance Company

126. I now copy and paste from the hyperlink denoted above:

a. Toronto Dominion General Insurance Company changed its name to TD Direct Insurance Inc effective September 1, 2000.

VOLUME #2(C): CT Direct Insurance Inc. [not CT Direct Insurance Company] changes its name to TD General Insurance Company

127. I now copy and paste from the above hyperlink:

a. CT Direct Insurance Inc. changed its name to TD General Insurance Company effective September 1, 2000.

VOLUME #2(D): The Year of 2005

VOLUME #2(D): Liberty General Insurance Company of Canada changes name to TD Home and Auto Insurance Company[7]

128. I now copy and paste from the above hyperlink regarding the change of name from Liberty General to TD Home & Auto:

a. Liberty Insurance Company of Canada changed its name to TD Home and Auto Insurance Company effective March 7, 2005.

VOLUME #2(E): No Evidence of any amalgamation between SNIC, Primmum, TD Direct, TD General or TD Home Auto

129. Unlike TD Life Insurance Company (which amalgamated with CT Financial Assurance Company in November 1, 2014), there is no evidence of any amalgamation between any of the insurance companies of SNIC, Primmum, TD Direct, TD General or TD Home Auto.

130. Moreover, there is no evidence of any changing of names between them since that time or during the time leading up to August 31, 2022

VOLUME #2(F): TD acquisitions

131. I now copy and paste from the following link ((see: https://www.td.com/ca/en/about-td/for-investors/investor-relations/presentation-and-events/acquisition-history-2004)

> "In 2004, TD Bank Group (TD) looked beyond investing in the organic growth of our existing businesses and in August this year, announced a deal to acquire 51% of Portland, Maine-based Banknorth Group, Inc. This acquisition significantly increased TD's personal and commercial banking footprint in the United States.
>
> TD also announced the acquisition of the Canadian personal lines property and casualty operations of Boston-based Liberty Mutual Group. The acquisition made Meloche Monnex Canada's largest direct-response property and casualty insurer and one of the country's top four property and casualty insurers in personal lines.

VOLUME #2(G): The History of Meloche Monnex (Jean Meloche)

132. I now copy and paste from the following:

1012

"The University of British Columbia is honoured to recognize the generous contribution of TD Insurance toward building the Robert H. Lee Alumni Centre.
TD Insurance has a proud history of supporting higher education and continuing professional education through awards, scholarships and event sponsorship
Since 1949, the year the company was created by Jean Meloche in Montreal, TD Insurance has worked with its university, college and professional association partners across Canada to develop tremendously effective and successful affinity insurance programs nationwide.

After a growth and acquisition period in the 1970s and 80s, TD Insurance, then called "Meloche," became the sole Canadian brokerage firm to own both brokerage and underwriting entities, and in 1991 the company was renamed Meloche Monnex Inc. In 2000, with offices located across Canada, the company became a member of the TD Bank Group and was renamed TD Insurance.

TD Insurance has become the number one affinity insurer and largest direct-response insurer in Canada, employing over 4,000 individuals and offering insurance programs to close to 900 university and college alumni and associations, as well as councils, orders and professional associations.

(see: https://alumnicentre.ubc.ca/donors/td-insurance/

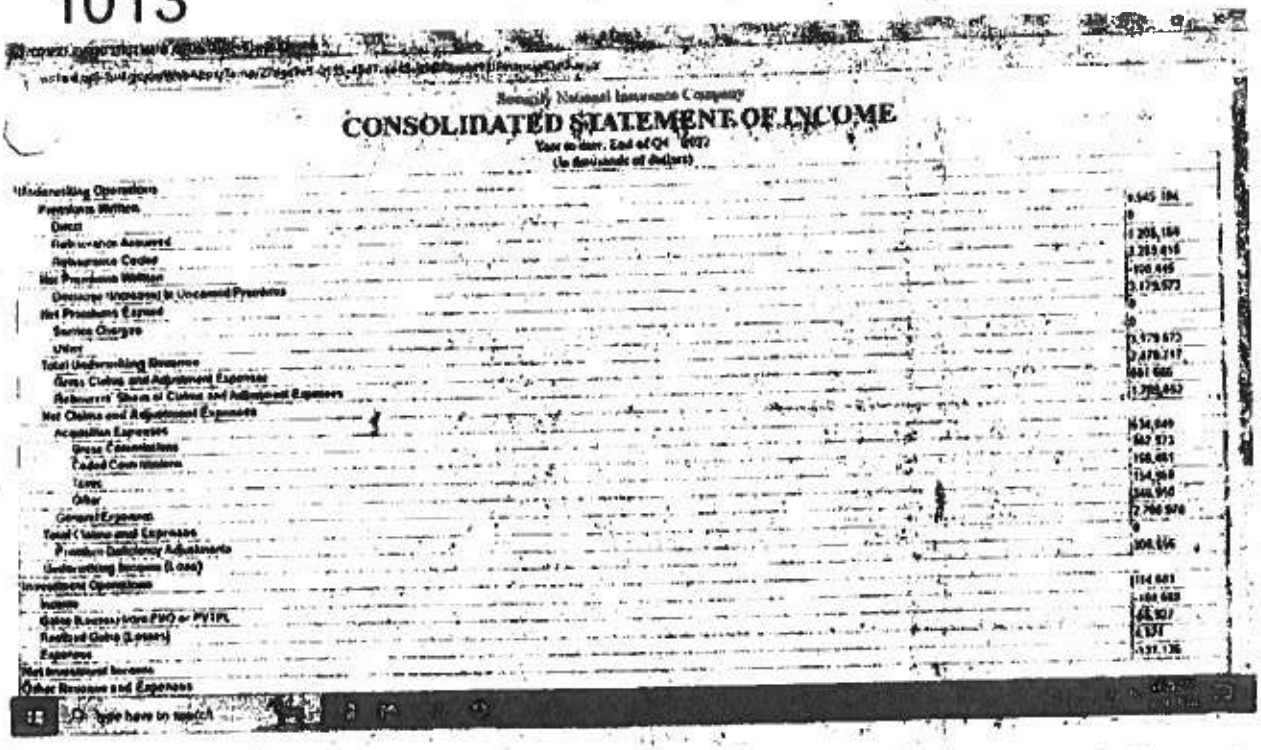
VOLUME #2(H): SCC names "*TD Insurance Meloche Monnex*" as such (see: https://www.insurancebusinessmag.com/ca/news/legal-insights/td-insurance-meloche-monnex-loses-in-supreme-court-case-481565.aspx)

133. In 2024, the SCC found:

> "Furthermore, the LAT adjudicator's reconsideration decision was unreasonable, as he failed to take into account relevant legal constraints. The matter should be referred back to the LAT adjudicator for reconsideration."

VOLUME #2(I): Financial Data Involving SNIC vs. TD General Insurance

VOLUME #2(I)(a): OSFI



134. The OSFI publishes the financial data for various insurance companies in Canada. I have made references herein to the financial data regarding all of the insurance companies with the "TDI" or "TD Group of Insurance Companies" to demonstrate, inter alia, that they are distinct in a variety of manners including but not limited to differences in their financial statements, required statements under OSFI, and the

VOLUME #2(J): SNIC

135. For ease of reference, I now provide a screenshot herein of SNIC's financial statements as it relates to on or around the time of the Accident in said quarter (on or around):

VOLUME #2(K)(a): TD General: Consolidated Claims and Premiums

3. **TD General Insurance** does not have any receivables from subsidiaries, associates or joint ventures and it does not have investments using the "equity method" with "subsidiaries, associates and joint ventures".

VOLUME #2(R): IFRS [24]

154. IFRS 17 requires a company to measure insurance contracts using updated estimates and assumptions that reflect the timing of cash flows and any uncertainty relating to insurance contracts

VOLUME #2(S): The Intercorporate Relationships (see: Exhibit "A", page 23: "Financial Statements of TD Bank Group" Definition of "Inter"

155. "Inter" is defined as "between".

VOLUME #2(T): *SPPA*:
Evidence: What is admissible in evidence at a hearing?

Issue: Does LAT's general discretion under section 15 authorize it to allow evidence that is not affirmed or under oath in the form of documents or other things when submitted by the Non-SABS Insurer purporting to be "SABS Insurer" after the "SABS Insurer" has filed and served the only "Response" in a "LAT Proceeding"?

156. I now quote from section 15 of the *SPPA*.

> **Evidence**
> **What is admissible in evidence at a hearing**
> **15** (1) Subject to subsections (2) and (3), a tribunal may admit as evidence at a hearing, whether or not given or proven under oath or affirmation or admissible as evidence in a court,
> (a) any oral testimony; and
> (b) any document or other thing,
> relevant to the subject-matter of the proceeding and may act on such evidence, but the tribunal may exclude anything unduly repetitious.
> **What is inadmissible in evidence at a hearing**
> (2) Nothing is admissible in evidence at a hearing,
> (a) that would be inadmissible in a court by reason of any privilege under the law of evidence; or
> (b) that is inadmissible by the statute under which the proceeding arises or any other statute.

VOLUME #2(T): *Non-Sworn Evidence*

157. I re-affirm that I have not received any evidence under oath or sworn evidence in relation to NOM #6.

VOLUME #2(T):(I) *Inadmissible by the statute (Insurance Act) under which the proceeding arose*

158. This SNIC Proceeding arose under the *Insurance Act* (Ontario).

VOLUME #2(T):(II) *Insurance Act, ss. 279 to 288* Dispute Resolution — Statutory Accident Benefits

Section 279

159. I now copy and paste from section 279 of the *Insurance Act* (Ontario).

> **Definitions**
> *279* For the purposes of sections 280 to 283,
> "**Insured Person**" includes a person who is claiming funeral expenses or a death benefit under the *Statutory Accident Benefits Schedule*. ("personne assurée")
> "**Licence Appeal Tribunal**" means the Licence Appeal Tribunal established under the *Licence Appeal Tribunal Act, 1999*. ("Tribunal d'appel en matière de permis") 2014, c. 9, Sched. 3, s. 14.

VOLUME #2(T):(II)(a): *Relevance to this SNIC Proceeding and NOM # 4 and NOM #6*

160. I re-affirm that *TD Insurance Meloche Monnex* (SNIC) determined in September 2022 that I was an **Insured Person** based on my "spousal status" with the policyholder Nicole Antopoulos.

VOLUME #2(T)(II)(b): Section 280 of the *Insurance Act*

161. I now quote from section 280 of the *Insurance Act*:

> **Resolution of disputes**
> **280** (1) This section applies with respect to the resolution of disputes in respect of an **Insured Person**'s entitlement to statutory accident benefits or in respect of the amount of statutory accident benefits to which an **Insured Person** is entitled. 2014, c. 9, Sched. 3, s. 14.
> **Application to Tribunal**
> (2) The **Insured Person** or the insurer may apply to the **Licence Appeal Tribunal** to resolve a dispute described in subsection (1). 2014, c. 9, Sched. 3, s. 14.
> **Limit on court proceedings**
> (3) No person may bring a proceeding in any court with respect to a dispute described in subsection (1), other than an appeal from a decision of the **Licence Appeal Tribunal** or an application for judicial review. 2014, c. 9, Sched. 3, s. 14.
> **Resolution in accordance with Schedule**
> (4) The dispute shall be resolved in accordance with the *Statutory Accident Benefits Schedule*. 2014, c. 9, Sched. 3, s. 14.

VOLUME #2(T)(II)(b)(i): *My Evidence in relation to section 280 of the Insurance Act*

2. I affirm that I applied for resolution of the dispute between myself, as an "**Insured Person**" and SNIC (trade name ***TD Insurance Meloche Monnex***) on December 24, 2023. Prior to the final processing of my Appeal, the Tribunal requested that I include some of the "denial letters" from SNIC and I did so in mid-January 2024. On January 25, 2024, Karat emailed me wherein he confirmed that he was assigned as the "ADR" to handle this "LAT dispute" with his email stating "Representing The Security National Insurance Company [also defined herein as the "**SABS Insurer**"]" (see: **Affidavit #13, Exhibit "A"**). On January 25, 2024, Karat served me with the Purported SNIC Response and a cover letter that referenced the SNIC Markham address and "***TD Insurance Meloche Monnex***". On February 14, 2024, Karat served me with the "Karat COS"

VOLUME #2(T)(II): Section 281

163. I now quote from section 281 of the *Insurance Act* (Ontario):

> **Protection of benefits after Tribunal resolution**
> **281** (1) After the **Licence Appeal Tribunal** issues a decision, the insurer shall not reduce benefits to the **Insured Person** on the basis of an alleged change of circumstances, alleged new evidence or an alleged error except as provided under this section. 2014, c. 9, Sched. 3, s. 14.
> **When benefits may be reduced**
> (2) The insurer may reduce benefits if,
> (a) the **Insured Person** agrees;
> (b) the insurer is authorized to do so as a result of a successful appeal of the **Licence Appeal Tribunal**'s decision; or

6. I affirm that SNIC is the only insurer that issued the Insurance Policy that is denoted in the Appeal and the Impugned SNIC Response.

VOLUME #2(T)(V): Section 288 of the *Insurance Act* (Ontario)

167. Section 288 of the *Insurance Act* states:

INSURERS' PAYMENTS FOR LISTED EXPENSES — STATUTORY ACCIDENT BENEFITS

Listed expenses in connection with statutory accident benefits

288.1 (1) For the purposes of this Part, the following are listed expenses in connection with statutory accident benefits:

1. Amounts payable for such assessments, examinations, reports, forms or plans authorized or required by the *Statutory Accident Benefits Schedule* as may be prescribed for the purposes of this section and expenses relating to those assessments, examinations, reports, forms and plans.
2. Amounts payable for prescribed goods or services that relate to such medical benefits, rehabilitation benefits, attendant care benefits and other statutory accident benefits as may be prescribed for the purposes of this section. 2013, c. 2, Sched. 8, s. 14; 2014, c. 7, Sched. 14, s. 4.

Exceptions

(2) Despite subsection (1), the regulations may specify that certain types of amounts payable are not listed expenses in such circumstances as may be prescribed. 2013, c. 2, Sched. 8, s. 14.

Restrictions re payments for listed expenses

Payment by insurer

288.2 (1) An insurer is not permitted to make payments for listed expenses directly to a person or entity who does not hold a service provider's licence at the applicable time, as determined in accordance with the regulations. 2013, c. 2, Sched. 8, s. 15.

Exception

(2) The restriction imposed by subsection (1) does not apply with respect to payments to such persons or entities as may be prescribed, or in such circumstances as may be prescribed. 2013, c. 2, Sched. 8, s. 15.

Reimbursement of Insured Person

(3) An insurer is permitted to reimburse an Insured Person for a listed expense, whether or not the payment for which reimbursement is sought was made to the holder of a service provider's licence. 2013, c. 2, Sched. 8, s. 1

VOLUME #2(T)(V)(a): My evidence in relation to section 288 of the *Insurance Act* (Ontario)

168. I have sought reimbursement for a variety of listed expenses under *SABS* wherein I have not received reimbursement or indemnification for the same but they all have been from SNIC – even into 2024.

VOLUME #2(T)(VI): *Insurance Act*

169. I affirm that I believe that the statute under which this proceeding arose is the *Insurance Act* (Ontario) by virtue of my Appeal that I filed on December 24, 2023.

1023

317

9. My position remains, since early February 2024, that the only "insurer" in this SNIC Proceeding is Security National Insurance Company [also defined herein as the "SABS Insurer"] with its insurance license number denoted previously. I have performed a key word search of the word "admissible" under the *Insurance Act* (see: section 280(2) of the *Insurance Act* upon which my Appeal was brought) and I now copy and paste the following sections herein.

VOLUME #2(T)(VI)(a): Section 268 of the *Insurance Act*

17. Section 268 of the *Insurance Act* reads:

Statutory accident benefits

268 (1) Every contract evidenced by a motor vehicle liability policy, including every such contract in force when the *Statutory Accident Benefits Schedule* is made or amended, shall be deemed to provide for the statutory accident benefits set out in the *Schedule* and any amendments to the *Schedule*, subject to the terms, conditions, provisions, exclusions and limits set out in that *Schedule*. 1991, c. 10, s. 26 (1).

Indexation

(1.4) Subject to subsection (1.5) and to the terms, conditions, provisions, exclusions and limits established by the *Statutory Accident Benefits Schedule*, the *Schedule* shall provide that, in respect of incidents involving the use or operation, after December 31, 1993 and before November 1, 1996, of an automobile,

(a) every continuing periodic amount payable by AN INSURER as an income replacement benefit, education disability benefit, caregiver benefit or loss of earning capacity benefit in accordance with the *Schedule* shall be revised, effective the 1st day of January in every year after 1994, using the indexation percentage published under subsection 268.1 (1); and

(b) every monetary amount set out in the *Schedule* shall be revised, effective the 1st day of January in every year after 1994, by adjusting the amount by the indexation percentage published under subsection 268.1 (1). 1993, c. 10, s. 26 (1); 1996, c. 21, s. 30 (2); 2020, c. 34, Sched. 7, s. 12.

No decrease in payments

(1.5) A continuing periodic amount payable by AN INSURER in accordance with the *Statutory Accident Benefits Schedule* shall not be reduced by the operation of the indexation percentage referred to in subsection (1.4). 1993, c. 10, s. 26 (1).

Liability to pay

(2) The following rules apply for determining who is liable to pay statutory accident benefits.

1. In respect of an occupant of an automobile,

i. the occupant has recourse against THE INSURER of an automobile in respect of which the occupant is an insured[25],

ii. if recovery is unavailable under subparagraph i, the occupant has recourse against THE INSURER of the automobile in which he or she was an occupant,

iii. if recovery is unavailable under subparagraph i or ii, the occupant has recourse against THE INSURER of any other automobile involved in the incident from which the entitlement to statutory accident benefits arose,

iv. if recovery is unavailable under subparagraph i, ii or iii, the occupant has recourse against the Motor Vehicle Accident Claims Fund.

2. In respect of non-occupants,

i. the non-occupant has recourse against THE INSURER of an automobile in respect of which the non-occupant is an insured,

ii. if recovery is unavailable under subparagraph i, the non-occupant has recourse against THE INSURER of the automobile that struck the non-occupant,

iii. if recovery is unavailable under subparagraph i or ii, the non-occupant has recourse against THE INSURER of any automobile involved in the accident from which the entitlement to statutory accident benefits arose,

iv. if recovery is unavailable under subparagraph i, ii or iii, the non-occupant has recourse against the Motor Vehicle Accident Claims Fund. R.S.O. 1990, c. I.8, s. 268 (2); 1993, c. 10, s. 1; 1996, c. 21, s. 30 (3, 4).

Liability

(3) An insurer against whom a person has recourse for the payment of statutory accident benefits is liable to pay the benefits. R.S.O. 1990, c. I.8, s. 268 (3); 1993, c. 10, s. 1.

Choice of insurer

(4) If, under subparagraph i or iii of paragraph 1 or subparagraph i or iii of paragraph 2 of subsection (2), a person has recourse against more than one insurer for the payment of statutory accident benefits, the person, in his or her absolute discretion, may decide THE INSURER from which he or she will claim the benefits. R.S.O. 1990, c. I.8, s. 268 (4); 1993, c. 10, s. 1.

Same

(5) Despite subsection (4), if a person is a named insured under a contract evidenced by a motor vehicle liability policy or the person is the spouse or a dependant, as defined in the *Statutory Accident Benefits Schedule*, of a named insured, the person shall claim statutory accident benefits against THE INSURER under that policy. 1993, c. 10, s. 26 (2); 1999, c. 6, s. 31 (9); 2005, c. 5, s. 35 (13).

Same

(5.1) Subject to subsection (5.2), if there is more than one insurer against which a person may claim benefits under subsection (5), the person, in his or her discretion, may decide THE INSURER from which he or she will claim the benefits. 1993, c. 10, s. 26 (2).

Same

(5.2) If there is more than one insurer against which a person may claim benefits under subsection (5) and the person was, at the time of the incident, an occupant of an automobile in respect of which the person is the named insured or the spouse or a dependant of the named insured, the person shall claim statutory accident benefits against THE INSURER of the automobile in which the person was an occupant. 1993, c. 10, s. 26 (2); 1999, c. 6, s. 31 (10); 2005, c. 5, s. 35 (14).

Excess insurance

(6) The insurance mentioned in subsection (1) is excess insurance to any other insurance not being automobile insurance of the same type indemnifying the injured person or in respect of a deceased person for the expenses. R.S.O. 1990, c. I.8, s. 268 (6).

Idem

(7) The insurance mentioned in subsection (1) is excess insurance to any other insurance indemnifying the injured person or in respect of a deceased person for the expenses. R.S.O. 1990, c. I.8, s. 268 (7).

Payments pending dispute resolution

(8) Where the *Statutory Accident Benefits Schedule* provides that THE INSURER will pay a particular statutory accident benefit pending resolution of any dispute between THE INSURER and an insured, THE INSURER shall pay the benefit until the dispute is resolved. R.S.O. 1990, c. I.8, s. 268 (8); 1993, c. 10, s. 1.

Particulars of insurance

269 (1) A person who is entitled to statutory accident benefits or his or her personal representative is entitled to particulars as to whether the owner or operator of any automobile against whom the person may have a claim has insurance that provides for statutory accident benefits and the name of the insurer, if any. R.S.O. 1990, c. I.8, s. 269 (1); 1993, c. 10, s. 1.

VOLUME #2(T)(VI)(6): My evidence in relation to section 268(1) of *SABS*: deemed to provide all of the benefits therein

172. I, through the filing of my **Appeal**, and the "**Respondent**" (see: LAT Rule, 2. ____) "**insurer**" (see *Insurance Act*, s. 1(1): "**insurer**" means the person who undertakes or agrees or offers to undertake a contract; ("**assureur**")), through Mr. Karat's signing, filing and serving of the **Purported SNIC Response** on January 25, 2024, referenced the "**Insurance Policy**" which I believe and submit was a "contract" (see: *Insurance Act*, s. 1(1): contract" means a contract of insurance, and includes a policy, certificate, interim receipt, renewal receipt, or writing evidencing the contract, whether sealed or not, and a binding oral agreement; ("contrat")). I believe and submit that said "**Insurance Policy**" or "**Insurance Contract**" (denied as: **Insurance Policy #**_____) was deemed to provide for the statutory accident benefits set out in the *Schedule* and any amendments to the *Schedule (see: section 268(1) of the Insurance Act)*.

VOLUME #2(T)(VII): (*Who is liable to pay the benefits under SABS?*)

173. On August 31, 2022, I was the "driver" of the "Insured Automobile" and I believe and submit I fell under the definition of "occupant" (see: *Insurance Act*, s. 1(1):

> "occupant" in respect of an automobile, means,
> (a) the driver,
> (b) a passenger, whether being carried in or on the automobile,
> (c) a person getting into or on or getting out of or off the automobile; ("personne transportée")

174. I now requote as the issue in NOM #4 is a matter of "who is liable to pay the IRB" based upon the scope of the pleadings and the admissions made therein:

> Liability to pay
>
> (2) The following rules apply for determining who is liable to pay statutory accident benefits:
>
> 1. In respect of an occupant of an automobile,
>
> i. the occupant has recourse against the insurer of an automobile in respect of which the occupant is an insured,

175. I again re-affirm the determination made by SNIC in September 2022 that I was an "insured person" and the definition of "**Insured Person**" under the *Insurance Act*

"insured" means a person insured by a contract whether named or not and includes every person who is entitled to statutory accident benefits under the contract whether or not described therein as an Insured Person, ("assuré")

176. Therefore, I have submitted and again re-submit to LAT that I am the "Occupant", "Insured Person", "Insured" and the "Insurer" was and is "Security National Insurance Company [also defined herein as the "SABS Insurer"]".

VOLUME #2(T)(VIII): *Who is NOT liable to pay?*

177. Mr. Karat is not liable in his personal capacity to pay the benefits of which I am entitled to under *SABS* in the amounts denoted as it relates to NOM #4. TD General Insurance Company is not liable to pay the benefits. Pembridge is not liable to pay the SABS benefits.

VOLUME #2(T)(IX): *Only One Entity that is liable to pay the benefits under SABS?*

178. I now quote from section 268

> Liability
> (3) An insurer against whom a person has recourse for the payment of statutory accident benefits is liable to pay the benefits. R.S.O. 1990, c. I.8, s. 268 (3); 1993, c. 10, s. 1.

179. I believe and submit that I am a person (individual) as per the Legislation Act (Ontario).

180. I exercised my rights of recourse against SNIC by its provision of the "accident benefits package" in September 2022 and my subsequent submitting of various documents including the particulars of my Beneficiary Bank Account.

181. SNIC has made multiple payments to me on account of *SABS* benefits in 2022 and 2023 to my Beneficiary Bank Account. I have never provided my "Beneficiary Bank Account" information and particulars, or consented to, "TD General Insurance Company" paying my benefits, seeking to hold it liable to pay benefits, and it would not have had consent to make such payments for said benefits under *SABS*.

182. I am exclusively seeking my benefits and payments from SNIC. SNIC is the only liable person for the payment of benefits to me.

VOLUME #2(T)(X): Choice of Insurers (see. section 268(4)

183. At no point did I have the ability to seek recourse for payment of benefits under *SABS* from "multiple insurers".

VOLUME #2(T)(XI): Section 268(5): my requirements therein

184. I note the following:

"Same

(5) Despite subsection (4), if a person is a named insured under a contract evidenced by a motor vehicle liability policy or the person is the spouse or a dependant, as defined in the *Statutory Accident Benefits Schedule*, of a named insured, the person shall claim statutory accident benefits against **THE INSURER** under **THAT POLICY**. 1993, c. 10, s. 26 (2); 1999, c. 6, s. 31 (9); 2005, c. 5, s. 35 (13)."

185. I believe and read the above section 268(5), as being the Spouse of the Individual Policyholder (my "Spouse") as requiring me ("the person shall claim *SABS* against **THE INSURER** under **THAT POLICY**). Although I did not know the name of "TD General Insurance Company" at the time of the DOL or thereafter and not until 2024, I would have never sought benefits against a "non-*SABS Insurer*" or "not the Insurer" under the Insurance Policy.

VOLUME #3: *SABS* (Further information): a regulation under *Insurance Act* (cannot be inconsistent with *Insurance Act*)

The word "Insurer"

186. *SABS* came into force on September 1, 2010.

"ONTARIO REGULATION 34/10
STATUTORY ACCIDENT BENEFITS SCHEDULE — EFFECTIVE SEPTEMBER 1, 2010"

7. The word "insurer" is referenced **360 times** under *SABS*.

188. I have selected what I believe to be relevant to the admissibility of the evidence and the liability of SNIC (*not TDGIC [NON-SABS INSURER]* for benefits et al):

Application and transition rules
2. (1) Except as otherwise provided, the benefits set out in this Regulation shall be provided under every contract evidenced by a motor vehicle liability policy in respect of accidents occurring on or after September 1, 2010. O. Reg. 34/10, s. 2 (1); O. Reg. 251/15, s. 1 (1).

[NB: consistency with section 268(2)]

(4) Benefits payable under this Regulation in respect of an Insured Person shall be paid by ***THE INSURER*** that is liable to pay under subsection 268 (2) of the Act. O. Reg. 34/10, s. 2 (4).

(5) Subject to Part VII, ***THE INSURER*** shall pay the benefits under this Regulation despite section 225, subsection 233 (1), section 240 and subsection 265 (3) of the Act. O. Reg. 34/10, s. 2 (5).

(8) If in a dispute described in subsection 280 (1) of the Act, the License Appeal Tribunal finds that an expense was not incurred because ***THE INSURER*** unreasonably withheld or delayed payment of a benefit in respect of the expense, the License Appeal Tribunal may, for the purpose of determining an Insured Person's entitlement to the benefit, deem the expense to have been incurred. O. Reg. 44/16, s. 1.

Eligibility criteria

322

5. (1) THE INSURER shall pay an income replacement benefit to an Insured Person who sustains an impairment as a result of an accident if the Insured Person satisfies one or both of the following conditions:

Period of benefit

6. (1) Subject to subsection (2), an income replacement benefit is payable for the period in which the Insured Person suffers a substantial inability to perform the essential tasks of his or her employment or self-employment. O. Reg. 34/10, s. 6 (1).

(2) THE INSURER is not required to pay an income replacement benefit,

(a) for the first week of the disability; or

(b) after the first 104 weeks of disability, unless, as a result of the accident, the Insured Person is suffering a complete inability to engage in any employment or self-employment for which he or she is reasonably suited by education, training or experience. O. Reg. 34/10, s. 6 (2).

Insurer liable to pay benefits

14. Except as otherwise provided in this Regulation, AN INSURER is liable to pay the following benefits to or on behalf of an Insured Person who sustains an impairment as a result of an accident:

1. Medical and rehabilitation benefits under sections 15 to 17.
2. If the impairment is not a minor injury, attendant care benefits under section 19. O. Reg. 34/10, s. 14.

Medical benefits

15. (1) Subject to section 18, medical benefits shall pay for all reasonable and necessary expenses incurred by or on behalf of the Insured Person as a result of the accident for,

(h) other goods and services of a medical nature that THE INSURER agrees are essential for the treatment of the Insured Person, and for which a benefit is not otherwise provided in this Regulation. O. Reg. 34/10, s. 15 (1); O. Reg. 251/15, s. 5.

(2) Despite subsection (1), THE INSURER is not liable to pay medical benefits,

(a) for goods or services that are experimental in nature;

(b) for expenses related to goods and services described in subsection (1) rendered to an Insured Person that exceed the maximum rate or amount of expenses established under the Guidelines, other than for expenses related to the services described in clause (1) (g); or

(c) for transportation expenses other than authorized transportation expenses. O. Reg. 34/10, s. 15 (2); O. Reg. 14/13, s.

Rehabilitation benefits

16. (1) Subject to section 18,

(l) other goods and services that THE INSURER agrees are essential for the rehabilitation of the Insured Person, and for which a benefit is not otherwise provided in this Regulation, except,

(i) services provided by a case manager, and

(ii) housekeeping and caregiver services. O. Reg. 34/10, s. 16 (1); O. Reg. 251/15, s. 6.

(4) Despite subsection (1), THE INSURER is not liable to pay rehabilitation benefits,

Case manager services

(2) *THE INSURER* is not liable to pay expenses for case manager services that exceed the maximum rate or amount of expenses established under the Guidelines. O. Reg. 34/10, s. 17 (2).

Monetary limits re medical and rehabilitation benefits

(5) For the purposes of subsections (1) and (3), medical, rehabilitation and, where applicable, attendant care benefits payable in respect of an Insured Person include all fees and expenses for conducting assessments and examinations and preparing reports in connection with any benefit or payment to or for an Insured Person under this Regulation, other than,

(a) fees in connection with any examination required by *AN INSURER* under section 44; and

(b) expenses in respect of a report referred to in subsection 7 (4). O. Reg. 34/10, s. 18 (5); O. Reg. 251/15, s. 8 (3).

Cost of examinations

25. (1) *THE INSURER* shall pay the following expenses incurred by or on behalf of an Insured Person.

3. Reasonable fees charged by a health practitioner for reviewing and approving a treatment and assessment plan under section 38, including any assessment or examination necessary for that purpose, if any one or more of the goods, services, assessments or examinations described in the treatment and assessment plan have been,

i. approved by *THE INSURER*,

ii. deemed by this Regulation to be payable by *THE INSURER*, or

iii. determined to be payable by *THE INSURER* on the resolution of a dispute described in subsection 280 (1) of the Act.

PART VIII
PROCEDURES FOR CLAIMING BENEFITS

GENERAL

Notice to insurer and application for benefits

32. (1) A person who intends to apply for one or more benefits described in this Regulation shall notify *THE INSURER* of his or her intention no later than the seventh day after the circumstances arose that give rise to the entitlement to the benefit, or as soon as practicable after that day. O. Reg. 34/10, s. 32 (1).

(2) *THE INSURER* shall promptly provide the person with,

(a) the appropriate application forms;

(b) a written explanation of the benefits available;

(c) information to assist the person in applying for benefits; and

(d) information on the election relating to income replacement, non-earner and caregiver benefits, if applicable. O. Reg. 34/10, s. 32 (2).

(3) If *AN INSURER* that is subject to a Guideline referred to in subsection 64 (7) determines, acting reasonably, that there is a likelihood that the person may, in connection with the accident, deliver one or more documents referred to in that subsection, *THE INSURER* shall provide the following information to the central processing agency referred to in that subsection:

Application

36. (1) In this section and section 37,

"specified benefit" means an income replacement benefit, non-earner benefit, caregiver benefit or a payment for housekeeping or home maintenance services under section 23. O. Reg. 34/10, s. 36 (1).

(4) Within 10 business days after *THE INSURER* receives the application and completed disability certificate, *THE INSURER* shall,

RESPONDENT

Affidavit #31 of Kevin A. McLean

Re: In a matter under the *Insurance Act*, RSO 1990, c I.8. (the "*Insurance Act*")

Re #2: In the matter of an "**Application of an Injured Person**" ("**Application**" or "**AIP**") filed by the **Applicant** with the **License Appeal Tribunal** ("**LAT**" or "**Tribunal**") Automobile Accident Services ("**AABS**") on December 24, 2023, and served on fax number 416-774-3120 (the or "**Victoria Park Building Fax Number**", "**North York Office Fax Number**", "**416-774 Fax Number**") and a **Response**[1] filed by **SNIC** with the **Tribunal** on January 25, 2024, all pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation (expressly or implicitly, or by inclusion or exclusion) to the following regulations thereunder:

i. *Statutory Accident Benefits Schedule*, O Reg 34/10 et seq ("*SABS*");
ii. *Automobile Insurance*, RRO 1990, Reg 664 et seq ("*Reg 664*"); and
iii. *Disputes Between Insurers*, O *Reg 283/95* et seq ("*Reg 283*")

I, **Kevin Alexander McLean, Disabled**[11] (B.A., J.D., CIM) of **Toronto, Ontario**, SWEAR THAT:

VOLUME #1: Introduction

1. I am the deponent or affiant (also defined as the "**Appellant**", "**Applicant**", "**Insured Person**", "**Disabled Individual**" and/or "**CAT Impaired Individual**") herein and I swear, under the pains and penalties of perjury, the following facts to be true. Where I have stated or sworn information on my belief(s), I have cited the source of my belief(s) by references, citations, end-noting or otherwise.

2. When I have used the expressions (including any permutations) of "in my view", "in my opinion", or "belief", I am not drawing or making any conclusion of law or swearing a conclusion of law but rather citing my position and opinions as a matter of fact. I adopt the definitions from my previously filed documents in the **LAT Proceeding** (also defined as the "**SNIC Proceeding**" and now the "**McLean Proceeding**" (see *infra* for explanation as to why) and they have the same meaning herein as they do therein unless expressly denoted otherwise. Where I have included annotations on the exhibit pages, I have done so for ease of reference and I adopt the same as my evidence. Where I have used "double underlining", the double underlining is mine and added to distinguish and delineate between my emphases of certain language.

3. I swear this affidavit in support of having my NOM #14 heard on an expedited basis by way of reference to the "dropdown menu" in **Tribunals Ontario** referring to "Request For an Expedited Hearing". My review of the LAT Rules leads me to believe that I will be required to file a motion with supporting evidence and submissions.

4. Attached hereto to this my affidavit and marked as Exhibit "A" is a copy of my four distinct document demands made on SNIC in the months of July 2024 and August 2024. SNIC has not responded to any of my document demands made pursuant to the SPPA and LAT Rules.

Page 1 of 11

(11)

1149 The 31st Affidavit of Mr. Kevin A. McLean under SD Insurance (SNIC "Alumni Program") Claim Number 6351[illegible]-34 (1) Claim #3 [illegible] Insurance Number 8801031 0806 (the "Policy Number"), LAT File Number "25-015462/AABS" (the "LAT File Number"), LAT Proceedings or Arbitration Proceeding") under section 280(2) of the *Insurance Act* currently involving the sole respondent party (the "Sole Respondent Party") Security National Insurance Company ("SNIC") with an FSRA Registration Number of 307 ("SNIC #307") and potentially involving the "First Insurer to receive my Completed Application" October 13, 2022 via my fax to the fax number of 416-778-3130 (the "North York Office Fax Number") 4th Floor-3600 Victoria Park Avenue, Fax Number)

5. Attached hereto to this my affidavit and marked as Exhibit "B" is a copy of Invoice 1(A) with its attachments which include the accounting and calculation therein by my current physiotherapist on behalf of TONP (the former physiotherapy company that submitted the Dhaliwal OCF-18, 2023 on April 6, 2023) and himself (Rehab Mechanics) regarding the partially approved amounts denoted therein on April 20, 2023

6. On May 2, 2024, SNIC (Mr. Karst) and TDGIC (Mr. Nieuwland) represented to myself and the Tribunal (Vice Chair Painchaund) that there had been "payment" of $2,850. As noted in my previous evidence, my previous physiotherapist sold his business at TONP and it was difficult to obtain any response from him through myself or Rehab Mechanics. I am not castigating him in any way but I am stating the facts and restating the same as of August 2024. After some further investigations and inquiries into the representation by Mr. Karst and Mr. Nieuwland regarding the representation that $2,850 had been paid to me or on my behalf, my current physiotherapist reviewed the file and did not see any evidence of any payment therein. After I obtained the HCAI submitted Dhaliwal OCF-18 through my PIPEDA request of HCAI, and learned of the Etobicoke East Mall Address therein, Rehab Mechanics was able to receive some return communication from TONP or a representative on behalf of TONP, and it was confirmed that no funds were received from SNIC (East Mall Address) or SNIC at all, or any other insurance company in relation to my TD Claim #3. As such, with that confirmation from a representative on behalf of TONP, I instructed Rehab Mechanics to prepare an invoice for the partially approved amounts therein as I, at the very least, did not wish to be liable for the partially approved amounts therein. I provided my affidavit therein as an attachment to assist Rehab Mechanics with the necessary factual and legal background regarding this issue of non-payment for the partially approved amounts regarding the Dhaliwal OCF-18, Part 13, and my receipt of the "As per A. Nurse" returned document purportedly on behalf of SNIC. I expressly adopt my evidence in that affidavit under Exhibit "B", pages 32 and onwards. Invoice 1(A) and its attachments were delivered to Ms. Nurse, Ms. Persaud and Ms. Michie pursuant to the Email Communication Protocol (January 23, 2024). Invoice 1(A) and its attachments were also delivered to the listed office address (as I could not find any evidence to support SNIC ever having a branch office at the East Mall Address and the East Mall Address is a construction site) with the FSRA to the attention of the accounting department for SNIC. Invoice 1(A) and its attachments were also delivered to the listed office address for TDHA with the FSRA to the attention of the accounting department as the only evidence that I could find related to the East Mall Address was that of TDHA being a former tenant or occupier therein on the 6th floor.

7. I believe that as a result of neither Mr. Karst, the sole signatory, filer and server of the SNIC Response, nor Mr. Nieuwland, at that time solely representing TDGIC, knowing the exact amounts that had been paid to me or on my behalf that this is further evidence that corroborates that neither SNIC nor TDGIC were the First Insurer to receive my Completed Application (October 13, 2022).

8. Attached hereto to this my affidavit and marked as Exhibit "C" are copies of the invoices 1(B) to 1(E), with attachments, relating to the relevant OCF-18's therein. Invoice 1(B) to (E) and its attachments were also delivered to the listed office address (as I could not find any evidence to support SNIC ever having a branch office at the East Mall Address and the East Mall Address is a construction site) with the FSRA to the attention of the accounting department for SNIC. Invoice 1(B) to (E) and its attachments were also delivered to the listed office address for TDHA with the FSRA to the attention of the accounting department as the only evidence that I could find related to the East Mall Address was that of TDHA being a former tenant or occupier therein on the 6th floor.

9. I filed Invoice 1(A) and its attachments, and Invoices 1(B) to (E) with its attachments with the Tribunal on August 16, 2024. I served SNIC with copies of the same on August 16, 2024. I also served TDHA with copies of the same on August 16, 2024.

(12)

1190 [illegible] 31st Affidavit of Mr. Kevin A. McLean under TD Insurance (SNIC "Alumni Program") Claim Number [illegible] OCF form 1) [illegible] Insurance Policy Number #00001351806 (the "Policy Number"), LAT File Number "21-015943/AABB" (the "LAT File Number") [illegible] LAT Proceeding" or "McLean Proceeding") under section 280(2) of the *Insurance Act* currently involving the sole respondent party (the "Sole Respondent Party") [illegible] Insurance Company ("SNIC") with an FSRA Registration Number of 397 ("SNIC #397") and generally [illegible] the First Insurer between on [illegible] October 13, 2022 via my fax to the fax number of 416-774-3120 (the "North York Office Fax Number" "9th Floor-3650 Victoria Park Avenue Fax Number")

10. One of my many reasons for advancing a request for an expedited hearing of NOM #14 is to ensure that I and all of my service providers (past, current and future) have the correct name of the First Insurer and an accurate address for the same along with an adjuster or claims advisor that is authorized to act for the First Insurer. At this stage, I have further OCF documents to be submitted through HCAI but I cannot do so at this stage and cannot instruct any service provider to do so considering that the "return address" on the HCAI forms is the "Etobicoke East Mall Address". As noted in my Tab 22 to my NOM #14, the Etobicoke East Mall Address is a construction site without any ability to send any invoices or forms, and or follow up with a "reviewer" or an "approver" for the files of invoices.

11. I have copied and pasted the information from the affidavits in support of my the invoices denoted above and included it as appendix hereto. I expressly adopt the facts therein as my evidence herein. I further expressly adopt the belief that I now hold, after investigations into the same, that the fax number of 416-774-3120 (which was provided to be by SNIC in September 2022 and represented as the sole fax number for SNIC for my OCF documents) is not only the landline of a fax number at the Victoria Park Building but it is (or was) the fax number of the tenant on the **FOURTH FLOOR** of 3650 Victoria Park Avenue, North, York, Toronto, Ontario, M2H 3P7 (defined herein as the "Victoria Park Building" or the "North York Office")

12. While I did not include the address or name of TDGIC in the SNIC Proceeding and nor did Mr. Kanat in the SNIC Response, both Mr. Kanat and I included the address of SNIC Markham (also defined as the "Markham McNabb Building").

13. Based upon my review, the Tribunal noted in one of the first orders to set my NRB motion hearing (NOM #4) that the address for TDGIC was the "9th floor" of 3650 Victoria Park Avenue, North, York, Toronto, Ontario, M2H 3P7. The Tribunal also included a phone number that of (416) 774-3629. Based upon my research, the tenant of the 9th floor at 3650 Victoria Park Avenue, North, York, Toronto, Ontario, M2H 3P7 would have obtained a fax number that would have been 416.774.36XX. Therefore, I believe that the 416-774-3120 fax number was more likely than not the fax number of TDHA.

14. Consistent with the public evidence explicitly referencing TDHA as having the 416-774-3120 fax number along with SNIC re-directing my TD Claim #3 to a previous branch office address of TDHA (see: Etobicoke East Mall Address), I believe, as I have not received any evidence to the contrary or denials by SNIC, TDGIC or TDHA, that the First Insurer to receive my Completed Application (along with my OCF-2, OCF-3, all OCF-4's and OCF-19's) was TDHA.

15. By way of summary, I note that SNIC has never represented to me via letter that it was located at either the Victoria Park Building or the Etobicoke East Mall Address. SNIC has represented to me, in letter, that it was located at the Burlington Address in addition to the SNIC Markham address. However, neither the Burlington Address nor the SNIC Markham Address have a 416 phone number or 416 fax number.

16. I believe that I would have received a denial from any of the representatives, agents, adjusters et al on behalf of SNIC, TDGIC or TDHA if I was incorrect in my analysis.

17. I reserve the right to rely upon this evidence for any further purposes that are lawful.

18. I swear this Affidavit #31 for no improper purpose.

Sworn before me at Toronto, Ontario
On this 16th day of August 2024

119 The 31st Affidavit of Mr. Kevin A. McLean under File Insurance (SNIC: "Alumni Program") Claim Number 0353357993-3 ("ID Claim #3"), ID Insurance Policy Number #08030311806 (the "Policy Number"), LAT File Number 24-015663/AA/BC (the "LAT File Number"), LAT Proceeding or Arbitration Proceeding") under section 280(3) of the Insurance Act currently involving the sole respondent party (the "Sole Respondent Party") as Security National Insurance Company ("SNIC") with an FSRA Registration Number of 397 ("SNIC #397") and personally involving the "First Insurer" insurance on Completed Applications on October 13, 2022 via my fax to the fax number of 416-374-2128 (the "North York Office Fax Number" "4th Floor-3680 Victoria Park Avenue Fax Number")

Mr. Kevin A. McLean (B.A., J.D., CIM)

ENDNOTES

[illegible]

[1]"Insurance" means the undertaking by one person to indemnify another person against loss or liability for loss in respect of a certain risk or peril to which the object of the insurance may be exposed, or to pay a sum of money or other thing of value upon the happening of a certain event, and includes life insurance (see: s.1(1) of the *UDAP Rule*);

[2]*UDAP Rule*, 1(1)(v)(c): "Contract of insurance" means:(c) for a contract of insurance not referred to in (a) or (b), has the meaning ascribed to "contract" in s. 1 of the Act; see: section 1(1) of Insurance Act (Ontario): "contract" means a contract of insurance, and includes a policy, certificate, interim receipt, renewal receipt, or writing evidencing the contract, whether sealed or not, and a binding oral agreement;

[3]See: *SPPA*, section 1(1) definition of license: registration or similar form of permission required by law;

[4]See: *Insurance Act*, ss. 279 (includes does not exclude); see: section 3(1) of SABS which includes the Spouse of the Individual Named Insured (Antopoulos)

[5]As defined under *UDAP Rule*, ss. 1(1): "Claimant": "means a person who claims statutory accident benefits or who otherwise claims any benefit, compensation or payment under a contract of insurance,

[6]See: SNIC Response on January 25, 2024

[7]The "file number provided in the Andy Geza response" that was approved by TDI Legal which denoted the incorrect file number which I swear is the "TDGIC internally denoted file number" which it had and has possession and control of the same

[8]I shall be relying on jurisprudence in any to be heard motions and this SNIC Proceeding or future proceedings between SNIC and I where other insurers have had "two files" (one authentic and another not as authentic or not part of the assigned claim number for an insured person or injured person)

[9]See: LAT Rules (effective August 21, 2023), "Response" means the response a respondent is required to provide in relation to an appeal or as may otherwise be specified by the Tribunal.

[10]Please see: submissions and affidavits by myself regarding the inapplicability or lack of compliance with it by TDHA or SNIC within 90 days since receipt of my OCF-1 and OCF-2 (on my behalf) (see: October 13, 2022). At no time did TDHA (or SNIC), as it appears to me that TDHA's fax number was 416-774-3120 and the East Mall Address was TDHA's prior to the demolition of the "Valhalla Executive Centre", represent to me that there was any dispute between it and any other insurer(s) pursuant to Reg 283. This affidavit #30 will be (if necessary) in support of my motion to add TDHA as a party and seek declaratory relief regarding TDHA being the "First Insurer" to receive my "Completed Application"

[11]One year after the Accident as determined by a physician (neurosurgeon) when reviewing the four different MRIs that I had since the Accident (please: Affidavits #1 to #4 which were attached to my filed pleading herein on December 24, 2023).

[12]See: SPPA,

[13]See: *Insurance Act*, ss. 279 (includes does not exclude); see: section 3(1) of SABS which includes the Spouse of the Individual Named Insured (Antopoulos)

[14]As defined under UDAP Rule, ss. 1(1): "Claimant": "means a person who claims statutory accident benefits or who otherwise claims any benefit, compensation or payment under a contract of insurance,

[15]Distinguished from Meloche Monnex Inc., which is a CBCA incorporated company with a registered and records office of Markham McNabb Building

[16]See: *SPPA*, section 1(1) definition of license: registration or similar form of permission required by law;

[17]"Insurance" means the undertaking by one person to indemnify another person against loss or liability for loss in respect of a certain risk or peril to which the object of the insurance may be exposed, or to pay a sum of money or other thing of value upon the happening of a certain event, and includes life insurance (see: s.1(1) of the UDAP Rule);

[18]UDAP Rule, 1(1)(v)(c): "Contract of insurance" means:(c) for a contract of insurance not referred to in (a) or (b), has the meaning ascribed to "contract" in s. 1 of the Act; see: section 1(1) of Insurance Act (Ontario): "contract" means a contract of insurance, and

July 31, 2024

Dear SNIC:

I write to confirm that the evidence is now overwhelming that the 416-774-3120 fax was NOT SNIC's fax number at the relevant and material times. As such, I have removed it as a correct contact for SNIC and from any further communication with it via that method. Would you kindly update on the above SNIC Document Demand #1?

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

[Denied that he/she/it]

Re: SNIC Document Demand #4

Dear SNIC:

I write regarding the above.

To confirm, this website (see: https://www.allareacodes.com/) confirms that the 416-774-3120 fax number is a landline and associated with Bell Canada (not Bell Mobility).

Any landline number that commenced with 416-774 was created on June 13, 2000.

As such, the landline had to be grounded at 3650 Victoria Park Avenue, North York, Toronto, Ontario. The only owner of that 416 Fax Number, at the material times, was TD Home And Auto Insurance Company.

This SNIC DD #4, and the position taken herein, is consistent with some of the historical issues including but not limited to:

1. Incorrect postal code for my application benefits package but not my Spouse;
2. The April 20, 2023, letter misrepresenting that there was no medical information on file (when I had faxed my MRI results on multiple occasions along with other medical evidence) to support my being outside of MIG;
3. Failures to pay the amounts allegedly approved in OCF-18s (to this date);
4. Adjusters not signing OCF-18's where required (April 20, 2023 and beyond);
5. SNIC not having control of all relevant records and personal information;
6. The SPAM Faxes (my definition) (see: Spring 2023);
7. The request for only email communications (see: March 2023);
8. The delays in SNIC responding to fax communications (see: from the Date of Loss to the time of my filing of the Appeal);
9. The failure of SNIC to respond at all to fax communications;
10. The attempt to switch to the 905 Fax Number (which was still not SNIC's fax number and located in Burlington and which I have just checked and they are some 91 km's apart);
11. The October 2023 email from "E-claims fax service" claiming that I had sent an email when I had not (and not consented at that time to email communications with SNIC until my PIPEDA request (at the time) was resolved to my satisfaction);

1219

12. The attempt to have my OCF-19 submitted through HCAI with reference to an "Appropriate 22
Ontario Health Practitioner" [sic];
13. Continued responses allegedly from SNIC to my faxing to the 416 Fax Number when I was in Europe along with the 905 Fax Number not receiving faxes or blocking the same;
14. Ms. Persaud being out of office for four months from September to December 2023;
15. Ms. Persaud apparently not having access to my AB File including documents like the UHN Notification for my Brain MRI;
16. Refusal to respond to my request for accounting, tax and payor information.
17. The SNIC Response that failed to identify, list and attach documents as required by said form;
18. The unauthorized participation by TDGIC in the SNIC Proceeding;
19. The conduct of Mr. Nieuwland in the SNIC Proceeding albeit on behalf of TDGIC;
20. The conduct of the Fictitious Legal Assistant in Ms. Moores for TDGIC;
21. The Fictitious TD Claim Number;
22. Mr. Karst offering the email communication protocol on January 23, 2024;
23. Perhaps, oddly correct, that Mr. Papadimitropoulos was NEVER involved in my claim for accident benefits and the SNIC Proceeding as he is located at SNIC Markham and the 416 Fax Number is in Toronto; and
24. Other particulars (known and unknown).

On a side note, this must have become a dispute resolution nightmare when I filed the Appeal and faxed the Appeal to the 416 Fax Number. I obviously, in relying on the representations of SNIC, thought that SNIC was receiving a copy of my Appeal.

While I did not know the issue with the 416 Fax Number until this week, the absence of compliance with the issues including but not limited to IRB, Med/Rehab Benefits, MIG, CAT Impairment, et al.

It appears what happened with the Tribunal was that it knew that the 416 Fax Number was NOT SNIC (and certainly not SNIC Markham) which is why it was so adamant to keep TDGIC therein as TDGIC was already set in the system (likely a clerical error between TDGIC and TDHA).

I look forward to SNIC disclosing and producing its customary fax number at the SNIC Markham from August 31, 2022 to present.

I trust that SNIC, as per its fiduciary duties to me, will disclose the same by no later than Monday, July 29, 2024.

I can confirm that a complaint has been delivered to SNIC's licensing complaint officer regarding this issue and I will close the same if you provide SNIC's Markham landline fax number by no later than Monday, July 29, 2024. To the extent that you fail to do so, I will draw this to the attention of the Tribunal and SNIC's licensing complaint officer.

Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CJM)

SNIC's correct fax number for its office at SNIC Markham (see: 101 McNabb Street, 2nd Floor, Markham, Ontario)

3 messages

Kevin McLean <mcleanmiclat@gmail.com> Tue, Aug 6, 2024 at 7:56 AM
To: alisha.anne@tdinsurance.com, "Persaud, Carol" <carol.persaud@tdinsurance.com>, bev.nichle@tdinsurance.com

Dear Mesdames:

I write regarding the above. I affirm and reaffirm the Email Communication Protocol but for my records (and to amend my contact information for SNIC and others) I continue to request SNIC's correct fax number for its office at SNIC Markham which was referenced in my initial accident benefits package, pre-printed return address OCF forms et al. It is also referenced in the SNIC Response.

I provided fair notice to SNIC that if I did not receive its correct fax number I would be compelled to make a complaint to the licensing complaint officer for SNIC. I have done so. However, if you provide the correct fax number for SNIC Markham (also defined as the "Markham McNabb Building" or "McNabb Building"), I can review and check for its veracity. If it is correct, then I can close my request herein and with the licensing complaint officer.

Kindly revert back to me by the end of the business day. Thank you.

Yours truly,

Mr. Kevin A. McLean (B.A., J.D., CIM) (he/him)

TO THE INSURER TO WHOM THIS APPLICATION IS BEING SUBMITTED:

I UNDERSTAND that you and persons acting for you will collect, use and disclose personal and personal health information that is related to the applicant's claim for accident benefits arising out of the accident referenced in this invoice and that all such information will be collected directly from me or from any other person with my consent.

I ALSO UNDERSTAND that you and persons acting for you will collect information about the invoice prepared by me.

I ALSO UNDERSTAND that if I am the health service provider for the applicant that you, and persons acting for you, will collect information related to the claim that is provided by me on this invoice or any other auto insurance application form.

I ALSO UNDERSTAND that the information within this form will be collected and used only as reasonably necessary with the applicant's consent for the purposes of:

- Investigating the claims of the applicant and processing the claims of the applicant as required by law, including the Ontario Automobile Policy;
- Obtaining or verifying information relating to the applicant's claims in order to determine entitlement and the proper amount of payment;
- Recovering payment from insurers and others liable in law for amounts that you pay in connection with the applicant's claims;
- Identifying and analyzing the nature and costs of goods and services that are provided to automobile insurance claimants by health care providers;
- Preventing, detecting and suppressing fraud;
- Compiling anonymized statistics for government agencies; and
- Assessing underwriting risks and claims experience.

I ALSO UNDERSTAND that you, and persons acting for you, may disclose this information to the following parties or organizations who may collect and use this information only as reasonably necessary to enable you or them to carry out the purposes described above:

insurers, insurance adjusters, agents and brokers; employers; health care providers; hospitals; accountants; financial advisors; collectors;

organizations that consolidate claims and underwriting information for the insurance industry; fraud prevention organizations; other insurers;

companies; the police; databases or registers used by the insurance industry to analyze and check information provided against existing information; and any agents or representatives as designated by me from time to time.

I ALSO UNDERSTAND that you, and persons acting for you, may pool this information with information from other sources and may analyze this information for the limited purpose of preventing, detecting or suppressing fraud.

I CONSENT to you collecting, using and disclosing information relating to this claim form in the manner described above, which will be limited to information that is reasonably necessary to meet the legitimate purposes of such collection, use or disclosure.

I UNDERSTAND that if I have any questions about this consent I am free to consult with the insurance company representative or a legal advisor before signing this document.

I AM ALSO AWARE that you, and persons acting for you, may be required or permitted by law to disclose this information to others without my knowledge or consent.

I CERTIFY THAT THE INFORMATION PROVIDED IS TRUE AND CORRECT.

I UNDERSTAND THAT IT IS AN OFFENCE UNDER THE INSURANCE ACT to knowingly make a false or misleading statement or representation to an insurer under a contract of insurance. Regulated sectors may be subject to an examination or inquiry about matters in connection with a licence and or unfair or deceptive act or practice. Non-compliance with applicable regulations may result in enforcement actions ranging from an administrative monetary penalty to prosecution under the Provincial Offences Act.

I FURTHER UNDERSTAND THAT IT IS AN OFFENCE UNDER THE FEDERAL CRIMINAL CODE for anyone, by deceit, falsehood, or other dishonest act, to defraud or attempt to defraud an insurance company. This information will be used for processing payments of claims; identifying and analyzing the nature, effects and costs of goods and services that are provided to automobile accident victims, by health care providers; and PREVENTING, DETECTING AND SUPPRESSING FRAUD.

To obtain further information about privacy related issues please contact the Privacy Officer at the insurance company listed in Part 2.

To obtain further information about how your consent relates to pooling and data analytics to prevent and detect fraud please visit http://www.ibc.ca/en/privacy-terminology.asp

Re #3: OCF-21 submitted through HCAI regarding TD Claim #3 as per unpaid amounts approved in April 20, 2023, letter from SNIC (return address of SNIC Markham and the fax number of 416-774-3120 ("416 Fax Number") from the OCF-18 that I signed on April 6, 2023 (see: Exhibit "A") (the "Dhaliwal Signed OCF-18") and the HCAI submitted OCF-18 on April 6, 2023 (see: Exhibit "C") (the "Dhaliwal HCAI OCF-18")

I, Kevin Alexander McLean, Disabled[3] (B.A., J.D., CIM) of Toronto, Ontario, SWEAR THAT:

VOLUME #1: Introduction

1. I am the deponent or affiant (also defined as "Insured Person", "Disabled Individual" and/or "AT Impaired Individual") herein and I swear, under the pains and penalties of perjury, the following facts to be true.

(55) 35

1282 the 1st and only affidavit (for any purpose) which is deemed below of Mr. Kevin A. McLean, which is to be appended to an OCF-21 (Treatment/Assessment Plan) completed by my current physiotherapy company, (SAPC DBA "Rehab Mechanic") as it relates to TD Claim Number 8501279-1 (Ref Items #3 and 10 Insurance Policy Number #0018351 1006 (the "Policy Number") regarding the impugned or alleged failure of the correct and proper insurer (as per the statute) apparently appointed on April 30, 2022, purportedly by SNIC and allegedly by the printed name under the "mandatory Relief" signature field (ref Appx 1 Page 2 with the description of "XAW".

2. Where I have stated or sworn information on my belief(s), I have cited the source of my belief(s) by references, citations, end-noting or otherwise. When I have used the expressions (including any permutations) of "in my view", "in my opinion", or "belief", I am not drawing or making any conclusion of law or swearing a conclusion of law but rather citing my positions and opinions as a matter of fact.

3. Where I have included annotations on the exhibit pages, I have done so for ease of reference and I adopt the same as my evidence. Where I have used "double underlining", the double underlining is mine and added to distinguish and delineate between my emphases of certain language.

4. I adopt the information and evidence from the above after "Affidavit of Kevin McLean" herein as my sworn evidence whether by factual reference or based on information and belief. Where I have referenced a belief without a specific source per se, I have done so to protect the identities of certain individuals or persons and/or it is to be presumed by the reader that my beliefs are based upon my investigations or investigations on my behalf. I have provided the aforementioned evidence for clarity in my sworn evidence. Like all of my affidavits since the Date Of Loss and as a result of my impairments, which I have been found by physicians without any competing evidence despite my provision of the same to render me CAT impaired, I have dictated much of this affidavit and I reserve the right to correct any administrative, spelling, grammar, syntax or incorrect double negatives by subsequent affidavit.

5. My evidence herein, to be appended to the completed and signed OCF-21, is directed to the relevant accounting departments of the First Insurer, SNIC *et al* (where applicable).

6. The headings used herein are for reference and convenience of the recipient readers including but not limited to:

a. *Reviewer*; and
b. *Approver*

(see: OCF-21, "For insurer's use only").

Volume #1(A): Reservation of rights in fact and at law

7. In referencing SNIC herein, I am not admitting that it was the First Insurer per se but I reference SNIC as a matter of fact by its name in various documents that were provided to me by SNIC or by HCAI.

Volume #1(B): The Purpose of this Affidavit to be appended to an OCF-21

8. The purpose of my providing the above particulars, known to me, on August 8, 2024, is to, *inter alia*, avoid the following:

a. *reviewer*; and
b. *approver*,

of the "Auto Insurance Standard Invoice (OCF-21)" ("OCF-21")

Volume #1(C): SPPA, section 28 and Legislation Act, section 69: no intent to mislead or deviate from substance or contents of form, or for courtesy purposes, and purpose is for SNIC (or whomever the First Insurer was – due to passage of time) to pay that which it approved

9. While I believe that the OCF-21 is primarily purposed and required for impairments within the MIG, and the OCF-18 is for impairments outside of the MIG, and SNIC was required to pay the amounts it approved on

(40) 36

1288 the 1st and only affidavit (for any purpose) which is deemed below) of Mr. Kevin A. Mclean, which is to be appended to an OCF-21 claiming [illegible] submitted by my current physiotherapy company, (SAPC DBA "Rehab Mechanics") as it relates to TD Claim Number [illegible] TD Claim #3 and TD Insurance Policy Number [illegible] (the "Policy Number") regarding the engaged or alleged failure of the correct and proper insurer to pay the amounts apparently approved on April 20, 2023, purportedly by SNIC and allegedly by the printed name under the "mandatory field" signature field 3 of "As Per A. Nurse" with the inscription of "E) W"

April 20, 2023, by no later than the 11th business day after April 6, 2023, I, in instructing and assisting (where applicable) as Mr. Dhaliwal was my previous physiotherapist and I have first-hand knowledge of some aspects that he did not) my service provider (Mr. Attwala) regarding the completion and execution of the OCF-21 believed it was prudent to provide an invoice for a variety of particularized reasons herein.

10. I provide this affidavit to be appended to the OCF-21 which I and the physiotherapist in Mr. Sanjiv Attwala, PT intend to complete (where applicable) and provide to the adjuster or claims advisor at the time of my signed OCF-18 with Mr. Dhaliwal (April 6, 2023), HCA submitted Dhaliwal OCF-18, and the response from SNIC (SNIC Markham), dated April 20, 2023, wherein it partially approved the sum of $2080.5. I received the April 20, 2023 letter from SNIC (SNIC Markham) in May 2023. During the month of April 2023, I consented to Mr. Attwala taking over from Mr. Dhaliwal as I was informed by Mr. Dhaliwal on or around March 2023 that Mr. Attwala would be replacing him.

11. I, with full knowledge, consented to Mr. Attwala being transferred my files, records and documents from TONP. Mr. Attwala has been my physiotherapist since April 2023. I was very impressed with the approach, care and services of Mr. Dhaliwal of TONP and I have also been very impressed with all aspects of the treatment and services of Mr. Attwala of Rehab Mechanics. In my view, Mr. Attwala and I have taken incredible strides and made progress with my rehabilitation but I have, in my view, an extraordinarily long road ahead with all of my impairments which will, as per advice I have received from physicians, require various surgeries. I intend to rely on Mr. Attwala for the post-operation aspects of my and all surgeries and beyond.

Volume #1(B): further research and investigation: no evidence of Mr. Dhaliwal receiving payment for the $2080.57

12. At all relevant times, I had presumed that Mr. Dhaliwal, PT, had received the sum of $2080.57

13. Based upon my research, I now believe on this August 8, 2024, after five p.m. that my former physiotherapist in Mr. Dhaliwal, PT, of TONP never received any monies from the listed insurer therein (albeit with a different address than my originally signed OCF-18 on April 6, 2023) or any insurer for that matter with respect to the Dhaliwal OCF-18 (see: Exhibit "A" and Exhibit "B").[4]

14. While my position remains, as a matter of law, that the "As Per A. Nurse" (see: Exhibit "C") printed language is not an authorized and valid signature by an adjuster on behalf of SNIC, for the purposes herein, I have instructed my current physiotherapist, Mr. Attwala, to submit an OCF 21 for the amounts denoted in the cover letter and non-signed OCF-18, Part 13 by an adjuster on behalf of SNIC. It remains my position that whomever, on behalf of the correct insurer (or "First Insurer") as a matter of law, engages in the process of review and approval of the payment of the sums approved (and not denied *per se* i.e. partially approved) is required to be consistent with the HCAI submitted copy at the time (through no fault of myself or Mr. Dhaliwal).

15. Part of the purpose herein, I remain liable for the services performed upon me whom not approved by the correct and proper insurer. However, I confirm that I did receive the documents at Exhibit "C" and I had presumed that said amounts were paid as they were apparently approved. After further review and research of *SABS* and relevant jurisprudence, it became my position that not only were the purportedly or allegedly approved amounts in the sums of $1995.00 and $85.57 due and owing but the entire amount in the Dhaliwal OCF-18 was due and owing for failure by Ms. Nurse, on behalf of SNIC, to sign (and complete) the OCF-18. I do not take kindly to being liable for amounts that were approved by SNIC to its return address of SNIC Markham.

16. I rely on ss. 38(8) and 11 of *SABS* along with sections 66 and 67 of *SABS*.

(57) 37

1234 the (" and only attending (by-and-patient) which a denoted below) of Mr. Kevin A. McLean, which is to be appended to an OCF-24 Affidavit in [illegible] completed by my current physiotherapy company, (SAPC DBA "Rehab Mechanics") as evidence in TD Claim Number [illegible] and TD Insurance Policy Number [illegible] (the "Policy Number") regarding the unsigned or alleged future of the correct and proper document to pay the amounts apparently approved on April 20, 2023, purportedly by SNIC and allegedly by the printed name under the "mandatory field" signature field [illegible] with the description of "Ex. H".

17. To the extent that the position of SNIC was that it required an invoice for an OCF-18, which is not a document for impairments outside of the MIG and which I disagree, I note that SNIC has 30 calendar days to pay such invoice. My position will always remain that SNIC (or the First Insurer depending on further evidence that is discovered or by way of admissions) was required to pay the $2080.57 on or around April 24, 2023. I note that SNIC knew the numbers that it approved on April 20, 2023, and the address for Mr. Dhaliwal, PI, and Mr. Atwala were the same.

> **Volume #1(E):** No attempt by Ms. Nurse to send a duly signed OCF-18, Part II after the ten business day period under section 38(8) and (11) of *SABS*

18. I swear under the penalty of perjury that I have never received another documents from SNIC or any insurer for that matter wherein Ms. Nurse attempted to or purported to sign in her name (or provide an amended document with her signature and not on her behalf albeit in her name) the OCF-18, Part II after April 20, 2023.

> **Volume #1(F):** My PIPEDA request to HCAI – on account of my current PT not having access to the HCAI of my previous PT – received on Tuesday, August 6, 2024, and ancillary evidence to [illegible]

19. Upon further review of my signed hard copy of the Dhaliwal OCF-18, and then OCF-18's with my current physiotherapist, I noted the address, in the HCAI submissions, of 304 The East Mall, Etobicoke, Toronto, Ontario M9B 6B7 (the "Etobicoke East Mall Address" or the "East Mall Address") as not being the address that I had for SNIC. When referencing the words of "*I had for SNIC*", the only addresses that I was provided by SNIC (claims advisor is Ms. Nurse) was, at that time, was the following:

a. **SNIC Markham; and**
b. **416 Fax Number.**

20. I believe that Markham does not have 416 area code numbers. Therefore, I do not believe that I was provided the correct fax number for SNIC at the Markham McNabb Building. As such, I believe that the 416 Fax Number at the Victoria Park Building in October 2022 was the fax number of the insurance company located on the 4th floor of the VP Building.

21. For accounting and taxation purposes and the relevant department of the First Insurer, I swear that at no time during our LAT proceeding did TD General Insurance Company, which attempted to be the sole respondent in substitution of SNIC, represent to me and the Tribunal that it was the "First Insurer". The representations made on behalf of TDGIC by its declared representative was that "TDGIC and SNIC" were "one and the same". I was able to disprove that representation by TDGIC and obtain an order to amend the incorrect style of cause from "TD General Insurance Company" to "Security National Insurance Company" (see, order of Adj. Morissette on June 21, 2024).

22. Further, I note again for the accounting department of the First Insurer and potentially the accounting department of SNIC for any reconciliation of amounts with the First Insurer, in accordance with *SABS* and *Reg 283*, I did not become aware of the address at the Victoria Park Building (which referenced the 9th floor) until it appeared in a motion order in the LAT Proceeding but exclusively for TD General Insurance Company, FSRA Registration Number #353. Based upon my research and communications with the concierge at the VP Building on July 21, 2024, when delivering documents to a non-party in TDGIC, TDGIC had left the Victoria Park Building about a year or so prior (i.e. July 2023). I further note for the relevant accounting department that I was advised by the concierge, whom I presumed was an agent for the property management company in Colliers International, at the Victoria Park Building, that TDGIC (not TDHA) had moved to the Markham McNabb Building. Neither the East Mall Address nor the Burlington Address are the same as the Markham

1295 the 1st and only affidavit (by told purports) which is directed to/sent of Mr. Kevin A. McKenna, which is to be appended to an OCF-21 (Primary MAI) to be filed by my current physiotherapy company, (SAPC DBA "Rehab Mechanics") as it relates to TD Claim Number [redacted]-1 ("TD Claim #3") and TD Insurance Policy Number [redacted] (the "Policy Number") regarding the misapplied or alleged failure of the control and proper insurer to pay the amounts apparently approved on April 20, 2023, purportedly by SNIC and allegedly by the person(s) under the mandatory field signature field 3 of 3 "As Per A. Nurse" with the inscription of "Ex W".

McNabb Building. I further swear that at no time has SNIC represented to me that it was located at the Victoria Park Building. Rather, SNIC has represented to me or by way of its unalterable address in HCAI that it was (or is) located at:

a. East Mall Address (Etobicoke);
b. Burlington Address; and
c. Markham (SNIC Markham).

23. I learned through my HCAI *PIPEDA* request that the East Mall Address was the only address in the HCAI database for my TD Claim #3, and it was set therein from after my Date Of Loss.

24. I will allow for the "reviewer" and "approver" to confirm which insurer it is so acting on behalf in relation to said East Mall Address and/or the 416 Fax Number. To the extent any address changes were to occur, I have provided notice to the claims advisors that any such changes will be at the time of the changes and I will rely upon on the documents in the exhibits as they then were.

25. I note the following:

a. TD insurance policy regarding limited inter-company transfer of personal information of policyholders and insured persons within the TDI Group (see: Insurance Policy); and
b. TD insurance policy regarding provision of fax numbers: only provided via "claims advisor" assigned to TD claim number (see: "As we have numerous offices across the country, typically our Insurance and Claims Advisors will provide you with the proper fax number to ensure your documents are received in a timely fashion"). [1] (the "**TD Assurance Group Fax Policy Protocol**")

26. I believe that the TDI Group Fax Policy Protocol is consistent with the amendments to *Reg 283* in 2010

Volume #1: Exhibits

Exhibit "A"

27. Now shown to me and marked as Exhibit "A" to this my affidavit, pages 1 to 10, is a copy of my originally signed OCF-18 on March 30, 2023 (Mr. Dhaliwal) and April 6, 2023 (myself).

Exhibit "B"

28. Now shown to me and marked as Exhibit "B" to this my affidavit, pages 11 to 18, is a copy of the HCAI submitted version of my OCF-18 that I obtained in this month of 2024 from the privacy division of HCAI. I note the discrepancies between my originally signed OCF-18 and the auto-population of language, addresses *et al* in the HCAI submitted version.

Exhibit "C": The SNIC (SNIC Markham) letter and OCF-18, Part 13 document (to be read as one document)

29. Now shown to me and marked as Exhibit "C" to this my affidavit, pages 19 to 21, is a copy of pages from the letter from SNIC, which did in fact reference the 416 Fax Number on one of the reverse pages, with the delineation of approvals and non-approvals in the letter therein and the "As Per A. Nurse" purported signature. I do not believe that said inscription was Ms. Nurse's signature. I continued to take the position that said form remains incomplete as a result of SNIC and Ms. Nurse's failures in this regard. However, I am content, for purposes herein while reserving my rights in fact and at law, to instruct Rehab Mechanics to

(59) 39

1206 [illegible] and only affidavit (provided purposes) which is denoted below) of Mr. Kevin A. McLaren, which is to be appended as an [illegible] submitted by my counsel physiotherapy company, (SAPC DBA "Rehab Medicenter") as it relates to TD Claims Number [illegible] and TD Insurance Policy Number [illegible] (the "Policy Number") regarding the impugned or alleged failure of the correct and proper answer as per the [illegible] approved on April 26, 2023, prepared by SNIC and allegedly by the posted note under the "mandatory fields" options field text "As Per A. Nurse" with the exception of "RLW".

submit the OCF-21 (with reference only to the correct version (albeit discretionary per se) for impairments that are not within the MIG as the insurer name, address, amounts approved *et al* are consistent.

30. I have now copied and pasted the, in my view, relevant information for the "reviewer" and "approver". To the extent said reviewer and said approver are of the same view as myself that the "As Per A. Nurse" was not a valid signature in accordance with *SABS*. In this regard, I am determining whether a second and alternate invoice should be provided to the First Insurer and SNIC to provide two options for them. In the interim, I have only instructed one invoice. I have copied and pasted from a document of mine that was made in 2024 regarding due below [emphasis is mine]:

> "CLAIM FOR MEDICAL OR REHABILITATION BENEFITS
> **Claims for medical and rehabilitation benefits and for approval of assessments, etc.**
>
> **(8) Within 10 business days after it receives the treatment and assessment plan, the insurer shall give the insured person a notice that identifies the goods, services, assessments and examinations described in the treatment and assessment plan that the insurer agrees to pay for, any the insurer does not agree to pay for and the medical reasons and all of the other reasons why the insurer considers any goods, services, assessments and examinations, or the proposed costs of them, not to be reasonable and necessary. O. Reg. 34/10, s. 38 (8); O. Reg. 14/13, s. 5**
>
> **(11) If the insurer fails to give a notice in accordance with subsection (8) in connection with a treatment and assessment plan, the following rules apply:**
>
> **1. The insurer is prohibited from taking the position that the insured person has an impairment to which the Minor Injury Guideline applies.**
>
> **2. The insurer shall pay for all goods, services, assessments and examinations described in the treatment and assessment plan that relate to the period starting on the 11th business day after the day the insurer received the application and ending on the day the insurer gives a notice described in subsection (8). O. Reg. 34/10, s. 38 (11).**
>
> **[note bene: this section is somewhat analogous to the IRB [Specified Benefit] section regarding the within ten business days that an insured must give a section 44 notice or pay the specified benefit until it gives a compliant notice under section 36(4)(b)]**

Section 67 of *SABS*

When form is considered completed

67. (1) Any document that is required by section 66 to be in a form approved by the Chief Executive Officer [FSRA, Mr. Mark White] and to which subsection 64 (7) applies and any other document specified in a Guideline applicable [see https://www.fsrao.ca/media/46/download: OCF-18 guideline] for the purposes of this section is duly completed and includes all information required by this Regulation to be included in it if,

(a) every field not identified on the form as an optional field is completed in accordance with subsection (2); and

40

1287 the 1st and only Affiant) (for said purposes) which is denoted below) of Mr. Kevin A. McLean, which is to be appended to the OCF-21 (Invoice 0010) to be submitted by my current physiotherapy company, (SAFC DBA "Rehab Mechanics") as it relates to TD Claim Number [redacted] ("TD Claim #3") and TD Insurance Policy Number [redacted] (the "Policy Number") regarding the unpaid or delayed future of the current and proper manner to pay the amounts optionally approved on April 20, 2023, purportedly by SNIC and allegedly by the printed name under the "mandatory field" signature field (cell "A" Pg 1 Form with the exception of "K) 9"

(b) if any field on the form that is identified as an optional field is completed, it is completed in accordance with subsection (2). O. Reg. 34/10, s. 67 (1); O. Reg. 123/19, s. 9.

(2) If the form specifies the manner or the format in which a field is to be completed, completion of the field shall be in *that manner* and in *that format*. O. Reg. 34/10, s. 67 (2)

Exhibit "D"

31. Now shown to me and marked as **Exhibit "B"** to this my affidavit, pages 22 to 42 is a copy of my emails to the claims advisors or adjusters of SNIC (as represented to me) with my queries and requests for accounting, evidence, and correct contact information for *SNIC et al*. As of today's date, I still have not received a response to those emails and emails, in my view, that were similar by way of requests and demands therein

32. Now shown to me and marked as **Exhibit "E"** to this my affidavit, pages 43 and onwards is a copy of an **OCF-21** therein. I have instructed **Rehab Mechanics** to complete said form in accordance with the approved amounts therein as per an **OCF-18** (a non-MIG form) while reserving my rights in fact and at law.

33. As a result, I swear my belief yet again that I do not believe that my service providers denoted herein (**TONP** and **Rehab Mechanics**) (collectively defined herein as the "**Service Providers**") received any funds from **SNIC** or any insurer (see: **First Insurer** pursuant to *Reg 283*) in relation to the **Dhaliwal OCF-18**.

34. I confirm that **SNIC** (Mr. Kent) and I agreed and consented to an email communication protocol in January, 2024 for my communications for ongoing and day-to-day matters with Ms. Persaud (at the time"). I continue to honour and affirm the **Email Communication Protocol**.

Volume #3: Conclusion and Jurat

35. I swear that, under the penalties of perjury that I have solely drafted this affidavit and as any service provider to me is an "agent" and I am the "principal", I have instructed, within the boundaries of the law, to attach this affidavit, which contains the above exhibits (including any originally signed **OCF-18** with Mr. Dhaliwal, PT; the **HCAI** submitted **OCF-18** through the **HCAI** portal; and the letter from **SNIC** with the "non-signature" by Ms. Nurse *et al*).

36. To the extent that any monies were paid to Mr. Dhaliwal, PT (TONP) or Mr. Ahwinda, PT (**Rehab Mechanics**), I am content to accept the same so long as I am provided with supporting documentation of the same and the *approver and reviewer* may deduct whatever amounts were in fact sent via cheque (see: *Bills of Exchange Act*) and delivered (with proof) to whichever service provider said insurer delivered the same

37. While I note that the **OCF-21** is optional or discretionary for **OCF-18's** (i.e. Non-MIG related), I have instructed **Rehab Mechanics** to attach this affidavit to an **OCF-21** for the purposes of a *reviewer* and *approver* for payment of any and all amounts that were approved in the April 20, 2023 letter. I will await to see who reviews and approves the same and from which insurer per se as I have not received any response from the adjusters or advisors in this **TD Claim #3**.

38. As my *review* finds me to believe that the attachments cannot be uploaded into **HCAI**, I shall provide a copy of the attachments to the claims advisers (as represented to me) of **SNIC** via email pursuant to the **Email Communication Protocol**. I will then confirm the same with evidence to **Rehab Mechanics** that I had done so.

39. Out of respect for the accounting department(s) at **SNIC** and the **First Insurer**, I swear that I have received to my **Beneficiary Bank Account** (provided to the 416 Fax Number), the sum of $1400.98 as of April 6, 2023. As of August 8, 2024, I have not received any further payments from **SNIC** or any insurer.

(60) 61

1218. The 1st and only affidavit (for said purposes which is detailed below) of Mr. Kevin A. McLean, which is to be appended as OCF-21 (Invoice Appeals Submitted by my current physiotherapy company, (SAPC DBA "Rehab Mechanics") as it relates to TD Claim Number 0301579042-104 Items #1 and 1B Insurance Policy Number 4869013511806 (the "Policy Number") regarding the unpaged or alleged failure of the correct and proper insurer to pay the amounts apparently approved on April 20, 2023, purportedly by SNIC and allegedly by the correct insurer under the "mandatory field" requirements (field 1 of the Part 3 "Insurer" with the exception of "(L) W".

40. While I believe that since SNIC's stated position was that I was in the MIG at the said time, I believe it was required to pay the full amount of the Mr. Dhaliwal full-body assessment. In this regard, I do not see any prohibition regarding paying more than the invoice will demand payment for (and there may be a dispute re the sum of the interest pursuant to section 51 of *SABS*), in accordance with *SABS*, but I note that there is a prohibition against paying less than the approved amounts by SNIC on April 20, 2023.

41. To the extent that the accounting department is of the view that SNIC did not comply with the requirements of *SABS* in providing me with a notice, which includes the completed required fields in the OCF-18, Part 13, then it or the First Insurer may pay the full amount in the OCF-18 with *SABS* interest to Mr. Ahwala, PT or by reference to the S. Ahwala Physiotherapy Professional Corporation which does business as "Rehab Mechanics" (defined as "SAPPC" or "Rehab Mechanics").

42. I wish to kindly, in my view, re-notify the claims advisors whether at SNIC or the First Insurer to amend the undeliverable address in HCAI to an address that is current and active. I attended the location of the Etobicoke Address on August 4, 2024, and it is under construction or a "construction site". I spoke with some residents in the area and I was informed that the Etobicoke Address has been inactive for years as it related to the former office building known as the "Valhalla Executive Suites". If SNIC is continuing to take the position that it was the First Insurer, then I request that SNIC amend, in HCAI, the address of the Etobicoke Address to the Markham McNabb Address.

43. I also request that the claims advisors, whether at SNIC or the First Insurer, provide me with the following for any of my (or on my behalf for current and future health care practitioners (whether in Ontario and outside of Ontario) day-to-day submissions, for HCAI or otherwise, the following for, *inter alia*, accounting, taxation and record keeping purposes:

a. SNIC Markham's fax number;
b. the legal name of the First Insurer;
c. the insurance companies that were tenants or occupiers at the Burlington Address from 2021 to January 2024;
d. the correct fax number for the First Insurer; and
e. copies of any signed OCF-18's (see: Part 13) by an adjuster on behalf of SNIC after the Dhaliwal OCF-18.

44. I appreciate that insurance companies move locations through their operational histories and I appreciate that SNIC moved to the Markham McNabb Building on or around 2018. I swear that belief based on my discussions with confidential sources and my own research. I swear that at no time did SNIC represent to me that it was located at the Victoria Park Building. I swear at no time did SNIC represent to me that it had a branch office situated at the Etobicoke East Mall Address. SNIC did represent to me, in 2021, that its office address had changed from SNIC Markham to the Burlington Address. While I had found that 905 Fax Number on numerous occasions, it was regularly blocked or disconnected during the "call".

45. During October 2023, an unknown author, purporting to be with e-claims service emailed an email account that I had not provided to SNIC, requesting that I upload information to some portal with "E-claims" (unknown entity). I did not respond to that email as I had not consented, at that time, to email communications, and I exclusively faxed to the 416 Fax Number (from September 2022 to October 2023) and then joint or semi-contemporaneous faxes to the 416 Fax Number (represented to me as SNIC Markham) and the 905 Fax Number (Burlington). On or around March 2023, I received a letter from SNIC asking for me to check a box, and consent to email communications along with the provision of an email address for said purposes. I did not consent.

(62) 42

1289 the 4th and only Affidavit (for said purpose) which is dated below) of Mr. Kevin A. McLean, which is to be appended as an [illegible] Claims (Appeals Handled by my current physiotherapy company, (SAPC DBA "Rehab Mechanics") as a result of its claim to TD (Claim Number 0350259-31 10 (Claim 4)) and TD Insurance Policy Number 0351 (the "Policy Number") regarding the unpaid or alleged failure of the correct and proper entities to pay my amounts apparently approved on April 20, 2023, purportedly by SNIC and allegedly by the printed name under the "mandatory Field ("signature field") of "As Per A [illegible] with the description of "[illegible]"

46. On or around April 2023, I received a variety of what I defined as "Spam Faxes" as they were from fax numbers that were not the 416 Fax Number (4th Floor of the Victoria Park Building), and I had to block, black-list and filter them to avoid any potential privacy breaches. One of the "Spam Faxes" read to me as coming from an unnamed and undisclosed insurance company in reference to my fax to the 416 Fax Number a few days prior. This afforementioned "Spam Fax" represented to me that it did not have any record of my TD claim number which I found appalling and concerning. Moreover, it appeared to direct me to other fax numbers for future faxes. I, in my view, promptly faxed the 416 Fax Number to the attention of Ms. Nurse (claims advisor) to alert SNIC and her of said issue. I continued to exclusively fax the 416 Fax Number until October 2023, when I returned from Europe to Canada (after obtaining MRI's examinations, assessments and reports that I could not obtain in Canada at all or until late December 2023 or early January 2024) which I jointly faxed the 905 Fax Number (Burlington Address) and the Fax Number.

47. For the benefit of the relevant accounting departments, as I have taken the position based on my investigations and discoveries, since July 2024 that the First Insurer was NOT SNIC, that I have never received a fax from the 416 Fax Number. Further, I have never received a fax from the 416 Fax Number that purported to be Ms. Nurse, Ms. Persaud or Ms. Michie.

48. After review of my documents, I swear that I have not received or found any documents from SNIC that has referenced the 416 Fax Number by SNIC or an authorized representative of SNIC since 2024

49. I swear that while I believe that Ms. Michie has represented that she was and is a claims advisor with SNIC at SNIC Markham, I am not aware of any documents in which she has referenced the 416 Fax Number for SNIC.

50. While I wished to remain consistent with the HCAI submitted copy, as a courtesy to the relevant "assessor" and "approver" of the OCF-21, by submitting via mail to the Etobicoke East Mall Address. I cannot in good conscience do so as I have knowledge that the *Valhalla Executive Suites* has been demolished. I believe any mailing of this affidavit, appended to the OCF-21, would not be receivable by the insurance company that was so located there prior to its inoperability and demolition. As such, I will email a copy of this affidavit and to be completed OCF-21, by Mr. Ahwale, PT, (regarding the approved amounts by SNIC (SNIC Markham) with reference to Ms. Nurse) of the same to Ms. Nurse with a copy to the Mesdames Persaud and Michie. I will also copy, via email, the chief agent for TDHA.

51. I will not send this affidavit and OCF-21 to the Burlington Address as I do not believe that was an address for SNIC per se. To the extent it was a branch office for TDHA, I will rely on email to the chief agent in Mr. Russell, to avoid any lost or stolen personal information of mine and that of Mr. Ahwale, PT and Rehab Mechanics.

52. I may fax a copy of the completed and executed OCF-21 and this affidavit to the 416 Fax Number while requesting a response. While only the Etobicoke East Mall Address is denoted in the HCAI submitted copy (see: Exhibit "B"), I note that Ms. Nurse's name is therein. I further note that the 416 Fax Number was included in my signed OCF-18 with Mr. Dhaliwal on April 6, 2023 (see: Exhibit "A").

53. I further swear that I, along with instructions and provision of current evidence to any and all service providers to me, am erring on the side of caution to avoid any imputation or allegation that I waived any rights. I swear under oath that I have NOT, am NOT and will NOT waive any rights on my behalf or others (where I have an interest therein) and any waiver from me (if applicable) will be signed, dated and witnessed.

54. I further swear that I have not found any evidence that SNIC had branch offices from the Date Of Loss to present at any of the following locations:

(63) 43

1210 the ("and only affidavit (for said purposes) which is denoted below) of Mr. Kevin A. McLean, which is to be appended to the (X) 20 [illegible] submitted by my certain physiotherapy company, dAFC DBA "Rehab Mechanics") as it relates to TD Claim Number [illegible] and TD Insurance Policy Number [illegible] (the "Policy Number") regarding the improper or alleged failure of the correct and proper insurer to pay the [illegible] expressly approved on April 26, 2023, purportedly by SNIC and allegedly by the person name under the "mandatory Solid Dispatch Solid Text" [illegible] with the description of "(X) 10".

a. **Etobicoke East Mall Address;**
b. **Burlington Address; and**
c. **Victoria Park Address.**

55. I do not dispute that TDHA had a branch office at the Etobicoke East Mall Address in 2020 and perhaps in 2021. I am still investigating and seeking the exact date as to when the City of Toronto council approved the demolition of the buildings situated at 304 The East Mall, Etobicoke, Toronto, Ontario but I believe it was in late 2020 based on my review of various news articles.

56. I do not dispute that public materials issued by Ontario Business Directory website that the Burlington Address has tenants or occupiers there in that received faxes to the 905 Fax Number. I do not believe that SNIC had a branch office, was an occupier or tenant of the Burlington Address in 2023. To the extent that SNIC did have a branch office at the Burlington Address in 2023, I do not believe that anything turns on that issue per se as the address that I provided to Mr. Dhaliwal for SNIC was SNIC Markham and the 416 Fax Number. I believe that the SNIC Markham address (McNabb Building) is 91 kilometres from the Burlington Address. I believe that the 416 Fax Number is grounded as a landline at the Victoria Park Building and it is not a landline that has been geographically delineated to either:

a. **Etobicoke East Mall Address;**
b. **Burlington Address; or**
c. **Markham McNabb Building.**

57. While I believe that Etobicoke and North York are both, as of 2022 to present, part of the "City of Toronto", and have certain residences and commercial buildings with 416 area codes, I do not believe that either Burlington or Markham have 416 area codes.

58. I believe that Burlington is part of the "Halton Region".

59. I believe that Markham is part of the "York Region". I believe that the area of North York in Toronto is distinct from the "York Region".

60. As the East Mall Address was set by an unknown individual(s) to me in the HCAI portal, which I cannot access per se, I further swear that I am unaware of any fax number associated or provided in relation to the **Etobicoke East Mall Address**. The fax number provided above in relation to the Etobicoke Address was provided to me by an individual that found a phone listing regarding the same.

61. I believe that SNIC has its operations, as the only out-of-town insurer in the TDI Group, in Markham Ontario and has had its operations in Markham, Ontario since on or around 2018.

62. I am not directing this evidence to one Mr. David Karat as he has represented to me that he was not the "adjuster" but "ADR Specialist".

63. I hereby confirm under oath that any and all interest under *SABS* and/or interest or penalties for any and all issues involving myself are to be paid directly to **Rehab Mechanics**.

64. I have, in my view, being comprehensive and extensive in particularizing the above so that SNIC and the **First Insurer**, along with the relevant accounting and taxation departments (internal and external) all of the necessary evidence to comply with their obligations on an individual and personal level along with those distinct insurance companies for whom or which they act on behalf. If any of the accounting departments of **SNIC** or the **First Insurer** require, for accounting or reconciliation purposes, supporting documents, further

(64) 41

1241 I am the 1st and only affiant (for said purposes) which is denoted below) of Mr. Kevin A. McLean, which is to be appended to as OCF-21 (Invoice [OA]) and is initiated by my current physiotherapy company, (SARC DBA "Rehab Mechanics") as a reliance to TU Claim Number [redacted] ("TU Claim Number") and TD Automotive Policy Number [redacted] (the "Policy Number") regarding the impugned or alleged failure of the correct and proper manner in per the amounts apparently approved on April 20, 2023, purportedly by SNIC and allegedly by the printed name under the "conditions field" signature field [illegible] with the assumption of "KLW"

particulars or further evidence under oath from me regarding amounts paid to me to my Beneficiary Bank Account, they may email me at mclean5NI@hotmail.com.

65. As I was born and raised in Vancouver, BC, then completed my undergraduate degree in Ohio, and then my law degree in Windsor, Ontario (albeit 519 area code from my best recall of the same) and returned to Vancouver in 2008 for ten years, I have had to spend time to investigate and educate myself regarding the different regions in Ontario along with area codes for phone numbers and faxes.

66. To the extent that, at any time, the First Insurer provides its legal name, address and fax number for myself and my service providers, I need not have any information about how SNIC and it are reconciling the numbers between them. However, I keep my demand and request in perpetuity that whichever the First Insurer was (and is) that whomever handles the information technology aspects for said First Insurer that do so shall provide current and accurate contact information therein including but not limited to:

a. Physical address;
b. Phone number;
c. Fax number; and
d. Name of adjuster(s)).

67. If SNIC believes and takes the position that it was the First Insurer, which I disagree but then I demand that it, at the very least, amend the address information therein to an active and current office for SNIC. To the extent that it requires SNIC, from an HCAI perspective, to have the name of the insurance company amended to TDIHA, along with any other required transferring of information therein, I consent to the same so long as it is in accordance with Reg 283 and SABS (i.e. that TDIHA was the First Insurer to receive my Completed Application). In this regard, I note that having to address all of these issues herein, with the historical investigations, is causing me further issues with receiving the necessary treatment along with planning and structuring the same.

68. I kindly remind each and every individual and insurance company of their obligations and to ensure that whomever reviews and approves (consistent with the approved amounts in the April 20, 2023 letter and the "As Per A. Nurse" OCF-18, Part 13 (April 20, 2023) the OCF-21 invoice that they must do so in accordance with SABS and Reg 283.

69. I will not further speculate as to why the 416 Fax Number was provided to me for, *inter alia*, my OCF-1 and the delivery of my Completed Application but it appears to me that SNIC was relying on a variety of antiquated forms, addresses, legal information *et al.* I note that in Exhibit "C", SNIC did not refer to the current and correct address for the License Appeal Tribunal (AABS) (see: Exhibit "C", page 20). Moreover, I note that SNIC was referring to an antiquated website for "forms" and "documents" for LAT (AABS). For precision purposes, I note that the address for the License Appeal Tribunal is denoted in all search engines as:

"15 Grosvenor St Ground Floor, Toronto, ON M7A 2G6" [not the addresses reference at Exhibit "C", page 20 by SNIC].

70. I will note that, not only for the benefit of myself but other insured persons with SNIC, that if it is relying on antiquated addresses in HCAI, I trust it will amend those as well in order to have them be current and accurate.

71. Whatever the reasons were for the errors in providing me with the 416 Fax Number, I do not need to know such reasons per se (as it relates to the issues herein). However, I again swear under oath that at no time during the 90 days from October 13, 2022 to January 10, 2023 (or even thereafter) did any other insurer besides SNIC or SNIC itself alert to me that issue and/or comply with Reg 283. I swear that I will object to any potential late notice provided by the First Insurer as it is now some 18 or 19 months since January 10, 2023. I provide

(65) 45

1282 the 1st and only affidavit (for said purposes) which is dated below) of Mr. Kevin A. McLean, which is to be amended to as (R.1.2) (hereafter referred to as "my") current physiotherapy company, SMPC (DBA "Rehab Mechanics") as it relates to TD Claim Number [redacted] and TD Insurance Policy Number [redacted] (the "Policy Number") regarding the impugned or alleged failure of the owner and payor, whether in part or in whole, to previously approved on April 20, 2023, purportedly by SNIC and allegedly by the attached more under the "mandatory fields" signature field [redacted] with the description of "K.A.M".

that evidence for the accounting department (accounts payable department: regarding amounts approved by an insurer in relation to an OCF-18) such that they have the relevant facts and evidence, and have direct knowledge that there is no such issue of concern in that regard.

72. I shall await the confirmation that Mr. Atwala, or the to be noted payee in the OCF-21 has been paid for the approved amounts in the OCF-18 by SNIC (April 20, 2023) with any associated interest under SABS, and I will then denote the absence of that amount of liability for myself.

(60) 46

12. [redacted] and only [redacted] for said purposes which is deemed Exhibit of Mr. Kevin A. McLean, which is to be appended to an OCF-21 (Answer to Application for Assessment by my current plaintiff attorney company, [redacted] ("Rehab Assistance") as it relates to TD Claim Number [redacted] ("TD Claim #3") and TD Insurance Policy Number [redacted] (the "Policy Number") regarding the impugned or alleged failure of the correct and proper manner in which the amounts repeatedly approved on April 30, 2023, purportedly by SNIC and allegedly by the printed name under the "mandatory field" signature field [redacted] with the exception of "K.M."

73. I swear that I am relying on strict compliance with all laws until I have received any and all benefits, in accordance with SABS and Reg 283, and that will remain until further notice from me in duly executed and witnessed form. I do not intend to waive my right to rely on strict compliance with the aforementioned Reg 283 and SABS. As such, SNIC and the First Insurer and any other relevant persons are again on notice of the same.

74. I swear this Affidavit for no improper purpose and to be attached to an OCF-21 to be submitted through HCAI under TD Claim #3 and the Insurance Policy denoted herein at the header.

Sworn before me at Toronto, Ontario
On this 8th day of August 2024

Mr. Kevin A. McLean (B.A., J.D., CIM)

[16]Since that time, the Appellant was introduced to Ms. Michie of SNIC at SNIC Markham. The Appellant promptly put Ms. Michie on notice of an issue of conflict of interest and lack of independent pursuant to a variety of independent laws and legal grounds including the UDAP Rule by virtue of "AP" having his business office at SNIC Markham (McNabb Building)

Re: request – demand – correct address information in HCAI to a current and active address – including an addre... that corresponds with the correct and proper insurer [see: Reg 283 and SABS]

85

1281

Dear Sirs/Mesdames: (105)

1. I write regarding the above. I adopt my previous definitions and they have the same meaning, *mutatis mutandis*, as they do therein.

2. *Would you please update and amend the address on HCAI to the correct physical address for the correct and proper insurer as it relates to said address?*

3. Please do so by no later than 10 a.m. tomorrow (the "Deadline"). I have further submissions to make in HCAI on my behalf and as it currently stands, the physical address therein of the Etobicoke East Mall Address has been inactive since on or around December 2020 and perhaps earlier. The only public and independent evidence is that said East Mall Address was that of TDIA. If this email needs to be directed to the relevant[i] information technology department ("IT Department"), please forward it to the same so it can be corrected forthwith. If you are willing to do so, kindly provide me with the email of said IT Department so I can do so.

4. If this was exclusive to me, then kindly advise as well. However, I will presume that I am not the only individual, who was an insured person with SHIC, that has said East Mall Address contained in HCAI also incorrectly.

5. If I do not hear from you or from the relevant IT Department by the Deadline, then I will have to seek HCAI's assistance to have the name of the correct and proper insurer input thereon with its correct address along with a corresponding fax number therein. If this, in turn, means that some of the above claims advisors'[ii] are no longer authorized to advise, assist and guide me, then that will be the end of our discussions. If there is a new 'claims advisor' or 'adjuster' involving myself, kindly provide me with said name (i.e. his, her or "they").

6. Once the address has been amended, in accordance with the law, kindly send me a confirmation and screenshot of the same. I will have it checked by tomorrow to determine whether any changes occurred and in compliance with the law.

7. I confirm that this recent and reissued request falls under the Email Communication Protocol and operates independently of the LAT Proceeding (see: infra). However, I may rely on this correspondence and any response (or lack thereof) to the extent it becomes relevant to this LAT Proceeding or any future proceedings.

TO THE INSURER TO WHOM THIS APPLICATION IS BEING SUBMITTED

I UNDERSTAND that you and persons acting for you will collect, use, disclose and retain information about me for the purposes of determining my entitlement to the statutory benefits claimed in this application and for the purposes described below. This information may be collected directly from me or from any other person or organization, including a health information custodian as defined in the Personal Health Information Protection Act, 2004.

I ALSO UNDERSTAND that you and persons acting for you will disclose information about me to the health information custodian who provided or will provide services described in this application and to other persons or organizations for the following purposes, if reasonably necessary for the purposes listed below:

I ALSO UNDERSTAND that the information about me that may be collected, used or disclosed by you or persons acting for you includes information about my health history, including my physical and mental health, as well as information about my ability to perform the activities of daily living.

I CONSENT to the collection, use and disclosure of information about me for the purposes of

- Investigating the claims of the applicant and determining entitlement to benefits under the Statutory Accident Benefits Schedule – Effective September 1, 2010 (the "SABS") and the Automobile Policy.
- Obtaining or verifying information relating to the applicant's claims or payment of benefits, including the amount of payment.
- Recovering payment from insurers and others liable or who may be liable to pay benefits that you have paid or may pay in connection with the applicant's claims.
- Identifying and preventing the misuse and abuse of benefits or services provided or claimed to be provided by health care providers.
- Preventing, detecting and investigating fraud.
- Compiling anonymized statistical information about the cost of benefits.
- Maintaining underwriting data and claims experience.

I ALSO UNDERSTAND that you and persons acting for you may disclose information about me to the persons or organizations listed above.

Insurers, insurance adjusters, agents and brokers, witnesses, health practitioners and lawyers.

Organizations that conduct claims and underwriting activities for the insurance industry.

Companies, the police, databases, investigators, and other persons who may have information about my existing or previous claims, and any agents of these persons or companies.

I ALSO UNDERSTAND that you and persons acting for you may disclose information about me to the persons listed above for the limited purpose of investigating my claim.

I CONSENT to you collecting, using and disclosing information about me to the persons listed above for limited purposes that are reasonably necessary to meet the legal requirements of the SABS.

I UNDERSTAND that if I have any questions about this consent and the information I am providing, I should seek legal advice before signing the document.

I AM ALSO AWARE that you and persons acting for you may rely on this consent to the fullest extent possible without any knowledge or concern.

I CERTIFY THAT THE INFORMATION PROVIDED IS TRUE AND CORRECT.

I UNDERSTAND THAT IT IS AN OFFENCE UNDER THE INSURANCE ACT for a person to make a statement or representation to an insurer under a contract of insurance, knowing that it is false or misleading in connection with a claim, and for which no reasonable basis exists, or to fail to disclose fraud or an attempt at fraud in connection with a claim. Offences and enforcement actions ranging from an administrative monetary penalty to criminal charges.

I FURTHER UNDERSTAND THAT IT IS AN OFFENCE UNDER THE FEDERAL CRIMINAL CODE, the Insurance Act or other statutes for a person to defraud or attempt to defraud anyone by making a false or misleading statement in connection with a claim, destroying or destroying the proceeds of crime, effects and goods and services for the purpose of defrauding insurers by health care providers and PREVENTING, DETECTING AND SUPPRESSING FRAUD.

To obtain further information about privacy rights or issues, please contact the Insurance Bureau of Canada at 1-844-2ASK IBC.

To obtain further information about how your personal information is handled by your insurer, please contact the Chief Privacy Officer or other designated privacy contact person at your insurer.

527

Volume #1: Facts

1. The Appellant is a disabled individual residing in Toronto, Ontario. At the time of the **Accident**, he was 39 years old with a G2 license. At the time of these submissions, he is 41 years old with a G license.[9]

2. Security National Insurance Company ("**SNIC**") was incorporated under the *CBCA* in 1934, then continued under the federal Insurance Act with its head office in Montreal, Quebec. At the time of the **Accident**, **SNIC** was licensed with the **FSRA** to provide six (6) classes of insurance in Ontario and its **FSRA** registration number is 397. From 2018 to the time of the **Accident** and thereafter, **SNIC**'s Ontario office has been the **Markham McNabb Building** in Markham, Ontario (also defined as "**SNIC Markham**").[10] In October 2023, upon the Appellant's return to Canada after obtaining requisite[11] MRIs, examinations, assessments and reports, the Appellant learned that **SNIC** had *purported* to change its physical address and fax number to: (i) the **Burlington Address**; and (ii) **905 Fax Number**.[12] The "*Ontario Business Directory*"[13] lists the **Burlington Address** and **905 Fax Number** as being the business of "TD Insurance". The "*Ontario Business Directory*" also lists the 'head office' associated with the **Burlington Address** as the **Victoria Park Building**[14].[15] In the **SNIC Response**, **SNIC** did not list the **416 Fax Number** as a fax number for service. With the benefit of hindsight and labrythinian investigations, the only factual contact information that **SNIC** provided to the Appellant was its *mailing address* at the **Markham McNabb Building**. Neither the **416 Fax Number**[16] nor the **905 Fax Number** were fax numbers for **SNIC** as a recipient.[17]

Volume #1(A): TDHA

3. TD Home And Auto Insurance Company ("**TDHA**") is an insurance company that is licensed, by the **FSRA**, to provide three (3) classes of insurance including automotive insurance. **TDHA**'s **FSRA** registration number is 1063. At the time of the **Accident**, the lead tenant(s) at the **Victoria Park Building** were denoted as "TD Insurance" by the property manager at the **VP Building** in Colliers International. From 2018 to present, the "*Ontario Business Directory*" has listed the fax number of 416-774-3120 (the "**416 Fax Number**") as the fax number for **TDHA**. The **416 Fax Number** is a landline, owned by Bell Canada Inc., which is *grounded* at the **Victoria Park Building**. In the HCAI portal, the Appellant's TD

528 Claim #3, contrary to the information he provided in good faith, based on representations made to him by SNIC, to his physiotherapists as the *return mailing address* for SNIC, *prima facie*, sent to him by SNIC, auto-populated the name of different adjusters and a branch address for SNIC [sic] of 304 The East Mall, 6th floor, Etobicoke, Toronto, Ontario, M9B 6B7 (the "**Etobicoke East Mall Address**").[18] YELP, another online business directory, **EXCLUSIVELY** lists the **Etobicoke East Mall Address** as the address for one insurance company and one insurance company only: **TDHA.**[19] While **SNIC** never, in letter to the Appellant, represented that its address was the **Etobicoke East Mall Address**, it is now clear that said address was independent of **SNIC**, and an address for **TDHA**.

Volume #1(B): Other Relevant Facts

4. On or around September 1, 2022, the Appellant notified **SNIC** of his *intention* to apply for Accident benefits. Due to an immediate address error in his postal code by SNIC, the Appellant did not receive an application benefits package from **SNIC** until late September 2022. On October 13, 2022, the Appellant fax delivered his OCF-1 (also defined as "**Completed Application**") to the **416 Fax Number**. The Appellant also delivered the OCF-2, on his behalf by his employer, to the **416 Fax Number**. On November 3, 2022, his attending physician for his post-Accident impairments, completed and signed his portions of the **OCF-3**, and he [Prime Medical] faxed the completed OCF-3 to the **416 Fax Number** after the Appellant paid the *SABS*, section 25 expense. 90 days from October 13, 2022 was January 10, 2023. The Appellant did not receive any dispute notice, pursuant to *Reg 283*, from SNIC or any other insurance company by January 10, 2023. From January 11, 2023 to October 2023, the Appellant continued to fax the **416 Fax Number** with all confidential correspondence and other OCF forms regarding TD Claim #3. In October 2023, the Appellant attempted to fax some of his documents to the **905 Fax Number**, with a copy to the **416 Fax Number**, but the **905 Fax Number** would more regularly than the **416 Fax Number**, block his faxes. In November 2023, the Appellant fax delivered the completed **OCF-19** and the *letter response*, allegedly on behalf of SNIC, was that he was required [sic] to submit the OCF-19 through HCAI [sic][20] by an "*Appropriate Ontario Health Practitioner*" [sic][21] – which would have been received by **TDHA** at the **East Mall Address**. On December 24, 2023, the Appellant filed this Appeal and served

529 the duly signed Appeal to the **416 Fax Number**. For some context along the way, in March 2023, the Appellant received a request from **SNIC** via mail *wishing* to communicate exclusively via email. The Appellant faxed the **416 Fax Number** with his decline regarding the same with the reasons therein[22]. In April 2023, the Appellant received the **"Spam Faxes"** wherein an unknown person or company represented to him that it (after its receipt of faxes at the **416 Fax Number** and reference to the same but it did not send the "Spam Faxes" from the **416 Fax Number**) had *no record* of his **TD Claim #3**. The Appellant promptly faxed the **416 Fax Number** (attention: Ms. Nurse) to alert **SNIC** to the issue of the **"Spam Faxes"** and his dismay that the recipient at **416 Fax Number** had no record of his TD Claim #3. In early May 2023, the Appellant received the purported attempt by **SNIC** to partially approve and partially reject the **Dhaliwal OCF-18** (April 6, 2023) with the **Forged Nurse Signature**. After being successful in his **NOM #8**, by order on June 21, 2024 of the Tribunal, the Appellant filed his NOM #13 for non-party production and disclosure by the **Fictitious Respondent** (TDGIC) on July 9, 2024. On July 11, 2024, the Appellant hand-delivered the **NOM #13** hearing brief to the listed address, as it was, for the **Fictitious Respondent** in this **SNIC Proceeding** which was the **Victoria Park Building** - which only became known to the Appellant *allegedly* for TDGIC in February 2024[23]. He then learned that TDGIC had misrepresented its address to the Tribunal as it had not been a tenant or occupier at the **VP Building** for over a year [24] and it had moved to the **Markham McNabb Building**. The building manager for the **VP Building** did NOT represent that TDGIC had moved to any of the following addresses: (i) the **Burlington Address**; or the (ii) the **Etobicoke East Mall Address**. From July 26 to July 31, 2024, the Appellant provided notice to **TDHA**, with a copy to **SNIC**,[25] that the evidence was uncontroverted that the **416 Fax Number**, the **905 Fax Number**, the **Burlington Address**, and the **East Mall Address** were contact information *exclusively* for **TDHA**. Neither **TDHA** nor **SNIC** denied the same. From August 1 to 2, 2024, the Appellant sought the consent of **SNIC** and **TDHA** to add **TDHA** as a party, and neither **TDHA** nor **SNIC** responded. **TDHA** has *never* responded to the Appellant despite the Appellant sending faxes to the **416 Fax Number**, **905 Fax Number**, and through authorized submissions to **HCAI**, to the unalterable **East Mall Address** – albeit misrepresented to him as an address for **SNIC**.

530

Volume #2: Issues

5. The questions of fact to be answered in NOM #14 are on a balance of probabilities:

> *(a) who was the owner of the 416 Fax Number, which is a landline grounded at the Victoria Park Building in Toronto, in October 2022? (b) was the address of 304 The East Mall, 6th Floor, Etobicoke, Toronto, Ontario (the "East Mall Address"), which is denoted by auto-population in HCAI after TD Claim #3 is inputted therein, an address for TDHA or SNIC? and (c) which insurance company holds the file (including all documents therein) for the Fictitious TD Claim Number?*

6. The issue of law to be answered in this NOM #14 on a balance of probabilities is:

> *whether **TDHA** was and is the **First Insurer** (i.e. the FSRA licensed insurance company, in the area of automotive insurance, to first receive the Appellant's **Completed Application** on October 13, 2022)?*

Volume #3: Argument

7. The substantial amendments to *Reg 283* became effective in September 2010. *Reg 283* is designed to keep priority disputes out of the courts.[26] *Reg 283* is also purposed to prevent *SABS* claims, including vital treatments and income benefits, from being delayed while insurers fight over priority dispute.[27] *SABS* and *Reg 283*, having undergone major amendments in 2010 after being submitted to industry consultations and draft amendments before proclamations, they reflect important policy choices to ensure order and stability in regulated industries.[28] As a matter of principle, there is NO difference between an insurer's failure to pay under section 2 of *Reg 283* and a failure to pay under any provision of *SABS* (see: *Zurich 2024*, paragraph 54). While a **First Insurer** may have never received insurance premiums from a claimant, it may seem *intuitively* wrong that the **First Insurer** is required to *respond* and pay benefits pending its section 3 notice but the Legislature and LGIC's intent must be respected.

8. The provisional "first insurer rule" (the "**First Insurer Rule**") under the regulation and priority regime under the statute operate *differently* (see: *Zurich 2024*, paragraph 8). As long as a claimant for accident benefits completes all required 'fields' (see: *SABS*, ss. 66 and 67), duly signs the OCF-1 and then sends via mail or fax, the **First Insurer** that *receives* an OCF-1 application MUST benefits in accordance with *SABS* (see: *Reg 283*, ss. 2.1(6)). If the **First Insurer** does not take any issue, within ten business days[29] of receipt of the **Completed Application**, the **First Insurer** has approximately 75 days from then to provide a notice of dispute that it is required to pay the benefits of the claimant in which it received a

531 **Completed Application**. Irrespective of whether the claimant is an "insured person" or not in the *subjective mind* of the **First Insurer**, the **First Insurer** must *respond* to the **Completed Application** and the claimant (see: *Reg 283*, ss. 2.1(6)). Acceptance during the 90-day period is merely provisional (see: *Zurich 2024*, paragraph 29). If the **First Insurer** does not dispute, within 90 days, its liability to pay any and all benefits, in accordance with *SABS*, of the claimant, there is no other process for the **First Insurer** to transfer, dispute and recover any paid or to be paid benefits to the claimant. A **First Insurer**'s calculus to not accept a claim for whatever subjective reason can turn out to be a costly and permanent mistake.[30]

9. As of 2015, in *Zurich 2015*, the SCC held that Chubb ought to have responded to the *SABS* claim immediately on a '*pay first and dispute later*' basis (see: *Zurich 2024*, paragraph 12). As long as the **Completed Application** by the claimant was <u>not</u> arbitrary, there is a "nexus" between the claimant and the **First Insurer** (i.e. the one to receive the **Completed Application**) (see: *Zurich 2024*, paragraph 14). In *Zurich 2015*, the SCC (see: 2015 SCC 19) restored Goldstein J's decision (ONSC (Divisional Court)) in adopting the dissent of Juriansz J.A.: *2014 ONCA 400*. A vague recollection about seeing an insurer's name at a rental car office was sufficiently non-arbitrary to require a '**First Insurer**' (Chubb in *Zurich 2015*)) to step into the shoes as a "**First Insurer**" for the purposes of section 2(1) of *Reg 283* (see: *Zurich 2024*, paragraph 15). As long as the **First Insurer** providers automobile insurance in Ontario at the time of receipt of the **Completed Application** there is a sufficient nexus between a claimant and the **First Insurer** (see: *Zurich 2024*, paragraph 16). The policy behind the inflexible rule that an insurer who fails to pay benefits and *fails* to put other insurers on notice after receipt of a **Completed Application**, when there is *SOME* nexus between the claimant and the **First Insurer**, being permanently responsible for the claimant's benefits is to *promote compliance* with the statutory and regulatory scheme.

Volume #4: Answers to the Issues of Fact and law; and Orders Sought

10. **TDHA**'s permanent liability to pay benefits was a self-inflicted consequence of its failure to adhere to the requirements of both sections 2 and s. 3 of *Reg 283*. The combination of provisions in *Reg 283* transformed **TDHA**'s provisional liability into a permanent one (see: *Zurich 2024*, paragraph 64). For **TDHA** to not be declared as the **First Insurer** would mean that there were no consequences for the conduct (or inaction)

532 of TDHA after receipt of the **Completed Application** and by continuing to have its former branch office address (**East Mall Address**) auto-populated in **HCAI**. It would defeat the legislation's public policy: *"pay now and dispute later"*.[31]

11. "**Arbitrary**" means: determined by impulse rather than reason; a random choice or personal whim. The Appellant faxed the **Completed Application** *for one reason only*: SNIC represented that *its* fax number was the **416 Fax Number** when it could not have been based on SNIC's physical location at **SNIC Markham**. Therefore, the Appellant did not make an "arbitrary decision" to fax his **Completed Application** to the **416 Fax Number**. Therefore, there was a "nexus" between the Appellant and **TDHA**.

12. "**Receipt**" means: "to get possession of". **TDHA** got possession of the **Completed Application** as the **First Insurer** on October 13, 2022. There is now no dispute that the **Spam Faxes**, which SNIC could not produce in the face of a demand (May 2, 2024) from the Appellant for the same, were *on behalf* (as per) of TDHA and its unlawful attempt to *steer* the Appellant away from the **416 Fax Number** and its representation that it **[TDHA]** had no record of his claim. **TDHA** would NOT have had a "record" of the Appellant's TD Claim #3 as it the TD Claim #3 was likely created by SNIC but when the Appellant faxed[32] the **Completed Application** to the **416 Fax Number**, **TDHA** became the **First Insurer**.

13. The **416 Fax Number** was the fax number for **TDHA** in September and October 2022. **TDHA** has been the *independent* (not "one and the same" as SNIC) adjusting insurance company, by reference to the **East Mall Address** which has been exclusively represented to the public as **TDHA**'s address since it was so denoted in the HCAI portal as such.[33]

14. Our ONSC in *Zurich 2024*, with the benefit of the SCC in *Zurich 2015*, has settled the law in the above regards as follows: (i) breach of section 2 of *Reg 283*, according to the case law, does not result in the recipient, at first instance, insurer being required to pay benefits to the claimant permanently: BUT, (ii) the failure *TO AVAIL* itself of section 3 of *Reg 283* does.

15. All of which is respectfully submitted on August 3, 2024:

Endnotes

[1]"Insurance" means the undertaking by one person to indemnify another person against loss or liability for loss in respect of a certain risk or peril to which the object of the insurance may be exposed, or to pay a sum of money or other thing of value upon the happening of a certain event, and includes life insurance (see: s.1(1) of the *UDAP Rule*).
[2]*UDAP Rule*, 1(1)(v)(a): "Contract of insurance" means (c) for a contract of insurance not referred to in (a) or (b), has the meaning ascribed to "contract" in s. 1 of the Act, see: section 1(1) of Insurance Act (Ontario): "contract" means a contract of insurance, and includes a policy, certificate, interim receipt, renewal receipt, or writing evidencing the contract, whether sealed or not, and a binding oral agreement;
[3]See: *SPPA*, section 1(1) definition of license: registration or similar form of permission required by law;
[4]See: *Insurance Act*, ss. 279 (includes does not exclude); see: section 3(1) of SABS which includes the Spouse of the Individual Named Insured (Artopoulos)
[5]As defined under *UDAP Rule*, ss. 1(1): "Claimant": "means a person who claims statutory accident benefits or who otherwise claims any benefit, compensation or payment under a contract of insurance.
[6]See: SNIC Response on January 25, 2024
[7]The "file number provided in the Andy Gans response" that was approved by TDI Legal which denoted the incorrect file number which I swear is the "TDGIC internally denoted file number" which it had and has possession and control of the same
[8]I shall be relying on jurisprudence in any to be heard motions and this SNIC Proceeding or future proceedings between SNIC and I where other insurers have had "two files" (one authentic and another not as authentic or not part of the assigned claim number for an insured person or injured person)
[9]The Appellant is the spouse of the individual insured (Nicole Artopoulos) and the Insured Automobile was leased from the lessor BMW Financial Services Inc. Since April 2018, the Appellant and Ms. Artopoulos have resided at 776 King Street West, Toronto, Ontario, M5V 2K3. Ms. Artopoulos, in Spring 2018, obtained an exclusive automotive insurance policy through SNIC as her being a University Of Toronto alumnus for a previous BMW leased vehicle. In October 2018, the same insurance policy was transferred to the Insured Automobile.
[10]The primary area code for phone and fax lines in Markham is "905". At the time of the Accident, SNIC provided the return mailing address of the Markham McNabb Building but, in error, provided a "416 area code" fax number. The head tenants at the Markham McNabb Building are: (i) TD Bank; and (ii) General Motors. SNIC and Primmum Insurance Company ("Primmum") (FSRA reg. #1396), by virtue of them not having "TD" in their corporate names, operate under the colloquial business name of "TD Insurance Meloche Monnex" under two licensed trademarks from TD Bank and Meloche Monnex Inc. in: (i) "TD Insurance"; and (ii) "Meloche Monnex". SNIC, through TDIMM, issues policies under the "Professionals and Alumni Program" and Primmum, through TDMM, issues polices under the "Employer Group Program".
[11]As it could not obtain a brain MRI in Canada until end of 2023 and early 2024
[12]The Burlington Address is 91 km from SNIC Markham (McNabb Building), where Meloche Monnex Inc. has its registered records office (and had since 2018).
[13](see: Tab 20, page 498 to 500 and Tab 18, page 285)
[14]See: Affidavit #30, Exhibit "C"; Tab 18, pages 294 to 309
[15](see: Affidavit #29, Exhibit "A", page 1 and 2)
[16](which is the material mistake as it relates to whom is the First Insurer)
[17]Also, the Burlington Address was not an physical address for receipt of documents for SNIC.
[18](see: Affidavit #21, Exhibit "A", page 20 to 22 for "branch names" as being "independent" of the licensed insurer).
[19](see: Tab 18, page 340 to 343).
[20]There is no requirement under SABS to submit an OCF-19 through HCAI because not all "physicians" or "neuropsychologists who have been registered to practise as such in Canada (not necessarily in Ontario) for five years" are registered with HCAI or even inclined to do so. Certainly, HCAI has its numerous efficiency and record keeping benefits (but for some of the factual issues caused by SNIC or some insurance company purporting to be SNIC) but there is no requirement for a physician to be registered with HCAI.
[21]An unknown legal test created by SNIC
[22](i.e. PIPEDA issues and absence of compliance by whom he presumed was SNIC)
[23](as it was not in the SNIC Response as an address for SNIC or previously).
[24](i.e. since on or around July 2023).
[25]See: Affidavit #30, Exhibit "A"; Tab 18, pages 236 to 282
[26](see: *Zurich 2024*, paragraph 6).
[27](see: *Zurich 2024*, paragraph 16).
[28](see: *Bristol-Myers Squibb v. Canada (AG)*, 2005 1 SCR 533 at paragraph 99-100)
[29]Approximately 15 calendar days
[30](see: *Zurich 2024*, paragraph 10)

534

[31]Unless the amounts paid to the Appellant in his Beneficiary Bank Account statements were misrepresented or manipulated (i.e. not in fact "SNIC") and the amounts received by health practitioners, via cheque (under investigation still), were from TDHA, TDHA cannot pursue a priority dispute (see, Tab 5, page 56, Economical Insurance). Moreover, hypothetically speaking, TDHA could not meet the requirements for providing a notice under section 3 of Reg 283 past the 90 days from October 13, 2022 which was January 10, 2023

[32]as opposed to mailing it to SNIC Markham

[33]The 905 Fax Number and the Burlington Address were, at the material times post receipt of the Appellant's OCF-1, OCF-2, OCF-3, OCF-6's and OCF-18 (Dhaliwal), address for receipt of documents of the Appellant (albeit unbeknownst to him) by TDHA.

Re: Motion Submissions for NOM #18 pursuant to the *SPPA*, ss. 21.1

APPLICANT/APPELLANT (PARTY)	RESPONDENT PARTY
Mr. Kevin A. McLean (B.A., J.D. CIM) 410-775 King Street West, Toronto, Ontario, M5V 2K3 **Telephone: 647.513.1270** **Email:** **MCLEANSNICLAT@GMAIL.COM**	**Security National Insurance Company** **FSRA Registration Number #353** 5045 South Service Road, Floor #5 Burlington, Ontario, L7L 5Y7 Fax: 905-315-1074 Attention: Mr. David Karat (ADR Specialist) (deemed representative pursuant to ss. 1(7) of the LSA as of January 25, 2024) (david.karat@tdinsurance.com) Mr. Matthew Nieuwland, lawyer licensee with the LSO (declared representative as of June 28, 2024) (matthew.nieuwland@tdinsurance.com) With a copy to Mr. Nieuwland's legal assistant. Ms. Christiana Ortiz (christiana.ortiz@tdinsurance.com)

TAB #1 401

Part I: Overview

1. The Appellant tenders these motion submissions to ensure that any technical deficiencies, calculation and typographical errors are corrected in accordance with the *SPPA* and the jurisprudence that has interpreted the same. While the Appellant does not agree with all of the findings, decisions and orders per se, this motion only addresses those errors which fall within the types of corrections that can be made under section 21.1 of the *SPPA*. As noted therein, the proposed changes are sought to be made "in substance" because it is not for the Appellant to write for the Tribunal but draw the actual facts to the attention of the Tribunal so it can ensure that the evidence and facts are historically accurate. The danger of not doing so is that a future decision maker will query the Appellant as to why he did not object or bring such a motion like this one.

2. With no intended disrespect to Vice Chair Morrissette he has abbreviated her title and last name to "VCM" purely for ease of reference.

3. The first correction is the "date of the order" as that is clearly incorrect considering that it was sent to the Appellant on Friday, September 13, 2024. The metadata is clear that the document was finally produced and last modified on September 13, 2024 (see: Order 1(A)). It is a simple innocent error but requires correction.

4. The Appellant was injured in an automobile accident on August 31, 2022. Ms. Nicole Artopoulos (Spouse) was the named individual insured person and BMW Financial Insurance Services Inc. was the corporate lessee – not the Appellant. The pleadings (by the Appellant and SNIC) which were in the hearing briefs and record are unequivocal in their language.

5. Contrary to some of the purported findings or so-called facts referenced by VCM, they are not in the record of proceeding and must be corrected so that the record of proceeding reflects the actualities and history of the same. While appreciating they are innocent mistakes with no intent to make an error, there are some errors, if not corrected that will impact the ability to have this LAT Proceeding conducted in the most expeditious, just and cost-effective manner.

6. The most significant correction order sought for future and general purposes that of the chronological sequence and the inclusion of case manager Mr. Grant's email that explains why he input TDGIC into the LAT database in the face of the denial letters referring to SNIC and not to any other insurance company in the TDI Group. The Appellant has provided the factual chronology in precise detail with reference to Mr. Grant's email of May 6, 2024, and Vice Chair Lake's reasons for decision on January 16, 2024, which VCM had omitted.

7. There are other typographical errors, calculation errors, and similar errors that require inclusions of matters that are revelations to the Appellant. In this regard, the Appellant was entirely unaware that the Tribunal had changed SNIC to TDGIC at some unknown time between January 30, 2024, and February 19, 2024. The date of when that occurred is an important as per a motion scheduling order that occurred during that month.

8. The second finding from VCM at paragraph 27, sentence #2 was not correct as a matter of the clear language in the Insurnace Policy, "The initial respondent, TDGIC, and the current respondent, SNIC *accepted priority over the applicant's insurance policy*". It was not the Applicant's insurance policy but that of his Spouse, Nicole Artopoulos (see: Order #1(M)).

9. There are references to the case management conference and the orders therein. SNIC did not file a case conference brief but the Appellant did and he named SNIC. It was a gamble per se but it was a gamble that was correct. It is imperative to make that distinction as a matter of the *SPPA* and who can attend case conferences (see: Order 1(B)).

VOLUME #2: ISSUE OF LAW

10. The statement of issues are:

    a. Is it more prudent to bring a section 21.1 of the *SPPA* motion, as opposed to a reconsideration motion, judicial review or appeal when considering the liberal construction of Act and rules made under the *SPPA* (see: ss. 2 of the *SPPA*)

in his first email to the Appellant, with Mr. Nieuwland copied, on January 23, 2024. Mr. Karat corrected the error in Vice Chair Lake's decision yet again in the SNIC Response on January 25, 2024. It is not factual that the issue commenced in late January 2024 per se (see: paragraph 23 of the VCM Reasons For Decision). It may be that the Tribunal changed it at some time between that time period but it is unclear where the evidence is to support the same considering this is a revelation to the Appellant. The Appellant cannot find any evidence of the same in his records. Perhaps, he is missing a document or email that explained the same.

18. The distinction between consenting and not opposing is trite in law. However, the reason it is important for this LAT Proceeding as Mr. Nieuwland for TDGIC confirmed in writing with the Appellant that he would oppose the Appellant's relief sought in relation to the substitution of TDGIC to SNIC. He then relented which is not to castigate him per se but the Appellant's position is that many unnecessary steps were taken as a result of the same. Further, it is best to be factual and not attributing something to TDGIC that it did not do (see: Order #1(D)).

19. Moreover, it is important to distinguish between when a party merely submits a fact and swear one (see: Order #1(F)). The Appellant has provided case law previously of this Tribunal that submissions are not evidence.

20. There is a distinction in law between retrospective and retroactive orders. The effect of section 21.1 of the *SPPA* orders and that of VCM, by receipt of that decision on June 21, 2024, was that each and every document, decision and order issued by the Tribunal refered to SNIC. However, as a matter of costs but also *Reg 664* (as delays remain ongoing), the "reasonableness" of those positions will be tested. The Appellant cannot challenge VCM's pure legal findings per se in this type of motion but the underlying facts must be correct. Appreciating that the likes of VCM are tireless jurists and decision makers, the Appellant appreciates her and all of the efforts of the Tribunal but inconsistent findings between decisions and revisionist history affect not only the Appellant's right but also those advance by SNIC in its pleadings.

21. For example, SNIC took the position, with a live issue as to whether that pleading is a nullity as LAT cannot condone violations of the LSA and the LSO by-laws (see: Mosa v. BelairDirect as per Vice Chair Maedel; and Dankha as per Vice Chair McGee).

22. There is no dispute that the Appellant has to seek leave to appeal NOM #13 and likely has to do so, unless he can obtain the same through privacy requests, because the documents sought since June 2024 were integral to his ability to discharge his burden. The Appellant was informed in July 2024 that NOM #13 would be heard in due course but contrary to LAT Rule 9.2.2, the Tribunal failed to extend the opportunity of submission to the non-party of TDGIC.

23. This appears to be predicated on VCM, on behalf of the Tribunal, informing the Appellant of what the Tribunal was informed to include TDGIC as the sole respondent. This is most sensical and probable considering Mr. Nieuwland's position on May 2, 2024, that TDGIC and SNIC were "one and the same" [sic]. While appreciating Mr. Grant's efforts, it is just not plausible that with his experience and acumen that he would have thought that the denial letters did not reference SNIC but instead referenced TDGIC.

24. Does this mean that Mr. Gant was being dishonest? Of course not. It means that mistakes happen and memories fade. For example, if any case manager is managing a 100 files and inputs 1 new case every three days, it is understandable when trying to refresh one's memory from four months prior that it is a best estimate and sometimes the best estimate is incorrect.

25. It is why the Appellant with this mild TBI commits his evidence to affidavits so when it is forgotten, there is a binder with it or a soft copy to be retrieved.

26. In relation to the case conference findings by Vice Chair Morrissette, this is the criticism of retroactive orders that when change the law to its best form can attach consequences for acts that no one knew at the time. The Appellant's identity has remained the same during this LAT Proceeding but the respondents have not. The Appellant has remained consistent and they have not. Only time will tell if that strategy will be effective but the facts need to be the facts and they cannot ignore events like Vice Chair Lake's decision inputting TD General Insurance Company as the sole Respondent. These apparent revelations that VCM

has made public and known to the Appellant, as they were not before, are most appreciated by the Appellant because they align with his previous predictions and theories. However, they should be supported by evidence and dates (where possible).

27. It is unfathomable to think that arguably the most consequential tribunal in this province and perhaps the country based on the size of Ontario and how many people drive (not to mention to the other divisions of LAT) would not know the date on which it (Tribunal) changed SNIC to TDGIC. Technology in this day and age is always leaving a footprint. One need look no further than HCAI and its technological abilities and retention of records. The Appellant was able to obtain an HCAI submission from his former physiotherapist therein within one business day with the time stamp at the top.

28. On a procedural and composition note, if it is the Tribunal's preference that affidavits are not to be single spaced, perhaps the LAT Rules can note the same so parties know where the boundaries are and to only double space. Further, the same can be said of costs submissions.

29. The Appellant appreciates the comments of VCM but for clarity and precision purposes, had Vice Chair Lake granted the order that he sought in NOM #5, this would have saved much time. The Appellant was assured NOM #4 would have been heard at the case conference and it was not. Moreover, if SNIC was the party from the outset, resources would not have been required to the same degree. Had Mr. Nieuwland filed a DOR on behalf of SNIC and not opposed for six months, motions would have not been required. The Appellant takes responsibility where it is warranted. That being said, the importance of having the accurate record is an important one so the Appellant does not need to raise it again.

30. For sake of comprehensiveness, the Appellant again confirms that he did not receive this decision but some 16 days ago.

31. All of which is respectfully submitted.

ENDNOTES

[1](see: 28.1 A tribunal may at any time correct a typographical error, error of calculation or similar error made in its decision or order. 1994, c. 27, s. 56 (36).

How to Request a Reconsideration of a Final Decision

Under Rule 18, a party may request a reconsideration of a decision that finally disposes of an appeal within 21 days of the date of decision.

Rule 18 can be accessed here. The Tribunal's Practice Direction on requests for reconsideration can be accessed here.

A request for reconsideration from a party must be served on all other parties using this form and must include:

- All submissions and evidence in support of the request, which must specify the applicable criteria under Rule 18.2. The submissions must not exceed 10 double-spaced pages in length, exclusive of evidence and case law unless the Tribunal directs otherwise;
- Notification if the party is seeking judicial review or pursuing an appeal in relation to the decision; and
- Remedy or relief sought.

A party served with a request for reconsideration is not required to deliver a response until requested to do so by the Tribunal.

A request for reconsideration will not be granted unless one or more of the following criteria under Rule 18 are met:

- The Tribunal acted outside its jurisdiction or committed a material breach of procedural fairness;
- The Tribunal made an error of law or fact such that the Tribunal would likely have reached a different result had the error not been made; or
- There is evidence that was not before the Tribunal when rendering its decision, could not have been obtained previously by the party now seeking to introduce it, and would likely have affected the result.

Reconsideration decisions are published on CanLII.

The determination of the request for reconsideration will be considered on the basis of written submissions only.

Submissions must be 12 point, Arial or Times New Roman font, with 1.5 inch margins.

Reasons for your Request for Reconsideration

A request for reconsideration will not be granted unless one or more of the criteria outlined in Rule 18 are met. Please indicate which criteria you are relying on and attach your submissions and any relevant documentation to support your request, in keeping with the page limit set out in Rule 18:

☑ The Tribunal acted outside its jurisdiction or committed a material breach of procedural fairness,

☑ The Tribunal made an error of law or fact such that the Tribunal would likely have reached a different result had the error not been made, or

☑ There is evidence that was not before the Tribunal when rendering its decision, could not have been obtained previously by the party now seeking to introduce it, and would likely have affected the result.

Re: Reconsideration Submissions pursuant to LAT Rule 18 regarding NOM #14 (which was a final decision between Appellant and TDHA and Appellam and SNIC

APPLICANT/APPELLANT (PARTY)	RESPONDENT PARTY
Mr. Kevin A. McLean (B.A., J.D. CIM) 410-775 King Street West, Toronto, Ontario, M5V 2K3 **Telephone**: 647.513.1270 **Email**: **MCLEANSNICLAT@GMAIL.COM**	**Security National Insurance Company** **FSRA Registration Number #353** **Tribunal decided address for service for SNIC:** SNIC Burlington Fax: Attention: Mr. David Karat, the deemed representative of SNIC pursuant to ss. 1(7) of the LSA by his, inter alia, filing, signing and serving of the SNIC Response (e): david.karat@tdinsurance.com Attention: Mr. Matthew Nieuwland, declared representative as of June 28, 2024 (e): matthew.nieuwland@tdinsurance.com

Volume #1: Facts[1]

Volume #1(A): Overview of the Reconsideration Requests

1. These are the Appellant's submissions for reconsideration of any decisions that "finally disposes" [not disposed] of an appeal. The Appellant is required to represent to the Tribunal whether he is pursuing a judicial review or appeal. He has not yet. However, there is a discrepancy in time between the 21 days to file a reconsideration request and the 30 days to file for an appeal or judicial review. While the errors herein are errors of law, to err on the safe side, the Appellant would proceed with a judicial review in the event that this reconsideration motion is not granted. As noted, somehow the Adjudicator incorrectly input the date of the decision as 7 days prior to when it was delivered. As such, the Appellant respectfully submits that such an error cannot deprive parties seeking reconsideration from doing so or within the 21-day period. It must be based on when it was received (i.e. when a party has notice). The adjudicator's signature is by the release date, so her decision was not technically official until she signed the same. The 416 Fax Number refers to the First Insurer's fax number (416.774.3120) which was neither SNIC's fax number nor TDGIC at the Material Time.

Volume #1(B)(III): One legal ground and one error – sufficient finding – corollary is that the TDHA is the First Insurer

2. This reconsideration can be disposed of on one legal ground and error, while there are broader errors in the VCM decisions in the First Insurer Motions which include the following statement: "[27] .....The initial respondent [sic][2], TDGIC, and the current respondent, SNIC accepted priority over the applicant's [sic] insurance policy. Therefore, if SNIC and TDGIC *accepted* priority of the Insurance Policy, as found by the Adjudicator, and the Appellant did not make any such offer to either for them to 'accept priority of the Insurance Policy' and/or neither SNIC nor TDGIC first received the Appellant's Completed Application, then TDGIC had to receive that offer of "priority" (as the Adjudicator puts it) from the "First Insurer".

Volume #1(B)(IV):): Could TDHA offer "priority" to SNIC and TDGIC?

The word "accept": Appellant had a right to challenge and refuse

3. It is the word "accept" that is conspicuous, marked and eye-catching. Whatever acceptance of priority of the applicant's [sic] insurance policy was and is of no consequence in law as per Reg 283, section 4(1), 5(1) and (2).The Appellant never received any notice of "assignment, sharing or transfer of priority". It is trite that TDGIC's fax was in the LAT orders as early of February 2024 and SNIC resiled from the 416.774.3120 fax number by no later than Summer of 2023. TDHA was the First Insurer and received the Completed Application at first instance, and all other OCF documents. It is understandable why certain adjusters at SNIC, and then Mr. Nieuwland for TDGIC, were so unfamiliar with the documents and claimed to be missing certain documents like MRI reports, Brain MRI UHN Notification and others. It may be the most clichéd phrase in the history of law: "offer, acceptance, consideration." Prior to the 'acceptance' by SNIC and TDGIC over the insurance policy, as found by the Adjudicator, there had to be an offer from another person. There are four automotive insurance companies in "TD Insurance", as per its public website and URL for "legal", which are: (i) SNIC; (ii) TDGIC; (iii) TDHAIC (TDHA); and (iv) Primmum. SNIC and Primmum, without any reference TD in their names, operate under the banner of two distinct yet combined trademarks which are: (i) TD Insurance," which is owned by "The TD Bank"; and (ii) "Meloche Monnex," which is owned by Meloche Monnex Inc. (not to be confused with Meloche Monnex Financial Services Inc. or other brokers or agents with permutations of the name). Ironically, TDGIC and TDHA do not have "TD Insurance" in their name as the "insurance" word comes after "General" and "Auto" sequencially for the aforementioned.

Volume #1(C): SNIC and TDGIC not "one and the same" and neither are the First Insurer

4. There is no dispute that SNIC was the Sole Underwriter of the Insurance Policy. SNIC delivered an accident benefits package to the Appellant in late September 2022. SNIC represented its address as the SNIC Markham Office with a fax number of 416.774.3120. On May 2, 2024,[3] in relation to **NOM #4** and **NOM #6**[4], Nieuwland (with Karat appearing as the ADR Specialist[5] for SNIC)[6] orally[7] represented, contrary the April 11 submissions (supra) solely on behalf of **TDGIC**.[8] that SNIC and **TDGIC** were and are "*one and the*

same". [9] [10] The Appellant objected and reserved his rights. [11] "***One And The Same***" is defined, by *Collins Dictionary* as "When two or more people or things are *thought* to be separate and you say that they are one and the same, you mean that they are *in fact* one single person or thing." [12] While there is no dispute what Nieuwland thought and meant on May 2, 2024, his thoughts and meanings, while unambiguous are contrary to the statute (*Ins. Act*) in which this SNIC Proceeding arose and FSRA Enforcement Decisions have found that the *SABS* Insurer (SNIC) and TDGIC are separate persons.[13] The now finding by the Tribunal that SNIC and TDGIC accepted priority over the insurance policy means that they agreed (which is possible in fact but not in law) to accept an offer from another regarding priority. This is not only the logical explanation for what transpired and why TDHA, an automotive insurer in Ontario which is the only required element for a non-underwriter of an insurance policy to be the provisional First Insurer and then potentially the permanent First Insurer, has not been responded and paid the benefits due and owing to the Appellant despite receipt of the same from the Appellant via fax. This also explains the Spam Fax in Spring 2023 which was nearly or identical to the August 2024 letter (see: Affidavits #34 and Affidavit #35).

Volume #1(D): Adjudicator Unfamiliar with the Facts
Identity swapping going on behind the scenes at the LAT
Unknown dates of identity changing

5. It is unfortunate, from an access to justice standpoint and for the benefit of the public, for the Adjudicator to rush this decision, as it was not available when the Appellant inquired on September 11, 2024, as to the date of the hearing for the NOM #13. With the greatest of respect, the Adjudicator was unfamiliar with the facts, which one can empathize with if she was new to this LAT proceeding but she granted the most consequential motion in this proceeding so far, and basic ones at that such as the first order in this proceeding of her fellow Vice Chair (VC Lake). Adjudicator Morrissette was of the mistaken view that the Tribunal changed, at some unknown time, the IDENTITY of SNIC to TDGIC after January 30, 2024 but some time before February 19, 2024. One can understand not being able to pinpoint an exact date when identities are changed or swapped in a cyber-attack or ransomware plot but the Adjudicator found that it was THE TRIBUNAL that changed the

Identity from SNIC to TDGIC. It appears that the Adjudicator was implying that an administrative individual employed by the License Appeal Tribunal in the AABS division somehow on off-time engaged in some administrative identity swapping without notice to the litigants in the proceeding. The Appellant is not attempting to be hyperbolic or histrionic in any way but the License Appeal Tribunal is one of 13 tribunals part of Tribunals Ontario and it is a division or sub-body within the office of the most important ministry as it pertains to the law: **THE MINISTRY OF ATTORNEY GENERAL**. *And the Appellant is merely finding out about this in September 2024?* This is beyond concerning and beyond the Appellant's immediate interest. Perhaps. Adjudicator Morrissette meant December 30, 2023 to January 19, 2024? This would make more sense in that an administrator or case manager would have review the Appeal and attached documents and countless references to TD SNIC and Security National Insurance Company and input SNIC as the respondent. Then, likely someone informed Mr. Grant to change the name from SNIC to TDGIC. This, of course, would have required such a change as the Appellant had already filed two motions by January 8, 2024. The Appellant only objected for six months and this appears to have been the strategy by SNIC and then TDGIC of which neither were First Insurers.

Volume #1(E): *Is statutory authority required to add the First Insurer when it becomes known to an injured person, through no fault of his own, and the Tribunal?*

6. A "Respondent" is a party in a LAT Proceeding. Legislative definitions are sometimes counter-intuitive and defy common sense. In Ontario, "legislation" includes "legislation and regulations" but a statute is distinct from a regulation.[14] [15] Section 5 of the *SPPA*[16]: "The parties to a proceeding SHALL be, (i) the persons specified as parties by/under the statute[17] under which the proceeding arises; OR, (ii) if not so specified, persons *entitled* **BY LAW**[18] to be parties to the proceeding[19]. One would have thought with the benefit of Adjudicator Morrissette who expressly dealt with a party issue in NOM #8, such a misstatement of law or query from her would have been obsolete. By law is an ambiguous phrase which is not to be confused with a municipal by-law. "Source law" is a definition under the Legislation Act 2006, and it includes regulations. Tribunals in Ontario and Canada have held that persons who are not expressly required by statute to be parties

may be added as parties pursuant to section 5 (*SPPA*) if s/he or it have a substantial and direct interest in the proceeding's outcome.[20 21]

Volume #2: Statement of Issues

7 The statement of issues are as follows:

a. *Were the decisions of the Adjudicator in NOM #14 ones that would have disposes of the appeal? Was the order #15, order #3, one that would "finally dispose of the appeal?*
b. *What is the standard review of the Adjudicator's to the errors in the decisions relating to NOM #14 and #15?*
c. *On a balance of probabilities, with the uncontroverted evidence that SNIC, through its brokers (MMFSI and TDIAI) by way of c/o, no longer utilized the 4th floor of the North York Office as a registered address as of 2016, the "lead tenants" were "TD Insurance" according to True North REIT and Colliers International from on or around 2017, and the Tribunal denoted TDGIC as being located on the 9th floor of the North York Office (VP Building), at the time (October 13, 2022) the Appellant delivered his Completed Application (OCF-1) from his fax to the VP Building 4th Floor Fax Number, was the recipient licensed automotive insurer, TD Home and Auto Insurance Company?*
d. *Whether TDHA was and is the First Insurer (i.e, the FSRA licensed insurance company, in the area of automotive insurance, to first receive the Appellant's Completed Application on October 13, 2022)?*

Volume #3: Legal Bases

Volume #3(A)(I): Final disposes of an Appeal

8. A final order disposes of the litigation, or finally disposes of **part of the litigation**: *Ball v. Donais* (1993), 1993 CanLII 8613 (ON CA), 13 O.R. (3d) 322 (C.A.). An interlocutory order disposes of the issue raised, most often a procedural issue, but the litigation proceeds: *Hendrickson v. Kallio*, 1932 CanLII 123 (ON CA), [1932] O.R. 675 (C.A.), at p. 678.The interlocutory order from which there is no appeal is an order which does not determine the real matter in dispute between the parties – the very subject matter of the litigation, but only some matter collateral (see: *Hendrickson v. Kallio*, 1932 CanLII 123 (ON CA), [1932] O.R. 675 (C.A.)

Volume #3(A)(I): Non-Party orders are final orders; orders dismissing a motion to add a party are final orders

9. In *Smerchanski v. Lewis* (1980), 1980 CanLII 1699 (ON CA), 30 O.R. (2d) 370 (C.A.), at para. 18: This Court has held that an order made in a contest between a party to an action and someone who is not a party is a final order, appealable without leave, if the order finally disposes of the rights of the parties in the issue raised between them. In M.E. v. Ontario, 2021 ONCA 718: We conclude that M.E. was seeking to add new causes of action. An order refusing leave to amend pleadings to plead a new cause of action is final: *Atlas Construction Inc. v. Brownstones Ltd.* (1996), 46 C.P.C. (3d) 67 (Ont. Gen. Div.). So is an order dismissing a motion to add a party, which M.E. also appears to have been trying to do: *Bryson v. Kerr* (1976), 1976 CanLII 867 (ON SC), 13 O.R. (2d) 672 (Ont. Div. Ct.). Accordingly, leave to appeal is not required and an appeal lies as of right to the Court of Appeal: *Courts of Justice Act*, R.S.O. 1990, c. C.43, s. 6(1)(b).

Volume #3(B): Standard of Review

10. In *Vavilov*, the SCC attempted to clear up complexities and uncertainty brought on by *Dunsmuir*.[22] The SCC cited three (3) non-exhaustive examples in *Vavilov* where the correctness standard must be applied by a review tribunal or court: (i) constitutional questions[23] [24] [25] (ii) general questions of law of central importance to the legal system as a whole;[26] and (iii) questions regarding jurisdictional boundaries between two or more administrative bodies.[27] [28]

VOLUME #3(C): Errors of Law: Correctness standard applies (no deference)

11. The Supreme Court in *Housen* found an error of law as *including* the: (i) application of an *incorrect* legal standard; (ii) a failure to *consider* a required *element* of a legal test; or (iii) the mischaracterization of the standard.[29]

VOLUME #3(C)(1)(a): Error of Law: ignoring relevant evidence

12. A tribunal errs in law when it improperly approaches the evidence such as by misapprehending evidence, ignoring relevant evidence or relying on irrelevant evidence or irrelevant factors in reaching its decision [30] (see: *Nguyen*). [31] [32] In *Dreuto Holdings v. MPAC*,[33] the ONSCJ (DC) cited its decision in *Vatan*[34] where, at

¶28, the Court confirmed a finding of fact *can constitute* an error of law: "is when a finding of fact on a material point is based on no evidence."[35]

VOLUME #3(C)(I)(b): an exercise of discretion – error of law herein

13. The failure to identify or consider the legal criteria that govern (the "**Identification Failure Governing Legal Criteria**") the *exercise of discretion* may constitute an error of law. [36]

VOLUME #3(C)(II): When there are no factual findings to consider

14. In *Gega*[37], the Divisional Court applied a novel yet functional determination of when an issue was one of law as *opposed* to one of 'mixed fact and law': "[19] This issue is a matter of law...argue this issue is a matter of mixed fact and law, but there are no factual findings that need to be made by me to consider this question."[38]

VOLUME #3(C)(III): Enactment Interpretation as an Error of law

15. In *Kawa Arab* [38] [39] the Divisional Court found an administrative decision *of statutory interpretation* as a matter of law.[40] At ¶ 19, *Tzimas J.*[41] found "[19]..... If an Adj. ignores evidence that the law requires to be considered to arrive at a DECISION[42], that would amount to an *error in law*."[43] [44]

VOLUME #3(C)(IV): *Misdirected that No Jurisdiction existed when it did*

16. In *Bassline*[45], VC Lamoreux found in 2018[46] at ¶ 20, "Therefore, I am satisfied that the *Tribunal erred* by determining that it had *no jurisdiction* to consider the issues raised in the Notice."[47]

VOLUME #3(C)(V): *Error in Approach to Statutory Framework – Exceed Jurisdiction –*

17. In *Lapcevich*[48], the ONSCJ[49] found: "We agree with the appellant, Registrar, that the Licence Appeal Tribunal *erred* in its approach to *the statutory framework* and exceeded its jurisdiction; and it did not make the necessary threshold determinations, as required by the statute."

VOLUME #3(C)(VI): Inconsistent Findings: Error of Law

18. In *Sparks*[50], the Divisional Court found that *inconsistent findings of facts* as "errors of law".[51 52]

VOLUME #3(C)(VI): Extricable Questions of Law: standard of review correctness

19. In *Glencore*[53], the FCA considered a second appeal wherein it stated the applicable **SOR** for extricable legal issues[54] in that *no deference* is owed to the **overall conclusion** (see: ¶ 22).[55]

VOLUME #3(C)(VII): Written Hearings

20. In *THMR*[56], ONCA found that when hearing below is *in writing* that the correctness standard applies.[57 58]

Volume #3(D): No statutory power

21. The case of *Faremea Rezaiezadeh v. State Farm Mutual Automobile Insurance Company*, 2016 ONFSCDRS 59 ("Reza") stands for the proposition below. The Appellant notes the case of *Reza* (for short) wherein, albeit under the FSCD, the arbitrator found the following: "The Appellant concedes there is no explicit procedure in the *Code* or the *Statutory Powers Procedure Act*, R.S.O. 1990, c. S.22, as amended, to permit a party to continue a proceeding against a non-party." The "Dispute Resolution Code" is no longer applicable as it only applied with the FSCO. Even where State Farm Automobile Insurance Company was bought out by Certas and Desjardins regarding its Canadian operations. State Farm remained as the party as it was the underwriter *at the time* of the accident therein. Therefore, this is yet another reason that the decision of the Adjudicator and now the decision of the **Appellate Tribunal** (LAT) is one that finally disposes of the Appeal even when it is not in favour of the Appellant. If the Appellant does not have the First Insurer as the primary and liable party for the main issues between the Appellant and it (with SNIC only therein for costs as a result of it filing the sole Response (SNIC Response) to date but only as a result of the LAT Rules which is a distinction between present times and a case like Volfson), then all of the protections under SABS are illusory.

Volume #3(E): Reg 283 operates differently than the statutory regime

22. The provisional "first insurer rule" (the "**First Insurer Rule**") under the regulation and priority regime under the statute operate ***differently*** (see: *Zurich 2024*, paragraph 8). As long as a claimant for accident benefits completes all required "fields" (see: *SABS*, ss. 66 and 67), duly signs the OCF-1 and then sends via mail or fax, the **First Insurer** that *receives* an OCF-1 application MUST benefits in accordance with *SABS* (see: *Reg*

283, ss. 2.1(6)). If the **First Insurer** does not take any issue, within ten business days[59] of receipt of the **Completed Application**, the **First Insurer** has approximately 75 days from then to provide a notice of dispute that it is required to pay the benefits of the claimant in which it received a **Completed Application**. Irrespective of whether the claimant is an "insured person" or not in the *subjective mind* of the **First Insurer**, the **First Insurer** must *respond* to the **Completed Application** and the claimant (see: *Reg 283*, ss. 2.1(6)). Acceptance during the 90-day period is merely provisional (see: *Zurich 2024*, paragraph 29). If the **First Insurer** does not dispute, within 90 days, its liability to pay any and all benefits, in accordance with *SABS*, of the claimant, there is no other process for the **First Insurer** to transfer, dispute and recover any paid *or* to be paid benefits to the claimant. A **First Insurer's** calculus to not accept a claim for whatever subjective reason can turn out to be a costly and permanent mistake.[60] This is full answer to the Adjudicator's query about whether the Tribunal had authority to add the First Insurer to this LAT Proceeding, which is oddly required as a matter of law.

Volume #3(F): The issues transcend the Appellant

23. As of 2015, in *Zurich 2015*, the SCC held that Chubb ought to have responded to the *SABS* claim immediately on a *'pay first and dispute later'* basis (see: *Zurich 2024*, paragraph 12). As long as the **Completed Application** by the claimant was <u>not</u> arbitrary, there is a "nexus" between the claimant and the **First Insurer** (i.e. the one to receive the **Completed Application**) (see: *Zurich 2024*, paragraph 14). In *Zurich 2015*, the SCC (see: 2015 SCC 19) restored Goldstein J's decision (ONSC (Divisional Court)) in adopting the dissent of Juriansz J.A.: *2014 ONCA 400*. A vague recollection about seeing an insurer's name at a rental car office was sufficiently non-arbitrary to require a '**First Insurer**' (Chubb in *Zurich 2015*)) to step into the shoes as a "**First Insurer**" for the purposes of section 2(1) of *Reg 283* (see: *Zurich 2024*, paragraph 15). As long as the **First Insurer** providers automobile insurance in Ontario at the time of receipt of the **Completed Application** there is a sufficient nexus between a claimant and the **First Insurer** (see: *Zurich 2024*, paragraph 16). The policy behind the inflexible rule that an insurer who fails to pay benefits and *fails* to put other insurers on

notice after receipt of a **Completed Application**, when there is *SOME* nexus between the claimant and the First Insurer, being permanently responsible for the claimant's benefits is to *promote compliance* with the statutory and regulatory scheme.

Volume #4: Application of the Law to the Facts

Volume #4(A): The answer to Adjudicator Morrissette's question on statutory authority

24. No power to pursue a non-party under statute is answered above. As a matter of principle, there is NO difference between an insurer's failure to pay under section 2 of *Reg 283* and a failure to pay under any provision of *SABS* (see: *Zurich 2024*, paragraph 54). As the Tribunal is required to decide this LAT Proceeding in accordance with SABS as a matter of statute (see: section 280(4) of the Insurance Act), then it was not a matter of discretion for Adjudicator Morrissette but a requirement upon her to ensure that the Appellant had the correct and liable party (see also: Insurance Act, ss. 268(3)) before the Tribunal and in the future for not only himself but his service providers. While there is an ability of a party to "request an expedited hearing" in the dropdown menu of Tribunals Ontario e-filing portal, there is a dearth of jurisprudence regarding the same with LAT/AABS matters. As of 2010, the amendments to *Reg 283* led to an absence of listed fax numbers for insurance companies and for good reason: some unsavoury insured persons may deliberately manipulate the system by faxing their OCF-1's to an incorrect insurance company with no record of them as insured persons leading to those insurance companies in receipt of confidential information with an inability to dispute that they were not liable along with which insurance company may be liable. This could lead to an insurance company, who had not received premiums with no previous interaction with such an unsavoury insured person, being liable to respond and pay benefits to said unsavoury insured person.[61]

Volume #4(C): NOM #14: the actual relief sought at Order #5 and even a granting of Order #1 was a decision that finally disposes of the Appeal

25. It is important to note that the actual relief sought in the hearing record was slightly different in language but a distinction with a difference at Order #5: [5] Any further relief that is consistent with the above and in accordance with *Reg 283*, *SABS* and *Reg 664*. The issue of adding the party FDHA as the First Insurer is one that the Adjudicator was required to answer (see: Rio Tinto, SCC 2010 SCC 43). However, even if the Adjudicator had granted Order #1 that would have been sufficient as a decision (order, declaration, determination and/or finding) that would have finally disposes of the Appeal, as it was currently constituted on September 13, 2024.

Volume #4(D): NOM #15:

26. Moreover, had the Adjudicator determined the factual issue at Order #3 in NOM #15, this would have been a decision that finally disposes of the Appeal. In this regard, the Tribunal issued a Notice of Motion Scheduling Order on Thursday, September 12, 2024, that found that SNIC was located at the Burlington Office: "[3] preliminary finding, determination, or order, that the fax number 416-774-3120 was a landline phone number utilized as a fax number on the 4th floor of the building situated at the premises municipally known as 3650 Victoria Park Avenue, North York, Toronto, Ontario, M2H 3P7."

Volume #4(E): Final Orders Soughr in this Reconsideration Motion

27. This Appellant seeks the following orders pursuant to *LAT Rule* 18.4 as follows:

a. An Order cancelling the decisions and orders of the Adjudicator in NOM #14 and NOM #15;
b. An Order varying the decision of this Appellate Tribunal as follows:
    i. Grant the relief sought in NOM #14 (see: Hearing Record, Tab 1, page 3; see also: Appendix #1); and
    ii. Grant the relief in NOM #15, paragraph #3.

28. All of which is respectfully submitted on September 30, 2024

Appendices

Appendix # 1: Orders Sought in NOM #14

Appendix #1: The actual relief sought

The Appellant seeks the following orders, without consent of **SNIC** and **TDHA**, as follows:

Order #1: First Insurer Declaration

1. An Order, Declaration, determination and/or finding that TD Home And Auto Insurance Company, FSRA registration number 1063 ("**TDHA**" or "**TDHAIC**") was the **First Insurer** to receive, pursuant to *Reg 283*, the Appellant's fax delivered **Completed Application** (see: *Reg 283*, s. 1) to the fax number, provided to him by SNIC as a return address [sic] for SNIC, of 416-774-3120 (the "**416 Fax Number**") on October 13, 2022;

Order #2: East Mall Address (Branch Office): Determination of which licensed insurer carried on business at said branch office

2. An Order, Declaration, determination or finding the physical address, which is apparently denoted as a branch office of **SNIC** in **HCAI**, municipally known as 304 The East Mall, Floor 6, Etobicoke, Toronto, Ontario, M9B 6B7 (the "**Etobicoke East Mall Address**") was or is an address or branch office of **TDHA** and not **SNIC**;

Orders #3 and #4: Adding **TDHA** as a Party

3. An Order adding **TDHA** as a respondent party to this LAT proceeding herein;
4. An Order requiring **TDHA**, should it wish to oppose the relief sought in the **Appellant's Appeal**, file and serve a **Response** to the **Appellant's Appeal** within 14 days of the date of the orders herein;

Order #5: Ancillary Relief

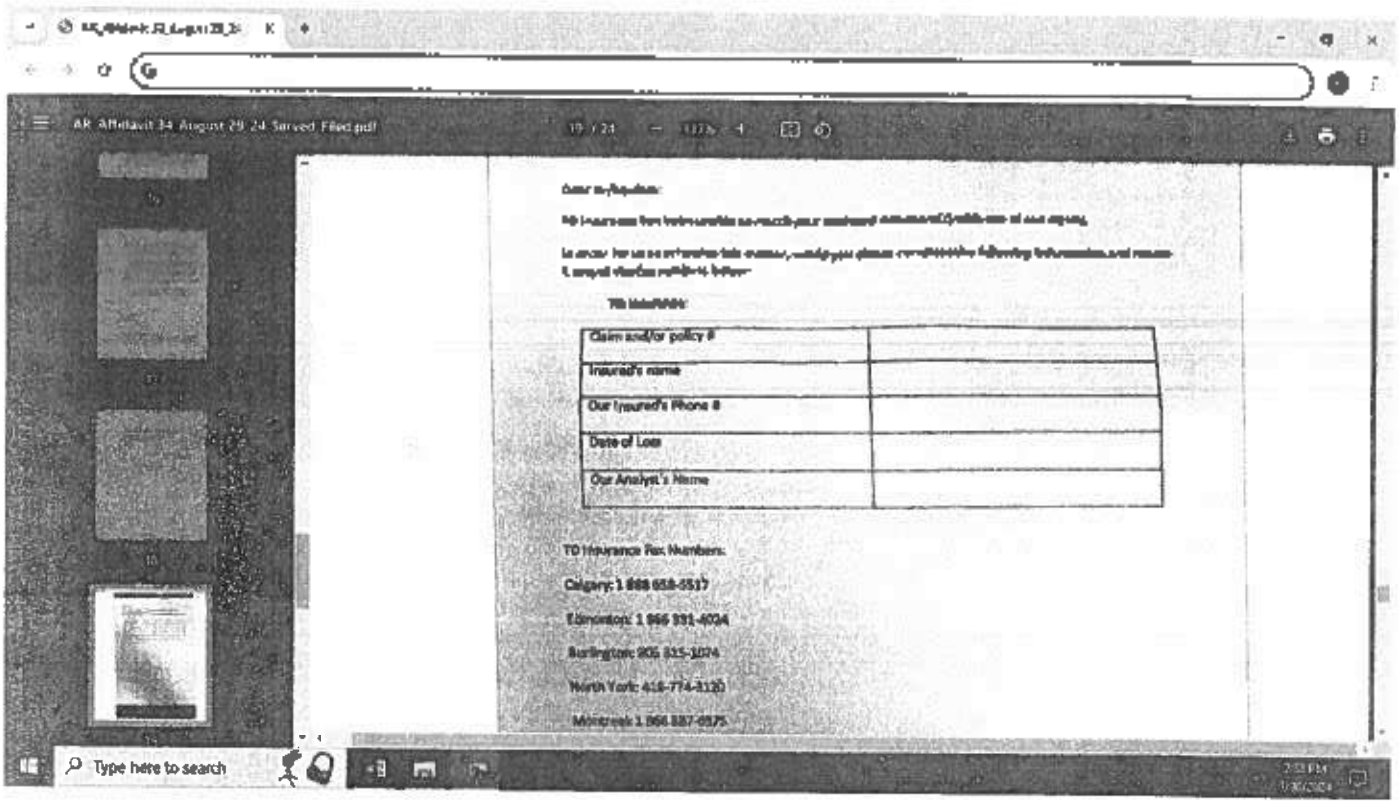
5 Any further relief that is consistent with the above and in accordance with *Reg 283*, *SABS*, and *Reg 664*; and

Order #6: Costs

Costs against **SNIC** pursuant to section 17.1 of the *SPPA* and Rule 19 of the *LAT Rules*.

Appendix #2: Orders Sought in NOM #15

Schedule "A" for NOM #15



The Appellant seeks the following remedies, without the consent of SNIC, as follows:

1. An Order that NOM #14 is heard in an expedited fashion and by no later than August 28, 2024 or, in the alternative, at the earliest date available for a Vice-Chair or adjudicator to determine the same;
2. An Order that if the Respondent Party (SNIC), TDHA or any other non-party or interested person wishes to oppose NOM #14, it must provide notice, via filed letter, to the Tribunal by no later than Wednesday, August 21, 2024; and
3. A preliminary finding, determination, or order, that the fax number 416-774-3120 was a landline phone number utilized as a fax number on the 4th floor of the building situated at the premises municipally known as 3650 Victoria Park Avenue, North York, Toronto, Ontario, M2H 3P7;
    a. In the alternative, an order that said issue of fact is added to the hearing of NOM #14;
4. An Order that NOM #13 is set for hearing three (3) weeks after the final decision of the Tribunal in NOM #14; and
5. An Order that the Appellant shall tender his hearing brief for his potential motion regarding document production and disclosure from SNIC (the "SNIC Document Production Motion") *within one week* after the decision of NOM #14 with a notice of scheduled hearing date to be issued by the Tribunal regarding exchange of responsive and reply briefs;
6. An Order that NOM #13 (Non-Party production by TDGIC) and the SNIC Document Production Motion (if applicable) shall be heard together three weeks after the decision in NOM #14; and

Costs against SNIC for this motion herein if it opposes the same.

Appendix #3: August 28, 2024 – no insurance company in "TD Insurance" can match the Appellant's TD Claim #3 to any of its claims

Therefore, any potential remaining aspects to a claim with TDHA will not be contentious and any costs or Reg 664 awards can be determined by the inaction, half-truths and silence by TDHA and the principle of spoliation. Unsurprisingly, TDHA could not produce any documents and neither SNIC – their acceptance of priority of the applicant's [sic] insurance policy

Residual: END NOTES

[1]The Appellant repeats and relies upon the definitions at Appendix #1 and the chronology at Appendix #2.
[2]It had no right to be a party under the SPPA, s. 5. If TDGIC did not meet the test under the statute to be a party, it could not be a respondent as a matter of right at first instance before the Tribunal
[3]See: RB, Tab 1, page 4: the Appellant continues to rely on strict compliance with PIPEDA and the parameters of his consent in the OCF and confidential correspondence to SNIC. For TDGIC to remain as the sole respondent, and a "respondent" in the future will cause this LAT Proceeding to be run counter to the most-expeditious, just and cost-effective manner as the Appellant, the Tribunal and those receiving notice will be required at each step to address this issue. With the granting of this order herein, no such further wasted resources will be required.
[4]On May 2, 2024, NOM #4 and NOM #6 were to be heard, albeit insufficient time was available for the same, and NOM #4 was to be heard at the "hearing proper" and NOM #6 was relegated to a further preliminary or jurisdictional hearing.
[5](not claims adjuster)
[6] Mr. Karat corrected the Vice Chair who queried him at the outset if he was the "claims adjuster" [see. with Mr. Karat in controlling a seeming "document book" for SNIC to which Mr. Nieuwland referred to. with assistance from Mr. Karat, therein,)
[7](electronic hearing (telephone))
[8](with Karat in attendance as the admitted non-adjuster but "ADR Specialist" (not officer as Nieuwland would have it).
[9]The Appellant promptly notified the Tribunal, served SNIC (Karat) and TDGIC (Nieuwland), with his letters and evidence regarding his discovery of some of SNIC's FSRA license number being #397 along with each and every other distinct insurance company doing business in Ontario under the "TD Bank Group" having different FSRA insurance license numbers. FSRA does NOT even refer to SNIC, TDHA, TDGIC, and Primmum as "affiliates" but rather "related companies". Being "related" does not make SNIC and TDGIC "one and the same" but, bluntly and colloquially, like "family members" or "cousins" from different provinces.
[10]Thereafter, Appellant moved promptly with notice and NOM #8.
[11]While the Tribunal has the power to "reconsider on its own initiative", the issue of reconsideration per se would require a different test and span other decisions and orders that have timeline restrictions. The Appellant is also confirming that if this order is granted, he need not seek reconsideration of any of the Lake orders and decisions regarding the summonses and NOM #7.
[12](see: https://www.collinsdictionary.com/dictionary/english/one-and-the-same#:~:text=phrase,one%20and%20the%20same%20person)
[13](see: HB, Tab 5 to 7).
[14](see: section 1(1) of the Leg. Act., Part II and Part III therein)
[15]Bills receive "Royal Assent" and become "statutes" and "regulations" are filed. Acts and statutes have the same meaning.
[16]has been in force since 1990
[17](not a regulation)
[18]not a "by-law" passed by a municipality)
[19]Therefore, even if a "party" is referenced in a regulation regarding entitlement to be a party in a proceeding, section 5 of the *SPPA* has no applicability
[20]TDGIC has not substantial and direct interest in the outcome as it is not a party to the Insurance Policy, and not liable under SABS. TDGIC has not made any payments nor was it authorized to receive confidential information and make such payments (see: supra).
[21]In *Wentworth*[21], said PEI Tribunal
[22]In particular, it holds that "*Dunsmuir*'s promise of simplicity and predictability has not been fully realized", *Vavilov* attempted to shed light on the true meaning of "reasonableness", sets out what is required from the decision-maker, and how the reviewing Courts should be applying the standard of review.
[23](including those concerning the division of powers, the scope of Aboriginal rights, and the *Charter*)
[24]which require a determinate answer from the courts

[26]Para 59-60.
[27]Para 63–64.
[28]It is notable that the rights of injured persons, and particularly those with CAT Impairments (LMD one year after the Accident for this Applicant) are entrenched in consumer protection and are quasi-constitutional. There is no dispute that the questions of law or questions

of jurisdiction raised herein are of central importance to the legal system as a whole and the scope of legislative privilege afforded to a LAT decision maker of an Adjudicative Body (a VC no less).

[26]At paras. 36-37).

[27]*Filipaka et al v. Ministry of Community and Social Services*, et al., 2017 ONSC 5462, O.J. No. 4814, at para. 7.

[28]In Nguyen v Economical Mutual Insurance Company, 2023 ONSC 2541, the Divisional Court held that when a fact-finding was made *without evidence*, that it constituted an error of law

[29][17] Given this, I find that the LAT made two errors of law in its decision. First, it made a finding, without evidence, on a material fact, namely that Ms. Nguyen received the March 13 denial letter on its date.

[30]2023 ONSC 1466 (Div. Ct.).

[31]Notably, not "TDGIC"; see: HR Index, Tab 40

[32]The **Lake Order** relied on only a simulacrum of the Rule 24.1 and relied on an irrelevant factor or did not review the evidence presented by this **Applicant** in Affidavit #8, Exhibit "A", **Tab 2** which was an article on the substantial amendments between the Old LAT Rules and New LAT Rules.

[33] *Southam* at para. 39; 144 D.L.R. (4th) See also: British Columbia (Minister of Forests) v. Okanagan Indian Band, 2003 SCC 71 at para. ...43. Sandhu argues that its position is similar to the example cited in Housen at paragraph 27 and quoted from Canada (Director of Investigation and Research) v. Southam Inc., 1997 CanLII 385 (SCC), [1997] 1 S.C.R. 748, 144 D.L.R. (4th) 1 at para. 39: [I]f a decision-maker says that the correct test requires him or her to consider A, B, C, and D, but in fact the decision-maker considers only A, B, and C, then the outcome is as if he or she had applied a law that required consideration of only A, B, and C. If the correct test requires him or her to consider D as well, then the decision-maker has in effect applied the wrong law, and so has made an error of law.

[34]See: **HR Index, Tab 41**

[35] *(Kawa Arab v. Unica Insurance*, 2022 ONSC 5761 (Div. Court, 2022) (see: **HR Index, Tab 42**)

[36]*Kawa Arab v. Unica*: Adjudicator Nidhi Punyarthi of the License Appeal Tribunal dated January 24, 2020 and subsequent reconsideration decision of the Tribunal VC, Anil A. Farlam dated March 31, 2021

[37].[18] Section 11(6) of the *LAT Act* provides that an appeal from a decision of the Tribunal relating to a matter under the Insurance Act may only be on a question of law. Pursuant to *Vavilov*, 2019 SCC 65 (S.C.C.), where a court is hearing an appeal from an administrative decision, it would, in considering questions of law, including questions of statutory interpretation and those concerning the scope of a decision-maker's authority, apply the standard of correctness in accordance with *Housen v. Nikolaisen*, 2002 SCC 33.

[38]See: HR Index, Tab 42

[39]Emphasis on distinction between "Decision" OR "Order"

[40]see *Canada (Director of Investigation and Research) v. Southam Inc.*, 1997 CanLII 385 at para. 41

[41]**The Lake Order** does not even consider the volumes of evidence and cited a LAT Rule without engaging in any statutory interpretation of the enabling statutes. This, of course, is an error of law. By only citing one sentence of the *LAT Rules*, **Adjudicator Lake** failed to cite the second sentence of the very new LAT Rule 24.1 which is not permissive (like the first sentence: A party may be self-represented, or they may have a representative) but the requirements for "parties": "In keeping with Rule 2.20, representatives are **required** to be **authorized** under the *Law Society Act to represent a party* in the proceeding **AND** they **must** comply with the *Law Society Act*, applicable guidelines, and rules of professional conduct." Parenthetically, it is unclear what "applicable guidelines" mean but presuming they mean By-Laws, the Applicant takes no issue with the correctness of the second sentence of the New LAT Rule 24.1. **Adjudicator Lake** failed to cross-reference.

[42]*10502 v. Registrar of Alcohol, Gaming and Racing*, 2018 CanLII 129017 (ON LAT) ["Bassline"]

[43]Bassline notes that the Tribunal has jurisdiction under s. 5.1(1) of the *Licence Appeal Tribunal Act, 1999*, S.O. 1999, c. 12, Sch. G ("LAT Act") to determine "all questions of fact or law that arise in matters before it." Bassline argues that whether the Registrar exceeded its jurisdiction in requiring an 'all-or-nothing' settlement is a question of mixed fact and law that arises in the appeal. Bassline also notes that under s. 3(2) of the **LAT Act**, the Tribunal has "all the powers that are necessary or expedient for carrying out its duties." Bassline submits that the legislative intent was to give the Tribunal "broad jurisdiction and powers to oversee the conduct of the Registrar", which should not be limited to cases where there is an abuse of process.

[44]The decision on the motion would likely have been different had this error not been made, in that Bassline would have been permitted to put its arguments before the panel hearing the appeal on its merits."

[45]*Lopcevich v. Registrar, Real Estate & Business Brokers Act*, 2010 ONSC 1145 (see: **HR Index, Tab 44**)

[46]Justice (three division panel: **GREER, LEDERMAN AND SACHS JJ.**) (no dissent but unanimous)

[47]See: **HR Index, Tab 45**

[48]. [40] Here, the SBT appears to have inferred that Sparks could stop using marijuana but chose not to do so, and to have inferred that because of that choice his impairments were not substantial. This is stereotypical reasoning, inconsistent with SBT jurisprudence, and an error in law. **Issue 3: The SBT based its decision on contradictory determination** [41] This issue also arises from the manner in which the SBT dealt with the appellant's substance use disorder. At para. 19 of the SBT's decision, the tribunal found that Sparks' impairments were not "substantial ... because the Appellant was not in full compliance with treatment prescribed", i.e., to cease using marijuana as his physician had recommended. But at para. 22 of the decision, the SBT held that he was not substantially impaired because he was able to overcome an addiction to Percocet with the use of suboxone, leading to the conclusion, at para. 23, that Sparks' "extensive use of cannabis" weighed against a finding of substantial impairment. In other words, according to the SBT, Sparks' impairments were not substantial because he was not compliant with treatment for marijuana, and because he was compliant with treatment for Percocet. Such

inconsistent findings are an error of law: *R. v. R. (D.)*, 1996 CanLII 207 (SCC), [1996] 2 S.C.R. 291, at para. 30; *Trajkovich v. Ontario (Minister of Natural Resources)*, 2009 ONCA 898, O.J. No. 5466, at para. 18.

[52] Herein, Adjudicator Lake cited the incorrect motion number (as no notice of motion #6 had been filed) and did not turn her mind to the order of LAT regarding NOM #4 regarding this Applicant's JRB entitlement which is based on admissions in the Purported SNIC Response by the "unauthorized agent" for SNIC in the Purported SNIC Response.

[53] See: **HR Index**, Tab 46

[54] [22] Recently, the Supreme Court of Canada commented on the application of these standards of review in circumstances where the overall conclusion is based on an extricable error of law (*Ovens Knight Insurance Corp. v. Canada*, 2023 SCC 16 at para. 121).

[55] Adj. Lake's overall conclusion is predicated on not citing the full text of LAT Rule 24.1 which is explicitly cross-referenced in the Law Society Act.

[56] See: **HR Index**, Tab 47

[57] which is yet another legal authority for why the correctness standard applies in this **Reconsideration Motion**.

[58] : [21] This court is in as good a position as the application judge to deal with the issue of *remedy* because this case was argued on a paper basis without the involvement of live witnesses. Herein, the point is even more forceful and apropos considering that SNIC (or the Impugned Individuals with a focus on Kurat) did not even provide any evidence or submissions, or attempt to apply for motion relief to correct the improperly constituted **Purported SNIC Response**.

[59] Approximately 15 calendar days

[60] (see: *Zurich 2024*, paragraph 10).

[61]

The only evidence of a licensed insurance company in Ontario having ownership of the VP Building 4th Floor Fax Number, being utilized as a fax number on October 13, 2022, is that of TD Home And Auto Insurance Company, FSRA registration number 1063. The only evidence of the floor (4th) in which the **VP Building 4th Floor Fax Number** was so grounded and wired with Bell Canada Inc., as the telecommunications provider, is and was the 416-774-3120 fax number. Canada Post only lists two addresses above the third floor at the VP Building *as having* postal codes: (i) the 4th floor; and (ii) 9th floor. The most *rudimentary syllogism* evolves from the above: if TDHA and TDGIC were both tenants at the VP Building in October 2022, and the Tribunal, which would obviously have accurate contact information for insurance companies, denoted TDGIC as being on the 9th floor of the VP Building, then TDHA was on the 4th floor of the VP Building. As the 4th floor was the floor or level with the **VP Building 4th Floor Fax Number**, then TDHA was the **First Insurer** to receive the Appellant's **Completed Application**. Whether TDHA has moved since that time is of no consequence. The corroborating evidence, which SNIC never denied in HCAI, also points to TDHA as the First Insurer with the VP Building 4th Floor Fax Number. It must be recalled that in the FSRA Enforcement Decisions, all of the distinct insurers in the TDI Group claimed a "technological error" for the unlawful and without notice increasing of premiums of their customers. Perhaps, it was another technological error. It is also noted that in the "Right to Dispute The Insurance Company's Determination of your claim for SABS" provided by SNIC (SNIC Markham), it references an old address for the Tribunal which it is has not had for years. For context, had the Appellant delivered his Appeal to that no longer valid address for the Tribunal, would the Tribunal have considered that his Appeal was received and filed with it? The question answers itself. The same applies to SNIC's provision of a fax number that was not its fax number for some 6 or so years, and clearly a fax number of another insurance company as a tenant in the VP Building on the 4th floor with control of receipt of faxes sent to the VP Building 4th Floor Fax Number. Whatever "side deal" or "agreement" TDHA had with SNIC and TDGIC to accept priority over the applicant's [sic] insurance policy [sic] does not override the requirements under Reg 283. Frankly, it is beyond offensive that they would engage in that kind of conduct. It is disrespectful to the Legislature that empowered the LGIC to pass regulations and offensive to the whole regulatory infrastructure. While a **First Insurer** may have never received insurance premiums from a claimant, it may seem *intuitively* wrong that the **First Insurer** is required to *respond* and pay benefits pending its section 3 notice but the Legislature and LGIC's intent must be respected. In this example, TDHA has nothing to complain about after SNIC did not first receive the **Completed Application** and TDGIC's fax number was admitted by the Tribunal to be 416.774.3629 (not TDHA's fax number which was publicly listed as such by the Ontario Business Directory). There is no prejudice to TDHA and to the extent it disclosed the documents from it to those "accepting insurance companies", then they must be returned to TDHA. The reason it is so offensive that SNIC and TDHA would in any agree to accept priority over the applicant's insurance policy as Adjudicator put it, **TDHA**'s permanent liability to pay benefits was a self-inflicted consequence of its failure to adhere to the requirements of both sections 2 and s. 3 of *Reg 283*. The combination of provisions in *Reg 283* transformed **TDHA**'s provisional liability into a permanent one (see: *Zurich 2024*, paragraph 64). For **TDHA** to not be declared as the **First Insurer** would mean that there were no consequences for the conduct (or inaction) of **TDHA** after receipt of the **Completed Application** and by continuing to have its former branch office address (**East Mall Address**) auto-populated in **HCAI**. It would defeat the legislation's public policy. *"pay now and dispute later"*.[62] "**Arbitrary**" means: determined by impulse rather than reason, a random choice or personal whim. The Appellant faxed the **Completed Application** *for one reason only*: SNIC represented that *its* fax number was the **416 Fax Number** when it could not have been based on SNIC's physical location at SNIC **Markham**. Therefore, the Appellant did not make an "arbitrary decision" to fax his **Completed Application** to the **416 Fax Number**. Therefore, there was a "nexus" between the Appellant and **TDHA**. "**Receipt**" means: "to get possession of". **TDHA** got possession of the **Completed Application** as the **First Insurer** on October 13, 2022. There is now no dispute that the **Spam Faxes**, which SNIC could not produce in the face of a demand (May 2, 2024) from the Appellant for the same, were *on behalf* (as per) of **TDHA** and its unlawful attempt to *steer* the Appellant away from the **416 Fax Number** and its representation that it [**TDHA**] had no record of his claim. **TDHA** would NOT have had a "record" of the Appellant's TD Claim #3 as if the TD Claim #3 was likely created by SNIC but when the Appellant faxed[63] the **Completed Application** to the **416 Fax Number**, **TDHA** became

the **First Insurer The 416 Fax Number** was the fax number for **TDHA** in September and October 2022. **TDHA** has been the *independent* (not "one and the same" as SNIC) adjusting insurance company, by reference to the **East Mall Address** which has been exclusively represented to the public as **TDHA**'s address since it was so denoted in the HCAI portal as such [6] Our ONSC in *Zurich 2024*, with the benefit of the SCC in *Zurich 2013*, has settled the law in the above regards as follows: (i) breach of section 2 of *Reg 283*, according to the case law, does not result in the recipient, at first instance, insurer being required to pay benefits to the claimant permanently. BUT, (ii) the failure *TO AVAIL* itself of section 3 of *Reg 283* does.

Insurance Act
Loi sur les assurances

ONTARIO REGULATION 283/95

DISPUTES BETWEEN INSURERS

Consolidation Period: From June 8, 2019 to the e-Laws currency date

Last amendment: 126/19.

This Regulation is made in English only.

0.1 In this Regulation,

5

15 "application" means an application for accident benefits (OCF-1) approved by the Superintendent for the purposes of the Schedule;

NEW CCD of FSRA

"benefits" means statutory accident benefits as defined in subsection 224 (1) of the Act

"completed application" means a completed and signed application; RETURN ADDRESS PROVIDED BY INSURER

"Fund" means the Motor Vehicle Accident Claims Fund continued under subsection 2 (1) of the *Motor Vehicle Accident Claims Act*; → APPLICANT CANNOT RETURN

"Schedule" means, in respect of an accident, the *Statutory Accident Benefits Schedule* as defined in subsection 224 (1) of the Act that applies in respect of the accident. O. Reg. 38/10, s. 1.

1. All disputes as to which insurer is required to pay benefits under section 268 of the Act shall be settled in accordance with this Regulation. O. Reg. 283/95, s. 1.

416-777-3120 SEE CASES DEMOS:

2. (1) The first insurer that receives a completed application for benefits is responsible for paying benefits to an insured person pending the resolution of any dispute as to which insurer is required to pay benefits under section 268 of the Act. O. Reg. 283/95, s. 2. IF NO DISPUTE BETWEEN INSURERS → THEN RECIPIENT IS RESPONSIBLE

(2) Subsection (1) applies in respect of benefits that may be payable as a result of an accident that occurs before September 1, 2010. O. Reg. 36/10, s. 2.

2.1 (1) This section applies in respect of benefits that may be payable as a result of an accident that occurs on or after September 1, 2010. O. Reg. 36/10, s. 3. AUG 31, 2022

(2) An insurer shall promptly provide an application and any other appropriate forms in accordance with the Schedule to an applicant who notifies the insurer that he or she wishes to apply for benefits. O. Reg. 36/10, s. 3.

(3) The application provided by the insurer shall include the insurer's name, mailing address and telephone and facsimile numbers. O. Reg. 36/10, s. 3. NO DISCRETION 416-777-3120

(4) The applicant shall use the application provided by the insurer and shall send the completed application to only one insurer. O. Reg. 36/10, s. 3. THERE IS ONE WHO RECEIVED

(5) An insurer that provides an application under subsection (2) to an applicant shall not take any action intended to prevent or stop the applicant from submitting a completed application to the insurer and shall not refuse to accept the completed application or redirect the applicant to another insurer. O. Reg. 36/10, s. 3. REDIRECTION → PROHIBITED

(6) The first insurer that receives a completed application for benefits from the applicant shall commence paying the benefits in accordance with the provisions of the Schedule pending the resolution of any dispute as to which insurer is required to pay the benefits. O. Reg. 36/10, s. 3. SHALL = MUST

16(7) An insurer that fails to comply with this section shall reimburse the Fund or another insurer for any legal fees, adjuster's fees, administrative costs and disbursements that are reasonably incurred by the Fund or other insurer as a result of this non-compliance. O. Reg. 38/10, s. 3.

TDHA (416-774-3124)
→ REIMBURSE → SNIP
BUT SNIP MISNER

(8) In subsection (7),

"insurer" does not include the Fund. O. Reg. 38/10, s. 3.

3. (1) No insurer may dispute its obligation to pay benefits under section 268 of the Act unless it gives written notice within 90 days of receipt of a completed application for benefits to every insurer who it claims is required to pay under that section. O. Reg. 283/95, s. 3 (1).

TDHA PROHIBITED AS OF JANUARY 01, 2023

(1.1) If the dispute relates to an accident that occurred on or after September 1, 2010, a notice required under subsection (1) must also be given to the Fund if the insurer claims the Fund is required to pay benefits. O. Reg. 38/10, s. 4.

(2) An insurer may give notice after the 90-day period if,

(a) 90 days was not a sufficient period of time to make a determination that another insurer or insurers is liable under section 268 of the Act; and

(b) the insurer made the reasonable investigations necessary to determine if another insurer was liable within the 90-day period. O. Reg. 283/95, s. 3 (2).

TDHA KNEW → NO ATTEMPT WITHIN 90 DAYS

(2.1) If the dispute relates to an accident that occurred on or after September 1, 2010, the Fund may give a notice under subsection (1) after the 90-day period and is not required to comply with subsection (2). O. Reg. 38/10, s. 4.

(3) The issue of whether an insurer who has not given notice within 90 days has complied with subsection (2) shall be resolved in an arbitration under section 7. O. Reg. 283/95, s. 3 (3).

3.1 (1) This section applies to disputes relating to accidents occurring on or after September 1, 2010. O. Reg. 38/10, s. 5.

(2) Before giving a notice to the Fund under section 3, an insurer must,

(a) complete a reasonable investigation to determine if any other insurer or insurers are liable to pay benefits in priority to the Fund; and

(b) provide particulars to the Fund of the investigation and the results of the investigation. O. Reg. 38/10, s. 5.

4. (1) An insurer that gives notice under section 3 shall also give notice to the insured person using a form approved by the Chief Executive Officer. O. Reg. 283/95, s. 4; O. Reg. 305/96, s. 1; O. Reg. 128/19, s. 2.

NEVER RECEIVED FROM TDHA

(2) Despite subsection (1), if the insurer that gives notice under section 3 is the Fund, no notice shall be given to the insured person under subsection (1). O. Reg. 38/10, s. 6.

175. (1) An insured person who receives a notice under section 4 shall advise the insurer paying benefits in writing within 14 days whether he or she objects to the transfer of the claim to the insurers referred to in the notice. O. Reg. 283/95, s. 5 (1).

(2) If the insured person does not advise the insurer within 14 days that he or she objects to the transfer of the claim, the insured person is not entitled to object to any subsequent agreement or decision to transfer the claim to the insurers referred to in the notice. O. Reg. 283/95, s. 5 (2).

(3) Subject to subsection 7 (5), an insured person who has given notice of an objection is entitled to participate as a party in any subsequent proceeding to settle the dispute and no agreement between insurers as to which insurer should pay the claim is binding unless the insured person consents to the agreement or 14 days have passed since the insured person was notified in writing of an agreement and the insured person has not initiated an arbitration under the *Arbitration Act, 1991*. O. Reg. 283/95, s. 5 (3); O. Reg. 38/10, s. 7.

6. (1) The insured person shall provide the insurers with all relevant information needed to determine who is required to pay benefits under section 268 of the Act. O. Reg. 283/95, s. 6.

(2) Upon request by the first insurer that receives a completed application for benefits, the insured person shall submit to one examination under oath for the purpose of determining who is required to pay benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

(3) No other insurer is entitled to require the insured person to submit to an examination under oath for the purpose of determining who is required to pay benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

(4) The scope of the examination under oath is limited to matters that are relevant to determining who is required to pay benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

(5) The insured person is entitled to be represented at his or her own expense at the examination under oath by such counsel or other representative of his or her choice as the law permits. O. Reg. 16/13, s. 1.

(6) The insurer shall make reasonable efforts to schedule the examination under oath for a time and location that are convenient for the insured person and shall give him or her reasonable advance notice of the following:

1. The date and location of the examination.
2. The insured person's entitlement to be represented in the manner described in subsection (5).
3. The reasons for the examination.
4. The fact that the scope of the examination is limited to matters that are relevant to determining who is required to pay statutory accident benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

187. (1) If the insurers cannot agree as to who is required to pay benefits, the dispute shall be resolved through an arbitration under the *Arbitration Act, 1991* initiated by the insurer paying benefits under section 2 or 2.1 or any other insurer against whom the obligation to pay benefits is claimed. O. Reg. 36/10, s. 6.

(2) If an insured person was entitled to receive a notice under section 4, has given a notice of objection under section 5 and disagrees with an agreement among insurers that an insurer other than the insurer selected by the insured person should pay the benefits, the dispute shall be resolved through an arbitration under the *Arbitration Act, 1991* initiated by the insured person. O. Reg. 36/10, s. 6.

(3) The arbitration may be initiated by an insurer or by the insured person no later than one year after the day the insurer paying benefits first gives notice under section 3. O. Reg. 36/10, s. 6.

(4) Despite subsection (3), the arbitration may be initiated by the Fund at any time before or after the expiry of the time limit set out in subsection (3) if the Fund is paying benefits in respect of an accident that occurred on or after September 1, 2010. O. Reg. 36/10, s. 6.

(5) No insured person is entitled to initiate or participate as a party to an arbitration under this section if the insurer paying benefits is the Fund. O. Reg. 36/10, s. 6.

(6) If the dispute relates to an accident that occurred on or after September 1, 2010, the failure of an insurer other than the Fund to comply with section 2.1 or 3.1 may be the subject of a special award made by the arbitrator. O. Reg. 36/10, s. 6.

8. (1) Except as provided in this Regulation, the *Arbitration Act, 1991* applies to an arbitration under this Regulation. O. Reg. 283/95, s. 8 (1).

(2) The following rules apply with respect to an arbitration of a dispute relating to an accident that occurs on or after September 1, 2010:

1. If an insurer to whom a notice to initiate arbitration is delivered does not respond to the notice within 30 days, the insurer is deemed to have accepted the jurisdiction of the arbitrator proposed in the notice.
2. A pre-arbitration hearing must be scheduled and take place no later than 120 days after the appointment of the arbitrator.
3. Subject to paragraph 4, once a date for the arbitration is scheduled, the arbitration must be conducted on that day.
4. The arbitrator may grant an adjournment on such terms as the arbitrator considers appropriate, but only if there is cogent and compelling evidence of the reasons why the hearing cannot proceed on the scheduled day.
5. Unless consented to by all parties, the hearing of the arbitration must be completed within two years after the commencement of the arbitration. O. Reg. 36/10, s. 9.

(3) The decision of an arbitrator made under this Regulation must be made public. O. Reg. 36/10, s. 9.

(4) If the decision relates to an accident that occurred on or after September 1, 2010, the decision must be made public.

9

19 (a) by the insurer that the arbitrator finds to be liable to pay the benefits; and

(b) in a manner and form specified by the Chief Executive Officer. O. Reg. 36/10, s. 9; O. Reg. 126/19, s. 2

9. (1) Unless otherwise ordered by the arbitrator or agreed to by all the parties before the commencement of the arbitration, the costs of the arbitration for all parties, including the cost of the arbitrator, shall be paid by the unsuccessful parties to the arbitration. O. Reg. 283/95, s. 9 (1).

(2) The costs referred to in subsection (1) shall be assessed in accordance with section 56 of the *Arbitration Act, 1991*. O. Reg. 283/95, s. 9 (2).

NONE FROM TDHA TO SNC

10. (1) If an insurer who receives notice under section 3 disputes its obligation to pay benefits on the basis that other insurers, excluding the insurer giving notice, have equal or higher priority under section 268 of the Act, it shall give notice to the other insurers. O. Reg. 283/95, s. 10 (1).

(2) This Regulation applies to the other insurers given notice in the same way that it applies to the original insurer given notice under section 3. O. Reg. 283/95, s. 10 (2).

(3) The dispute among the insurers shall be resolved in one arbitration. O. Reg. 283/95, s. 10 (3).

11. References in this Regulation to a form approved by the Chief Executive Officer are deemed to include the last form approved by the Superintendent for the purposes of the relevant provision prior to the day section 22 of Schedule 13 to the *Plan for Care and Opportunity Act (Budget Measures), 2018* came into force until the Chief Executive Officer approves a subsequent form for the purposes of the relevant provision. O. Reg. 126/19, s. 1

Insurance Act

R.R.O. 1990, REGULATION 664

AUTOMOBILE INSURANCE

SETTLEMENTS — STATUTORY ACCIDENT BENEFITS

Could be 2 diff ins. from 2 diff insurers

9.1 (1) In this section,

"settlement" means an agreement between an insurer and an insured person that finally disposes of a claim or dispute in respect of the insured person's entitlement to one or more benefits under the *Statutory Accident Benefits Schedule*. O. Reg 780/93, s. 7. one or more

(2) The insurer shall give the insured person a written disclosure notice, signed by the insurer, with respect to the settlement. O. Reg. 483/01, s. 1.

(3) The disclosure notice shall be in a form approved by the Chief Executive Officer and shall contain the following information:

1. The insurer's offer with respect to the settlement.
2. A description of the benefits that may be available to the insured person under the *Statutory Accident Benefits Schedule*.
3. A statement that the insured person may, within two business days after the later of the day the insured person signs the disclosure notice and the day the insured person signs the release, rescind the settlement by delivering a written notice to the office of the insurer or its representative and returning any money received by the insured person as consideration for the settlement.
4. A description of the consequences of the settlement on the benefits described under paragraph 2 including,

i. a statement of the restrictions contained in the settlement on the insured person's right to apply to the Licence Appeal Tribunal under subsection 280 (2) of the Act or appeal from a decision of the Licence Appeal Tribunal,

ii. a statement that the tax implications of the settlement may be different from the tax implications of the benefits described under paragraph 2 and,

iii. a statement that the insured person may not apply to the Licence Appeal Tribunal under subsection 280 (2) of the Act with respect to benefits that were the subject of a settlement or a purported settlement unless the insured person has returned the money received as consideration for the settlement.

84

(68)

5. A statement advising the insured person to consider seeking independent legal, financial and medical advice before entering into the settlement.

6. A statement for signature by the insured person acknowledging that he or she has read the disclosure notice and considered seeking independent legal, financial and medical advice before entering into the settlement. O. Reg. 483/01, s. 1; O. Reg. 43/16, s. 2 (1, 2); O. Reg. 190/19, s. 7.

(4) The insured person may rescind the settlement within two business days after the later of the day the insured person signs the disclosure notice and the day the insured person signs the release. O. Reg. 483/01, s. 1.

(5) The insured person may rescind the settlement after the period referred to in subsection (4) if the insurer has not complied with subsections (2) and (3). O. Reg. 483/01, s. 1.

(6) Subsections (4) and (5) do not apply with respect to a settlement that has been approved by a court under Rule 7 of the Rules of Civil Procedure (Parties under Disability). O. Reg. 483/01, s. 1.

(7) The insured person shall rescind a settlement under subsection (4) or (5) by delivering a written notice to the office of the insurer or its representative and returning any money received by the insured person as consideration for the settlement. O. Reg. 483/01, s. 1.

(8) No person may apply to the Licence Appeal Tribunal under subsection 280 (2) of the Act with respect to benefits that were the subject of a settlement or a purported settlement unless the person has returned the money received as consideration for the settlement. O. Reg. 483/01, s. 1; O. Reg. 43/16, s. 2 (3).

(9) If the insured person returns money to the insurer under subsection (7) or (8) and a dispute arises between the insurer and the insured person with respect to the validity of the purported settlement or the right of the insured person to rescind the settlement, the insurer shall hold the money in trust until the matter is determined, at which time the amount and any income on the amount,

(a) shall be paid to the insured, if it is determined or agreed that there was a valid settlement that was not rescinded; and

(b) shall be returned to the insurer, if it is determined or agreed that there was no settlement, or that the settlement was invalid or was rescinded. O. Reg. 483/01, s. 1.

(10) A restriction in a settlement on an insured person's right to apply to the Licence Appeal Tribunal under subsection 280 (2) of the Act or appeal from a decision of the Licence Appeal Tribunal is void unless the insurer complied with subsections (2) and (3) and one of the following conditions is satisfied:

(69)

1. The settlement is entered into on or after the first anniversary of the day of the accident that gave rise to the claim.

2. Before entering into the settlement,

i. the insured applied to the Licence Appeal Tribunal under subsection 280 (2) of the Act, and

ii. if there were applicable rules or procedures of the Licence Appeal Tribunal in respect of case conferences at the time of the settlement, a case conference was held in accordance with the rules or procedures. O. Reg. 43/16, s. 2 (4).

INDEMNIFICATION FOR STATUTORY ACCIDENT BENEFITS (SECTION 275 OF THE ACT)

9. (1) In this section,

FIRST PARTY INSURER

"first party insurer" means the insurer responsible under subsection 268 (2) of the Act for the payment of statutory accident benefits; ("assureur de première partie")

DISPUTE RESOLUTION (SECTION 280 OF THE ACT)

10. If the Licence Appeal Tribunal finds that an insurer has unreasonably withheld or delayed payments, the Licence Appeal Tribunal, in addition to awarding the benefits and interest to which an insured person is entitled under the Statutory Accident Benefits Schedule, may award a lump sum of up to 50 per cent of the amount to which the person was entitled at the time of the award together with interest on all amounts then owing to the insured (including unpaid interest) at the rate of 2 per cent per month, compounded monthly, from the time the benefits first became payable under the Schedule.

10 Affiliated Insurers

10(1) An agent, broker or insurer providing a quote or renewal for automobile insurance from an insurer, and not offering the lowest rate available from amongst that insurer and its affiliated insurers.

10(2) In this section "lowest rate available" is the lowest rate amongst an insurer and its affiliates which is reasonably available to be offered to an insured or potential insured, having regard to all of the circumstances, including but not limited to,

(i) each insurer's declination grounds,

(ii) each insurer's rates and risk classification systems,

(iii) each insurer's method of distribution, or

(iv) whether the insurers only recently became affiliated.

11 Deferred Sales Charges – New Individual Variable Insurance Contracts

11(1) An insurer issuing an individual variable insurance contract on or after June 1, 2023, under which a person can make an investment that may be subject to a deferred sales charge.

11(2) For the purposes of s. 11(1) of this Rule, an insurer is not considered to "issue" an individual variable insurance contract where a person has an existing individual variable insurance contract with the insurer and the insurer issues a replacement individual variable insurance contract on substantially similar terms and conditions, except any changes required by applicable tax or pension laws, including issuing a contract in connection with,

(i) converting a registered retirement savings plan to a registered retirement income fund contract,

(ii) converting a locked-in retirement account to a life income fund contract, or

(iii) transferring ownership of the individual variable insurance contract.

11(3) A replacement individual variable insurance contract is not substantially similar for the purposes of s. 11(2) of this Rule unless the calculation of each deferred sales charge on investments under the replacement individual variable insurance contract reflects the time the money was invested on a deferred sales charge basis under a replaced individual variable insurance contract, if any, rather than reflecting a period starting from the date on which the replacement individual variable insurance contract is issued.

1103

45 ?

371

12 Deferred Sales Charges – All Individual Variable Insurance Contracts

12(1) An insurer amending an individual variable insurance contract, or exercising a right under an individual variable insurance contract, to add, withdraw or change a sales charge option on or after June 1, 2023, if, as a result,

(i) the individual variable insurance contract may permit or require an insured to pay a deferred sales charge, or

(ii) a reasonable person would believe a deferred sales charge under the individual variable insurance contract becomes less favourable to the insured, including any change that,

(a) increases the amount of the investment which is or may be subject to a deferred sales charge,

(b) increases the duration of a deferred sales charge,

(c) increases the amount payable in any given circumstances under a deferred sales charge, or

(d) extends the circumstances that trigger payment of a deferred sales charge.

12(2) An insurer accepting a deposit to an individual variable insurance contract that may be subject to a deferred sales charge if the insurer has the right under the terms of the individual variable insurance contract to remove deferred sales charge as a sales charge option and instead accept deposits under a different sales charge option.

12(3) Except as described in s. 12(4) or s. 12(7) of this Rule, an insurer applying a sales charge option other than the deferred sales charge option to a deposit to an individual variable insurance contract where the insurer and insured had previously agreed the deferred sales charge option would apply to the deposit.

12(4) Section 12(3) of this Rule does not prescribe that it is an unfair or deceptive act or practice for an insurer to apply a sales charge option to a deposit that is unequivocally better for the insured than the deferred sales charge if, before or promptly after the insurer first applies the new sales charge option, the insured receives written disclosure from the insurer that,

(i) informs the insured what sales charge option the insurer is applying,

(ii) explains how the sales charge option in s. 12(4)(i) of this Rule works,

(iii) informs the insured of the existence of other available sales charge options, if any, and

(iv) explains how the insured can obtain information about any other available sales charge options.

12(5) For the purpose of s. 12(4) of this Rule, a sales charge option is unequivocally better for an insured than the deferred sales charge it replaces only if,

(i) the percentage amount of any initial sales charge is no greater than in connection with the deferred sales charge,

(ii) the management expense ratio is no greater than in connection with the deferred sales charge,

(iii) no other fee or charge associated with the sales charge option is less favourable to the insured than under the deferred sales charge option, and

(iv) the sales charge option applied does not involve any new conflict between the interests of the insured and the interests of the insurer or an agent to the detriment of the insured.

12(6) For the purpose of s. 12(5) of this Rule, the advisor chargeback sales charge option is not unequivocally better than the deferred sales charge.

12(7) Section 12(3) of this Rule does not prescribe that it is an unfair or deceptive act or practice for an insurer to apply a sales charge option to a deposit if, before the insurer applies the sales charge option,

(i) the insured receives written disclosure from the insurer reasonably designed to help the insured choose a suitable sales charge option, which at a minimum includes,

(a) a list of sales charge options the insured may choose among,

(b) a description of how each applicable sales charge option works,

(c) the percentage amount of any initial sales charge under each applicable sales charge option,

(d) a description of the relevant management expense ratios, including,

(I) any different charges for different guarantee options,

(II) what the management expense ratios include, and

(III) how the management expense ratios affect the insured's returns on their investments, and

(ii) either,

1105

TAB 25 FOR NOM #13

393

(a) the insured agrees to the new sales charge option applying to the deposit, or

(b) the insured is deemed to have agreed to the default sales charge option because a reasonable time elapses, during which the insured does not notify the insurer of the insured's choice of sales charge option, after the insurer

(i) provides the required disclosure,

(ii) notifies the insured of the default sales charge option, and

(iii) notifies the insured of the time until that default sales charge option will apply.

12(8) An insurer accepting a deposit to an individual variable insurance contract that may be subject to a deferred sales charge, unless the insured receives written disclosure from the insurer, before the insurer accepts the deposit, that is reasonably designed to help the insured understand the sales charge options available to them and whether making a deposit on a deferred sales charge basis is suitable for that insured.

13 Coming into Force

13(1) This Rule will come into force on the later of the date that section 1 of Schedule 5 of the *Protecting the People of Ontario Act (Budget Measures), 2021* comes into force and 15 days after the Rule is approved by the Minister.

2(2) For the purposes of determining what conduct, including inaction or omission, could be reasonably expected to result in the outcomes, events or circumstances set out in s. 3 through s. 12 of this Rule,

(i) if the action or conduct, including inaction or omission is committed by,

(a) an agent, broker, adjuster, insurer or any director, officer, employee or authorized representative of an agent, broker, adjuster or insurer, or

(b) any person, or any director, officer, employee or authorized representative of that person, who provides goods or services to a claimant which are fully or partially expected to be paid for through the proceeds of insurance, including for greater clarity and without limitation, automotive repair, towing and storage services,

then an outcome, event or circumstance will be deemed to be reasonably expected if it would be expected by a reasonable person in that person's business or profession with full knowledge of all and any facts and circumstances that person knew about or, with reasonable diligence under the circumstances, ought to, have known, or

(ii) if the action or conduct, including inaction or omission, is committed by a person not listed in (i) then an outcome, event or circumstance will be deemed to be reasonably expected if it would be expected by a reasonable person in that person's position with knowledge of all and any relevant facts and circumstances that person knew about or ought to, with reasonable diligence under the circumstances, have known.

2(3) S. 2(1) of this Rule does not apply to conduct by a lawyer or paralegal with respect to activities that constitute practising law or providing legal services, as the case may be, as authorized under the *Law Society Act* which results in the outcomes listed in in s. 6 of this Rule.

3 Non-Compliance with Law

3(1) The commission of any act prohibited under the Act, or under any regulation or Authority rule made under the Act.

3(2) Any provision of the Act, or a regulation or Authority rule made under the Act, not being complied with resulting in the unfair treatment or unfair discrimination of a person.

3(3) Non-compliance with any requirement under the Act or a regulation or Authority rule made under the Act, by the subject of an examination or purported examination.

386

4 Unfair Discrimination

4(1) Any unlawful or unfair discrimination, including any contravention of the Ontario *Human Rights Code*, in the provision or administration of insurance, or goods or services related to insurance, including,

(i) between individuals of the same class and of the same expectation of life, in the amount or payment or return of premiums, or rates charged for contracts of life insurance or annuity contracts, or in the dividends or other benefits payable on such contracts or in the terms and conditions of such contracts, or

(ii) in any rate or schedule of rates between risks in Ontario of essentially the same physical hazards in the same territorial classification.

5 Unfair Claims Practices

5(1) Unreasonable or unfair resolution or delay in the adjudication, adjustment or settlement of any claim, including but not limited to,

(i) treating a claimant in an arbitrary, capricious or malicious manner,

(ii) not acting in good faith,

(iii) seeking a result which is inequitable or inconsistent with a claimant's rights under the contract,

(iv) imposing unreasonable or unfair costs or expenses on the (1) claims handling or dispute resolution processes, (2) goods or (3) services,

(v) communicating in an untimely manner or misrepresenting the rights of a claimant or obligations of an insurer under the contract, or

(vi) any adjuster or insurer not following fair, simple and accessible claims handling procedures or not providing a claimant timely, clear, comprehensive and accurate information about the status of its claim, the process for settling its claim or reasons for a decision made respecting its claim.

5(2) With respect to automobile insurance,

(i) non-compliance with the Schedule, including but not limited to,

(a) payment for goods or services not being made, or

(b) the cost of an assessment not being paid,

without reasonable cause, within the time period prescribed in the Schedule.

1099

387

(ii) the making of a statement by or on behalf of an insurer for the purposes of adjusting or settling a claim if that insurer knows or ought to know that the statement misrepresents or unfairly presents the findings or conclusions of a person who conducted an examination under section 44 of the Schedule, or

(iii) a conflict of interest not being disclosed to a person who claims statutory accident benefits.

6 Fraudulent or Abusive Conduct Related to Goods and Services Provided to a Claimant

6(1) Consideration being paid or sought for goods or services in connection with a claim under a contract of insurance which were not provided to a claimant or were provided in a substantially deficient manner.

6(2) A referral fee being solicited, demanded, paid or accepted in connection with goods or services provided to a claimant.

6(3) Unreasonable consideration being paid or sought for goods or services provided to a claimant.

6(4) With respect to automobile insurance, a claimant signing or being asked to sign, before it has been fully completed, any form or any other document that is required to be in a form approved by the Chief Executive Officer or any form or document that is specified in a guideline applicable for the purposes of the Schedule.

6(5) Information being communicated about the business, billing practices or licensing status of a person who provides or offers to provide goods or services to a claimant which a reasonable person who is in the position of the intended recipient would consider false, misleading or deceptive.

7 Incentives

7(1) Payment, rebate, consideration, allowance, gift or thing of value being offered or provided, directly or indirectly, to an insured or person applying for insurance,

(i) as an incentive or inducement for a person to take an action or make a decision relating to an insurance product which would not, considering the options generally available in the marketplace, be recommended as a suitable action or decision by a reasonable person licensed to sell such an insurance product,

(ii) which is otherwise prohibited by law,

(iii) in a manner which a reasonable person licensed to sell such a product would not consider to be clearly and transparently communicated to intended recipients or applied consistently,

1100

(iv) in a manner which involves unfair discrimination or contributes to an anti-competitive practice, including but not limited to, tied selling or predatory pricing,

(v) as an incentive or inducement to purchase, renew or retain an insurance product, which provides coverages within the classes of life or accident and sickness insurance, or

(vi) if related to automobile insurance, which is based, in whole or in part, on, or is calculated by reference to, prohibited factors.

7(2) For greater clarity, s. 7(1)(i) to 7(1)(v) of this Rule also apply to any payment, rebate, consideration, allowance, gift or thing of value being offered or provided, directly or indirectly, as an incentive or inducement to purchase, renew or retain automobile insurance.

7(3) An agreement being made or offered to be made, directly or indirectly, for a premium to be paid that is different from the premium set out in the contract of insurance.

7(4) For the purposes of this section, clear and transparent communication includes but is not limited to providing an explanation of how the amount or value of any payment, rebate, consideration, allowance, gift or thing of value is calculated.

7(5) For the purposes of this section, a gift or thing of value will not be considered an incentive or inducement if that gift or thing of value is a good or service reasonably related to reducing the risk insured by the contract of insurance to which it is related.

8 Misrepresentation

8(1) A person receiving information, promotional materials, or advice in any form, including audio, visual, electronic, written and oral means, which a reasonable person in the position of such recipient would consider to be inappropriate, inaccurate or misleading, respecting,

(i) the terms, benefits or advantages of any contract of insurance issued or to be issued,

(ii) an insurance claim, the claims process or whether a policy provides coverage, or

(iii) any comparison of contracts of insurance.

8(2) A person being charged for any premium or fee other than as stipulated in a contract of insurance.

1101

389

9 Prohibited Conduct in Automobile Insurance Quotations, Applications or Renewals

9(1) Unfair treatment by an agent, broker or insurer to a consumer with regard to any matter relating to quotations for automobile insurance, applications for automobile insurance, issuance of contracts of automobile insurance or renewals of existing contracts of automobile insurance, including but not limited to,

(i) variance of formal or informal processes and procedures which make it more difficult for certain persons to interact with an insurer, broker or agent for the purpose of discouraging or delaying such persons from applying for, renewing or obtaining automobile insurance,

(ii) using credit information or a prohibited factor,

(iii) asking or requiring a person to provide consent to the collection, use or disclosure of any credit information, other than for the sole purpose of considering whether to provide premium financing,

(iv) applying any other information in a manner that is subjective or arbitrary or that bears little or no relationship to the risk assumed or to be assumed by the insurer,

(v) misclassifying a person or vehicle under the risk classification system used by an insurer or that an insurer is required by law to use,

(vi) making the issuance or variation of a policy of automobile insurance conditional on an insured having or purchasing another insurance policy,

(vii) engaging in unfair discrimination,

(viii) treating a consumer in an arbitrary, capricious or malicious manner,

(ix) not acting in good faith or behaving in a way that causes consumers to have a reasonable apprehension of bias, or

(x) communicating in an untimely manner or misrepresenting the rights of a claimant or obligations of an insurer under the automobile insurance contract.

9(2) Credit information about a person being collected, used or disclosed in any manner in connection with automobile insurance, other than,

(i) for the limited purposes, if any, described in the form of application for insurance approved by the Chief Executive Officer under s. 227(1) of the Act, or

(ii) in accordance with the consent obtained in compliance with applicable privacy laws of the person to whom the information relates.

1093 TAB 25 FOR NUM 413 301

Unfair or Deceptive Acts or Practices

1 Interpretation

1(1) In this Rule,

(i) "Act" means the *Insurance Act*, R.S.O. 1990, c. I.8, as amended,

(i.1) "Advisor chargeback sales charge option" means any option under an individual variable insurance contract,

(a) in connection with which,

(i) an insurer pays compensation to an agent when the insured invests money in a segregated fund in the individual variable insurance contract, and

(ii) the agent that receives this payment may be required to repay all or part of this compensation to the insurer if, within a specified time, the insured withdraws money from the segregated fund or changes the sales charge option associated with the units in the segregated fund in which the insured invested, or

(b) that a reasonable insurer would consider to be an advisor chargeback sales charge option,

(ii) "Affiliated insurer" means an insurer that is considered to be affiliated with another insurer under s. 414(3) of the Act,

(iii) "Authorized representative" means a person who is authorized by another person to act on such person's behalf,

(iv) "Claimant" means a person who claims statutory accident benefits or who otherwise claims any benefit, compensation or payment under a contract of insurance,

(v) "Contract of insurance" means,

(a) for a contract of life insurance, has the meaning ascribed to such term in s. 171(1) of the Act,

(b) for a contract of accident and sickness insurance, has the meaning ascribed to such term in s. 290 of the Act, and

(c) for a contract of insurance not referred to in (a) or (b), has the meaning ascribed to "contract" in s. 1 of the Act,

1096

(x.1) "Segregated fund" has the meaning ascribed to such term in s. 1(1) of O. Reg. 132/97: VARIABLE INSURANCE CONTRACTS;

(xi) "Substantially deficient" means that the delivery of goods or services fell below the standard required in the oral or written agreement to provide those goods or services to an extent or in such a manner that a significant part or the whole of the goods or services was unfit for the purposes intended from the perspective of a reasonable person who is in the position of the intended recipient of those goods or services.

(xii) "Unreasonable consideration" means an amount being paid or sought for goods or services provided to a claimant that a reasonable person, in the position of the provider of those goods or services, would not charge or seek, or would not expect a reasonable person who is in the position of the recipient of the goods or services, to accept.

1(2) In addition to s. 1(1) of this Rule, if a term or phrase used in this Rule is defined in the Act, that definition shall apply for the purposes of this Rule.

1(3) For greater clarity, in determining what amounts to a reasonable person who is an insurer, the reasonable person will be deemed to have a level of knowledge and expertise commensurate to that insurer's nature, size, complexity, operations and risk profile.

1(4) If a person has committed an unfair or deceptive act or practice, then every director, officer, employee or authorized representative of that person shall be deemed to have committed an unfair or deceptive act or practice if that director, officer, employee or authorized representative,

(i) causes, authorizes, permits, acquiesces or participates in the commission of an unfair or deceptive act or practice by the person, or

(ii) fails to take all reasonable care in the circumstances to prevent the person from committing an unfair or deceptive act or practice.

1(5) References in this Rule to a form approved by the Chief Executive Officer are deemed to include the last form approved by the Superintendent for the purposes of the relevant provision prior to the day section 22 of Schedule 13 to the *Plan for Care and Opportunity Act (Budget Measures), 2018* came into force until the Chief Executive Officer approves a subsequent form for the purposes of this section.

2 Unfair or Deceptive Act or Practice

2(1) For the purposes of the definition of "unfair or deceptive act or practice" in section 438 of the Act, conduct, including inaction or omission, which results in, or could reasonably be expected to result in the outcomes, events or circumstances set out in s. 3 through s. 12 of this Rule is prescribed as an unfair or deceptive act or practice.

Insurance Act

ONTARIO REGULATION 34/10

STATUTORY ACCIDENT BENEFITS SCHEDULE — EFFECTIVE SEPTEMBER 1, 2010

Consolidation Period: From April 11, 2022 to the e-Laws currency date.

Last amendment: 292/22.

This is the English version of a bilingual regulation.

Citation

1. This Regulation may be cited as the *Statutory Accident Benefits Schedule — Effective September 1, 2010*. O. Reg. 34/10, s. 1.

Application and transition rules

2. (1) Except as otherwise provided, the benefits set out in this Regulation shall be provided under every contract evidenced by a motor vehicle liability policy in respect of accidents occurring on or after September 1, 2010. O. Reg. 34/10, s. 2 (1); O. Reg. 251/15, s. 1 (1).

(1.1) The following provisions, as they read immediately before O. Reg. 251/15 came into force, apply in respect of accidents occurring on or after September 1, 2010 and before June 1, 2016:

1. The definition of "neuropsychologist" in subsection 3 (1).
2. Subsections 3 (2) to (6).
3. Subsection 15 (1).
4. Subsection 16 (3).
5. Section 38.
6. Subsection 39 (2).
7. Subsection 40 (8).
8. Subsections 42 (11) and (15).
9. Subsections 45 (2) and (4). O. Reg. 251/15, s. 1 (2).

(1.2) The following provisions, as they read immediately before O. Reg. 251/15 came into force, apply in respect of contracts entered into or renewed on or after September 1, 2010 and before June 1, 2016:

1. Section 12.
2. Subsection 17 (1).
3. Subsections 18 (3) to (5).
4. Subsection 19 (3).
5. Section 20.
6. Subsections 28 (1), (5) and (6).

89 7. Subsections 30 (1) and (4) to (8).

8. Subsections 42 (12) and (16).

9. Subsection 50 (3).

10. Subsection 57 (4). O. Reg. 251/15, s. 1 (2); O. Reg. 251/15, s. 1 (2).

(2) Subsections 25 (1), (3), (4) and (5), Parts VIII and IX, other than subsections 50 (2) to (5), and Parts X, XI and XII, as they read immediately before Ontario Regulation 251/15 came into force apply with such modifications as are necessary in respect of benefits provided under the Old Regulation with respect to accidents that occurred on or after November 1, 1996 and before September 1, 2010 and, for that purpose, the following rules apply:

1. References in paragraph 2 of subsection 25 (1), subsections 38 (1), (5), (7), (9), (10), (11), (12) and (14), sections 40 and 41 and subsection 44 (3) to the Minor Injury Guideline shall be read as references to the *Pre-approved Framework Guideline* referred to in the Old Regulation that would apply.

2. An amount that would, but for subsection 3 (1.3) of the Old Regulation, be paid under the Old Regulation after August 31, 2010 shall be paid under this Regulation in the amount determined,

i. under the Old Regulation, other than under section 24 of that Regulation, or

ii. under subsections 25 (1), (3), (4) and (5).

3. An amount described in paragraph 2 that is paid under this Regulation shall not include any amount previously paid under the Old Regulation. O. Reg. 34/10, s. 2 (2); O. Reg. 251/15, s. 1 (3).

(3) The benefits set out in this Regulation shall be provided in respect of accidents that occur in Canada or the United States of America, or on a vessel plying between ports of Canada or the United States of America. O. Reg. 34/10, s. 2 (3).

(4) Benefits payable under this Regulation in respect of an insured person shall be paid by the insurer that is liable to pay under subsection 268 (2) of the Act. O. Reg. 34/10, s. 2 (4).

(5) Subject to Part VII, the insurer shall pay the benefits under this Regulation despite section 225, subsection 233 (1), section 240 and subsection 265 (3) of the Act. O. Reg. 34/10, s. 2 (5).

Definitions and interpretation

3. (1) In this Regulation,

"accident" means an incident in which the use or operation of an automobile directly causes an impairment or directly causes damage to any prescription eyewear, dentures, hearing aid, prosthesis or other medical or dental device; ("accident")

"authorized transportation expense" means, in respect of an insured person, expenses related to transportation,

(a) that are authorized by, and calculated by applying the rules set out in, the most recent transportation expense guideline published by the Financial Services Regulatory Authority of Ontario, and

92 "self-employed person" means a person who, (15)

(a) engages in a trade, occupation, profession or other type of business as a sole proprietor or as a partner, other than a limited partner, of a partnership, or

(b) is a controlling mind of a business carried on through one or more private corporations some or all of whose shares are owned by the person; ("travailleur indépendant")

"self-employment" means a trade, occupation, profession or other type of business the essential tasks of which are carried on by a self-employed person; ("travail indépendant")

"spouse" has the same meaning as in Part VI of the Act. ("conjoint")

"sprain" means an injury to one or more tendons or ligaments or to one or more of each, including a partial but not a complete tear. ("entorse")

"strain" means an injury to one or more muscles, including a partial but not a complete tear; ("foulure")

"subluxation" means a partial but not a complete dislocation of a joint; ("subluxation")

"whiplash associated disorder" means a whiplash injury that,

(a) does not exhibit objective, demonstrable, definable and clinically relevant neurological signs, and

(b) does not exhibit a fracture in or dislocation of the spine. ("entorse cervicale")

"whiplash injury" means an injury that occurs to a person's neck following a sudden acceleration-deceleration force. ("coup du fouet cervical") O. Reg. 34/10, s. 3 (1); O. Reg. 269/10, s. 1 (1); O. Reg. 261/15, s. 2 (1); O. Reg. 123/19, s. 1 (1-4).

(2) The reference in clause (a) of the definition of "authorized transportation expense" to the transportation expense guideline published by the Financial Services Regulatory Authority of Ontario is deemed to include the last Transportation Expense Guideline published by the Financial Services Commission of Ontario prior to the day section 22 of Schedule 13 to the *Plan for Care and Opportunity Act (Budget Measures), 2018* came into force until the Financial Services Regulatory Authority of Ontario publishes a subsequent transportation expense guideline. O. Reg. 123/19, s. 1 (5).

(3) For the purposes of the definitions of "Guideline" and "Minor Injury Guideline", references to a guideline issued by the Chief Executive Officer are deemed to include the last guideline issued by the Superintendent for the purposes of the relevant definition prior to the day section 22 of Schedule 13 to the *Plan for Care and Opportunity Act (Budget Measures), 2018* came into force until the Chief Executive Officer issues a subsequent guideline for the purposes of the relevant definition. O. Reg. 123/19, s. 1 (5).

(4) For the purpose of the definition of "Guideline", the reference to a guideline published by the Financial Services Regulatory Authority of Ontario is deemed to include the last guideline published by the Financial Services Commission of Ontario for the purposes of that definition prior to the day section 22 of Schedule 13 to the *Plan for Care and Opportunity Act (Budget Measures), 2018* came into force until the Financial Services Regulatory Authority of Ontario publishes a subsequent guideline for the purposes of that definition. O. Reg. 123/19, s. 1 (5).

(5), (6) Revoked: O. Reg. 261/15, s. 2 (2).

(7) For the purposes of this Regulation,

93 (a) a person suffers a complete inability to carry on a normal life as a result of an accident if, as a result of the accident, the person sustains an impairment that continuously prevents the person from engaging in substantially all of the activities in which the person ordinarily engaged before the accident;

(b) a person is a dependant of an individual if the person is principally dependent for financial support or care on the individual or the individual's spouse;

(c) an aide or attendant for a person includes a family member or friend who acts as the person's aide or attendant, even if the family member or friend does not possess any special qualifications;

(d) payments for loss of income under an income continuation benefit plan are deemed to include,

(i) payments of disability pension benefits under the *Canada Pension Plan*,

(ii) periodic payments of insurance, irrespective of whether the contract for the insurance provides for a waiting period, deductible amount or similar limitation or restriction and irrespective of whether the contract is paid for in whole or in part by the employer, if the insurance is offered by the insurer,

(A) to persons who are employed while the contract for the insurance is in effect, and

(B) only on the basis that the maximum benefit payable is limited to an amount calculated with reference to the insured person's income from employment;

(e) subject to subsection (6), an expense in respect of goods or services referred to in this Regulation is not incurred by an insured person unless,

(i) the insured person has received the goods or services to which the expense relates,

(ii) the insured person has paid the expense, has promised to pay the expense or is otherwise legally obligated to pay the expense, and

(iii) the person who provided the goods or services,

(A) did so in the course of the employment, occupation or profession in which he or she would ordinarily have been engaged, but for the accident, or

(B) sustained an economic loss as a result of providing the goods or services to the insured person;

(f) an individual who is living and ordinarily present in Ontario is deemed to be the named insured under the policy insuring an automobile at the time of an accident if, at the time of the accident,

(i) the insured automobile is being made available for the individual's regular use by a corporation, unincorporated association, partnership, sole proprietorship or other entity, or

(ii) the insured automobile is being rented by the individual for a period of more than 30 days, and

(g) an individual who is not living and ordinarily present in Ontario is deemed to be the named insured under the policy insuring an automobile at the time of an accident if, at the time of the accident,

(i) the insured automobile is being made available for the individual's regular use by a corporation, unincorporated association, partnership, sole proprietorship or other entity, and

(ii) the individual, his or her spouse or any dependant of the individual or spouse is an occupant of the insured automobile. O. Reg. 34/10, s. 3 (7); O. Reg. 283/10, s. 1 (3); O. Reg. 194/11, s. 1

(8) If in a dispute described in subsection 280 (1) of the Act the Licence Appeal Tribunal finds that an expense was not incurred because the insurer unreasonably withheld or delayed payment of a benefit in respect of the expense, the Licence Appeal Tribunal may, for the purpose of determining an insured person's entitlement to the benefit, deem the expense to have been incurred. O. Reg. 44/16, s. 1.

Catastrophic Impairment

3.1 (1) For the purposes of this Regulation, an impairment is a catastrophic impairment if an insured person sustains the impairment in an accident that occurs on or after June 1, 2016 and the impairment results in any of the following:

1. Paraplegia or tetraplegia that meets the following criteria:

90 (b) that, unless the insured person sustained a catastrophic impairment as a result of the accident, relate to transportation expenses incurred only after the first 50 kilometres of a trip; ("frais de transport autorisés")

"business day" means a day that is not,

(a) Saturday, or

(b) a holiday within the meaning of section 88 of the *Legislation Act, 2006*, other than Easter Monday and Remembrance Day; ("jour ouvrable")

"chiropractor" means a person authorized by law to practise chiropractic; ("chiropraticien")

"dentist" means a person authorized by law to practise dentistry; ("dentiste")

"disability certificate" means, in respect of a person, a certificate from a health practitioner of the person's choice that states the cause and nature of the person's impairment and contains an estimate of the duration of the disability in respect of which the person is making or has made an application for a benefit described in this Regulation; ("certificat d'invalidité")

"*Guideline*" means,

(a) a guideline, including the Minor Injury Guideline, issued by the Chief Executive Officer under subsection 268.3 (1) of the Act and published in *The Ontario Gazette*,

(b) a guideline that is included in the professional fee guidelines or the *Optional Indexation Benefit Guidelines*, as published in *The Ontario Gazette* by the Financial Services Regulatory Authority of Ontario, or

(c) a guideline published in *The Ontario Gazette* that is an amended version of a guideline referred to in clause (a) or (b); ("directive")

"health practitioner" means, in respect of a particular impairment,

(a) a physician,

(b) a chiropractor, if the impairment is one that a chiropractor is authorized by law to treat,

(c) a dentist, if the impairment is one that a dentist is authorized by law to treat,

(d) an occupational therapist, if the impairment is one that an occupational therapist is authorized by law to treat,

(e) an optometrist, if the impairment is one that an optometrist is authorized by law to treat,

(f) a psychologist, if the impairment is one that a psychologist is authorized by law to treat,

(g) a physiotherapist, if the impairment is one that a physiotherapist is authorized by law to treat,

(h) a registered nurse with an extended certificate of registration, if the impairment is one that the nurse is authorized by law to treat, or

(i) a speech-language pathologist, if the impairment is one that a speech-language pathologist is authorized by law to treat; ("praticien de la santé")

"impairment" means a loss or abnormality of a psychological, physiological or anatomical structure or function; ("déficience")

"insured automobile" means, in respect of a particular motor vehicle liability policy, an automobile covered by the policy; ("automobile assurée")

"insured person" means, in respect of a particular motor vehicle liability policy,

(a) the named insured, any person specified in the policy as a driver of the insured automobile and, if the named insured is an individual, the spouse of the named insured and a dependant of the named insured or of his or her spouse,

(i) if the named insured, specified driver, spouse or dependant is involved in an accident in or outside Ontario that involves the insured automobile or another automobile, or

91

(a) if the named insured, specified driver, spouse or dependant is not involved in an accident but suffers psychological or mental injury as a result of an accident in or outside Ontario that results in a physical injury to his or her spouse, child, grandchild, parent, grandparent, brother, sister, dependant or spouse's dependant,

(b) a person who is involved in an accident involving the insured automobile, if the accident occurs in Ontario, or

(c) a person who is an occupant of the insured automobile and who is a resident of Ontario or was a resident of Ontario at any time during the 60 days before the accident, if the accident occurs outside Ontario; ("personne assurée")

"minor injury" means one or more of a sprain, strain, whiplash associated disorder, contusion, abrasion, laceration or subluxation and includes any clinically associated sequelae to such an injury; ("blessure légère")

"Minor Injury *Guideline*" means a guideline,

(a) that is issued by the Chief Executive Officer under subsection 268.3 (1.1) of the Act and published in *The Ontario Gazette*, and

(b) that establishes a treatment framework in respect of one or more minor injuries; ("Directive sur les blessures légères")

"neuropsychologist" means a psychologist authorized by law to practise neuropsychology who has been registered to practice as a neuropsychologist in Canada for a minimum of five years; ("neuropsychologue")

"occupational therapist" means a person authorized by law to practise occupational therapy; ("ergothérapeute")

"Old Regulation" means Ontario Regulation 403/96 (Statutory Accident Benefits Schedule — Accidents on or After November 1, 1996), made under the Act; ("ancien règlement")

"person in need of care" means, in respect of an insured person, another person who is under 16 years of age or who requires care because of physical or mental incapacity; ("personne ayant besoin de soins")

"personal and vocational characteristics" include,

(a) employment history,

(b) education and training,

(c) vocational aptitudes,

(d) vocational skills,

(e) physical abilities,

(f) cognitive abilities, and

(g) language abilities; ("caractéristiques personnelles et professionnelles")

"physician" means a person authorized by law to practise medicine; ("médecin")

"physiotherapist" means a person authorized by law to practise physiotherapy; ("physiothérapeute")

"private corporation" means a corporation whose shares are not publicly traded and that is not controlled by one or more corporations whose shares are publicly traded; ("société fermée")

"psychologist" means a person authorized by law to practise psychology; ("psychologue")

"registered nurse with an extended certificate of registration" means a person authorized by law to practise nursing who holds an extended certificate of registration under the *Nursing Act, 1991*; ("infirmière autorisée ou infirmier autorisé titulaire d'un certificat d'inscription supérieur")

"regulated health profession" means a profession governed by a College as defined in the *Regulated Health Professions Act, 1991* or the Ontario College of Social Workers and Social Service Workers under the *Social Work and Social Service Work Act, 1998*; ("profession de la santé réglementée")

"regulated health professional" means a member of a regulated health profession; ("professionnel de la santé réglementé")

94

i. The insured person's neurological recovery is such that the person's permanent grade on the ASIA Impairment Scale, as published in Marino, R.J. et al, *International Standards for Neurological Classification of Spinal Cord Injury*, Journal of Spinal Cord Medicine, Volume 26, Supplement 1, Spring 2003, can be determined.

ii. The insured person's permanent grade on the ASIA Impairment Scale is or will be

A. A, B or C, or

B. D, and

i. the insured person's score on the Spinal Cord Independence Measure, Version III, item 12 (Mobility Indoors), as published in Catz, A., Itzkovich, M., Tesio L. et al, *A multicentre international study on the Spinal Cord Independence Measure, version III: Rasch psychometric validation*, Spinal Cord (2007) 45, 275-291 and applied over a distance of up to 10 metres on an even indoor surface is 0 to 5,

2. the insured person requires urological surgical diversion, an implanted device, or intermittent or constant catheterization in order to manage a residual neuro-urological impairment, or

3. the insured person has impaired voluntary control over anorectal function that requires a bowel routine, a surgical diversion or an implanted device.

2. Severe impairment of ambulatory mobility or use of an arm, or amputation that meets one of the following criteria:

i. Trans-tibial or higher amputation of a leg.

ii. Amputation of an arm or another impairment causing the total and permanent loss of use of an arm.

iii. Severe and permanent alteration of prior structure and function involving one or both legs as a result of which the insured person's score on the Spinal Cord Independence Measure, Version III, item 12 (Mobility Indoors), as published in Catz, A., Itzkovich, M., Tesio L. et al, *A multicentre international study on the Spinal Cord Independence Measure, version III: Rasch psychometric validation*, Spinal Cord (2007) 45, 275-291 and applied over a distance of up to 10 metres on an even indoor surface is 0 to 5.

3. Loss of vision of both eyes that meets the following criteria:

i. Even with the use of corrective lenses or medication,

A. visual acuity in both eyes is 20/200 (6/60) or less as measured by the Snellen Chart or an equivalent chart, or

B. the greatest diameter of the field of vision in both eyes is 20 degrees or less.

ii. The loss of vision is not attributable to non-organic causes.

4. If the insured person was 18 years of age or older at the time of the accident, a traumatic brain injury that meets the following criteria:

95

i. The injury shows positive findings on a computerized axial tomography scan, a magnetic resonance imaging or any other medically recognized brain diagnostic technology indicating intracranial pathology that is a result of the accident, including, but not limited to, intracranial contusions or haemorrhages, diffuse axonal injury, cerebral edema, midline shift or pneumocephaly.

ii. When assessed in accordance with Wilson, J., Pettigrew, L. and Teasdale, G., Structured Interviews for the Glasgow Outcome Scale and the Extended Glasgow Outcome Scale: Guidelines for Their Use, Journal of Neurotrauma Volume 15, Number 8, 1998, the injury results in a rating of,

A. Vegetative State (VS or VS*), one month or more after the accident,

B. Upper Severe Disability (Upper SD or Upper SD*) or Lower Severe Disability (Lower SD or Lower SD*), six months or more after the accident, or

C. Lower Moderate Disability (Lower MD or Lower MD*), one year or more after the accident.

5. If the insured person was under 18 years of age at the time of the accident, a traumatic brain injury that meets one of the following criteria:

i. The insured person is accepted for admission, on an in-patient basis, to a public hospital named in a Guideline with positive findings on a computerized axial tomography scan, a magnetic resonance imaging or any other medically recognized brain diagnostic technology indicating intracranial pathology that is a result of the accident, including, but not limited to, intracranial contusions or haemorrhages, diffuse axonal injury, cerebral edema, midline shift or pneumocephaly.

ii. The insured person is accepted for admission, on an in-patient basis, to a program of neurological rehabilitation in a paediatric rehabilitation facility that is a member of the Ontario Association of Children's Rehabilitation Services.

iii. One month or more after the accident, the insured person's level of neurological function does not exceed category 2 (Vegetative) on the King's Outcome Scale for Childhood Head Injury as published in Crouchman, M. et al. *A practical outcome scale for paediatric head injury*, Archives of Disease in Childhood, 2001; 84: 120-124.

iv. Six months or more after the accident, the insured person's level of neurological function does not exceed category 3 (Severe disability) on the King's Outcome Scale for Childhood Head Injury as published in Crouchman, M. et al. *A practical outcome scale for paediatric head injury*, Archives of Disease in Childhood, 2001; 84: 120-124.

v. Nine months or more after the accident, the insured person's level of function remains seriously impaired such that the insured person is not age-appropriately independent and requires in-person supervision or assistance for physical, cognitive or behavioural impairments for the majority of the insured person's waking day.

6. Subject to subsections (2) and (5), a physical impairment or combination of physical impairments that, in accordance with the American Medical Association's Guides to the Evaluation of Permanent Impairment, 4th edition, 1993, results in 55 per cent or more physical impairment of the whole person.

96 7. Subject to subsections (2) and (5) a mental or behavioural impairment, excluding traumatic brain injury, determined in accordance with the rating methodology in Chapter 14, Section 14.5 of the American Medical Association's *Guides to the Evaluation of Permanent Impairment*, 6th edition, 2008, that when the impairment score is combined with a physical impairment described in paragraph 6 in accordance with the combining requirements set out in the Combined Values Table of the American Medical Association's *Guides to the Evaluation of Permanent Impairment*, 4th edition, 1993, results in 55 percent or more impairment of the whole person.

8. Subject to subsections (3) and (5), an impairment that, in accordance with the American Medical Association's *Guides to the Evaluation of Permanent Impairment*, 4th edition, 1993 results in a class 4 impairment (marked impairment) in three or more areas of function that precludes useful functioning or a class 5 impairment (extreme impairment) in one or more areas of function that precludes useful functioning, due to mental or behavioural disorder. O. Reg. 251/15, s. 3; O. Reg. 116/16, s. 1.

(2) Paragraphs 6 and 7 of subsection (1) do not apply in respect of an insured person who sustains an impairment as a result of an accident unless,

(a) two years have elapsed since the accident; or

(b) an assessment conducted by a physician three months or more after the accident determines that,

(i) the insured person has a physical impairment or combination of physical impairments determined in accordance with paragraph 6 of subsection (1), or a combination of a mental or behavioural impairment and a physical impairment determined in accordance with paragraph 7 of subsection (1) that results in 50 per cent or more impairment of the whole person, and

(ii) the insured person's condition is unlikely to improve to less than 55 per cent impairment of the whole person. O. Reg. 251/15, s. 3.

(3) Paragraph 8 of subsection (1) does not apply in respect of an insured person who sustains an impairment as a result of the accident unless,

(a) two years have elapsed since the accident; or

(b) a physician states in writing that the insured person's impairment is unlikely to improve to less than a class 4 impairment (marked impairment) in three or more areas of function that precludes useful functioning, due to mental or behavioural disorder. O. Reg. 251/15, s. 3.

(4) Subsection (5) applies to an insured person who was under the age of 18 at the time of the accident and whose impairment is not a catastrophic impairment within the meaning of subsection (1). O. Reg. 251/15, s. 3.

(5) If the insured person's impairment can reasonably be believed to be a catastrophic impairment for the purposes of paragraph 6, 7 or 8 of subsection (1), the impairment shall be deemed to be the impairment referred to in paragraph 6, 7 or 8 of subsection (1) that is most analogous to the impairment, after taking into consideration the developmental implications of the impairment. O. Reg. 251/15, s. 3.

PART II

INCOME REPLACEMENT, NON-EARNER AND CAREGIVER BENEFITS

Interpretation

4. (1) In this Part,

"gross employment income" means salary, wages and other remuneration from employment, including fees and other remuneration for holding office, and any benefits received under the *Employment Insurance Act* (Canada), but excludes any retiring allowance within the meaning of the *Income Tax Act* (Canada) and severance pay that may be received; ("revenu brut d'emploi")

"gross weekly employment income" means, in respect of an insured person, the amount of the person's gross annual employment income, as determined under subsection (2), divided by 52; ("revenu brut hebdomadaire d'emploi")

"other income replacement assistance" means, in respect of an insured person who sustains an impairment as a result of an accident,

(a) the amount of any gross weekly payment for loss of income that is received by or available to the person as a result of the accident under the laws of any jurisdiction or under any income continuation benefit plan, other than,

(i) a benefit under the *Employment Insurance Act* (Canada),

(ii) a payment under a sick leave plan that is available to the person but is not being received, and

(iii) a payment under a workers' compensation law or plan that is not being received by the person because the person has elected under the workers' compensation law or plan to bring an action and is not entitled to the payment, and

(b) the amount of any gross weekly payment for loss of income, other than a benefit or payment described in subclauses (a) (i) to (iii) that may be available to the person as a result of the accident under the laws of any jurisdiction or under any income continuation benefit plan but is not being received by the person and for which the person has not made an application. ("autre assistance au titre du remplacement du revenu") O. Reg. 34/10, s. 4 (1).

(2) The gross annual employment income of an insured person is determined as follows:

1. In the case of a person referred to in subparagraph 1 i of subsection 5 (1) who was not a self-employed person at any time during the four weeks before the accident, the person's gross annual employment income is whichever of the following amounts the person designates:

   i. The person's gross employment income for the four weeks before the accident, multiplied by 13.

   ii. The person's gross employment income for the 52 weeks before the accident.

2. Subject to paragraph 3, the person's gross annual employment income is his or her gross employment income for the 52 weeks before the accident if,

   i. the person qualifies for a benefit under subparagraph 1 i of subsection 5 (1) and was a self-employed person at any time during the four weeks before the accident, or

   ii. the person qualifies for a benefit under subparagraph 1 ii of subsection 5 (1).

3. If the person described in subparagraph 2 i was self-employed for at least one year before the accident, the person may designate as his or her gross annual employment income the amount of his or her gross employment income during the last fiscal year of the business that ended on or before the day of the accident. O. Reg. 34/10, s. 4 (2); O. Reg. 370/10, s. 1.

(80)

98(3) A self-employed person's weekly income or loss from self-employment at the time of the accident is the amount that is equal to be 1/52 of the amount of the person's income or loss from the business for the last completed taxation year as determined in accordance with Part I of the *Income Tax Act* (Canada). O. Reg. 34/10, s. 4 (3).

(4) A self-employed person's loss from self-employment after an accident is determined in the same manner as losses from the business in which the person was self-employed would be determined under subsection 9 (2) of the *Income Tax Act* (Canada) without making any deductions for,

(a) any expenses that were not reasonable or necessary to prevent a loss of revenue,

(b) any salary expenses paid to replace the self-employed person's active participation in the business, except to the extent that the expenses are reasonable in the circumstances; and

(c) any non-salary expenses that are different in nature or greater than the non-salary expenses incurred before the accident except to the extent that those expenses are reasonable in the circumstances and necessary to prevent or reduce any losses resulting from the accident. O. Reg. 34/10, s. 4 (4).

(5) If, under the *Income Tax Act* (Canada) or legislation of another jurisdiction that imposes a tax calculated by reference to income, a person is required to report the amount of his or her income, the person's income before an accident shall be determined for the purposes of this Part without reference to any income the person has failed to report contrary to that Act or legislation. O. Reg. 34/10, s. 4 (5).

(6) The amount of a person's gross annual employment income and the amount of the person's income or loss from self-employment may be adjusted for the purposes of this Part to reflect any subsequent change in the amount determined by the Canada Revenue Agency under the *Income Tax Act* (Canada) or by the relevant government or agency under the legislation of another jurisdiction that imposes a tax calculated by reference to income. O. Reg. 34/10, s. 4 (6).

Eligibility criteria

5. (1) The insurer shall pay an income replacement benefit to an insured person who sustains an impairment as a result of an accident if the insured person satisfies one or both of the following conditions:

1. The insured person,

   i. was employed at the time of the accident and, as a result of and within 104 weeks after the accident, suffers a substantial inability to perform the essential tasks of that employment, or

   ii. was not employed at the time of the accident but,

   A. was employed for at least 26 weeks during the 52 weeks before the accident or was receiving benefits under the *Employment Insurance Act* (Canada) at the time of the accident,

   B. was at least 16 years old or was excused from attending school under the *Education Act* at the time of the accident, and

   C. as a result of and within 104 weeks after the accident, suffers a substantial inability to perform the essential tasks of the employment in which the insured person spent the most time during the 52 weeks before the accident

99 2. The insured person,

i. was a self-employed person at the time of the accident, and

ii. suffers, as a result of and within 104 weeks after the accident, a substantial inability to perform the essential tasks of his or her self-employment. O. Reg. 34/10, s. 5 (1).

(2) Despite subsection (1), an insured person is not eligible to receive income replacement benefits if he or she is eligible to receive and has elected under section 35 to receive either a non-earner benefit or a caregiver benefit under this Part. O. Reg. 34/10, s. 5 (2).

Period of benefit

6. (1) Subject to subsection (2), an income replacement benefit is payable for the period in which the insured person suffers a substantial inability to perform the essential tasks of his or her employment or self-employment. O. Reg. 34/10, s. 6 (1).

(2) The insurer is not required to pay an income replacement benefit,

(a) for the first week of the disability; or

(b) after the first 104 weeks of disability, unless, as a result of the accident, the insured person is suffering a complete inability to engage in any employment or self-employment for which he or she is reasonably suited by education, training or experience. O. Reg. 34/10, s. 6 (2).

Amount of weekly income replacement benefit

7. (1) The weekly amount of an income replacement benefit payable to an insured person who becomes entitled to the benefit before his or her 65th birthday is the lesser of "A" and "B" where,

"A" is the weekly base amount determined under subsection (2) less the total of all other income replacement assistance, if any, for the particular week the benefit is payable, and

"B" is $400 or, if an optional income replacement benefit referred to in section 28 has been purchased and applies to the person, the amount fixed by the optional benefit. O. Reg. 34/10, s. 7 (1).

(2) For the purposes of subsection (1), the weekly base amount in respect of an insured person is determined as follows:

1. Determine whichever of the following amounts is applicable:

i. 70 per cent of the amount, if any, by which the sum of the insured person's gross weekly employment income and weekly income from self-employment exceeds the amount of the insured person's weekly loss from self-employment, if the weekly income replacement benefit is for one of the first 104 weeks of disability, or

ii. the greater of the amounts determined for the purposes of subparagraph i and $185, if the weekly income replacement benefit is for a week for which the person is entitled to receive an income replacement benefit after the first 104 weeks of disability.

2. To the amount determined under paragraph 1, add 70 per cent of the amount of the insured person's weekly loss from self-employment that he or she incurs as a result of the accident. O. Reg. 34/10, s. 7 (2).

(3) The insurer may deduct from the amount of an income replacement benefit payable to an insured person,

100 (a) 70 per cent of any gross employment income received by the insured person as a result of being employed after the accident and during the period in which he or she is eligible to receive an income replacement benefit, and

(b) 70 per cent of any income from self-employment earned by the insured person after the accident and during the period in which he or she is eligible to receive an income replacement benefit. O. Reg. 34/10, s. 7 (3).

(4) The insurer shall pay an expense incurred by or on behalf of an insured person for the preparation of a report for the purpose of calculating the person's income from employment or self-employment if all of the following conditions are satisfied:

1. The insured person is applying for an income replacement benefit under this Part that is based on the employment or self-employment considered in the report.
2. The report is prepared by a member of a designated body within the meaning of the *Public Accounting Act, 2004*.
3. The expense is reasonable and necessary for the purpose of determining the insured person's entitlement to an income replacement benefit. O. Reg. 34/10, s. 7 (4); O. Reg. 268/10, s. 2.

(5) The insurer is not required to pay more than a total of $2,500 for the preparation of one or more reports under subsection (4) in respect of an insured person. O. Reg. 34/10, s. 7 (5).

Adjustment after age 65

8. (1) If a person is receiving an income replacement benefit immediately before his or her 65th birthday, the weekly amount of the benefit is adjusted, on the later of the day of the person's 65th birthday and the second anniversary of the day the person began receiving the benefit, to the amount determined in accordance with the following formula:

$$C = 0.02 \times D$$

in which,

"C" is the weekly amount of the income replacement benefit that the person was entitled to receive immediately before the adjustment, before any deductions permitted by subsection 7 (3).

"D" is the lesser of,

(a) 35, and

(b) the number of years during which the person qualified for the income replacement benefit before the adjustment is made.

O. Reg. 34/10, s. 8 (1).

(2) Despite section 6, an income replacement benefit that has been adjusted under subsection (1) is payable, without any deductions under clause 7 (3) (a) or (b), until the person dies. O. Reg. 34/10, s. 8 (2).

If entitlement first arises on or after 65th birthday

9. (1) If an insured person becomes entitled to receive an income replacement benefit on or after his or her 65th birthday,

(a) subject to clause 6 (2) (a) and despite clause 6 (2) (b), the insured person is entitled to an income replacement benefit for not more than 208 weeks after becoming entitled to the benefit; and

101 (b) the weekly amount of the benefit is the weekly amount of the income replacement benefit otherwise determined under section 7 before any deductions permitted by subsection 7 (3), multiplied by the factor set out in Column 2 of the Table to this subsection opposite the number of weeks that have elapsed since the person became entitled to receive the benefit.

TABLE

Column 1 Number of weeks since Entitlement Arose	Column 2 Factor
Less than 52 weeks	1.0
52 weeks or more but less than 104 weeks	0.8
104 weeks or more but less than 156 weeks	0.6
156 weeks or more but less than 208 weeks	0.3

O. Reg. 34/10, s. 9 (1).

(2) No deduction may be made under clause 7 (3) (a) or (b) from an income replacement benefit determined under subsection (1). O. Reg. 34/10, s. 9 (2).

No violation of *Human Rights Code*

10. The age distinctions in sections 8 and 9 apply despite the *Human Rights Code*. O. Reg. 34/10, s. 10.

Temporary return to employment

11. A person receiving an income replacement benefit may return to or start employment or self-employment at any time during the first 104 weeks for which he or she is receiving the benefit without affecting his or her entitlement to resume receiving any benefits to which he or she is entitled under this Part if, as a result of the accident, he or she is unable to continue the employment or self-employment. O. Reg. 34/10, s. 11.

NON-EARNER BENEFITS

Non-earner benefit

12. (1) The insurer shall pay a non-earner benefit to an insured person who sustains an impairment as a result of an accident if the insured person satisfies any of the following conditions:

1. The insured person suffers a complete inability to carry on a normal life as a result of and within 104 weeks after the accident and does not qualify for an income replacement benefit.
2. The insured person suffers a complete inability to carry on a normal life as a result of and within 104 weeks after the accident and,
   i. was enrolled on a full-time basis in elementary, secondary or post-secondary education at the time of the accident, or

102 ii. completed his or her education less than one year before the accident and was neither employed nor a self-employed person after completing his or her education and before the accident, in a capacity that reflected his or her education and training. O. Reg. 34/10, s. 12 (1).

(2) The amount of a non-earner benefit is $185 for each week during the period that the insured person suffers a complete inability to carry on a normal life, less the total of all other income replacement assistance, if any, for the same week. O. Reg. 34/10, s. 12 (2); O. Reg. 251/15, s. 4 (1).

(3) The insurer is not required to pay a non-earner benefit,

(a) for the first four weeks after the onset of the complete inability to carry on a normal life;

(b) before the insured person is 16 years of age;

(c) for more than 104 weeks after the accident; or

(d) if the insured person is eligible to receive and has elected under section 35 to receive either an income replacement benefit or a caregiver benefit under this Part. O. Reg. 251/15, s. 4 (2).

(4). (3) Revoked. O. Reg. 251/15, s. 4 (2).

CAREGIVER BENEFITS

Caregiver benefit

13. (1) The insurer shall pay a caregiver benefit to or for an insured person who sustains a catastrophic impairment as a result of an accident if, as a result of and within 104 weeks after the accident, the insured person suffers a substantial inability to engage in the caregiving activities in which he or she was engaged at the time of the accident and if, at the time of the accident,

(a) the insured person was residing with a person in need of care; and

(b) the insured person was the primary caregiver for the person in need of care and did not receive any remuneration for engaging in caregiving activities. O. Reg. 34/10, s. 13 (1).

(2) The caregiver benefit shall pay for reasonable and necessary expenses incurred as a result of the accident in caring for a person in need of care, but shall not exceed,

(a) $250 per week for the first person in need of care; and

(b) $50 per week for each additional person in need of care. O. Reg. 34/10, s. 13 (2).

(3) Despite subsection (1), no caregiver benefit is payable to an insured person if he or she is eligible to receive and has elected under section 35 to receive either an income replacement benefit or a non-earner benefit under this Part. O. Reg. 34/10, s. 13 (3).

(4) Despite subsection (1), no caregiver benefit is payable for any period longer than 104 weeks of disability unless, as a result of the accident, the insured person is suffering a complete inability to carry on a normal life. O. Reg. 34/10, s. 13 (4).

PART III (86)

MEDICAL, REHABILITATION AND ATTENDANT CARE BENEFITS

Insurer liable to pay benefits

14. Except as otherwise provided in this Regulation, an insurer is liable to pay the following benefits to or on behalf of an insured person who sustains an impairment as a result of an accident:

1. Medical and rehabilitation benefits under sections 15 to 17.

2. If the impairment is not a minor injury, attendant care benefits under section 19. O. Reg. 34/10, s. 14.

Medical benefits

15. (1) Subject to section 18, medical benefits shall pay for all reasonable and necessary expenses incurred by or on behalf of the insured person as a result of the accident for,

(a) medical, surgical, dental, optometric, hospital, nursing, ambulance, audiometric and speech-language pathology services;

(b) chiropractic, psychological, occupational therapy and physiotherapy services;

(c) medication;

(d) prescription eyewear;

(e) dentures and other dental devices;

(f) hearing aids, wheelchairs or other mobility devices, prostheses, crutches and other assistive devices;

(g) transportation for the insured person to and from treatment sessions, including transportation for an aide or attendant; and

(h) other goods and services of a medical nature that the insurer agrees are essential for the treatment of the insured person and for which a benefit is not otherwise provided in this Regulation. O. Reg. 34/10, s. 15 (1); O. Reg. 251/15, s. 5.

(2) Despite subsection (1), the insurer is not liable to pay medical benefits,

(a) for goods or services that are experimental in nature;

(b) for expenses related to goods and services described in subsection (1) rendered to an insured person that exceed the maximum rate or amount of expenses established under the Guidelines, other than for expenses related to the services described in clause (1) (g); or

(c) for transportation expenses other than authorized transportation expenses. O. Reg. 34/10, s. 15 (2); O. Reg. 14/13, s. 1.

Rehabilitation benefits

16. (1) Subject to section 18, rehabilitation benefits shall pay for all reasonable and necessary expenses incurred by or on behalf of the insured person in undertaking activities and measures described in subsection (3) that are reasonable and necessary for the purpose of reducing or eliminating the effects of any disability resulting from the impairment or to facilitate the person's reintegration into his or her family, the rest of society and the labour market. O. Reg. 34/10, s. 16 (1).

(2) Measures to reintegrate an insured person into the labour market are considered reasonable and necessary, taking into consideration the person's personal and vocational characteristics, if they enable the person to,

(a) engage in employment or self-employment that is as similar as possible to the employment or self-employment in which he or she was engaged at the time of the accident; or

(b) lead as normal a adult life as possible. O. Reg. 34/10, s. 16 (2).

(3) The activities and measures referred to in subsection (1) are,

104 (a) life skills training;

(b) family counselling;

(c) social rehabilitation counselling;

(d) financial counselling;

(e) employment counselling;

(f) vocational assessments;

(g) vocational or academic training;

(h) workplace modifications and workplace devices, including communications aids, to accommodate the needs of the insured person;

(i) home modifications and home devices, including communications aids, to accommodate the needs of the insured person, or the purchase of a new home if it is more reasonable to purchase a new home to accommodate the needs of the insured person than to renovate his or her existing home;

(j) vehicle modifications to accommodate the needs of the insured person, or the purchase of a new vehicle if it is more reasonable to purchase a new vehicle to accommodate the needs of the insured person than to modify an existing vehicle;

(k) transportation for the insured person to and from counselling and training sessions, including transportation for an aide or attendant; and

(l) other goods and services that the insurer agrees are essential for the rehabilitation of the insured person, and for which a benefit is not otherwise provided in this Regulation, except,

(i) services provided by a case manager; and

(ii) housekeeping and caregiver services. O. Reg. 34/10, s. 16 (3); O. Reg. 251/15, s. 6.

(4) Despite subsection (1), the insurer is not liable to pay rehabilitation benefits,

(a) for expenses related to goods and services described in subsection (3) rendered to an insured person that exceed the maximum rate or amount of expenses established under the Guidelines, other than for expenses related to the services described in clause (3) (k);

(b) for expenses incurred to renovate the insured person's home if the renovations are only for the purpose of giving the insured person access to areas of the home that are not needed for ordinary living;

(c) for the purchase of a new home in excess of the value of the renovations to the insured person's existing home that would be required to accommodate the needs of the insured person;

(d) for expenses incurred to purchase or modify a vehicle to accommodate the needs of the insured person that are incurred within five years after the first expenses incurred for that purpose in respect of the same accident;

(e) for the purchase of a new vehicle in excess of the amount by which the cost of the new vehicle exceeds the trade-in value of the existing vehicle;

(f) for transportation expenses other than authorized transportation expenses. O. Reg. 34/10, s. 16 (4); O. Reg. 14/13, s. 2.

Case manager services

17. (1) Subject to subsection (2), medical or rehabilitation benefits shall pay for all reasonable and necessary expenses incurred by or on behalf of an insured person as a result of the accident for services provided by a qualified case manager in accordance with a treatment and assessment plan under section 38.

(a) if the insured person sustains a catastrophic impairment as a result of the accident; or

(b) if the optional medical, rehabilitation and attendant care benefit referred to in paragraph 4 of subsection 28 (1) or the catastrophic impairment benefit referred to in paragraph 5 of subsection 28 (1) is available to the insured person. O. Reg. 34/10, s. 17 (1); O. Reg. 251/15, s. 7.

(89)

105) The insurer is not liable to pay expenses for case manager services that exceed the maximum rate or amount of expenses established under the Guidelines. O. Reg. 34/10, s. 17 (2).

(3) In this section,

"qualified case manager" means a person who provides services related to the co-ordination of goods or services for which payment is provided by a medical, rehabilitation or attendant care benefit. O. Reg. 34/10, s. 17 (3); O. Reg. 299/10, s. 3

Monetary limits re medical and rehabilitation benefits

18. (1) The sum of the medical and rehabilitation benefits payable in respect of an insured person who sustains an impairment that is predominantly a minor injury shall not exceed $3,500 plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019 for any one accident, less the sum of all amounts paid in respect of the insured person in accordance with the Minor Injury Guideline. O. Reg. 34/10, s. 18 (1); O. Reg. 123/19, s. 2 (1).

(2) Despite subsection (1), the limit in that subsection does not apply to an insured person if his or her health practitioner determines and provides compelling evidence that the insured person has a pre-existing medical condition that was documented by a health practitioner before the accident and that will prevent the insured person from achieving maximal recovery from the minor injury if the insured person is subject to the limit or is limited to the goods and services authorized under the Minor Injury Guideline. O. Reg. 34/10, s. 18 (2); O. Reg. 347/13, s. 1; O. Reg. 123/19, s. 2 (2).

(3) The sum of the medical, rehabilitation and attendant care benefits paid in respect of an insured person who is not subject to the financial limit in subsection (1) shall not exceed, for any one accident,

(a) $65,000 plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019; or

(b) if the insured person sustained a catastrophic impairment as a result of the accident, $1,000,000 plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019. O. Reg. 251/15, s. 6 (1); O. Reg. 123/19, s. 2 (3, 4).

(4) The maximum amounts set out in subsection (3) apply unless modified by any optional benefits that are available under paragraph 3, 4 or 5 of subsection 28 (1). O. Reg. 34/10, s. 18 (4); O. Reg. 251/15, s. 6 (2).

(5) For the purposes of subsections (1) and (3), medical, rehabilitation and, where applicable, attendant care benefits payable in respect of an insured person include all fees and expenses for conducting assessments and examinations and preparing reports in connection with any benefit or payment to or for an insured person under this Regulation, other than,

(a) fees in connection with any examination required by an insurer under section 44; and

(b) expenses in respect of a report referred to in subsection 7 (4). O. Reg. 34/10, s. 18 (5); O. Reg. 251/15, s. 6 (3).

Attendant care benefit

19. (1) Attendant care benefits shall pay for all reasonable and necessary expenses.

106 (a) that are incurred by or on behalf of the insured person in pursuit of the accident for service provided by an aide or attendant or by a long-term care facility, including a long-term care home under *the Fixing Long-Term Care Act, 2021* or a chronic care hospital, and

(b) that, to the extent any of the expenses referred to in clause (a) are for transportation, are authorized transportation expenses for which no medical benefit described in clause 15 (1) (g) is payable, no rehabilitation benefit described in clause 16 (3) (b) is payable and no amount is payable under subsection 25 (4).

O. Reg. 34/10, s. 19 (1); O. Reg. 282/22, s. 1.

(2) Subject to subsection (3), the amount of a monthly attendant care benefit is determined in accordance with the version of the document entitled "Assessment of Attendant Care Needs" that is required to be submitted under section 42 and is calculated by,

(a) multiplying the total number of hours per month of each type of attendant care listed in the document that the insured person requires by an hourly rate that does not exceed the maximum hourly rate, as established under the Guidelines, that is payable in respect of that type of care; and

(b) adding the amounts determined under clause (a), if more than one type of attendant care is required. O. Reg. 34/10, s. 19 (2).

(3) The amount of the attendant care benefit payable in respect of an insured person shall not exceed the amount determined under the following rules:

1. If the optional medical, rehabilitation and attendant care benefit referred to in paragraph 4 of subsection 28 (1) or the catastrophic impairment benefit referred to in paragraph 5 of subsection 28 (1) has not been purchased and does not apply to the insured person, the amount of the attendant care benefit payable in respect of the insured person shall not exceed,

   i. $3,000 per month plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019, if the insured person did not sustain a catastrophic impairment as a result of the accident, or

   ii. $6,000 per month plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019, if the insured person sustained a catastrophic impairment as a result of the accident.

2. If the optional medical, rehabilitation and attendant care benefit referred to in paragraph 3 of subsection 28 (1) has been purchased and applies to the insured person, the amount of the attendant care benefit payable in respect of the insured person shall not exceed the amount set out in subparagraph 1 i.

3. If the optional medical, rehabilitation and attendant care benefit referred to in paragraph 4 of subsection 28 (1) or the catastrophic impairment benefit referred to in paragraph 5 of subsection 28 (1) has been purchased and applies to the insured person, the amount of the attendant care benefit payable in respect of the insured person shall not exceed the monthly limit under subsection 28 (7).

(90)

107 4. Despite paragraphs 1, 2 and 3, if a person who provided attendant care services (the "attendant care provider") to or for the insured person did not do so in the course of the employment, occupation or profession in which the attendant care provider would ordinarily have been engaged for remuneration, but for the accident, the amount of the attendant care benefit payable in respect of that attendant care shall not exceed the amount of the economic loss sustained by the attendant care provider during the period while, and as a result of, providing the attendant care.

5. Despite paragraphs 1, 2 and 3, if a person who provided attendant care services (the "attendant care provider") to or for the insured person did so for remuneration, and the actual expenses incurred in respect of the attendant care services are lower than the amount of the monthly attendant care benefit as determined under subsection (2), the insurer shall only be liable for payment of the incurred expenses. O. Reg. 251/15, s. 9; O. Reg. 123/19, s. 3.

Duration of medical, rehabilitation and attendant care benefits

20. (1) Subject to subsection (2), no medical, rehabilitation and attendant care benefit is payable for expenses incurred,

(a) more than 260 weeks after the accident, in the case of an insured person who was at least 18 years of age at the time of the accident; or

(b) after the insured person's 26th birthday, in the case of an insured person who was under 18 years of age at the time of the accident. O. Reg. 251/15, s. 10.

(2) The time limits set out in subsection (1) do not apply in respect of an insured person,

(a) who sustains a catastrophic impairment as a result of the accident; or

(b) who is entitled to optional medical, rehabilitation and attendant care benefits under paragraph 4 of subsection 28 (1) or catastrophic impairments benefits under paragraph 6 of subsection 26 (1). O. Reg. 251/15, s. 10.

PART IV

PAYMENT OF OTHER EXPENSES

Lost educational expenses

21. (1) The insurer shall pay for up to $15,000 for lost educational expenses incurred by or on behalf of an insured person who sustains an impairment as a result of an accident if,

(a) at the time of the accident, the insured person was enrolled in a program of elementary, secondary, post-secondary or continuing education; and

(b) as a result of the accident, the insured person is unable to continue the program. O. Reg. 34/10, s. 21 (1).

(2) The insurer may require a person who applies for or is receiving benefits under this section to furnish a disability certificate as often as is reasonably necessary. O. Reg. 34/10, s. 21 (2).

(3) If an insurer requires a disability certificate, the person shall furnish a new disability certificate, completed as of a date after the date of the insurer's request, within 15 business days after receiving the insurer's request. O. Reg. 34/10, s. 21 (3).

(4) If the person fails to comply with subsection (3), no amount is payable for lost educational expenses until the person furnishes the completed disability certificate. O. Reg. 34/10, s. 21 (4).

(5) In this section,

108 "post educational expenses" means expenses incurred before the accident for tuition, books, equipment or room and board in respect of the program term or program year in which the insured person was enrolled at the time of the accident, if the expenses are related to the program that the insured person is unable to continue. O. Reg. 34/10, s. 21 (5).

Expenses of visitors

22. (1) If an insured person sustains an impairment as a result of an accident, the insurer shall pay for reasonable and necessary expenses incurred not more than 104 weeks after the accident by the following persons as a result of the accident in visiting the insured person during his or her treatment or recovery.

1. The spouse, children, grandchildren, parents, grandparents, brothers and sisters of the insured person.
2. An individual who was living with the insured person at the time of the accident.
3. An individual who has demonstrated a settled intention to treat the insured person as a child of the individual's family.
4. An individual whom the insured person has demonstrated a settled intention to treat as a child of the insured person's family. O. Reg. 34/10, s. 22 (1).

(2) The time limit of 104 weeks does not apply if the insured person sustained a catastrophic impairment as a result of the accident. O. Reg. 34/10, s. 22 (2).

Housekeeping and home maintenance

23. The insurer shall pay up to $100 per week for reasonable and necessary additional expenses incurred by or on behalf of an insured person as a result of an accident for housekeeping and home maintenance services if, as a result of the accident, the insured person sustains a catastrophic impairment that results in a substantial inability to perform the housekeeping and home maintenance services that he or she normally performed before the accident. O. Reg. 34/10, s. 23.

Damage to clothing, glasses, hearing aids, etc.

24. The insurer shall pay for all reasonable expenses incurred by or on behalf of an insured person in repairing or replacing the following:

1. Clothing worn by the insured person at the time of the accident that was lost or damaged as a result of the accident.
2. Prescription eyewear, dentures, hearing aids, prostheses and other medical or dental devices that were lost or damaged as a result of the accident. O. Reg. 34/10, s. 24.

Cost of examinations

25. (1) The insurer shall pay the following expenses incurred by or on behalf of an insured person:

1. Reasonable fees charged for preparing a disability certificate if required under section 21.36 or 37, including any assessment or examination necessary for that purpose.
2. Fees charged in accordance with the Minor Injury Guideline by a person authorized by the Guideline for preparing a treatment confirmation form and for conducting an assessment or examination and preparing a report as authorized by the Guideline.
3. Reasonable fees charged by a health practitioner for reviewing and approving a treatment and assessment plan under section 38, including any assessment or examination necessary for that purpose, if any one or more of the goods, services, assessments or examinations described in the treatment and assessment plan have been

   i. approved by the insurer,

   ii. deemed by this Regulation to be payable by the insurer, or

109 is determined to be payable by the insurer on the resolution of a dispute described in subsection 280 (1) of the Act. (92)

4. Reasonable fees charged by an occupational therapist or a registered nurse for preparing an assessment of attendant care needs under section 42, including any assessment or examination necessary for that purpose.

6. Reasonable fees charged for preparing an application under section 45 for a determination of whether the insured person has sustained a catastrophic impairment, including any assessment or examination necessary for that purpose. O. Reg. 34/10, s. 25 (1); O. Reg. 44/16, s. 2.

(2) Despite subsection (1), an insurer is not required to pay for an assessment or examination conducted in the insured person's home unless the insured person has sustained an impairment that is not a minor injury. O. Reg. 34/10, s. 25 (2).

(3) The insurer is not liable under subsection (1) for expenses related to professional services rendered to an insured person that exceed the maximum rate or amount of expenses established under the Guidelines. O. Reg. 34/10, s. 25 (3); O. Reg. 14/13, s. 3.

(4) The insurer shall pay reasonable expenses incurred by or on behalf of an insured person for authorized transportation expenses incurred in transporting the insured person to and from an assessment or examination referred to in subsection (1), including transportation expenses for an aide or an attendant. O. Reg. 34/10, s. 25 (4).

(5) Despite any other provision of this Regulation, an insurer shall not pay,

(a) more than a total of $2,000 plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019 in respect of fees and expenses for conducting any one assessment or examination and for preparing reports in connection with it, whether it is conducted at the instance of the insured person or the insurer; or

(b) any amount in respect of fees for preparing a future care plan, a life care plan or a similar plan or for any assessment or examination conducted in connection with the preparation of the plan. O. Reg. 34/10, s. 25 (5); O. Reg. 289/10, s. 4; O. Reg. 123/19, s. 4.

PART V
DEATH AND FUNERAL BENEFITS

Death benefit

26. (1) The insurer shall pay a death benefit in respect of an insured person who dies as a result of an accident,

(a) within 180 days after the accident, or

(b) within 156 weeks after the accident, if during that period the insured person was continuously disabled as a result of the accident. O. Reg. 34/10, s. 26 (1).

(2) The death benefit shall provide the following payments:

1. A payment to the insured person's spouse of,

i. $25,000, or

110 ii. if the optional death and funeral benefit referred to in section 28 has been purchased and is applicable to the insured person, the amount fixed by the optional benefit.

2. A payment to each of the insured person's dependents and to each person to whom the insured person had an obligation at the time of the accident to provide support under a domestic contract or court order of,

i. $10,000, or

ii. if the optional death and funeral benefit referred to in section 28 has been purchased and is applicable to the insured person, the amount fixed by the optional benefit.

3. If no payment is required by paragraph 1, an additional payment to the insured person's dependants and the persons, other than a former spouse of the insured person, to whom the insured person had an obligation at the time of the accident to provide support under a domestic contract or court order, to be divided equally among the persons entitled, of,

i. $25,000, or

ii. if the optional death and funeral benefit referred to in section 28 has been purchased and is applicable to the insured person, the amount fixed by the optional benefit.

4. A payment of $10,000 to each former spouse of the insured person to whom the insured person was obligated at the time of the accident to provide support under a domestic contract or court order.

5. A payment of $10,000 to,

i. a person in respect of whom the insured person was a dependant at the time of the accident,

ii. the spouse of a person in respect of whom the insured person was a dependant at the time of the accident, if the spouse was the insured person's primary caregiver at the time of the accident and the person in respect of whom the insured person was a dependant at the time of the accident dies before the insured person or within 30 days after the insured person, or

iii. the dependants of a person in respect of whom the insured person was a dependant at the time of the accident, if no payment is required by subparagraph i or ii, to be divided equally among the persons entitled. O. Reg. 34/10, s. 26 (2).

(3) No payment shall be made under this section to a person who dies before the insured person or within 30 days after the insured person. O. Reg. 34/10, s. 26 (3).

(4) If at the time of the accident the insured person had more than one spouse who is entitled to a payment under this section the payment shall be divided equally among them. O. Reg. 34/10, s. 26 (4).

(5) If at the time of the accident the insured person was a dependant in respect of more than one person who is entitled to a payment under this section, the payment shall be divided equally among the persons in respect of whom the insured person was a dependant. O. Reg. 34/10, s. 26 (5).

(6) If requested by the insurer, a person who conducts an autopsy of the insured person shall provide a copy of his or her report to the insurer. O. Reg. 34/10, s. 26 (6).

(94)

Funeral benefit

27. (1) The insurer shall pay a funeral benefit in respect of an insured person who dies as a result of an accident. O. Reg. 34/10, s. 27 (1).

(2) The funeral benefit shall pay for funeral expenses incurred in an amount not exceeding,

(a) $6,000; or

(b) if the optional death and funeral benefit referred to in section 28 has been purchased and is applicable to the insured person, the amount fixed by the optional benefit. O. Reg. 34/10, s. 27 (2).

PART VI
OPTIONAL BENEFITS

Description of optional benefits

28. (1) Every insurer shall offer the following optional benefits:

1. An optional income replacement benefit that increases the maximum weekly amount of $400 referred to in the definition of "B" in subsection 7 (1) to $600, $800 or $1,000, as selected by the named insured under the policy.

2. An optional caregiver, housekeeping and home maintenance benefit that,

   i. provides caregiver benefits payable in the circumstances described in section 13 if, as a result of and within 104 weeks after the accident, the insured person suffers a substantial inability to engage in the caregiving activities in which he or she engaged at the time of the accident even if the impairment sustained by the insured person is not a catastrophic impairment, but not for any period longer than 104 weeks of disability unless, as a result of the accident, the insured person is suffering a complete inability to carry on a normal life, and

   ii. provides a housekeeping and home maintenance benefit payable in the circumstances described in section 23 even if the impairment sustained by the insured person is not a catastrophic impairment, but not for expenses incurred more than 104 weeks after the onset of the disability.

3. An optional medical, rehabilitation and attendant care benefit of up to $130,000 plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019 in respect of an insured person for any one accident in which the impairment sustained by the insured person is not a catastrophic impairment, instead of the maximum amount specified in clause 18 (3) (a).

4. An optional medical, rehabilitation and attendant care benefit of up to the following maximum amounts plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019, instead of the maximum amount specified in subsection 18 (3), and that does not limit the period of time for which expenses are to be paid by the insurer for medical, rehabilitation and attendant care benefits:

   i. $1,000,000 if the insured person did not sustain a catastrophic impairment as a result of the accident.

   ii. $2,000,000 if the insured person sustained a catastrophic impairment as a result of the accident.

(95)

112 5 An optional catastrophic impairment benefit for medical, rehabilitation and attendant care benefits of up to $ 1,000,000 plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019 if the insured person sustained a catastrophic impairment as a result of the accident.

6. An optional death and funeral benefit that

i. fixes the amount payable under paragraph 1 of subsection 26 (2) at $50,000, instead of the amount specified in subparagraph 1 i of subsection 26 (2),

ii. fixes the amount payable under paragraph 2 of subsection 26 (2) at $20,000, instead of the amount specified in subparagraph 2 i of subsection 26 (2),

iii. fixes the amount payable under paragraph 3 of subsection 26 (2) at $50,000 instead of the amount specified in subparagraph 3 i of subsection 26 (2), and

iv. fixes the maximum payment for funeral expenses at $8,000 instead of the amount specified in clause 27 (2) (a).

7. An optional dependent care benefit, as described in section 29.

8. An optional indexation benefit, as described in section 30. O. Reg. 34/10, s. 28 (1); O. Reg. 251/15, s. 11 (1); O. Reg. 123/19, s. 6 (1-3).

(2) The optional benefits referred to in subsection (1) are applicable only to,

(a) the named insured;

(b) the spouse of the named insured;

(c) the dependants of the named insured and of the named insured's spouse; and

(d) the persons specified in the policy as drivers of the insured automobile. O. Reg. 34/10, s. 28 (2).

(3) An optional benefit may be purchased at any time before an accident in respect of which an application for benefits is made. O. Reg. 34/10, s. 28 (3).

(4) If a person purchases an optional benefit referred to in subsection (1), the insurer shall issue to the person the endorsement set out in Ontario Policy Change Form 47 (OPCF 47), as approved by the Commissioner of Insurance on December 3, 1996 under section 227 of the Act. O. Reg. 34/10, s. 28 (4).

(5) For the purposes of paragraphs 3, 4 and 5 of subsection (1), the medical, rehabilitation and attendant care benefits payable in respect of an insured person include all fees and expenses for conducting assessments and examinations and preparing reports in connection with any benefit or payment to or for an insured person under this Regulation, other than,

(a) fees in connection with any examination required by an insurer under section 44, and

113 (b) expenses in respect of a report referred to in subsection 7 (4). O. Reg. 251/15, s. 11 (2).

(6) For the purposes of paragraphs 3, 4 and 5 of subsection (1), no attendant care benefit is payable if the insured person's impairment is a minor injury. O. Reg. 251/15, s. 11 (2).

(7) For the purposes of paragraphs 4 and 5 of subsection (1),

(a) the maximum monthly attendant care benefit payable in respect of an insured person shall not exceed $6,000 plus the amount of any applicable harmonized sales tax payable under Part IX of the *Excise Tax Act (Canada)* for accidents that occur on or after June 3, 2019; and

(b) the medical and rehabilitation benefits payable in respect of an insured person include any amount paid in respect of the insured person for services provided by a qualified case manager as authorized under section 17. O. Reg. 251/15, s. 11 (2); O. Reg. 123/19, s. 5 (4).

Optional dependent care benefit

29. (1) The optional dependent care benefit shall pay for reasonable and necessary additional expenses incurred by or on behalf of an insured person as a result of an accident in caring for the insured person's dependants, if the insured person satisfies the following conditions:

1. The insured person sustained an impairment as a result of the accident.
2. The insured person was employed at the time of the accident.
3. The insured person is not receiving a caregiver benefit. O. Reg. 34/10, s. 29 (1).

(2) Despite subsection (1), the amount of optional dependent care benefits shall not exceed $75 per week for the first dependant and $25 per week for each additional dependant, to a maximum amount of $150 per week. O. Reg. 34/10, s. 29 (2).

(3) No optional dependent care benefit is payable in respect of an expense incurred after the insured person dies. O. Reg. 34/10, s. 29 (3).

Optional indexation benefit

30. (1) The optional indexation benefit shall provide that the following amounts are subject to annual indexation in accordance with subsections (2) and (3):

1. The weekly amount of any income replacement or non-earner benefit payable under this Regulation, determined without regard to any other income replacement assistance, within the meaning of subsection 4 (1), that is received by the insured person.
2. The following amounts:
   i. The amounts specified in the definition of "B" in subsection 7 (1).
   ii. The amounts specified in subsections 12 (2) and (3).
   iii. The amounts specified in subsection 13 (2).

iv. The amounts specified in paragraphs 1 and 3 of subsection 19 (3)

3. If the optional medical, rehabilitation and attendant care benefit referred to in paragraph 3 of subsection 28 (1) was purchased and is applicable to the insured person, the outstanding balance with respect to medical, rehabilitation and attendant care benefits, as calculated under subsection (4).

4. If the optional medical, rehabilitation and attendant care benefit referred to in paragraph 4 of subsection 28 (1) was purchased and is applicable to the insured person, the outstanding balance with respect to medical, rehabilitation and attendant care benefits, as calculated under subsection (5).

5. If the optional catastrophic impairment benefit referred to in paragraph 5 of subsection 28 (1) was purchased and is applicable to the insured person, the outstanding balance with respect to medical, rehabilitation and attendant care benefits, as calculated under subsection (6).

6. If paragraphs 3, 4 and 5 do not apply, the outstanding balance with respect to medical, rehabilitation and attendant care benefits, as calculated under subsection (7). O. Reg. 34/10, s. 30 (1); O. Reg. 251/15, s. 12 (1).

(2) The indexation shall be performed on January 1 of every year following an accident to which the optional indexation benefit applies by adjusting the amount to be indexed by the percentage change in the Consumer Price Index for Canada (All Items), as published by Statistics Canada under the authority of the *Statistics Act* (Canada), for the period from September in the year immediately preceding the previous year to September of the previous year. O. Reg. 34/10, s. 30 (2).

(3) Subsection (2) is subject to the Optional Indexation Benefit Guidelines published in *The Ontario Gazette* by the former Ontario Insurance Commission or the Financial Services Commission of Ontario, as they may be amended from time to time by the Financial Services Regulatory Authority of Ontario, except that those guidelines shall not provide an adjustment of the amount to be indexed by a percentage greater than the percentage change in the applicable Consumer Price Index. O. Reg. 34/10, s. 30 (3); O. Reg. 123/19, s. 6.

(4) For the purpose of paragraph 3 of subsection (1), the outstanding balance with respect to medical, rehabilitation and attendant care benefits is the amount calculated using the formula,

E – F

in which,

"E" is the indexation balance for the year equal to,

(a) the amount specified in paragraph 3 of subsection 28 (1), if the year is the first year the optional indexation benefit applies, or

(b) the outstanding balance for the previous year as calculated under this subsection and indexed under subsection (2), if the year is the second or a subsequent year the optional indexation benefit applies, and

"F" is the total of medical, rehabilitation and attendant care benefits paid by the insurer in the year preceding January 1 of the year to which the optional indexation benefit applies.

O. Reg. 251/15, s. 12 (2).

(5) For the purpose of paragraph 4 of subsection (1), the outstanding balance with respect to medical, rehabilitation and attendant care benefits is calculated using the formula,

115 which,

"G" is the indexation balance for the year equal to,

(a) the amount specified in subparagraph 4 i or ii, as the case may be, of subsection 28 (1), if the year is the first year the optional indexation benefit applies, or

(b) the outstanding balance for the previous year as calculated under this subsection and indexed under subsection (2), if the year is the second or a subsequent year the optional indexation benefit applies, and

"H" is the total of medical, rehabilitation and attendant care benefits paid by the insurer in the year preceding January 1 of the year to which the optional indexation benefit applies.

O. Reg. 251/15, s. 12 (2).

(6) For the purpose of paragraph 5 of subsection (1), the outstanding balance with respect to medical, rehabilitation and attendant care benefits is calculated using the formula

I – J

in which,

"I" is the indexation balance for the year equal to,

(a) the amount specified in paragraph 5 of subsection 28 (1), if the year is the first year the optional indexation benefit applies, or

(b) the outstanding balance for the previous year as calculated under this subsection and indexed under subsection (2), if the year is the second or a subsequent year the optional indexation benefit applies, and

"J" is the total of medical, rehabilitation and attendant care benefits paid by the insurer in the year preceding January 1 of the year to which the optional indexation benefit applies.

O. Reg. 251/15, s. 12 (2).

(7) For the purpose of paragraph 6 of subsection (1), the outstanding balance with respect to medical, rehabilitation and attendant care benefits is calculated using the formula,

K – L

in which,

"K" is the indexation balance for the year equal to,

(a) the amount specified in clause 18 (3) (a) or (b), as the case may be, if the year is the first year the optional indexation benefit applies, or

(b) the outstanding balance for the previous year as calculated under this subsection and indexed under subsection (2), if the year is the second or a subsequent year the optional indexation benefit applies, and

"L" is the total of medical, rehabilitation and attendant care benefits paid by the insurer in the year preceding January 1 of the year to which the optional indexation benefit applies.

O. Reg. 251/15, s. 12 (2).

(8) Revoked: O. Reg. 251/15, s. 12 (2).

116 (c) the person is charged with an offence under section 254 of the *Criminal Code* (Canada), as it read before December 18, 2018, of failing to comply with a lawful demand to provide a breath sample or a sample of a bodily substance, perform physical coordination tests or submit to an evaluation in connection with the accident. O. Reg. 34/10, s. 31 (3); O. Reg. 444/18, s. 1 (3, 4).

(4) On the final disposition of all charges described in clause (3) (a) or (b), the amounts and any income on the amounts described in subsection (3),

(a) shall be returned to the insurer, if the person is found guilty of the offence or an included offence; or

(b) shall be paid to the person entitled to the payment, if the person is not found guilty of the offence and an included offence. O. Reg. 34/10, s. 31 (4).

(5) In this section,

"criminal offence" means,

(a) operating an automobile while the ability to operate the automobile is impaired by alcohol or a drug or a combination of alcohol and a drug,

(b) operating an automobile while the concentration of alcohol or drug in the operator's blood exceeds the limit permitted by law,

(c) failing to comply with a lawful demand to provide a breath sample or a sample of a bodily substance, perform physical coordination tests or submit to an evaluation, or

(d) any other criminal offence, whether or not the offence is related to the operation of an automobile. O. Reg. 444/18, s. 1 (5).

PART VIII
PROCEDURES FOR CLAIMING BENEFITS

General

Notice to insurer and application for benefits

32. (1) A person who intends to apply for one or more benefits described in this Regulation shall notify the insurer of his or her intention no later than the seventh day after the circumstances arose that give rise to the entitlement to the benefit, or as soon as practicable after that day. O. Reg. 34/10, s. 32 (1).

INTENTION
ISSUE IS THAT FORM FIRST RECEIVED OCF-1 OCF-2 OCF-3 OCF-19

(2) The insurer shall promptly provide the person with,

(a) the appropriate application forms;

(b) a written explanation of the benefits available;

(c) information to assist the person in applying for benefits; and

(d) information on the election relating to income replacement, non-earner and caregiver benefits, if applicable. O. Reg. 34/10, s. 32 (2).

(3) If an insurer that is subject to a Guideline referred to in subsection 64 (7) determines, acting reasonably, that there is a likelihood that the person may, in connection with the accident, deliver one or more documents referred to in that subsection, the insurer shall provide the following information to the central processing agency referred to in that subsection:

1. The name, address, gender and date of birth of the person.

2. The date of the accident.

(109)

117). Particulars of the automobile insurance policy under which the person asserts he or she is entitled to a benefit or benefits, including,

i. the name of the insurer,

ii. the policy number, and

iii. the name of the person to whom the policy was issued.

4. The claim number assigned by the insurer.

5. Any other information reasonably required by the central processing agency to enable it to carry out its obligations to the insurer under this Regulation. O. Reg. 34/10, s. 32 (3).

(4) An insurer's obligation to provide the information referred to in subsection (3) may be discharged by,

(a) providing the information to the central processing agency, or

(b) confirming, correcting or supplementing the information previously provided to the central processing agency. O. Reg. 34/10, s. 32 (4).

(5) The applicant shall submit a completed and signed application for benefits to the insurer within 30 days after receiving the application forms. O. Reg. 34/10, s. 32 (5).

IDHR – OCT 12, 2022

(6) If an insurer receives an incomplete or unsigned application, the insurer shall notify the applicant within 10 business days after receiving the application and shall advise the applicant of the missing information that is required or that the applicant's signature is missing, as appropriate. O. Reg. 34/10, s. 32 (6).

(7) The insurer shall not give a notice under subsection (6) unless, IDHR → DID Not

(a) the insurer, after a reasonable review of the incomplete application, is unable to determine, without the missing information, whether a benefit is payable; or

(b) the application has not been signed by the applicant. O. Reg. 34/10, s. 32 (7).

(8) If subsection (6) applies in respect of an incomplete application, no benefit is payable before the applicant provides the missing information or signs the application, as the case may be. O. Reg. 34/10, s. 32 (8).

(9) If an applicant is required by an insurer to submit an additional application in respect of a benefit that the applicant is receiving or may be eligible to receive, the applicant shall submit the additional application to the insurer within 30 days after receiving the additional application forms from the insurer. O. Reg. 34/10, s. 32 (9).

(10) Despite any shorter time limit in this Regulation, if an applicant fails without a reasonable explanation to notify an insurer under subsection (1) within the time required under that subsection, the insurer may delay determining if the applicant is entitled to a benefit and may delay paying the benefit until the later of,

(a) 45 days after the day the insurer receives the completed and signed application; or

(b) 10 business days after the day the applicant complies with any request made by the insurer under subsection 33 (1) or (2). O. Reg. 34/10, s. 32 (10).

(102) 407

118 **Duty of applicant to provide information**

33. (1) An applicant shall, within 10 business days after receiving a request from the insurer, provide the insurer with the following:

1. Any information reasonably required to assist the insurer in determining the applicant's entitlement to a benefit.
2. A statutory declaration as to the circumstances that gave rise to the application for a benefit.
3. The number, street and municipality where the applicant ordinarily resides.
4. Proof of the applicant's identity. O. Reg. 34/10, s. 33 (1).

(2) If requested by the insurer, an applicant shall submit to an examination under oath, but is not required,

(a) to submit to more than one examination under oath in respect of matters relating to the same accident; or

(b) to submit to an examination under oath during a period when the person is incapable of being examined under oath because of his or her physical, mental or psychological condition. O. Reg. 34/10, s. 33 (2).

(3) An applicant is entitled to be represented at his or her own expense at an examination under oath by such counsel or other representative of his or her choice as the law permits. O. Reg. 34/10, s. 33 (3).

(4) The insurer shall make reasonable efforts to schedule the examination under oath for a time and location that are convenient for the applicant and shall give the applicant reasonable advance notice of the following:

1. The date and location of the examination.
2. That the applicant is entitled to be represented in the manner described in subsection (3).
3. The reason or reasons for the examination.
4. That the scope of the examination will be limited to matters that are relevant to the applicant's entitlement to benefits.

O. Reg. 34/10, s. 33 (4).

(5) The insurer shall limit the scope of the examination under oath to matters that are relevant to the applicant's entitlement to benefits described in this Regulation. O. Reg. 34/10, s. 33 (5).

(6) The insurer is not liable to pay a benefit in respect of any period during which the insured person fails to comply with subsection (1) or (2). O. Reg. 34/10, s. 33 (6).

(7) Subsection (6) does not apply in respect of a non-compliance with subsection (2) if,

(a) the insurer fails to comply with subsection (4) or (5); or

(b) the insurer interferes with the applicant's right to be represented as described in subsection (3). O. Reg. 34/10, s. 33 (7).

(8) If an applicant who failed to comply with subsection (1) or (2) subsequently complies with that subsection, the insurer,

(a) shall resume payment of the benefit, if a benefit was being paid; and

(b) shall pay all amounts that were withheld during the period of non-compliance, if the applicant provides a reasonable explanation for the delay in complying with the subsection. O. Reg. 34/10, s. 33 (8).

103

11(3) Clause (2) (a) shall not be interpreted as prohibiting an additional examination of the applicant under oath. under Ontario Regulation 283/95 (Disputes Between Insurers) made under the Act, at the insurer's request that is conducted for the purpose of determining who is liable under section 268 of the Act to pay statutory accident benefits in respect of the accident. O. Reg. 14/13, s. 4.

Result if fail to comply with time limits

34. A person's failure to comply with a time limit set out in this Part does not disentitle the person to a benefit if the person has a reasonable explanation. O. Reg. 34/10, s. 34.

Election of income replacement, non-earner or caregiver benefit

35. (1) If an application indicates that the applicant may qualify for two or more of the income replacement benefit, the non-earner benefit and the caregiver benefit under Part II, the insurer shall, within 10 business days after receiving the application, give a notice to the applicant advising the applicant that he or she must elect, within 30 days after receiving the notice, the benefit he or she wishes to receive. O. Reg. 34/10, s. 35 (1).

(2) If an applicant is determined to have sustained a catastrophic impairment as a result of an accident, the insurer shall, within 10 business days of the date of the determination, give a notice to the applicant advising the applicant that, despite any election previously made under subsection (1), he or she may elect, within 30 days after receiving the notice, to receive a caregiver benefit if the applicant would otherwise qualify for a caregiver benefit. O. Reg. 34/10, s. 35 (2).

(3) The applicant's election under subsection (1) is final, regardless of any change in circumstances, and can be subsequently changed only if permitted under subsection (2). O. Reg. 34/10, s. 35 (3); O. Reg. 347/13, s. 3.

CLAIM FOR INCOME REPLACEMENT BENEFIT, NON-EARNER BENEFIT, CAREGIVER BENEFIT OR PAYMENT FOR HOUSEKEEPING OR HOME MAINTENANCE SERVICES

Application

36. (1) In this section and section 37,

IND

"specified benefit" means an income replacement benefit, non-earner benefit, caregiver benefit or a payment for housekeeping or home maintenance services under section 23. O. Reg. 34/10, s. 36 (1).

(2) An applicant for a specified benefit shall submit a completed disability certificate with his or her application under section 32. O. Reg. 34/10, s. 36 (2).

(3) An applicant who fails to submit a completed disability certificate is not entitled to a specified benefit for any period before the completed disability certificate is submitted. O. Reg. 34/10, s. 36 (3).

OCT - 3 -> 416-777-3120 NOV 3, 2024

(4) Within 10 business days after the insurer receives the application and completed disability certificate, the insurer shall,

(a) pay the specified benefit,

TDHA -> RECEIVED NOV 3, 2024

120 (b) give the applicant a notice explaining the medical and any other reasons why the insurer does not believe the applicant is entitled to the specified benefit and, if the insurer requires an examination under section 44 relating to the specified benefit, advising the applicant of the requirement for an examination; or

(c) send a request to the applicant under subsection 33 (1) or (2). O. Reg. 34/10, s. 36 (4).

(5) If the insurer sends a request to the applicant under subsection 33 (1) or (2), the insurer shall, within 10 business days after the applicant complies with the request,

(a) pay the specified benefit; or

(b) give the applicant a notice described in clause (4) (b). O. Reg. 34/10, s. 36 (5).

(6) If the insurer fails to comply with subsection (4) or (5) within the applicable time limit, the insurer shall pay the specified benefit for the period starting on the day the insurer received the application and completed disability certificate and ending, if the insurer subsequently gives a notice described in subsection (4) (b), on the day the insurer gives the notice. O. Reg. 34/10, s. 36 (6).

(7) If the insurer requires the applicant to undergo an examination under section 44, the insurer shall, within 10 days after receiving the report of the examination,

(a) give a copy of the report to the applicant and to the person who completed the disability certificate submitted with the application; and

(b) provide the applicant with a notice indicating the amount, if any, that the insurer agrees to pay in respect of the specified benefit, the amount, if any, the insurer refuses to pay in respect of the specified benefit and the medical and any other reasons for the insurer's decision. O. Reg. 34/10, s. 36 (7).

(8) Within 10 business days after delivering the notice under clause (7) (b), the insurer shall pay the amount, if any, that the insurer agrees to pay in respect of the specified benefit. O. Reg. 34/10, s. 36 (8).

(9) Every income replacement benefit, non-earner benefit or caregiver benefit shall be paid at least once every second week, subject to any prepayment of the benefit by the insurer. O. Reg. 34/10, s. 36 (9).

Determination of continuing entitlement to specified benefits

37. (1) If an insurer wishes to determine if an insured person is still entitled to a specified benefit, the insurer may, but not more often than is reasonably necessary,

(a) request that the insured person submit, within 15 business days, a new disability certificate completed as of a date on or after the date of the request;

(b) notify the insured person that the insurer requires an examination under section 44; or

(c) do both. O. Reg. 34/10, s. 37 (1).

(2) An insurer shall not discontinue paying a specified benefit to an insured person unless,

(a) the insured person fails or refuses to submit a completed disability certificate if requested to do so under subsection (1);

(b) the disability certificate submitted on behalf of the insured person does not support the insured person's continuing entitlement to the benefit;

(105)

121 (c) the insurer has received the report of the examination under section 44, if the insurer required an examination under that section, and has determined that the insured person is not entitled to the benefit;

(d) the insurer is entitled under subsection (7) to refuse to pay the specified benefit;

(e) the insured person has resumed his or her pre-accident employment duties;

(f) the insurer is no longer required to pay the specified benefit by reason of subsection (7), paragraph 2 of subsection 28 (1), subsection 33 (6) or section 57 or 58; or

(g) the insured person is not entitled to the specified benefit for a reason unrelated to whether he or she has an impairment that entitles the insured person to receive the specified benefit. O. Reg. 34/10, s. 37 (2).

(3) If an insured person fails to submit a completed disability certificate as required under subsection (1), no specified benefits are payable for the period commencing the 15th business day after the day the insured person received the insurer's request and ending, if the insured person subsequently submits a completed disability certificate, the day the insurer receives the completed disability certificate. O. Reg. 34/10, s. 37 (3).

(4) If the insurer determines that an insured person is not entitled or is no longer entitled to receive a specified benefit on any one or more grounds set out in subsection (2), the insurer shall advise the insured person of its determination and the medical and any other reasons for its determination. O. Reg. 34/10, s. 37 (4).

(5) Within 10 business days after receiving the report of an examination under section 44, the insurer shall give a copy of the report to the insured person and to the person who completed the disability certificate, if one was provided in accordance with subsection (1). O. Reg. 34/10, s. 37 (5).

(6) Within 10 business days after receiving the report of an examination under section 44, the insurer shall provide the insured person with a notice of determination setting out,

SNIC CANNOT

(a) the specified benefits the insurer agrees to pay;

(b) the specified benefits the insurer refuses to pay;

(c) the medical and any other reasons for the insurer's decision; and

(d) if the insurer determines that the insured person is not entitled to a specified benefit, the date that payment of the benefit will be stopped. O. Reg. 34/10, s. 37 (6).

(7) If the insured person fails or refuses to comply with subsection 44 (9), the insurer may,

(a) make a determination that the insured person is no longer entitled to the specified benefit; and

(b) refuse to pay specified benefits relating to the period after the insured person failed or refused to comply with that subsection and before the insured person complies with that subsection. O. Reg. 34/10, s. 37 (7).

(8) If the insured person subsequently complies with subsection 44 (9), the insurer shall,

(a) reconsider the insured person's entitlement to the specified benefit; and

(b) if the insurer determines that the insured person is still entitled to the specified benefit,

(i) resume payment of the specified benefit, and

(ii) pay all amounts, if any, that were withheld during the period of non-compliance if the insured person provides not later than the 90th business day after the failure or refusal to comply, or as soon as practicable after that day, a reasonable explanation for not complying with that subsection. O. Reg. 34/10, s. 37 (8).

(106)

Claims for medical and rehabilitation benefits and for approval of assessments, etc.

36. (1) This section applies to,

(a) medical and rehabilitation benefits other than benefits payable in accordance with the Minor Injury Guideline; and

(b) all applications for approval of assessments or examinations. O. Reg. 34/10, s. 36 (1).

(2) An insurer is not liable to pay an expense in respect of a medical or rehabilitation benefit or an assessment or examination that was incurred before the insured person submits a treatment and assessment plan that satisfies the requirements of subsection (3) unless,

(a) the insurer gives the insured person a notice under subsection 39 (1) stating that the insurer will pay the expense without a treatment and assessment plan;

(b) the expense is for an ambulance or other goods or services provided on an emergency basis not more than five business days after the accident to which the application relates;

(c) the expense is reasonable and necessary as a result of the impairment sustained by the insured person for,

(i) drugs prescribed by a regulated health professional, or

(ii) goods referred to in clauses 15 (1) (d) to (f) and 16 (3) (h) to (j) with a cost of $250 or less per item, or

(d) the insurer agrees that the expense is essential for the treatment or rehabilitation of the insured person for goods or services referred to in clause 15 (1) (h) or 16 (3) (i) with a cost of $250 or less per item or service, as the case may be. O. Reg. 34/10, s. 36 (2); O. Reg. 251/15, s. 13 (1, 2).

(3) A treatment and assessment plan must,

(a) be signed by the insured person unless the insurer waives that requirement;

(b) be completed and signed by a regulated health professional; and

(c) include a statement by a health practitioner approving the treatment and assessment plan and stating that he or she is of the opinion that the goods, services, assessments and examinations described in the treatment and assessment plan and their proposed costs are reasonable and necessary for the insured person's treatment or rehabilitation and,

(i) stating, if the treatment and assessment plan is in respect of an accident that occurred on or after September 1, 2010,

(A) that the insured person's impairment is not predominantly a minor injury, or

(B) that the insured person's impairment is predominantly a minor injury but, based on compelling evidence provided by the health practitioner, the insured person does not come within the Minor Injury Guideline because the insured person has a pre-existing medical condition that was documented by a health practitioner before the accident and that will prevent the insured person from achieving maximal recovery from the minor injury if the insured person is subject to the limit or is limited to the goods and services authorized under the Minor Injury Guideline, or

(ii) stating, if the treatment and assessment plan is in respect of an accident that occurred before September 1, 2010, that the expenses contemplated by the treatment and assessment plan are reasonable and necessary for the insured person's treatment or rehabilitation. O. Reg. 34/10, s. 36 (3); O. Reg. 34/13, s. 4; O. Reg. 251/15, s. 13 (3); O. Reg. 123/19, s. 7.

(4) A claim for dental goods or services completed and signed by a dentist and in the form approved by the Ontario Dental Association is deemed to be a treatment and assessment plan that satisfies the requirements of subsection (3). O. Reg. 34/10, s. 36 (4).

(107)

123 (5) An insurer may refuse to accept a treatment and assessment plan if the plan describes goods or services to be received or an assessment or examination to be conducted in respect of any period during which the insured person is entitled to receive goods or services under the Minor Injury Guideline in respect of the impairment. O. Reg. 34/10, s. 38 (5).

(6) An insurer's refusal to accept a treatment and assessment plan under subsection (5) is final and is not subject to review. O. Reg. 34/10, s. 38 (6).

(7) Nothing in subsection (5) prevents an insured person, while receiving goods or services under the Minor Injury Guideline, from submitting a treatment and assessment plan applicable to a period other than the period for which the insured person is receiving goods or services under the Minor Injury Guideline. O. Reg. 34/10, s. 38 (7).

(8) Within 10 business days after it receives the treatment and assessment plan, the insurer shall give the insured person a notice that identifies the goods, services, assessments and examinations described in the treatment and assessment plan that the insurer agrees to pay for, any the insurer does not agree to pay for and the medical reasons and all of the other reasons why the insurer considers any goods, services, assessments and examinations, or the proposed costs of them, not to be reasonable and necessary. O. Reg. 34/10, s. 38 (8); O. Reg. 14/13, s. 5.

(8.1) If the insurer has not agreed that the goods and services referred to in clause 15 (1) (h) or 16 (3) (i) are essential, the notice under subsection (8) must so advise the insured person. O. Reg. 251/15, s. 13 (4).

(9) If the insurer believes that the Minor Injury Guideline applies to the insured person's impairment, the notice under subsection (8) must so advise the insured person. O. Reg. 34/10, s. 38 (9).

(10) If the insurer has not agreed to pay for all goods, services, assessments and examinations described in the treatment and assessment plan or believes that the Minor Injury Guideline applies to the insured person's impairment, the notice under subsection (8) may notify the insured person that the insurer requires the insured person to undergo an examination under section 44. O. Reg. 34/10, s. 38 (10).

NHM -> FOREN NURSE EXAMINER

(11) If the insurer fails to give a notice in accordance with subsection (8) in connection with a treatment and assessment plan, the following rules apply:

1. The insurer is prohibited from taking the position that the insured person has an impairment to which the Minor Injury Guideline applies.
2. The insurer shall pay for all goods, services, assessments and examinations described in the treatment and assessment plan that relate to the period starting on the 11th business day after the day the insurer received the application and ending on the day the insurer gives a notice described in subsection (9). O. Reg. 34/10, s. 38 (11).

(12) If an insurer advises an insured person that the Minor Injury Guideline applies, the insured person may submit a treatment confirmation form under section 40 and, pending the insurer's determination, may receive goods and services in accordance with the Minor Injury Guideline. O. Reg. 34/10, s. 38 (12).

(13) Within 10 business days after receiving the report of an examination conducted under section 44 for the purpose of the treatment and assessment plan, the insurer shall give a copy of the report to the insured person and to the regulated health professional who prepared the treatment and assessment plan. O. Reg. 34/10, s. 38 (13).

1244) Within 10 business days after receiving the report, the insurer shall.

(a) provide the insured person with a notice indicating the goods and services described in the treatment and assessment plan that the insurer agrees to pay for, the goods and services the insurer refuses to pay for and the medical and any other reasons for the insurer's decision; or

(b) if the insurer determines that the Minor Injury Guideline applies, advise the insured person that the Minor Injury Guideline applies to the insured person's impairment and provide medical and any other reasons for the insurer's determination. O. Reg. 34/10, s. 38 (14).

(15) The insurer shall pay for goods and services the insurer agreed to pay for in the notice under subsection (5) or (14) or is required to pay for under this section within 30 days after receiving an invoice for them. O. Reg. 34/10, s. 38 (15).

If no treatment and assessment plan required

39. (1) This section applies to a claim for a medical or rehabilitation benefit or an application for approval of an assessment or examination under section 38 if the insurer gives the insured person a notice informing the insured person that the insurer will pay the expenses without the submission of a treatment and assessment plan under that section. O. Reg. 34/10, s. 39 (1).

(2) If the insurer gives the insured person a notice under subsection (1),

(a) the notice must describe the expenses that the insurer will pay without the submission of a treatment and assessment plan and shall specify,

(i) the types of expenses,

(ii) any restrictions on the amount of the expenses, and

(iii) any restrictions on when the expenses are to be incurred.

(b) the insurer shall comply with the requirements set out in any applicable Guideline if the notice is given in connection with a proposal, recommendation or suggestion that the insured person receive goods or services from a person named by the insurer;

(c) the insurer shall pay expenses described in the notice within 30 days after receiving an invoice for them; and

(d) the insurer shall, if there is a dispute described in subsection 280 (1) of the Act about whether for the purposes of subsection 15 (1) or 16 (3) an expense described in the notice is reasonable or necessary, or whether for the purposes of clause 15 (1) (b) or 16 (3) (i) an expense described in the notice is essential, pay the expense pending resolution of the dispute. O. Reg. 34/10, s. 39 (2); O. Reg. 44/16, s. 3.

CLAIM FOR MEDICAL OR REHABILITATION BENEFITS TO WHICH MINOR INJURY GUIDELINE APPLIES

Minor Injury Guideline

40. (1) This section applies to a person if,

(a) the person sustains, as a result of an accident, a minor injury to which the Minor Injury Guideline applies; and

(b) the person submits or intends to submit an application under section 32 for medical or rehabilitation benefits. O. Reg. 34/10, s. 40 (1).

(2) The person shall submit, within the time specified in the Minor Injury Guideline, a treatment confirmation form that satisfies the following requirements:

125 (109) 1. The treatment confirmation form must be prepared and signed by a health practitioner,

i. who is authorized by law to treat the impairment that is the subject of the form,

ii. who is authorized under the Minor Injury Guideline to complete the treatment confirmation form, and

iii. who will be the health practitioner responsible for providing the goods and services described in the treatment confirmation form.

2. The treatment confirmation form must contain details concerning the impairment and specify the provisions of the Minor Injury *Guideline that apply.*

3. The treatment confirmation form must be signed by the person claiming benefits, unless the insurer waives this requirement. O. Reg. 34/10, s. 40 (2).

(3) Within five business days after receiving a treatment confirmation form, the insurer shall send a notice to the person claiming benefits and to the health practitioner.

(a) acknowledging receipt by the insurer of the treatment confirmation form; and

(b) advising if the person claiming benefits is an insured person with respect to the accident. O. Reg. 34/10, s. 40 (3).

(4) If the person also submits a completed and signed application under section 32 and the insurer accepts the claim for benefits, the insurer shall, within 30 days of receipt, pay every invoice for goods and services described in section 15 or 16 that are provided in accordance with the Minor Injury Guideline. O. Reg. 34/10, s. 40 (4).

(5) An insured person shall submit an amended treatment confirmation form if, during the course of treatment under the Minor Injury Guideline, he or she changes the health practitioner who is responsible for providing goods and services described in the treatment confirmation form. O. Reg. 34/10, s. 40 (5).

(6) The insurer is liable to pay for goods and services described in an amended treatment confirmation form only to the extent the goods and services have not already been provided in accordance with the Minor Injury Guideline. O. Reg. 34/10, s. 40 (6).

(7) If goods or services available under the Minor Injury Guideline are not provided within the times specified in that Guideline, the insured person shall submit a treatment and assessment plan under section 38 if he or she wishes to obtain medical or rehabilitation benefits to which the Minor Injury Guideline would otherwise apply. O. Reg. 34/10, s. 40 (7).

(8) If it is determined, in any dispute described in subsection 280 (1) of the Act about an insured person's entitlement to medical or rehabilitation benefits or related assessments or examinations, that the Minor Injury Guideline applies to an insured person and the insured person received benefits or underwent assessments or examinations under that Guideline,

(a) the benefits are deemed to be reasonable and necessary, or essential, as the case may be, for the purposes of sections 15 and 16; and

(b) the assessments and examinations are deemed to have been reasonably required for the purposes of section 25.

O. Reg. 34/10, s. 40 (8); O. Reg. 251/15, s. 15; O. Reg. 44/16, s. 4.

(110)

Treatment confirmation form not required

41. (1) This section applies to a claim for medical or rehabilitation benefits under section 40 in respect of a minor injury.

(a) if the insurer gives the insured person a notice informing the insured person that the insurer offers to pay for the goods and services described in the Minor Injury Guideline without the submission of a treatment confirmation form; and

(b) if the insured person accepts the insurer's offer and does not submit a treatment confirmation form in accordance with section 40 or a treatment and assessment plan in accordance with section 38 after receiving the notice described in clause (a). O. Reg. 34/19, s. 41 (1).

(2) If this section applies, the following rules apply.

1. If the notice is given in connection with a proposal, recommendation or suggestion that the insured person receive goods or services from a person named by the insurer, the insurer shall also comply with any applicable Guideline.

2. After the insured person submits an application under section 32 to the insurer, the insurer shall pay the expenses described in the notice within 30 days after receiving an invoice for them. O. Reg. 34/19, s. 41 (2).

CLAIM FOR ATTENDANT CARE BENEFITS

Application for attendant care benefits

42. (1) Subject to subsection (2), an application for attendant care benefits for an insured person must be,

(a) in the form of and contain the information required to be provided in the version of the document entitled "Assessment of Attendant Care Needs" that is approved by the Chief Executive Officer for use in connection with the claim; and

(b) prepared and submitted to the insurer by an occupational therapist or a registered nurse. O. Reg. 34/10, s. 42 (1); O. Reg. 123/19, s. 9.

(2) If a Guideline issued for the purpose of this section specifies conditions, restrictions or times with respect to the preparation of an assessment of attendant care needs, the assessment of attendant care needs must be prepared in accordance with the Guideline. O. Reg. 34/10, s. 42 (2).

(3) Within 10 business days after receiving the assessment of attendant care needs, the insurer shall give the insured person a notice that specifies the expenses described in the assessment of attendant care needs the insurer agrees to pay, the expenses the insurer refuses to pay and the medical and any other reasons for the insurer's decision. O. Reg. 34/10, s. 42 (3).

(4) A notice under subsection (3) may require the insured person to undergo an examination under section 44 if the insurer has not agreed to pay all expenses described in the assessment of attendant care needs. O. Reg. 34/10, s. 42 (4).

(5) An insurer may, but is not required to, pay an expense incurred before an assessment of attendant needs that complies with this section is submitted to the insurer. O. Reg. 34/10, s. 42 (5).

(6) The insurer shall begin payment of attendant care benefits within 10 business days after receiving the assessment of attendant care needs and, pending receipt by the insurer of the report of any examination under section 44 required by the insurer, shall calculate the amount of the benefits based on the assessment of attendant care needs. O. Reg. 34/10, s. 42 (6).

496

127) If an insurer wants to determine if an insured person is still entitled to attendant care benefits, wants to determine if the benefits are being paid in the appropriate amount or wants to determine both, the insurer shall give the person a notice requesting that a new assessment of attendant care needs for the insured person be prepared in accordance with this section and submitted to the insurer within 15 business days after the insured person receives the notice. O. Reg. 34/10, s. 42 (7).

(8) Subject to subsection (12), a notice under subsection (7) may also advise the insured person that the insurer requires an examination under section 44. O. Reg. 34/10, s. 42 (8).

(9) Subject to subsection (12), new assessments of attendant care needs may be submitted to an insurer at any time there are changes that would affect the amount of the benefits. O. Reg. 34/10, s. 42 (9).

(10) If a new assessment of attendant care needs indicates that it is appropriate to increase the amount of the attendant care benefits and the insurer has not already advised the insured person that the insurer requires an examination under section 44, the insurer may give a notice to the insured person advising that the insurer requires an examination under that section. O. Reg. 34/10, s. 42 (10).

(11) If a new assessment of attendant care needs is required under subsection (7) or the insurer requires an examination under section 44, the insurer shall, subject to subsection 18 (3) and section 20, continue to pay the insured person attendant care benefits at the same rate until the insurer receives the assessment of attendant care needs or the report of the examination, as applicable. O. Reg. 34/10, s. 42 (11); O. Reg. 251/15, s. 16 (1).

(12) If more than 104 weeks have elapsed since the accident, the insurer shall not require an examination under section 44 to determine the insured person's entitlement to attendant care benefits and the insured person shall not submit nor be required to submit an assessment of attendant care needs to the insurer unless at least 52 weeks have elapsed since the last examination under section 44 relating to entitlement to attendant care benefits. O. Reg. 251/15, s. 16 (2).

(13) Within 10 business days after receiving the report of an examination under section 44, the insurer shall,

(a) give a copy of the report to the person who prepared the assessment of attendant care needs; and

(b) provide the insured person with a notice specifying the benefits and expenses the insurer agrees to pay, the benefits and expenses the insurer refuses to pay and the medical and any other reasons for the insurer's decision. O. Reg. 34/10, s. 42 (13).

(14) If an insured person fails or refuses to comply with subsection 44 (9), the insurer may,

(a) make a determination that the insured person is not entitled to attendant care benefits; and

(b) refuse to pay attendant care benefits relating to the period after the person failed or refused to comply with that subsection and before the insured person submits to the examination and provides the material required by that subsection. O. Reg. 34/10, s. 42 (14).

(15) If an insured person subsequently complies with subsection 44 (9), the insurer shall,

128 (a) reconsider the application and make a determination under this section;

(b) subject to the new determination, subsection 18 (3) and section 20, resume payment of attendant care benefits, and

(c) pay all amounts, if any, that were withheld during the period of non-compliance, if the insured person provides, not later than the 10th business day after the failure or refusal to comply, or as soon as practicable after that day, a reasonable explanation for not complying with that subsection. O. Reg. 34/10, s. 42 (15); O. Reg. 251/15, s. 16 (3).

(16) If an insurer determines that an insured person is not entitled by reason of section 20 to attendant care benefits for expenses incurred more than 260 weeks after the accident, the insurer shall give the insured person a notice of its determination, with reasons, not less than 15 business days before the last payment of attendant care benefits. O. Reg. 34/10, s. 42 (15); O. Reg. 251/15, s. 16 (4).

OTHER TYPES OF BENEFITS

Parts IV and V expenses and benefits

43. (1) If a person is entitled to a death benefit, a funeral benefit or a benefit under Part IV, the insurer shall pay the benefit within 30 days after the insurer receives an application for the benefit. O. Reg. 34/10, s. 43 (1).

(2) If the insurer refuses to pay a benefit referred to in subsection (1), the insurer shall give the person a notice of the refusal and the medical and any other reasons for the refusal within 30 days after the insurer receives the application for the benefit. O. Reg. 34/10, s. 43 (2).

(3) In the case of a benefit for housekeeping and home maintenance services under section 23, subsections (1) and (2) are subject to sections 36 and 37. O. Reg. 34/10, s. 43 (3).

ADDITIONAL MATTERS

Examination required by insurer

44. (1) For the purposes of assisting an insurer to determine if an insured person is or continues to be entitled to a benefit under this Regulation for which an application is made, but not more often than is reasonably necessary, an insurer may require an insured person to be examined under this section by one or more persons chosen by the insurer who are regulated health professionals or who have expertise in vocational rehabilitation. O. Reg. 34/10, s. 44 (1).

(2) Despite subsection (1), if a Guideline specifies conditions, restrictions or limits with respect to the determination of whether an impairment is a catastrophic impairment and the purpose of the examination is to determine whether the insured person has sustained a catastrophic impairment, the determination must be made in accordance with those conditions, restrictions and limits. O. Reg. 34/10, s. 44 (2).

(3) Subsection (1) does not apply with respect to,

(a) a benefit payable in accordance with the Minor Injury Guideline; or

(b) a funeral benefit or death benefit. O. Reg. 34/10, s. 44 (3).

(4) Subject to subsection (7), an examination under this section may be limited by the insurer to an examination of material provided under subsection (9) in respect of the insured person without requiring the attendance of the insured person. O. Reg. 34/10, s. 44 (4).

(113)

12(9) If the insurer requires an examination under this section, the insurer shall arrange for the examination at its expense and shall give the insured person a notice setting out,

(a) the medical and any other reasons for the examination;

(b) whether the attendance of the insured person is required at the examination;

(c) the name of the person or persons who will conduct the examination, any regulated health profession to which they belong and their titles and designations indicating their specialization, if any, in their professions; and

(d) if the attendance of the insured person is required at the examination, the day, time and location of the examination and, if the examination will require more than one day, the same information for the subsequent days. O. Reg. 34/10, s. 44 (5).

(6) If the attendance of the insured person is required at the examination, the insurer shall give the notice required under subsection (5) not less than five business days before the examination, unless the insured person and the insurer mutually agree otherwise. O. Reg. 34/10, s. 44 (6).

(7) If the notice under subsection (5) indicates that the attendance of the insured person is not required at the examination and it is subsequently determined by the person conducting the examination that the insured person should be in attendance and personally examined, the insurer shall give a notice to the insured person at least five business days before the examination,

(a) notifying the insured person of the change;

(b) requiring the attendance of the insured person at the examination; and

(c) setting out the day, time and location of the examination and, if the examination will require more than one day, setting out the same information for the subsequent days. O. Reg. 34/10, s. 44 (7).

(8) A notice under subsection (5) or (7) may be verbal if a written confirmation is given as soon as practicable afterwards. O. Reg. 34/10, s. 44 (8).

(9) The following rules apply in respect of the examination:

1. If the attendance of the insured person is not required, the insured person and the insurer shall, within five business days after the day the notice under subsection (5) is received by the insured person, provide to the person or persons conducting the examination such information and documents as are relevant or necessary for the review of the insured person's medical condition.
2. If the attendance of the insured person is required,
   i. the insurer shall make reasonable efforts to schedule the examination for a day, time and location that are convenient for the insured person,
   ii. the insured person and the insurer shall, not later than five business days before the day scheduled for the examination, provide to the person or persons conducting the examination such information and documents as are relevant or necessary for the review of the insured person's medical condition, and
   iii. the insured person shall attend the examination and submit to all reasonable physical, psychological, mental and functional examinations requested by the person or persons conducting the examination.
3. If the examination relates to an application for attendant care benefits, the report of the examination must include an assessment of attendant care needs prepared in accordance with section 42. O. Reg. 34/10, s. 44 (9).

(114) sent to IDHA Call6 - 774-3129

Determination of catastrophic impairment

45. (1) An insured person who sustains an impairment as a result of an accident may apply to the insurer for a determination of whether the impairment is a catastrophic impairment. O. Reg. 34/10, s. 45 (1).

(2) The following rules apply with respect to an application under subsection (1):

1. An assessment or examination in connection with a determination of catastrophic impairment shall be conducted only by a physician but the physician may be assisted by such other regulated health professionals as he or she may reasonably require.
2. Despite paragraph 1, if the impairment is a traumatic brain impairment only, the assessment or examination may be conducted by a neuropsychologist who may be assisted by such other regulated health professionals as he or she may reasonably require.
3. If a Guideline specifies conditions, restrictions or limits with respect to the determination of whether an impairment is a catastrophic impairment, the determination must be made in accordance with those conditions, restrictions and limits.

O. Reg. 34/10, s. 45 (2); O. Reg. 286/10, s. 5; O. Reg. 251/15, s. 17 (1).

(3) Within 10 business days after receiving an application under subsection (1) prepared and signed by the person who conducted the assessment or examination under subsection (2), the insurer shall give the insured person,

(a) a notice stating that the insurer has determined that the impairment is a catastrophic impairment; or

(b) a notice stating that the insurer has determined that the impairment is not a catastrophic impairment and specifying the medical and any other reasons for the insurer's decision and, if the insurer requires an examination under section 44 relating to whether the impairment is a catastrophic impairment, so advising the insured person. O. Reg. 34/10, s. 45 (3).

(4) If an application is made under this section not more than 260 weeks after the accident and, immediately before the application was made, the insured person was receiving attendant care benefits,

(a) the insurer shall continue to pay attendant care benefits to the insured person during the period before the insurer makes a determination under this section; and

(b) the amount of the attendant care benefits for the period referred to in clause (a) shall be determined on the assumption that the insured person's impairment is a catastrophic impairment. O. Reg. 34/10, s. 45 (4); O. Reg. 251/15, s. 17 (2).

(5) Within 10 business days after receiving the report of an examination under section 44, the insurer shall,

(a) give a copy of the report to the insured person and to the person who prepared the application under this section; and

(b) provide the insured person with a notice stating that the insurer has determined that the impairment is a catastrophic impairment or is not a catastrophic impairment and setting out the medical and any other reasons for the insurer's determination. O. Reg. 34/10, s. 45 (5).

(6) If an insured person is determined to have sustained a catastrophic impairment as a result of an accident, the insured person is entitled to payment of all expenses incurred before the date of the determination and to which the insured person would otherwise be entitled to payment under this Regulation by virtue of having sustained a catastrophic impairment. O. Reg. 34/10, s. 45 (6).

(115)

13 Determination of catastrophic impairment — certain traumatic brain injuries

45.1 If an insured person who is under 18 years of age at the time of the accident sustains a traumatic brain injury that meets the criteria in subparagraph 5 i or 5 ii of subsection 3.1 (1) and that was caused by an accident that occurs on or after June 1, 2016, the person may submit an application under subsection 45 (1) and subsections 45 (2) to (5) do not apply, and the impairment is deemed to be a catastrophic impairment for the purposes of subsection 45 (6). O. Reg. 251/15, s. 16.

Conflict of interest re referrals by insurer

46. (1) This section applies if an insurer intends to refer an insured person to a person with whom the insurer has a potential conflict of interest and the referral is for the purpose of,

(a) the insured person obtaining any goods or services referred to in section 15 or 16 from the person recommended by the insurer; or

(b) the insured person being examined or assessed, other than under section 44, by the person recommended by the insurer. O. Reg. 34/10, s. 46 (1).

(2) The insurer shall not refer the insured person to the person unless the insurer has first given the insured person a notice that satisfies the following and the insured person gives a written consent to obtain the goods or services from or be examined or assessed by the person.

1. The notice must specify the nature of the relationship between the insurer and the person, including the terms of remuneration of the person.
2. The notice must specify the nature, amount and duration, if applicable, of the goods or services or the assessment or examination.
3. The notice must inform the insured person that he or she is free to decline the proposed referral, or to revoke any consent given at any time, and that doing so will not prejudice or adversely affect the insured person's entitlement to benefits.
4. The notice must inform the insured person that he or she is free to choose from whom the insured person prefers to receive the goods and services, or by whom the insured person prefers to be assessed or examined, in accordance with this Regulation, and that doing so will not prejudice or adversely affect the insured person's entitlement to benefits under this Regulation.
5. The notice must inform the insured person of his or her rights and responsibilities with respect to the goods, services, assessments and examinations. O. Reg. 34/10, s. 46 (2).

(3) In this section, an insurer is deemed to have a potential conflict of interest with a person if

(a) the insurer may receive a financial benefit, directly or indirectly, as a result of the provision of goods or services by, on behalf of, or under the authority or supervision of the person; or

(b) goods or services will be provided by, on behalf of, or under the authority or supervision of the person,

(i) pursuant to a subsisting arrangement with the insurer under which goods or services referred to in this Regulation are or will be provided at the insurer's expense, or

(ii) as a result of the insurer's referral, recommendation or suggestion of the person to the insured person. O. Reg. 34/10, s. 46 (3).

(116)

PART IX
PAYMENT OF BENEFITS

Definition — provider

46.1 In this Part,

"provider" means,

(a) a person who submits an invoice to an insured person or insurer for payment under this Regulation for goods or services, whether the goods or services were provided by the person or by another person, and

(b) a person, other than the person who submits the invoice described in clause (a), who provided any of the goods or services referred to in the invoice. O. Reg. 194/11, s. 2.

Duty of provider to provide information

46.2 (1) An insurer may request any of the following information from a provider:

"AN INSURER" VS "THE INSURER"

1. Any information required to assist the insurer, acting reasonably, to determine its liability for the payment, including access to inspect and copy the originals of any treatment confirmation form, treatment and assessment plan, assessment of attendant care needs and other documents giving rise to the claim for payment.

2. A statutory declaration as to the circumstances that gave rise to the invoice, including particulars of the goods and services provided.

3. In the case of a provider described in clause (a) of the definition of "provider" in section 46.1,

i. the name and full municipal business address of the provider and of every provider described in clause (b) of that definition, and

ii. proof of the provider's identity and of the identities of every provider described in clause (b) of that definition. O. Reg. 194/11, s. 2.

(2) The provider shall give the insurer the information requested under subsection (1) within 10 business days after receiving the request. O. Reg. 194/11, s. 2.

(3) For the purpose of section 51, the amount payable by an insurer under an invoice is not overdue and no interest accrues on it during any period during which a provider fails to comply with subsection (2). O. Reg. 194/11, s. 2.

Duty of insured person to provide information

46.3 (1) An insurer may request any of the following information from an insured person who submits an invoice to the insurer for payment for goods or services under this Regulation, or from an insured person on whose behalf such an invoice is submitted:

1. Confirmation in writing that the goods or services were provided to the insured person.

2. A statutory declaration as to the circumstances that gave rise to the invoice, including particulars as to when, where and by whom the goods or services were provided. O. Reg. 14/13, s. 8.

(2) The insured person shall give the insurer the information requested under subsection (1) within 10 business days after receiving the request. O. Reg. 14/13, s. 8.

(3) For the purpose of section 51, the amount payable by an insurer under an invoice is not overdue and no interest accrues on it during any period during which an insured person fails to comply with subsection (7). O. Reg. 14/13, s. 6.

Deduction of collateral benefits

47. (1) The insurer may deduct the following amounts from the amount payable to an insured person as an income replacement or non-earner benefit under this Regulation:

1. Any temporary disability benefits being received by the insured person in respect of a period following the accident and in respect of an impairment that occurred before the accident.
2. Any other periodic benefit being received by the insured person in respect of a period following the accident and in respect of an impairment that occurred before the accident, if the insured person was receiving that other periodic benefit at the time he or she first qualified for the income replacement or non-earner benefit and, at that time, the other periodic benefit was a temporary disability benefit. O. Reg. 34/10, s. 47 (1).

(2) Payment of a medical, rehabilitation or attendant care benefit or a benefit under Part IV is not required for that portion of an expense for which payment is reasonably available to the insured person under any insurance plan or law or under any other plan or law. O. Reg. 34/10, s. 47 (2).

(3) In this section,

"temporary disability benefit" means,

(a) an income replacement or non-earner benefit paid under this Regulation or the Old Regulation, unless the benefit is paid more than 104 weeks after the onset of the disability,

(b) a caregiver benefit paid under this Regulation or the Old Regulation,

(c) benefits paid under Part III or IV or section 32 of Ontario Regulation 776/93,

(d) benefits paid under section 37, subsection 43 (9) or subsection 147 (2) of the pre-1997 Act as defined in Part IX of the *Workplace Safety and Insurance Act, 1997*, in respect of injuries that occurred before January 1, 1998, including benefits paid under those provisions as those provisions are deemed to have been amended by Part IX of the *Workplace Safety and Insurance Act, 1997*,

(e) benefits paid under subsection 43 (3) of the *Workplace Safety and Insurance Act, 1997* in respect of injuries that occurred after December 31, 1997, or

(f) any other periodic temporary benefit paid under an income continuation benefit plan or law, other than,

(i) benefits under the *Employment Insurance Act* (Canada),

(ii) a non-earner benefit paid under this Regulation or the Old Regulation more than 104 weeks after the onset of the disability,

(iii) benefits paid under Part V of Ontario Regulation 776/93 for more than 104 weeks,

(iv) benefits paid under Part IV of Regulation 672 of the Revised Regulations of Ontario, 1990 for more than 156 weeks, or

(v) benefits paid under Part II of Subsection 2 of Schedule C to the *Insurance Act* as it existed before June 22, 1990 that have been paid for more than 104 weeks. O. Reg. 34/10, s. 47 (3).

Method of payment

48. (1) An insurer shall pay a benefit under this Regulation,

(a) by mailing or delivering a cheque payable to the person entitled to the benefit to the address where the person ordinarily resides; or

(b) with the consent of the person entitled to the benefit, by electronic funds transfer to an account in the name of the person. O. Reg. 34/10, s. 48 (1).

(2) Despite subsection (1),

(a) an insurer may arrange to be invoiced directly and to pay directly for goods or services provided in respect of an insured person;

(b) an insurer may pay a benefit into court under section 271 of the Act; or

(c) if the person entitled to the benefit has so directed in writing, an insurer shall pay the benefit directly to the person who submitted an invoice in respect of the benefit to a central processing agency in accordance with section 49.

O. Reg. 34/10, s. 48 (2); O. Reg. 370/10, s. 2.

Amounts payable under a Guideline

49. (1) Despite any other provision of this Regulation, if a benefit that would otherwise be payable by an insurer is payable in respect of an expense for goods or services specified in a Guideline that applies for the purposes of this section, an insurer to whom the Guideline applies shall not pay the benefit unless an invoice for the expense, in the form approved by the Chief Executive Officer and including all of the information required by the form,

(a) is delivered to the insurer, if neither of paragraph 2 or 3 of subsection 64 (7) applies, or

(b) is deemed to be received by the insurer under subsection 64 (8) or (9), if paragraph 2 or 3 of subsection 64 (7) applies. O. Reg. 34/10, s. 49 (1); O. Reg. 123/13, s. 9.

(2) An insurer shall not waive the submission of an invoice for goods or services to which subsection (1) applies. O. Reg. 34/10, s. 49 (2).

(3) If an insurer to whom a Guideline referred to in subsection (1) applies receives an invoice that complies with subsection (1), the insurer shall, in the circumstances set out in the Guideline, report the following to the central processing agency in the manner and within the time required by the Guideline:

1. The date or dates on which the goods or services referred to in the invoice were delivered or rendered.
2. The names, addresses and professional college registration numbers, if applicable, of each provider of goods or services referred to in the invoice.
3. Particulars of the goods or services referred to in the invoice.
4. Particulars of the injury or injuries in respect of which the goods or services were delivered or rendered.
5. The amount, if any, paid in respect of the goods or services referred to in the invoice by any person other than the insurer.
6. The amount paid by the insurer in respect of the invoice.
7. The amount paid by the insurer in respect of each separately described component of the invoice.
8. The date on which a decision was made on payment or other disposition of the invoice.
9. Any other disposition of the invoice.

135 10. The information referred to in subsection 32 (3) (119)

11. Such additional information as may be specified in the Guideline, if the invoice is in respect of expenses described in a notice given by the insurer under subsection 39 (1) or 41 (1). O. Reg. 34/10, s. 49 (3); O. Reg. 227/14, s. 1.

Amounts payable under a Guideline — unlicensed provider

49.1 If an insured person receives goods or services specified in a Guideline that applies for the purposes of section 49 from a provider who does not hold a licence issued under subsection 288.5 (3) of the Act, the following rules apply in addition to the requirements of section 49:

1. The provider shall deliver an invoice for the expense, in the form approved by the Chief Executive Officer and including all of the information required by the form, to the insured person to whom the goods or services related to in the invoice were delivered or rendered.
2. The insured person to whom the goods or services were delivered or rendered shall deliver the invoice described in paragraph 1 to the insurer. O. Reg. 227/14, s. 2; O. Reg. 123/19, s. 9.

Explanation of benefit amounts

50. (1) When a benefit is first paid or the amount of a benefit is subsequently changed, the insurer shall provide the insured person with a written explanation of how the amount of the benefit was determined. O. Reg. 34/10, s. 50 (1).

(2) While medical, rehabilitation or attendant care benefits are being claimed by or are being paid to or on behalf of an insured person, the insurer shall deliver benefit statements to the insured person in accordance with this section. O. Reg. 34/10, s. 50 (2).

(3) A benefit statement required under subsection (2) shall include a statement of,

(a) the amount paid to the date of the benefit statement in respect of medical, rehabilitation and attendant care benefits;

(b) the additional amount remaining in respect of medical, rehabilitation and attendant care benefits, taking into account the applicable maximum limits referred to in sections 18 and 28, if the insured person were to be entitled to payment of those benefits;

(c) the amount paid to the date of the benefit statement in respect of attendant care benefits;

(d) the amount paid to the date of the benefit statement in respect of medical and rehabilitation benefits;

(e) the amount paid by the insurer to the date of the benefit statement in respect of examinations conducted under section 44; and

(f) if the Chief Executive Officer approves a benefit statement form for the purposes of this section, such other information as may be required by the approved form. O. Reg. 34/10, s. 50 (3); O. Reg. 14/13, s. 7; O. Reg. 251/15, s. 18; O. Reg. 123/19, s. 9.

(4) Subject to subsection (5), the benefit statements must be delivered at the following times:

1. If it has been determined that the insured person has sustained a catastrophic impairment as a result of the accident, a benefit statement must be delivered at least once a year, commencing not later than 12 months after the date the insured person was determined to have sustained the catastrophic impairment.
2. In any other case, a benefit statement must be delivered at least once every two months, commencing not later than two months after the application for the benefit was first made. O. Reg. 34/10, s. 50 (4).

(120)

136) Despite subsection (2), an insurer is not required to deliver a benefit statement if all of the amounts referred to in subsection (3) are unchanged from the amounts set out in the most recent benefit statement delivered in accordance with this section. O. Reg. 34/10, s. 50 (5).

Overdue payments

ADHA LIABLE

51. (1) An amount payable in respect of a benefit is overdue if the insurer fails to pay the benefit within the time required under this Regulation. O. Reg. 34/10, s. 51 (1).

(2) If payment of a benefit under this Regulation is overdue, the insurer shall pay interest on the overdue amount in accordance with this section for each day the amount is overdue. O. Reg. 236/14, s. 1.

(3) Interest is payable at the rate of 1 per cent per month, compounded monthly, from the date on which the amount becomes overdue until the earlier of the following dates:

1. The date on which the overdue amount is paid.
2. The date, if any, on which interest becomes payable in accordance with subsection (4). O. Reg. 236/14, s. 1.

(4) In case of a dispute in respect of an insured person's entitlement to statutory accident benefits or in respect of the amount of statutory accident benefits to which an insured person is entitled, interest on the benefits in dispute is calculated at the prejudgment interest rate described in subsection 128 (3) of the *Courts of Justice Act* that is used for past pecuniary loss, and is payable for the period that begins on the date on which an application to the Licence Appeal Tribunal is brought under subsection 280 (2) of the Act and ends on the date a settlement is reached or a decision is issued that finally disposes of the dispute. O. Reg. 236/14, s. 1; O. Reg. 44/16, s. 5.

(5) Despite subsection (3), if payment of the benefit is overdue on December 31, 2014, interest is payable on the overdue amount at the rate of 1 per cent per month, compounded monthly, from the date on which the amount became overdue until the date on which the overdue amount is paid. O. Reg. 236/14, s. 1.

Repayments to insurer

52. (1) Subject to subsection (3), a person is liable to repay to the insurer,

(a) any benefit described in this Regulation that is paid to the person as a result of an error on the part of the insurer, the insured person or any other person, or as a result of wilful misrepresentation or fraud;

(b) any income replacement or non-earner benefit under Part II that is paid to the person if he or she, or a person in respect of whom the payment was made, was disqualified from receiving the benefit under Part VII; or

(c) any income replacement, non-earner or caregiver benefit under Part II or any benefit under Part IV, to the extent of any payments received by the person that are deductible under this Regulation from the amount of the benefit. O. Reg. 34/10, s. 52 (1).

(2) If a person is liable to repay an amount to an insurer under this section,

(a) the insurer shall give the person notice of the amount that is required to be repaid; and

(b) the insurer may, if the person is receiving an income replacement or caregiver benefit, give the person notice that the insurer intends to collect the amount by reducing each subsequent payment of the benefit by up to 20 per cent of the amount that would otherwise be the amount of the benefit. O. Reg. 34/10, s. 52 (2).

137. (7) If the notice required under subsection (2) is not given within 12 months after the payment of the amount that is to be repaid, the person to whom the notice would have been given ceases to be liable to repay the amount unless it was originally paid to the person as a result of wilful misrepresentation or fraud. O. Reg. 34/10, s. 52 (3).

(4) An insurer that has given a notice referred to in clause (2) (b) may obtain repayment in the manner described in the notice. O. Reg. 34/10, s. 52 (4).

(5) The insurer may charge interest on the outstanding balance of the amount to be repaid for the period starting on the 15th day after the notice is given under subsection (2) and ending on the day repayment is received in full, calculated at the bank rate in effect on the 15th day after the notice under subsection (2) is given. O. Reg. 34/10, s. 52 (5).

(6) In subsection (5),

"bank rate" means the bank rate established by the Bank of Canada as the minimum rate at which the Bank of Canada makes short term advances to the banks listed in Schedule I to the *Bank Act* (Canada). O. Reg. 34/10, s. 52 (6).

Termination of benefits for material misrepresentation

53. An insurer may terminate the payment of benefits to or on behalf of an insured person,

(a) if the insured person has wilfully misrepresented material facts with respect to the application for the benefit; and

(b) if the insurer provides the insured person with a notice setting out the reasons for the termination. O. Reg. 34/10, s. 53.

Notice of right to dispute insurer's refusal to pay or reduction of benefits

54. If an insurer refuses to pay a benefit or reduces the amount of a benefit that a person is receiving, the insurer shall provide the person with a written notice advising the person of his or her right to dispute the refusal or reduction. O. Reg. 34/10, s. 54.

Restriction on proceedings

55. (1) Subject to subsection (2), an insured person shall not apply to the Licence Appeal Tribunal under subsection 280 (2) of the Act if any of the following circumstances exist:

1. The insured person has not notified the insurer of the circumstances giving rise to a claim for a benefit or has not submitted an application for the benefit within the times prescribed by this Regulation.
2. The insurer has provided the insured person with notice in accordance with this Regulation that it requires an examination under section 44, but the insured person has not complied with that section.
3. The issue in dispute relates to the insurer's denial of liability to pay an amount under an invoice on the grounds that,
   i. the insurer requested information from a provider under subsection 46.2 (1), and
   ii. the insurer is unable, acting reasonably, to determine its liability for the amount payable under the invoice because the provider has not complied with the request in whole or in part. O. Reg. 44/16, s. 6.

(2) The Licence Appeal Tribunal may permit an insured person to apply despite paragraph 2 or 3 of subsection (1). O. Reg. 44/16, s. 6.

(122)

138. The Licence Appeal Tribunal may impose terms and conditions on a permission granted under subsection (2). O. Reg. 44/16, s. 6.

Time limit for proceedings

56. An application under subsection 280 (2) of the Act in respect of a benefit shall be commenced within two years after the insurer's refusal to pay the amount claimed. O. Reg. 44/16, s. 6.

IDHA REQUIRES → REVIEW OF

PART X

RESPONSIBILITY TO OBTAIN TREATMENT, PARTICIPATE IN REHABILITATION AND SEEK EMPLOYMENT OR SELF-EMPLOYMENT

Treatment and rehabilitation

57. (1) This section applies to an insured person if compliance with subsection (2) would not be detrimental to his or her treatment or recovery. O. Reg. 34/10, s. 57 (1).

(2) An insured person who is entitled to an income replacement, non-earner or caregiver benefit shall obtain such treatment and participate in such rehabilitation as is reasonable, available and necessary to,

(a) permit the insured person to engage in employment or self-employment in accordance with the criteria set out in subsection (3), in the case of an insured person entitled to an income replacement benefit; or

(b) shorten the period during which the benefit is payable, in any other case. O. Reg. 34/10, s. 57 (2).

(3) The criteria referred to in clause (2) (a) are:

1. The essential tasks of the employment or self-employment are of a type that the insured person,

   i. is able and qualified to perform, or

   ii. would be able and qualified to perform if the insured person obtained treatment and participated in rehabilitation that is reasonable, available and necessary to permit the person to engage in the employment or self-employment.

2. The place of employment or self-employment is in the area in which the insured person lives or it is reasonable for the insured person to engage in the employment or self-employment in that area.

3. The employment or self-employment is of a type in which it would be reasonable to expect the insured person to engage, having regard to the possibility of deterioration in the insured person's impairment and to the insured person's personal and vocational characteristics. O. Reg. 34/10, s. 57 (3).

(4) If the insured person is still receiving medical, rehabilitation and attendant care benefits and fails to obtain treatment or participate in rehabilitation in accordance with subsection (2), the insurer may notify the insured person that the insurer intends to stop payment of the income replacement, non-earner or caregiver benefit in accordance with subsection (5). O. Reg. 34/10, s. 57 (4); O. Reg. 251/15, s. 20.

(5) If at least 10 business days have elapsed after a notice is given under subsection (4) and the insured person has not complied with subsection (2), the insurer may stop payment of the benefit. O. Reg. 34/10, s. 57 (5).

(6) Section 37 does not apply in respect of a stoppage of benefits, or proposed stoppage of benefits, under this section. O. Reg. 34/10, s. 57 (6).

(123)

139) If, after the stoppage of benefits under subsection (5), the insured person subsequently complies with subsection (2), the insurer shall resume payment of the benefit for periods after the insured person complied. O. Reg. 34/10, s. 57 (7).

Employment and self-employment

58. (1) This section applies to an insured person who is entitled to an income replacement benefit if,

(a) returning to employment or to self-employment would not be detrimental to his or her treatment or recovery; and

(b) he or she is not participating in a vocational rehabilitation program. O. Reg. 34/10, s. 58 (1).

(2) The insured person shall make reasonable efforts to,

(a) return to the employment or self-employment in which he or she was engaged at the time of the accident;

(b) obtain employment for which he or she is reasonably suited by education, training or experience; or

(c) engage in self-employment for which he or she is reasonably suited by education, training or experience. O. Reg. 34/10, s. 58 (2).

(3) If the insured person fails to make reasonable efforts to comply with subsection (2), the insurer may notify the insured person that the insurer intends to stop payment of the benefit in accordance with subsection (4). O. Reg. 34/10, s. 58 (3).

(4) If at least 10 business days have elapsed after a notice is given under subsection (3) and the insured person has not complied with subsection (2), the insurer may stop payment of the benefit. O. Reg. 34/10, s. 58 (4).

(5) Section 37 does not apply in respect of a stoppage of benefits, or proposed stoppage of benefits, under this section. O. Reg. 34/10, s. 58 (5).

(6) If, after the stoppage of benefits under subsection (4), the insured person subsequently complies with subsection (2), the insurer shall resume payment of the benefit for periods after the insured person complies. O. Reg. 34/10, s. 58 (6).

PART XII
INTERACTION WITH OTHER SYSTEMS

Accidents outside Ontario

59. (1) This section applies if,

(a) as a result of an accident in another province or territory of Canada or a jurisdiction in the United States of America, a person insured in that jurisdiction within the meaning of subsection (4) dies or sustains an impairment or incurs an expense described in section 15, 16 or 19; and

(b) no benefits are received under the law of the jurisdiction in which the accident occurred. O. Reg. 34/10, s. 59 (1).

(2) The person, or the person claiming benefits in respect of him or her, may elect to receive either of the following, but not both:

1. The benefits described in the Regulation, other than the benefits referred to in paragraph 2.
2. Benefits in the same amounts and subject to the same conditions as if the person was a resident of the jurisdiction in which the accident occurred and was entitled to payments under the law of that jurisdiction. O. Reg. 34/10, s. 59 (2).

(124)

140(3) If an election is made under subsection (2), the insurer shall pay benefits in accordance with the election. O. Reg. 34/10, s. 59 (3).

(4) For the purpose of this section, a person is insured in the jurisdiction in which the accident occurred if, at the time of the accident,

(a) the person was authorized by law to be or to remain in Canada and was living and ordinarily present in Ontario;

(b) the person met the criteria prescribed for recovery under the law of the jurisdiction in which the accident occurred;

(c) the person was not an owner, driver or occupant of an automobile registered in the jurisdiction in which the accident occurred; and

(d) the person,

(i) was an occupant of the insured automobile,

(ii) was the named insured, a person specified in the policy as a driver of the insured automobile, the spouse of the named insured or a dependant of the named insured or spouse and was an occupant of an automobile,

(iii) was the named insured, his or her spouse or a dependant of the named insured or spouse and was struck by an automobile while not an occupant of an automobile,

(iv) was struck by the insured automobile while not an occupant of an automobile,

(v) if the named insured is a corporation, unincorporated association, partnership or sole proprietorship, was a person for whose regular use the insured automobile was supplied, his or her spouse or a dependant of the person or spouse and suffered an impairment while being the occupant of an automobile or suffered an impairment caused by an automobile of which he or she was not an occupant, or

(vi) was struck by an automobile that was driven by a person described in subclause (i), (ii) or (v). O. Reg. 34/10, s. 59 (4).

Social assistance payments

60. The insurer shall pay benefits described in this Regulation even though the insured person is entitled to or has received social assistance or similar payments, services or benefits under an Act of the Legislative Assembly or under similar legislation in another jurisdiction. O. Reg. 34/10, s. 60.

Workplace Safety and Insurance Act, 1997

61. (1) The insurer is not required to pay benefits described in this Regulation in respect of any insured person who, as a result of an accident, is entitled to receive benefits under the Workplace Safety and Insurance Act, 1997 or any other workers' compensation law or plan. O. Reg. 34/10, s. 61 (1).

(2) Subsection (1) does not apply in respect of an insured person who elects to bring an action referred to in section 30 of the *Workplace Safety and Insurance Act, 1997* if the election is not made primarily for the purpose of claiming benefits under this Regulation. O. Reg. 34/10, s. 61 (2).

(3) If a person is entitled to receive benefits under this Regulation as a result of an election made under section 30 of the *Workplace Safety and Insurance Act, 1997*, no income replacement, non-earner or caregiver benefit is payable under this Regulation to the person in respect of any period of time before the person makes the election. O. Reg. 34/10, s. 61 (3).

(123)

14(4) If a person who would be entitled to benefits under this Regulation in the absence of subsection (1) elects to bring an action referred to in section 30 of the *Workplace Safety and Insurance Act, 1997* and there is a dispute concerning the insurer's liability to pay an expense for a vocational rehabilitation program the person was attending at the time of the election and continues to attend, the insurer shall pay the expense pending resolution of the dispute. O. Reg. 34/10, s. 61 (4).

(5) Despite subsection (1), if there is a dispute about whether subsection (1) applies to a person, the insurer shall pay full benefits to the person under this Regulation pending resolution of the dispute if,

(a) the person makes an assignment to the insurer of any benefits under any workers' compensation law or plan to which he or she is or may become entitled as a result of the accident; and

(b) the administrator or board responsible for the administration of the workers' compensation law or plan approves the assignment. O. Reg. 34/10, s. 61 (5).

PART XII

MISCELLANEOUS

Assignment of benefits

62. (1) Except as otherwise provided by subsection (2), the assignment of a benefit under this Regulation is void. O. Reg. 44/16, s. 7 (1).

(2) The following assignments are not void:

1. An assignment under section 267.8 of the Act.

2. An assignment of a benefit to,

   i. the Ministry of Community and Social Services,

   ii. a delivery agent under the *Ontario Disability Support Program Act, 1997* or the *Ontario Works Act, 1997*, or

   iii. the Minister of Finance under subsection 6.1 (4) of the *Motor Vehicle Accident Claims Act*. O. Reg. 34/10, s. 62 (2).

(3) If the assignment of a benefit to a person is void,

(a) subsection 280 (2) of the Act does not apply; and

(b) subsection 280 (3) of the Act does apply to the person, but the exception in that subsection, which permits bringing a proceeding, does not apply to the person. O. Reg. 44/16, s. 7 (2).

Copies of this Regulation

63. On request, the insurer shall provide a copy of this Regulation without charge to a named insured or a person entitled to benefits under this Regulation. O. Reg. 34/10, s. 63.

Notices and delivery

64. (1) Except as otherwise permitted by this Regulation, all notices required or permitted under this Regulation, other than a notice under subsection 32 (1) or (6), must be in writing. O. Reg. 34/10, s. 64 (1).

(2) Any document, including a notice in writing, required or permitted under this Regulation to be given to a person may be delivered,

(a) by faxing the document to the person or to the solicitor or authorized representative, if any, of the person in accordance with subsection (19);

(b) by leaving a copy of the document with the solicitor or authorized representative, if any, of the person, or with an employee in the office of the solicitor or authorized representative;

(c) by personal delivery to the person;

(c.1) by prepaid courier if there is a record by the person who has delivered it that the document has been sent;

(d) by ordinary or registered mail,

(i) in the case of an insurer, addressed to the insurer or its chief executive officer at the insurer's head office in Ontario as identified in the records of the Chief Executive Officer,

(ii) in the case of a person other than an insurer, addressed to the person at his or her last known address, or

(e) by electronic means, if the intended recipient of the document consents to delivery by electronic means. O. Reg. 34/10, s. 64 (2); O. Reg. 123/19, s. 9; O. Reg. 705/21, s. 1 (1).

(3) For the purposes of clauses (2) (a) and (b), but subject to subsection (4), an authorized representative may include a regulated health professional if the document is a notice under subsection 38 (8) or 44 (5) or (7) or a report prepared under section 44. O. Reg. 34/10, s. 64 (3).

(4) Subsection (3) does not apply unless,

(a) the insured person is not represented at the relevant time by a solicitor or another authorized representative;

(b) the insured person gives to the insurer a signed authorization and direction specifying which documents listed in subsection (3) that the insurer is authorized and directed to give to the regulated health professional;

(c) the signed authorization and direction is given to the insurer before the document is given to the regulated health professional; and

(d) the regulated health professional has agreed to act in accordance with the authorization and direction. O. Reg. 34/10, s. 64 (4).

(5) Despite clause (2) (d), any notice or other document that must be given within fewer than five business days shall not be delivered by ordinary mail. O. Reg. 34/10, s. 64 (5).

(6) The functional equivalency rules set out in sections 4 to 13 of the *Electronic Commerce Act, 2000* apply in the case of the delivery of a document by electronic means under clause (2) (e). O. Reg. 34/10, s. 64 (6).

(127)

(7) Despite subsection (2), but subject to subsection (15), the following rules apply in the circumstances specified in a Guideline issued for the purposes of this section to a document that is listed in section 66, is specified in the Guideline and is required under this Regulation to be delivered to an insurer to whom the Guideline applies:

1. Subject to paragraphs 2 and 3, the document and any attachments to it shall be delivered to the insurer only in a manner specified in the Guideline.
2. If the Guideline specifies that a document, exclusive of attachments to it, is to be delivered to a central processing agency on behalf of the insurer,
   i. the document shall be delivered not to the insurer but only to the central processing agency specified in the Guideline and only in a manner specified in the Guideline, and
   ii. attachments to the document shall be delivered not to the central processing agency but only to the insurer in a manner specified in the Guideline.
3. If the Guideline specifies that a document, together with attachments to it, is to be delivered to a central processing agency on behalf of the insurer, the document and the attachments shall be delivered not to the insurer but only to the central processing agency specified in the Guideline and only in a manner specified in the Guideline.
4. A document referred to in paragraph 1, 2 or 3 shall be deemed not to have been received by the insurer to whom it is addressed, if it is delivered to the insurer otherwise than as specified in the Guideline. O. Reg. 34/10, s. 64 (7)

(8) A document referred to in paragraph 2 of subsection (7) is deemed to be received by the insurer to whom it is addressed on the later of, FAX NUMBER 416-774-3120 → ADDRESS

(a) the date on which the document, delivered in a manner specified in the Guideline to the central processing agency on behalf of an insurer to whom the Guideline applies, is determined by the central processing agency to be duly completed and to contain all information required by this Regulation to be included in it; and

(b) the date on which the last of any attachments is received by the insurer. O. Reg. 34/10, s. 64 (8). TO BE DELIVERED

(9) A document referred to in paragraph 3 of subsection (7) is deemed to be received by the insurer to whom it is addressed when the document and any attachments to it are delivered in a manner specified in the Guideline to the central processing agency on behalf of an insurer to whom the Guideline applies and the document is determined by the central processing agency to be duly completed and to contain all information required by this Regulation to be included in it. O. Reg. 34/10, s. 64 (9).

(10) For the purposes of subsections (8) and (9), the central processing agency shall be deemed to have determined, on the day the document was delivered to the central processing agency in a manner specified by the Guideline, that the document is duly completed and contains all information required by this Regulation to be included in it unless the central processing agency notifies the sender, in a manner specified in the Guideline and not later than the second business day after the document was delivered to the central processing agency, that the document is not duly completed or does not contain all information required by this Regulation to be included in it. O. Reg. 34/10, s. 64 (10).

(11) A notice under subsection (10) must include sufficient particulars to enable the sender to remedy the deficiency. O. Reg. 34/10, s. 64 (11).

(12) The central processing agency shall, as soon as practicable, make the contents of the document available to the insurer to whom the document is addressed. O. Reg. 34/10, s. 64 (12).

14(3) An insurer that is deemed by subsection (8) or (9) to have received a document, other than an invoice to which **subsection 49 (1)** applies, shall in the manner and within the time required by the Guideline provide the central processing agency with the following information, which may include personal information.

1. Particulars of the goods or services referred to in the document for which the insurer agrees to pay and the amount the insurer agrees to pay in respect of such goods or services.
2. Particulars of the goods or services referred to in the document for which the insurer does not agree to pay. O. Reg. 34/10, s. 64 (13).

(14) Following receipt of the last of any attachments to a document in accordance with paragraph 2 of subsection (7), an insurer shall notify the central processing agency for the purpose of the application of clause (8) (b), in the manner and within the time required by the Guideline. O. Reg. 34/10, s. 64 (14).

(15) Subsections (7) to (14) do not apply to a document if the insurer has waived the requirement that the document be submitted to the insurer in circumstances permitted by the Regulation. O. Reg. 34/10, s. 64 (15).

(16) Nothing in this Regulation prohibits any person from delivering a document to which subsection (7) applies to the central processing agency on behalf of a person otherwise required to deliver it. O. Reg. 34/10, s. 64 (16).

(17) If an attempt is made to personally deliver a document to a person at his or her place of residence and, for any reason, it is not possible to personally deliver the document to the person, the document may be delivered by leaving a copy, in a sealed envelope addressed to the person, at the person's place of residence with anyone who appears to be an adult member of the same household. O. Reg. 34/10, s. 64 (17).

(18) In the absence of evidence to the contrary, a person is deemed to receive anything delivered by ordinary mail under clause (2) (d) on the fifth business day after the day the document is mailed in accordance with clause (2) (d). O. Reg. 34/10, s. 64 (18).

(19) A document that is delivered by fax must include a cover page indicating,

(a) the sender's name, address and telephone number;

(b) the name of the person for whom the document is intended;

(c) the date of the accident to which the document relates;

(d) the name, address and telephone number of the person to whom the document relates;

(e) the date and time the fax is sent;

(f) the total number of pages faxed, including the cover page;

(g) the telephone number from which the document is faxed; and

(h) the name and telephone number of a person to contact in the event of transmission problems with the fax. O. Reg. 34/10, s. 64 (19).

(20) A document delivered in accordance with clause (2) (a), (b), (c), (c.1) or (d) after 5 p.m. local time of the recipient shall be deemed to be delivered on the next business day. O. Reg. 34/10, s. 64 (20); O. Reg. 705/21, s. 1 (2).

(129)

14(31) Despite subclause (2) (d) (i) and subsections (18) and (20), if the insurer provides the name and address of a contact person to whom documents are to be delivered, anything delivered to the insurer that is not addressed to the attention of the contact person at that address shall not be considered to have been delivered to the insurer until it is received by the contact person. O. Reg. 34/10, s. 64 (21).

(22) Subject to subsection (20), subsection 22 (3) of the *Electronic Commerce Act, 2000* applies to determine when a document delivered in accordance with clause (2) (e) is deemed to be delivered to the recipient. O. Reg. 34/10, s. 64 (22).

(23) If subsection (8) or (9) applies, the recipient for the purposes of subsection (22) is the central processing agency. O. Reg. 34/10, s. 64 (23).

(24) A reference in this Regulation to a number of days between two events shall be read as excluding the day on which the first event happens and including the day on which the second event happens. O. Reg. 34/10, s. 64 (24).

(25) Subject to subsection (26), if any provision of this Regulation requires a person to do anything within a time period expressed in days or business days, the time period is deemed to expire on the last day of the time period at 5 p.m. local time. O. Reg. 34/10, s. 64 (25).

(26) If a time period in which a person is required to do anything expires on a day that is not a business day, the time period is deemed to expire on the next day that is a business day at 5 p.m. local time. O. Reg. 34/10, s. 64 (26).

(27) For the purposes of subsections (25) and (26), if the person delivering a document or notice and the person to whom the document or notice is to be delivered are in different time zones, references to 5 p.m. local time shall be read as references to the time when it is 5 p.m. in one time zone and after 5 p.m. in the other time zone. O. Reg. 34/10, s. 64 (27).

(28) A regulated health professional who receives a document under the authority of subsection (3) shall immediately notify the insured person by telephone of the substance of the document and send a copy of the document to the insured person. O. Reg. 34/10, s. 64 (28); O. Reg. 705/21, s. 1 (3).

(29) An insurer shall not deliver documents to a regulated health professional in reliance on an authorization under subsection (4) unless the documents are expressly specified in the authorization referred to in that subsection. O. Reg. 34/10, s. 64 (29).

(30) In this section,

"personal information" means information that is personal information for the purposes of the *Personal Information Protection and Electronic Documents Act* (Canada) or personal health information for the purposes of the *Personal Health Information Protection Act, 2004*. O. Reg. 34/10, s. 64 (30).

145 (139)

Substitute decision-makers

65. Any consent, notice or other thing to be given by or to an insured person under this Regulation may be given by or to a person exercising a power of decision on behalf of the insured person under the authority of the *Substitute Decisions Act, 1992* or as authorized under the *Health Care Consent Act, 1996*. O. Reg. 34/10, s. 65.

Forms

66. Each of the following documents shall be in a form approved by the Chief Executive Officer:

1. An application form referred to in clause 32 (2) (a).
2. A disability certificate under section 21, 36 or 37.
3. A notice under section 35.
4. A treatment and assessment plan referred to in section 38.
5. A treatment confirmation form under section 40.
6. A notice under subsection 40 (3).
7. An application for attendant care benefits under section 42 (Assessment of Attendant Care Needs).
8. An application under subsection 45 (1).
9. An invoice in respect of an expense for goods or services specified in a Guideline applicable for the purposes of section 49. O. Reg. 34/10, s. 66; O. Reg. 123/19, s. 9.

When form is considered completed

67. (1) Any document that is required by section 66 to be in a form approved by the Chief Executive Officer and to which subsection 64 (7) applies and any other document specified in a Guideline applicable for the purposes of this section is duly completed and includes all information required by this Regulation to be included in it if,

(a) every field not identified on the form as an optional field is completed in accordance with subsection (2); and

(b) if any field on the form that is identified as an optional field is completed, it is completed in accordance with subsection (2).
O. Reg. 34/10, s. 67 (1); O. Reg. 123/19, s. 9.

(2) If the form specifies the manner or the format in which a field is to be completed, completion of the field shall be in that manner and in that format. O. Reg. 34/10, s. 67 (2).

Transition re forms

67.1 References in this Regulation to a form approved by the Chief Executive Officer are deemed to include the last form approved by the Superintendent for the purposes of the relevant provision prior to the day section 22 of Schedule 13 to the *Plan for Care and Opportunity Act (Budget Measures), 2018* came into force until the Chief Executive Officer approves a subsequent form for the purposes of the relevant provision. O. Reg. 123/19, s. 6.

TAB 29 (131)

PART XIII

TRANSITIONAL PROVISIONS

Transitional, optional benefits

68. (1) Despite any other provision of this Regulation and unless otherwise agreed in writing by the named insured and the insurer, subsection (2) applies to every motor vehicle liability policy that is in effect on September 1, 2010 until the earlier of,

(a) the first expiry date under the motor vehicle liability policy; and

(b) the day on which the motor vehicle liability policy is terminated by the insurer or the insured, if the policy is terminated before the day referred to in clause (a). O. Reg. 34/10, s. 68 (1).

(2) The following benefits are deemed to be included in the motor vehicle liability policy and are applicable to an insured person in respect of the motor vehicle liability policy:

1. The optional caregiver, housekeeping and home maintenance benefit referred to in paragraph 2 of subsection 28 (1).

2. The optional medical and rehabilitation benefit referred to in paragraph 3 of subsection 28 (1), as it read immediately before Ontario Regulation 251/15 came into force.

3. The optional attendant care benefit referred to in paragraph 4 of subsection 28 (1), as it read immediately before Ontario Regulation 251/15 came into force.

4. All optional benefits referred to in subsection 27 (1) or section 28 or 29 of the Old Regulation that were purchased and still in effect on September 1, 2010. O. Reg. 34/10, s. 68 (2); O. Reg. 251/15, s. 21.

Application of Regulation 672, O. Reg. 776/93 and O. Reg. 403/96

68.1 For greater certainty, the following rules apply with respect to accidents that occurred before September 1, 2010:

1. Regulation 672 of the Revised Regulations of Ontario, 1990 (Statutory Accident Benefits Schedule — Accidents before January 1, 1994), as it read immediately before it was revoked by Ontario Regulation 346/20, continues to apply in respect of accidents occurring before January 1, 1994.

2. Ontario Regulation 776/93 (Statutory Accident Benefits Schedule — Accidents after December 31, 1993 and before November 1, 1996), as it read immediately before it was revoked by Ontario Regulation 347/20, continues to apply in respect of accidents occurring after December 31, 1993 and before November 1, 1996.

3. Ontario Regulation 403/96 (Statutory Accident Benefits Schedule — Accidents on or after November 1, 1996), as it read immediately before it was revoked by Ontario Regulation 348/20, continues to apply in respect of accidents occurring on or after November 1, 1996 and before September 1, 2010. O. Reg. 349/20, s. 1.

PART XIV (OMITTED)

69. Omitted (provides for coming into force of provisions of this Regulation). O. Reg. 34/10, s. 69.

CITATION: Chubb Insurance Co. of Canada v. Zurich Insurance Company, 2024 ONSC 2929
COURT FILE NO.: CV-22-00686871-0000
DATE: 20240523

ONTARIO

SUPERIOR COURT OF JUSTICE

IN THE MATTER of the Insurance Act, R.S.O. 1990, c. I.8, Section 268 and Regulation 283/95 made under the Insurance Act
AND IN THE MATTER of the Arbitration Act, 1991, S.O. 1991, c.17
AND IN THE MATTER of an Arbitration

BETWEEN:	
CHUBB INSURANCE COMPANY OF CANADA Appellant	Kadey B.J. Schultz and Colin MacDonald, for the Appellant
– and –	
ZURICH INSURANCE COMPANY Respondent	Eric K. Grossman and Rebecca J. Brown Greer, for the Respondent
	HEARD: May 14, 2024

AKAZAKI J.

REASONS FOR DECISION

[1] The anomalous situation giving rise to this arbitration appeal arose from Zurich Insurance Company and Chubb Insurance Company of Canada both being the primary motor vehicle liability insurer of Sukhvinder Singh's Statutory Accident Benefits (SABS), even though one issued a policy and the other did not.

[2] Zurich insured the rental Ford Windstar minivan in the typical way, by selling a policy of fleet insurance to the rental company. After the rental company refused to provide insurance particulars to Ms. Singh's lawyer, she instructed her lawyer to submit the SABS application to Chubb, whom she mistakenly assumed was the automobile insurer. The Supreme Court of Canada ultimately held, after appeals from one arbitration decision, that this misdirected application made Chubb an insurer for the purpose of Ms. Singh's SABS claim.

OS-1

(163)

[3] A second arbitrator then concluded that Chubb was solely liable to pay Ms. Singh 's SABS benefits and that it must reimburse Zurich $998,368.99. Chubb appeals from that decision and contends that Zurich should have been found solely responsible.

[4] I have determined that the second arbitrator's decision was in error by omitting analysis of the interplay between the automobile insurance legislation and the insurance priority dispute regulation. However, the error does not lead to the reversal of fortunes sought by Chubb. Instead, correction of the error leads to the conclusion that the two insurers were equal in priority and must share liability 50/50. The exception to that equitable remedy is that each insurer must be responsible for the 2% compound interest sanction provided in the SABS regulation, in respected of delay intervals attributable to each insurer.

THE ISSUES

[5] The priority regime under s. 268 of the *Insurance Act*, R.S.O. 1990, c. I.8. is designed to pick one insurer among several that may have issued a motor vehicle liability policy to various parties injured in a traffic accident. It makes sure that no one is left without recourse to a minimum level of insurance. If there is no automobile insurance, the state-funded Motor Vehicle Accident Claims Fund appears at the bottom of the list as the insurer of last resort. Were it not for the rental company's misdirection, Zurich would have been the priority insurer and Chubb would never have been involved.

[6] The regulation for resolving priority, O. Reg. 283/95, allows the injured party to apply for benefits from any of the available insurers and to expect adjustment and payment of benefits immediately. The regulation then imposes the burden on the chosen insurer to notify another insurer within 90 days that the other insurer is higher in priority and therefore obligated to assume coverage. In the absence of grounds to extend that period, the chosen insurer cannot deny its liability to the claimant after it expires. By litigating instead of putting Zurich on notice, Chubb, too became a priority insurer on a permanent basis. Apart from these features, O. Reg. 283/95 is really intended to provide for private arbitration and to keep priority disputes out of the courts.

[7] The second arbitrator sanctioned Chubb for its initial refusal to accept the claim by treating it as the priority insurer *instead* of Zurich. The fact that Chubb ended up shouldering an insurance claim for which Zurich received the premium may seem intuitively wrong. However, the path to the result on appeal requires following several analytical steps:

1. Origin of Claim and Outcome of the First Arbitration and Appeals
2. Second Arbitral Award
3. Grounds of Appeal and Standard of Review
4. Interaction of O. Reg. 283/95 and s. 268 of the *Insurance Act*

186

(169)

517

5. Sanction for Breach of O. Reg. 283/95

ORIGIN OF CLAIM AND OUTCOME OF THE FIRST ARBITRATION AND APPEALS

[8] The first arbitration, after all three appeals, resulted in a determination that there was a sufficient nexus between the claim for accident benefits and Chubb to make it an "insurer" for the responsibility to pay accident benefits under s. 2 of Reg. 283/95 and s. 268 of the *Insurance Act*, even though it did not insure the vehicle rented by the driver. The rationale for inserting of Chubb into a regime for requiring an automobile insurer to pay benefits pending a priority dispute will have a bearing on the outcome of the appeal, because the provisional first-insurer rule under the regulation and the priority regime under the statute operate differently.

[9] The driver, Ms. Singh, was involved in a single-vehicle accident on September 23, 2006. She returned the damaged rental car on September 25 to Wheels 4 Rent. The rental company tried several times to contact her, without success. The branch manager submitted a "records only" claim for reporting purposes, because the company's automobile policy with Zurich did not provide collision coverage. He submitted that report to McLarens, the insurance adjusting company administering the fleet coverage on behalf of Zurich. Wheels 4 Rent considered the matter closed and wrote off the damage.

[10] Several weeks later, Ms. Singh started experiencing upper body pain and decided to pursue a SABS claim. To do this, her lawyer needed to know the name of the insurance carrier and policy number. The client's recollection was that the rental agency offered coverage with Chubb. She did not know that this was only a policy of optional accidental death and dismemberment insurance which she had not purchased. Her lawyer, Murray Tkatch, telephoned Wheels 4 Rent to obtain the insurance particulars. After receiving no response, he sent a letter on November 6, 2006, to Gerry Weintraub at Wheels 4 Rent's corporate headquarters. On November 7, Ernest Weintraub, the president of the company, wrote back that it was not required to release the requested information because it was unaware of any accident. On November 9, 2006, Mr. Tkatch submitted an already-prepared OCF-1 Application for Accident Benefits to Chubb. The covering letter specifically stated that he was submitting the claim to Chubb because the rental company refused to provide information about the insurer. Chubb refused to accept the claim because it did not insure the automobile. It also failed to assist the claimant by contacting the insurance broker who also placed the Zurich fleet automobile insurance. This turned out to be a costly mistake.

[11] Chubb later argued that the November 7 letter amounted to a wrongful deflection of the accident benefits claim away from Zurich, because Mr. Weintraub was a sophisticated insured. As the second arbitrator found, the refusal to provide the insurance particulars amounted to the rental agency's violation of s. 269 of the *Insurance Act*, R.S.O. 1990, c. I.8. However, the arbitrator also declined to find that this amounted to a deflection of the SABS claim by Zurich, since Zurich did not find out about the claim until June 3, 2008. This came about after Chubb refused to accept Ms. Singh's claim and after further inquiries by Mr.

187

Tkatch. Had Mr. Weintraub provided the insurance information instead of refusing to provide it, there is no doubt that Ms. Singh's lawyer would have submitted the OCF-1 to Zurich instead of Chubb.

[12] The other side of the deflection argument was that, as the second arbitrator found, Chubb could easily have ascertained that Zurich was the automobile insurer. Had Chubb done so, it could have set up an undisputable redirection of the claim to the proper insurer within the 90-day period under s. 3 of O. Reg. 283/95. Counsel for Chubb argued that, in 2006, the legal landscape was different than in 2015, after the Supreme Court of Canada held that Chubb ought to have responded to the SABS claim immediately on a 'pay first and dispute later' basis. I agree that this court should be cautious about superimposing current conduct expectations on decade-old circumstances. Nor does this court possess the jurisdiction to revisit the Supreme Court decision that determined the legal relations of the parties in 2006.

[13] The lengthy trajectory to that 2015 decision and its outcome can be summarized very briefly. After being notified of the claim, Zurich began to adjust and pay the claim on a without-prejudice basis in 2009. This halted the mediation-arbitration proceedings pending before the Financial Services Commission of Ontario (FSCO), the adjudicative body at the time. Zurich started an arbitration with Chubb under s. 7 of O. Reg. 283/95 under the *Insurance Act*. The issues on the arbitration were threefold:

1. Whether Chubb was an 'insurer' for the purposes of s. 268 of the *Insurance Act* and O. Reg. 283/95;

2. if Chubb was an 'insurer' for such purposes, whether it complied with O. Reg. 283/95; and

3 the amounts, if any, was Chubb responsible for indemnifying Zurich.

[14] The first arbitrator held that Chubb was not an 'insurer' because there was no nexus between it and the SABS claim. On appeal to this court, Goldstein J. set aside the arbitral award to Chubb on the basis that the claim submission to Chubb, albeit remote, was not arbitrary: 2012 ONSC 6063. Chubb appealed successfully to the Court of Appeal, subject to the dissenting opinion of Juriansz J.A.: 2014 ONCA 400. The Supreme Court then restored Goldstein J.'s decision, by adopting that dissent: 2015 SCC 19.

[15] In a nutshell, Ms. Singh's vague recollection about seeing Chubb's name at the rental office was sufficiently non-arbitrary to require Chubb to step into the shoes of the "first insurer" for the purposes of s. 2(1) of the regulation:

> 2.(1) The first insurer that receives a completed application for benefits is responsible for paying benefits to an insured person pending the resolution of any dispute as to which insurer is required to pay benefits under section 268 of the Act. O. Reg. 283/95, s. 2.

[16] As described in the prevailing appellate decisions, the purpose of this regulation was to prevent SABS claims, including vital treatments and income benefits, from being delayed

188

(166)

while insurers fought over priority under s. 268(2) of the *Insurance Act*. In adopting para. 34 of Juriansz J.A.'s dissent, the Supreme Court also accepted that there would have been no nexus if Chubb did not provide automobile insurance in Ontario. Because it did write such policies, it qualified as an 'insurer' who first received the OCF-1, albeit mistakenly.

[17] After six years, the above process answered question #1 of the arbitration agreement by restoring para. 35 of Goldstein J.'s decision:

> The Application is allowed and the Arbitrator's decision is set aside. The matter is remitted back to the Arbitrator to determine the remaining issues on the priority dispute arbitration.

[18] Chubb then took over the adjustment of the claim from Zurich. The two insurers proceeded to the arbitration of the remaining two issues.

SECOND ARBITRAL AWARD

[19] The arbitration could not continue with the original arbitrator, due to his passing. The insurers could not agree on an arbitrator. On May 16, 2018, Dow J. appointed the Hon. Douglas Cunningham as the arbitrator for the remaining issues in dispute: 2018 ONSC 1907. Since the first arbitrator's decision is no longer a factor on this appeal, I will refer to the second one, Mr. Cunningham, henceforth as "the arbitrator."

[20] On August 5, 2022, the arbitrator awarded Zurich $998,368.99, plus prejudgment interest and costs, to be paid by Chubb. In answering the third question in the arbitration, he appears to have concluded that Chubb bore sole liability for the SABS claim by also finding against Chubb on the second question, *viz.* that it breached O. Reg. 283/95.

[21] The first nineteen paragraphs of the award set out the chronology of events and steps up to the 2015 Supreme Court ruling. At para. 20, he stated:

> The Supreme Court having determined a nexus existed between Chubb and Ms. Singh, the issue squarely before me is to determine which insurer is liable to pay statutory accident benefits to Ms. Singh as the priority insurer.

[22] I pause to observe that this question was not before the arbitrator. Neither of the second and third questions in the arbitration agreement required him to assign priority in this way.

[23] In paras. 21-22, he went on to describe the obligation of the first insurer recipient of an OCF-1 form to assume responsibility to adjust and pay appropriate accident benefits, as well as the 90-day period, subject to extension in certain circumstances, to dispute its obligation by providing notice to every insurer who it claims is required to pay under s. 268 of the *Insurance Act*. (The arbitrator incorrectly cited the provisions applicable to accidents after 2010, but nothing turns on this because the operative wording is similar.)

189

[24] In paras. 23 to 43 of the award, the arbitrator considered whether Zurich could have been deemed to have received a completed OCF-1 application in November 2006. This analysis included inferences that could have been drawn from various communications and reports among Ms. Singh's lawyer, the rental company's representatives, and the insurance adjuster for Zurich. He considered the company's breach of s. 269 in failing to provide insurance particulars to the lawyer, as well as the question whether the company and the adjuster had reason to believe that Ms. Singh intended to file a SABS claim with Zurich. Thus, at para. 43, the arbitrator found that "nothing that could be considered an accident benefits claim ever made its way to Zurich until sometime after June 3, 2008." after the lawyer discovered that Zurich was the actual automobile insurer. He found, in paras. 44-49, that Chubb could easily have identified Zurich at the outset and avoided the whole problem, instead of waiting for 18 months.

[25] The arbitrator then concluded, in paras. 50-62, that Chubb was the first recipient of the OCF-1 and should have begun investigating, adjusting, and paying benefits. It was then incumbent on Chubb to try to discover who the real automobile insurer was and to put that insurer on notice. He found, at para. 57, that Ms. Singh, who had pre-existing mental health issues, deteriorated dramatically during the period of delay.

[26] Counsel for Chubb urged at the appeal hearing that the implication that Chubb was responsible for the delay was contrary to his earlier finding, at para. 42, that the claimant's condition only began to deteriorate in 2009. Chubb further argued that if such deterioration could be due to delay in treatment or payments, it occurred after Zurich's without-prejudice undertaking to take over the claim in 2009.

[27] While I appreciate the apparent contradiction between paras. 42 and 57 on this point, the arbitrator's reasons could well have meant to explain that the 2006-09 period without treatment could have led to the deterioration after 2009. The evidence behind the curtain consisted of information from the claim and not any forensic etiology of the course of Ms. Singh's impairments. I take the arbitrator's commentary in these paragraphs to mean only that if Chubb had responded properly to the claim in 2006 and handed over responsibility to Zurich within 90 days, Ms. Singh would have had the full benefit of the Ontario SABS benefit scheme for whatever chance she had to avoid deterioration of her pre-existing condition. I did not read them as attributing cause and effect in the manner of a tort claim. In this light, there was no real contradiction between the paragraphs.

[28] Starting at para. 63, the arbitrator explored "the impact of Chubb failing to give notice within 90 days, let alone its failure to investigate at all ... given Zurich's argument that Chubb ought to be entirely responsible for the payment of Ms. Singh's accident benefits." Chubb's argument was that it could not be the priority insurer because Zurich was the actual motor vehicle insurer.

[29] The arbitrator considered the Court of Appeal's decisions in *Kingsway General Insurance Company v. Ontario*, 2007 ONCA 62, as well as *Wawanesa Mutual Insurance Company v. Lombard Canada*, 2010 ONCA 383, as requiring the court to sanction an insurer for having failed to accept a claim at least provisionally under s. 2 of O. Reg. 283/95. He also explored

190

(168)

the consequences of such an insurer's failure to give notice to other insurer(s) within 90 days under s. 3. The arbitrator also observed that the Court of Appeal considered the breach of s. 2 to be serious but not automatically leading to permanent liability for the claim.

[30] He then considered *Kingsway General Insurance Co. v. West Wawanosh Insurance Co.*, 2002 CanLII 14202, 58 O.R. (3d) 251, in which the Court of Appeal considered whether the first-recipient insurer gave notice under s. 3 under O. Reg. 283/95 or whether the 90-day period should be extended.

[31] Finally, the arbitrator cited para. 62 from the decision of Strathy J. (as he then was) in *Lombard Canada Ltd. v. Royal & SunAlliance Insurance Co.* (2008), 94 O.R. (3d) 62 (Ont. S.C.J.). For the sake of completeness, I add and italicize the final two sentences omitted from para. 82 of the award:

> 62 In my view, there is much to be said for an inflexible rule that an insurer who fails to pay benefits and fails to put other insurers on notice on receipt of an application, with which there is some nexus, should be found permanently responsible for the claimant's benefits. This promotes compliance with the statutory scheme. It is no more inequitable than fixing permanent responsibility on the first insurer, who initially pays the claim but fails to give timely notice to the other insurer under subsection 3(2). *It is not necessary, in this case, to decide whether the rule should be inflexible. It is sufficient to say that I agree with the Arbitrator's decision on the facts of this particular case.*

[32] The arbitrator distilled these decisions as follows, before concluding that Chubb, not Zurich, was liable to pay Ms. Singh's benefits as the priority insurer:

> 83. One sees a steady trajectory in the reasoning from Sharpe JA in *West Wawanosh* to Laskin JA in *Kingsway* to Sharpe J [*sic*] in *Lombard*. For there not to be consequences would be to defeat the legislation's public policy: pay now and dispute later. A policy that ensures the provision of accident benefits in a timely manner such that claimants do not end up in the middle of disputes between insurers. As Sharpe JA noted in *West Wawanosh*: "Insurers subject to this regulation are sophisticated litigants who deal with these disputes on a daily basis." And those comments were made over 20 years ago.

GROUNDS OF APPEAL AND STANDARD OF REVIEW

[33] There was no dispute over the appellate standard of review in a general sense.

[34] Pursuant to s. 7 of O. Reg 283/95, the arbitration was to be conducted pursuant to the *Arbitration Act, 1991*, S.O. 1991, c. 17 (*Arbitration Act*). The jurisdiction to hear the appeal from an arbitration lies to this court under s. 45 of the *Arbitration Act*. The standard of review under the arbitration agreement in this case was already determined by Goldstein J. in the

191

(169)

appeal from the first arbitration: *Zurich Insurance v. Chubb Insurance*, 2012 ONSC 6363, at para. 8:

> The arbitration agreement between the parties provides for an appeal to a judge of the Superior Court of Justice on a question of law or a question of mixed fact and law. The arbitration agreement itself sets out that the standard of review on a question of law is correctness. On a question of mixed fact and law, the standard of review is reasonableness.

[35] The arbitration agreement did not provide for appeals on questions of fact alone.

[36] The notice of appeal cited numerous grounds, including various grounds embedded in the prayer for relief. These included assertions that the arbitrator inflexibly sanctioned Chubb by deeming it the sole insurer when a flexible approach was required, insufficiency of reasons, disregard for the reality that it was Zurich's dispute and not Chubb's, incorrect interpretation of the applicable legal standards, and failing to provide procedural fairness. I will not consider various grounds characterized as failures to consider evidence, because the arbitral agreement provided no appeal on questions of fact alone.

[37] The notice of appeal did not expressly state the arbitrator's recasting of the two remaining questions in the arbitration, although this has to be an integral element of considering grounds such as the employment of an inflexible legal test or the lapse in procedural fairness. The two questions deal with the legal consequences of the determination in the first arbitration that Chubb was an insurer for the purposes of the statute and the regulation.

[38] Appellate review of the second arbitral award therefore needs to start with the arbitrator's appreciation of the interaction of the statute and the regulation before concluding that Chubb was in breach and imposing the sanction for that breach. This statutory interpretation exercise, obviously an issue to be settled on a correctness standard of appellate review, requires the appellate court to begin with the conclusion it would have made in the lower tribunal's place: *Canada (Minister of Citizenship and Immigration) v. Vavilov*, [2019] 4 S.C.R. 653, at para. 15.

[39] The appellate review of the decision to impose on Chubb sole responsibility as if it were the priority insurer under s. 268 is a question of mixed fact and law because it requires application of the appropriate legal framework on the facts. The sanction, framed as an indemnity claimed by Zurich in the third question in the arbitration, can therefore save the arbitral award even if this court finds an error of statutory interpretation on the correctness standard, if the decision comes within a range of reasonable outcomes when the correct law is applied to the facts. The reasonableness standard for questions of mixed fact and law requires the appellate court to focus on the actual decision under review and a tracing of the decision maker's reasoning without fatal flaws in the overarching logic, including "analysis, inference and judgment" (*Vavilov*, para. 102).

192

(170)

INTERACTION OF O. REG. 283/95 AND S. 268 OF THE *INSURANCE ACT*

(a) Positions of the Parties

[40] Chubb's principal position on the appeal was that Zurich improperly deflected the whole claim to Chubb. Had the rental company, as a sophisticated insured, responded to Ms. Singh's lawyer properly, Zurich would have had to respond as the s. 268 priority insurer, insofar as Chubb became liable to Ms. Singh under s. 2 of the regulation. Chubb's position was that s. 2 did not impose permanent liability on Chubb and the arbitrator failed to follow the court precedents requiring a flexible approach.

[41] The arbitrator rightly analyzed Chubb's point on deflection to have been a counterfactual argument and not as grounds for finding that the rental company's misconduct should attract liability on Zurich's part. Zurich agreed with that finding and contended that the arbitrator was correct in concluding that Chubb became the sole insurer on the claim. Zurich maintained that Chubb's failure to dispute priority within the 90 days disentitled Chubb from taking the position that Zurich should be liable for the claim.

[42] In staking out their respective positions, the parties forcefully pointed the finger at the other based on Zurich's liability under the statute and Chubb's under the regulation. I could see how they may have driven the arbitrator into error by requiring him to choose between such opposed views when, in plain sight, the solution was that they were both equally on the hook for the claim by operation of the separate legislative provisions

(b) Interpreting O. Reg. 283/95 in the Context of s. 268 of the Insurance Act

[43] The overarching logic of the arbitrator's award started with the Supreme Court's ruling that there was a sufficient nexus between Ms. Singh and Chubb that it was an insurer for the purposes of s. 268 of the *Insurance Act* and O. Reg. 283/95 and concluded by imposing as a sanction that Chubb be the priority insurer solely liable for the payment of the SABS benefits. He explained how Chubb's breach of ss. 2 and 3 of O. Reg. 283/95 made it sanctionable and incapable of disputing its obligation to pay benefits. However, his award did not reveal consideration of the effect of deeming Chubb an automobile insurer for the purposes of s. 268. The award referred to s. 268 several times without examining how it settled the insurers' competing positions. In the absence of this statutory analysis, the appellate court is required to start afresh.

[44] O. Reg. 283/95 is a regulation made under the *Insurance Act*. The modern approach to interpretation requires the application of two principles. First, the regulation has to be read in the context of the enabling act as a whole. Second, because regulations are submitted to industry consultations and amendments before proclamation, they tend to reflect important policy choices "to ensure order and stability in regulated industries." See: *Bristol Myers Squibb Co. v. Canada (Attorney General)*, [2005] 1 SCR 533, at paras. 99-100. With these two interpretive principles in mind, I turn first to s. 1 of the regulation

193

171

1. All disputes as to which insurer is required to pay benefits under section 268 of the Act shall be settled in accordance with this Regulation. O. Reg. 283/95, s. 1.

[45] In particular, s. 268(2) of the *Insurance Act* provides a hierarchy of insurers whose policies could be available for a claim. The insurers are ranked based on contractual proximity to the insured person. Thus, the priority insurer for no-fault benefits is one's own insurance carrier, followed by the insurer of the automobile without regard to insured status, followed by the insurer of any other automobile involved, followed by the provincial fund as the insurer of last recourse. The clear intent is to make sure no one is left without coverage and to distribute underwriting risk based on closeness to the claimant, notably the claimant's occupancy of the vehicle in which she suffered the injury:

Liability to pay

(2) The following rules apply for determining who is liable to pay statutory accident benefits:

1. In respect of an occupant of an automobile,

i. the occupant has recourse against the insurer of an automobile in respect of which the occupant is an insured.

ii. if recovery is unavailable under subparagraph i, the occupant has recourse against the insurer of the automobile in which he or she was an occupant.

iii. if recovery is unavailable under subparagraph i or ii, the occupant has recourse against the insurer of any other automobile involved in the incident from which the entitlement to statutory accident benefits arose.

iv. if recovery is unavailable under subparagraph i, ii or iii, the occupant has recourse against the Motor Vehicle Accident Claims Fund.

Liability

(3) An insurer against whom a person has recourse for the payment of statutory accident benefits is liable to pay the benefits. R.S.O. 1990, c. I.8, s. 268 (3); 1993, c. 10, s. 1

[46] These subsections first limit the claimant's recourse to the insurer with the highest ranking on the priority list and then affix liability on that insurer.

[47] There are situations where an injured party might have recourse against more than one insurer of equal priority. For example, a driver of a company car could be insured by the employer's insurance and also by one's personal automobile insurer. In such instances, the claimant is entitled to choose the insurer:

194

Choice of insurer

(4) If, under subparagraph i or ii of paragraph 1 or subparagraph i or ii of paragraph 2 of subsection (2), a person has recourse against more than one insurer for the payment of statutory accident benefits, the person, in his or her absolute discretion, may decide the insurer from which he or she will claim the benefits. R.S.O. 1990, c. L8, s. 268 (4); 1993, c. 10, s. 1

[48] Priority most frequently becomes an issue when the injured party is not an operator of the involved vehicle and does not own a vehicle. For example, a pedestrian struck by another's vehicle after parking his or her car will have recourse to the insurer of the parked car and not that of the driver of the vehicle causing the collision. But another pedestrian who does not own a vehicle would have recourse against the insurer of the vehicle that struck him or her. In these typical scenarios, the list in s. 268(2) imposes priority only because it does not allow the claimant to apply for benefits from an insurer lower in the list. In this case, it was not disputed that Zurich was the priority insurer because Ms. Singh did not have her own car insurance and she was injured while driving the rental agency's vehicle. If it had been a two-vehicle collision, she did not have recourse against the insurer of the other vehicle.

[49] The priority rules under the *Insurance Act* have supplanted the doctrine of equitable contribution otherwise applicable to duplicate insurance. In instances of multiple insurers of equal priority, the claimant's election determines priority under s. 268(2), provided the election is informed one, in the sense that the claimant is aware of multiple policies and the right to choose: *Jevco Insurance Co. v. Pilot Insurance Co.*, 2003 CanLII 5265 (ON SC), at para. 7, and *Intact Insurance v. Economical Mutual*, 2021 ONSC 7750, at para. 70-75.

[50] In this case, however, there was no informed election. At paras. 38-40 of his award, the arbitrator found that the claimant's lawyer submitted her OCF-1 to Chubb because of the rental company's breach of s. 269 in refusing to provide insurance particulars. Indeed, the rental company's response failed to disabuse Mr. Tkatch of the stated belief that Chubb was the insurer. There was no decision, in the sense of the claimant's discretion under s. 268(4).

[51] The first arbitration, after appeals, concluded with the determination that Chubb was an insurer for the purposes of s. 268 and the regulation. The entry point for that "nexus" determination was s. 2 of O. Reg. 283/95:

2. (1) The first insurer that receives a completed application for benefits is responsible for paying benefits to an insured person pending the resolution of any dispute as to which insurer is required to pay benefits under section 268 of the Act. O. Reg. 283/95, s. 2.

(2) Subsection (1) applies in respect of benefits that may be payable as a result of an accident that occurs before September 1, 2010. O. Reg. 38/10, s. 2.

[52] The Supreme Court adopted Juriansz J.A.'s "nexus" analysis to answer the first question in the arbitration in the affirmative. In the second arbitration, the arbitrator made a factual

(173)

finding that Chubb was the "first insurer" to receive a completed application. The unassailable reasoning was that Chubb did receive such an application in November 2006, and Zurich did not. He did not accept Chubb's assertion that Zurich "deflected" the claim to Chubb, because Zurich itself had no knowledge of it until months later. I need not consider that deflection argument, repeated on appeal, except that the rental company's violation of s. 269, although having no bearing on Zurich, was part of the factual matrix of the case.

[53] As a matter of legislative and regulatory purpose, the arbitrator correctly cited the public policy decision to require an automobile insurer to start a claim under s. 2 even if the priority insurer were another insurer. This relieved the claimant from having to wait, sometimes for months, while insurers fought over priority. The *provisional* liability of the "first insurer" under s. 2 of the regulation is subject to the priority dispute under s. 268. That means the "first insurer" wording does not mean that it is a priority insurer. To consider the wording as importing any form of priority under s. 268 defies the logic of the interaction between the regulation and the statute. It is s. 268, and s. 268 alone, that determines priority.

[54] I observe, in passing, that the sanctions described in the case law cited by the arbitrator, including those at the Court of Appeal, are judge-made sanctions. As a matter of principle, there is no difference between an insurer's failure to pay under s. 2 and a failure under any provision of the SABS, which was in this case O. Reg. 403/96. Under that pre-2010 regime, the main disincentive for an insurer to delay adjustment and payment of benefits was compound interest of 2% per month under s. 46. Given that the regulation defined the penalty for an insurer's breach of the obligation to pay, the "sanction" described in the case law seems very close to the "nominate tort of statutory breach" rejected by the Supreme Court in *The Queen (Can.) v. Saskatchewan Wheat Pool*, [1983] 1 SCR 205, at 225. Since the Court of Appeal decisions are more directly on point, I am obliged to follow them and leave it to these or other parties to test the theory at a higher level of court than mine. That said, in the circumstances of this case, the 2% provision should be a factor in imposing on the appropriate insurer the sanction that was, in fact, codified by regulation.

[55] Section 2 of the regulation therefore imposes a clear obligation on the first insurer to receive a completed application for SABS benefits to start adjusting and paying the claim, "pending the resolution of any dispute as to which insurer is required to pay benefits under section 268 of the Act." Before returning to s. 268, I refer to s. 3(1), which reads:

> 3. (1) No insurer may dispute its obligation to pay benefits under section 268 of the Act unless it gives written notice within 90 days of receipt of a completed application for benefits to every insurer who it claims is required to pay under that section. O. Reg. 283/95, s. 3 (1).

[56] I heard Chubb's extensive argument that Zurich deflected the claim and deprived Chubb of the opportunity to give notice within the 90-day period. The arbitrator correctly held, and I have no appellate jurisdiction to overturn, that Chubb made no investigation to determine the actual automobile insurer, as required under clause 3(2)(b), to justify an extension of the 90-day period. Both Chubb's death and dismemberment policy and Zurich's automobile policy were brokered by the same insurance broker. Instead of denying the claim, it ought to have

196

(174)

started the claim and inquired with the broker about the automobile insurance carrier. There is no basis to disturb the arbitrator's findings that Chubb was the first recipient of the OCF-1 application and that it allowed the 90-day period to lapse.

[57] The statutory estoppel in s. 3 of the regulation precludes an insurer from starting a dispute of the obligation to pay benefits under s. 268 of the *Insurance Act*. The issue of whether the insurer can have the 90 days extended can be part of an arbitration under s. 7. Since the purpose of the regulation is to govern disputes between insurers under s. 268 of the statute, the plain reading of s. 3 is to preclude an insurer whose obligation a claimant has triggered by submitting a claim, perhaps to the wrong insurer in priority, under s. 2, from starting a priority dispute. Priority is the only issue among insurers under s. 268. In most instances, s. 268 operates mechanically and there should be no dispute as such.

[58] To complete the dispute-resolution framework, s. 10 of the regulation provides for insurers notified under s. 3 to notify other insurers, as contemplated in multi-vehicle or multi-policy situations (including insurers of equal priority, per italics added):

> 10. (1) If an insurer who receives notice under section 3 disputes its obligation to pay benefits on the basis that other insurers, excluding the insurer giving notice, have *equal* or higher priority under section 268 of the Act, it shall give notice to the other insurers. O. Reg. 283/95, s. 10 (1).

[59] The above provisions in O. Reg. 283/95 therefore provide a logical framework for orderly resolution of priority disputes, including the preclusion of disputes contesting the first insurer's obligation to pay benefits under s. 268. Section 268, however, provides for liability based on the priority of insurers and, among insurers of the same priority, a choice by the claimant to choose. Beyond that claimant's choice, there is no statutory provision picking the responsible insurer for the purpose of adjusting and paying the claim. The estoppel under s. 3 of the regulation precludes a dispute by the "first insurer" of "its obligation." Usually, that means that it is the priority insurer and that no other insurer is ahead of it.

[60] The use of the word "equal" in s. 10 is also significant because it creates an estoppel by insurers further down the notice chain. However, s. 3 does not contemplate a notice by the s. 2 "first insurer" to an insurer of equal priority, and the only dispute precluded by a failure to give notice under s. 3 is the first insurer's obligation.

(c) The Law of Duplicate or Overlapping Insurance

[61] It is a fundamental principle of insurance law that, in cases of overlapping or duplicate coverage for the same risk, the insured may recover only the value of the actual loss but has the absolute right to select the insurer from whom to seek recovery. The selected insurer has a right to obtain equitable contribution pro rata from the other insurer(s): *Family Insurance Corp. v. Lombard Canada Ltd.*, [2002] 2 S.C.R. 695, at para. 14. I need not consider whether the "choice of insurer" provisions in s. 268, such as s. 268(4), preclude a claim for equitable contribution based on that principle, as the *Jevco* and *Intact* decisions appear to have held by settling priority based on the informed choice made by the claimant.

197

175

[62] Nevertheless, in observing that the "choice of insurer" provisions only codify, for the purpose of clarity, the equitable doctrine that the insured always has the choice between insurers of the same risk, the legislation is silent as to what is to happen where there are two or more insurers at the same level of priority, where there has been no informed choice. Indeed, the issue here must be determined against the backdrop, not of deflection by Zurich, but of the mistaken belief of the claimant that Chubb was the automobile insurer.

[63] Reading the regulation in the context of s. 268 of the statute, it is evident that it was intended to provide a framework for allowing claimants to submit applications for SABS benefits while leaving automobile insurers to dispute priority. By inserting into this regime an insurer who did not provide automobile insurance to any of the involved parties or vehicles, the effect of the Supreme Court's decision was to insert Chubb into priority position with Zurich. That was the effect of the answer to the first question in the arbitration.

(d) Equal Priority in this Case

[64] The consequences of Chubb's breaches of ss. 2 and 3 of the regulation must follow the regulation and the statute. The immediate consequence was that Chubb had an obligation to pay benefits as the first insurer to receive the OCF-1. The second consequence, 90 days later after it performed no investigation of the proper recipient, was that it precluded itself from disputing its obligation to pay the benefits. I agree with Chubb's submission that, according to the case law, breach of s. 2 does not result in an insurer being required to pay benefits to the claimant permanently. The failure to avail itself of s. 3 does. Chubb's permanent liability to pay benefits was a self-inflicted consequence of its failure to adhere to the requirements of both s. 2 and s. 3. This combination of provisions in the regulation transformed Chubb's provisional liability to Ms. Singh into a permanent one.

[65] This does not end the interpretation of the regulation and the statute. If Chubb's failure to follow the regulation made it Ms. Singh's insurer, the statute did not relieve Zurich of its responsibility under s. 268(3) and provided no mechanism for it to be relieved itself of that obligation. Because of the physical impossibility of an injured claimant to have been the occupant of more than one vehicle in a traffic accident, ordinarily an insurer in Zurich's position would stand alone as priority insurer. Chubb, however, inserted itself into that priority ranking alongside Zurich, by operation of ss. 2 and 3 of the regulation.

[66] In *Allstate Insurance Company of Canada v. Progressive Casualty Insurance Company of Canada*, 2002 ONFSCDRS 109, the FSCO appellate tribunal applied the equitable contribution doctrine between SABS insurers of equal priority where there were overlapping injury claims against separate insurers arising from two accidents. The case on appeal here is one of insurers of equal priority, Zurich as the actual insurer in priority and Chubb as the insurer placed in that position out of happenstance. In the absence of a statutory provision allowing Zurich to be lowered in priority, the principles applicable to duplicate or overlapping insurance apply.

(e) Conclusion re Statutory Interpretation and Equal Priority

176

[67] Insofar as the arbitral award did not perform the exercise in statutory interpretation leading to this conclusion, or to any extent approximating it, the arbitrator erred by failing to provide adequate reasons demonstrating that he fully considered the interaction of O. Reg. 283/95 and s. 268 of the *Insurance Act*. When one performs that analysis, it is clear that the unusual facts of this case created two permanent insurers on the claim of equal priority. There was no provision in the legislation to put Chubb ahead of Zurich, or vice versa.

SANCTION FOR BREACH OF O. REG. 283/95

(a) Positions of the Parties

[68] Chubb's position was that the sanction the arbitrator imposed was inflexible and wholly out of proportion with its failure to administer the claim in the opening period. Moreover, the claimant's condition deteriorated starting from the time Zurich assumed handling of the claim and failed to provide benefits for a considerable period.

[69] Zurich argued that Chubb's initial position lasted until the Supreme court ultimately ruled against Chubb on the threshold issue of its status as 'insurer' for the claim. It was Chubb whose intransigence caused the claimant's deterioration and prejudiced Zurich's ability to mitigate the harm by providing benefits earlier.

(b) Applicable Law

[70] Neither of the parties' positions directly addressed the legal basis for the sanction within an area of law whose statutory and regulatory provisions are a complete code and are frequently updated to meet public policy objectives balancing the rights of injured parties and insurers.

[71] As I stated earlier, I am bound to follow the Court of Appeal guidance regarding the imposition of a sanction on an insurer failing to accept a claim under s. 2 of the regulation. In this appeal from the arbitrator, one must question the logic of punishing Chubb by requiring it to replace Zurich. That sanction benefits Zurich but offers no succour to the injured party, whose benefits claim was delayed in the process. If she availed herself of the 2% monthly compound interest, Chubb should be responsible for any portion of her SABS settlement attributable to that regulatory sanction for the period up to Zurich's commencement of payments. That not only seems to be the most just allocation of sanction in the case, but it also aligns with the legislative sanction for insurer non-payment in all cases.

[72] In the absence of a codified sanction for Chubb's breaches of the regulation, the case law providing sanctions for an insurer's breach of s. 2 provides no definitive guidance in an instance where the insurer in breach is only a deemed insurer and where the obvious primary insurer under s. 268 is standing in the wings. In light of this, can the arbitrator's sanction be considered unreasonable?

(c) Does this Case call for a Sanction or Legal Conclusion?

199

(177)

[73] Considering Strathy J.'s decision in *Lombard Canada Ltd. v. Royal & SunAlliance Insurance Co.*, quoted by the arbitrator and reproduced above, the sanction against Chubb is the imposition of permanent liability is equivalent to the legal consequence of its having failed to give notice to Zurich under s. 3 of the regulation. It is not a sanction but, rather, a logical conclusion for failing to give notice.

[74] Chubb's failure to avail itself of s. 3 was a self-inflicted prejudice and had nothing to do with the harm and inconvenience to the claimant caused by its refusal to accept the claim under s. 2, apart from a matter of temporal sequence. Given that the purpose of s. 2 was to prevent priority disputes among insurers from holding up claims, the drafters of the regulation clearly intended a logical separation.

[75] By imposing *sole* liability on Chubb, contrary to the imposition of liability on Zurich by s. 268(3) of the *Insurance Act*, the arbitrator relieved Zurich of its obligation without grounds to do so. In this regard, the sanction he imposed on Chubb fell beyond the range of reasonable legal outcome. The jurisprudence cited by the arbitrator should be distinguished because they dealt with the sanctions or loss of rights of an insurer to assert a priority dispute. As between Chubb and Zurich in this case, their dispute was mischaracterized by the arbitrator as an insurance priority dispute. The proof of this is that there is no means of determining priority between them *qua* issuers of motor vehicle liability policies under s. 268. Chubb's equal priority status should not be considered a sanction for breach of s. 2. Rather, that status is a legal conclusion resulting from its failure under s. 3 to dispute responsibility to the claimant

(d) Conclusion regarding the Sanction

[76] The arbitrator's sanction must therefore be set aside and replaced with one dividing the SABS obligation equally between the insurers, except for any 2% interest payments attributable to insurer delay. Those interest payments must be paid by the insurer in respect of the delay occasioned during their respective responsibilities for handling the claim. Up until Zurich assumed handling of the claim, the delay is to be pinned on Chubb.

CONCLUSION

[77] I set aside the arbitrator's award and impose on the insurers an equal obligation to pay for Ms. Singh's SABS claim, apart from any 2% interest incorporated into the settlement with Ms. Singh. The compound interest is the only sanction applicable to this case that has a basis in the SABS legal framework. Since I was not provided the particulars of the payments made to date, including the settlement of the claim, I will leave it to counsel for the parties to calculate and adjust the financial consequences of my decision. They may contact me through my judicial assistant, at Melissa.Issa@ontario.ca, if they are unable to agree on the accounting.

[78] The amount of costs has been set by agreement in the amount of $15,000. I find that the overall result was divided because Chubb sought a complete reversal of the arbitral award

200

including reimbursement of the amounts it paid to Ms. Singh after 2015. For that reason, I also hold that there be no costs of the appeal or of the arbitration below.

BEFORE	**Delegate Lawrence Blackman**
REPRESENTATIVES	**Ms. Deborah G. Nelson for the Appellant, Intact Insurance Company** **Mr. Gordon Good for the Respondent, Ms. Margie Bateman**
HEARING DATE	**January 20, 2014. The decision with reasons was provided orally the same day, with full written reasons to follow**

APPEAL ORDER

Under section 283 of the *Insurance Act*, R.S.O. 1990, c. I.8, as amended, it is ordered that:

1. Pursuant to Rules 50.2 and 51.2(e) of the *Dispute Resolution Practice Code* (Fourth Edition – Updated August 2011), this appeal from the Arbitrator's November 26, 2013 motion decision is rejected. Accordingly, I decline to exercise my discretion pursuant to subsection 283(6) of the *Insurance Act* to stay the Arbitrator's decision.

2. If the parties are unable to agree on the legal expenses of this appeal, an expense hearing shall be requested within thirty days of the date of my oral decision, as set out within.

Lawrence Blackman
Director's Delegate

Financial Services Commission of Ontario
Intact and Bateman
Appeal Order [illegible]

REASONS FOR DECISION

I. NATURE OF THE APPEAL

The Respondent, Ms. Margie Bateman, was injured in a February 11, 1996 motor vehicle accident. As a result, she applied for statutory accident benefits pursuant to the *Schedule*[1] from her first-party automobile insurer which, at the time, was Zurich Insurance Company but is now the Appellant, Intact Insurance Company.

The parties dispute the Respondent's benefit entitlement, including loss of earning capacity benefits ("LECBs"), medical/rehabilitation, attendant care and housekeeping benefits, as well as a special award claimed pursuant to subsection 282(10) of the *Insurance Act*, R.S.O. 1990, c. I.8, as amended.

On August 17, 2010, the Appellant received the Respondent's Application for Mediation. Mediation, held November 2, 2011, was unsuccessful in resolving the issues in dispute.

The Commission received the Respondent's Application for Arbitration in January 2012. Rule 32 of the *Dispute Resolution Practice Code* (Fourth Edition – Updated August 2018) (the "*Code*"), mandates that at least ten days before the pre-hearing discussion the parties have, in part, exchanged the documents identified in the Application for Arbitration and the Response, established a reasonable time frame for the exchange of any remaining documents, listed any outstanding document requests and identified any disputed items.

The parties' compliance with Rule 32 allows the pre-hearing arbitrator to more expeditiously and cost-effectively, under Rule 33.1(c) of the *Code*, decide any disputes relating to the identification and exchange of documents, make orders and set time lines for the exchange of outstanding documents. The Commission's time lines in the *Code* state that dates for the arbitration oral hearing will be available within six to eight weeks from the registration of a completed

[1] *The Statutory Accident Benefits Schedule – Accidents after December 31, 1993*, Ontario Regulation 776/93, as amended.

226

Application and that dates for an oral arbitration hearing will be available within four to six months of the conclusion of the pre-hearing discussion.

The pre-hearing was held before Arbitrator Alves (the "Arbitrator") on August 9, 2012. The Arbitrator confirmed the substantive issues in dispute and set an eight-day hearing for March 2013. The pre-hearing was to resume on September 28, 2012, allowing the parties to attempt their production disputes in the interim.

At the resumption, procedural issues remained outstanding, including whether the Appellant's accident benefits file was to be produced. Oral submissions were received at the resumption and on two further occasions. Written submissions were received by February 20, 2013. The Arbitrator's March 6, 2013 letter decision determined non-production preliminary procedural issues.

Additional submissions were then received by March 14, 2013. In the interim, the Arbitrator adjourned the March 2013 arbitration hearing to January 28, 2014. The Arbitrator released his production decision on November 26, 2013. The Arbitrator held:

1. The Appellant was to produce, by December 18, 2013, its complete file from February 1, 1990 to August 17, 2010, with the exceptions noted. August 17, 2010 was the date the Appellant received the Respondent's second Application for Mediation and the date on which the Arbitrator, citing arbitration case law,[2] held that litigation privilege could reasonably be said to attach. The Arbitrator noted that the Appellant retained its present counsel on September 2, 2010, shortly after the August 2010 Application for Mediation.

   Excepted from production were items #20 (reserve information) and #21 (legal opinions). Modified production was ordered regarding manuals, surveillance and contact information for file handlers. The Arbitrator set out a page, single-spaced, of items identified either generically or individually, that were to be specifically produced.

[2] *Compass and Liberty Mutual Insurance Company*, (FSCO A08-000422, March 12, 2009) and *Traffic Assurance and State Farm Mutual Automobile Insurance Company*, (FSCO A09-003505, July 30, 2010).

227

Financial Services Commission of Ontario
Insurance Arbitrations
Appeal Order P13-00019

2. Citing *Dycent and Wawanesa Mutual Insurance Company*, (FSCO A03-000[illegible] the August 26, 2003), the Arbitrator found that extraordinary circumstances warranted the Appellant producing an affidavit of documents. These circumstances, where the Respondent had been seeking production of the Appellant's file since 1998, included

- Evidence that the Appellant was missing documentation, there being a notation on the Appellant's file that four fifths of its file was missing;
- The Appellant having two file numbers and the Appellant having neglected to have refused to confirm that both files had been produced;
- The absence of key documents in what the Appellant had produced, the Respondent having listed 45 documents she received in February 2013 for the first time;
- The absence of meaningful responses by the Appellant to the Respondent's requests for information and documentation; and,
- the manner in which the Appellant had claimed privilege

3. The Appellant was to deliver, by December 18, 2013, an Affidavit of Documents as particularized by the Arbitrator, restricted to documents that came into existence on or before August 17, 2010. The Arbitrator stated that the Appellant had set out "[m]any documents over which it claimed solicitor-client, litigation and/or settlement privilege. Rather than producing the documents and redacting the material for which privilege was claimed, the Appellant had withheld entire documents, making it difficult for the Respondent and the Arbitrator to determine whether privilege was legitimately claimed.

The Respondent had two days, until December 20, 2013, to challenge any claim of privilege made by the Appellant. The Appellant subsequently had until December [illegible], 2013 to file with the Commission a copy of each challenged document. The Arbitrator would then, based on the arguments articulated by the Appellant in its Affidavit of Documents and the Respondent's submissions, determine what further if any documents the Appellant should produce. The documents not ordered produced would be sealed.

4. The Appellant had refused to make those persons who had carriage of its file available to give evidence, or to provide their contact information. Holding that there was no prospect

Beasley et al. v. Barrand

[Indexed as: Beasley v. Barrand]

2010 ONSC 2095 (CanLII)

101 O.R. (3d) 452

2010 ONSC 2095

Ontario Superior Court of Justice,
Moore J.
April 9, 2010

Evidence -- Expert evidence -- Defendant in action arising out of motor vehicle accident not permitted to call experts who examined plaintiff seven years earlier on behalf of his insurer in connection with his claim for accident benefits -- Experts' reports not complying with rule 53.03 of Rules of Civil Procedure -- Experts not retained by defendant -- Purpose of rule 53.03 to rein in use of and reliance upon expert evidence at trial -- Rules of Civil Procedure, R.R.O. 1990, Reg. 194, rule 53.03. [page453]

In a tort action arising out of a motor vehicle accident, the defendant applied for leave to call three expert witnesses at trial and to elicit their opinions regarding their physical examinations of the plaintiff, their diagnoses and their prognoses. The experts had examined the plaintiff seven years previously on behalf of his insurer in connection with his claim for accident benefits. The defendant argued that the experts' opinions were highly probative and went to the core of the issues regarding damages and that their evidence should not be rejected on an overly technical interpretation of rule 53.03 of the Rules of Civil Procedure.

396

[33] In the result, if these reports are received into evidence, the plaintiff will surely need to undertake a laborious, time-consuming and unnecessarily complicated description, for the benefit of the jury, of the statutory accident benefits system in place in this province at the time of the accident and at the time of the assessments undertaken by these three doctors. The plaintiff will have to lead evidence to explain the role and function of medical examiners retained by insurance adjusters for accident benefits insurers in connection with claims for benefits of the kind that the plaintiff apparently asserted under his automobile insurance contract with Kingsway. The plaintiff will need to contrast that with the roles of doctors retained by the parties to provide fair objective and non-partisan opinions upon issues joined by the pleadings between the parties in this litigation. To do less than that would risk misleading the jury into the belief that all doctors giving evidence would be opining from an equal footing and according to the same rules (in this case, Rule 53) when, in fact, they are not. [page460]

[34] The relationship between an insured and an insurer in accident benefits matters involves a duty of good faith, a fiduciary obligation; the relationship between plaintiff and defendant in a tort action does not. The obligation, if any, to pay accident benefits is very different from the exposure, if any, that a defendant faces in a tort action.

[35] Further, on the facts of this case, the three medical assessments, even if proven to contain expert opinions related only to matters within the expertise of their authors and even if they are correct, fair, objective and impartial, notwithstanding that they were written for purposes largely, perhaps entirely, unrelated to the issues between the parties to this action, are snapshots of the plaintiff's situation taken at a point more than seven years ago. These assessments can be of little, if any, help to the jury in assessing the plaintiff's medical and vocational progress (and the defendant's exposure potentially arising) over the past seven years. There is no contest that these doctors did not see the plaintiff after January of 2003 and that several doctors

FSRA Guidance Framework

Download a copy in PDF Format

Purpose

The purpose of FSRA's Guidance Framework is to describe our principles, processes and practices for the use of guidance in carrying out our legislative mandate.

Scope

FSRA's Guidance Framework will affect all entities regulated by FSRA.

Rationale and context

FSRA is responsible for supervising and regulating a number of different sectors. Standardizing our approach to guidance will make it easier to do business in those sectors, and will make us a more effective regulator. It will be easier for the public, new entrants and incumbents to understand what is legally binding, what is FSRA's interpretation or application of law and what information is designed to be helpful.

Principles

We will use the following principles as the foundation for our approach to using guidance:

- **Accountable (Internal).** FSRA is accountable for guidance that supports delivery on its legislative mandate and its vision for financial safety, fairness and choice in Ontario.
- **Accountable (External).** Regulated persons must put in place processes, controls and procedures to appropriately meet the expectations expressed in FSRA's guidance.
- **Effective.** FSRA takes a principles-based approach to developing guidance that is supported by good governance practices, sectoral expertise and high professional standards.
- **Efficient.** FSRA seeks to develop and maintain guidance that is relevant, proportionate to risks being addressed and minimizes regulatory burden.
- **Adaptable.** FSRA responds to the dynamic nature of the regulated sectors by providing guidance that proactively identifies market trends requiring new or revised guidance.
- **Collaborative.** FSRA consults stakeholders regarding guidance that creates compliance obligations and cooperates with other regulators to identify opportunities for improvement and harmonization.
- **Transparent.** FSRA sets well-understood expectations for regulated persons through clear and organized guidance.

1112

399

Guidance and practices

Types of guidance

FSRA will use four distinct types of guidance to support requirements set out in legislation, regulations and rules:

- **Interpretation:** Sets out FSRA's view of requirements under its legislative mandate (i.e. legislation, regulations and rules) so that non-compliance can lead to enforcement or supervisory action.
- **Information:** Indicative of FSRA views on certain topics without creating new compliance obligations for regulated persons.
- **Approach:** Describes FSRA's internal principles, processes and practices for supervisory action and application of CEO discretion.
- **Decision:** Sets out FSRA's determination and underlying reasons for regulatory decisions of precedential value for other parties not involved in the specific matter.

FSRA will use different types of guidance depending on specific circumstances in the regulated sectors and will establish standard structures and styles to help stakeholders easily understand and differentiate between the categories.

Appendix 1 provides further details regarding the four types of guidance and the relationship between FSRA guidance and legal requirements.

Governance

All FSRA guidance will be approved and issued by the CEO unless specifically delegated to another FSRA employee.

Prior to approval, and consistent with the Transparent principle, we will consult publicly on Interpretation and Approach guidance unless immediate action is required. We will consult on Information guidance as needed.

After approval, and consistent with the Efficient principle, we will regularly review our guidance to promote burden reduction and effective regulation by updating or removing outdated or spent items. The following review timelines will apply to the different types of guidance:

Guidance	Review Timeline
Interpretation	At least every 3 - 5 years
Information	At least every 3 - 5 years
Approach	At least every 3 - 5 years
Decision	No defined review timeline

Transition

Guidance issued by the Financial Services Commission of Ontario and the Deposit Insurance Corporation of Ontario continues to apply after the launch of FSRA unless otherwise noted. We will use the FSRA Guidance Approach to inform both our review of the existing guidance and our development of revised or new guidance.

Effective date and future review

FSRA's Guidance Framework is effective as of October 17, 2019. We are making the framework effective on a pilot basis to:

- facilitate the development of new and revised sector-specific guidance that conforms with FSRA's overall principles, and
- consult with stakeholders to identify further opportunities for improvement.

FSRA will initiate and complete a review of the guidance based on lessons learned through the pilot before the end of March 2020.

About FSRA

The Financial Services Regulatory Authority of Ontario (FSRA) is an independent regulatory agency created to provide more effective financial services regulation in Ontario for consumers and pension plan beneficiaries.

FSRA was established to replace the Financial Services Commission of Ontario (FSCO) and the Deposit Insurance Corporation of Ontario (DICO). FSRA's vision is to provide financial safety, fairness and choice for Ontarians.

Appendices and references

Appendix 1: Description of Types of Guidance

Name	Description
Legislation / Regulation	• Legally binding.
Rules	• Legally binding. • Developed through process defined in the FSRA Act with final decision from Minister.
Guidance: Interpretation	• Part of FSRA's Guidance Framework. • Sets out FSRA's view of requirements under its legislative mandate (i.e. legislation, regulation and rules). Non-compliance can lead to enforcement or supervisory action. • Consistent with Efficient principle, where an Interpretation creates compliance obligations it will be consistent with a risk- based approach to regulation.
Guidance: Information	• Part of FSRA's Guidance Framework. • Provides information from FSRA on certain topics, such as best or good practices, without creating compliance obligations for regulated persons. • Can take many different forms (e.g. FAQs supporting filing or form requirements; adopting code or standard that is not a mandatory requirement; explanatory note regarding an emerging issue).

TAB 27 FOR NOM #13

1114

Guidance: Approach	• Part of FSRA's Guidance Framework. • Describes FSRA's internal principles, processes and practices for supervisory action and application of CEO discretion (e.g. Guidance Approach or Pensions Supervision Approach). • Does not create compliance obligations for regulated parties but can be considered indicative of FSRA's position. • Does not alter requirement to comply with existing legal and regulatory framework.
Guidance: Decision	• Part of FSRA's Guidance Framework. • Sets out FSRA's determination and underlying reasoning for specific regulatory issues. This also will serve as precedential value for others not involved as parties to the specific matter under consideration. • Some of FSRA's Decisions may be the subject of review by the Financial Services Tribunal and others reflect the exercise of FSRA's regulatory discretion or authority.

FSRA

Affiliated insurers carrying on business as a common undertaking pursuant to s. 392.2(8) of the Insurance Act

Decision ◆◆◆◆

No. GR0018DEC Active

Purpose

This Guidance (the "Guidance") outlines the basis for the decision by the Financial Services Regulatory Authority of Ontario's ("FSRA")[1] that: (a) a group of insurers who[illegible]n to FSRA (the "Applicant"), is an "[illegible]" pursuant to subsection 392.2(8) of the *Insurance Act* (Ontario) ("the *Act*"); and (b) pursuant to subsection 392.2(8) of the *Act*, that such insurers are carrying on business as a common undertaking, and on that basis, are deemed to be an insurer for the purposes of determining an agent's authority to act as an agent under the *Act*.

AGENT'S AUTHORITY (NOT AN ADJUSTER)

Scope

This Guidance affects the following individuals and entities regulated by or licensed with FSRA:

- insurance agents
- insurance companies

This Guidance affects the following stakeholders and/or products.

- consumers of insurance
- life insurance, accident and sickness insurance and all other classes of insurance

Background

The Applicant is composed of: (a) an Ontario licensed property and casualty insurer ("the Insurer"); (b) its wholly owned subsidiary that is also an Ontario licensed insurer ("the Subsidiary"); (c) two managing general agents ("the MGAs") that are indirectly wholly-owned by a company that also indirectly wholly-owns the Insurer and the Subsidiary, and (d) a syndicate ("the Syndicate") licensed as a property and casualty insurer in Ontario but which is not owned by or under common ownership with the Insurer, the Subsidiary or the MGAs. (collectively, "the Group"). The MGAs have contractual arrangements with the Subsidiary and the Syndicate and can underwrite and issue contracts of property and casualty insurance on behalf of both.

Each of the Subsidiary and the Syndicate entered into an exclusive written agreement with the MGAs pursuant to which the MGAs, acting as the appointed underwriter on behalf of the Subsidiary and the Syndicate, agreed to provide access to property and casualty insurance products (the "Products") provided by the Subsidiary and the Syndicate to licensed agents of the Insurer, if the Insurer's

[redacted] offerings did not satisfy the insurance needs of any client of a licensed agent of the Insurer. This would allow the Insurer's licensed agents to offer a broader suite of commercial insurance products as compared to those products otherwise available through the Insurer in the absence of this this written agreement.

Under this arrangement, the consumer will interact solely with a licensed agent of the Insurer. If the Insurer is not able to satisfy the insurance needs of the consumer, the consumer, through the licensed agent, can purchase the Products, underwritten by the MGAs, from the Subsidiary and/or the Syndicate. The Products offered by the Insurer's licensed agents will clearly identify the relevant insurers with whom the consumer is contracting and the MGAs are authorized to issue policies of insurance for the Products on behalf of both the Subsidiary and the Syndicate.

Subsection 392.2(4) of the *Act* provides that licensed general insurance agents are prohibited from acting for more than one insurer. However, subsection 392.2(8) of the *Act* provides that an agent may be licensed to act as an agent for an "affiliated group of insurers" that, in the opinion of FSRA, are carrying on business as a common undertaking.

Decision

Based on the facts and circumstances described above under the heading "Background", FSRA has determined that the insurers in the Group are a "group of insurers" that are affiliated, and that they are, with respect to the Products underwritten by the MGAs, carrying on business as a common undertaking within the meaning of subsection 392.2(8) of the *Act*. In reaching this decision, FSRA considered

- The CEO's discretion under subsection 392.2(8) of the *Act*
- FSRA's statutory objects contained in section 3 of the *Financial Services Regulatory Authority of Ontario Act, 2016* (the "*FSRA Act*")
- The principles contained in FSRA Approach Guidance 6R0010APP Test and Learn Environments for Financial Services Innovation (the "TLE Guidance") and the commitments made by the Insurer in the testing agreement, including the test plan attached thereto, agreed between the Insurer and FSRA and binding upon the Group and the MGAs in their operation of common undertaking for the sale of the Products.

The relevant provisions of the *Act* are:

"392.2 (1) A person who holds a licence issued under this Part to act as an insurance agent in Ontario is authorized to act as such in accordance with the requirements of this *Act*, the regulations and the Authority rules and subject to the restrictions applicable to the class of licence issued to the person.

Classes of agent's licence

(2) The following classes of licence authorizing a person to act as an insurance agent in Ontario may be issued under this Part:

1. Licence for life insurance and accident and sickness insurance.
2. Licence for accident and sickness insurance.
3. Licence for all classes of insurance other than life insurance.

[...]

Authority of agent

4) A class of licence described in paragraph 2 or 3 of subsection (2) authorizes an agent to act for one insurer only, and the insurer itself must be licensed under this *Act* to undertake the applicable class of insurance.

4418

(5) The agent's licence for a class of licence described in paragraph 2 or 3 of subsection (2) must specify the name of the insurer that has appointed the agent to act on its behalf. 403

[...]

Representation restricted

(7) An agent holding a class of licence described in paragraph 2 or 3 of subsection (2) shall not make any representation to the public, by advertisement or otherwise, that the agent is an agent of any insurer other than the one specified in the licence for the purposes of selling the classes of insurance specified in the licence.

Insurance groups

(8) Despite subsection (7), an agent may be licensed to act as an agent for an affiliated group of insurers that, in the opinion of the Chief Executive Officer, are carrying on business as a common undertaking and that affiliated group of insurers is deemed to be an insurer for the purpose of determining the agent's authority to act as an agent under this Act."

Discretion under subsection 392.2(8) of the *Act*

FSRA has interpreted the terms "affiliated group" to mean:

> 1. a group of insurers in which each member is the subsidiary of another member of the group or each member is the subsidiary of the same body corporate or in which each member is controlled by the same person
>
> 2. a group of insurers that are not affiliated as described in (a) but whose membership or participation in a larger organization or enterprise, and/or whose connection or association with each other, creates a commonality of interests and an obligation to act together in a co-ordinated and predictable manner, including due to binding contractual arrangements between such insurers and/or other members of such organization or enterprise. [2]

Whether a group is an "affiliated group" under subsection 392.2(8) is a question of fact determined by FSRA in its discretion. With the Group and the MGAs, the contractual arrangements described above (e.g. the MGAs have exclusive contracts with the Subsidiary and the Syndicate to underwrite and offer the Products to clients of the Insurer) evidence a commonality of interests and that the Group will act in a coordinated and predictable manner. As such, the Group is an 'affiliated group of insurers' for the purpose of s392.2(8).

In exercising discretion based on the circumstances of the application, to ascertain what qualifies as a "common undertaking", FSRA adopted a contextual interpretation and one that allows for a more expansive distribution of property and casualty insurance products by licensed agents. FSRA determined that:

- The written agreements between the Insurer and MGAs to distribute the Products of the Subsidiary and the Syndicate through the licensed agents of the Insurer
- the written agreements between the MGAs and the Subsidiary as well as the Syndicate,

were sufficient evidence of a "common undertaking" between the members of the Group because these agreements, in FSRA's determination, represent a common business enterprise or project.

Because the Insurer, the Subsidiary, and the Syndicate are insurers engaged in this common undertaking, and because they are members of an affiliated group under subsection 392.2(8) of the *Act*, FSRA has the discretion under subsection 392.2(8) of the *Act* to deem these insurers to be "an insurer" for the purposes of determining the insurer's licensed agents' authority to act as licensed agents under the *Act*.

Statutory objects contained in section 3 of the *FSRA Act*

In arriving at this decision, FSRA also considered its statutory objects under section 3 of the *FSRA Act* and determined that allowing the Insurer, the Subsidiary and the Syndicate to act as an affiliated group under subsection 392.2(8) of the *Act*, when validated through a test and learn environment, would:

1. protect the rights and interests of consumers through increased access to property and casualty commercial insurance products in a more timely and convenient manner

2. promote or foster innovation and competition within the insurance sector by supporting a new model for the distribution of property and casualty commercial insurance products which recognizes that there is an increasing blurring of the distinctions between licensed agents and brokers where a group of insurers utilizes both methods of distribution for their products,

both in furtherance of FSRA's objects in subsections 3(2)(b) and 3(2)(c) of the *FSRA Act*.

TLE Guidance and commitments of the Ontario licensed insurer

FSRA also considered the commitments of the Insurer made to FSRA pursuant to the testing agreement regarding competence and training of its licensed agents, governance and agent oversight, complaint handling and consumer disclosures. Together, these commitments provided FSRA with sufficient comfort that consumers will be treated fairly by the group when accessing the broadened suite of insurance available through the Insurer's licensed agents.

FSRA also considered the TLE Guidance and determined that considering the Insurer, the Subsidiary and the Syndicate as one insurer pursuant to subsection 392.2(8) of the *Act* would be consistent with the TLE Guidance's principles, including:

1. Safe
The testing agreement and the operating plan set parameters that protect consumers from unreasonable risk and avoidable harm.

2. Directly beneficial to the public
If the test is validated, the opportunity for commercial customers of the Insurer to access a broader scope of insurance products through one agent will benefit consumers of property and casualty commercial insurance through the innovative use of the existing provisions of the *Act*.

3. Deliberate
FSRA's decision will expand and adjust FSRA's risk tolerance consciously to encourage innovation and modernization in the insurance sector.

4. Fair
The regulatory solution developed further to this decision will, if FSRA validates it through this test and learn approach, be made available to incumbents and startups alike.

5. Feasible
The course of conduct of the Insurer, the Subsidiary and the Syndicate represents a bona fide, ready-to-test solution, that will be examined through the exercise of FSRA's existing discretion under the *Act*. This discretion is the most feasible solution in FSRA's innovation and regulatory toolbox to implement this innovation.

6. Transparent
By publishing the Guidance, the innovation described in this Guidance is based on clearly-defined processes that are knowable by market participants and the public.

7. Accountable
By publishing the Guidance, FSRA is maintaining accountability to the public and the insurance sector by reporting on how

1120 ...used its tools and discretion under the *Act* to support innovation. FSRA also intends to provide a further report explaining whether the innovation has been successful.

FSRA's decision is subject to the terms of a testing agreement agreed to by the Insurer, and may be revoked by FSRA for any breach of these terms or upon notice by either FSRA or the Insurer, including if FSRA determines that FSRA's objects are no longer being met by the Group in offering the Products (e.g. if consumer harm results).

Effective date and future review

This Decision became effective on August 30, 2023 and will be reviewed no later than August 30, 2026.

About this Guidance

This document is consistent with FSRA's Guidance Framework. As a Decision, it describes FSRA's rationale for a certain regulatory decision of precedential value for other parties not involved in the specific matter. Regulatory decisions described in Decision guidance are made based on FSRA's legal authority and are formal responses to specific inquiries.

Effective Date: August 30, 2023

---

[1] Subsection 392.2(8) of the *Insurance Act* (Ontario) grants FSRA's Chief Executive Officer ("CEO") authority to determine whether an agent may be licensed to an affiliated group of insurers carrying on business as a common undertaking. However, for the purposes of this Guidance, reference will be made to FSRA as the CEO is acting as the chief executive officer of FSRA when making such determination and as the CEO may delegate authority to FSRA employees, as permitted by s 10(2.3) of the *Financial Services Regulatory Authority of Ontario Act*.

[2] "affiliated group" is not specifically defined under s. 392.2(8) but the term 'affiliate' and variations of this term are defined elsewhere in the *Act* without restricting the interpretation of affiliate under s392.2(8). However, if the legislator had meant to limit the definition of "affiliate" to the narrow sense that applies to other parts of the *Act* it could have done so but chose not to. Further, s.392.2(9) expressly includes within the s.392.2(8) definition of "affiliated group of insurers carrying on business as a common undertaking" mutual insurers that are not connected by common ownership but are affiliated by their participation in the Fire Mutual Guarantee Fund. For these reasons, FSRA has adopted, in addition to the narrow definition of affiliate in (a) above, the ordinary meaning definition of "affiliate" in the Canadian Oxford Dictionary and the New Shorter Oxford English Dictionary.

"electronic hearing" means a hearing held by conference telephone or some other form of electronic technology allowing persons to hear one another; ("audience électronique")

"hearing" means a hearing in any proceeding; ("audience")

"licence" includes any permit, certificate, approval, registration or similar form of permission required by law; ("autorisation")

"municipality" has the same meaning as in the *Municipal Affairs Act*; ("municipalité")

"oral hearing" means a hearing at which the parties or their representatives attend before the tribunal in person; ("audience orale")

"proceeding" means a proceeding to which this Act applies; ("instance")

"representative" means, in respect of a proceeding to which this Act applies, a person authorized under the *Law Society Act* to represent a person in that proceeding; ("représentant")

"statutory power of decision" means a power or right, conferred by or under a statute, to make a decision deciding or prescribing,

(a) the legal rights, powers, privileges, immunities, duties or liabilities of any person or party, or

(b) the eligibility of any person or party to receive, or to the continuation of, a benefit or licence, whether the person is entitled thereto or not; ("compétence légale de décision")

"tribunal" means one or more persons, whether or not incorporated and however described, upon which a statutory power of decision is conferred by or under a statute; ("tribunal")

"written hearing" means a hearing held by means of the exchange of documents, whether in written form or by electronic means; ("audience écrite") R.S.O. 1990, c. S.22, s. 1 (1); 1994, c. 27, s. 56 (1-3); 2002, c. 17, Sched. F, Table; 2006, c. 21, Sched. C, s. 134 (1, 2).

Meaning of "person" extended

(2) A municipality, an unincorporated association of employers, a trade union or council of trade unions who may be a party to a proceeding in the exercise of a statutory power of decision under the statute conferring the power shall be deemed to be a person for the purpose of any provision of this Act or of any rule made under this Act that applies to parties. R.S.O. 1990, c. S.22, s. 1 (2).

Section Amendments with date in force (d/m/y) [+]

Liberal construction of Act and rules

2 This Act, and any rule made by a tribunal under subsection 17.1 (4) or section 25.1, shall be liberally construed to secure the just, most expeditious and cost-effective determination of every proceeding on its merits. 1999, c. 12, Sched. B, s. 18 (1); 2006, c. 21, Sched. B, s. 21 (1).

Section Amendments with date in force (d/m/y) [+]

Application of Act

3 (1) Subject to subsection (2), this Act applies to a proceeding by a tribunal in the exercise of a statutory power of decision conferred by or under an Act of the Legislature, where the tribunal is required by or under such Act or otherwise by law to hold or to afford to the parties to the proceeding an opportunity for a hearing before making a decision. R.S.O. 1990, c. S.22, s. 3 (1); 1994, c. 27, s. 56 (1).

Where Act does not apply

(2) This Act does not apply to a proceeding,

(a) before the Assembly or any committee of the Assembly;

(b) in or before,

(i) the Court of Appeal,

(ii) the Superior Court of Justice,

(iii) the Ontario Court of Justice,

1410 (iv) the Family Court of the Superior Court of Justice,

(v) the Small Claims Court, or

(vi) a justice of the peace;

(c) to which the Rules of Civil Procedure apply;

(d) before an arbitrator to which the *Arbitration Act, 1991* or the *Labour Relations Act, 1995* applies;

(e) at a coroner's inquest;

(f) of a commission appointed under the *Public Inquiries Act, 2009*;

(g) of one or more persons required to make an investigation and to make a report, with or without recommendations, where the report is for the information or advice of the person to whom it is made and does not in any way legally bind or limit that person in any decision he or she may have power to make; or

(h) of a tribunal empowered to make regulations, rules or by-laws in so far as its power to make regulations, rules or by-laws is concerned. R.S.O. 1990, c. S.22, s. 3 (2); 1994, c. 27, s. 56 (6); 2006, c. 19, Sched. C, s. 1 (1, 2, 4); 2009, c. 33, Sched. 6, s. 97; 2021, c. 25, Sched. 27, s. 1.

Section Amendments with date in force (d/m/y) [+]

Waiver

Waiver of procedural requirement

4 (1) Any procedural requirement of this Act, or of another Act or a regulation that applies to a proceeding, may be waived with the consent of the parties and the tribunal. 1997, c. 23, s. 19 (1).

Same, rules

(2) Any provision of a tribunal's rules made under section 25.1 may be waived in accordance with the rules. 1994, c. 27, s. 56 (7).

Section Amendments with date in force (d/m/y) [+]

Disposition without hearing

4.1 If the parties consent, a proceeding may be disposed of by a decision of the tribunal given without a hearing, unless another Act or a regulation that applies to the proceeding provides otherwise. 1997, c. 23, s. 19 (2).

Section Amendments with date in force (d/m/y) [+]

Panels, certain matters

4.2 (1) A procedural or interlocutory matter in a proceeding may be heard and determined by a panel consisting of one or more members of the tribunal, as assigned by the chair of the tribunal. 1994, c. 27, s. 56 (8).

Assignments

(2) In assigning members of the tribunal to a panel, the chair shall take into consideration any requirement imposed by another Act or a regulation that applies to the proceeding that the tribunal be representative of specific interests. 1997, c. 23, s. 19 (3).

Decision of panel

(3) The decision of a majority of the members of a panel, or their unanimous decision in the case of a two-member panel, is the tribunal's decision. 1994, c. 27, s. 56 (9).

Section Amendments with date in force (d/m/y) [+]

Panel of one, redirected panel

Panel of one

4.2.1 (1) The chair of a tribunal may decide that a proceeding be heard by a panel of one person and assign the person to hear the proceeding unless there is a statutory requirement in another Act that the proceeding be heard by a panel of more than one person.

229

1411 ...ion in number of panel members

(2) Where there is a statutory requirement in another Act that a proceeding be heard by a panel of a specified number of persons, the chair of the tribunal may assign to the panel one person or any lesser number of persons than the number specified in the other Act if all parties to the proceeding consent. 1999, c. 12, Sched. B, s. 16 (2).

Section Amendments with date in force (d/m/y) [*]

Expiry of term

4.3 If the term of office of a member of a tribunal who has participated in a hearing expires before a decision is given, the member is deemed to continue, but only for the purpose of participating in the decision and for no other purpose. 1997, c. 23, s. 13 (3).

Section Amendments with date in force (d/m/y) [*]

Incapacity of member

4.4 (1) If a member of a tribunal who has participated in a hearing becomes unable, for any reason, to complete the hearing or to participate in the decision, the remaining member or members may complete the hearing and give a decision. 1994, c. 27, s. 50.

Other Acts and regulations

(2) Subsection (1) does not apply if another Act or a regulation specifically deals with the issue of what takes place in the circumstances described in subsection (1). 1997, c. 23, s. 13 (5).

Section Amendments with date in force (d/m/y) [*]

Decision not to process commencement of proceeding

4.5 (1) Subject to subsection (3), upon receiving documents relating to the commencement of a proceeding, a tribunal or its administrative staff may decide not to process the documents relating to the commencement of the proceeding if,

(a) the documents are incomplete;

(b) the documents are received after the time required for commencing the proceeding has elapsed;

(c) the fee required for commencing the proceeding is not paid; or

(d) there is some other technical defect in the commencement of the proceeding.

Notice

(2) A tribunal or its administrative staff shall give the party who commences a proceeding notice of a decision under subsection (1) and shall set out in the notice the reasons for the decision and the requirements for resuming the processing of the documents. ...

Rules under s. 25.1

(3) A tribunal or its administrative staff shall not make a decision under subsection (1) unless the tribunal has made rules under section 25.1 respecting the making of such decisions and those rules shall set out,

(a) any of the grounds referred to in subsection (1) upon which the tribunal or its administrative staff may decide not to process the documents relating to the commencement of a proceeding; and

(b) the requirements for the processing of the documents to be resumed.

Continuance of provisions in other statutes

(4) Despite section 32, nothing in this section shall prevent a tribunal or its administrative staff from deciding not to process documents relating to the commencement of a proceeding on grounds that differ from those referred to in subsection (1) or without complying with subsection (2) or (3) if the tribunal or its staff does so in accordance with the provisions of an Act that are in force on the day this section comes into force. 1999, c. 12, Sched. B, s. 16 (3).

1412

Section Amendments with date in force (dmy/y) [+]

v30

Dismissal of proceeding without hearing

4.6 (1) Subject to subsections (5) and (6), a tribunal may dismiss a proceeding without a hearing if

(a) the proceeding is frivolous, vexatious or is commenced in bad faith;

(b) the proceeding relates to matters that are outside the jurisdiction of the tribunal; or

(c) some aspect of the statutory requirements for bringing the proceeding has not been met.

Notice

(2) Before dismissing a proceeding under this section, a tribunal shall give notice of its intention to dismiss the proceeding to

(a) all parties to the proceeding if the proceeding is being dismissed for reasons referred to in clause (1) (b); or

(b) the party who commences the proceeding if the proceeding is being dismissed for any other reason.

Same

(3) The notice of intention to dismiss a proceeding shall set out the reasons for the dismissal and inform the parties of their right to make written submissions to the tribunal with respect to the dismissal within the time specified in the notice.

Right to make submissions

(4) A party who receives a notice under subsection (2) may make written submissions to the tribunal with respect to the dismissal within the time specified in the notice.

Dismissal

(5) A tribunal shall not dismiss a proceeding under this section until it has given notice under subsection (2) and considered any submissions made under subsection (4).

Rules

(6) A tribunal shall not dismiss a proceeding under this section unless it has made rules under section 25.1 respecting the early dismissal of proceedings and those rules shall include,

(a) any of the grounds referred to in subsection (1) upon which a proceeding may be dismissed;

(b) the right of the parties who are entitled to receive notice under subsection (2) to make submissions with respect to the dismissal; and

(c) the time within which the submissions must be made.

Continuance of provisions in other statutes

(7) Despite section 32, nothing in this section shall prevent a tribunal from dismissing a proceeding on grounds other than those referred to in subsection (1) or without complying with subsections (2) to (6) if the tribunal dismisses the proceeding in accordance with the provisions of an Act that are in force on the day this section comes into force. 1999, c. 12, Sched. B, s. 16 (3).

Section Amendments with date in force (dmy/y) [+]

Classifying proceedings

4.7 A tribunal may make rules under section 25.1 classifying the types of proceedings that come before it and setting guidelines as to the procedural steps or processes (such as preliminary motions, pre-hearing conferences, alternative dispute resolution mechanisms, expedited hearings) that apply to each type of proceeding and the circumstances in which other procedures may apply. 1999, c. 12, Sched. B, s. 16 (3).

231

1413 Amendments with date in force (d/m/y) [•]

Alternative dispute resolution

4.8 (1) A tribunal may direct the parties to a proceeding to participate in an alternative dispute resolution mechanism for the purposes of resolving the proceeding or an issue arising in the proceeding if,

(a) it has made rules under section 25.1 respecting the use of alternative dispute resolution mechanisms; and

(b) all parties consent to participating in the alternative dispute resolution mechanism.

Definition

(2) In this section,

"alternative dispute resolution mechanism" includes mediation, conciliation, negotiation or any other means of facilitating the resolution of issues in dispute.

Rules

(3) A rule under section 25.1 respecting the use of alternative dispute resolution mechanisms shall include procedural guidelines to deal with the following:

1. The circumstances in which a settlement achieved by means of an alternative dispute resolution mechanism must be reviewed and approved by the tribunal.

2. Any requirement, statutory or otherwise, that there be an order by the tribunal.

Mandatory alternative dispute resolution

(4) A rule under subsection (3) may provide that participation in an alternative dispute resolution mechanism is mandatory or that it is mandatory in certain specified circumstances.

Person appointed to mediate, etc.

(5) A rule under subsection (3) may provide that a person appointed to mediate, conciliate, negotiate or help resolve a matter by means of an alternative dispute resolution mechanism be a member of the tribunal or a person independent of the tribunal. However, a member of the tribunal who is so appointed with respect to a matter in a proceeding shall not subsequently hear the matter if it comes before the tribunal unless the parties consent.

Continuance of provisions in other statutes

(6) Despite section 32, nothing in this section shall prevent a tribunal from directing parties to a proceeding to participate in an alternative dispute resolution mechanism even though the requirements of subsections (1) to (5) have not been met if the tribunal does so in accordance with the provisions of an Act that are in force on the day this section comes into force. 1999, c. 12, Sched. B, s. 16 (3).

Section Amendments with date in force (d/m/y) [•]

Mediators, etc.: not compellable, notes not evidence
Mediators, etc., not compellable

4.9 (1) No person employed as a mediator, conciliator or negotiator or otherwise appointed to facilitate the resolution of a matter before a tribunal by means of an alternative dispute resolution mechanism shall be compelled to give testimony or produce documents in a proceeding before the tribunal or in a civil proceeding with respect to matters that come to his or her knowledge in the course of exercising his or her duties under this or any other Act.

Evidence in civil proceedings

(2) No notes or records kept by a mediator, conciliator or negotiator or by any other person appointed to facilitate the resolution of a matter before a tribunal by means of an alternative dispute resolution mechanism under this or any other Act are admissible in a civil proceeding. 1999, c. 12, Sched. B, s. 16 (3).

1414

232

Section Amendments with date in force (d/m/y) [*]

Parties

5. The parties to a proceeding shall be the persons specified as parties by or under the statute under which the proceeding arises or, if not so specified, persons entitled by law to be parties to the proceeding. R.S.O. 1990, c. S.22, s. 5

Written hearings

5.1 (1) A tribunal whose rules made under section 25.1 deal with written hearings may hold a written hearing in a proceeding. 1997, c. 23, s. 13 (5).

Exception

(2) The tribunal shall not hold a written hearing if a party satisfies the tribunal that there is good reason for not doing so.

Same

(2.1) Subsection (2) does not apply if the only purpose of the hearing is to deal with procedural matters. 1998, c. 12, Sched. B, s. 16 (4).

Documents

(3) In a written hearing, all the parties are entitled to receive every document that the tribunal receives in the proceeding. 1994, c. 27, s. 56 (10).

Section Amendments with date in force (d/m/y) [*]

Electronic hearings

5.2 (1) A tribunal whose rules made under section 25.1 deal with electronic hearings may hold an electronic hearing in a proceeding. 1997, c. 23, s. 13 (7).

Exception

(2) The tribunal shall not hold an electronic hearing if a party satisfies the tribunal that holding an electronic rather than an oral hearing is likely to cause the party significant prejudice.

Same

(3) Subsection (2) does not apply if the only purpose of the hearing is to deal with procedural matters.

Participants to be able to hear one another

(4) In an electronic hearing, all the parties and the members of the tribunal participating in the hearing must be able to hear one another and any witnesses throughout the hearing. 1994, c. 27, s. 56 (10).

Section Amendments with date in force (d/m/y) [*]

Different kinds of hearings in one proceeding

5.2.1 A tribunal may, in a proceeding, hold any combination of written, electronic and oral hearings. 1997, c. 23, s. 13 (8).

Section Amendments with date in force (d/m/y) [*]

Pre-hearing conferences

5.3 (1) If the tribunal's rules made under section 25.1 deal with pre-hearing conferences, the tribunal may direct the parties to participate in a pre-hearing conference to consider,

(a) the settlement of any or all of the issues;

(b) the simplification of the issues;

(c) facts or evidence that may be agreed upon;

Endnotes

[1]"Insurance" means the undertaking by one person to indemnify another person against loss or liability for loss in respect of a certain risk or peril to which the object of the insurance may be exposed, or to pay a sum of money or other thing of value upon the happening of a certain event, and includes life insurance (see: s.1(1) of the *UDAP Rule*);
[2]*UDAP Rule*, 1(1)(v)(c): "Contract of insurance" means:(c) for a contract of insurance not referred to in (a) or (b), has the meaning ascribed to "contract" in s. 1 of the Act; see: section 1(1) of Insurance Act (Ontario): "contract" means a contract of insurance, and includes a policy, certificate, interim receipt, renewal receipt, or writing evidencing the contract, whether sealed or not, and a binding oral agreement;
[3]See: *SPPA*, section 1(1) definition of license: registration or similar form of permission required by law;
[4]See: *Insurance Act*, ss. 279 (includes does not exclude); see. section 3(1) of SABS which includes the Spouse of the Individual Named Insured (Artopoolos)
[5]As defined under *UDAP Rule*, ss. 1(1): "Claimant": "means a person who claims statutory accident benefits or who otherwise claims any benefit, compensation or payment under a contract of insurance,
[6]See: SNIC Response on January 25, 2024
[7]The "file number provided in the Andy Gers response" that was approved by TDI Legal which denoted the incorrect file number which I swear is the "TDGIC internally denoted file number" which it had and has possession and control of the same
[8]I shall be relying on jurisprudence in any to be heard motions and this SNIC Proceeding or future proceedings between SNIC and I where other insurers have had "two files" (one authentic and another not as authentic or not part of the assigned claim number for an insured person or injured person)
[9]The Appellant adopts the definitions from his filed documents in the record of proceeding and they have the same meaning herein as they do therein
[10]The Appellant's Spouse was the named insured in the Insurance Policy with SNIC.
[11]See: change of address by broker "Meloche Monnex Financial Services Inc" (tab 6)
[12]Yet likely $80 of that amount was under section 25 of SABS
[13]Terrible experience with their customer service. I did a quote at the end of June and was supposed to be sent an auto insurance package. After 2 weeks of not receiving anything, I called again and was told that a package would be resent. I received it yesterday and it's a BLANK auto insurance application. I called their customer service line and was on-hold for 10-15mins. Only to be finally told that their entire system is down, so they can't pull up any accounts! A customer rep called me back, but is located in New Brunswick, so now I have to pay long distance charges to try to resolve this. My renewal is up soon and I may ha8a [sic] stick to my current provider because of TD's incompetence! I've received great customer service at their branch level, but their insurance department sounds fragmented and disorganised. (see: https://www.yelp.ca/biz/td-home-and-auto-insurance-company-toronto, by Ms. Stephanie S. of Mississauga, Ontario)
[14]See: NOM #14, Affidavit #30 and Tab 22
[15]Apparently located at the Burlington Address
[16]See: Invoice 1(A), Dhaliwal OCF-18 and April 20, 2023, package from SNIC Markham that included a letter that mistakenly (presumed now because of not having some or all of the relevant faxes from the Appellant to the VP Building 4th Floor Fax Number) represented that there was "no medical evidence" (which meant it did not have the October 2022 MRI Package) on file, and only approved 20 physiotherapy sessions and part of the Dhaliwal Full Body Assessment.
[17]Appellant and MD (neurosurgeon)
[18]The now known focus of "TD Insurance" was causing the Appellant to submit through HCAI to the invalid Etobicoke Address.
[19]Despite bringing three early motions, where the style of cause was consistent with the naming in listed and attached documents and his definition of "TD SNIC" (see: McLean v. TD Insurance Meloche Monnex (Security National Insurance Company), due to the lengthy delays by whom he presumed was SNIC, an early decision by View-Chair Lake referenced "TD General Insurance Company".
[20]Mid-January 2024 decision relating to his first three motions which all identified TDIMM (SNIC) as the respondent
[21]For further background: Ms. Moraes, purporting to be his legal assistant, attempted to engage in discussions with the Tribunal, whilst improperly seeking an adjournment of the case conference, on behalf of TDGIC. From February 2024 until and including the case conference, the Appellant, whilst continuing to file all documents referencing the respondent SNIC, sought consent of TDGIC to be removed in accordance with SNIC Response. Mr. Karat did not take any steps in that regard and TDGIC opposed. In April 2024, Mr. Newfound's actual legal assistant appeared in lieu of Ms. Moraes.
[22]As found by Adj. Morrissette but in fact, the language used was, "did not oppose". In any event, TDGIC, volitionally, allowed itself to be removed without filing a pleading or representing that it was the "First Insurer".
[23]presumably an agent of Colliers International.
[24]For further background: On August 6, 2024, through a PIPEDA request of HCAI, HCAI provided the HCAI submitted copy of Dhaliwal OCF-18 which had caused re-direction to the defunct East Mall Address. The Appellant demanded that SNIC amend its address to SNIC Markham in HCAI and/or amend the name of the insurer to the First Insurer with a current and correct address. The Appellant made the same demand upon TDHA. Neither TDHA nor SNIC responded.
[25]For further background: Invoice 1(A) was delivered to the attention of Ms. Nurse with copies to the other known adjusters for SNIC along with a hard copy to head office (FSRA website) to the attention of the accounting department. A copy was also provided to

(c) the dates by which any steps in the proceeding are to be taken or begun;

(e) the estimated duration of the hearing; and

(f) any other matter that may assist in the just and most expeditious disposition of the proceeding. 1994, c. 27, s. 56 (11); 1997, c. 23, s. 13 (9).

Other Acts and regulations

(1.1) The tribunal's power to direct the parties to participate in a pre-hearing conference is subject to any other Act or regulation that applies to the proceeding. 1997, c. 23, s. 13 (10).

Who presides

(2) The chair of the tribunal may designate a member of the tribunal or any other person to preside at the pre-hearing conference.

Orders

(3) A member who presides at a pre-hearing conference may make such orders as he or she considers necessary or advisable with respect to the conduct of the proceeding, including adding parties.

Disqualification

(4) A member who presides at a pre-hearing conference at which the parties attempt to settle issues shall not preside at the hearing of the proceeding unless the parties consent. 1994, c. 27, s. 56 (11).

Application of s. 5.2

(5) Section 5.2 applies to a pre-hearing conference, with necessary modifications. 1997, c. 23, s. 13 (10).

Section Amendments with date in force (d/m/y) [+]

Disclosure

5.4 (1) If the tribunal's rules made under section 25.1 deal with disclosure, the tribunal may, at any stage of the proceeding before all hearings are complete, make orders for,

(a) the exchange of documents;

(b) the oral or written examination of a party;

(c) the exchange of witness statements and reports of expert witnesses;

(d) the provision of particulars;

(e) any other form of disclosure. 1994, c. 27, s. 56 (12); 1997, c. 23, s. 13 (11).

Other Acts and regulations

(1.1) The tribunal's power to make orders for disclosure is subject to any other Act or regulation that applies to the proceeding. 1997, c. 23, s. 13 (12).

Exception, privileged information

(2) Subsection (1) does not authorize the making of an order requiring disclosure of privileged information. 1994, c. 27, s. 56 (12).

Section Amendments with date in force (d/m/y) [+]

Notice of hearing

6 (1) The parties to a proceeding shall be given reasonable notice of the hearing by the tribunal. R.S.O. 1990, c. S.22, s. 6 (1).

Statutory authority

(2) A notice of a hearing shall include a reference to the statutory authority under which the hearing will be held.

1416

2-3-1

(3) A notice of an oral hearing shall include,

(a) a statement of the time, place and purpose of the hearing, and

(b) a statement that if the party notified does not attend at the hearing, the tribunal may proceed in the party's absence and the party will not be entitled to any further notice in the proceeding. 1994, c. 27, s. 56 (13).

Written hearing

(4) A notice of a written hearing shall include,

(a) a statement of the date and purpose of the hearing, and details about the manner in which the hearing will be held;

(b) a statement that the hearing shall not be held as a written hearing if the party satisfies the tribunal that there is good reason for not holding a written hearing (in which case the tribunal is required to hold it as an electronic or oral hearing) and an indication of the procedure to be followed for that purpose;

(c) a statement that if the party notified neither acts under clause (b) nor participates in the hearing in accordance with the notice, the tribunal may proceed without the party's participation and the party will not be entitled to any further notice in the proceeding. 1994, c. 27, s. 56 (13); 1997, c. 23, s. 13 (13); 1999, c. 12, Sched. B, s. 16 (5).

Electronic hearing

(5) A notice of an electronic hearing shall include,

(a) a statement of the time and purpose of the hearing, and details about the manner in which the hearing will be held;

(b) a statement that the only purpose of the hearing is to deal with procedural matters, if that is the case;

(c) if clause (b) does not apply, a statement that the party notified may, by satisfying the tribunal that holding the hearing as an electronic hearing is likely to cause the party significant prejudice, require the tribunal to hold the hearing as an oral hearing, and an indication of the procedure to be followed for that purpose; and

(d) a statement that if the party notified neither acts under clause (c), if applicable, nor participates in the hearing in accordance with the notice, the tribunal may proceed without the party's participation and the party will not be entitled to any further notice in the proceeding. 1994, c. 27, s. 56 (13).

Section Amendments with date in force (d/m/y) [+]

Effect of non-attendance at hearing after due notice

7 (1) Where notice of an oral hearing has been given to a party to a proceeding in accordance with this Act and the party does not attend at the hearing, the tribunal may proceed in the absence of the party and the party is not entitled to any further notice in the proceeding. R.S.O. 1990, c. S.22, s. 7; 1994, c. 27, s. 56 (14).

Same, written hearings

(2) Where notice of a written hearing has been given to a party to a proceeding in accordance with this Act and the party neither acts under clause 6 (4) (b) nor participates in the hearing in accordance with the notice, the tribunal may proceed without the party's participation and the party is not entitled to any further notice in the proceeding.

Same, electronic hearings

(3) Where notice of an electronic hearing has been given to a party to a proceeding in accordance with this Act and the party neither acts under clause 6 (5) (c), if applicable, nor participates in the hearing in accordance with the notice, the tribunal may proceed without the party's participation and the party is not entitled to any further notice in the proceeding. 1994, c. 27, s. 56 (15).

236

Where character, etc., of a party is in issue

8. Where the good character, propriety of conduct or competence of a party is an issue in a proceeding, the party is entitled to be furnished prior to the hearing with reasonable information of any allegations with respect thereto. R.S.O. 1990, c. S.22, s. 8.

Hearings to be public; maintenance of order
Hearings to be public, exceptions
9 (1) An oral hearing shall be open to the public except where the tribunal is of the opinion that,

(a) matters involving public security may be disclosed; or

(b) intimate financial or personal matters or other matters may be disclosed at the hearing of such a nature, having regard to the circumstances, that the desirability of avoiding disclosure thereof in the interests of any person affected or in the public interest outweighs the desirability of adhering to the principle that hearings be open to the public,

in which case the tribunal may hold the hearing in the absence of the public. R.S.O. 1990, c. S.22, s. 9 (1); 1994, c. 27, s. 56 (16).

Written hearings
(1.1) In a written hearing, members of the public are entitled to reasonable access to the documents submitted unless the tribunal is of the opinion that clause (1) (a) or (b) applies. 1994, c. 27, s. 56 (17).

Electronic hearings
(1.2) An electronic hearing shall be open to the public unless the tribunal is of the opinion that,

(a) it is not practical to hold the hearing in a manner that is open to the public; or

(b) clause (1) (a) or (b) applies. 1997, c. 23, s. 13 (14).

Maintenance of order at hearings
(2) A tribunal may make such orders or give such directions at an oral or electronic hearing as it considers necessary for the maintenance of order at the hearing, and, if any person disobeys or fails to comply with any such order or direction, the tribunal or a member thereof may call for the assistance of any peace officer to enforce the order or direction, and every peace officer so called upon shall take such action as is necessary to enforce the order or direction and may use such force as is reasonably required for that purpose. R.S.O. 1990, c. S.22, s. 9 (2); 1994, c. 27, s. 56 (18).

Section Amendments with date in force (dmy) [*]

Proceedings involving similar questions
9.1 (1) If two or more proceedings before a tribunal involve the same or similar questions of fact, law or policy, the tribunal may,

(a) combine the proceedings or any part of them, with the consent of the parties;

(b) hear the proceedings at the same time, with the consent of the parties;

(c) hear the proceedings one immediately after the other; or

(d) stay one or more of the proceedings until after the determination of another one of them.

Exception
(2) Subsection (1) does not apply to proceedings held under section 21 of the *Ontario Land Tribunals Act, 2021*. 1994, c. 27, s. 56 (19); 2021, c. 4, Sched. 6, s. 91.

Same
(3) Clauses (1) (a) and (b) do not apply to a proceeding if,

(a) any other Act or regulation that applies to the proceeding requires that it be heard in private;

1418 the tribunal is of the opinion that clause 3 (1) (a) or (b) applies to the proceeding. 1994, c. 27, s. 56 (19); 1997, c. 23, s. 11 (2).

Conflict, consent requirements

(4) The consent requirements of clauses (1) (a) and (b) do not apply if another Act or a regulation that applies to the proceedings allows the tribunal to combine them or hear them at the same time without the consent of the parties. 1997, c. 23, s. 13 (16).

Use of same evidence

(5) If the parties to the second-named proceeding consent, the tribunal may treat evidence that is admitted in a proceeding as if it were also admitted in another proceeding that is heard at the same time under clause (1) (b). 1994, c. 27, s. 56 (19).

Section Amendments with date in force (d/m/y) [+]

Right to representation

16 A party to a proceeding may be represented by a representative. 2006, c. 21, Sched. C, s. 134 (3).

Section Amendments with date in force (d/m/y) [+]

Examination of witnesses

16.1 A party to a proceeding may, at an oral or electronic hearing,

(a) call and examine witnesses and present evidence and submissions; and

(b) conduct cross-examinations of witnesses at the hearing reasonably required for a full and fair disclosure of all matters relevant to the issues in the proceeding. 1994, c. 27, s. 56 (20).

Section Amendments with date in force (d/m/y) [+]

Rights of witnesses to representation

17 (1) A witness at an oral or electronic hearing is entitled to be advised by a representative as to his or her rights, but such representative may take no other part in the hearing without leave of the tribunal. 2006, c. 21, Sched. C, s. 134 (4).

Idem

(2) Where an oral hearing is closed to the public, the witness's representative is not entitled to be present except when that witness is giving evidence. R.S.O. 1990, c. S.22, s. 11 (2); 1994, c. 27, s. 56 (22); 2006, c. 21, Sched. C, s. 134 (5).

Section Amendments with date in force (d/m/y) [+]

Summonses

18 (1) A tribunal may require any person, including a party, by summons,

(a) to give evidence on oath or affirmation at an oral or electronic hearing, and

(b) to produce in evidence at an oral or electronic hearing documents and things specified by the tribunal

relevant to the subject-matter of the proceeding and admissible at a hearing. R.S.O. 1990, c. S.22, s. 12 (1); 1994, c. 27, s. 56 (23).

Form and service of summons

(2) A summons issued under subsection (1) shall be in the prescribed form (in English or French) and

(a) where the tribunal consists of one person, shall be signed by him or her;

(b) where the tribunal consists of more than one person, shall be signed by the chair of the tribunal or in such other manner as documents on behalf of the tribunal may be signed under the statute constituting the tribunal. 1994, c. 27, s. 56 (24).

Same

(3) The summons shall be served personally on the person summoned. 1994, c. 27, s. 56 (24).

1419

Fees and allowances

(3.1) The person summoned is entitled to receive the same fees or allowances for attending at or otherwise participating in the hearing as are paid to a person summoned to attend before the Superior Court of Justice. 1994, c. 27, s. 56 (24); 2006, c. 19, Sched. C, s. 1 (1).

Bench warrant

(4) A judge of the Superior Court of Justice may issue a warrant against a person if the judge is satisfied that

(a) a summons was served on the person under this section;

(b) the person has failed to attend or to remain in attendance at the hearing (in the case of an oral hearing) or has failed otherwise to participate in the hearing (in the case of an electronic hearing) in accordance with the summons; and

(c) the person's attendance or participation is material to the ends of justice. 1994, c. 27, s. 56 (25); 2006, c. 19, Sched. C, s. 1 (1).

Same

(4.1) The warrant shall be in the prescribed form (in English or French), directed to any police officer, and shall require the person to be apprehended anywhere within Ontario, brought before the tribunal forthwith and,

(a) detained in custody as the judge may order until the person's presence as a witness is no longer required; or

(b) in the judge's discretion, released on a recognizance, with or without sureties, conditioned for attendance or participation to give evidence. 1994, c. 27, s. 56 (25).

Proof of service

(5) Service of a summons may be proved by affidavit in an application to have a warrant issued under subsection (4). 1994, c. 27, s. 56 (26).

Certificate of facts

(6) Where an application to have a warrant issued is made on behalf of a tribunal, the person constituting the tribunal or, if the tribunal consists of more than one person, the chair of the tribunal may certify to the judge the facts relied on to establish that the attendance or other participation of the person summoned is material to the ends of justice, and the judge may accept the certificate as proof of the facts. 1994, c. 27, s. 56 (26).

Same

(7) Where the application is made by a party to the proceeding, the facts relied on to establish that the attendance or other participation of the person is material to the ends of justice may be proved by the party's affidavit. 1994, c. 27, s. 56 (26).

Section Amendments with date in force (d/m/y) [+]

Contempt proceedings

13 (1) Where any person without lawful excuse,

(a) on being duly summoned under section 12 as a witness at a hearing makes default in attending at the hearing; or

(b) being in attendance as a witness at an oral hearing or otherwise participating as a witness at an electronic hearing, refuses to take an oath or to make an affirmation legally required by the tribunal to be taken or made, or to produce any document or thing in his or her power or control legally required by the tribunal to be produced by him or her or to answer any question to which the tribunal may legally require an answer; or

(c) does any other thing that would, if the tribunal had been a court of law having power to commit for contempt, have been a contempt of that court,

235

1428 ...tribunal may, of its own motion or on the motion of a party to the proceeding, state a case to the Divisional Court setting out the facts and that court may inquire into the matter and, after hearing any witnesses who may be produced against or on behalf of that person and after hearing any statement that may be offered in defence, punish or take steps for the punishment of that person in the manner as if he or she had been guilty of contempt of the court. R.S.O. 1990, c. S.22, s. 13; 1994, c. 27, s. 56 (27).

Same

(2) Subsection (1) also applies to a person who,

(a) having objected under clause 6 (4) (b) to a hearing being held as a written hearing, fails without lawful excuse to participate in the oral or electronic hearing of the matter; or

(b) being a party, fails without lawful excuse to attend a pre-hearing conference when so directed by the tribunal. 1997, c. 23, s. 13 (17).

Section Amendments with date in force (d/m/y) [+]

Protection for witnesses

14 (1) A witness at an oral or electronic hearing shall be deemed to have objected to answer any question asked him or her upon the ground that the answer may tend to criminate him or her or may tend to establish his or her liability to civil proceedings at the instance of the Crown, or of any person, and no answer given by a witness at a hearing shall be used or be receivable in evidence against the witness in any trial or other proceeding against him or her thereafter taking place, other than a prosecution for perjury in giving such evidence. R.S.O. 1990, c. S.22, s. 14 (1); 1994, c. 27, s. 56 (28); 2021, c. 25, Sched. 27, s. 2.

(2) REPEALED: 1994, c. 27, s. 56 (28).

Section Amendments with date in force (d/m/y) [+]

Evidence

What is admissible in evidence at a hearing

15 (1) Subject to subsections (2) and (3), a tribunal may admit as evidence at a hearing, whether or not given or proven under oath or affirmation or admissible as evidence in a court,

(a) any oral testimony; and

(b) any document or other thing,

relevant to the subject-matter of the proceeding and may act on such evidence, but the tribunal may exclude anything unduly repetitious.

What is inadmissible in evidence at a hearing

(2) Nothing is admissible in evidence at a hearing,

(a) that would be inadmissible in a court by reason of any privilege under the law of evidence; or

(b) that is inadmissible by the statute under which the proceeding arises or any other statute.

Conflicts

(3) Nothing in subsection (1) overrides the provisions of any Act expressly limiting the extent to or purposes for which any oral testimony, documents or things may be admitted or used in evidence in any proceeding.

Copies

(4) Where a tribunal is satisfied as to its authenticity, a copy of a document or other thing may be admitted as evidence at a hearing

2-39

1421

Photocopies

(5) Where a document has been filed in evidence at a hearing, the tribunal may, or the person producing it or entitled to it may with the leave of the tribunal, cause the document to be photocopied and the tribunal may authorize the photocopy to be filed in evidence in the place of the document filed and release the document filed, or may furnish to the person producing it or the person entitled to it a photocopy of the document filed certified by a member of the tribunal.

Certified copy admissible in evidence

(6) A document purporting to be a copy of a document filed in evidence at a hearing, certified to be a copy thereof by a member of the tribunal, is admissible in evidence in proceedings in which the document is admissible as evidence of the document. R.S.O. 1990, c. S.22, s. 15.

Use of previously admitted evidence

15.1 (1) The tribunal may treat previously admitted evidence as if it had been admitted in a proceeding before the tribunal if the parties to the proceeding consent. 1994, c. 27, s. 56 (30).

Definition

(2) In subsection (1),

"previously admitted evidence" means evidence that was admitted, before the hearing of the proceeding referred to in that subsection, in any other proceeding before a court or tribunal, whether in or outside Ontario.

Additional power

(3) This power conferred by this section is in addition to the tribunal's power to admit evidence under section 15. 1994, c. 27, s. 13 (16).

Section Amendments with date in force (d/m/y) [*]

Witness panels

15.2 A tribunal may receive evidence from panels of witnesses composed of two or more persons, if the parties have first had an opportunity to make submissions in that regard. 1994, c. 27, s. 56 (31).

Section Amendments with date in force (d/m/y) [*]

Notice of facts and opinions

16 A tribunal may, in making its decision in any proceeding,

(a) take notice of facts that may be judicially noticed; and

(b) take notice of any generally recognized scientific or technical facts, information or opinions within its scientific or specialized knowledge. R.S.O. 1990, c. S.22, s. 16.

Interim decisions and orders

16.1 (1) A tribunal may make interim decisions and orders.

Conditions

(2) A tribunal may impose conditions on an interim decision or order.

Reasons

(3) An interim decision or order need not be accompanied by reasons. 1994, c. 27, s. 56 (32).

240

1422 Amendments with date in force (d/m/y) [+]

Time frames

16.2 A tribunal shall establish guidelines setting out the usual time frame for completing proceedings that come before it and for completing the procedural steps within those proceedings. 1999, c. 12, Sched. B, s. 16 (6)

Section Amendments with date in force (d/m/y) [+]

Decision; interest
Decision

17 (1) A tribunal shall give its final decision and order, if any, in any proceeding in writing and shall give reasons in writing therefor if requested by a party. R.S.O. 1990, c. S.22, s. 17; 1993, c. 27, Sched.

Interest

(2) A tribunal that makes an order for the payment of money shall set out in the order the principal sum and, if interest is payable, the rate of interest and the date from which it is to be calculated. 1994, c. 27, s. 56 (33)

Section Amendments with date in force (d/m/y) [+]

Costs

17.1 (1) Subject to subsection (2), a tribunal may, in the circumstances set out in rules made under subsection (4), order a party to pay all or part of another party's costs in a proceeding. 2006, c. 19, Sched. B, s. 21 (2)

Exception

(2) A tribunal shall not make an order to pay costs under this section unless,

(a) the conduct or course of conduct of a party has been unreasonable, frivolous or vexatious or a party has acted in bad faith; and

(b) the tribunal has made rules under subsection (4). 2006, c. 19, Sched. B, s. 21 (2)

Amount of costs

(3) The amount of the costs ordered under this section shall be determined in accordance with the rules made under subsection (4). 2006, c. 19, Sched. B, s. 21 (2).

Rules

(4) A tribunal may make rules with respect to,

(a) the ordering of costs;

(b) the circumstances in which costs may be ordered; and

(c) the amount of costs or the manner in which the amount of costs is to be determined. 2006, c. 19, Sched. B, s. 21 (2)

Same

(5) Subsections 25.1 (3), (4), (5) and (6) apply with respect to rules made under subsection (4). 2006, c. 19, Sched. B, s. 21 (2)

Continuance of provisions in other statutes

(6) Despite section 32, nothing in this section shall prevent a tribunal from ordering a party to pay all or part of another party's costs in a proceeding in circumstances other than those set out in, and without complying with, subsections (1) to (3) if the tribunal makes an order in accordance with the provisions of an Act that are in force on February 14, 2006. 2006, c. 19, Sched. B, s. 21 (2)

Submissions must be in writing

(7) Despite sections 5.1, 5.2 and 5.2.1, submissions for a costs order, whether under subsection (1) or under an authority referred to in subsection (6), shall be made by way of written or electronic documents, unless a party satisfies the tribunal that to do so is likely to cause the party significant prejudice. 2015, c. 23, s. 6.

241

1423 REPEALED: 2015, c. 23, s. 5.

Section Amendments with date in force (d/m/y) [•]

Notice of decision
19 (1) The tribunal shall send each party who participated in the proceeding, or the party's representative, a copy of its final decision or order, including the reasons if any have been given,

(a) by regular letter mail;

(b) by electronic transmission;

(c) by telephone transmission of a facsimile; or

(d) by some other method that allows proof of receipt, if the tribunal's rules made under section 25.1 deal with the matter. 1994, c. 27, s. 56 (34); 1997, c. 23, s. 13 (19); 2006, c. 21, Sched. C, s. 134 (6).

Use of mail
(2) If the copy is sent by regular letter mail, it shall be sent to the most recent addresses known to the tribunal and shall be deemed to be received by the party on the fifth day after the day it is mailed. 1994, c. 27, s. 56 (34).

Use of electronic or telephone transmission
(3) If the copy is sent by electronic transmission or by telephone transmission of a facsimile, it shall be deemed to be received on the day after it was sent, unless that day is a holiday, in which case the copy shall be deemed to be received on the next day that is not a holiday. 1994, c. 27, s. 56 (34).

Use of other method
(4) If the copy is sent by a method referred to in clause (1) (d), the tribunal's rules made under section 25.1 govern its deemed day of receipt. 1994, c. 27, s. 56 (34).

Failure to receive copy
(5) If a party that acts in good faith does not, through absence, accident, illness or other cause beyond the party's control, receive the copy until a later date than the deemed day of receipt, subsection (2), (3) or (4), as the case may be, does not apply. 1994, c. 27, s. 56 (34).

Section Amendments with date in force (d/m/y) [•]

Enforcement of orders
19 (1) A certified copy of a tribunal's decision or order in a proceeding may be filed in the Superior Court of Justice by the tribunal or by a party and on filing shall be deemed to be an order of that court and is enforceable as such. 1994, c. 27, s. 56 (35); 2006, c. 19, Sched. C, s. 1 (1).

Notice of filing
(2) A party who files an order under subsection (1) shall notify the tribunal within 10 days after the filing. 1994, c. 27, s. 56 (35).

Order for payment of money
(3) On receiving a certified copy of a tribunal's order for the payment of money, the sheriff shall enforce the order as if it were an execution issued by the Superior Court of Justice. 1994, c. 27, s. 56 (35); 2006, c. 19, Sched. C, s. 1 (1).

Section Amendments with date in force (d/m/y) [•]

Record of proceeding
20 A tribunal shall compile a record of any proceeding in which a hearing has been held which shall include,

(a) any application, complaint, reference or other document, if any, by which the proceeding was commenced;

1424

(b) the notice of any hearing;

(c) any interlocutory orders made by the tribunal;

(d) all documentary evidence filed with the tribunal, subject to any limitation expressly imposed by any other Act on the extent to which the documents may be used in evidence in any proceeding;

(e) the transcript, if any, of the oral evidence given at the hearing; and

(f) the decision of the tribunal and the reasons therefor, where reasons have been given. R.S.O. 1990, c. S.22, s. 20.

Adjournments

21 A hearing may be adjourned from time to time by a tribunal of its own motion or where it is shown to the satisfaction of the tribunal that the adjournment is required to permit an adequate hearing to be held. R.S.O. 1990, c. S.22, s. 21.

Correction of errors

21.1 A tribunal may at any time correct a typographical error, error of calculation or similar error made in its decision or order. 1994, c. 27, s. 56 (36).

Section Amendments with date in force (d/m/y) [+]

Power to review

21.2 (1) A tribunal may, if it considers it advisable and if its rules made under section 25.1 deal with the matter, review all or part of its own decision or order, and may confirm, vary, suspend or cancel the decision or order. 1997, c. 23, s. 10 (20).

Time for review

(2) The review shall take place within a reasonable time after the decision or order is made.

Conflict

(3) In the event of a conflict between this section and any other Act, the other Act prevails. 1994, c. 27, s. 56 (36).

Section Amendments with date in force (d/m/y) [+]

Administration of oaths

22 A member of a tribunal has power to administer oaths and affirmations for the purpose of any of its proceedings and the tribunal may require evidence before it to be given under oath or affirmation. R.S.O. 1990, c. S.22, s. 22.

Powers to control of proceedings

Abuse of processes

23 (1) A tribunal may make such orders or give such directions in proceedings before it as it considers proper to prevent abuse of its processes. R.S.O. 1990, c. S.22, s. 23 (1).

Limitation on examination

(2) A tribunal may reasonably limit further examination or cross-examination of a witness where it is satisfied that the examination or cross-examination has been sufficient to disclose fully and fairly all matters relevant to the issues in the proceeding. 1994, c. 27, s. 56 (37).

Exclusion of representatives

(3) A tribunal may exclude from a hearing anyone, other than a person licensed under the *Law Society Act*, appearing on behalf of a party or as an adviser to a witness if it finds that such person is not competent properly to represent or to advise the party or witness or does not understand and comply at the hearing with the duties and responsibilities of an advocate or adviser. 2006, c. 21, Sched. C, s. 134 (7).

243

1425 Amendments with date in force (d/m/y) [•]

Notice, etc.
24. (1) Where a tribunal is of the opinion that because the parties to any proceeding before it are so numerous or for any other reason it is impracticable,

(a) to give notice of the hearing; or

(b) to send its decision and the material mentioned in section 16,

to all or any of the parties individually, the tribunal may, instead of doing so, cause reasonable notice of the hearing or of its decision to be given to such parties by public advertisement or otherwise as the tribunal may direct.

Contents of notice
(2) A notice of a decision given by a tribunal under clause (1) (b) shall inform the parties of the place where copies of the decision and the reasons therefor, if reasons were given, may be obtained. R.S.O. 1990, c. S.22, s. 24.

Appeal operates as stay, exception
25. (1) An appeal from a decision of a tribunal to a court or other appellate body operates as a stay in the matter unless,

(a) another Act or a regulation that applies to the proceeding expressly provides to the contrary; or

(b) the tribunal or the court or other appellate body orders otherwise. 1997, c. 23, s. 13 (21).

Idem
(2) An application for judicial review under the *Judicial Review Procedure Act*, or the bringing of proceedings specified in subsection 2 (1) of that Act is not an appeal within the meaning of subsection (1). R.S.O. 1990, c. S.22, s. 25 (2).

Section Amendments with date in force (d/m/y) [•]

Control of process
25.0.1 A tribunal has the power to determine its own procedures and practices and may for that purpose,

(a) make orders with respect to the procedure and practices that apply in any particular proceeding; and

(b) establish rules under section 25.1. 1999, c. 12, Sched. B, s. 18 (8).

Section Amendments with date in force (d/m/y) [•]

Rules
25.1 (1) A tribunal may make rules governing the practice and procedure before it. 1994, c. 27, s. 56 (36).

Application
(2) The rules may be of general or particular application. 1994, c. 27, s. 56 (36).

Consistency with Acts
(3) The rules shall be consistent with this Act and with the other Acts to which they relate. 1994, c. 27, s. 56 (36).

Public access
(4) The tribunal shall make the rules available to the public in English and in French. 1994, c. 27, s. 56 (36).

Legislation Act, 2006, Part III
(5) Rules adopted under this section are not regulations as defined in Part III (Regulations) of the *Legislation Act, 2006*. 1994, c. 27, s. 56 (36); 2006, c. 21, Sched. F, s. 136 (1).

1426 power

(6) The power conferred by this section is in addition to any power to adopt rules that the tribunal may have under another Act. 1994, c. 27, s. 56 (38).

Section Amendments with date in force (d/m/y) [•]

Regulations
25 The Lieutenant Governor in Council may make regulations prescribing forms for the purpose of section 12. 1994, c. 27, s. 56 (38).

Section Amendments with date in force (d/m/y) [•]

Rules, etc., available to public
27 A tribunal shall make any rules or guidelines established under this or any other Act available for examination by the public. 1994, c. 12, Sched. B, s. 16 (9).

Section Amendments with date in force (d/m/y) [•]

Substantial compliance
28 Substantial compliance with requirements respecting the content of forms, notices or documents under this Act or any rule made under this or any other Act is sufficient. 1994, c. 12, Sched. B, s. 16 (9).

Section Amendments with date in force (d/m/y) [•]

Prohibition on photographs, recordings, dissemination
29 (1) No person shall,

(a) take or attempt to take a photograph, audio or video recording or other record capable of producing or transmitting visual or aural representations by electronic means or otherwise,

(i) at a hearing,

(ii) of any person entering or leaving the room in which a hearing is to be or has been convened, or

(iii) of any person in the building in which a hearing is to be or has been convened if there is reasonable ground for believing that the person is there for the purpose of attending or leaving the hearing, other than in an area of the building designated by the tribunal for the purpose and with the person's consent;

(b) publish, broadcast, reproduce or otherwise disseminate a photograph, recording or record taken in contravention of clause (a); or

(c) broadcast, reproduce or otherwise disseminate an audio recording described in clause (2) (b). 2021, c. 25, Sched. 27, s. 3.

Non-application
(2) Subsection (1) does not apply with respect to,

(a) the unobtrusive making of notes or sketches of events at a hearing by a person;

(b) the making of an audio recording at a hearing, unobtrusively and in a manner authorized by the tribunal, by a representative, party acting on their own behalf or a journalist, for the sole purpose of supplementing or replacing notes; or

(c) subject to the authorization of the tribunal, any act referred to in subsection (1),

(i) if it is required for the presentation of evidence, the making of a record or any other purpose of the hearing,

(ii) with the consent of the parties and witnesses, or

(iii) in connection with any ceremonial proceeding. 2021, c. 25, Sched. 27, s. 3.

1427 ...e and penalty

(3) Every person who contravenes subsection (1) is guilty of an offence and on conviction is liable to a fine of not more than $25,0...

2021, c. 25, Sched. 27, s. 3

1432

Volume #1: Material Facts to this Motion

1. The Appellant was injured in the Accident as the was the driver of the Insured Automobile on August 31, 2022, (the "**DOL**"). In late September 2023, SNIC[10] delivered to the Appellant an accident benefits application package with an OCF-1 and OCF-2 with a pre-printed and unalterable return-address of **SNIC Markham** and a facsimile number, which, unbeknownst to the Appellant, was a city of Toronto (North York) area code (416) landline phone number *grounded* and situated at the commercial office building on the fourth (4th) floor at 3650 Victoria Park Avenue, North York, Toronto, ON, M2H 3P7 (the "**VP Building**" or "**North York Office**"), was 416-774-3120 (the "**VP Building 4th Floor Fax Number**"). Since late 2016, SNIC has been located in Markham[11] which does not have 416 area code numbers.

2. The Appellant delivered his OCF-1 (the "**Completed Application**") to the **VP Building 4th Floor Fax Number** on October 13, 2022. While SNIC was not a tenant or occupier of the **North York Office** in October 2022, SNIC misrepresented that it was to the Appellant and falsely claimed to have *directly* received the Appellant's **Completed Application** by requesting that he deliver a completed OCF-3.

3. On November 3, 2022, the Appellant completed the OCF-3 with the return address of **SNIC Markham** but with the **VP Building 4th Floor Fax Number**, and his attending physician completed and signed his portion of the OCF-3 whilst faxing the same to the **VP Building 4th Floor Fax Number**. From November 2023 to April 6, 2023, the Appellant received $1499.98 in medical/rehab benefits[12] to his **Beneficiary Bank Account**, as he had also faxed, exclusively to **VP Building 4th Floor Fax Number**, a *Payments Canada* styled direct-deposit form, signed by him and exclusively to SNIC under **TD Claim #3**.

4. In March 2023, SNIC requested that the Appellant exclusively communicate with it via email. The Appellant rejected the offer on account of, *inter alia*, non-compliance with *SABS* and *PIPEDA*. The Appellant made a *PIPEDA* request of SNIC in early January 2023 but, without *PIPEDA* compliant responses for months, received an unidentified package from "New Brunswick" without reference to an insurance company but an unknown individual's name and his name with a different phone number. He notified his residential building concierge to return the package as he deemed it *suspicious*. With the benefit of hindsight, an online complaint by an individual customer of TDHA on **YELP**, where TDHA is

1433 identified as the sole insurance company tenant at the **Etobicoke Address**, against TDHA was that TDHA's customer service was in **New Brunswick**.[13]

5. On April 6, 2023, the Appellant, after providing **TONP** with the address and fax for SNIC, signed the **Dhaliwal OFC-18**. On April 6, 2023, Mr. Dhaliwal, PT (TONP), submitted the **Dhaliwal OCF-18** through **HCAI**. It is now known that SNIC caused **PT Dhaliwal** to submit the **Dhaliwal OCF-18** to the obsolete and fallacious **Etobicoke East Mall Address**. At said time, the only evidence of an insurance company at the **East Mall Address** was **TDHA** although in late 2020, *Toronto City Council* approved the demolition of the **Valhalla Executive Suites** at the inoperative **Etobicoke Address**.[14] Therefore, the only evidence of a relevant insurer, to the issues herein, at the Etobicoke Address was TDHA from 2018 to 2021. On April 20, 2023, the Appellant received confirmation in a letter from SNIC Markham that it had, by the "As per A. Nurse" purported signature on the OCF-18, Part 13, approved the sum of $2080.57 from the **Dhaliwal OCF-18**. It was presumed payment was issued to TONP.

6. In April 2023, the Appellant received a letter via fax to his fax number, but not from the **VP Building 4th Floor Fax Number** but an unknown and undisclosed fax number pursuant to *Reg 283*, that he has defined as "**Spam Faxes**", that, in response to his previous faxes to the **VP Building 4th Floor Fax Number**, requested that he discontinue faxing the **VP Building 4th Floor Fax Number** and the "mystery insurer" did not have any record of his **TD Claim #3**. The Appellant promptly notified, whom he thought was SNIC, at **VP Building 4th Floor Fax Number** (attention: Ms. Nurse) of the "Spam Faxes" and continued to fax the **VP Building 4th Floor Fax Number**.

7. In July 2023, the apparent replacement adjuster for Ms. Nurse, in Ms. Persaud[15], had contacted Rehab Mechanics to inform it that SNIC would not pay for any further physiotherapy sessions after the approved amounts were exhausted[16]. The Appellant was departing, in any event, to Europe to have the requisite MRIs that he could not obtain in Canada, and he informed Rehab Mechanics that he would provide the same in due course. From August to October 2023, the Appellant faxed the **VP Building 4th Floor Fax Number** with updates on his MRI results, examinations, assessments and reports. SNIC did not reply to this fax. Upon the Appellant's return, SNIC had responded to the aforementioned faxes from its alleged

1434 Burlington Address but now listing the 905 Fax Number. The Appellant responded to some of the letters from the alleged SNIC Burlington Address to the 905 Fax Number but many of the faxes to the 905 Fax Number were blocked or stopped mid-call. As a result, he re-faxed some of the same to the **VP Building 4th Floor Fax Number** and then faxed the aforementioned fax number at first instance.

8. In mid-October 2023, the Appellant received an email from "E-claims services", which was unknown to him, to an email that he had not consented to any email communication with SNIC for or at all, and it referenced "TD Insurance". The email appeared to request uploading of documents that the Appellant had already sent via fax. The Appellant did not respond to the same.

9. In November 2023, the Appellant faxed the **VP Building 4th Floor Fax Number**, as per the issues with the **905 Fax Number**, with a copy of the doubly[17] duly signed **OCF-19**. SNIC did not provide any response in accordance with *SABS*. However, a letter from SNIC (SNIC Burlington Address with a reference to Ms. Persaud) requested that potentially a non-physician complete and sign the OCF-19 by reference an unknown legal test of an "appropriate [sic] Ontario [sic] health practitioner [sic]". The Appellant responded to SNIC via fax to the **VP Building 4th Floor Fax Number** noting that SNIC had created an unknown legal test under *SABS*. SNIC did not respond in substance to the same.[18]

10. On December 24, 2023, the Appellant filed the Appeal and served the **VP Building 4th Floor Fax Number**. From December 26 to 28, 2023, the Appellant served, via email, the email addresses of Ms. Nurse and Ms. Persaud (by deduction) due to the size of the required listed and attached documents to his Appeal. On December 26, 2023, the Appellant received an auto-reply from Ms. Persaud that she had been away from the office since September 2023. However, on January 23, 2024, Mr. Karat, copying Mr. Nieuwland as counsel, while representing that he had been assigned by SNIC as the *ADR* and he was representing the "Security National Insurance Company", requested an email communication protocol for day-to-day matters with adjusters. The Appellant consented to the same.

11. On January 25, 2024, Mr. Karat, *prima facie*, solely completed and signed, contrary to LSO By-Law #7.1, section 6, the **SNIC Response**, and then served the Appellant with the same. The SNIC Response, while

1435 reverting to the SNIC Markham address for service, did not include the VP Building 4th Floor Fax Number.[19] SNIC has not represented the VP Building 4th Floor Fax Number as its since Summer 2023.

12. The Appellant had presumed that the miscue[20] by Vice-Chair Lake was at an end but it was not. On January 30, 2024, Mr. Nieuwland filed a DOR on behalf of TDGIC. The Appellant objected thereafter until June 21, 2024.[21] On May 2, 2024, Mr. Nieuwland, exclusively on behalf of TDGIC, orally represented to the Tribunal, the Appellant and SNIC, that SNIC and TDGIC were "*one and the same*" and "this is how we always do it" (in reference to TDGIC being the respondent party in substitution of SNIC). The later representation was contradicted thereafter by Mr. Nieuwland acting for SNIC in the *Sued Decisions*. The former representation was disproven by the FSRA Enforcement Decisions and certificates of status for SNIC and TDGIC, from the FSRA. In the face of the Appellant's NOM #8, filed in mid-May 2024, TDGIC finally changed its previous incorrigible and nugatory positions, and consented[22] to respondent party being named as SNIC to be consistent with the only filed Response by a Respondent. On June 21, 2024, Adj. Morrissette granted the Appellant's relief sought and each and every decision, document et al *of* the Tribunal referencing TDGIC was amended to correct the technical deficiency error created by some representation to the Tribunal by some unknown individuals that the respondent was TDGIC. On July 9, 2024, the Appellant, after TDGIC, refused to respond to his non-party requests pursuant to *LAT Rule* 9.2.2, filed his NOM #13 seeking production and disclosure of documents or things from a non-party. On July 11, 2024, the Appellant served the listed address of TDGIC in this SNIC Proceeding. The misrepresentations continued. The concierge[23] for the VP Building, represented to the Appellant that TDGIC had not been a tenant at the VP Building for over a year . The Appellant referenced going up to the 9th floor and the said concierge, confirmed again that TDGIC was no longer occupying 9th floor of the VP Building so he delivered the NOM #13 hearing brief to shipping/ receiving. The VP Building concierge confirmed that TDGIC relocated to Markham McNabb Building. In late July 2024, the Tribunal confirmed that NOM #13 would be heard in due course. From July 2024 to August 2024, Appellant made demands on SNIC for it to provide its fax number for SNIC Markham. SNIC did not respond. The Appellant made demands on TDHA (along with SNIC and TDGIC) to deny (or for the

1436 letter two insurance companies to confirm) that the VP Building 4th Floor Fax Number was its fax number as the relevant times. TDHA did not deny the same. Neither SNIC nor TDGIC confirmed it was either of their fax numbers at the material times. On August 3, 2024, the Appellant filed his NOM #14 hearing brief, and served SNIC and TDHA. On August 4, 2024, the Appellant took pictures of the legally void (as it related to a commercial address for service of an insurance company) Etobicoke Address, and provided an amended hearing record for NOM #14.[24] After much investigation and obtaining responses from or on behalf of the retired PT Dhaliwal and defunct TONP, it was determined that the representations by SNIC (Mr. Karat) and TDGIC (Mr. Nieuwland) that either SNIC or TDGIC had paid $2,850 in medical and rehab benefits were *false*. The Appellant had received $1499.98 to the Beneficiary Bank Account but TONP never received the $2080.57 which was approved by SNIC on April 20, 2023. The Appellant instructed Rehab Mechanics to issue an invoice so that accounting for the obligated insurer could pay the same along with other invoices as no adjuster for SNIC had signed any of the OCF-18's as required.[25]

Volume #2: Issues

13. The issues are:

a. On a balance of probabilities, with the uncontroverted evidence that SNIC, through its brokers (MMFSI and TDIAI) by way of c/o, no longer utilized the *4th floor* of the North York Office as a registered address as of 2016, the "lead tenants" were "TD Insurance" according to True North REIT and Colliers International from on or around 2017, and the Tribunal denoted TDGIC as being located on the *9th floor* of the VP Building, at the time (October 13, 2022) the Appellant delivered his Completed Application (OCF-1) from his fax to the VP Building 4th Floor Fax Number, was the First Insurer (see: Reg 283) TDHA? Further, From a case management perspective, with the *hearing proper* on the horizon, along with SNIC not having engaged in any listing and production of documents in the SNIC Response or thereafter on its own and in the face of demands pursuant to *LAT Rules*, and TDGIC consenting to be removed as a party from this LAT Proceeding without claiming once that it had a substantial interest in the outcome of the LAT Proceeding, then how must the Tribunal control its processes in order to ensure this LAT Proceeding is governing in accordance with SPPA, s. 2, Legislation Act, s. 64, *SABS* and *Reg 283* while having the necessary motions conducted for document disclosure et al so the Appellant has the necessary documents to attempt to meet his burden?

Volume #3: Application of the Settled and Binding Law to the Uncontroverted Facts, and Orders Sought

14. While there is an ability of a party to "request an expedited hearing" in the dropdown menu of Tribunals Ontario e-filing portal, there is a dearth of jurisprudence regarding the same with LAT/AABS matters.

15. As of 2010, the amendments to *Reg 283* led to an absence of listed fax numbers for insurance companies and for good reason: some unsavoury insured persons may deliberately manipulate the system by faxing

their OCF-1's to an incorrect insurance company with no record of them as insured persons leading to those insurance companies in receipt of confidential information with an inability to dispute that they were not liable along with which insurance company, wrongfully in receipt, may be liable.[26]

16. The only evidence of a licensed insurance company in Ontario having ownership of the VP Building 4th Floor Fax Number, being utilized as a fax number on October 13, 2022, is that of TD Home And Auto Insurance Company, FSRA registration number 1063. The only evidence of the floor (4th) in which the **VP Building 4th Floor Fax Number** was so grounded and wired with Bell Canada Inc., as the telecommunications provider, is and was the 416-774-3120 fax number. Canada Post only lists two addresses above the third floor at the VP Building *as having* postal codes: (i) the 4th floor; and (ii) 9th floor. The most *rudimentary syllogism* evolves from the above: if TDHA and TDGIC were both tenants at the VP Building in October 2022, and the Tribunal, which would obviously have accurate contact information for insurance companies, denoted TDGIC as being on the 9th floor of the VP Building, then TDHA was on the 4th floor of the VP Building. As the 4th floor was the floor or level with the **VP Building 4th Floor Fax Number**, then TDHA was the **First Insurer** to receive the Appellant's **Completed Application**. Whether TDHA has moved since that time is of no consequence. The corroborating evidence, which SNIC never denied in HCAI, also points to TDHA as the First Insurer with the VP Building 4th Floor Fax Number. It must be recalled that in the **FSRA Enforcement Decisions** involving four insurers from TDI Group, all of the distinct insurers in the TDI Group claimed a "technological error" for the unlawful and without notice increasing of premiums of their customers. Perhaps, it was another technological error. It is also noted that in the "*Right to Dispute The Insurance Company's Determination of your claim for SABS*" provided by SNIC (SNIC Markham), it referenced an old address for the Tribunal which it had not for years. *For context, had the Appellant delivered his Appeal to that invalid address for the Tribunal, would the Tribunal have considered that his Appeal was received and filed with it?* The question answers itself.[27] Subject to reply, all of which is respectfully submitted on August 17, 2024:

AFFIDAVIT

ONTARIO COURT OF JUSTICE (DIVISIONAL COURT)

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT

- and -

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL, HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

Affidavit #2 of Kevin A. McLean in this *JRPA* Proceeding

(Affidavit in support of the request for leave under section 6(2) of the *JRPA*)

I, Kevin Alexander McLean, Disabled (B.A., J.D., CIM) of **Toronto, Ontario, SWEAR THAT:**

Volume #1: Sworn Under Oath; under the Penalty of Perjury; and Introduction

1. I am the individual *JRPA* Applicant herein and I swear, under the pains and penalties of perjury, the following facts to be true. Where I have stated or sworn information on my belief(s), I have cited the source of my belief(s) by references, citations, end-noting or otherwise. When I have used the expressions (including any permutations) of "in my view", "in my opinion", or "belief", I am not drawing or making any conclusion of law or swearing a conclusion of law but rather citing my position and opinions as a matter of fact.

2. I commenced drafting this affidavit on December 30, 2024.

5 14

3. Where double underlining has been utilized, the double underlining is mine and added for emphasis.

4. Where I have copied and pasted or quoted from my "Oral Outline" (currently in draft form), which is cross-referenced to the Oral Compendium, which has a hyperlinked and bookmarked index, I have not done so to make any legal argument but to provide context for my positions.

5. I adopt the definitions from this *JRPA* Proceeding herein and they have the same meaning herein as they do therein.

6. This is my second affidavit in this *JRPA* Proceeding herein. My first affidavit was the affidavit of service that was filed and served after the filing of my certificate of perfection (the "**Certificate Of Perfection**").

7. I repeat and rely upon the facts in my correspondence to the ONSC Divisional Court with copies to counsel for the various respondents herein. I adopt the facts therein as my evidence herein on a factual level but in relation to my positions that I have advanced, am advancing and will advance in a hearing before a single justice of the ONSC.

8. I filed and paid for my *JRPA* Application on November 15, 2024. I served the same on the Tribunal, AGO, and the **Respondent Insurance Companies**.

9. When referring to the "**Respondent Insurance Companies**" in relation to this *JRPA* Proceeding and particularly SNIC and TDHA as it relates to NOM #14 and #15.

10. I have not made any judicial review application regarding NOM #13 which was a document production motion involving TDGIC.

11. The **Respondent Insurance Companies** did not, in my view and my belief, file a notice of appearance on a forthwith basis. I raised an objection in relation to the same.

12. I filed and served my factum (the "**Applicant's Factum**" or "**Factum**") on December 10, 2024.

13. I filed and served my application record on December 12, 2024 (the "**Application Record**").

14. In relation to my **Factum**, I included all of the authorities that I intended to and intend to rely upon in relation to the merits of the hearing of my *JRPA* Application.

15. Since that time, I have, *inter alia*, put the respondents on notice that my reading of the *JRPA* is that the Tribunal was required to file the record of proceeding forthwith (see: section 10 of the *JRPA*) but I have not had a responsive email or letter in relation to the same.

16. On Friday, December 13, 2024, I filed and paid for my certificate of perfection (the "COP" or "**Certificate of Perfection**"). I also filed and served an affidavit of service on or around the same day.

17. As a result of the same, I am including in my oral argument for the urgent hearing before a single justice of the ONSC authorities that relate to the same.

18. I have also included further authorities in relation to the test for leave pursuant to section 6(2) of the *JRPA*.

19. For ease of reference, I copy and paste from the *JRPA* section 6:

> **Application to Divisional Court**
>
> 6 (1) Subject to subsection (2), an application for judicial review shall be made to the Divisional Court. R.S.O. 1990, c. J.1, s. 6 (1).
>
> **Application to judge of Superior Court of Justice**
>
> (2) An application for judicial review may be made to the Superior Court of Justice with leave of a judge thereof, which may be granted at the hearing of the application, where it is made to appear to the judge that the case is one of urgency and that the delay required for an application to the Divisional Court is likely to involve a failure of justice. R.S.O. 1990, c. J.1, s. 6 (2); 2006, c. 19, Sched. C, s. 1 (1).
>
> **Transfer to Divisional Court**
> (3) Where a judge refuses leave for an application under subsection (2), he or she may order that the application be transferred to the Divisional Court. R.S.O. 1990, c. J.1, s. 6 (3).
>
> **Appeal to Court of Appeal**
> (4) An appeal lies to the Court of Appeal, with leave of the Court of Appeal, from a final order of the Superior Court of Justice disposing of an application for judicial review pursuant to leave granted under subsection (2). R.S.O. 1990, c. J.1, s. 6 (4); 2006, c. 19, Sched. C, s. 1 (1).

20. I pleaded the relief sought under section 6(2) of the *JRPA* in my *JRPA* Application. I made my *JRPA* Application to the ONSC Divisional Court at first instance. I am seeking the relief that in the event that the ONSC (single justice) does not grant leave that the *JRPA* Proceeding is transferred to the Divisional Court (ONSC) for hearing.

21. For ease of reference, I quote from **Part I: Divisional Court Proceedings**, Part F of the Practice Direction

5 716

26. Within two weeks after an application or appeal is commenced, or a motion is filed, the parties shall send an email to the court setting out,

    a. any preliminary issues;
    b. a draft proposed or agreed schedule for the exchange of court documents; and
    c. the proposed hearing length required (e.g. half a day for panel hearings).

22. I now note, after review of my emails with the ONSC Divisional Court and the respondents that I do not have a copy of the positions of the **Respondent Insurance Companies** in relation to the required information relating to, *inter alia*: (i) any preliminary objections; (ii) exchange of documents; and (iii) length of hearing.

23. For ease of reference, this is the only email that I have from Mr. Nieuwland in this *JRPA* Proceeding:

> **Nieuwland, Matthew** Tue, Dec 3, 4:52 PM
>
> to Heather, SCJ-CSJ, Jesse, me, Milene, Connor, Judie
>
> Good evening,
>
> Please find attached the Notice of Appearance of the respondent, Security National Insurance Company (otherwise referred to as TD Home and Auto and TD General Insurance company), served in accordance with the *Rules of Civil Procedure*.
>
> Thank you,
>
> **Matthew Nieuwland** | Lawyer | Claims Litigation Services | **TD Insurance**
> 66 Wellington Street West, 38th Floor, Toronto, Ontario. M5K 1A2
> T: 905-201-4092 | F: 416-599-7439
> Email: Matthew.Nieuwland@tdinsurance.com
> Legal Assistant: Christiana Ortiz | T: 416-486-2547 | E: christiana.ortiz@tdinsurance.com
>
> Privileged and/or Confidential"

24. While I appreciate the request by the Tribunal for a case conference, I have opposed the same. I also note, for the benefit of the ONSC Divisional Court, that the references in the Practice Direction to "parties" attending the case conference. My position is that until the Respondent Insurance Companies have complied with the requirement

of providing the ONSC Divisional Court with the above, that having a case conference without knowing the preliminary objections (if any) of the Respondent Insurance Companies, and their time estimate, that it would be futile and wasteful of resources.

25. I now copy and paste from the Practice Direction:

"G. Triage and Case Management

31. All applications, appeals, and motions in Divisional Court, and all steps in those proceedings, may be subject to judicial case management. The purpose of case management is to facilitate access to justice through the timely adjudication of proceedings in Divisional Court in a cost-effective and proportional manner."

26. While I have asked Mr. Nieuwland via email, with the ONSC Divisional Court copied along with the other respondents, if we could hear from him regarding the same, I have not received any response.

27. My position, after review of the jurisprudence including but not limited to *Hutchinson v. Aviva*[i], *Drewlo Holdings Inc.*[ii], *Birani v. Tarion Warranty Corporation*, *Ontario (Energy Board)*, *Goodis*, *Northwestern Utilities*, *Leon's Furniture*, *et al*, that the Tribunal, particularly the LAT in AABS matters, has been limited to the following participatory rights:

a. The record and explaining it in relation to said LAT proceeding;
b. Any procedural fairness that have arisen (but not bias or natural justice per se);
c. 15 page factums;
d. 15 minute oral argument;
e. No seeking of costs by the Tribunal;
f. Avoidance of any duplication of the respondent insurance company(ies) arguments;
g. No argument on the merits of this *JRPA* Application;
h. No arguments on the outcome of this *JRPA* Application;
i. the limitation of the appeal to questions of law or an extricable question of law from a finding of mixed fact and law;
j. the applicable standard of review of correctness within the context of the Board's specialized function;
k. procedural fairness as it relates to the tribunal's ability to make procedural choices and the extent to which the Board may consider law or argument not raised by the parties; and
l. Others listed in my Oral Outline and Oral Compendium.

28. I further note in order to avoid any duplication of arguments by the Tribunal of the Respondent Insurance Companies, the Respondent Insurance Companies will need to

file and serve a copy of their Factum (if any). If they are not intending to respond to my Factum and Application Record, then I believe, in accordance with the principles of having timely adjudication of this *JRPA* Proceeding in a cost-effective manner, that the Respondent Insurance Companies must notify all interested parties and persons including the ONSC Divisional Court.

29. I note in relation to section 10 of the *JRPA*, and by reference to section 20 of the SPPA, that the Tribunal has not, based on my understanding of the word "forthwith", filed the record of proceeding (the "Record Of Proceeding") forthwith.

30. I have reason to believe that the Tribunal does not have possession of the entire Record Of Proceeding or each and every filed document that would constitute the Record Of Proceeding as it is interpreted by jurisprudence that has interpreted section 20 of the SPPA.

31. I ground my belief based upon the following current submission in my Oral Outline (Draft Version):

> "[35] With great respect to the former case manager in Mr. Grant, his explanations regarding why he apparently input TDGIC do not pass muster. He requested that the Applicant provide the denial letters, which were already contained in the LAT Appeal by way of pre-LAT Appeal affidavits, and they contained the sole of SNIC with its two locations of Markham and Burlington and neither location housed the landline fax number of 416.774.3120. The mere fact that Mr. Grant would be responsible for the "parties' names are correct" is a scary cogitation. This is the same Mr. Grant that represented to the SABS Applicant that he could not file, when his file number was not recognized in the e-filing portal that it was due to a "power outage". It was about as believable as his previous representations about why he input TDGIC as the sole respondent over the very name in the "denial letters". The Applicant also notes that at various times thereafter that Mr. Grant sent the Applicant, with SNIC copied after the granting of NOM #8 (which was not by consent as VCM found), the style of cause of "McLean v. TDGIC" (or permutations of the same).
>
> [36] Why is the Tribunal remaining in a state of non-compliance with its statutory duties to forthwith file the record of proceeding? The Applicant respectfully submits that the question answers itself."

32. I also provide this affidavit #2 to ensure that I have provided notice to any parties or interested persons that I will have be advancing the argument on said date, by way of reference to my "Oral Outline", that not only am I entitled to leave to have the merits determined in such fashion but that the **Respondent Insurance Companies** (SNIC and THDA) are bound by the Keeprite standard ("Keeprite Standard"), as interpreted in the case of Keeprite and the Tribunal's standing and participation rights are limited.

33. I am also taking the position currently and will take the position that since the Tribunal has not filed a record of proceeding forthwith that it is not entitled to participate until it has done so. I am advancing the alternative position, which has only arisen as a result of the non-compliance with the *JRPA* and other statutes, enactments, policies and/or guides since the filing of the Applicant's Factum, that if the Tribunal is entitled to participate in this *JRPA* Proceeding,

34. To the extent that the Tribunal does not file the Record Of Proceedings or is unable to do so, my position will be that it cannot speak about the "record" to the ONSC (single justice) or the ONSC Divisional Court if I am not able to obtain leave.

VOLUME #2: URGENCY AND FAILURE OF JUSTICE (ON BELIEF): TIMING AND STRUCTURE OF THIS AFFIDAVIT

35. Due to the urgency of this case and that the Hearing Proper before the Tribunal in the LAT Appeal is set for January 25, 2024, I may provide an additional affidavit with exhibits.

36. I believe, without making any legal argument, herein that that this case is urgent based upon the facts pleaded in my *JRPA* Application, the facts in my Factum, correspondence, and that the Hearing Proper is set for January 25, 2025, and it involves, as submitted, the Sole Underwriter (SNIC) that did not first receive my Completed Application (OCP-1) on October 13, 2022.

37. I believe and allege, without making any legal argument, that there will be a failure of justice.

38. In my "Oral Outline" (draft form) that is cross-referenced to Oral Compendium, I have defined the following as [endnotes removed]:

a. "**Urgent**" means "requiring <u>immediate action</u> or attention";
b. "**Likely**" involves the balance of probabilities standard;
c. "**Failure**" means the "omission of occurrence or performance"; and
d. "**Justice**" is defined as: the quality of being just, impartial, or fair; the quality of conforming to law; and conformity to truth, fact, or reason : correctness.

39. In my "Oral Outline" (draft), I have for purposes of the test under section 6(2) of the *JRPA* and noting that evidence may need to be lead in relation to obtaining leave before a single justice, I have relied (implicitly or explicitly) on the following cases which I now copy and paste:

> *Her Majesty the Queen*, 2013 ONSC 6418, "[11] While Mr. Borton did not file an affidavit saying that he had lost his home, it seems obvious to me that Mr. Borton is suffering economically and that the uncertainty of a hearing date in the Divisional Court creates a <u>real risk</u> of there being

a failure of justice. The prejudice to Mr. Borton grows with each passing day; prejudice he can only mitigate by capitulating or by finding an available day for argument."

Cureatz v. Progressive Party of Canada, [1997] O.J. No. 2309 (Gen. Div.), LaForme J., as he then was, accepted jurisdiction to determine the matter, sitting as a single judge of the Divisional Court pursuant to s. 6(2) of the *JRPA*, while adopting various authorities, found: "In view of the fact that the Divisional Court is not able, in general, to deal with a question of urgency ... I take the view that s. 6(2) should be *liberally construed*. Thus, to my mind, the time that might be taken up before the Divisional Court can hear the matter is an important factor: *Universal Settlements International v. Duscio*, 2010 ONSC 6547 (CanLII), at para 6.

Universal Settlements International, the ONSC noted the stay of Justice Stinson was a factor in not granting leave and that stay remaining in effect while said *JRPA* application was transferred to the ONSC Divisional Court pursuant to section 6(3).

In *Savone*, the Justice TD Ray found, at paragraph 8, that where a judicial review involves only interlocutory orders and decisions, then it is **unlikely** leave will be granted. The unassailable corollary is when final orders are at issue or to be determined a failure of justice is *likely* if the single justice of the ONSC does not assume jurisdiction.

The merits of an application are important factors in determining whether there will be a failure of justice: *Savone*.

VOLUME #2(A): RECORD OF PROCEEDING

40. I am concerned that with the Tribunal's failure to file the Record of Proceeding forthwith and that it may be attempting to delay the timely adjudication of this *JRPA* Proceeding and/or it does not have the full and accurate Record Of Proceeding. I provide the source of my beliefs above.

VOLUME #3: MERITS AS A FACTOR IN CONSIDERATION THE SECTION 6(2) OF THE JRPA

VOLUME #3(A): FINAL ORDERS VS. INTERLOCUTORY

41. While I am not making any legal argument herein, I provide the ONSC Divisional Court by way of this affidavit #2, to be filed and served, in support of my request, wherein I have filed and served Requisition #2 on December 24, 2024, to be heard in front of a single justice of the ONSC pursuant to section 6(2) of the *JRPA*, my current submissions in the Oral Outline regarding the above heading:

391

However, the adding of the party of TDHA as the First Insurer, along with the concomitant sought orders pursuant to the declaratory relief along the addition of those "causes of action" against "another". "Causes of action" is defined as: "a fact or facts that enable a person to bring an action against another".

As SNIC and TDGIC were not "one and the same", neither are SNIC and TDHA. Therefore, the dismissal of NOM #14 and NOM #15 by VCM, absent any analysis of the statutory scheme were decisions and orders that were final in nature: *ME v. Ontario*[tf] citing *Atlas*, *Kerr* et al.

Further authorities of our Ontario courts unequivocally support the unequivocal common law principles and precedents that ***to refuse*** relief to add a party, cause of action, and/or amendment of pleadings are final orders. Even motions that were dismissed that sought leave to issue third and fourth party claims were **FINAL** (see: *Khalil et al. v. United Investment Services Ltd. et al.*, 1975 CanLII 490 (ONSC) ["*Khalil*"]. In *Hollinger*, an order maintaining a sealing order ***FINALLY*** determined that a newspaper could not exercise its right to have access to the court file and was thus **FINAL** for the purposes of appeal (see: *Hollinger Inc. v. Ravelston Corp.*, 2008 ONCA 207 ["*Hollinger*"].

Even further, where a question of law is at issue, even when the ongoing inferior tribunal proceeding is ongoing, is a final order or decision. An order dismissing a motion for summary judgment on a **question of law**, where the only genuine issue is the question of law should probably be regarded as giving rise to *res judicata* and, hence, a ***FINAL order*** (see: David *Polowin Real Estate Ltd. v. Dominion of Canada General Insurance Co.*, 2004 CanLII 19916 (ON CA) ["*Polowin*"]).

Where the doctrines of *res judicata* or issue estoppel are at issue, an order during proceedings, not at its conclusion, is a final order. As there is a live issue of issue estoppel herein, where a motion, that is summary disposition in nature is dismissed, it will be ***FINAL*** if it involves a *substantive issue* like issue estoppel (see: *Almrei v. Canada (Attorney General)*, 2011 ONCA 779).

The natural corollary is that orders that grant the adding of a party, causes of action and/or amendments to pleadings are ***interlocutory***. Permitting amendments to pleadings are generally ***interlocutory*** (see: *Dynasty Furniture Manufacturing Ltd. v.*

Toronto-Dominion Bank, 2015 ONCA 137 ["*Dynasty Furniture*"]). Order **granting** leave to amend a statement of claim was ***interlocutory*** (see: *Merling v. Southam Inc.*, et al, 2000 CanLII 5621 (ONCA) ["Merling"]). An order ADDING a defendant is ***interlocutory*** (*nota bene*: supra, order refusing or denying the addition of a proposed party is ***FINAL*** which is trite in the sense that if a party has a cause of action and can seek relief against said proposed party, the refusal ***FINALLY*** disposes of that substantive right) (see: *Prescott & Russell (United Counties) v. David S. Laflamme Construction Inc.*, 2018 ONCA 495 ["*Prescott*"]). Order **granting** leave to amend paragraphs in a statement of claim was **interlocutory** (see: *Natario v. Rodriguez*, 2015 ONCA 227 ["*Natario*"]).

VOLUME #3(B): THE NON-JUSTICIABILITY DOCTRINES AND THEIR EXCEPTIONS

42. While my position remains that the prematurity doctrine raised by Mr. Boyce for the Tribunal is meritless, I have in my Oral Outline (Draft) provided the other non-justiciability doctrines and the exceptions to the same. I now copy and paste from the Oral Argument (Outline):

> "It is trite that the two decisions in NOM #14 and #15, and the reconsideration decisions, that are subject to judicial review, and the orders contained therein are final decisions and orders. With those orders and decisions being final, the doctrine against interlocutory judicial review or interlocutory appeals (also defined as "**Non-Justiciability ["NJ"] Interlocutory Doctrine**") is obsolete. As there has been much discussion by legal scholars and courts about the merger of the NJ **Interlocutory Doctrine** and the adequate, alternative and available[iv] remedy doctrine (the "**AAAR Doctrine**"), there cannot be any non-frivolous preliminary objection by a respondent insurance company or the **Tribunal** (see: section 9(2) of the *JRPA*) or the AGO (see: section 9(4) of the *JRPA*).
>
> The same is applicable to the exhaustion doctrine as that is predicated upon an applicant seeking judicial review exhausting all AAAR. If the potential party that is an applicant avers, with supporting evidence, is subject to a cause of action is not added by decision of an administrative decision maker who becomes *functus officio*[v], and reconsideration fails, then he or she has exhausted any available, alternate and adequate remedies [AAAR] *before the Tribunal*. While reconsideration is not an absolute prerequisite to judicial review. (*Ellis-Don Ltd. v. Ontario (Labour Relations Board)*, 2001 SCC 4 (CanLII)), the Applicant did so and received the three page decision where VCL, a decision-maker that he had drawn a potential and *prima facie* conflict of interest between him and her to the attention of the former case

manager in Mr. Grant, wherein she took issue with the *ME v. Ontario* precedential statements of law.

An exceptional circumstance is a final order or decision predicated on an 'exceptional discovery' wherein the respondent insurance companies naturally went into a shell and curled into a ball. Where a respondent insurance company is the only insurer, due to passage of time, that could be the First Insurer, then the LAT decision-maker is required, absent discretion as the Tribunal is a creature of statute (see: I would note that the primary argument advanced by the Appellant in this case focuses on a transfer of "jurisdiction" from the Superior Court to the LAT. As explained in *Keulen*, exclusive jurisdiction over *SABS* claims has been removed from the Superior Court of Justice and the Financial Services Commission of Ontario and has been placed in the LAT. This is the effect of the language in s. 280 of the *Insurance Act*. The authority granted to the LAT is circumscribed by the *Insurance Act*, the *SABS* and the applicable regulations. The LAT has no inherent jurisdiction (see: Lundy v. Peel) and any decision outside its authority is *ultra vires* (without authority or jurisdiction), to have added such party: section 280 of the *Insurance Act* (must decide in accordance with SABS)."

43. With respect to the exceptions to the Non-Justiciability Doctrines, I now copy and paste from the Oral Outline (Draft):

Even here decisions or orders are interlocutory, which they are not herein, and a SABS applicant has adequate, alternative, and available remedies before the Tribunal, which this *JRPA* Applicant does not, this ONSC Divisional Court and other similarly situated courts have intervened in the following circumstances:

a. *Repetition of judicial review proceedings*: where the potential prejudice of the risk of repeating proceedings *after* review outweighs the prejudice to the general orderly processing of administrative proceedings without interruption until their conclusion: *Lourenco v. Hegedu;*
b. *Real unfairness*: if there is a prospect of *real unfairness* through denial of natural justice or otherwise, a superior court may always exercise its inherent supervisory jurisdiction to put an end to the injustice before all the alternative remedies are exhausted… (paragraph 65 of the Applicant's Factum citing *Gage*);
c. *Natural justice breach – clear and obvious application succeeds:* "Where the court is being asked to determine whether a particular breach of natural justice rises to an "exceptional" circumstance, the court may consider whether it is "*clear and obvious*" that the application will be successful: *Unimac-United Management Corp. v St. Clare's-Monaco Place*, 2015 ONSC 4760 (CanLII) at paras. 16 and 17.);
d. **Override of interlocutory**:

i. "The Decision has broad implications for human rights disputes arising between unionized employers and employees throughout the province. Delaying this application until the conclusion of the hearing on the merits, which does not depend on any evidence or law relevant to the jurisdictional issue, will result in uncertainty for employers, employees and unions. This is an appropriate case for this court to exercise its discretion to hear this judicial review": *London District Catholic School Board v. Weilgosh, 2024 ONSC 3857* (CanLII)

ii. This Court has stated that it will review an interlocutory decision of a tribunal where a process is fatally flawed (*Roosma v. Ford Motor Co. of Canada* (1988), 1988 CanLII 5633 (ON SCDC), 66 O.R. (2d) 18 at 25-26).

e. *Lack of jurisdiction:* judicial intervention may be warranted in situations where the tribunal clearly lacks jurisdiction to proceed, privacy rights at issue or where proceeding with the hearing [proper] would result in an unfair hearing or a breach of natural justice: *Rowe v. College of Nurses of Ontario and al.*, 2023 ONSC 6414;

f. *Judicial Intervention even at the preliminary" stages of an administrative proceeding:*

i. "Judicial review is a discretionary remedy, and the Divisional Court has taken the position that it should not fragment proceedings before administrative tribunals. Absent exceptional circumstances demonstrating that the application should be heard, the Court will not intervene at a PRELIMINARY STAGE in proceedings. However, where the preliminary decision will likely result in a fundamental failure of justice, the Court may exercise its discretion to hear the application (*Ontario College of Art v. Ontario (Human Rights Commission)* (1993), 1993 CanLII 3430 (ON SCDC), 11 O.R. (3d) 798 (Div. Ct.) at pp. 2-3; *Howe v. Institute of Chartered Accountants of Ontario* (1994), 1994 CanLII 3360 (ON CA), 19 O.R. (3d) 483 (C.A.) at 490; *Gage v. Ontario (Attorney General)* (1992), 1992 CanLII 8517 (ON SCDC), 90 D.L.R. (4th) 537 (Div. Ct.) at 553).

VOLUME #3(C): KEEPRITE STANDARD

44. I now copy and paste from my Oral Outline (Draft) the relevant paragraphs involving the Keeprite Standard:

> Judicial review is not an opportunity to re-argue the case, but rather to show that the decision-maker failed to properly exercise its decision-making powers. Judicial review is not documentary discovery. However, compliance with section 10 of the *JRPA* is a requirement or obligation upon the **Tribunal**. As the **Tribunal** is not entitled to duplicate arguments of the respondent insurance companies, the respondent insurance companies will need to file their responsive factum *prior to* January 10, 2025, so the **Tribunal**

585

has notice of the same and can adjust accordingly to, *inter alia*, avoid any duplication of submissions of the Tribunal.

In Ontario, this is known as the "**Keeprite Standard**" (by reference to *Keeprite Workers' Independent Union et al. and Keeprite Products Ltd.*, 1980 CanLII 1877 (ON CA), <https://canlii.ca/t/g14jm>) wherein in 2013 Madam Justice Swinton (who received supernumerary status in 2013) summarized the **Keeprite Standard** on judicial review regarding the impermissible inclusion of materials that were not before the decision maker:

> "[18] The ***Keeprite Standard*** for the admission of affidavit evidence on judicial review has been applied in numerous decisions involving labour boards and labour arbitrators. These cases have held that affidavit evidence can be admitted either to show an ***absence of evidence*** on an essential point *or* to disclose a ***breach of natural justice*** that cannot be proven by a mere reference to the record."

Affidavit evidence containing material that was **not** before the decision-maker is not admissible on judicial review unless it: a) provides non-argumentative background information; b) demonstrates that the decision-maker decided an essential point without any evidence; or c) demonstrates the decision-maker breached the *Rules* of natural justice (see: *Sticky Nuggz Inc. v. Alcohol and Gaming Commission of Ontario*, 2020 ONSC 5916 as per **Swinton, Lederer, Penny JJ).**

Issue #3, Volume #3[1]: Application of the Law to the Facts

Mr. Nieuwland, as now counsel to TDHA in this *JRPA* Application and counsel to SNIC in the LAT Appeal and former counsel to TDGIC, is in a blatant conflict of interest by his mere appearance on behalf of all three. They are separate and distinct insurance companies with separate FSRA registration numbers with

Like the Tribunal in *Dankha* and *Mosa*, this ONSC (whether Divisional or not), cannot condone blatant conflicts of interest particularly where TDHA, while still an automotive insurer, is no longer in the sub-category of private passenger market, and SNIC have entirely balance sheets, financial statements, goodwill et al, and are "at odds" (not *ad idem*) as per the FSRA and OSFI

requirements. Mr. Nieuwland, after still not having signed a pleading on behalf of SNIC, wishes for the ONSC (Divisional Court) to somehow believe that SNIC is also referred to as "TD General insurance company [sic]" and "TD Home And Auto [sic]".

Certainly, Mr. Boyce's decisions (as an adjudicator or Vice Chair) delineated between the various insurance companies that are apparently in the TDI Group. This does not mean that TDHA and SNIC are not entitled to have counsel represent their interests but they cannot provide any additional evidence to the Tribunal let alone any of benefit. To do so would be tantamount to intentionally including inadmissible affidavit evidence and subject to a costs award. Further, while SNIC or TDHA is entitled to oppose the relief sought, submissions are not evidence and they cannot overcome the balance of probabilities test

For objectivity purposes, the Applicant does not take issue with SNIC and TDIIA separately arguing the standard of review for the questions and issues to be determined herein. However, that would be in essence a five to ten page argument and five to ten minutes in oral argument. This leaves (pardon the pun) with this oral outline where the Applicant is some 30 minutes in "reading time" and subject to questions on the salient points, it will likely be less. Vis-à-vis the Applicant and the respondent insurance companies, it is a total of approximately 35 minutes when considering reply to submissions of the Applicant to the respondent insurance companies.

VOLUME #3(D): MY INCREASING CONCERNS ABOUT INSTITUTIONAL AND SYSTEMIC ISSUES REGARDING THE LAT AND THE IMPUGNED DECISION MAKERS ALONG WITH A CONCERNING TREND INVOLVING MR. BOYCE AND THE RESPONDENT INSURANCE COMPANIES; FURTHER GROUNDS FOR SECTION 6(2) OF THE JRPA

45. In light of the occurrence involving former Vice Chair Ms. Therese Reilly wherein she had accepted a conditional offer of employment from Aviva Insurance Company while employed by the SLASTO and LAT, and then issued a variety of decisions in favour of Aviva prior to her departure to work for Aviva, I have raised the below issues as soon as I became aware of them.

46. I have also found an additional authority as what I say the correct procedure is at this time for having this *JRPA* Application heard on its merits in a manner that is expeditious, cost-effective and just which is copied below (with my introductory submissions therein):

In *Taylor v. Pivotal Integrated HR Solutions*, 2021 ONSC 7720, The applicant, Paul Taylor, moved pursuant to s. 21(5) of the *Courts of Justice Act*, R.S.O. 1990, c. C.43, to set aside the orders of Sachs J. made October 8, 2020. The motion judge made orders adding the Workplace Safety and Insurance Appeals Tribunal as a party to Mr. Taylor's judicial review application and dismissing the application for extreme delay.

In *Taylor*, ONSC Divisional Court (Toronto) as per The Honourable Justices Ryan Bell, Nishikawa, and Shore JJ., made the seminal statements of law relating to the overarching discretion of the ONSC (whether Divisional or otherwise) with respect to the Tribunal's participation:

> "[18] Section 9(2) of the *JRPA* does not affect this court's supervisory jurisdiction. It does not shield administrative tribunals such as the Tribunal from curial scrutiny entirely; rather, s. 9(2) permits tribunals to bring relevant matters to the attention of the court.
>
> [19] Allowing an administrative tribunal such as the Tribunal to participate on an application for judicial review does not give rise to "unjust opposition" as Mr. Taylor contends. To the contrary, the presence of the administrative tribunal as a party *may* help to ensure that the court hears both sides of a dispute where there is no other well-informed party standing in opposition to the party challenging the tribunal decision: *Ontario (Energy Board) v. Ontario Power Generation Inc.*, 2015 SCC 44, at para. 54.
>
> [20] *Once* a tribunal is a party, the court still has discretion as to the scope of participation to be accorded to the tribunal *during the hearing*. This involves balancing the need for fully informed adjudication against the importance of maintaining tribunal impartiality: *Hydro Ottawa v. Ontario (Workplace Safety and Insurance Appeals Tribunal)*, 2019 ONSC 4898 (Div. Ct.), at para. 6. This court is under no obligation to accept the submissions of a tribunal that appears before it.

The three part legal test from *Ontario Energy Board* is as follows:

> In accordance with the foregoing discussion of tribunal standing, where the statute does not clearly resolve the issue, the reviewing court must rely on its discretion to define the tribunal's role on appeal. While not exhaustive, I would find the following factors, identified by the courts and academic commentators cited above, are relevant in informing the court's exercise of this discretion:

300

> (1) If an appeal or review were to be otherwise unopposed, a reviewing court may benefit by exercising its discretion to grant tribunal standing.
> (2) If there are other parties available to oppose an appeal or review, and those parties have the necessary knowledge and expertise to fully make and respond to arguments on appeal or review, tribunal standing may be less important in ensuring just outcomes.
> (3) Whether the tribunal adjudicates individual conflicts between two adversarial parties, or whether it instead serves a policy-making, regulatory or investigative role, or acts on behalf of the public interest, bears on the degree to which impartiality concerns are raised. Such concerns may weigh more heavily where the tribunal served an adjudicatory function in the proceeding that is the subject of the appeal, while a proceeding in which the tribunal adopts a more regulatory role may not raise such concerns.

47. As Mr. Nieuwland's clients have not complied with the Practice Direction (Information Submitted to the Court) within the two week time period since the bringing of the *JRPA* Application, I feel compelled to argue each of the above in the primary, secondary and tertiary based on the various hypotheticals.

48. I also note the following which I copy and paste from the Oral Outline (Draft):

> When the questions or issues to be decided are ones that do not require leave and/or subject to the correctness standard, the justice of the ONSC, pursuant to ss. 6(2) of the *JRPA*, is required to start afresh and/or "in the shoes" of the initial decision maker which was VCM. However, the Applicant requires leave by filing his requisition to set the hearing pursuant to *Rule* 38.03(3.1) which is done by request and not motion.
>
> Applications for judicial review are intended to be summary proceedings, and preliminary motions add greatly to the cost and time required to deal with such matters and are therefore to be **discouraged**."[i]
>
> A party may not rest on allegations in its pleadings on a motion for summary judgment. The party must "put its best foot forward" or "lead trumps or risk losing" (*Caplan v. Atas*, 2021 ONSC 670, the Honourable Justice DL Corbett paragraph 106). The principle is applicable herein to the NOM #14 and #15 being summary type hearings and this *JRPA* Proceeding.

49. To the extent that Mr. Nieuwland's clients do not oppose and/or participate in this *JRPA* Proceeding, I believe that will be another factor that will militate in favour of a shortened time for the hearing of my section 6(2) of the *JRPA* leave request and, if leave is granted, the arguing of the merits of the *JRPA* Application.

5071

VOLUME #3(E): MY INCREASING CONCERNS REGARDING MR. BOYCE AND HIS VARIOUS ROLES AND WHETHER THE PREMATURITY OBJECTION IS A BONA FIDE OBJECTION – FOR: (I) NOTICE PURPOSES; AND (II) PRE-EMPTIVE PURPOSES

50. **However, I am deeply concerned with the record of Mr. Boyce and his role as a former adjudicator and Vice Chair as it relates to how he had decided in favour of the Respondent Insurance Companies and his objection on behalf of the LAT. I now copy and paste from the "Appendices" and I address the same with further sworn evidence:**

> Appendix #4. LAT decisions where Mr. Boyce, as he then was Vice Chair Boyce (adjudicative capacity between two parties), re issued decisions, orders, finding and determinations that were all in favour of the three respondent insurance companies.

(nota bene: Put another way, not one individual who was an insured person and injured in an automobile accident was successful on a single issue before him.

(nota bene #2: these decisions also provide further direct evidence that TDHA (First Insurer) has been involved in LAT/AABS matters)

SUMMARY: TOTALS INVOLVING THE RESPONDENT INSURANCE COMPANIES THAT ARE AT ISSUE IN THIS *JRPA* APPLICATION WHERE MR. BOYCE WAS THE DECISION MAKER

- **SNIC (includes TDIMM) AND TDHA COMBINED:**
  - **14-0-1**

> Security National Insurance Company (FSRA Registration number 897)
>
> - 4 in favour of SNIC and one split decision
> - Total 4 0 1

1. **Mr. Boyce issued the following decisions involving SNIC (5)**

   a. ***A.P. vs. Security National Insurance Company***, **2020 CanLII 14480 (ON LAT)**

      i. **[3] A.P. has <u>not</u> demonstrated that his impairments warrant treatment beyond the MIG. Accordingly, the treatment plans in dispute are not reasonable and necessary and no interest is payable.**

570

b. *Security National Insurance Company v. Balgobin*, 2021 CanLII 18916 (ON LAT),
   i. [ ] Security National is entitled to a repayment of IRB in the amount of $3,257.14, plus interest, due to the respondent's failure to notify it of her return to work.
c. *Ndukwe v. Security National Insurance Company*, 2021 CanLII 50784 (ON LAT
   i. [3] The applicant has not met her burden of demonstrating that removal from the MIG is warranted or that the treatment plan is dispute is reasonable and necessary.
d. *I.G. v Security National Insurance Company*, 2019 CanLII 110085 (ON LAT),
   i. [5] I find I.G. is statute-barred from proceeding with her claim for attendant care but she may proceed with her claims for non-earner benefits and medical benefits before the Tribunal.
e. *M.B. v Security National Insurance Company*, 2019 CanLII 130379 (ON LAT) [nota bene: a closer look at said case demonstrates that SNIC was primarily successful on the amounts sought and amounts]
   i. [5] I find, on a balance of probabilities, that the home modification treatment plan in dispute is partially reasonable and necessary. Specifically, I find the cost of the accessible kitchen package and closet organizers proposed by ADL to be reasonable and necessary.

TDHA (FSRA registration number 1096)
▪ 4 in favour of TDHA ▪ One reversal in favour of Applicant but solely based on decision of ONCA (but for decision, it would have been in favour of TDHA) ▪ One finding in favour of Applicant on CAT but no entitlement to any benefits ▪ 5-0 on substantive issues ▪ 5-1 (objectively speaking for the successful reconsideration on a preliminary issue)

2. Mr Boyce has issued decisions involving the First Insurer herein (TDHA) (6):

a. *Polat v. TD Home and Auto Insurance Company*, 2021 CanLII 35573 (ON LAT),
   i. Decided in favour of TDHA;
b. *C.L. v TD Home and Auto Insurance Company*, 2019 CanLII 126182 (ON LAT
   i. [4] C.L. is statute-barred from proceeding with his application at the Tribunal until he attends the IEs scheduled by TD.
c. Applicant v. TD Home and Auto Insurance Company, 2020 CanLII 30438 (ON LAT) [reconsideration in favour of the Applicant solely based upon the ONCA decision in *Tomec*]:
   i. [3] [The applicant]'s request for reconsideration is granted. I reverse the Tribunal's previous decision on the preliminary issue and find [the

applicant] may proceed to the Tribunal with his claim. [still not a substantive benefit or quantum in favour of the applicant insured person]

d. *18-000169 v TD Home and Auto Insurance Company*, 2019 CanLII 22189 (ON LAT
   i. [6] I find that K.S. sustained a catastrophic impairment as a result of the accident.
   ii. [7] I find that K.S. is not entitled to a post-104 IRB as he does not suffer a complete inability to work in his pre-accident employment. While I find K.S. is entitled to an IRB for the post-accident period, no amount is payable. TD's claim for repayment is denied.
   iii. [8] I find that K.S. is not entitled to ACBs or housekeeping for the period in dispute as he has not demonstrated that his service provider suffered an economic loss
   iv. [9] I find that an award in this matter is not appropriate as TD did not unreasonably withhold or delay payment of benefits. Accordingly, as no benefits are overdue, no interest is payable.
   v. [24] For these reasons and on a balance of probabilities, I find that K.S. suffered a catastrophic impairment as a result of the accident.
e. 17-008493 v TD Home and Auto Insurance Company, 2019 CanLII 76874 (ON LAT)
   i. [7] SC's appeal is statute-barred pursuant to s.51 of the Schedule.
f. *17-008493 v. TD Home and Auto Insurance Company*, 2019 CanLII 63361 (ON LAT)
   i. [1] The applicant, the insured in this proceeding, has requested reconsideration of an interlocutory motion decision dated January 16, 2019. On that motion, the applicant was unsuccessful in obtaining an adjournment of a hearing on a preliminary issue until a similar issue has been decided by the Court of Appeal.
   ii. [3] For the reasons that follow, I deny this request for reconsideration.
   iii. Adjournment: [19] I agree with the respondent that a hearing should only be delayed because a party is pursuing a civil action on similar issues in exceptional circumstances. The applicant is not pursuing a civil action in this case, he is relying on the outcome of an appeal in *Tomec* as a reason to postpone the hearing of this matter.

TD Insurance Meloche Monnex [no FSRA registration number]
▪ 5 decisions ▪ 4 in favour of TDIMM ▪ 1, prima facie, split decision (but solely on technicality based on cost on completing OCF-18 and 19 forms i.e. section 25 expenses) so marked as in favour of TDIMM ○ 5-0 TDIMM over insured persons

3. Mr. Boyce has issued decisions involving a non-insurance company in TD Insurance Meloche Monnex and a "Mennox" (nota bene: it remains unclear from these decisions

whether the underwriter was Primmum (#1396) or SNIC (#397)) (5) [nota bene #2: for all intents and purposes, former Vice Chair Boyce decided all in favour of "TD Ins. Meloche Monnex" for a 5-0 total]

a. *Bagla v. TD Insurance Meloche Monnex*, 2021 CanLII 35579 (ON LAT)
   i. [7] The applicant is limitation-barred on both ACB claims.
b. *Scheltgen and TD Ins. Meloche Monnex*, 2022 CanLII 23403 (ON LAT)
   i. [3] The applicant's request for reconsideration is dismissed.
c. Scheltgen v TD Insurance Meloche Monnex, 2021 CanLII 124041 (ON LAT)
   i. [3] The applicant is statute-barred from proceeding with his application under s. 55(1)2 because he failed to attend a properly scheduled s. 44 IE
d. O.A. v TD Insurance Meloche-Mennox, 2020 CanLII 87965 (ON LAT) [nota bene: in effect a decision fully in favour of "TD Insurance Meloche Mennox [sic: as it relates to the same and not a corporate entity]]
   i. [7] O.A. is entitled to an additional $400.00, representing the cost of completing the OCF-18 and OCF-19 forms, as they are reasonable and necessary and were not captured by TD's partial approval of January 29, 2019.
   ii. [8] O.A. is not entitled to payment for any of the remaining unapproved items in the OCF-18, as they are not reasonable and necessary.
e. *I.R. v. TD Insurance Meloche Mennox* [sic], 2020 CanLII 87968 (ON LAT),
   i. [4] I find I.R. has not satisfied his burden to prove that his accident-related impairments warrant removal from the MIG. The remainder of the treatment plan in dispute is not payable, no interest applies, and an award is not appropriate.

51. I am also concerned that Mr. Boyce is located at the same office as VCL and presumably the same office as VCM (albeit she appears to not have updated her contact information with the LSO). I distinguish the same with the office location of Ms. Im, counsel to Ministry of Attorney General. I now copy and paste from the Appendices of my Oral Outline (Draft):

> **Order in Council 1421/2023**
> On the recommendation of the undersigned, the Lieutenant Governor of Ontario, by and with the advice and concurrence of the Executive Council of Ontario, orders that:
> Whereas Jesse Boyce was reappointed as full-time member and vice-chair of the Licence Appeal Tribunal for a fixed term of three years, effective November 12, 2022, by Order in Council O.C. 1319/2022;
> And whereas Jesse Boyce was reappointed as part-time member of the Ontario Civilian Police Commission for a fixed term of five years, effective February 21, 2023, by Order in Council O.C. 67/2023;

593

And whereas Jesse Boyce tendered his resignation effective August 21, 2023;
Therefore, pursuant to subsection 2(3) of the *Licence Appeal Tribunal Act, 1999*, subsection 21(2) of the *Police Services Act* and subsection 16(4) of the *Adjudicative Tribunals Accountability, Governance and Appointments Act, 2009*, Orders in Council O.C. 1319/2022 and 67/2023 be revoked effective August 21, 2023.
Ministry of the Attorney General
Approved and Ordered: September 28, 2023

52. I further note that some of the issues that I had raised relating to the apparent or impugned backdating of the VCM Decision may relate to the following as cited and found by the ONSC (Divisional Court) in Shuttleworth:

> Issue #4, Volume #4(1)(E): Has this Tribunal learned anything since Shuttleworth?

While Shuttleworth is well-known to the ONSC (Divisional Court), which was upheld by the ONCA, the paragraphs from its decision are most compelling [double underlining is the Applicant's and single underlining is that of the court]:

> ***The Decision Review Process***
> [24] In-house counsel for the LAT swore an affidavit explaining that the executive chair implemented a decision review process at the LAT. The stated reason was to maximize the quality of the tribunal's decisions. The peer review process has not been adopted formally. No written policy was provided but counsel swore that, "generally, the LAT decision review process for <u>final decisions</u> is, and at all material times in this case was" as follows:
>
> <u>First, there is peer review</u>: After drafting a decision, an adjudicator ***<u>is expected to send the decision for peer review by the Duty Vice-Chair</u>***. The Duty Chair offers suggestions to improve clarity, reasoning and readability and might also evaluate, for example, whether the correct legal test has been applied and whether any related case law that was not mentioned might be helpful.
>
> <u>Second, there is legal review</u>: The SLASTO Legal Services Unit reviews the decision to ensure that the <u>**correct legal test**</u> has been applied and to identify any related case law that was not mentioned that might be helpful.
>
> <u>Third, there is a second peer review by the executive chair</u>: "In some rare instances – such as when a decision involves a novel, contentious,

> precedent-setting, or high profile issue – ***the Legal Services Unit will send the decision to the Executive chair for her review***. In these instances, the Executive chair serves, in essence, as a second peer reviewer and accordingly will order the same kinds of comments that the author would typically receive during the initial peer review."
>
> Fourth, there is a review by the file's case management officer: The case management officer acts as an intake officer and primary point of contact for the parties. This review involves examining the decision's format, correcting grammatical and spelling errors, and ensuring that the template and parties' names are correct. [Emphasis added.]

The hallmark of the above is that where the "*Rule* of Law" is at issue, Where a **Tribunal** such as this one is back to its old "bad habits" like it was in *Shuttleworth* and the recent discovery that a former adjudicator in Therese Reilly (LSO number 28621D; "not practising law" with "contact information withheld"[ix]) had received a conditional job offer from Aviva in 2022 and then proceeded to apparently issue 13 decisions in favour of Aviva before embarking on her in-house legal position.[x] Ms. Reilly's reply to the bias allegation a frightening one: "Reilly has told media her decisions in the insurance cases were fact-based and untainted by bias. She claims LAT disclosure procedures should be tightened up to prevent any appearance of bias." In effect, an experienced Vice Chair of the Tribunal's position is that the public should not known of a "conditional offer" of employment with an insurance company where she inevitably worked for a period thereafter (i.e. avoid these "disclosures" and have less transparency). The prejudice experienced by these injured person is denoted in a case like *Nagesu v Traders General Insurance Company*, 2024 CanLII 23453 (ON LAT) where Associate Chair had to cancel the decisions of former adjudicator Ms. Reilly. The position of Aviva is perhaps even more concerning: "Aviva Canada said it was unaware Reilly was involved in insurance cases for LAT after the insurer hired her." It is rather disingenuous or intentionally misleading considering it was a "conditional offer of employment" and, of course, Vice Chair Reilly could not be involved in insurance cases for LAT *after* the hiring.

Upon investigation by the LAT, it was, in fact, only four decisions wherein Vice Chair Reilly had issued decisions after her acceptance of an offer of conditional employment. Mr. Boyce, counsel to the Tribunal herein and a former Vice Chair of the Tribunal with the same employer or payor of his

wages (see: Appendix #2), "batted a better record" for the TDHA and SNIC as his time as a Vice Chair. Involving SNIC and TDHA, they were 14-0-1 when Vice Chair Boyce, as he then was, was the decision maker (see: **Appendix #3**). Is this Mr. Boyce's 'cooling off period' before joining the likes of Mr. Nieuwland as counsel at TD Insurance Staff Legal? Is this why Mr. Nieuwland and his clients have remained silent? Is Mr. Boyce seeking to, in good faith, raise prematurity or is this a circuitous route for him to defend the advice he provided to the Tribunal before the VCM Decision was issued?

The optics are not pleasant on the eyes or ears. The rule of law requires the ONSC, by a single justice, to intervene judicially to immediately put an end to the real unfairness to not only this *JRPA* Applicant but others similarly situated.

Issue #4, Volume #4(I)(F)(i): Application of the LAT structure to these facts

In-house counsel for the Tribunal would be the likes of a Mr. Boyce.

With great respect to the former case manager in Mr. Grant, his explanations regarding why he apparently input TDGIC do not pass muster. He requested that the Applicant provide the denial letters, which were already contained in the LAT Appeal by way of pre-LAT Appeal affidavits, and they contained the sole of SNIC with its two locations of Markham and Burlington and neither location housed the landline fax number of 416.774.3120. The mere fact that Mr. Grant would be responsible for the "parties' names are correct" is a scary cogitation. This is the same Mr. Grant that represented to the SABS Applicant that he could not file, when his file number was not recognized in the e-filing portal that it was due to a "power outage". It was about as believable as his previous representations about why he input TDGIC as the sole respondent over the very name in the "denial letters".

Why is the Tribunal remaining in a state of non-compliance with its statutory duties to forthwith file the record of proceeding? The Applicant respectfully submits that the question answers itself.

Issue #4, Volume #4(I)(F):The issues remain ongoing

The issues have not stopped there as per this article, "OLTA Pushes for Urgent LAT Review" (see: https://www.lawtimesnews.com/practice-areas/personal-injury/olta-pushes-for-urgent-licence-appeal-tribunal-review/389679)

> "The association cited "disturbing trends" drawn from an inHEALTH analysis
>
> > OTLA noted that the success rate for insured applicants bringing their disputes to LAT has fallen over the years, with just 10% getting a win in 2023 compared to 2017's 33%.
>
> "Our members have voiced concerns that the LAT's process is overly rigid, is fraught with procedural unfairness, and fails to accommodate requests, even when both parties agree. This also raises important questions about the qualifications and training of LAT adjudicators," Purewal said. "The LAT is an arm of our justice system. Injured Ontario citizens should feel confident that they are getting a fair hearing and that justice is being done. Unfortunately, with the recent declining trends in success rates for applicants and the overwhelming success of insurers is raising significant questions for our membership."

VOLUME #3(F): ADDITIONAL AUTHORITY OF ROL-LAND FARMS LIMITED

53. I will also be relying on an additional authority of *Rol-Land Farms Limited* for the purposes of my Requisition #2:

Rol-Land Farms Limited (paragraph 44) party status is a discrete issue that has been finally determined

The Divisional Court (ONSC) found, while drawing similarities to *Great Atlantic v. Minister of Citizenship (Ontario)* in *Rol-Land Farms Limited* as follows at paragraph 44 while

> [44] In this case, as in *Great Atlantic & Pacific Co. of Canada Ltd. v. Ontario (Minister of Citizenship)*, [1993] O.J. No. 4179 (Div. Ct.), the question whether Ms. Harold was properly added as a party should be addressed as an interlocutory matter. The issue of party status is a ***discrete issue*** that has been ***FINALLY DETERMINED*** by the **Tribunal**. The full record upon which the **Tribunal** made its decision is before this Court.

Under the sub-heading, the converse is also true: putting the *JRPA* Applicant, in his capacity as a SABS Applicant, to the expense and time of proceeding against a non-First Insurer runs the risk of repeating this *JRPA* Proceeding again on the exact same legal issues.

At paragraph 45, **LEITCH r.s.j., GREER and Swinton JJ.B.** found as follows:

> "[45] Failure to address the issue of party status at this time will subject Ms. Harold to considerable prejudice. The proceedings before the Tribunal are expected to last between 20 and 25 days. While the respondents have suggested that Ms. Harold need not participate, that argument is without merit, given that she risks having findings made against her. Before she should be put to the trouble and expense of a hearing, the correctness of the Tribunal's decision to add her as a party should be determined. Therefore, this is one of the exceptional cases in which the application for judicial review of the interlocutory decision should be determined.

The above language in *Rol-Land Farms Limited* and section 6(2) of the *JRPA* are ironically similar in that the ONSCDC used the following: "where the preliminary decision will likely result in a fundamental failure of justice" and section 6(2) of the *JRPA* utilizes the language of "where it is made to appear to the judge that the case is one of urgency and that the delay required for an application to the Divisional Court is likely to involve a failure of justice. R.S.O. 1990, c. J.1, s. 6 (2); 2006, c. 19, Sched. C, s. 1 (1)."

The common or similar words between the jurisprudential statement of law and the legislative language in the *JRPA* are:

a. Likely;
b. Result vs. involve; and
c. Failure of justice.

The statement of law in *Rol-Land Farms Limited* and *JRPA*, ss. 6(2) both relate to a timing issue as follows:

a. The ONSC deciding a *JRPA* Application at a certain time where the underlying administrative proceeding is going (i.e. whether or not it is premature to do so); and
b. The ONSC deciding the *JRPA* Application before a single justice as opposed to having a three judge panel of the ONSC Divisional Court decide the same later (i.e. whether or not the delay in waiting for the ONSC Divisional Court to decide it later will likely, albeit only appearance, result in a failure of justice).

VOLUME #4: CONCLUSION AND JURAT

54. I believe, without making any legal conclusion, that I have provided, in addition to my filings, evidence where it has been made to appear that the case is urgent and the time to make any application to the ONSC Divisional Court will likely involve a failure of justice.

601

55. I do not tender any of the above evidence to castigate any of the above individuals but I have done so to draw to the attention well in advance of January 14 or 16, 2025, that I will be further raising these issues in my leave request under section 6(2) of the *JRPA*. In this manner, I believe I have provided them with sufficient time to make any necessary adjustments. I have done so, in my view, as a courtesy and out of respect for the resources of the ONSC.

56. While I will continue to condense my Oral Outline so it meets the requirement of "succinctness", I have provided the above excerpts in such form for the above purposes. I will now cross-reference my Affidavit #2 to the Oral Outline.

57. I could argue the section 6(2) of the *JRPA* request and merits at this time in person, via phone, or Zoom.

58. I swear this Affidavit #2 so I have "led evidence" in relation to the test for a request for leave of an ONSC single justice pursuant to section 6(2) of *JRPA*.

59. I swear this **Affidavit #2** for no improper purpose and for the above purposes.

Sworn before me at **Toronto, Ontario**
On this 30th day of December 2024

Mr. Kevin A. McLean (B.A., J.D., CIM)

Vinh The Tran, Esq.

Unlimited, No Expiration.
NO ILA PROVIDED.
Identification Confirmed.

[illegible]

[illegible]*Hutchinson v. Aviva General Insurance Company*, 2022 ONSC 7136, Justice Nishikawa
"Cited in my letters (emails) to the ONSC Divisional Court (Madam Clerk and Ms. Lawrence) with copying of the respondents' counsel
"As per the endnote in this subheading, the plaintiff (appellant at the ONSC Divisional Court and appellant at the ONCA) had a rather baseless claim marked by ludicrous, absurd and baseless attacks against any and everyone. She was seeking criminal convictions against various government bodies and employees *in absentia*. However, the relief sought to add parties, which included six lawyers no less, which was dismissed by The Honourable Justice Vella of the ONSC, sitting as a case management judge dismissed the motion on grounds of abuse of process, frivolous, vexatious et al pursuant to Rule 2.01 of the Civil Rules. The ONCA, with a three judge panel as Justice Simmons of the ONCA was concerned that while the Divisional Court's decisions and orders were final, the motions judge's (as the ONCA referred to Justice Vella, although more precisely a case management judge) order may not have been interlocutory. The corollary of the same was that the M.E. would not have required leave to appeal the order of Justice Vella but rather would have been able to bring an appeal without leave. As Simmon J.A. could not determine the same as a single justice of the ONCA, she adjourned the leave motion to the ONCA to ME, to a three justice panel. In 2021, the ONCA found as follows:

> [1] This matter has a long procedural history. For present purposes, it is sufficient to focus on the motion brought by M.E. on October 9, 2020, wherein she sought to add additional causes of action and new parties to the action. The motion judge dismissed the motion as frivolous, vexatious, and an abuse of process under r. 2.1.01: *Rules of Civil Procedure*, R.R.O. 1990, Reg. 194. M.E. then sought leave to appeal the motion judge's order to the Divisional Court. A panel of the Divisional Court dismissed that motion.
> [2] On May 17, 2021, M.E. applied to this court for leave to appeal the Divisional Court's order. The Registrar has repeatedly informed her that her materials do not comply with the Rules and practice directions. On July 5, 2021, M.E. filed the underlying" Notice of Motion for Non-Compliance." Simmons J.A. heard the motion on July 27, 2021. She adjourned the matter to a full panel, noting that while the Divisional Court's order was final, the motion judge's order concerned a motion to add causes of action, which may not be interlocutory. As a single judge, Simmons J.A. could not determine this issue.
>
> [3] We conclude that M.E. was seeking to add new causes of action. An order refusing leave to amend pleadings to plead a new cause of action is final: *Atlas Construction Inc. v. Brownstones Ltd.* (1996), 46 C.P.C. (3d) 67 (Ont. Gen. Div.). So is an order dismissing a motion to add a party, which M.E. also appears to have been trying to do: *Bryson v. Kerr* (1976), 1976 CanLII 867 (ON SC), 13 O.R. (2d) 672 (Ont. Div. Ct.). Accordingly, leave to appeal is not required and an appeal lies as of right to the Court of Appeal: *Courts of Justice Act*, R.S.O. 1990, c. C.43, s. 6(1)(b).
>
> [4] We order that the appeal of the motion judge's order of October 9, 2020 may proceed in this court. Costs of this motion are reserved to the panel hearing the appeal."

"(i)"**Adequate**" is defined as: **lawfully and reasonably sufficient.**" This connotes an objective person test by the word "**reasonably**". "**Sufficient**" is defined as: *enough* to meet the needs of a situation or a proposed end. "**Lawfully**" is defined as: being in harmony with the law; (h) "**Alternative**" is defined as: "offering or expressing a choice"; and "**Available**" means "present or ready for immediate use".
"The general common law rule is that a decision-maker is functus officio when they make a final decision in respect of the matter before it": *Chandler v. Alberta Association of Architects*, 1989 CanLII 41 (SCC), [1989] 2 S.C.R. 848, at p. 861. In Chandler, the Supreme Court held that:"As a general rule, once a tribunal has reached a final decision in respect to the matter that is before it in accordance with its enabling statute, that decision cannot be revisited because

the tribunal has changed its mind, made an error within jurisdiction or because there has been a change of circumstances. It can only do so if authorized by statute or if there has been a slip or error within [certain] exceptions....' Ergo, while it is always prudent and responsible, like the Applicant did, to bring forth a reconsideration motion, VCM was functus officio when she executed the VCM Decision.

[vi] definition of "preliminary": denoting an action or event preceding or done in preparation for something fuller or more important.

[vii] *David Bull Laboratories (Canada) Inc. v. Pharmacia Inc.*, 1994 CanLII 3529 (FCA) (F.C.A.); *Roviaro v. Western Logistics Inc.*, 2021 FCA 241 at paras. 23, 27-30.

ONTARIO COURT OF JUSTICE (DIVISIONAL COURT)

BETWEEN.

KEVIN ALEXANDER MCLEAN

APPLICANT

- and -

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL,
HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

NOTICE OF APPLICATION TO DIVISIONAL COURT FOR JUDICIAL REVIEW

TO THE RESPONDENTS:

A LEGAL PROCEEDING HAS BEEN COMMENCED by the Applicants. The claim made by the Applicants appears on the following pages.

THIS APPLICATION for Judicial Review will come on for a hearing before the Divisional Court on a date to be fixed by the Registrar at the place of hearing requested by the Applicants. The Applicants request that this application be heard at Osgoode Hall, 130 Queen Street West, Toronto, Ontario, M5H 2N5.

IF YOU WISH TO OPPOSE THIS APPLICATION, to receive notice of any step in the application or to be served with any documents in the application, you or an Ontario lawyer acting for you must forthwith prepare a notice of appearance in Form 38A prescribed by the Rules of Civil Procedure, serve it on the Applicants' lawyer or, where the Applicants do not have a lawyer, serve it on the Applicants, and file it, with proof of service, in the office of the Divisional Court, and you or your lawyer must appear at the hearing.

IF YOU WISH TO PRESENT AFFIDAVIT OR OTHER DOCUMENTARY EVIDENCE TO THE COURT OR TO EXAMINE OR CROSS-EXAMINE WITNESSES ON THE APPLICATION, you or your lawyer must, in addition to serving your notice of appearance, serve a copy of the evidence on the Applicants' lawyer or, where the Applicants do not have a lawyer, serve it on the Applicants, and file it, with

605

proof of service, in the office of the Divisional Court within thirty days after service on you of the Applicants' application record, or not later than 2 p.m. on the day before the hearing, whichever is earlier.

IF YOU FAIL TO APPEAR AT THE HEARING, JUDGMENT MAY BE GIVEN IN YOUR ABSENCE AND WITHOUT FURTHER NOTICE TO YOU. IF YOU WISH TO DEFEND THIS PROCEEDING BUT ARE UNABLE TO PAY LEGAL FEES, LEGAL AID MAY BE AVAILABLE TO YOU BY CONTACTING A LOCAL LEGAL AID OFFICE.

Respondent Insurance Companies (addresses particularized and identified along with counsel in the record of proceeding and the civil claims submissions portal)

APPLICATION

Volume #1: Relief Sought

1. The Applicant adopts his definitions from the record of proceeding, including the hearing record in NOM #13 to #15 and NOM #16 and they have the same meaning herein as they do therein.

2. The Applicant makes the application for the following relief in the form of any orders, declarations, findings, determinations or directions with great respect to the License Appeal Tribunal and gratitude to the ONSC (Divisional Court) for its consideration of the same:

   a. An Order that this JRPA proceeding be declared as public interest litigation;

   b. An order that no costs are awarded against the Applicant in any event of the cause;

   c. An Order compelling Vice Chair Morrissette or the Tribunal to decide the Applicant's motion (defined as "NOM #16" which was served on SNIC, TDHA, and TDGIC and filed in September 2024) or confirm with the Applicant, copied to this ONSC (Divisional Court), that it is declining to exercise its jurisdiction or discretion under section 21.1 of the SPPA;

      i. An Order, thereafter the Tribunal complying with the above order, that Vice Chair Lake either amend her reconsideration decision (the "RD") or confirm, with a copy to this court, that she is declining to exercise her jurisdiction or discretion;

         I. An Order that the 30 day time limit under the JRPA does not commence until the above orders are complete;

   d. A preliminary or procedural order that this judicial review is heard before a single sitting judge pursuant to section 6(2) of the *JRPA*;

   e. A procedural and preliminary order that the limitation period for judicial review involving the final orders involving NOM #14 and NOM #15 does not commence until the Licence Appeal Tribunal/AABS issues its order regarding the Applicant's section 21.1 of the SPPA motion ("NOM #16") (filed in September 2024 but "in "progress" as of November 15, 2024, to the LAT/AABS) and the Tribunal issues any amended decision regarding the Applicant's likely amended reconsideration motion;

   f. An Order that the Applicant may add and include fresh evidence when it becomes available to him through any lawful means including the LAT and/or any privacy requests that are outstanding at the time of this JRPA Application;

   g. A procedural and preliminary order that no responsive materials are required from the Respondent Insurers and they are not entitled to participate without leave as they chose not to participate in the underlying motions subject to the Respondent Insurers participating in any of aforementioned amended motions arising out of the Applicant's NOM #16;

   h. An order in the nature of mandamus requiring the Tribunal to comply with its requirements regarding the provision of hearing notices to any and all parties prior to issuing decisions;

60

i. An Order in the nature of mandamus requiring the Tribunal to comply with its specific rules, effective August 21, 2023, with particular reference to granting non-parties the right to make submissions prior to the issuance of a decision;

j. A declaration that certain specific rules in the LAT Rules are ultra vires the Tribunal which will be specified in the Applicant's factum;

k. An Order that the relief sought in the Applicant's motions (see: NOM #14 (August 3, 2024) and NOM #15 (August 21, 2024)) (see: Appendices #1 and #2) including his reconsideration motion, dated September 27, 2024, is granted in substantially the same form:

   i. An Order quashing or in certiorari and/or varying the orders of Vice Chair Morrissette ("VCM") decision on September 12, 2024, to the substantive orders sought therein; and

   ii. An Order quashing or in the nature of certiorari and/or varying the orders in the Vice Chair decision on involving the Applicant's reconsideration motion;

l. More specifically, the Orders sought by the Applicant shall be granted in full or substantially the same form as he sought them at the time:

   i. An Order cancelling the decisions and orders of the Adjudicator in NOM #14 and NOM #15;

   ii. An Order varying the decision of the Appellate Tribunal as follows:

      1. Granting the relief sought in NOM #14 (see: Hearing Record, Tab 1, page 3; see also: Appendix #1 herein); and

      2. Grant the relief in NOM #15, paragraph #3 (see: Appendix #2 herein);

m. A Declaration and Order that TDHA, FSRA registration number 1063, is declared the "**First Insurer**" pursuant to Reg 283, and such an order shall remain as it relates to the Applicant (also defined as the "Insured Person" or "Disabled Individual" arising out of no-fault car accident on August 31, 2022);

n. An Order compelling the LAT to provide and disclose any and all records involving who was the first respondent denoted in its LAT/AABS e-filing system;

o. An Order quashing VC Lake's Reconsideration Decision on grounds of conflict of interest and/or reasonable apprehension of bias;

p. Such injunctive or interlocutory relief as may be sought by the Applicant, until such time this application can be determined on its merits;

q. Costs in favour of the Applicant; and

r. Such other relief that the Applicant may advise and this Court may allow.

Volume #2: The Grounds for the Application

3. This judicial review can be disposed of on one legal ground and error, while there are broader errors in the VCM decision in the **First Insurer Motions** which include the following statement: "[27] ..... The initial respondent [sic], TDGIC, and the current respondent, SNIC accepted priority over the applicant's [sic] insurance policy".

4. Therefore, if SNIC and TDGIC accepted priority of the Insurance Policy, as found by the Adjudicator, and the Appellant did not make any such offer to either for them to 'accept priority of the Insurance Policy' and/or neither SNIC nor TDGIC first received the **Appellant's Completed Application**, then TDGIC had to receive that offer of "priority" (as the Adjudicator puts it) from the "**First Insurer**".

5. As a matter of law, could TDHA offer "priority" to SNIC and TDGIC? The question answers itself.

6. As the Applicant, along with SNIC, TDHA and TDGIC, are awaiting the decision from Vice Chair Morrissette in NOM #16, the Applicant took the time to advance this judicial review application so that it is filed and then can be amended after receiving the NOM #16 decision. Moreover, it may be affecting the reconsideration decision of Vice Chair Lake. Unlike an appeal under *LAT A*, the underlying matter is not stayed.

7. The Appellant is a disabled individual residing in Toronto, Ontario. At the time of the Accident, he was 39 years old with a G2 license. At the time of these submissions, he is 41 years old with a G license. The Appellant is the spouse of the individual insured (Nicole Artopoulos) and the Insured Automobile was leased from the lessor BMW Financial Services Inc. Since April 2018, the Appellant and Ms. Artopoulos have resided at 775 King Street West, Toronto, Ontario, M5V 2K3. Ms. Artopoulos, in Spring 2018, obtained an exclusive automotive insurance policy through SNIC as her being a University Of Toronto alumnus for a previous BMW leased vehicle. In October 2019, the same insurance policy was transferred to the Insured Automobile.

8. Security National Insurance Company ("SNIC") was incorporated under the CBCA in 1934, then continued under the federal *Insurance Act* with its head office in Montreal, Quebec. At the time of the Accident, SNIC was licensed with the FSRA to provide six (6) classes of insurance in Ontario and its FSRA registration number if 397. From 2018 to the time of the Accident and thereafter, SNIC's Ontario office has been the McNabb Building in Markham, Ontario. The primary area code for phone and fax lines in

609

Markham is "905". At the time of the Accident, SNIC provided the return mailing address of the Markham McNabb Building but, in error, provided a "416 area code" fax number. The head tenants at the Markham McNabb Building are: (i) TD Bank; and (ii) General Motors. SNIC and Primmum Insurance Company ("Primmum") (FSRA reg. #1396), by virtue of them not having "TD" in their corporate names, operate under the colloquial business name of "TD Insurance Meloche Monnex" under two licensed trademarks from TD Bank and Meloche Monnex Inc. in: (i) "TD Insurance"; and (ii) "Meloche Monnex". SNIC, through TDIMM, issues policies under the "Professionals and Alumni Program" and Primmum, through TDIMM, issues policies under the "Employer Group Program". In October 2023, upon the Appellant's return to Canada after obtaining requisite MRIs, examinations, assessments and reports, the Appellant learned that SNIC had purported to change its physical address and fax number to: (i) the Burlington Address; and (ii) 905 Fax Number. The Burlington Address is 91 km from SNIC Markham (McNabb Building), where Meloche Monnex Inc. has its registered records office. The "Ontario Business Directory" lists the Burlington Address and 905 Fax Number as being the business of "TD Insurance". The "Ontario Business Directory" also lists the head office associated with the Burlington Address as the Victoria Park Building (see: Affidavit #29, Exhibit "A", page 1 and 2).

9. In the SNIC Response, SNIC did not list the 416 Fax Number as a fax number for service. With the benefit of hindsight and labyrinthian investigations, the only factual contact information that SNIC provided to the Appellant was its mailing address at the Markham McNabb Building. Neither the 416 Fax Number (which is the material mistake as it relates to whom is the First Insurer) nor the 905 Fax Number were fax numbers for SNIC as a recipient. Further, the Burlington Address was not an address for receipt of documents from the Appellant for SNIC.

10. TD Home And Auto Insurance Company ("TDHA") is an insurance company that is licensed, by the FSRA, to provide three classes of insurance including automotive insurance. TDHA's FSRA registration number is 1063. At the time of the Accident, the lead tenant(s) at the Victoria Park Building were denoted as "TD Insurance" by the property manager at the VP Building in Collies International. From 2018 to present, the "Ontario Business Directory" has listed the fax number of 416-774-3120 (the "416 Fax Number") as the fax number for TDHA. The 416 Fax Number is a landline, owned by Bell Canada Inc., which is grounded at the Victoria Park Building. In the HCAI Portal, the Appellant's TD Claim #3, contrary to the information he provided his physiotherapists as the return mailing address in documents, prima facie, sent to him by SNIC, auto-populated the name of the adjuster and a branch address for SNIC

of 304 The East Mall, 6th floor, Etobicoke, Toronto, Ontario, M9B 6B7 (the "**Etobicoke East Mall Address**") (see: Affidavit #21, Exhibit "A", page 20 to 22 for "branch names" as being "independent" of the licensed insurer. Yelp, another online business directory, lists the Etobicoke East Mall Address as the address for TDHAIC (see: Tab 18, page 340 to 343). While SNIC never, in letter to the Appellant, represented that its address was the Etobicoke East Mall Address, it is now clear that said address, created by SNIC for this TD Claim #3, was independent of SNIC, and an address for TDHA.

11. On or around September 1, 2022, the Appellant notified SNIC of his intention to apply for accident benefits. Due to an error in his postal code, the Appellant did not received an application benefits package from SNIC until late September 2022. On October 13, 2022, the Appellant fax delivered his OCF-1 (also defined as "Completed Application") to the 416 Fax Number. The Appellant also delivered the OCF-2, on his behalf by his employer, to the 416 Fax Number. On November 3, 2022, his attending medical doctor for his post-Accident impairments, completed and signed his portions of the OCF-3, and faxed the completed OCF-3 to the 416 Fax Number. 90 days from October 13, 2022 was January 10, 2022. The Appellant did not receive any dispute notice from SNIC or any other insurance company by January 10, 2023, pursuant to Reg 283. From January 11, 2023, to October 2023, the Appellant continued to fax the 416 Fax Number with all confidential information and other OCF forms regarding TD Claim #3. In October 2023, the Appellant attempted to fax some of his documents to the 905 Fax Number, with a copy to the 416 Fax Number, but the 905 Fax Number would more regularly, than the 416 Fax Number, block his faxes and/or drop them during the sending process. In November 2023, the Appellant fax delivered the completed OCF-19. On December 24, 2023, the Appellant filed this Appeal and served the duly signed Appeal to the 416 Fax Number. For some context along the way, in March 2023, the Appellant received a request from SNIC via mail wishing to communicate via email. The Appellant faxed the 416 Fax Number with his decline regarding the same and the reasons therein (i.e. PIPEDA issues and absence of compliance by whom he presumed was SNIC).

12. In April 2023, the Appellant received the "Spam Faxes" wherein an unknown person or company represented to him that it (after receipt of faxes at the 416 Fax Number but not from the 416 Fax Number) had no record of his TD Claim #3. The Appellant promptly faxed the 416 Fax Number (attention: Ms. Nurse) to alert SNIC to the issue of the "Spam Faxes" and his dismay that said recipient had no record of his TD Claim #3. In early May 2023, the Appellant received the purported attempt by SNIC to partially approve and partially reject the Dhaliwal OCF-18 (April 6, 2023) with the Forged Nurse Signature. After being successful in his NOM #8, by order on June 21, 2024, of the Tribunal, the Appellant filed his NOM

(d)

#13 for non-party production and disclosure by the Fictitious Respondent (TDGIC) on July 9, 2024. The Appellant hand delivered the NOM #13 hearing brief to the listed address for the Fictitious Respondent, which was the Victoria Park Building which only became known to the Appellant for TDGIC in February 2024 (as it was not in the SNIC Response as an address for SNIC or previously), and learned that TDGIC had misrepresented its address to the Tribunal as it had not been a tenant for over a year (i.e. July 2023). The building manager for the VP Building represented that TDGIC had moved to the Markham McNabb Building. The building manager for the VP Building did NOT represent that TDGIC had moved to any of the following addresses: (i) the Burlington Address; or the (ii) the Etobicoke East Mall Address. From July 26 to July 31, 2024, the Appellant provided notice to TDHA, with a copy to SNIC, that the evidence was uncontroverted that the 416 Fax Number, the 905 Fax Number, the Burlington Address, and the East Mall Address were contact information exclusively for TDHA. Neither TDHA nor SNIC denied the same. From August 1 to 2, 2024, the Appellant sought the consent of SNIC and TDHA to add TDHA as a party, and neither TDHA nor SNIC responded. As of August 3, 2024, TDHA has never responded to the Appellant despite the Appellant sending faxes to the 416 Fax Number, 905 Fax Number, and through authorized submissions to HCAI, the East Mall Address. SNIC has not started any section 7(1) of Reg 283 arbitration. SNIC and the Appellant consented since January 2024 to the Email Communication Protocol

13. The question of fact to be answered in NOM #14 are on a balance of probabilities:

a. a) *Who was the owner of the **416 Fax Number**, which is a landline located at the Victoria Park Building in Toronto, in October 2022? (b) Was the address of 304 The East Mall, 6th Floor, Etobicoke, Toronto, Ontario (the "East Mall Address"), which is denoted by auto-population in HCAI after TD Claim #3 is inputted therein, an address for an address for SNIC, the address of TDHA, SNIC or another insurance company? And (c) Which insurance company holds the file for the **Fictitious TD Claim Number**?*

14. The issue of law to be answered in this NOM #14 on a balance of probabilities is

whether TDIIA was the **First Insurer** (i.e. the insurance company to receive the Appellant's Completed Application on October 13, 2022)?

15. The substantial amendments to Reg 283 became effective in September 2010. Reg 283 is designed to keep priority disputes out of the courts (see: *Zurich 2024*, paragraph 6). Reg 283 is also purposed to prevent SABS claims, including vital treatments and income benefits, from being delayed while insurers fight over priority dispute under section 268(2) of the *Insurance Act* (see: *Zurich 2024*, paragraph 161. SABS and Reg 283, having undergone major amendments in 2010 after being submitted to industry consultations and amendments before proclamations, they reflect important policy choices to ensure order and stability in regulated industries (see: *Bristol-Myers Squibb v. Canada (AG)*, 2005 1 SCR 533 at paragraph 99-100).As a matter of principle, there is difference between an insurer's failure to pay under section 2 of Reg 283 and a failure to pay under any provision of SABS (see. *Zurich 2024*, paragraph 54). While a **First Insurer** may have never received insurance premiums from the insured person (claimant) may seem intuitively wrong but the Legislature and LGIC's intent are to be respected. There is no, per se, harshness to be alleviated by a sophisticated insurance company, with endless resources, who receives a faxed OFC-1, who fails to investigate within three months and provides a notice to an insured person and other insurers under section 3 of Reg 283. The provisional first-insurer rule under the regulation and the priority regime under the statute operate *differently* (see: Zurich, paragraph 8). As long as a claimant for accident benefits completes all required fields (see: SABS, ss. 66 and 67) and signs the OCF-1, the **First Insurer** that receives an OCF-1 application MUST pay benefits in accordance with SABS (see: Reg 283, ss. 2.1(6)). If the **First Insurer** does not take any issue, within ten business days (approximately 15 calendar days) of receipt of the Completed Application, the **First Insurer** has 75 days from then to provide a notice of dispute that it is required to pay the benefits of the claimant in which it received a Completed Application. Irrespective of whether the claimant is an "insured person" or not in the subjective mind of the **First Insurer**, the **First Insurer** must respond to the Completed Application and the claimant (see: Reg 283, ss. 2.1(6)). Acceptance during the 90-day period is merely provisional (see: *Zurich 2024*, paragraph 29). If the **First Insurer** does not dispute, within 90 days, its liability to pay all benefits, in accordance with SABS, of the claimant, there is no other process for the **First Insurer** to transfer, dispute

and recover any paid or to be paid benefits to the claimant. **First Insurer**'s calculus to not accept a claim for whatever subjective reason can turn out to a costly and permanent mistake (see: Zurich, paragraph 10) As of 2015, in *Zurich 2015*, the SCC held that Chubb ought to have responded to the SABS claim immediately on a 'pay first and dispute later' basis (see: *Zurich 2024*, paragraph 12). long as the Completed Application by the claimant was not arbitrary, there is a nexus between the claimant and the **First Insurer** (i.e. the one to receive the Completed Application) (see: *Zurich 2024*, paragraph 14). In *Zurich 2015*, the SCC (see: 2015 SCC 19) restored Goldstein J (ONSC (Divisional Court)) in adopting the dissent of Juriansz J.A.: 2014 ONCA 400. a vague recollection about seeing an insurer's name at a rental car office was sufficiently non-arbitrary to require the **First Insurer** (Chubb in *Zurich 2015*)) to step into the shoes as a "**First Insurer**" for the purposes of section 2(1) of Reg 283 (see: *Zurich 2024*, paragraph 15). long as the **First Insurer** providers automobile insurance in Ontario at the time of receipt of the Completed Application there is a sufficient nexus between a claimant and the **First Insurer** (see. *Zurich 2024*, paragraph 16). The policy behind the inflexible rule that an insurer (like TDHA) fails to pay benefits and fails to put other insurers on notice after receipt of a Completed Application, when there is *SOME* nexus, being permanently responsible for the claimant's benefits is to promote compliance with the statutory scheme It is not an issue herein of this Appellant and **TDHA** but rather the greater public interest and ongoing and future compliance by all other similarly situated '**First Insurers**' (see. *Zurich 2024*, paragraph 31, where the second arbitrator cited paragraph 62 from the decision of Strathy J. (as he then was) in Lombard Canada Ltd., 2008, 94 O.R. (3d) 62 (Ont. S.C J.)The ONSC in *Zurich 2024* has settled the law in the above regards as follows: (i) breach of section 2 of Reg 283, according to the case law, does not result in the an insurer being required to pay benefits to the claimant permanently: BUT, (ii) the failure TO AVAIL itself of section 3 does TDHA's permanent liability for paying benefits was a self-inflicted consequence of its failure to adhere to the requirements of both section 2 and s. 3 of Reg 283. The combination of provisions in Reg 283 transformed TDHA's provisional liability into a permanent

one (see: *Zurich 2024*, paragraph 64). For TDHA to not be declared as the **First Insurer** would mean that there were no consequences for the conduct (or inaction) of TDHA by receipt of the Completed Application and by continuing to have its former branch office address (East Mall Address) auto-populate in HCAI, and it would defeat the legislation's public policy: "*pay now and dispute later*".

16. "Arbitrary" means: determined by impulse rather than reason. The Appellant faxed the Completed Application solely based on the reason that SNIC represented that its fax number was the 416 Fax Number when it could not have been based on SNIC's physical location at SNIC Markham. Therefore, the Appellant did not make an "arbitrary decision" to fax his Completed Application to the 416 Fax Number. "Receipt" means: "to get possession of". TDHA got possession of the Completed Application as the **First Insurer** on October 13, 2022. There is now no dispute that the Spam Faxes, which SNIC could not produce in the face of a demand from the Appellant for the same, were on behalf of TDHA and its attempt to steer the Appellant away from the 416 Fax Number and its representation it [TDHA] had no record of its claim. TDHA would NOT have had a "record" of the Appellant's TD Claim #3 as it the TD Claim #3 was likely created by SNIC but when the Appellant faxed the Completed Application, as opposed to mailing to SNIC Markham, to the 416 Fax Number, TDHA became the **First Insurer**.

17. The 416 Fax Number was the fax number for TDHA in September and October 2022. TDHA has been an adjusting insurance company, by reference to the East Mall Address which has been exclusively represented to the public as TDHA's address, of the Appellant's TD Claim #3, including by way of the Fictitious TD Claim Number, since it was so denoted in the HCAI portal as such. The 905 Fax Number and the Burlington Addresses were, at the material times post receipt of the Appellant's OCF-1, OCF-2, OCF-3, OCF-6's and OCF-18 (Dhaliwal), address for receipt of documents and confidential information of the Appellant (albeit unbeknownst to him) by TDHA.

6(5

18. TDHA was the **First Insurer**, pursuant to Reg 283, and it is solely and permanently liable for the Appellant's claims for benefits pursuant to SABS. The Tribunal must grant ancillary Orders compelling TDHA to provide the Appellant with the current address and fax number for TDHAIC along with an adjuster that is authorized for TDHA along with amendments to the HCAI portal for accuracy purposes for any and all ongoing or day-to-day matters. SNIC must remain as a party as it may be liable for some of the costs in this **SNIC Proceeding** to be dealt with at the hearing proper.

19. It is the word "accepr" that is conspicuous, marked and eye-catching. Whatever acceptance of priority of the applicant's [sic] insurance policy was and is of no consequence in law as per Reg 283, section 4(1), 5(1) and (2). The Appellant never received any notice of "assignment, sharing or transfer of priority". It is trite that TDGIC's fax was in the LAT orders as early of February 2024 and SNIC resiled from the 416.774.3120 fax number by no later than Summer of 2023. TDHA was the **First Insurer** and received the Completed Application at first instance, and all other OCF documents. It is understandable why certain adjusters at SNIC, and then Mr. Nieuwland for TDGIC, were so unfamiliar with the documents and claimed to be missing certain documents like MRI reports, Brain MRI UHN Notification and others. It may be the most clichéd phrase in the history of law: "offer, acceptance, consideration." Prior to the 'acceptance' by SNIC and TDGIC over the insurance policy, as found by the Adjudicator, there had to be an offer from another person. There are four automotive insurance companies in "TD Insurance", as per its public website and URL for "legal", which are: (i) SNIC; (ii) TDGIC; (iii) TDHAIC (TDHA); and (iv) Primmum. SNIC and Primmum, without any reference TD in their names, operate under the banner of two distinct yet combined trademarks which are: (i) TD Insurance," which is owned by "The TD Bank"; and (ii) "Meloche Monnex," which is owned by Meloche Monnex Inc. (not to be confused with Meloche Monnex Financial Services Inc. or other brokers or agents with permutations of the name). Ironically, TDGIC and TDHA do not have "TD Insurance" in their name as the "insurance" word comes after "General" and "Auto" sequentially for the aforementioned.

20. There is no dispute that SNIC was the Sole Underwriter of the Insurance Policy. SNIC delivered an accident benefits package to the Appellant in late September 2022. SNIC represented its address as the SNIC Markham Office with a fax number of 416 774 3120. On May 2, 2024,3 in relation to NOM #4 and NOM #6, Nieuwland (with Karat appearing as the ADR Specialist for SNIC) orally represented, contrary the April 11 submissions (supra) solely on behalf of TDGIC, 3 that SNIC and TDGIC were and are "one and the same". The Appellant objected and reserved his rights.

21. "One And the Same" is defined, by Collins Dictionary as "When two or more people or things are thought to be separate and you say that they are one and the same, you mean that they are in fact one single person or thing."

22. While there is no dispute what Nieuwland thought and meant on May 2, 2024, his thoughts and meanings, while unambiguous, are contrary to the statute (Ins. Act) in which this SNIC Proceeding arose and FSRA Enforcement Decisions have found that the SABS Insurer (SNIC) and TDGIC are separate persons.

23. The now finding by the Tribunal that SNIC and TDGIC accepted priority over the insurance policy means that they agreed (which is possible in fact but not in law) to accept an offer from another regarding priority. This is not only the logical explanation for what transpired and why TDHA, an automotive insurer in Ontario which is the only required element for a non-underwriter of an insurance policy to be the provisional First Insurer and then potentially the permanent First Insurer, has not been responded and paid the benefits due and owing to the Appellant despite receipt of the same from the Appellant via fax. This also explains the Spam Fax in Spring 2023 which was nearly or identical to the August 2024 letter (see: Affidavits #34 and Affidavit #35).

617

24. It is unfortunate, from an access to justice standpoint and for the benefit of the public, for the Adjudicator to rush this decision, as it was not available when the Appellant inquired on September 11, 2024, as to the date of the hearing for the NOM #13. With the greatest of respect, the Adjudicator was unfamiliar with the facts, which one can empathize with if she was new to this LAT proceeding but she granted the most consequential motion in this proceeding so far, and basic one at that such as the first order in this proceeding of her fellow Vice Chair (VC Lake). Adjudicator Morrissette was of the mistaken view that the Tribunal changed, at some unknown time, the IDENTITY of SNIC to TDGIC after January 30, 2024, but some time before February 19, 2024. One can understand not being able to pinpoint an exact date when identities are changed or swapped in a cyber-attack or ransomware plot, but the Adjudicator found that it was THE TRIBUNAL that changed the identity from SNIC to TDGIC. It appears that the Adjudicator was implying that an administrative individual employed by the License Appeal Tribunal in the AABS division somehow on off-time engaged in some administrative identity swapping without notice to the litigants in the proceeding. The Appellant is not attempting to be hyperbolic or histrionic in any way, but the License Appeal Tribunal is one of 13 tribunals part of Tribunals Ontario and it is a division or sub-body within the office of the most important ministry as it pertains to the law: THE MINISTRY OF ATTORNEY GENERAL. And the Appellant is merely finding out about this in September 2024? This is beyond concerning and beyond the Appellant's immediate interest. Perhaps, Adjudicator Morrissette meant December 30, 2023, to January 19, 2024? This would make more sense in that an administrator or case manager would have reviewed the Appeal and attached documents and countless references to TD SNIC and Security National Insurance Company and input SNIC as the respondent. Then, likely someone informed Mr. Grant to change the name from SNIC to TDGIC. This, of course, would have required such a change as the Appellant had already filed two motions by January

8, 2024. The Appellant only objected for six months, and this appears to have been the strategy by SNIC and then TDGIC of which neither were First Insurers.

25. A "Respondent" is a party in a LAT Proceeding. Legislative definitions are sometimes counter-intuitive and defy common sense. In Ontario, "legislation" includes "legislation and regulations", but a statute is distinct from a regulation. Section 5 of the SPPA: "The parties to a proceeding SHALL be. (i) the persons specified as parties by/under the statute17 under which the proceeding arises; OR (ii) if, not so specified, persons entitled BY LAW18 to be parties to the proceeding19. One would have thought with the benefit of Adjudicator Morrissette who expressly dealt with a party issue in NOM #8, such a misstatement of law or query from her would have been obsolete. By law is an ambiguous phrase which is not to be confused with a municipal by-law. "Source law" is a definition under the Legislation Act 2006, and it includes regulations. Tribunals in Ontario and Canada have held that persons who are not expressly required by statute to be parties may be added as parties pursuant to section 5 (*SPPA*) if s/he or it have a substantial and direct interest in the proceeding's outcome.

26. A final order disposes of the litigation, or finally disposes of part of the litigation: *Ball v. Donais* (1993), 1993 CanLII 8613 (ON CA), 13 O.R. (3d) 322 (C.A.). An interlocutory order disposes of the issue raised, most often a procedural issue, but the litigation proceeds: Hendrickson v. Kallio, 1932 CanLII 123 (ON CA), [1932] O.R. 675 (C.A.), at p. 678.The interlocutory order from which there is no appeal is an order which does not determine the real matter in dispute between the parties – the very subject matter of the litigation, but only some matter collateral (see: Hendrickson v. Kallio, 1932 CanLII 123 (ON CA), [1932] O.R. 675 (C.A.)

WY

27. In *Smerchanski v. Lewis* (1980), 1980 CanLII 1699 (ON CA), 30 O.R. (2d) 370 (C.A.), at para. 18: This Court has held that an order made in a contest between a party to an action and someone who is not a party is a final order, appealable without leave, if the order finally disposes of the rights of the parties in the issue raised between them. In M.E. v. Ontario, 2021 ONCA 718: We conclude that M.E. was seeking to add new causes of action. An order refusing leave to amend pleadings to plead a new cause of action is final: Atlas Construction Inc. v. Brownstones Ltd. (1996), 46 C.P.C. (3d) 67 (Ont. Gen. Div.). So is an order dismissing a motion to add a party, which M.E. also appears to have been trying to do Bryson v. Kerr (1976), 1976 CanLII 867 (ON SC), 13 O.R. (2d) 672 (Ont Div. Ct.). Accordingly, leave to appeal is not required and an appeal lies as of right to the Court of Appeal: Courts of Justice Act, R.S.O. 1990, c. C.43, s. 6(1)(b).

28. In Vavilov, the SCC attempted to clear up complexities and uncertainty brought on by Dunsmuir. 22 The SCC cited three (3) non-exhaustive examples in Vavilov where the correctness standard must be applied by a review tribunal or court: (i) constitutional questions (ii) general questions of law of central importance to the legal system as a whole; and (iii) questions regarding jurisdictional boundaries between two or more administrative bodies.

29. The Supreme Court in *Housen* found an error of law including the: (i) application of an incorrect legal standard; (ii) a failure to consider a required element of a legal test; or (iii) the mischaracterization of the standard.

30. A tribunal errors in law when it improperly approaches the evidence such as by misapprehending evidence, ignoring relevant evidence or relying on irrelevant evidence or irrelevant factors in reaching its decision 30 (see: Nguyen). In *Drewlo Holdings v. MPAC*, 33 the ONSCJ (DC) cited its decision in Yatar34

where, at ¶28. the Court confirmed a finding of fact can constitute an error of law: "is when a finding of fact on a material point is based on no evidence.

31. The failure to identify or consider the legal criteria that govern (the "Identification Failure Governing Legal Criteria") the exercise of discretion may constitute an error of law.

32 In *Gega*, the Divisional Court applied a novel yet functional determination of when an issue was one of law as opposed to one of 'mixed fact and law': "[19] This issue is a matter of law...argue this issue is a matter of mixed fact and law, but there are no factual findings that need to be made by me to consider this question."

33. In *Kawa Arab*, the Divisional Court found an administrative decision of statutory interpretation as a matter of law. At ¶ 19, Tzimas J. found "[19] ..... If an Adj. ignores evidence that the law requires to be considered to arrive at a DECISION, that will amount to an error in law.

34. In *Bassline*, VC Lamoreux found in 201846 at ¶ 20, "Therefore, I am satisfied that the Tribunal erred by determining that it had no jurisdiction to consider the issues raised in the Notice."

35. In *Lapcevich*, the ONSCJ49 found: "We agree with the appellant, Registrar, that the Licence Appeal Tribunal erred in its approach to the statutory framework and exceeded its jurisdiction; and it did not make the necessary threshold determinations, as required by the statute. In Sparks, the Divisional Court found that inconsistent findings of facts as "errors of law."

36. In Glencore, the FCA considered a second appeal wherein it stated the applicable SOR for extricable legal issues in that no deference is owed to the overall conclusion (see: ¶ 22).

621

37. In *THMR*, ONCA found that when hearing below is in writing that the correctness standard applies.

38. The case of *Fatemea Rezaiezadeh v. State Farm Mutual Automobile Insurance Company*, 2016 ONFSCDRS 59 ("*Reza*") stands for the proposition below. The Appellant notes the case of Reza (for short) wherein, albeit under the FSCO, the arbitrator found the following: "The Appellant concedes there is no explicit procedure in the Code or the *Statutory Powers Procedure Act*, R.S.O. 1990, c. S.22, as amended, to permit a party to continue a proceeding against a non-party." The "Dispute Resolution Code" is no longer applicable as it only applied with the FSCO. Even where State Farm Automobile Insurance Company was bought out by Certas and Desjardins regarding its Canadian operations, State Farm remained as the party as it was the underwriter at the time of the accident therein. Therefore, this is yet another reason that the decision of the Adjudicator and now the decision of the Appellate Tribunal (LAT) is one that finally disposes of the Appeal even when it is not in favour of the Appellant. If the Appellant does not have the **First Insurer** as the primary and liable party for the main issues between the Appellant and it (with SNIC only therein for costs as a result of it filing the sole Response (SNIC Response) to date but only as a result of the LAT Rules which is a distinction between present times and a case like Voltson), then all of the protections under SABS are illusory.

39. The provisional "**First Insurer** rule" (the "**First Insurer** Rule") under the regulation and priority regime under the statute operate differently (see: *Zurich 2024*, paragraph 8). If a claimant for accident benefits completes all required "fields" (see: SABS, ss. 66 and 67), duly signs the OCF-1 and then sends via mail or fax, the **First Insurer** that receives an OCF-1 application MUST benefits in accordance with SABS (see: Reg 283, ss. 2.1(6)). If the **First Insurer** does not take any issue, within ten business days of receipt of the Completed Application, the **First Insurer** has approximately 75 days from then to provide a notice

of dispute that it is required to pay the benefits of the claimant in which it received a Completed Application. Irrespective of whether the claimant is an "insured person" or not in the subjective mind of the **First Insurer**, the **First Insurer** must respond to the **Completed Application** and the claimant (see: *Reg 283*, ss. 2.1(6)).

40. Acceptance during the 90-day period is merely provisional (see: *Zurich 2024*, paragraph 29). If the **First Insurer** does not dispute, within 90 days, its liability to pay any and all benefits, in accordance with SABS, of the claimant, there is no other process for the **First Insurer** to transfer, dispute and recover any paid or to be paid benefits to the claimant. A **First Insurer**'s calculus to not accept a claim for whatever subjective reason can turn out to be a costly and permanent mistake.60 This is full answer to the Adjudicator's query about whether the Tribunal had authority to add the **First Insurer** to this LAT Proceeding, which is oddly required as a matter of law.

41. As of 2015, in *Zurich 2015*, the SCC held that Chubb ought to have responded to the SABS claim immediately on a 'pay first and dispute later' basis (see: *Zurich 2024*, paragraph 12). As long as the Completed Application by the claimant was not arbitrary, there is a "nexus" between the claimant and the **First Insurer** (i.e. the one to receive the Completed Application) (see: *Zurich 2024*, paragraph 14). In *Zurich 2015*, the SCC (see: 2015 SCC 19) restored Goldstein J's decision (ONSC (Divisional Court)) in adopting the dissent of Juriansz J.A.: 2014 ONCA 400. A vague recollection about seeing an insurer's name at a rental car office was sufficiently non-arbitrary to require a '**First Insurer**' (Chubb in *Zurich 2015*)) to step into the shoes as a "**First Insurer**" for the purposes of section 2(1) of Reg 283 (see: *Zurich 2024*, paragraph 15). If the **First Insurer** provides automobile insurance in Ontario at the time of receipt of the Completed Application there is a sufficient nexus between a claimant and the **First Insurer** (see: *Zurich 2024*, paragraph 16). The policy behind the inflexible rule is that an insurer who fails to pay benefits and fails to put other insurers on notice after receipt of a Completed Application, when there is

623

SOME nexus between the claimant and the **First Insurer**, being permanently responsible for the claimant's benefits is to promote compliance with the statutory and regulatory scheme.

42. No power to pursue a non-party under statute is answered above. As a matter of principle, there is NO difference between an insurer's failure to pay under section 2 of Reg 283 and a failure to pay under any provision of SABS (see: *Zurich 2024*, paragraph 54). As the Tribunal is required to decide this LAT Proceeding in accordance with SABS as a matter of statute (see: section 280(4) of the *Insurance Act*), then it was not a matter of discretion for Adjudicator Morrissette but a requirement upon her to ensure that the Appellant had the correct and liable party (see also: *Insurance Act*, ss. 268(3)) before the Tribunal and in the future for not only himself but his service providers. While there is an ability of a party to "request an expedited hearing" in the dropdown menu of Tribunals Ontario e-filing portal, there is a dearth of jurisprudence regarding the same with LAT/AABS matters. As of 2010, the amendments to Reg 283 led to an absence of listed fax numbers for insurance companies and for good reason: some unsavory insured persons may deliberately manipulate the system by faxing their OCF-1's to an incorrect insurance company with no record of them as insured persons leading to those insurance companies in receipt of confidential information with an inability to dispute that they were not liable along with which insurance company may be liable. This could lead to an insurance company, who had not received premiums with no previous interaction with such an unsavory insured person, being liable to respond and pay benefits to said unsavory insured person.

43. It is important to note that the actual relief sought in the hearing record was slightly different in language but a distinction with a difference at Order #5: [5] Any further relief that is consistent with the above and in accordance with Reg 283, SABS, and Reg 664. The issue of adding the party TDHA as the **First Insurer** is one that the Adjudicator was required to answer (see: Rio Tinto, SCC 2010 SCC 43) However,

even if the Adjudicator had granted Order #1 that would have been sufficient as a decision (order, declaration, determination and/or finding) that would have finally disposed of the Appeal, as it was currently constituted on September 13, 2024.

44. Again, the Reconsideration Decision references that the appellant did not cite to any binding case law or legislative authority regarding adding a second respondent. The Tribunal has yet again misunderstood the Appellant's argument in that TDHA would be the First Insurer and SNIC would remain solely as it relates for costs in the proceeding prior to TDHA being the First Insurer. In relation to binding case law, Zurich 2024 as per Justice Akazaki unequivocally found that a breach of Reg 283 or SABs were a distinction without a difference. The decision of VCM in mid-September 2024 is not only an incorrect decision but a dangerous decision. It must be corrected forthwith for the benefit of the general public, the insurance industry and the relevant participants.

45. Moreover, had the Adjudicator determined the factual issue at Order #3 in NOM #15, this would have been a decision that finally disposes of the Appeal. In this regard, the Tribunal issued a Notice of Motion Scheduling Order on Thursday, September 12, 2024, that found that SNIC was located at the Burlington Office: "[3] preliminary finding, determination, or order, that the fax number 416-774-3120 was a landline phone number utilized as a fax number on the 4th floor of the building situated at the premises municipally known as 3650 Victoria Park Avenue, North York, Toronto, Ontario, M2H 3P7. The decision of Vice Chair Lake on reconsideration suffers from the same issues but remains premature considering not having NOM #16 decided in advance of the same. Once NOM #16 is decided, it will allow for the Applicant (Appellant) to be able to advance this judicial review in accordance with having final decisions on all the same.

625

Volume #3: Documentary Evidence

46. The following documentary evidence will be used at the hearing of the application.

(a) The Motion Hearing Record for NOM #14 which includes the affidavits of the Applicant therein (see: Appendix #3)

(b) The Motion Hearing Record for NOM #15 of the Applicant which includes the affidavits of the Applicant therein (see: Appendix #4);

(c) The Motion Hearing Record for NOM #13 of the Applicant which includes the affidavits of the Applicant therein;

(d) The decision of Vice Chair Morrissette in relation to NOM #13 to #15 of the Applicant;

(e) The decision of Vice Chair Lake in relation to the Applicant's reconsideration motion;

(f) The record of proceeding in *AABS File Number*: "23-015662/AABS"

(g) Such other affidavit material and evidence as counsel may advise and this Honourable Court may deem proper.

November 15, 2024

Mr. Kevin A. McLean (B.A. J.D., CIM)

Appendix #1

The actual relief sought The Appellant seeks the following orders, without consent of SNIC and TDHA, as follows:

Order #1: First Insurer Declaration 1. An Order, Declaration, determination and/or finding that TD Home And Auto Insurance Company, FSRA registration number 1063 ("TDHA" or "TDHAIC") was the First Insurer to receive, pursuant to Reg 283, the Appellant's fax delivered Completed Application (see: Reg 283, s. 1) to the fax number, provided to him by SNIC as a return address [sic] for SNIC, of 416-774-3120 (the "416 Fax Number") on October 13, 2022; Order #2: East Mall Address (Branch Office): Determination of which licensed insurer carried on business at said branch office

2. An Order, Declaration, determination or finding the physical address, which is apparently denoted as a branch office of SNIC in HCAI, municipally known as 304 The East Mall, Floor 6, Etobicoke, Toronto, Ontario, M9B 6B7 (the "Etobicoke East Mall Address") was or is an address or branch office of TDHA and not SNIC;

Orders #3 and #4: Adding TDHA as a Party 3. An Order adding TDHA as a respondent party to this LAT proceeding herein; 4. An Order requiring TDHA, should it wish to oppose the relief sought in the Appellant's Appeal, file and serve a Response to the Appellant's Appeal within 14 days of the date of the orders herein;

Order #5: Ancillary Relief 5. Any further relief that is consistent with the above and in accordance with Reg 283, SABS, and Reg 664; and Order #6: Costs against SNIC pursuant to section 17.1 of the SPPA and Rule 19 of the LAT Rules.

67

Appendix #2

Schedule "A" for NOM #15 The Appellant seeks the following remedies, without the consent of SNIC, as follows: 1. An Order that NOM #14 is heard in an expedited fashion and by no later than August 28, 2024 or, in the alternative, at the earliest date available for a Vice-Chair or adjudicator to determine the same; 2. An Order that if the Respondent Party (SNIC), TDHA or any other non-party or interested person wishes to oppose NOM #14, it must provide notice, via filed letter, to the Tribunal by no later than Wednesday, August 21, 2024; and 3. A preliminary finding, determination, or order, that the fax number 416-774-3120 was a landline phone number utilized as a fax number on the 4th floor of the building situated at the premises municipally known as 3650 Victoria Park Avenue, North York, Toronto, Ontario, M2H 3P7; a. In the alternative, an order that said issue of fact is added to the hearing of NOM #14; 4. An Order that NOM #13 is set for hearing three (3) weeks after the final decision of the Tribunal in NOM #14; and 5. An Order that the Appellant shall tender his hearing brief for his potential motion regarding document production and disclosure from SNIC (the "SNIC Document Production Motion") within one week after the decision of NOM #14 with a notice of scheduled hearing date to be issued by the Tribunal regarding exchange of responsive and reply briefs; 6. An Order that NOM #13 (Non-Party production by TDGIC) and the SNIC Document Production Motion (if applicable) shall be heard together three weeks after the decision in NOM #14; and Costs against SNIC for this motion herein if it opposes the same

623

Appendix #3: Index for NOM #14

Chapter #1: Notice of Motion Form
1. Notice of Motion Form (with Schedule "A"), signed by the Appellant on August 2, 2024 ["Motion Form" or "NOM #14"]
a. (see pages 1 to 3);

Chapter #2: Reg 283 and Cited authorities (prior to *Zurich 2024*)
2. Disputes Between Insurers, O Reg 283/95 ["Reg 283"]
a. (see pages 4 to 9)
3. Cankaya v. Unifund Insurance Company, and Cankaya v. Intact Insurance Company, 2015 ONFSCDRS 214 (as per Delegate Blackman of the former Financial Services Commission of Ontario ["FSCO"]) ["Cankaya 2015"]
a. (see: pages 10 to 31)
4. Cankaya v. Unifund Insurance Company, and Cankaya v. Intact Insurance Company, 2016 ONFSCDRS 255 (as per Arbitrator Marshall Schnapp, "Decision on a Preliminary Issue") ["Cankaya 2016"]
a. (see: pages 32 to 45)
5. Economical v. Intact, 2021 ONSC 3249 (as per Mr. Justice Chalmers) ["Economical Group"]
a. Applicant (Respondent in Appeal): The Economical Insurance Group
b. Respondent (Appellant in Appeal): Intact Insurance
c. (see: pages 46 to 56)
6. Macko v. Aviva Insurance Company, 2023 CanLII 72650 (decision before Adjudicator Kaur) ["Macko"]
a. (see: pages 57 to 61)
7. Macko v. Aviva Insurance Company, 2023 CanLII 116487 (Reconsideration Decision before Vice Chair Kaur) ["Macko Reconsideration"]
a. (see: pages 62 to 66)

Chapter #3: Reg 664 and SABS
8. R.R.O. 1990, Regulation 664 ["Reg 664"], ss. 9.1, 9(1) and 10
a. (see: pages 67 to 69)
9. Statutory Accident Benefits Schedule, O Reg 34/10, effective September 1, 2010 et seq ["SABS" or the "Schedule"]

629

a. (see: pages 70 to 132)

Chapter #4: Pleadings; *Insurance Act*; and UDAP Rule
10. Application of an Injured Person for auto insurance dispute resolution pursuant to the Insurance
Act, filed by the Appellant on December 24, 2023 (the "Appeal")
a. Served on the recipient of the fax number of 416-774-3120 (the "416 Fax Number"):
b. (see: pages 133 to 142)
11. Response filed by SNIC (the "SNIC Response")
a. solely signed, filed and served by Mr. David Karat, ADR Specialist for SNIC, on January
25, 2024
b. (see: pages 143 to 145)
12. *Insurance Act*, RSO 1990 c. I 8, section 268 (the "Act" or the "*Insurance Act*")

a. (see: pages 146 to 148)
13. Unfair or Deceptive Acts or Practices Rule, effective 2022 (the "UDAP Rule")
a. (see: pages 149 to 161)
Chapter #5: Further Authorities
The Chubb v. Zurich cases (2015 and 2024):
TD General Insurance Company v. Markel
Intact v. Bateman: "Re: two files with two different file numbers for one claimant (insured person)
(although unlawful – not unprecedented)
14. Chubb Insurance Co of Canada v. Zurich Insurance Company, 2024 ONSC 2929 (as per The
Honourable Justice Akazaki) ("*Zurich 2024*")
a. (see: pages 162 to 179)
15. TD General Insurance Company v. Markel Insurance Company, 2014 ONSC 6461 (as per Justice
Lederman) ("Markel")
a. (see: pages 180 to 194)
16 Zurich Insurance Co. v. Chubb Insurance Co. of Canada, 2015 SCC 19 ("*Zurich 2015*")
a. (see: pages 195 to 198)
17. Intact Insurance Company v. Bateman, 2014 ONFSCDRS 14 (as per Delegate Blackman)
a. (see: pages 199 to 214)

Chapter #6: Affidavits
18. Affidavit #30 of the Appellant, made on July 31, 2024 (filed: August 1, 2024, served on SNIC and
TDHA: August 1, 2024) ("Affidavit #30")
a. (see: pages 215 to 358)

Y30

19. Affidavit #3 of the Appellant, made on October 31, 2024 (select pages only) (filed: listed and
attached document in Appeal on December 24, 2023) ["Affidavit #3"]
a. (see: pages 359 to 488);
20. Affidavit #29 of the Appellant, made on July 25, 2024 (select pages only)
a. (see: page pages 489 to 500)

Chapter #7: Motion Submissions (pursuant to LAT Rule 15. six pages, double spaced, size 12 font (except
for evidence, appendices and authorities)
21. Motion Submissions of the Appellant dated August 3, 2024 (served on SNIC and TDHA: August
3, 2024)
a. (see: pages 500 to 511)

Chapter #8: Additional evidence in pictorial form of the East Mall Address (August 4, 2024) and emails
to TDHA and SNIC confirming the same pursuant to, inter alia, section 15 of the SPPA
1
st Amended Inclusion (August 5, 2024)
22. Additional evidence: the East Mall Address
a. (see: pages 512 to 551)

Chapter #9: Costs against SNIC
Appellant's served and filed Costs Submissions on Thursday, September 5, 2024 (includes
LAT Rule 19.1: affidavit evidence in support of the Appellant have reasonable and probable grounds
to believei
that SNIC has conducted itself in relation to NOM #14 in an unreasonable, vexatious, frivolous and/or in bad faith
LAT Rule 19.2: written costs submissions by the Appellant before the decision or order is released
in relation to NOM #14;
LAT Rule 19.3: written costs submissions seeking $1,000 against SNIC in favour of the Appellant,
payable forthwith in any event of the result of NOM #14;
LAT Rule 19.4: Appellant has provided the reasons (authorities, statutes, regulations, LAT Rules)
and the particulars of SNIC's impugned conduct that have been, are and will continue to be
unreasonable, frivolous, vexatious, and in bad faith;
LAT Rule 19.5: Appellant has provided all relevant factors including but not limited to: (i) seriousness of SNIC's misconduct; (ii) SNIC's conduct in breach of orders (implicitly) and LAT

(63)

Directions issued by the Tribunal; (iii) how SNIC's conduct has interfered with the Tribunal's
ability to carry out a fair, efficient, and effective process; and (iv) the resultant prejudice to the
Appellant
LAT Rule 19.6: the Appellant has sought $1,000 for the NOM #14 hearing
23. Costs submissions of the Appellant, filed and served on Thursday, September 5. 2024 with e-receipt
a. (see: pages 552 to 640)
i. Appendix #1: Glossary (see: pages 565 to 570)
ii. Appendix #2: Evidentiary And Authorities Chronology: from the time of SNIC's incorporation in 1934 to August 21, 2024 (see: pages 571 to 647); and
iii. Endnotes (see: pages 648 to 650).

Chapter #9: Materials For Reconsideration of the decisions involving NOM #14 and NOM #15
Fresh Evidence: not available to the Adjudicator in the Hearing Record (albeit in record of proceeding
in relation
24. Affidavit #34 of the Appellant of August 29, 2024 (see: pages 651 to 676)
25. Affidavit #35 of the Appellant of September 12, 2024 (see: pages 677 to 769)
26. Affidavit #36 of the Appellant of September 18, 2024 (see: pages 770 to 789)
27. Affidavit #37 of the Appellant of September 19, 2024 (filed under seal) (see: pages 790 to 832)
28. Reconsideration Form with Motion Submissions of September 30, 2024 (see. pages 833 to 856)

ONTARIO COURT OF JUSTICE (DIVISIONAL COURT)

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT

- and -

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL,
HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

APPLICANT'S FACTUM

633

VOLUME # #1: STATEMENT OF JUDICIAL REVIEW APPLICATION

1. This ***JRPA* Application** involves the challenge to two (2) issued decisions of the Licence Appeal Tribunal ("**LAT**" or "**Tribunal**")[1] on September 13, 2024, and October 16, 2024, and two potentially unmade decisions involving the same. In the absence of any analysis of the statutory scheme[2] (i) by Vice Chair ("VC") Morrissette ("**VCM**"); and (ii) VC Lake ("**VCL**"), on reconsideration (the "**RD**"), relying on the newly passed language, as of August 21, 2023[3], in the *LAT Rules*, which is non-legislation,[4] the reviewing or appellate court is required to start afresh. Since 2019, the SCC settled the judicial review landscape in declaring *Dunsmuir*[5] to no longer be the law of our land and provided factual and/or legal situations where the reasonableness standard of review is rebutted. The focus herein of where the presumptive reasonableness standard is rebutted is where the rule of law ("**ROL**") requires that the standard of correctness be applied.

2. The rule of law is a theme in this ***JRPA Proceeding*** as per, some events that occurred or issues that were catalyzed after the filing of the ***JRPA* Application**, which were, including but not limited to: (i) Tribunal counsel (Ms. Boyce) raising the prematurity doctrine on a preliminary basis; (ii) counsel (Mr. Nieuwland) to TDGIC and SNIC[6], but not TDHA, in the **LAT Proceeding** not filing an appearance notice *forthwith* but purporting to file said purported notice of appearance (the "**Purported Appearance**") that was defective whilst in his cover email making a similar misstatement of law to the one he made on behalf at the nullity case conference on May 2, 2024, that "SNIC" was 'one and the same' as two other insurance companies (see: 'also referred to as' TD Home And Auto [sic] and TD General Insurance company [sic]"; and (iii) others.[7]

3. The Applicant has also sought the consent of SNIC to adjourn the hearing proper with the LAT scheduled for January 25, 2024, predicated on a nullity pre-hearing conference before Vice Chair Painchaud (the "**Hearing Proper**"). TDGIC has no entitlement to participate herein as NOM #13 was an interlocutory order and it did not even attempt to participate in it. NOM #14 and #15 squarely raise issues between SNIC and TDHA. Neither SNIC nor

634

TDHA sought to tender any materials, despite being duly served with NOM #14 and NOM #15.

4. The matter remains one where the delay will *likely*[8] involve a failure of justice being an affront to the rule of law and subspecies of the rule of law that involve: (i) general questions of law of central importance to the legal system as a whole; (ii) questions related to the jurisdictional boundaries between two or more administrative bodies; and (iii) the relationship between the legislature and the other branches of the state, which require a final and determinate answer from the courts (the "**Final Answer Requirement**"). The rule of law requires courts to have the final word (the "**Final Word Requirement**") with regard to general questions of law that are of central importance to the legal system as a whole because they require uniform and consistent answers (the "**Uniform Answers Requirement**" or "**Vertical *Stare Decisis***").[9] The rule of law requires courts to intervene where one administrative body has interpreted the scope of its authority in a manner that is **incompatible** with the jurisdiction of another administrative body since the rule of law cannot tolerate conflicting orders and proceedings where they result in a *true operational conflict* between two administrative bodies ("**Intolerance Conflicting Orders Requirement**").[10]

5. Whether affiliate or related insurance companies can accept priority, without any independent notices (see: (i) notice of transfer; (ii) notice of a potential agreement between insurers; and/or (iii) notice of arbitration) to an insured person or absolute noncompliance with *Reg 283*, over an applicant's [sic] insurance policy [sic] (not a *SABS* claim) is a question that must be answered by this ONSC on an urgent basis[11].

6. Some of the pertinent principles regarding the rule of law herein are: (i) *equality before the law*[12]; (ii) *accountability*[13]; and (iii) *access to justice*[14]. While administrative tribunal independence and absence of bias is not a constitutional principle, like that which is present pursuant to section 96 to 101 of the *Constitution Act* involving courts, conflicts of interest, bias and independence are presumed to be absent or at least reasonably perceived to be. The **VCM Decision** was not only incorrect and unreasonable[15] but it was counter to the

635

ROL requirement of "*equality before the law*" to which the Applicant and, by extension, his service providers were so entitled. The **VCM Decision** lacked "*accountability to the law*" as it was opaque in not only substance but process as: (i) it failed to reference any uncontroverted filed and served evidence; (ii) it failed to reference the binding "source law" wherein the Tribunal was required to decide all questions of law and fact before it in accordance with *Reg 283*, *SABS* and *Reg 664*[16]; and (iii) it failed to reference any jurisprudence that was binding upon it.

7. The jurisprudence involving *JRPA* (ss. 6(2)), *Reg 283*, the prematurity doctrine, "double jeopardy doctrine" (*res judicata* and issue estoppel), and standard of review all invoke the same principles in the middle of that archetypal "Venn diagram". While there is no dispute on the law that the orders in NOM #14, and to some extent NOM #15, are ***final orders***, irrespective of their lack of correctness, those principles fatefully contain similar language in relation to the legal thresholds for this ONSC to decide the legal issues herein on an expedited and urgent basis: (i) rule of law; (ii) *standing in the shoes of another*; (iii) bringing the administration of justice into disrepute; (iv) urgency; (v) failure of justice; and (vi) avoidance of repetition of proceedings before this ONSC and the Tribunal.

8. If the **Purported Nieuwland Appearance** is struck and there is no validity to the LAT's preliminary objection in the form of the "prematurity doctrine" to reviewing final orders of the Tribunal,[17] then government counsel cannot defend this JRPA Proceeding. As noted by *Jia*[18] by this ONSC (Div. Court): "We would exercise our discretion to hear an appeal from the conflict decision, because it is evasive of appeal and it is potentially a matter of general practice important in proceedings before LAT." The ONSC (Divisional Court) referred, in *Harold The Mortgage Closer*[19] (paragraph 37), citing *Volochay*[20] (paragraph 68[21]) wherein the ONCA referred to the prematurity doctrine and impugned *interlocutory relief* as synonymous or quasi-synonymous.[22]

9. Section 138 of the *CJA* codifies the principle that a multiplicity of proceedings must be avoided.[23] This leaves the sole issue being one of timing. Unlike the applicant, Sanscon Construction Ltd.,[24] in *Sanscon v. City of Toronto* ["*Sanscon*"], which failed to comply with some of the elementary requirements of pleadings, notice *et al*, this Applicant paid,

636

filed and served the *JRPA* Application in accordance with the requirement that it commence before the Divisional Court, he pleaded the material facts as to why he sought relief under section 6(2) of the *JRPA*, and why a failure to have this ***JRPA Proceeding*** heard urgently would *likely* lead to a failure of justice.

10. Like many ***unlawful*** schemes, it is not the 'what, when and how', but the '*why*'. The "why" herein was to circumvent multiple ***valid*** statutory schemes including: (i) FSRA investigatory and enforcement powers under the *Insurance Act* and the *UDAP Rule*; (ii) *Law Society Act* and its *By-Laws*; (iii) *PIPEDA*; and (iv) others. TDHA, as of 2019, while remaining as a licensed automobile insurer in Ontario, became a non-reporting insurance company to the FSRA for the purposes of the sub-category of insurance in the **"Private Passenger Market"**. Only three insurance companies, within the TDI Group, issued automotive insurance polices in Ontario in the **Private Passenger Market**: (i) Primmum Insurance Company (FSRA registration number 1396)[25] ("Primmum"); (ii) SNIC; and (iii) TDGIC.[26] The motive for why SNIC would engage in such intentional conduct and why TDHA would be complicit with the same is to "kill or limit the paper trail" of what can be investigated by the FSRA, the LSO, and OPCC.[27]

11. To determine the unlawful scheme, it required analytical precision, after much review, into the various sections of the *Insurance Act* as to whom, what, when and how an insurance company, including certain individuals in specified situations, could be investigated. Moreover, the FSRA's investigatory, search, seizure, citation and enforcement powers are not only curtailed but eliminated if an insurer like TDHA is not a reporting insurance company in the "**Private Passenger Market**" of automobile insurance. By SNIC's intentional action of having TDHA be the recipient insurer of his OCF-1 application, it controls what documents and activities are subject to investigation during the *SABS* claim processes. The corroborating evidence of the unlawful scheme was, *inter alia*, the following: (i) the Spam Fax in March 2023 from an unknown insurance company to the Applicant's fax number; (ii) SNIC providing notice of change of address, in Spring or Summer of 2023 from Markham to Burlington along with changing its fax number from the TDHA Fax Number to the Burlington Fax Number; (iii) a forged and invalid signature

637

of "As per A. Nurse" under Ms. Nurse's name in an OCF-18; (iv) TDGIC substituting itself as the sole respondent in the LAT Proceeding; and (iv) other references in the AR or record of proceeding depending on any agreement between the entitled parties to participate herein.

12. By having TDGIC being the "sole respondent of record", albeit SNIC filing the sole "Response" in the LAT Proceeding (the "**SNIC Response**"), with the sole signature of a non-licensee (Mr. Karat) in breach of LSO By-Law 7.1, ss. 6(1)(b) and (d)[28], which does not meet a specified document to be included in the "record of proceeding" under the *SPPA*, SNIC controls or eliminates any investigation into its activities during the LAT Appeal temporal period. For example, if the FSRA sought to investigate issues involving SNIC, it could claim that it was not the insurer and that TDGIC was the solely responsible insurer for the Applicant's *SABS* claim (TD Claim #3), and the FSRA investigative and market conduct team would be misdirected. As the Applicant never faxed a document to the TDGIC fax number (416.774.3629) prior to the filing of the LAT Appeal and thereafter, there would be little to no evidence for the FSRA to investigate.

13. Moreover, by having a non-licensee self-titled "ADR Specialist" (non 'adjuster' under the *Insurance Act*), SNIC, along with TD Insurance Staff Legal, further limited the reach of the LSO into activities subject to its legislative powers and its by-laws which have legislative force[29]. By having Mr. Nieuwland solely act for TDGIC by filing a DOR, whilst having a P1 holder (not providing legal services) in Ms. Michelle Moraes masquerade as his legal assistant for three months before one Ms. Ortiz (his actual legal assistant) surfaced, it further curtailed the investigatory powers of the LSO and the FSRA. There was also evidence, albeit in a PIPEDA response of SNIC in 2024, that there were multiple files of these insurance companies involving a single claimant.

14. This Court must also rule on this ***JRPA Proceeding*** because the findings of VCM invoke the Applicant's [sic] Insurance Policy [sic] and a clandestine and undisclosed subsequent contract between SNIC and TDGIC (collectively, the "**Offerees**") by way of being offerees, to the surreptitious and unrevealed offer by TDHA (the "**Offeror**") as the First Insurer pursuant, to its prescribed jurisdiction, of *Rule 14.05(3)(d)*[30] to hear this matter since it

438

involves the determination of rights that depends upon contractual interpretation. This court has, at least, two contracts to review in determining the rights of all involved: (i) the Insurance Policy; and (ii) the unrevealed contract between TDHA (as one party) "and" SNIC and TDGIC ("counterparties").

Vol 1, MV #1(B): Background Facts to this public interest litigation. /8774 Application:

15. The Applicant was injured as the driver occupant in an automobile accident ("**Accident**") on August 31, 2022 (the "**DOL**"), through no fault of his own, which rendered the Insured Automobile with a police reporting file and some $6,000 in damage to the Insured Automobile. The **Insured Automobile** was propelled involuntarily some 30 feet forward from a stopped position north of St. Clair Avenue and south of Heath Road, on the Spadina Avenue. From the DOL to January 11, 2023 (the "**Material Time**"), the Insurance Policy associated with the Insured Automobile that he was operating was a leased vehicle from BMW Financial Services Inc. ("**BMW FSI**") and his spouse, a University of Toronto alumnus, was the individual named insured. The Applicant suffered a variety of impairments that were readily outside of the MIG, including but not limited to: (i) a grade 1 retrolisthesis; (ii) degenerative disc disease; (iii) S1 nerve issues; and (iv) a concussion.

16. The sole underwriter (the "**Sole Underwriter**") in the Insurance Policy and "pink cards" was Security National Insurance Company ("**SNIC**") which was an out-of-province insurer that had six classes of insurance with the FSRA. On September 1, 2022, the Applicant orally notified (the "**Oral Notification**") SNIC of the **Accident** and his intention to apply for accident benefits pursuant to the *Schedule* making SNIC the "**First Notified Insurer**".

17. SNIC provided the Applicant, in late September 2022, the OCF-1 application (the "**OCF-1 Application**" or "**Application**" pursuant to *Reg 283*, section 1). In the "return this form to" field, SNIC provided a mailing address of the 2nd floor, 101 McNabb Street, Markham, Ontario (the "**Markham Office**") and a fax number of *416.774.3120*. Unbeknownst to the Applicant, the said fax number was not a telephone number in Markham but rather in North

639

York, Toronto, and after lengthy investigations[31] the only evidence before the Tribunal was that the said fax number was a landline number, issued by Bell Canada Inc. (not Bell Mobility) at the 4th floor-3650 Victoria Park Avenue, North York, Toronto. In 2024, the only evidence before the Tribunal was that, in October 2022, it was controlled, assigned and belonged to TD Home And Auto Insurance Company (FSRA registration number 1063) ("**TDHA**").

18. **TDGIC's fax number, as per the Tribunal's notice of motion hearing orders, was the telephone number that was used solely as fax number, of 416.774.3629 and it was located on the 9th floor of the VP Building.**

> VOLUME #1(B)(i): The LAT Registrar Order that confirmed that: (a) SNIC was not located at the Markham Office, (b) located in Burlington; and (c) with the 905 Fax Number (not a 416 fax number)

19. **Further, *before* the issuance (September 13, 2024) of the VCM Decision, the Tribunal (not VCM herself but the LAT Registrar) on September 12, 2024, had issued another order that SNIC's address for service was 5th floor-5045 South Service Road, Burlington, Ontario ("SNIC Burlington Office").**

> VOLUME #1(B)(ii): *Why would VCM backdate VCM Decision to September 6, 2024?*

20. **The self-evident and overwhelming inference is that by the LAT Registrar providing the, in fact, address of SNIC in Burlington, this provided an *additional* binding ground, by way of a decision of the administrative body, as to why TDHA was the First Insurer. Simply put, SNIC solely provided its name with a false address and false fax number.**

> **VOLUME #1(B)(iii):** ***Why were there so many palpable errors in the VCM Decision?***

21. **The obvious inference was that she rushed her decision-making process to pretend that her decision was issued on September 6, 2024, and not subject to or inconsistent with the LAT Registrar's order finally providing the, in fact, address of SNIC being the SNIC**

610

Burlington Office. VCM was required to review all materials in the record of proceeding prior to issuing her order, and the LAT Registrar order, received by the parties, was a binding order upon her. The VCM Decision was inconsistent with said order.

22. SNIC had provided the said physical address, absent a floor number, from Spring or Summer 2023 until the time of the Applicant's filing of the LAT Appeal on December 24, 2023. SNIC's fax number at the SNIC Burlington Office was that **905 Fax Number**. Ergo, SNIC only complied with the requirements under *Reg 283* of providing its name but failed to comply with the requirements, at the **Material Time**, that it provide its mailing address and fax number.

VOLUME #1(B)(iv): Obligation to pay benefits triggered upon receipt

23. On October 13, 2022, the Applicant not only faxed his completed application pursuant to *Reg 283* and *SABS*, ss. 32 (the "**McLean Completed Application**") to the **TDHA Fax Number**, which was a landline on the **4th Floor VP Building**, albeit unknowingly, but he also faxed a completed and signed OCF-2 on his behalf ("**Completed OCF-2**"). On November 3, 2022, the Applicant paid the section 25 of *SABS* fees for the OCF-3, and the said duly and doubly signed OCF-3 was delivered to the **4th Floor VP Bldg. Fax Number.**[32]

VOLUME #1(B)(v): The New Brunswick response to a *PIPEDA* request of SNIC and the SPAM Fax. February to April 2023

24. Further, there was additional evidence before the Tribunal that the Applicant had made a *PIPEDA* request of SNIC in February 2023, via email to the TD privacy email, but received an apparent *PIPEDA* response via mail from an unknown corporate sender located in New Brunswick. With further investigations in the Summer of 2024, the Applicant filed evidence with the Tribunal that while TDGIC operated in the **Private Passenger Market** in Ontario but did not operate in the **Private Passenger Market** in New Brunswick, TDHA did not in Ontario but did in New Brunswick along with SNIC and Pommum.

041

25. Around the same time (March 2023), while SNIC had never faxed the Applicant in reply to any of his delivered faxes to the **TDHA Fax Number**, again unknowingly to him, and only sent ostensible responses the Applicant received a fax from an unknown sender that "it" had no record of the Applicant's TD Claim #3 and to send his faxes with information, already in each fax, to one of the various locations (see: Calgary, Ontario, Montreal, Nova Scotia and New Brunswick) across Canada. There were two fax numbers in Ontario: Burlington (905 Fax Number) and North York (the 4th Floor VP Building Fax Number). The Applicant was already faxing to the **416.774.3120** and he did not reside in Burlington but he was perplexed by the "North York" reference. Consequently, the Applicant promptly blocked the sender, on account of it being "spam" (defined as the "**Spam Fax**"). The Applicant notified the 416.774.3120 fax number presuming still he was faxing SNIC regarding the misidentification of said fax number being grounded, by landline phone number, in North York, although the Applicant was incorrect in that regard at said time by way of detrimental reliance on the representations made to him by SNIC, of the issue and continued to fax the said telephone (fax) number. Shortly thereafter, SNIC had correctly, albeit missing a floor number, provided the Applicant, via mail, with a notice of change of address from the Markham Office to the Burlington Office, and, most notably, from the VP Building 4th Floor Fax Number to the 905 Fax Number.

VOLUME #2: Overview of the binding precedents in relation to the Governing Statutes, Governing Regulations *et al*

26. *SABS* and *Reg 283*, having undergone major amendments in 2010 after being submitted to industry consultations and amendments before proclamations, they reflect important policy choices to ensure order and stability in regulated industries. Said "order and stability" in the regulations must be matched by this ONSC by reference to the **Final Word Requirement, Final Answer Requirement, Uniform Answers Requirement, Vertical *Stare Decisis***, and **Intolerance Conflicting Orders Requirement** pursuant to the ROL.

27. *Reg 283* is designed to keep priority disputes out of the courts.[33] *Reg 283* is also purposed to prevent *SABS* claims, including vital treatments and income benefits, from being delayed while insurers fight over priority dispute under section 268(2) of the *Insurance*

642

Act.[34] As a matter of principle, there is NO[35] difference between an insurer's failure to pay under section 2 of *Reg 283* and a failure to pay under any provision of *SABS*.[36] [37]

28. While a **First Insurer**, like TDIIA, may have never received insurance premiums from the insured persons, or be deemed to have received the same pursuant to the Insurance Act after a determined insured person was an occupant in said 'insured automobile' may seem intuitively wrong, the Legislature, by passage of statutes with *Royal Assent*, and LGIC's intent, must be respected. There is no, *per se*, harshness to be alleviated by a sophisticated insurance company, with endless resources, who received the **McLean Completed Application**, who fails to investigate within three months and provide a notice, in form A143, to an insured person and other insurers under sections 3 and 4 of *Reg 283*. The provisional first-insurer rule under the regulation and the priority regime under the statute operate *differently*.[38] Irrespective of whether a claimant is an "insured person" or not in the *subjective* mind of the **First Insurer**, the **First Insurer** must respond to the Claimant and pay benefits where applicable and required (see: *Reg 283*, ss. 2.1(6)). Acceptance during the 90-day period is merely provisional.[39] If the **First Insurer** does not dispute, within 90 days, its liability to pay all benefits, in accordance with *SABS*, of the claimant, there is *no other process* for the **First Insurer** to transfer the *SABS* claim, dispute the same and recover any paid or to-be-paid benefits to the claimant.[40] A **First Insurer**'s calculus to not *accept* a claim for whatever subjective reason can turn out to a costly and permanent mistake.[41] The lack of acceptance in this regard is functionally equivalent to "*not accepting service of a claim*." which is distinct from not accepting an offer in relation to a proposed contract.

VOLUME #3: Requirement to 'step into the shoes' of Sole Underwriter[42]

29. In *Zurich 2015*[43], the SCC held that Chubb ought to have responded to the *SABS* claim immediately on a 'pay first and dispute later' basis.[44] If the sending of the **Completed Application** by the claimant was not arbitrary, there is a *nexus* between the claimant and the **First Insurer**.[45] The SCC restored Goldstein J.'s judgment (ONSC) ["*Zurich 2012*"[46]] in its verbatim adopting[47] the dissent of Juriansz J.A. ["*Zurich 2014*"][48], as he then was before retiring after an illustrious legal and judicial career in 2021,[49]: **2014 ONCA 400**[50].

643

A vague recollection about seeing an insurer's name at a rental car office was sufficiently non-arbitrary to require the First Insurer (Chubb in *Zurich 2015*[31]) to "*step into the shoes*" of another insurance company(ies) that was liable under a "contract of insurance" for the purposes of section 2(1) of *Reg 283*.[32] The policy behind the inflexible rule that an insurer (like TDHA), which fails to: (i) respond provisionally to a claimant; (ii) fails to pay benefits provisionally to the claimant; (iii) fails to put other insurers on notice; and (iv) fails to put the insured person on notice of a potential transfer of the insured person's claim to other insurer(s), after receipt of a Completed Application, when there is *SOME* nexus, being permanently responsible for the claimant's benefits is to promote compliance with the *validly binding* statutory scheme.

30. The ONSC in *Zurich 2024*[33] (May) settled the law in the above regards as follows. (i) breach of section 2 of *Reg 283*, according to the case law, does not result in an insurer being required to pay benefits to the claimant permanently; BUT (ii) the *failure* TO AVAIL itself of section 3 does. Section 3 dovetails to section 4 which requires the First Insurer (TDHA) to provide notice to the insured person. Section 5 of *Reg 283* provides the consequences for an insured person not delivering its objection notice to the First Insurer within 14 days of receipt of the dispute notice form (A141) from the First Insurer. A143 requires the First Insurer, which receives the same, to fill out the form correctly and have a representative sign the same.

31. Herein, there is some incredibly prejudicial and fatal evidence, as it relates to any defence by TDHA that it could not meet the 90-day requirement to provide an A143 notice, and that is the signature block of Mr. Karat wherein he, as an ADR specialist, represented, multiple times, in 2024, that he was authorized to represent, "SNIC, TDGIC, Primmum, and TDHA".

32. TDHA's permanent liability for responding to the *SABS* Applicant and paying benefits to him was a *self-inflicted consequence* of its failure to adhere to the requirements and protections of section 2 to 4 of *Reg 283*.The combination of provisions in *Reg 283* transformed TDHA's provisional liability into a permanent one.[34] For TDHA to not be declared as the First Insurer would mean that there were no consequences for the conduct

694

(or inaction) of TDHA by receipt of the **McLean Completed Application** and by continuing to have its former branch office address (**East Mall Address**) auto-populate in HCAI, without Mr. McLean having access to the same as he was not a "service provider" and no ability for any service provider to amend the same, it would defeat the legislation's public policy: "*pay now and dispute later*". The consequence would be that the "rule of law" would not matter and the LGIC's proclaimed amendments to *Reg 283* and *SABS* had *no teeth* and were of no force and effect. Put another way, the mandatory provisions therein would become discretionary based on the arbitrary and subjective beliefs and whims of insurance companies within a group of insurers. There would be no stability and consistency in the application of *Reg 283*, and the **Uniform Answers Requirement** or what is more commonly known as "horizontal and vertical *stare decisis*" in our provincial common law (judge made law) jurisdictions.

VOLUME # #4: Issues, Law and Argument

VOLUME # #4(A): Issues

33. The Applicant frames the general legal issues as follows:

a. **Issue #1**: What is the standard of review of the **VCM Decision** and the VCL Reconsideration Decision as it relates to VCM's orders in NOM #14 and NOM #15?

b. **Issue #2**: As TDHA was the first insurance company to receive the McLean Completed Application, was it possible, at law, for SNIC and TDGIC to accept priority over the Applicant's [sic] insurance policy [sic] without any notice to him?
   i. If the answer to said issue is in the negative, what is the legal effect of the same?

c. **Issue #3**: what orders must this ONSC fashion with respect to the public interest remedies that are evasive of the JRPA Application and of great importance to the procedure, practice, substance and the ROL in LAT proceedings where similar issues may arise?

VOLUME #4(B): Law

VOLUME #4(B)(I): Jurisprudence

34. The ONSC in *Beasley*[55] was unequivocal in its language that the fiduciary duties of an insurance company, whether they are provisional or permanent, are triggered by the obligation to pay benefits (if any) wherein the Honourable Justice Moore found: "[34] The

6 of 15

relationship between an insured and an insurer in accident benefits matters involves a duty of good faith, **a fiduciary obligation**; the relationship between plaintiff and defendant in a tort action does not. The obligation, if any, *to* pay accident benefits is very different from the exposure, if any, that a defendant faces in a tort action."

35. The ONSC (Divisional Court) in *Jia* found, in upholding the reconsideration decision of VC Trojek[56], in a priority dispute case between CAA (insurance company) and The Personal Insurance Company, and *SABS* proceeding between a male widow and daughter without his wife and her mother respectively due to the fatal car accident against The Personal Insurance Company, found at paragraph 6: "[6] It is established law that insurers may not use the same counsel in statutory benefits cases and in tort cases brought against them by the same insured. This is because the duties of an insurer (and therefore of its counsel) are different in these contexts, and as an accident benefits insurer, the insurer is entitled to receive, and is required to keep confidential, a great deal of sensitive personal information from claimant." [57] [58]

VOLUME 4 #4(B)(1): Legislation

36. Section 280 of the *Insurance Act* contains six subsections, which were passed in 2014, of which only four are potentially relevant herein. [59] [60] The *SPPA* provides who may be parties to a proceeding which is by "statute" or "by law". The *Insurance Act* does not define or delineate who may be parties so the relevant part of section 5 is the "by law" component of the legislative section. TDHA, as the First Insurer on a provisional basis from October 13, 2022, to January 10, 2023, (the "**Provisional Period**") and then on a permanent basis from January 10, 2023, to present and in perpetuity (the "**Permanent Period**"), is the only insurance company in the TDI Group that, "by law", that was and *is* entitled to be the respondent party. Of note, the Applicant sent his LAT Appeal to the TDHA Fax Number and it was received by TDHA.

VOLUME # #4(B)(1): Regulations

37. **Benefits**" means *SABS* as defined under section 224(1) of the *Act* [61] An insurer shall *promptly* provide an OCF-1 and any other appropriate *forms* in accordance with the

646

Schedule to an applicant who notifies the insurer [a "First Notified Insurer"] that she wishes to apply for benefits: 2.1(2) of *Reg 283*.[62] A *SABS* applicant shall use the Application provided by the insurer and shall send the Completed Application to only one insurer: ss. 2.1(4) of *Reg 283*.[63] An insurer that provides an application [a "First Notified Insurer"] under subsection (2) to an applicant shall: [1] not take *any* action *intended*: (i) to prevent; or (ii) stop, the applicant from submitting a completed application to *the insurer*; and [2] shall not: (i) refuse to accept the completed application *or* (ii) redirect the applicant to another insurer (see: ss. 2.1(5) of *Reg 283*). [64]

VOLUME # 4(B)(II.a): Disputes between Insurers: independent breaches by First Notified Insurer and First Insurer under section 2.1 of *Reg 283*

38. Conceivably, the "First Notified Insurer" and "First Insurer" (not the "First Party Insurer" under *Insurance Act* as referenced in *Reg 664*[65]), could independently and disjunctively breach different subsections under section 2.1 of the *Reg 283*. For example, the First Notified Insurer could breach section 2.1(5) of the *Reg 283*, by taking some action intended to prevent or stop the "applicant" from even *submitting* a completed application to "the insurer". "The insurer" may or may not be the First Notified Insurer. Under the last part of the sentence in subsection 2.1(5) of *Reg 283*, "an insurer" may breach section 2.1(5) by refusing to ***ACCEPT***[66] the Completed Application OR redirecting the same to *another* insurer. Ergo, a **First Notified Insurer** could conceivably breach sections 2.1(2), 2.1(3) and (5) of *Reg 283*. [67] [68] [69]

VOLUME # 4(B)(II.a): First Insurer: how could such an insurance company breach section 2 of *Reg 283*? Which subsections of section 2 of *Reg 283* did TDHA breach?

39. Juxtaposed to that, the First Insurer may not be First Notified Insurer wherein an individual contacts, delirious after the Accident, and notifies the insurance company it believes to be a sole underwriter for the vehicle in which she was injured. However, after complying with that seven-day notification requirement under section 32 of *SABS*, an individual may, perhaps after the benefit of ILA, realize that said First Notified Insurer is not *the insurer* that has a duty to respond to her and pay benefits in accordance with the *Schedule*. As seen

(47)

in much of the jurisprudence, wherein insurance companies are willing to engage in a litigation for over nearly two decades, she may have multiple policies that could apply. She then submits her Completed Application to "the insurer" (not "an insurer" or the "**First Notified Insurer**") wherein the First Notified Insurer and First Insurer are distinct and separate entities (not "*one and the same*"). The First Insurer may fail to commence paying benefits in accordance with the provisions of *SABS pending* the resolution of any dispute as to which insurer is required to pay benefits (*nota bene*: the "**First [Recipient] Insurer**" in its capacity as the "**First Provisional Insurer**"). Such a First Insurer may breach section 2.1(6) on a provisional basis and only during the provisional period and/or beyond.

> *VOLUME # #4(II):(IIIa)* Consequences of Non-Compliance[70] (ss. 2.1(7) of *Reg 283*) and distinction between section 2(1) (LGIC proclamation in 1995) and ss. 2.1 (LGIC proclamation in 2011)

40. The word "reasonable" utilized by the LGIC indicates the objective person test. Therefore, the threshold and quantum for the fees under legal, adjusting, admin or disbursements is what a reasonable person would find in terms of whether they are owed and in what quantum. The only difference (see: *supra*, "the statute and regulation operate differently" as per Justice Akazaki) between section 2(1) and 2.1(6)[71] is that the former references the requirement to pay benefits under section 268 of the *Insurance Act* whereas section 2.1(6) reference the requirement of that **First [Recipient] Insurer** to pay benefits in accordance with the provision of the *Schedule*.

> **VOLUME # #4(III):** Argument

41. Vice Chair Morrissette obviously knows more than the Applicant as to what was represented to the Tribunal in written or oral form – not that which is correct at law – "behind the scenes". [72]There is no prescribed right of insurance companies, irrespective of whether they may or may not be affiliated within a group of insurance companies, to accept priority over an "insurance policy". No such right exists in relation to a claim for accident benefits after a Completed OCF-1 is received by AN insurance company. NIC did not refuse to accept the **Completed Application** as it did not receive the **Applicant's Completed Application** *first*. It is unclear if it even received it second or in what order or if at all. The reference to "it at all" is grounded in the record of proceeding and the denial

6 of 8

letters in that SNIC never enclosed a copy of the initial OCF-1 delivered to TDHA at first instance or other documents but rather would reference them in a vague and ambiguous manner.[73] To encapsulate the application of the uncontroverted evidence to ss. 2.1(5) of *Reg 283*, SNIC was the only insurance company that provided the OCF-1 but it cannot be found to have prevented the Applicant from submitting his Completed Application to "the insurer" but rather *encouraged* him to do so by providing a North York, Toronto, fax number (**VP Building 4th Floor Fax Number**) of TDHA which was an "*in province*" insurer licensed in the class of automobile insurance. Therefore, there was a nexus between the Applicant and TDHA as he did not select TDHA on a whim but was exclusively directed to it by SNIC – at least "on paper".

42. TDHA was the First Insurer as the only two lead tenants at the Victoria Park Ave Building were that of TDGIC and TDHA. TDGIC occupied floors 7 to 9 with the 9th floor being its mailing address and TDHA occupying floors four to six with the four floors being its mailing address. Once the Applicant had honed in on the deception, the mathematical computation of how Bell Canada Inc. had assigned the numbers within the building was rather rudimentary. The area code of 416 was only for Toronto-based locations, 774 was assigned as a "prefix" to numbers within the District of North York and then within the VP Building, the 3 was a common feature to many landlines of tenants therein. The "120" was a string of three digits with numerical value of "1" being on the fourth floor and the numerical string of "629" with "six" being on the 9th floor. For sake of completeness: "2" was on the fifth floor; "3" was on the sixth floor; "4" was on the seventh floor; "5" was on the eighth floor; and "6" was on the ninth floor. The Tribunal's notice of hearing orders are orders at law and subject to judicial review, and neither SNIC nor TDGIC sought to challenge them by a section 21.1 of the *SPPA* motion or judicial review and/or appeal. It is trite that if those fax numbers that the Tribunal had found were to be for service of documents to SNIC and TDGIC were not their fax numbers, they would have objected or confirmed the same with the Tribunal.[74]

43. Therefore, SNIC had no provisional obligation to respond to the Applicant and pay benefits as its obligation to respond was merely the provision of forms and explanation of benefits

649

as a mere stakeholder in the insurance industry, but rather TDHA had that obligation to respond and pay benefits. Therefore, pursuant to section 280(4), the LAT was required to resolve the LAT Proceeding in accordance with *SABS* and *Reg 283*.

44. In order for the Tribunal to determine the *JRPA* Applicant's claims under *Reg 664*, s. 10 (Dispute Resolution under section 280 of the *Insurance Act*).[75] Conceivably, s. 10 of *Reg 664* could involve two insurers because a provisional First Insurer could have delayed commencing paying benefits and further delayed during the provisional period, and a different agreed to, with or without the consent of an insured person subject to said claimant receiving notice or notices pursuant to *Reg 283*, or declared insurer, by arbitrator or subsequent court decisions[76] could have delayed or withheld benefits thereafter.[77]

45. The Applicant complied with section 268(5) of the *Insurance Act* and ss. 32(1) of the *Schedule* by SNIC became the "First Notified Insurer". Pursuant to section 32(2) of *Schedule* and *Reg 283*, ss. 2.1(2) SNIC provided the Applicant with an OCF-1 Application (see: *Reg 283*, s.1) and some other forms that related to the *Schedule*. SNIC breached part of ss. 2.1(3) of *Reg 283* by not providing its accurate mailing address and fax number. The Applicant complied with ss. 2.1(4) of *Reg 283* by using the "OCF-1 Application" provided by SNIC and sent the Completed Application to only one insurer (TDHA).

VOLUME # #4(III)(A)(i): Subsection 2.1(6)

46. TDHA was the First Insurer that received a Completed Application for benefits from this *JRPA* Applicant (*SABS* Applicant) and was duty bound, by the LGIC's 2010 proclamations, which were the subject of extensive industry wide consultations, to commence paying the benefits in accordance with the provisions of the *Schedule*.

VOLUME # #4(III)(A)(ii): Subsection 2.1(7)

47. As SNIC and THDA are both "insurers", distinct at law, they have both failed to comply with various sections under subsection 2.1 and are required to reimburse each other for any fees (adjusting and legal), costs *et al* that were reasonably incurred by the other insurer as a result of the non-compliance. However, that is an issue between them and not for the

650

Applicant. The Applicant is not entitled to any payment of any incurred legal fees, adjuster's fees, administration costs and disbursements but he is entitled to benefits and payment of section 25 fees incurred.

VOLUME # #4(III)(A)(iii): Sections 3 to 4 of *Reg 283* and ss. 268(3) of the IA

48. An insurer against whom a person has recourse for the payment of statutory accident benefits is liable to pay the benefits: ss. 268(3) of the *Insurance Act*. Where an insurer has given notice under section 3 of *Reg 283*, said insurer must also give notice to *the insured person* using a form approved by the CEO of the FSRA: ss. 4(1) of the *Reg 283*. Said form is denoted below at Appendices and it is a A143.[78] TDHA did not even engage in the pretense of doing so.

VOLUME # #4(III)(A)(iv): Section 5 of *Reg 283*

49. The Applicant never received notice under section 4 of *Reg 283* so he did not have any obligation under section 5(1) of *Reg 283*. Ergo, the Applicant could not, in fact, advise the insurer paying benefits in writing within 14 days that he objected to the transfer of the claim to the insurers referred to in a non-existent notice. According to VCM, the transfer of his TD Claim #3, clandestinely occurred at some unparticularized time by some void ab initio agreement between the First Insurer when TDGIC, in conjunction with SNIC, accepted priority over the Applicant's [sic] Insurance Policy [sic]. VCM was clearly not referring to a "decision" but a *subsequent agreement* by her deliberate word choice of "acceptance". For "acceptance" to have occurred by two other insurers, where neither could be the First Insurer (TDHA), an offer had to be made. For an agreement to have been consummated, there had to be return consideration in the form of a fulfilled promise from the offerees to the offeror (TDHA). In order for that proposed contract, which could be at best an "agreement to agree", it required notice to the JRPA Applicant and his consent or his silence AFTER receipt of the prescribed notices.[79]

VOLUME # #4(III)(A)(v): Subsection 5(3) of *Reg 283*

50. Ss. 5(3) of *Reg 283* has a "despite" or "subject to" clause in said subsection but it relates to the Fund initiating arbitration so it is not germane to the issues herein.

65|

VOLUME # #4(III)(A)(vi): *Void Ab Initio* Agreement and deprivation of three different rights: (i) right to object to transfer of his claim to other insurers, (ii) right to object to proposed agreement between insurers; and (iii) right to file notice of arbitration

51. While the Applicant did not receive any section 4 notice pursuant to *Reg 283* and was deprived of his rights which the LGIC provided similarly situated accident victims, to object to the transfer of his TD Claim #3 to SNIC and TDGIC on an apparently joint basis, he was also deprived of his arbitration participatory rights in any subsequent proceeding to *settle* the dispute. Most importantly, whatever clandestine, underhanded and surreptitious agreement was negotiated and consummated between TDHA with SNIC and TDGIC, had no legal effect and was not merely void but void *ab initio*. It amounts to an irremediable nullity.[80]

VOLUME # #4(III)(A)(vii): Consent vs Non-Opposition – risks of allowing the Tribunal to decide the Hearing Proper with the "musical defence chairs" between SNIC, TDGIC and TDHA

52. Leaving aside that Mr. Nieuwland's purported Notice of Appearance was and remains defective, Mr. Nieuwland is apparently engaged in similar past conduct that was not only rejected by the Tribunal but the FSRA (two administrative tribunals created under different statutes with boundaries that regularly intersect) with respect to his misguided "*one and the same representation*" regarding SNIC and TDGIC being the same corporate entity. Such a misrepresentation was counter to the FSRA certificates of status involving each, their distinct license classes approved by the FSRA, the corporate history of TDGIC and SNIC, and the rule in *Foss v. Harbottle*. Mr. Nieuwland now wishes this ONSC to accept a filing, which was not forthwith, but wherein his cover email misrepresented that he was acting for SNIC and two distinct companies *also referred to as [sic]* as "TD Home and Auto [sic]" and "TD General Insurance company [sic]". It was a tantamount to a "triple down" on his previous "double down" at least "numerically". For the purposes of clause 4.3 of *Schedule* 1, the consent of an individual is only valid if it is reasonable to expect that an individual to whom the organization's activities are directed would understand the nature, purpose and consequences of the collection, use or disclosure of the

652

personal information to which they are consenting: s. 6.1 of *PIPEDA*. It is trite that the OCF-1 and PIPEDA operate harmoniously and in tandem.

VOLUME #4(III)(B): "Mr. Nieuwland and co" – up to old tricks

53. Not opposing the relief in a motion, as TDGIC did by way of written email by Mr. Nieuwland on behalf of TDGIC on June 6, 2024, is not the legal equivalent of "consent". Such a statement of law is a trite one but the history of how SNIC and TDGIC have abused the process of the LAT Proceeding is precisely why this ***JRPA Proceeding*** must be decided *prior* to the Hearing Proper. After Mr. Karat, a non-licensee, signed and filed a Response on behalf of SNIC on January 25, 2025, (the "SNIC Response") contrary to LSO By-Laws, TDGIC purported to be the sole respondent without even the pretense of filing a pleading. NOM #8 was not granted until June 20, 2024, which then required another section 21.1 of the *SPPA* motion as the clarity and precision of some of the findings of fact, contrary to the record of proceeding, by yet again VCM, were incorrect. The Applicant sought the consent of TDGIC to remove itself as the sole respondent and the consent of SNIC, the only insurance company that filed a Response, to substitute itself for TDGIC. Mr. Nieuwland, for TDGIC, was unequivocal that TDGIC would NOT oppose any such relief from the Applicant after opposing said relief for nearly six months. Mr. McLean is not so self-aggrandizing to think that his NOM #8 was of such superb calibre that it was the sole catalyst for the change in legal position. Rather, it was, admittedly, bold move to serve the FSRA with NOM #8 and invite its submissions by way of *amicus curae*. 128 days passed from the time of the Nieuwland DOR on behalf of TDGIC to the time of his email where TDGIC would not oppose the relief that the Applicant had been seeking, with formal motions and at the case conference. SNIC did not respond to NOM #8 even though its sole representative, at the time, in Mr. Karat had responded to emails in May 2024. Consent for removal of TDGIC and substitution of SNIC for it would have required a "three party agreement" between the JRPA Application, TDGIC and SNIC.

VOLUME #4(III)(C): *Res judicata* and Issue Estoppel

54. The Applicant could then be caught by the doctrines of *res judicata* and issue estoppel.

63

VOLUME # 4(D)(C)(i): *Res judicata*

55. In *Said v. Northbridge General Insurance Company, 2024 ONSC 5248* (Div. Court), the Honourable Justice DL Corbett with oral reasons considered *res judicata* in an administrative context where it was found that a LAT decision is final and authoritative subject to a party's rights of reconsideration or appeal from that decision.[81] TDHA and SNIC are not "one and the same" as it has already been found by the FSRA, through its issuance of the certificates of status in June 2024, that "TDGIC and SNIC were not one and the same".

VOLUME # 4(D)(C)(ii): Issue Estoppel

56. Issue estoppel has been articulated as follows in *Kazen v. Whitten & Lublin Professional Corporation*, 2020 ONCA 325[82]: (i) the same question has been decided; (ii) the judicial decision which is said to create the estoppel was final; and (iii) the parties to the judicial decision or their privies were the same persons as the parties to the proceedings in which the estoppel is raised [or] their privies. The ONCA in *Victoria University (Board of Regents) v. GE Canada Real*, 2016 ONCA 646 found the following: "[97] It holds that a party may not relitigate an issue that was finally decided in prior judicial proceedings between the same parties or those who stand in their place. However, even if these elements are present, the court retains discretion to not apply issue estoppel when its application would work an injustice."

57. It is the "mutuality principle" that would be at issue as to whether THDA and SNIC are "privies". However, even the slight chance, however remote, is enough to ensure that a decision is issued as to whom the First Insurer was – as there is no finding that TDHA was not the First Insurer and SNIC was the "Frist Insurer". Since there are no findings in this regard to overturn, no deference is required and the ONSC can decide the issue "de novo" or at least in a manner that resembles a "de novo hearing". It is yet another reason why the respondent insurance companies must not be entitled to participate herein. The Applicant would not be bound by *res judicata* and/or issue estoppel because SNIC and TDHA are privies but because of Mr Nieuwland's recent representation in his "received" filing (purported NOA) that SNIC are "also referred to as" as TDHA and TDGIC.

654

VOLUME # 4a(II)(D): *Reza* vs. *State Farm*, and s. 19 of *SPPA*

58. The case of ***Fatemeh Rezaiezadeh v. State Farm Mutual Automobile Insurance Company***, 2016 ONFSCDRS 59 (**"*Reza*"**)[83] **stands for the proposition below wherein an arbitrator found the following: "The Appellant concedes there is no explicit procedure in...the *Statutory Powers Procedure Act*, R.S.O. 1990, c. S.22, as amended, to permit a party to continue a proceeding against a non-party." While *Reza* was a decision before the FSCO, the Legislature has not amended the *SPPA* in any manner that would change that precedential statement of law. The Applicant will also be deprived of his rights under section 19 of the SPPA in relation to enforcement of a monetary order.[84]The Applicant cannot continue the LAT Proceeding as currently constituted against TDHA as per the VCM Decision. Moreover, the Applicant would be proceeding against as a "Non-First Insurer" that does not have any obligation to respond and to pay benefits.[85]**

VOLUME # 4a(II)(D)(i): Does the argument that SNC would merely cut a cheque assuage any concerns and/or should the Applicant have to ever take such a risk?

59. **In *Reza*[86], the following excerpt has extreme relevance to why this *JRPA Proceeding* must proceed expediently before a single justice and, if it fails, then before the ONSC (Div. Court): "The Appellant's apparent concern is that if she is successful on appeal and obtains a monetary award, if the Respondent does not pay, whose property does the sheriff seize? The Respondent submits that Certas would respond to any "valid" judgment by cutting a cheque because of its contractual obligation with State Farm. This did not seem to reassure the Appellant."[87]**

VOLUME # 4a(II)(D)(ii): Not merely the entitled insured person and the obligated insurance company (First Insurer) but *issues*

60. **The danger of not deciding this *JRPA Proceeding* on an expedited basis before a single justice, is outlined, to some degree, in 2015 ONCA 851[88]. The ONCA briefly set out the elements required for issue estoppel to apply to bar the re-arguing of *an issue*, and some useful comments on when parties meet the "mutuality principle". The applicable principle is that "litigation is conclusive upon *issues actually brought before the court* and upon any**

655

issues which the parties, exercising reasonable diligence, should have brought forward on that occasion"[89] The ONCA at paragraph nine raised some of the indicia that would make corporate parties privies of each other and the address aspect is one that cuts both ways:

> "[9] ..... All corporate appellants, except Committee of Certified Acupuncturists of Ontario, share the same registered address and they all share *many* of the same directors and officers, including the two individual appellants. In the context of these proceedings, this constitutes a sufficient degree of identification among the parties "to make it just to hold that the decision to which one was a party should be binding in the proceedings to which the other is a party".[90] In any event, even if the same parties' requirement for issue estoppel is not strictly met, permitting the appellants to re-litigate the issue that was determined by the Divisional Court would amount to an abuse of process.

VOLUME # #4(III)(D)(v): "Would respond" is antithetical and counter to the purposes of *Reg 283* and *SABS* [they are imperatives]

61. As found by the Honourable Mr. Justice Akazaki, a former president of the OBA no less, in *Zurich 2024*[91] the purpose of *SABS* is and remains that those injured persons receive vital treatments and income replacement benefits. SNIC is even on worse footing than Certas, vis-à-vis the defunct State Farm, as noted in *Reza*[92], as it relates to automobile insurance benefits in Ontario, because there is no evidence of SNIC having a contractual relationship to TDHA to respond and pay on its behalf for its obligations under *Reg 283* and *SABS*. However, this inharmoniously bolsters a variety of points: (i) SNIC may take the position that it was *standing in the shoes* of TDHA; (ii) SNIC and TDHA are privies because of the "*standing in the shoes argument*", (iii) without a decision herein, SNIC may take the position, even post hearing, that the Applicant was advancing his arguments not only against SNIC, but TDGIC and TDHA, and be without any recourse against TDHA as the First Insurer; (iv) SNIC does not have a duty to respond and pay benefits because it was not the First Insurer but the Applicant's LAT Appeal is dispositive of all issues against not only SNIC but TDHA; (v) to the extent that the Applicant advanced a separate LAT Appeal against TDHA, he would be abusing the process of the Tribunal because the underlying evidence would be similar or the same as he had faxed the seminal documents and correspondence to 416.774.3120 on a primary level; and (v) others.

VOLUME # #4(III)(E)(i): No *effective remedy* left for the Applicant

656

62. The prematurity doctrine has no applicability. The Applicant may or may not obtain a remedy against a non-liable insurance company as a matter of the governing statute in *Insurance Act*, ss. 268(3) and the binding regulations in *Reg 283*, *SABS* and *Reg 664*. Judicial review is a discretionary remedy. However, in *Awada*[93], Corbett J. by setting out the legal principle or precedent that courts should not interfere with ongoing administrative proceedings until after they are completed *or* until effective remedies are exhausted. It is not that a claimant has exhausted remedies but effective remedies. "Effective" is synonymous with "actual, real, or operative". Any remedies against SNIC are ineffective, futile or useless. The ineffectiveness of any remedies, absent costs against SNIC in the LAT Proceeding, is further bolstered by the mature and stable jurisprudence that an order adding or dismissing a motion to add a party is a final order.

VOLUME # 4(III)(E)(iii): The Ultimate Appeal argument

63. The ONSC outlined the legal test in *Mansuri*[94] wherein it stated, "To the extent that there are "alleged deficiencies" arising from the Initial Decision, the applicants have not established that they "cannot be cured on an ultimate appeal. Put another way, the applicants have not established that the alleged prejudice to the applicants outweighs the benefits of a single court proceeding once the underlying Tribunal proceedings are complete" (see: *Mansuri v. Dominion of Canada General Insurance Company*, 2023 ONSC 5764[95] at paragraph 43).[96] Even in an "ultimate appeal", no curing could occur as TDHA is not the solely liable respondent party in the LAT Appeal.

VOLUME # #4(III)(E)(iii): The corollaries in *Ontario Nurses Association*

64. The ONSC in *Sudbury and District Health Unit v Ontario Nurses' Association*, 2023 ONSC 2419 ["*Ontario Nurses*"][97], found as follows at paragraph 29: "…. Resolution of this application does not resolve the outstanding issues before the Arbitrator. In addition, the court has been clear that this is not an exceptional circumstance that would lead it to hear a judicial review application on an interlocutory decision." The deductive reasoning is rather rudimentary: (i) if resolution of a *JRPA* Application resolves outstanding issues

67

before the Tribunal, then a *JRPA* Application is **not** premature; and (ii) if not an interlocutory decision, then this militates in favour of hearing this *JRPA* Application.[98]

VOLUME # 84(III)(F)(iv) Court May ALWAYS intervene - In Person: Jurisdiction of its Superior Court Status

65. The court noted that "if there is a prospect of *real unfairness* through denial of natural justice or otherwise, a superior court may always exercise its inherent supervisory jurisdiction to put an end to the injustice before all the alternative remedies are exhausted…the unfairness in this case is so obvious that it would be inappropriate to put the officer through a trial before a tribunal that lost jurisdiction through a denial of natural justice.[99] This madness needs to be put to an end. The Tribunal is not even correctly distinguishing between the law of consent and "non-opposition". *What next by way of extrapolation of legal principles?* Sexual assault victims need not consent to sexual acts but their lack or absence of opposition to sexual acts is functionally and legally equivalent to consent. This Tribunal should be ashamed of itself by tossing around, in some irresponsible manner, that "consent" and "non-opposition" are "*one and the same*".[100]

VOLUME # 84(III)(F)(v): Concerns about this decision maker in VCM

66. Further, the total absence of a foundation for a finding of fact is an error of law. Moreover, it is the findings of VCM that are so particularly concerning that raise incredible integrity issues and conduct. It is not the first time that this former adjudicator, since promoted to Vice Chair, has been involved in serious breaches of conduct with knowledge. Her apparent knowledge, not in the record of proceeding, of what transpired, was not only affront to the *LAT Rules* of all parties being copied on correspondence, but this ONSC can take judicial notice of some issues involving this Tribunal of yesteryear.

67. Vice Chair Morrissette had to obtain this "knowledge" that TDGIC and SNIC accepted priority over the Applicant's (sic) insurance policy [sic] from some place, repository *et al*. The activities of VCM, prior to assuming her role as an adjudicator and now VC, are of great concern on a general but a specific level herein (see: https://lobbycanada.gc.ca/en/investigations/reports-on-investigation/the-lobbying-activities-of-tuna-morissette/).[101] [102]

68

VOLUME # #4(III)(E)(vi): The conduct of this Tribunal is bringing the rule of law into disrepute: exceptional circumstances.

68. In *Harold the Mortgage Closer Inc. v. Ontario* (Financial Services Regulatory Authority, Chief Executive Officer), 2024 ONSC 446 [103], this ONSC found: **"[49] Exceptional circumstances are ones that bring the rule of law into disrepute which goes beyond breaching procedural fairness or even acting without jurisdiction: *Dagré*, at para. 35."**

VOLUME # #4(III)(E)(vii): Risk of repeating proceedings and potential prejudice

69. **Referring to the exceptions to the prematurity doctrine, which are analyzed when interlocutory relief is challenged by way of judicial review which has no applicability herein, "…It will only be permitted in rare cases where the *potential* prejudice of the risk of repeating proceedings after review" (see: *Lourenco*[104]). This JRPA Application will be repeated if the prematurity doctrine and arguments of the Tribunal are accepted.**

VOLUME # #4(III)(E)(viii): Broader implications, Test Cases and Concurrent Jurisdiction

70. **In *London District Catholic School Board v. Weilgosh*, 2024 ONSC 3857[105], the concepts of broader implications and test cases caused the ONSC to hear the judicial review even on an interim order, which the VCM Decisions are not, before the conclusion of that proceeding. Even more forcefully, the issues herein are even more important because they will determine a *Reg 283* and *SABS* issue in a "test case" where they have not been decided before against the backdrop of some alarming issues involving this Tribunal which appear to be related to previous concerns about this Tribunal. This outcome and decision herein have broad implications for insured persons with various insurance companies in any "insurance group" and whether there is a systemic issue involving providing false contact information, which may or may not involve intentional breaches, and may be merely a technological error like the "four insurance companies" had in the FSRA Enforcement Decisions for SNIC[106], TDGIC[107], Primmum[108], and TDHA[109]. Nonetheless, it must be addressed forthwith before further prejudice occurs to the public.**

659

VOLUME #5: Conclusion and Orders Sought

VOLUME #5(A): Why the prematurity doctrine has no applicability

71. History cannot repeat itself and the JRPA Applicant is acting not only in relation to "final orders" but in accordance with the "rule of law" and being pre-emptive by filing this factum and asking, with great respect and appreciation, for an urgent hearing. The obvious 'devil's advocate' position to the JRPA Applicant's submissions regarding being technically correct in following *Reg 283*, which dovetails with SABS and Reg 664, is that SNIC will claim that it will be bound by any decision of the Tribunal and not advance any positions contrary to the same or at the "11th hour". However, there is nothing, with the findings in the impugned orders and decisions of VCM on September 12, 2024, (contrary to the September 6, 2024 inscription), to take the position that it [SNIC] is not obligated to respond and pay benefits pursuant to *SABS* because it was NOT the "First Insurer". There is also nothing that would preclude SNIC from doing so after the Hearing Proper and prior to the issuance and release of a decision of the Tribunal in relation to the Hearing Proper as the Tribunal would not be *functus officio* until that time. SNIC could seek leave post Hearing Proper and advance that argument all while relying on the finding, god willing such a finding would not be issued by this ONSC Divisional Court, that the JRPA Application was premature. It would then leave the Applicant with no recourse regarding the final orders to NOT add TDHA as the First Insurer and not only no effective remedy against insurance companies within the TDI Group but no insurance company with a duty to respond and pay any benefits. In effect, it would be a return to the unlawful *status quo* where the Applicant communicates with the purported adjusters for SNIC and they do not respond to him despite the digital communication protocol that was consummated by consent between SNIC and the Applicant on January 23, 2024.

VOLUME #5(B): Preliminary Orders

72. With great respect and appreciation for the ONSC's time on this matter, the Applicant seeks, by way of this factum, the following orders on a preliminary basis: (a) Striking Nieuwland Purported NOA on behalf of three insurance companies; (b) An order that the Applicant is entitled to be heard on the issue of leave before a single justice of the ONSC

(160

at the earliest opportunity of this ONSC and prior to January 15, 2025; and (c) An Order dispensing with the need for any case management conference.

VOLUME #5(C): Public Interest Remedies: Declarations Of Law

73. The Applicant seeks the following public interest remedies, orders, declarations or findings for the benefit of the public along with this ONSC solidifying the required stability and uniformity involving *Reg 283*, which the Applicant respectfully seeks an endorsement or finding of the same, are the following syllogisms for accidents post September 1, 2010:

a. A **Declaration of Law** that there cannot be any binding agreement, at law, between a First Insurer and another insurer or insurer(s), where an insured person has not received notice from the First Insurer (see: section 3(1));
b. A **Declaration of Law** that there cannot be any binding agreement, at law, between a First Insurer and another insurer or insurer(s), where an insured person has not *selected* the First Insurer (see: section 7(2) of *Reg 283*);
c. A **Declaration of Law** that there cannot be any binding agreement, at law, between a First Insurer and another insurer or insurer(s), at first instance or subsequent, under *Reg 283* if the insured person, in her capacity as an Applicant having sent a Completed Application that was received by an insurer, making said insurer the "First Insurer", did not receive a notice of dispute or transfer pursuant to *Reg 283*;;
d. A **Declaration of Law** that there cannot be any binding agreement between a First Insurer and another insurer or insurer(s), at first instance or subsequent, under *Reg 283* if the insured person, in her capacity as an Applicant having sent a Completed Application that was received by an insurer making said insurer the "First Insurer", objected to any transfer of her claim pursuant to section 5(1) of *Reg 283* and said "agreement" was made without the consent of the insured person applicant who has seen and read the agreement;
e. A **Declaration of Law** that there cannot be any binding agreement, at law, between a First Insurer and another insurer or insurer(s), at first instance or subsequent, under *Reg 283* if the insured person, in her capacity as an Applicant having sent a Completed Application that was received by an insurer making said insurer the "First Insurer", where:
    i. an insured person has received notice of the potential transfer of the claim by the First Insurer to another insurer or insurers, the insured person has objected to the transfer within 14 days of receiving notice, received a copy of the proposed agreement, objected to said proposed agreement and has initiated arbitration within 14 days of being notified of an agreement under the *Arbitration Act, 1991* (see: section 7(2) of *Reg 283*);
f. A **Declaration of Law** that there cannot be any binding agreement, at law, between a First Insurer and another insurer or insurer(s), where an insurer does NOT commence or initiate arbitration within one year after the day the insurer paying

benefits gives a section 3 notice to the other insurers and, by corollary, a section 4 notice to the insured person applicant (see: section 7(4)); and

g. A **Declaration of Law** that there cannot be any binding agreement, at law, between a First Insurer and another insurer or insurer(s), whereby the insurer paying benefits was not the First Insurer if the First Insurer does not give notice in accordance with section 3(1) of *Reg 283* because the First Insurer is bound by its failure to give a section 3 notice to every other insurer because even if the First Insurer does so, section 4 requires a more formal notice under section 4 in the requisite form (A143).

VOLUME #5(D): Judicial Review Final Orders vis-à-vis Ms McLean and TDHA

74. The Applicant seeks the following final orders:

1. An order quashing, in the nature of certiorari, and setting aside the **VCM Decision**;
2. An order quashing, in the nature of certiorari, and setting aside the **VCL Reconsideration Decision**;
3. An order granting the Applicant's orders sought, stylized as #1 and #3 in his NOM #14 (see: page 12 of the **Application Record**);
4. Costs in favour of the Applicant in NOM #14 and #15 against the then sole respondent in SNIC and fixed at $2,000;
5. Costs in favour of the Applicant in this ***JRPA Proceeding*** against any of the respondents herein that oppose the relief herein;
6. Such other further relief that this Honourable Court may grant pursuant to its inherent jurisdiction; and
7. Leave to the Applicant to file and serve any further documents, including amended submissions, that arise from the above or become known to him and/or based upon any agreement or order regarding the filing of the record of proceeding.

VOLUME #5(E): A full answer to the prematurity doctrine by way of legal bases

75. Lastly, there is a full answer to why the issue of who the First Insurer was and is, and who the correct liable and obligated respondent party must be and that is section 56 of SABS:

> **"Time limit for proceedings**
> **56.** An application under subsection 280 (2) of the Act in respect of a benefit shall be commenced within two years after the insurer's refusal to pay the amount claimed. O. Reg. 44/16, s. 6."

662

76. The LAT Appeal (a section 280(2) of the Insurance Act 'Application') was filed and served on the TDHA Fax Number, albeit unbeknownst to the Applicant as being the TDHA Fax Number, on December 24, 2023. SNIC filed its Response on January 25, 2024. VCM could not have reviewed the pleadings because she would have known by both pleadings that it was NOT the Applicant's Insurance Policy.

77. In *R.M. v CAA Insurance*, 2020 CanLII 94775[110], Vice Chair Shapiro found in relation to section 56 of the Schedule:

> "[5] Section 56 of the *Schedule* provides that an application to dispute a denial of a benefit must be commenced within two years of the insurer's refusal to pay. Section 64 allows the denial notice to be sent by regular mail or faxed to an insured's lawyer. Once a proper denial has been properly sent, if an insured does not appeal within that period, the Tribunal can not hear it as it is "time-barred".

78. This, in turn, makes the precise point that SNIC, at least prima facie, has sent "denial letters" to the Applicant but TDHA has not. Parenthetically, TDGIC never sent a denial letter to the Applicant which was the Applicant's primary reason for continuing to seek the relief to substitute SNIC for TDGIC – not the unsupported findings of VCM. Therefore, the "record of proceeding" will be unequivocally different between SNIC and TDHA. It is not merely a "cosmetic difference" but a substantive one.

79. All of which is respectfully submitted to the ONSC (Div. Ct.) at first instance on Tuesday, December 10, 2024:

Mr. Kevin A. McLean (B.A. J.D., CIM)
Self-represented, the Applicant herein

663

APPENDICES OF THE JRPA APPLICANT'S FACTUM

604

APPENDIX #1: Errors in VCM Decision as referenced by NOM #18 in the NOM #18 Motion Form and Schedule Thereto

The Appellant seeks the following orders as follows pursuant to section 21.4 of the *SPPA* (but not LAT Rule 17) by way of strikethrough for deleting the word therein and underlining for proposed additions in substantially the same form:

a. **An Order correcting the "date of the order" from September 6, 2024 to September 13, 20242;**

b. **An Order correcting paragraph 2 from "was issued to the parties" to the following in substance "was issued to the Appellant and TDGIC, which was and is a non-party pursuant to the retroactive nature of my order issued on June 20, 2024, and released on June 21, 2024. As a parenthetical note, the Appellant sought clarification of my order in relation to this NOM #8 to confirm that the retroactive nature of the ordered changes from TDGIC to SNIC only related to documents and orders issued by the Tribunal and not those of TDGIC from January 30, 2024, to June 21, 2024. I confirmed the same in my reasons for decision in relation to the Appellant's order seeking clarification, which was his NOM #10;**

c. **An Order correcting paragraph #2, sentence #2: [this is corrected by the change above in Order #2];**

d. **An Order correcting paragraph #3 to: from "on consent of the parties" to "by TDGIC not opposing the relief sought in NOM #8 (except costs) and the Appellant proceeding with his motion unopposed";**

e. **An Order correcting paragraph #5 as follows in substance: [to be consistent between sentence #1 and sentence #2 as sentence #1 references twelfth, thirteenth, and fourteenth and sentence #2 references "NOM #13, NOM #14, and NOM #15"];**

f. **An order correcting the *"similar error" [technical deficiency error]*, in the form of incorrect language, at paragraph 12, as submissions are not affidavit evidence. Further, an order specifically correcting paragraph 12, sentence #2, from "He submits that he made demands..." to "He swore affidavit evidence that he made demands upon TDHA and exhibited the emails he sent to TDGIC along with filing a certificate of service that delivered the hearing brief, which was indexed, tabulated and consecutively numbered pursuant to *LAT Rule 9.4.5.*, on July 11, 2024. As the Tribunal did not provide TDGIC with an opportunity for submissions, contrary to LAT Rule 9 2.2., the Tribunal did not have the benefit of any written submissions, affidavit evidence or authorities."**

g. **An order correcting paragraph #18 as follows with the inclusion of the technically correct language and facts: was TDGIC. While TDGIC was the**

665

respondent party at the time, the effect of my order on June 6, 2024, operated retroactively.

h. An order correcting paragraph #19 as follows: removing sentence #1 and replacing with the language in the underlying hearing brief and record at the time "The reasons that SNIC was required to be the sole respondent party, as cited in NOM #8, were not only because of the Appellant's reasons but compliance with the *SPPA*, *SABS*, *Reg 283*, FSRA requirements, LATA, consistency with the *LAT Rules* and others.

i. An Order that **paragraph 22**, sentence #1 is corrected as follows: "TD Insurance letterhead" to "TD Insurance Meloche Monnex letterhead" with the return address of 200-101 McNabb Street, Markham, Ontario"

j. An Order that **paragraph 22, sentence #3** is removed in its entirety in favour of the facts within the record of proceeding as follows in substance with the below:

i. Within the filed Appeal, the Appellant utilized the definition of TD SNIC. While the Appellant could not input the entirety of TD Insurance Meloche Monnex (Security National Insurance Company), he used TD Insurance with the definition of "TD SNIC" within the pleading for further specification. Attached to his pleading with the required
listed key documents were four pre-pleading affidavits that all referenced TD SNIC, which contained the "Denial Letters" therein.

ı. On December 24, 2023, the Appellant served the Appeal to the fax number provided to him by SNIC in September 2022, which was 416.774.3120. The said fax number is grounded and wired to the building located at 3650 Victoria Park Avenue, North York, Toronto, Ontario. The Appellant was unaware that said fax number was not that of SNIC Markham. Whichever insurance company was so located on the 4th floor of the Victoria Park Building at the time of October 13, 2022, was served with the Appeal.

ii. On January 3, 2024, the Appellant filed his NOM #1 with the Tribunal.

iii. On January 8, 2024, the Appellant filed his NOM #2 with the Tribunal. On the same day, the Appellant received communications from one Mr. Josh Grant, case manager, of the LAT/AABS requesting that the Appellant provide copies of the denial letters that he had received in relation to his TD Claim #3 and LAT Proceeding. The Appellant did so on January 8, 2024, which contained denials letters exclusively from SNIC at its alleged offices of SNIC Markham and the Burlington Office Building (absent a floor number). The denial letters that the Appellant provided were already contained within the pre-pleading affidavits that particularized the key documents for the Appeal.

iv. On January 14, 2024, the Appellant filed NOM #3.

v. In each of the three motions denoted above, the Appellant denoted the respondent as "TD Insurance Meloche Monnex" (Security National Insurance Company).

vi. On January 16, 2024, Vice-Chair Lake issued written reasons for decision in all three motions, without the party receiving any notice of the written hearings, section 6, declining to decide the same. In Vice Chair Lake's order, she even references TD SNIC but continued with the finalization of her reasons for decision with TDGIC as the Respondent.

vii. For context as to how TD General Insurance Company became the sole respondent on January 8, 2024, in the LAT/AABS system, when Mr. Josh Grant, case manager for the SNIC Proceeding, was assigned to the same, Mr. Grant emailed the Appellant, Mr. Nieuwland, who was then counsel to TDGIC, and Mr. Karat, ADR Specialist to SNIC, on May 6, 2023, in response to the Appellant's May 6, 2024, email requesting, *inter alia*, copies of the documents and information as it relates to who provided the Tribunal with information regarding TDGIC on or around the deadline for filing a Response to the Appellant's Appeal. The Appellant's query arose after May 2, 2024, at the combined case conference and set hearings for his NOM #4 and NOM #6, when he objected, prior to and during the case conference, to TDGIC being the sole respondent or a respondent at all as it was never disclosed to him as an insurance company; it was not the underwriter in the Appellant Spouse's insurance policy, that had any duties in relation to his TD Claim #3. Moreover, the Appellant needed to know the information because *SABS* requires the insurance company that refused to pay any amounts claimed for benefits or any refusal seeking increased benefits to be named (see: section 56 of *SABS*3). Mr. Grant kindly noted that the Appellant did list TD Insurance as the Respondent but mistakenly stated that the denial letters the Appellant filed also referenced only TD Insurance when the denial letters bore the two trademarks of "TD Insurance Meloche Monnex" and the return address of Security National Insurance Company (see: affidavit #38, Exhibit "A" pages 31 to 45). Mr. Grant's explanation was that, after receiving the denial letters, which did not reference "TD Insurance" (or TD General Insurance Company), that the information, in his view, provided in the Appeal, plus pre-pleading listed and attached documents, provided him with only two options for entry of the respondent party insured, when SNIC was in the upper-right hand corner of each document along with the author being "TD Insurance Meloche Monnex", in: (i) TD General Insurance Company; or (ii) TD Home And Auto Insurance Company.

viii. Mr. Grant noted that "If there was a concern that the Security National Insurance Company, not TDGIC, being named as the Respondent party, please advise if the parties agree that a
change should be made. The Appellant sought TDGIC's consent, but it did not respond. It was not until after the Appellant found the FSRA enforcement decisions and Mr. Nieuwland's representation of SNIC in the Syed Decisions, could he disprove Mr. Nieuwland's representations that SNIC and TDGIC were one and the same and "this is how they always do it" [in relation to SNIC being the sole underwriter, responding insurance company *et al* and then TDGIC becoming the sole respondent]. The Appellant again sought the consent of TDGIC when he obtained the FSRA's confirmation that he could obtain status certificates at a cost for expedited receipt. TDGIC did not respond. It was not until after some six months of TDGIC refusing to be removed as the sole Respondent, and SNIC not responding to the overtures to be the sole respondent and opposing relief from the Appellant in motions and unlawfully appearing as the sole respondent at the case conference, that TDGIC, through Mr. Nieuwland confirmed in writing on June 6, 2024, that it would not oppose the Appellant's relief sought in NOM #8. The Appellant obtained those status certificates on June 19, 2024, and filed them

667

with the Tribunal. On June 21, 2024, with a litany of reasons as to why SNIC was required to be the respondent instead of TDGIC, as TDHA was unknown to the Appellant, NOM #8 was granted in the Appellant's favour.

k. An Order that paragraph 23,

> ix. sentence #1 is corrected from "Respondent's counsel" to "current respondent's counsel and former counsel to TDGIC", from "noting that he was representing the insurer "TDGIC" to "declaring that he was representing the insurer "TDGIC" but only after Mr. Karat, the ADR Specialist, who represented to the Appellant, on January 23, 2024, via email, with Mr. Nieuwland copied as "counsel", that he was assigned to be the ADR and representing the Security National Insurance Company, and then on January 25, 2024, Mr. Karat signed and filed the Response for SNIC ("SNIC Response") whilst serving the Appellant;
> x. sentence #2 is corrected by the removal of the entire sentence with the facts as above in substance subject to the writing style of Vice Chair or an adjudicator;

l. An Order that paragraph 24 is corrected to the following:

i. Sentence #2: removing the entire sentence and adding the following, "Consistent with the documents, the Appellant refuted Mr. Nieuwland's misrepresentations4 that SNIC and TDGIC were "one and the same" and that TD Insurance Staff Legal always substituted or changed the identity of TDGIC for SNIC in LAT proceedings, which was counter to the very representations Mr. Nieuwland made representing SNIC in those *Syed Decisions* in LAT file number:
ii. Sentence #4: changing the following from "dated June 20, 2024, and released the following day on Friday, June 21, 2024,"5 and from "on consent of the respondent" to "by email dated June 6, 2024, TDGIC, through Mr. Nieuwland, confirmed it [TDGIC] would not oppose the relief sought";
m. An Order the following sentences in paragraph #27 are amended as follows:
i. Sentence #2: changing from "The initial respondent, TDGIC, and the current respondent, SNIC accepted priority over the applicant's spouse's insurance policy"
n. An Order that the following paragraph 35, sentence two is amended as follows:
i. From "curtail" to "circumvent";6; and

668

APPENDIX #2: REG 283

ONTARIO REGULATION 283/95

DISPUTES BETWEEN INSURERS

Last amendment: 126/19.

This Regulation is made in English only.

0.1 In this Regulation,

"application" means an application for accident benefits (OCF-1) approved by the Superintendent for the purposes of the *Schedule*;

"benefits" means statutory accident benefits as defined in subsection 224 (1) of the Act;

"completed application" means a completed and signed application,

"Fund" means the Motor Vehicle Accident Claims Fund continued under subsection 2 (1) of the *Motor Vehicle Accident Claims Act*;

"*Schedule*" means, in respect of an accident, the *Statutory Accident Benefits Schedule* as defined in subsection 224 (1) of the Act that applies in respect of the accident. O. Reg. 38/10, s. 1.

1. All disputes as to which insurer is required to pay benefits under section 268 of the Act shall be settled in accordance with this Regulation. O. Reg. 283/95, s. 1.

2. (1) The first insurer that receives a completed application for benefits is responsible for paying benefits to an insured person pending the resolution of any dispute as to which insurer is required to pay benefits under section 268 of the Act. O. Reg. 283/95, s. 2.

(2) Subsection (1) applies in respect of benefits that may be payable as a result of an accident that occurs before September 1, 2010. O. Reg. 38/10, s. 2.

2.1 (1) This section applies in respect of benefits that may be payable as a result of an accident that occurs on or after September 1, 2010. O. Reg. 38/10, s. 3.

(2) An insurer shall promptly provide an application and any other appropriate forms in accordance with the *Schedule* to an applicant who notifies the insurer that he or she wishes to apply for benefits. O. Reg. 38/10, s. 3.

(3) The application provided by the insurer must include the insurer's name, mailing address and telephone and facsimile numbers. O. Reg. 38/10, s. 3.

(4) The applicant shall use the application provided by the insurer and shall send the completed application to only one insurer. O. Reg. 38/10, s. 3.

(5) An insurer that provides an application under subsection (2) to an applicant shall not take any action intended to prevent or stop the applicant from submitting a completed application to the insurer and shall not refuse to accept the completed application or redirect the applicant to another insurer. O. Reg. 38/10, s. 3.

(6) The first insurer that receives a completed application for benefits from the applicant shall commence paying the benefits in accordance with the provisions of the *Schedule* pending the resolution of any dispute as to which insurer is required to pay the benefits. O. Reg. 38/10, s. 3.

(7) An insurer that fails to comply with this section shall reimburse the Fund or another insurer for any legal fees, adjuster's fees, administrative costs and disbursements that are reasonably incurred by the Fund or other insurer as a result of the non-compliance. O. Reg. 38/10, s. 3.

(8) In subsection (7),

"insurer" does not include the Fund. O. Reg. 38/10, s. 3.

3. (1) No insurer may dispute its obligation to pay benefits under section 268 of the Act unless it gives written notice within 90 days of receipt of a completed application for benefits to every insurer who it claims is required to pay under that section. O. Reg. 283/95, s. 3 (1).

(1.1) If the dispute relates to an accident that occurred on or after September 1, 2010, a notice required under subsection (1) must also be given to the Fund if the insurer claims the Fund is required to pay benefits. O. Reg. 38/10, s. 4.

(2) An insurer may give notice after the 90-day period if,

(a) 90 days was not a sufficient period of time to make a determination that another insurer or insurers is liable under section 268 of the Act; and

(b) the insurer made the reasonable investigations necessary to determine if another insurer was liable within the 90-day period. O. Reg. 283/95, s. 3 (2).

(2.1) If the dispute relates to an accident that occurred on or after September 1, 2010, the Fund may give a notice under subsection (1) after the 90-day period and is not required to comply with subsection (2). O. Reg. 38/10, s. 4.

(3) The issue of whether an insurer who has not given notice within 90 days has complied with subsection (2) shall be resolved in an arbitration under section 7. O. Reg. 283/95, s. 3 (3).

3.1 (1) This section applies to disputes relating to accidents occurring on or after September 1, 2010. O. Reg. 38/10, s. 5.

(2) Before giving a notice to the Fund under section 3, an insurer must,

(a) complete a reasonable investigation to determine if any other insurer or insurers are liable to pay benefits in priority to the Fund; and

(b) provide particulars to the Fund of the investigation and the results of the investigation. O. Reg. 38/10, s. 5.

670

4. (1) An insurer that gives notice under section 3 shall also give notice to the insured person using a form approved by the Chief Executive Officer. O. Reg. 283/95, s. 4; O. Reg. 305/98, s. 1; O Reg. 126/19, s. 2.

(2) Despite subsection (1), if the insurer that gives notice under section 3 is the Fund, no notice shall be given to the insured person under subsection (1). O. Reg. 38/10, s. 6.

5. (1) An insured person who receives a notice under section 4 shall advise the insurer paying benefits in writing within 14 days whether he or she objects to the transfer of the claim to the insurers referred to in the notice. O. Reg. 283/95, s. 5 (1).

(2) If the insured person does not advise the insurer within 14 days that he or she objects to the transfer of the claim, the insured person is not entitled to object to any subsequent agreement or decision to transfer the claim to the insurers referred to in the notice. O. Reg. 283/95, s. 5 (2).

(3) Subject to subsection 7 (5), an insured person who has given notice of an objection is entitled to participate as a party in any subsequent proceeding to settle the dispute and no agreement between insurers as to which insurer should pay the claim is binding unless the insured person consents to the agreement or 14 days have passed since the insured person was notified in writing of an agreement and the insured person has not initiated an arbitration under the *Arbitration Act, 1991*. O. Reg. 283/95, s. 5 (3); O. Reg. 38/10, s. 7.

6. (1) The insured person shall provide the insurers with all relevant information needed to determine who is required to pay benefits under section 268 of the Act. O. Reg. 283/95, s. 6.

(2) Upon request by the first insurer that receives a completed application for benefits, the insured person shall submit to one examination under oath for the purpose of determining who is required to pay benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

(3) No other insurer is entitled to require the insured person to submit to an examination under oath for the purpose of determining who is required to pay benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

(4) The scope of the examination under oath is limited to matters that are relevant to determining who is required to pay benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

(5) The insured person is entitled to be represented at his or her own expense at the examination under oath by such counsel or other representative of his or her choice as the law permits. O. Reg. 16/13, s. 1.

(6) The insurer shall make reasonable efforts to *Schedule* the examination under oath for a time and location that are convenient for the insured person and shall give him or her reasonable advance notice of the following:

1. The date and location of the examination.

2. The insured person's entitlement to be represented in the manner described in subsection (5).

3. The reason for the examination.

671

4. The fact that the scope of the examination is limited to matters that are relevant to determining who is required to pay statutory accident benefits under section 268 of the Act. O. Reg. 16/13, s. 1.

7. (1) If the insurers cannot agree as to who is required to pay benefits, the dispute shall be resolved through an arbitration under the *Arbitration Act, 1991* initiated by the insurer paying benefits under section 2 or 2.1 or any other insurer against whom the obligation to pay benefits is claimed. O. Reg. 38/10, s. 8.

(2) If an insured person was entitled to receive a notice under section 4, has given a notice of objection under section 5 and disagrees with an agreement among insurers that an insurer other than the insurer selected by the insured person should pay the benefits, the dispute shall be resolved through an arbitration under the *Arbitration Act, 1991* initiated by the insured person. O. Reg. 38/10, s. 8.

(3) The arbitration may be initiated by an insurer or by the insured person no later than one year after the day the insurer paying benefits first gives notice under section 3. O. Reg. 38/10, s. 8.

(4) Despite subsection (3), the arbitration may be initiated by the Fund at any time before or after the expiry of the time limit set out in subsection (3) if the Fund is paying benefits in respect of an accident that occurred on or after September 1, 2010. O. Reg. 38/10, s. 8.

(5) No insured person is entitled to initiate or participate as a party to an arbitration under this section if the insurer paying benefits is the Fund. O. Reg. 38/10, s. 8.

(6) If the dispute relates to an accident that occurred on or after September 1, 2010, the failure of an insurer other than the Fund to comply with section 2.1 or 3.1 may be the subject of a special award made by the arbitrator. O. Reg. 38/10, s. 8.

8. (1) Except as provided in this Regulation, the *Arbitration Act, 1991* applies to an arbitration under this Regulation. O. Reg. 283/95, s. 8 (1).

(2) The following rules apply with respect to an arbitration of a dispute relating to an accident that occurs on or after September 1, 2010:

1. If an insurer to whom a notice to initiate arbitration is delivered does not respond to the notice within 30 days, the insurer is deemed to have accepted the jurisdiction of the arbitrator proposed in the notice.

2. A pre-arbitration hearing must be *Scheduled* and take place no later than 120 days after the appointment of the arbitrator.

3. Subject to paragraph 4, once a date for the arbitration is *Scheduled*, the arbitration must be conducted on that day.

4. The arbitrator may grant an adjournment on such terms as the arbitrator considers appropriate, but only if there is cogent and compelling evidence of the reasons why the hearing cannot proceed on the *Scheduled* day.

672

5. Unless consented to by all parties, the hearing of the arbitration must be completed within two years after the commencement of the arbitration. O. Reg. 38/10, s. 9.

(3) The decision of an arbitrator made under this Regulation must be made public. O. Reg. 38/10, s. 9.

(4) If the decision relates to an accident that occurred on or after September 1, 2010, the decision must be made public,

(a) by the insurer that the arbitrator finds to be liable to pay the benefits; and

(b) in a manner and form specified by the Chief Executive Officer. O. Reg. 38/10, s. 9; O. Reg. 126/19, s. 2.

9. (1) Unless otherwise ordered by the arbitrator or agreed to by all the parties before the commencement of the arbitration, the costs of the arbitration for all parties, including the cost of the arbitrator, shall be paid by the unsuccessful parties to the arbitration. O. Reg. 283/95, s. 9 (1).

(2) The costs referred to in subsection (1) shall be assessed in accordance with section 56 of the *Arbitration Act, 1991*. O. Reg. 283/95, s. 9 (2).

10. (1) If an insurer who receives notice under section 3 disputes its obligation to pay benefits on the basis that other insurers, excluding the insurer giving notice, have equal or higher priority under section 268 of the Act, it shall give notice to the other insurers. O. Reg. 283/95, s. 10 (1).

(2) This Regulation applies to the other insurers given notice in the same way that it applies to the original insurer given notice under section 3. O. Reg. 283/95, s. 10 (2).

(3) The dispute among the insurers shall be resolved in one arbitration. O. Reg. 283/95, s. 10 (3).

11. References in this Regulation to a form approved by the Chief Executive Officer are deemed to include the last form approved by the Superintendent for the purposes of the relevant provision prior to the day section 22 of *Schedule* 13 to the *Plan for Care and Opportunity Act (Budget Measures), 2018* came into force until the Chief Executive Officer approves a subsequent form for the purposes of the relevant provision. O. Reg. 126/19, s. 1.

673

APPENDIX #3: THE SCHEDULE (NOTA BENE: FOCUSED ON THE WORD "RECEIVE" OR "RECEIVES")

Statutory Accident Benefits Schedule, O Reg 34/10, <https://canlii.ca/t/56cm2> retrieved on 2024-12-10

PART VIII
PROCEDURES FOR CLAIMING BENEFITS

General

Notice to insurer and application for benefits

[nota bene: duties of a person – insured person – or potentially insured person]

32. (1) A person who intends to apply for one or more benefits described in this Regulation shall notify the insurer of his or her intention no later than the seventh day after the circumstances arose that give rise to the entitlement to the benefit, *or* as soon as practicable after that day. O. Reg. 34/10, s. 32 (1).

[Nota bene: Duties of the First Notified Insurer]

(2) The insurer shall promptly provide the person with,

(a) the appropriate application forms;

(b) a written explanation of the benefits available;

(c) information to assist the person in applying for benefits; and

(d) information on the election relating to income replacement, non-earner and caregiver benefits, if applicable. O. Reg. 34/10, s. 32 (2).

(3) If an insurer that is subject to a Guideline referred to in subsection 64 (7) determines, acting reasonably, that there is a likelihood that the person may, in connection with the accident, deliver one or more documents referred to in that subsection, the insurer shall provide the following information to the central processing agency referred to in that subsection:

1. The name, address, gender and date of birth of the person.

2. The date of the accident.

3. Particulars of the automobile insurance policy under which the person asserts he or she is entitled to a benefit or benefits, including,

674

i. the name of the insurer,

ii. the policy number, and

iii. the name of the person to whom the policy was issued.

4. The claim number assigned by the insurer.

5. Any other information reasonably required by the central processing agency to enable it to carry out its obligations to the insurer under this Regulation. O. Reg. 34/10, s. 32 (3)

(4) An insurer's obligation to provide the information referred to in subsection (3) may be discharged by,

(a) providing the information to the central processing agency: or

(b) confirming, correcting or supplementing the information previously provided to the central processing agency. O. Reg. 34/10, s. 32 (4).

[Nota bene: duties of the applicant submitting a completed application within 30 days after receipt of application forms]

(5) The applicant shall submit a completed and signed application for benefits to the insurer within 30 days after receiving the application forms. O. Reg. 34/10, s. 32 (5).

[Nota bene: Duties of the First Insurer]

(6) If an insurer receives an incomplete or unsigned application, the insurer shall notify the applicant within 10 business days after receiving the application and shall advise the applicant of the missing information that is required or that the applicant's signature is missing, as appropriate. O. Reg. 34/10, s. 32 (6).

(7) The insurer shall not give a notice under subsection (6) unless,

(a) the insurer, after a reasonable review of the incomplete application, is unable to determine, without the missing information, whether a benefit is payable; or

(b) the application has not been signed by the applicant. O. Reg. 34/10, s. 32 (7).

(8) If subsection (6) applies in respect of an incomplete application, no benefit is payable before the applicant provides the missing information or signs the application, as the case may be. O. Reg. 34/10, s. 32 (8).

(9) If an applicant is required by an insurer to submit an additional application in respect of a benefit that the applicant is receiving or may be eligible to receive, the applicant shall submit the additional application to the insurer within 30 days after receiving the additional application forms from the insurer. O. Reg. 34/10, s. 32 (9).

(10) Despite any shorter time, limit in this Regulation, if an applicant fails without a reasonable explanation to notify an insurer under subsection (1) within the time required under that subsection,

675

the insurer may delay determining if the applicant is entitled to a benefit and may delay paying the benefit until the later of,

(a) 45 days after the day the insurer receives the completed and signed application; or

(b) 10 business days after the day the applicant complies with any request made by the insurer under subsection 33 (1) or (2). O. Reg. 34/10, s. 32 (10).

Claim for Income Replacement Benefit, Non-Earner Benefit, Caregiver Benefit or Payment for Housekeeping or Home Maintenance Services

Application

36. (1) In this section and section 37

(4) Within 10 business days after the insurer receives the application and completed disability certificate, the insurer shall,

(a) pay the specified benefit;

(b) give the applicant a notice explaining the medical and any other reasons why the insurer does not believe the applicant is entitled to the specified benefit and, if the insurer requires an examination under section 44 relating to the specified benefit, advising the applicant of the requirement for an examination; or

(c) send a request to the applicant under subsection 33 (1) or (2). O. Reg. 34/10, s. 36 (4).

(5) If the insurer sends a request to the applicant under subsection 33 (1) or (2), the insurer shall, within 10 business days after the applicant complies with the request,

(a) pay the specified benefit; or

(b) give the applicant a notice described in clause (4) (b). O. Reg. 34/10, s. 36 (5).

(6) If the insurer fails to comply with subsection (4) or (5) within the applicable time limit, the insurer shall pay the specified benefit for the period starting on the day the insurer received the application and completed disability certificate and ending, if the insurer subsequently gives a notice described in subsection (4) (b), on the day the insurer gives the notice. O. Reg. 34/10, s. 36 (6).

(7) If the insurer requires the applicant to undergo an examination under section 44, the insurer shall, within 10 days after receiving the report of the examination,

(a) give a copy of the report to the applicant and to the person who completed the disability certificate submitted with the application; and

(b) provide the applicant with a notice indicating the amount, if any, that the insurer agrees to pay in respect of the specified benefit, the amount, if any, the insurer refuses to pay in respect of the

676

specified benefit and the medical and any other reasons for the insurer's decision. O. Reg. 34/10, s. 36 (7).

(8) Within 10 business days after delivering the notice under clause (7) (b), the insurer shall pay the amount, if any, that the insurer agrees to pay in respect of the specified benefit. O. Reg. 34/10, s. 36 (8).

(9) Every income replacement benefit, non-earner benefit or caregiver benefit shall be paid at least once every second week, subject to any prepayment of the benefit by the insurer. O. Reg. 34/10, s. 36 (9).

[Nota bene: Hence, why the Applicant has sworn evidence or submitted that he has never received any IRB as it was required to be paid by TDHA].

[Section 64 of *SABS* not relevant as it relates to that regulation and not *Reg 283*]

677

APPENDIX #4: INSURANCE ACT, SECTIONS 224 AND 268

[SQUARE BRACKETS ARE THE APPLICANT'S]

PART VI
AUTOMOBILE INSURANCE

Interpretation, Part VI

224 (1) In this Part,

"statutory accident benefits" means the benefits set out in the regulations made under paragraphs 9 and 10 of subsection 121 (1); ("indemnités d'accident légales")

Fees and Regulations

Regulations

121 (1) The Lieutenant Governor in Council may make regulations,

9. establishing benefits for the purposes of Part VI that must be provided under contracts evidenced by motor vehicle liability policies and establishing terms, conditions, provisions, exclusions and limits related to such benefits;

10. requiring insurers to offer optional benefits in excess of the benefits that must be provided under paragraph 9 prescribing the circumstances in which the optional benefits are to be offered and establishing terms, conditions, provisions, exclusions and limits related to such benefits;

10.1 prescribing coverages and endorsements in respect of contracts of automobile insurance that insurers or a class of insurers are required to offer, deeming the benefits provided by the coverages and endorsements not to be statutory accident benefits for the purpose of Part VI, and prescribing the circumstances in which the coverages and endorsements shall be offered;

10.2 prescribing rules for interpreting the regulations made under paragraphs 9 and 10 or any provision of those regulations;

10.3 prescribing functions to be performed by a committee appointed under section 7;

10.4 governing the procedure for determining who is liable to pay statutory accident benefits under section 268, including requiring insurers to resolve disputes about liability through an arbitration process established by the regulations and requiring the interim payment of benefits pending the determination of liability;

678

[nota bene: subsection 10.4 is yet another example of how the Legislature provided an extremely broad grant of authority to the LGIC for governing the procedure of determining how insurers are liable to pay *SABS* under section 268 which then dovetails to Reg 263]

Statutory accident benefits

268 (1) Every contract evidenced by a motor vehicle liability policy, including every such contract in force when the *Statutory Accident Benefits Schedule* is made or amended, shall be deemed to provide for the statutory accident benefits set out in the *Schedule* and any amendments to the *Schedule*, subject to the terms, conditions, provisions, exclusions and limits set out in that *Schedule*. 1993, c. 10, s. 26 (1).

Liability to pay

(2) The following rules apply for determining who is liable to pay statutory accident benefits:

1. In respect of an occupant of an automobile,

i. the occupant has recourse against the insurer of an automobile in respect of which the occupant is an insured,

ii. if recovery is unavailable under subparagraph i, the occupant has recourse against the insurer of the automobile in which he or she was an occupant,

iii. if recovery is unavailable under subparagraph i or ii, the occupant has recourse against the insurer of any other automobile involved in the incident from which the entitlement to statutory accident benefits arose,

iv. if recovery is unavailable under subparagraph i, ii or iii, the occupant has recourse against the Motor Vehicle Accident Claims Fund.

Liability

(3) An insurer against whom a person has recourse for the payment of statutory accident benefits is liable to pay the benefits. R.S.O. 1990, c. I.8, s. 268 (3); 1993, c. 10, s. 1.[11]

Choice of insurer

(4) If, under subparagraph i or iii of paragraph 1 ..... of subsection (2), a person has recourse against more than one insurer for the payment of statutory accident benefits, the person, in his or her absolute discretion, may decide the insurer from which he or she will claim the benefits

[nota bene: upon Mr. McLean's discovery of whom the First Insurer (TDHA) was, he, at law, only has recourse against one insurer and that is TDHA per se. To the extent that Mr. McLean has recourse against more than one insurer, it is only the obligation to pay benefits (see: *Beasley* and

679

Jia) which triggers the fiduciary duties owed by an insurance company to him. It would be against his own self-interest, as a matter of law, to choose an insurer which does not have a duty to respond and pay. It is not a matter of contract but a matter of statute and regulations. Moreover, the duties of the insurer that first received the Completed Application are also delineated and detailed in the OCF-1 itself which also dovetail to *PIPEDA*. Mr. McLean has not and is not revoking his consent to TDHA having received the same but that has provided notice to it that it must comply with its obligations therein as a matter of law or "by law" which are under the following: (i) *Insurance Act*; (ii) Legislation Act; (iii) *SPPA*; (iv) *PIPEDA*; and regulations: (i) *Reg 283*; (iii) *SABSs et al*.

Same

(5) Despite subsection (4), if a person is a named insured under a contract evidenced by a motor vehicle liability policy or the person is the spouse or a dependant, as defined in the *Statutory Accident Benefits Schedule*, of a named insured, the person shall claim statutory accident benefits against the insurer under that policy. 1993, c. 10, s. 26 (2); 1999, c. 6, s. 31 (9); 2005, c. 5, s. 35 (13).

Same

(5.1) Subject to subsection (5.2), if there is more than one insurer against which a person may claim benefits under subsection (5), the person, in his or her discretion, may decide the insurer from which he or she will claim the benefits. 1993, c. 10, s. 26 (2).

Same

(5.2) If there is more than one insurer against which a person may claim benefits under subsection (5) and the person was, *at the time* of the incident, an occupant of an automobile in respect of which the person is the named insured or the spouse or a dependant of the named insured, the person shall claim statutory accident benefits against the insurer of the automobile in which the person was an occupant. 1993, c. 10, s. 26 (2); 1999, c. 6, s. 31 (10); 2005, c. 5, s. 35 (14).

[nota bene: There is no dispute that Mr. McLean attempted to claim benefits from SNIC but he nearly did not receive his accident benefits package by an incorrect postal code therein whilst his spouse did receive the same. Moreover, he did *attempt to claim benefits* from SNIC but it was intentional redirection, by way of fax number and potentially address (mailing), to a "different insurance company(ies)"

Payments pending dispute resolution

(8) Where the *Statutory Accident Benefits Schedule* provides that the insurer will pay a particular statutory accident benefit pending resolution of any dispute between the insurer and an insured, the insurer shall pay the benefit until the dispute is resolved. R.S.O. 1990, c. I.8, s. 268 (8); 1993, c. 10, s. 1.

[nota bene: said subsection 268(8) was passed in 1990 and amended in 1993 which predated *Reg 283* in its initial form and certainly well before its "amended form" in 2010. Nonetheless, a breach

of *SABS* and *Reg 283* is legally equivalent in the year of 2024 so said section overrides the above subsections 268(5) as that is a contractual (policy) issue. By the **VCM Decision**, paragraph 27, her finding that TDGIC, as the "initial respondent" [sic] and SNIC accepted priority over the applicant's [sic] insurance policy invokes the analysis of priority and not an insurance policy because priority cannot be decided in relation to an insurance policy per se when there is only one insurer. It certainly cannot add a "party" (i.e. language of "First Party Insurer" under *Reg 664* which is distinct from *Reg 283* with "First Insurer") to a contract WITHOUT the consent of a party to the Insurance Policy. Moreover, while the Applicant was statutorily deemed to have given consideration therefor under the Insurance Policy, the adding of an additional insurance company to a contract would have required the consent of all parties to that contract with "new consideration" or "additional consideration". Therefore, while subsection 2.1 of *Reg 283*, passed in 2010, is more analytically relevant to this *JRPA* Application, TDHA is still obligated to pay the benefits to the Applicant pursuant to section 2(1) of *Reg 283*).

681

APPENDIX #5: Changes to Ontario Regulation 283/95: Disputes Between Insurers
Bulletin No. A-07/10 – Auto Property & Casualtyhttps://www.fsrao.ca/media/7866/download

With this Bulletin, the Financial Services Commission of Ontario (FSCO) is highlighting the recent changes to Ontario Regulation 283/95: Disputes Between Insurers, to ensure compliance by all insurers. The changes are effective September 1, 2010. Background Ontario Regulation 283/95 sets out a mandatory process for private arbitration of all disputes between insurers over which insurer is liable to pay accident benefits to a claimant. This regulation is intended to ensure that claimants receive accident benefits (e.g., medical and income replacement benefits) in a timely fashion while these disputes are being resolved. Ontario Regulation 283/95 was established in 1995 following several years of experience with the no-fault accident benefits system. During the past several years, a number of procedural issues and disputes over the interpretation of Ontario Regulation 283/95 have led to delays in paying claimants' benefits. In addition, the Motor Vehicle Accident Claims Fund (MVACF) has frequently had to get involved to ensure that benefit payments to injured persons were not delayed – even if a private insurer was obliged to make the payments. As part of the automobile insurance reforms which resulted from FSCO's Five Year Review of Automobile Insurance, effective September 1, 2010 Ontario Regulation 283/95 is amended by Ontario Regulation 38/10. These amendments were made to ensure that claims are not deflected and that claimants receive payments without delay in cases where there may be a dispute regarding which insurer is liable to pay statutory accident benefits. Insurers that do not comply with this regulation will be subject to appropriate

Key Regulation Changes 1. Deflection of Applications for Accident Benefits a) Upon request, an insurer must provide a claimant timely access to OCF-1: Application for Accident Benefits (OCF-1 application). (Section 2.1(2)) Individuals who are injured in automobile accidents often contact the insurance company that they believe is liable to pay accident benefits before they complete and send their OCF-1 application to the insurer. In many cases, claimants are not aware of the priority rules that determine which insurer is liable to pay them benefits. The Statutory Accident Benefits *Schedule (SABS)* requires an insurer to provide an OCF-1 application to an injured person who expresses an intention to make a claim for benefits. This requirement is now reinforced by section 2.1(2) of Ontario Regulation 283/95. b) An insurer must not impede claimants from submitting OCF-1 applications or redirect them to other insurers or the MVACF. (Section 2.1(5)) When a claimant first contacts an insurer following an accident, it is not always clear, based on information reported by the claimant, if that insurer is responsible for paying the accident benefits in accordance with the priority rules. It is inappropriate for the insurer to discourage the injured person from filing an OCF-1 application, for example on the grounds that there is no insurance coverage (e.g., due to a cancelled insurance policy), or that there is another insurer to whom the person should make his or her claim Insurers must provide claimants who express an intention to make an accident benefits claim with an OCF-1 application and not direct them to file it with MVACF or another insurer. Section 2.1(5) of Ontario Regulation 283/95 prohibits the deflection of OCF-1 applications. This includes deflection on the grounds that it is not clear which insurer is

682

required to pay accident benefits. c) The first insurer that receives an OCF-1 application must pay accident benefits in accordance with the *SABS*. (Section 2.1(6)) In order to prevent delays in payments, Ontario Regulation 283/95 requires the first insurer that receives a completed OCF-1 application to pay the accident benefits, as long as the claimant meets the requirements of the *SABS*. Although an insurer may believe that it is not responsible for paying accident benefits under the priority rules, the process to transfer, dispute and recover paid benefits is set out in Ontario Regulation 283/95. d) An insurer that fails to comply with this section will reimburse the MVACF or another insurer all related legal fees, administrative costs and disbursements. (Section 2.1(7) Section 2.1 (7) has been added to Ontario Regulation 283/95 to confirm the ability to recover costs incurred by the MVACF or an insurer in the administration of a claim (including adjusting costs) from the non-compliant insurer. 2. Definitions of "First Insurer" and "Completed Application" Several amendments are intended to provide clarity on issues that have arisen since the release of Ontario Regulation 283/95 in 1995; such as what is a "first insurer" and "completed application". a) A "completed application" is defined as a completed and signed OCF-1 application. (Section 0.1) b)The insurer that first receives a completed OCF-1 application is the "first insurer" for the purposes of Ontario Regulation 283/95. (Section 2.1(6)) A "first insurer" may not refuse to respond to the application on the basis that the application is not from an "insured person", or that there was no relevant policy in place on the date of the accident (e.g., the insurance policy was cancelled, expired or never existed). c) The applicant shall complete the OCF-1 application that is provided by the insurer and send it to only one insurance company. (Section 2.1(4)) Claimants are required to submit a completed OCF-1 application to only one insurer. This is intended to avoid potential disputes over which insurer first received a completed application, rather than creating confusion by submitting OCF-1 applications to more than one insurer. 3. Time Limitations for Notifying Other Insurers of Liability a) Before initiating a dispute against the MVACF, an insurer is required to complete a reasonable investigation to determine if any other insurer(s) is/are liable to pay benefits in priority to the MVACF and provide the MVACF with the particulars and results of the investigation. (Section 3.1(2)(a) and (b)) Section 3 of Ontario Regulation 283/95 provides the first insurer 90 days from the receipt of the completed application to conduct a reasonable investigation. This time frame allows the insurer to conduct an investigation to determine whether another insurer is liable to pay benefits, and to deliver written notice to other insurers if it believes they are liable to pay for accident benefits under the priority rules. Ontario Regulation 283/95 provides an extension beyond 90 days only if the first insurer has made reasonable investigation of the claim but cannot reach a decision within the 90-day period. Section 3.1 requires an insurer that wishes to put the MVACF on notice of a dispute to first complete a reasonable investigation and provide the results of the investigation to the MVACF.

Due to the unique nature of the claims that are submitted directly to the MVACF, in many cases another policy is discovered only after an extended period of investigation. As a result, this time limit does not apply to OCF-1 applications that are submitted first to the MVACF. (Section 3(2.1)) To facilitate the early resolution of disputes between insurers, a dispute about which insurer is responsible

for payments must go to arbitration within one year of providing notice to the other insurer. See section 7 for the specific rules that need to be followed. Enforcement Note that in addition to

693

sections 2.1(7) and 7 (6), actions contrary to Ontario Regulation 283/95 will be subject to appropriate enforcement or regulatory action in accordance with section 441 of the *Insurance Act* and Ontario Regulation 7/00: Unfair or Deceptive Acts or Practices. Publication of Arbitration Decisions Involving Disputes Between Insurers Amendments to Ontario Regulation 283/95 have been made to ensure that arbitration decisions involving disputes between insurers are both timely and publicly available. The amendments require the insurer that is found by the arbitrator to be liable to pay benefits to make the arbitrator's decision public in a manner and form specified by the Superintendent. (Section 8(4)) The specified form and the process by which insurers will need to comply with this requirement will be the subject of a future Property & Casualty – Auto Bulletin. Effective Date The effective date of the Ontario Regulation 283/95 amendments is September 1, 2010. All insurers need to ensure that their claims and underwriting staff, plus any other staff who may be affected by these amendments, are informed of these changes. In addition, insurers are to ensure that they make any operational changes needed to implement the reforms by the effective date. Copies of Regulations The *Insurance Act* and Ontario Regulations 283/95 and 38/10 can be downloaded from the e-laws website at www.e-laws.gov.on.ca. Phil Howell Chief Executive Officer and Superintendent of Financial Services May 13, 2010

Notice to Applicant of Dispute
Between Insurers

Name of Applicant

Mr. ☐ Mrs. ☐ Ms. ☐

Last Name | First Name

Address

City | Province | Postal Code

Date of Accident

This notice is to inform you that the insurer to whom you have applied for accident benefits has determined that another insurer is responsible for paying those benefits. Generally the regulations require the insurers to resolve this dispute by sharing the benefits on an equitable basis, but you are entitled to continue with benefits while the dispute is being resolved.

You will continue to receive benefits from the insurer that you applied to while the insurers attempt to resolve their dispute.

You also have the right to object to your claim being transferred to another insurer. If you wish to object please complete Part 4 of this form and send it within 10 days to the insurer that is currently paying you accident benefits. If you object you are entitled to participate in any proceeding that may take place to determine which insurer is responsible for paying accident benefits to you. If you do not object, you will not be entitled to dispute the decision if you wish to another insurer.

If you have any questions about this notice, or about the process that will be used to determine who is responsible for paying your claim, please contact the representative of the insurance company that is paying your accident benefits claim. The name and telephone number is listed in Part 3.

[Copied and pasted] [square bracketing is the Applicant's for ease of reference]

For ease of searchability by the ONSC and the participating parties at the ONSC (Divisional Court level or by way of single justice on an expedited basis), the following are copied and pasted from the A141 Form at the following pages with endnoting for ease of application of the facts to the law:

[page 1]

687

"This notice is to inform you that the insurer[112] to whom you have applied for accident benefits claims[113] that another insurer[114] is responsible for paying[115] these benefits. You[116] may be required to assist the insurers[117] in resolving their dispute by providing them with any information that may be needed to determine which insurer[118] should be paying your accident benefits claim. You will continue to receive accident benefits that you are entitled to from the insurer[119] that you applied to while the insurers attempt to resolve their dispute.

[Applicant's transfer of claim objection rights]

You also have the right to object to your claim being transferred[120] to another insurer[121]. If you wish to object please complete Part 5 of this form and send it within 14 days to the insurer that is currently paying you accident benefits[122].

[Applicant's arbitration participatory rights]

If you object, you are entitled to participate in *any proceeding*[123] that may take place to determine which insurer is responsible for paying accident benefits to you. If you do not object, you will not be permitted to dispute the transfer of your claim to another insurer.

If you have any questions about this notice, or about the process that insurers use to determine who is responsible for paying your claim, please contact the representative of the insurance company that is paying your accident benefits claim. The name and telephone number of the representative is listed in Part 1."[124]

Endnotes

[1]AABS division
[2] Along with the interplay between the enabling statute (*Insurance Act*) and binding pieces of legislation (regulations) in *Reg 283*, *SABS* and *Reg 664*:
[3]Effective date
[4](see: *Legislation Act*, wherein a statute and regulations are both "legislation"),
[5]*Dunsmuir v. New Brunswick*, 2008 SCC 9 (CanLII), [2008] 1 SCR 190, <https://canlii.ca/t/1vxsm>, retrieved on 2024-12-10
[6]Mr. Nieuwland filed a DOR on behalf of SNIC on June 28, 2024
[7](iii) concerns about the Tribunal's undue influence or lack of independence, even subconsciously, from the insurance companies due to it being the only non-state funded Tribunal of the 13 tribunals in "Tribunals Ontario"; and (iv) an investigation report involving Ms. Trina Morrissette from the federal government regarding her conduct as a lobbyist for the Canadian Red Cross ("CRC").[7] The Applicant says her conduct amounts to "similar fact evidence" and contextual evidence that arises as a result of the VCM Decision.
[8]Balance of probabilities standard- is it more likely than not that there will be a failure of justice by the delay.
[9]Mr. Nieuwland's recent email to this ONSC (Divisional Court) has reignited the subsequent issues: (i) whether insurance companies in a group of insurers are 'one and the same', 'also known as' or 'also referred as'; (ii) the rule in *Foss v. Harbottle*; (ii) the FSRA guidance on affiliated entities only have an exemption on the non-adjuster broker side, and (iv) the motives for why such insurance companies in the TDI Group would engage in such misconduct.
[10]In this regard, the VCM Decision has again put two administrative bodies, at least, in the FSRA and the Tribunal against each other when they operate under the same enabling statute (*Insurance Act*) and the participants (insured persons, service providers and insurance companies) must comply with the *UDAP Rule* (2022 *et seq*).
[11]The Applicant is seeking by his forum to be heard before a single justice of the ONSC, with leave, due to the urgency of the issues herein.
[12]all people are equal under the law and have the right to equal protection and benefits with SABS benefits for all similarly situated persons to this Applicant
[13]all people, institutions, and entities are accountable to the law; (iii) *transparency*. the law-making process is transparent
[14]people have access to justice through independent and impartial courts
[15] (and patently unreasonable)
[16](with no distinction between a breach of *SABS* and *Reg 283* (see: *Chubb Insurance Co. of Canada v. Zurich Insurance Company*, 2024 ONSC 2929 (CanLII), <https://canlii.ca/t/k4nln>, retrieved on 2024-12-10 ["*Zurich* 2024"],
[17]on account of technicalities in the language of the LAT Rules which was different from the time this ONSC (Div. Court) upheld the reconsideration decision of VC Trojek in *Jia*
[18]*The Personal Insurance Company v. Jia*, 2020 ONSC 6361 (CanLII), <https://canlii.ca/t/jb7qm>, retrieved on 2024-12-10
[19]*Harold The Mortgage Closer Inc. v. Chief Executive Officer of the Financial Services Regulatory Authority of Ontario*, 2024 ONSC 2236 (CanLII), <https://canlii.ca/t/k43bl>, retrieved on 2024-12-10
[20]*Volochay v. College of Massage Therapists of Ontario*, 2012 ONCA 541 (CanLII)
[21]*Volochay v. College of Massage Therapists of Ontario*, 2012 ONCA 541 (CanLII), at para 68, <https://canlii.ca/t/fsdgd#par68>, retrieved on 2024-12-10 https://canlii.ca/t/fsdgd#par68
[22](see: [U]nless exceptional circumstances exist, a court should not interfere in an administrative proceeding until it has run its course. The principle has particular force where adequate alternative remedies are available under the administrative scheme. Ordinarily an affected individual must pursue these remedies before seeking relief from the court. The Federal Court of Appeal has endorsed this approach as well in Dugré v Canada (Attorney General), 2021 FCA 8, at para 37, framing the rule against prematurity, or interlocutory relief, as "next to absolute".).
[23]Herein, a multiplicity of proceedings will be avoided and the law will be clarified and settled, while avoiding a return by this Applicant to make the same arguments that he would even if all of his benefits and quantum were found in his favour because the wrong party would be liable for the same and required to respond *post-facto* the conclusion of the Hearing Proper. In this regard, the Applicant herein confirms, by his authorized signature, that he would bring the same *JRPA* Application and he respectfully submits that the principle of mootness, cited by the SCC in *Borowski*,

690

would not be applicable because the important legal issues would not only not be decided but the decision of the LAT would be in conflict with the governing statutes, governing regulations and its own *LAT Rules*.

[24] *Sanscon Construction Ltd. v. City of Toronto*, 2021 ONSC 6409 (CanLII), <https://canlii.ca/t/jjn4p>, retrieved on 2024-12-10

> [16] Sanscon's Application was not brought before the Divisional Court, contrary to the Consolidated Practice Direction.
>
> [17] Sanscon's factum does not seek leave under s. 6(2) of the JRPA to have this matter heard, nor is it in the Notice of Application. It does not reference this court's jurisdiction or address why the Application was not brought before a single judge of the Divisional Court, sitting as a judge of the Superior Court of Justice.

[25] SNIC and Primmum operate under the trade name, which is a combination of two registered trademarks in "TD Insurance Meloche Monnex", with the "TD Insurance" owned by TD Bank and the Meloche Monnex owned by Meloche Monnex Inc. SNIC issues automobile (and home) insurance policies to alumni of various universities and those part of professional associations (the "**Alumni Professional Program**"). Primmum issues insurance policies to "employer groups".

[26] TDGIC issues insurance policies, by part of its namesake, to the "general public". Toronto has 416 area code landline telephone and fax numbers but not 905 telephone and fax numbers, and Burlington (and Markham) have 905 landline telephone and fax numbers but not 416 numbers. Mr. James V. Russell was appointed as the CEO of "TD Insurance Group" in the 2010's, and one of his stated goals was to increase the market share for "TD General" (TDGIC). This evidence provides the motive for why SNIC would allow TDGIC to be substituted for it *during* the LAT Proceeding without the name of TDGIC ever being present in a single communication since the MVA date of loss (the "Date Of Loss" or "DOL").

[27] If an Insured Person, who is also an injured person and often a lay litigant encountering the complexities of a *SABS* claim, may not keep completely accurate records of each and every fax that she has sent to an insurance company, the purported liable insurer can claim that it does not have the documents to which an injured person claims to have sent. In fact, herein this occurred with the initial adjuster for SNIC in Ms. Nurse claiming to not have certain documents that the Applicant delivered via fax. The Applicant obviously not your quintessential lay litigant had everything reduced to paper copy and saved in binders along with cloud storage whilst using an e-fax number. Affidavit #3 is an example of that attention to detail and record-keeping.

[28] https://lso.ca/about-lso/legislation-rules/by-laws/by-law-7-1

[29] LSA, ss. 62(2): (2) The by-laws made under this section shall be interpreted as if they formed part of this Act. R.S.O. 1990, c. L.8, s. 62 (2); 1998, c. 21, s. 29 (13).

[30] (d) the determination of rights that depend on the interpretation of a deed, will, contract or other instrument, or on the interpretation of a statute, order in council, regulation or municipal by-law or resolution

[31] In part because of SNIC not participating in the LAT Appeal after filing a Response and allowing TD General Insurance Company ("**TDGIC**") to be substituted for it.

[32] Factually on many levels, this is not an *JRPA* Application, like the flurry of arbitral, judicial review and appellate decisions involving *Zurich* v. *Chubb* from 2009 to 2024 (the "*Zurich Decisions*") in that TDHA did not merely receive one completed OCF-1, like Chubb Insurance Company through some innocent mistake by an injured individual (Ms. Singh) involving her rental of vehicle and seeing the name of "Chubb" inside the car rental office. TDHA received the *SABS* Applicant's completed OCF-1, OCF-2, OCF-3, OCF-6 and OCF-19. It is also uncontroverted that TDHA, by being the only former commercial tenant at the East Mall Address (Etobicoke) received all the Applicant's OCF-18's that were submitted through HCAI.[33]

[56]wherein he overturned the decision of the adjudicator in the initial decision
[57]In this *JRPA* Application, the issue of whether a lawyer like Mr. Newland could act for TDGIC for six months then act for SNIC when NOM #8 was granted in the Applicant's favour, despite six months of opposition and then non-opposition [not consent], thereafter, is not at issue *per se*. However, the backdrop regarding the same is an important one.
[58]What about, as a "test case", the duties of insurance companies (and their counsel) in relation to their holding, controlling and/or possession (solely, jointly or constructively) that are: (i) neither an underwriter nor a First Insurer, and masquerade as the liable insurance company in the LAT Proceeding; (ii) the obligations of a First Insurer who remains anonymous until effectively caught as having the mailing address and/or fax number that provides unequivocal proof that it was a First Insurer, and (iii) the obligations of an underwriter, who was not the First Insurer, who carries on as the solely liable insurance company but then does not participate after filing the sole Response, pursuant to section 280(2) of the *Insurance Act*, in a LAT proceeding?
[59]Pursuant to section 280(1) of the *Insurance Act*, "this section applies with respect to the resolution of disputes in respect of an insured person's entitlement to statutory accident benefits *or* in respect of the amount of statutory accident benefits to which an insured person is entitled." Pursuant to ss. 280(2) of the *Insurance Act*, "The insured person *or* the insurer *may* apply to the Licence Appeal Tribunal to resolve a dispute described in subsection (1)". No person may bring a proceeding in any court with respect to a dispute described in subsection (1), other than an appeal from a decision of the Licence Appeal Tribunal or an application for judicial review, ss. 280(3) of the *Insurance Act*. The dispute shall be resolved in accordance with the *Statutory Accident Benefits Schedule*
[60], 2014, c. 9, Sched. 3, s. 14; ss. 280(4) of the *Insurance Act*.

697

[61](see: "statutory accident benefits" mean the benefits set out in the regulations made under paragraphs 9 and 10 of subsection 121 (1) of the *Insurance Act*; see: section 121(a): "121 (1) The Lieutenant Governor in Council may make regulations").
[62]The Applicant notified SNIC, pursuant to the *Schedule*, s. 32, in early September 2022, that he wished to apply for benefits making SNIC not only the Sole Underwriter but the First Notified Insurer.
[63]The Applicant, in his capacity as a *SABS* applicant, sent the Completed Application [OCF-1] to the **North York Fax Number** on October 12, 2022. Ergo, at law, the *SABS* Applicant sent, or "served" only one **Completed Application** to only one insurer in TDHA. TDHA was the sole insurer that first received (the "First Insurer") the *SABS* **Applicant's Completed Application**.
[64]In fact, and at law, SNIC did not stop the Applicant from submitting his Completed Application to TDHA in that it provided him with the **TDHA Fax Number**. It is the word "accept" that is so pivotal in this ***JRPA* Application** by VCM's choice of language at paragraph 27 therein.
[65]"first party insurer" means the insurer responsible under subsection 268 (2) of the Act for the payment of statutory accident benefits; ("assureur de première part"): Automobile Insurance, RRO 1990, Reg. 664, s 9, <https://canlii.ca/t/dwf#sec9>,
[66]The word "accept" is of great importance considering the finding by VCM, without any evidence in the record of proceeding to support the same, that TDGIC and SNIC jointly <u>accepted</u> priority of the Applicant's [sic] insurance policy [sic] (see: paragraph 27 of the **VCM Decision**).
[67]As SNIC was the Sole Underwriter in the Insurance Policy, the Applicant has alleged that SNIC (as First Notified Insurer) breached section 2.1(5) of *Reg 283* by taking action, with intent (as it knew that its fax number was not the **North York Office Fax Number**), to prevent or stop the Applicant from submitting his Completed OCF-1 to it [SNIC] as it is an out-of-province insurer.
[68]In relation to the lack of promptness, SNIC somehow sent the Applicant's accident benefits package to the wrong postal code address yet his Spouse received her accident benefits package to the correct postal code when they lived in the same residence
[69]Further, the Applicant provided uncontroverted evidence that SNIC failed to provide its correct facsimile address in the Completed Application but instead provided the fax number of TDHA and thereby breached subsection 2.1(3) of *Reg 283*.
[70]Reimbursement by the non-compliant insurer during the period of non-compliance (see: ss. 2.1(7) of *Reg 283*). (i) legal fees; (ii) adjuster's fees; (iii) administrative costs; and (iv) disbursements.
[71]Subsection 2.1 of *Reg 283* applies to this judicial review as the Accident occurred on August 31, 2022, which was after September 1, 2010.
[72]Whether SNIC was to remain for costs purposes in the McLean LAT Proceeding was a matter of discretion, but the sole respondent insurance company as a matter of obligations under *Reg 283*, *SABS* and *Reg 664* was not. However, the Applicant's argument was encapsulated by a rhetorical question: *why should he not have any ability to seek costs against SNIC for its conduct in the LAT Proceeding that he alleged and alleges was unreasonable, frivolous, and in bad faith?* Costs are not a matter that relate to the *Insurance Act*, and the binding regulations herein (*SABS* and *Reg 283*), as the Tribunal passed them under a different statute: section 17.1 of the SPPA. Put another way, is the Applicant's time not worth anything when it required hundreds of hours to obtain the order in NOM #8?
[73]Even when the OCF-19 was fax delivered, in November 2023, to the VP Bldg. 4th Floor Fax Number, and when SNIC's fax number (**Burlington 905 Fax Number**) was blocking the same, SNIC responded by misidentifying one of the legal tests for a duly completed OCF-19 and merely enclosed a copy of a blank OCF-19. Moreover, when considering the **Forged Signature** in the OCF-18, last page only, it could not have been SNIC, although it appeared that way in HCAI by insurer name but NOT physical address, with the "As per A. Nurse", it was TDHA's address (East Mall Etobicoke Address) that received the duly completed OCF-18 at first instance. Perhaps, this is why Ms. Nurse, an adjuster, was not amenable to executing the same.
[74]The same would have been applicable to TD Staff Legal and Mr Nieuwland with its fax and his listed fax number with the LSO. Said unappealed findings are determinative that *neither* SNIC nor TDGIC were the First Insurers by way of the fax served Completed Application upon the 4th Floor VP Building Fax Number which was TDHA.
[75]"If the Licence Appeal Tribunal finds that <u>an insurer</u> has unreasonably withheld or delayed payments, the Licence Appeal Tribunal, in addition to awarding the benefits and interest to which an insured person is entitled under the Statutory Accident Benefits *Schedule*, may award a lump sum of up to 50 per cent of the amount to which the person was entitled at the time of the award together with interest on all amounts then owing to the insured (including unpaid interest) at the rate of 2 per cent per month, compounded monthly, from the time the benefits first became payable under the *Schedule*. O. Reg. 43/16, s. 4.".

693

[76](like the vacillation of findings and orders of the arbitrator, ONSC (Goldstein J. in the ONSC), reversed by the ONCA, and the ONCA reversed by the SCC adopting the dissent of Justice Juriansz)

[77]It is trite that while the Tribunal is required to determine whether Mr. McLean was entitled to certain benefits and in what amounts, it also must determine which insurance company was and is liable for certain benefits and at what times. It can only do that if that the First Insurer is found to be TDHA and that decision must come from the ONSC.

[78] There was no evidence and none in the Application Record that TDHA, or any insurer, ever did so. Even on the convoluted, tortuous, unsupported and absurd logic of VCM that SNIC and TDGIC accepted priority over the Insurance Policy, there was some form of "transfer of the claim" to TDGIC which would have required notice to, at least, TDGIC and the *SABS* Applicant. No evidence was ever provided of such written notice to either.

[79]Mr. McLean was also entitled to object to SNIC (and TDGIC as he had done previously) having any control or possession of his TD Claim #3 relating to "confidential information" and documents not subsequently received by it in accordance with standardized language in the OCF-1 and *PIPEDA*. There is no dispute that TD Claim #3 was transferred from TDHA to TDGIC and SNIC. SNIC claimed to have received documents but not directly from the Applicant. SNIC purported to respond or did respond to the Applicant in relation to some communications but not all communications. TDGIC then surfaced at the LAT Proceeding but only after inclusion by the Tribunal without the consent of the Applicant or without any legal authority. SNIC filed its Response ("SNIC Response") on January 25, 2024, and then Mr. Nieuwland filed a DOR on behalf of TDGIC – not SNIC. The charade continued for six months until Mr. McLean, relying on Mr. Nieuwland's misrepresentations in non-transcribed case conference, which was yet another irremediable nullity and without statutory power as TDGIC was a non-party, that SNIC and TDGIC were "one and the same" and "this is how we always do it" (in relation to TDGIC being some sort of insurance company that came "off the bench" to provide a "spark" to the "defence" for SNIC as if it were some kind of sporting event). While there is no dispute of some form of transfer from TDHA to SNIC and, of course, with some unknown terms and conditions involving TDGIC on some basis perhaps on a joint level but more likely some form of "suggested interventions" based on unknown terms and conditions in this "subsequent clandestine agreement", there are no particulars in the decision of VCM. Moreover, any such transfer was without notice to Mr. McLean, and without compliance with *Reg 283*. The scheme of *Reg 283* requires substantive and procedural compliance and TDHA along with SNIC and TDGIC intentionally breached *Reg 283* without any form of attempt to cure the same. The required FSRA form did not matter to TDHA. The closest evidence that this ONSC has is a fax from an unknown fax number to Mr. McLean that TDHA had no record of his claim as of March 2023 (and then another letter in August 2024 albeit after NOM #14 and NOM #15). It was a fax without any semblance of compliance with *Reg 283*, and *SABS* to some degree, and the FSRA Form 143. It directed Mr. McLean to other fax numbers in Calgary, Montreal, New Brunswick and Burlington without reference to any insurance company. Mr. McLean was entitled, after lengthy investigation and fortuitous discoveries, was entitled to object and required to bring the issue forward as to TDHA not complying with its duties to respond and to pay benefits as the First Insurer.

[80]Due to the public importance of the issues herein, the Applicant respectfully, yet forcefully, notes that the LGIC did not create any ability for an insured person (applicant) to consent or sanitize the breaches that have occurred herein. Put another way, the LGIC did not pass any provisions that would authorize an insured person to sanitize or remedy such clandestine breaches to provide post-facto consideration that cure such non-compliance with *Reg 283*. Therefore, this undisclosed agreement by the respondent insurance companies, known to the Tribunal but not the Applicant, has no legal force or effect. The purposes of the inflexible prescribed regulations are to promote compliance with the statutory scheme and not to assist insurance companies and insured persons in isolated incidents so that an "insured person" can assist delinquent and felonious activities. To not set aside the VCM Decision and replace it with a correct decision, while the ONSC commences *ab initio*, would represent a precedent that contains a "slippery slope". Perhaps, "insurance companies" like this collection of respondent insurance companies may send a late notice with a semi-contemporaneous phone call to an insured person that may be in the form of a bribe so that the "checks and balances" of various regulatory bodies (FSRA, LSO, OPCC et al) do not catch "wind of the unlawful scheme".

[81][3] ... The test for *res judicata* was applied by the Adjudicator as follows (Decision, para. 12): In my view, the four preconditions for *res judicata* are satisfied. The parties are the same in both proceedings. The prior claim was within the jurisdiction of the Tribunal. The decision in the first application was based on the merits. The Tribunal reviewed the submissions and evidence and found that the applicant was not entitled to the IRB or found that the applicant was not entitled to IRBs for the period of January 14, 2020 to date and ongoing. Moreover, he was not entitled to payment for the November 9, 2019 accounting report. The first decision was a final decision because he did not file a reconsideration request and nor did he appeal the decision.

[5] A LAT decision is final and authoritative, subject to a party's rights of reconsideration or appeal from that decision. A party that disagrees with a LAT decision may not ignore that decision and recommence the same claims all over again. That is what the Appellant has done in this case. Even if the LAT erred in the first decision

694

and decided the case on the basis of an issue that was not before it, that error would not have deprived the LAT of jurisdiction. The LAT's second decision is correct in law; this appeal fails on the merits.

[87] *Kuzen v. Whitten & Lublin Professional Corporation*, 2020 ONCA 325 (CanLII), <https://canlii.ca/t/j7c2m>, retrieved on 2024-12-10 ["*Kuzen*"]

[88] *Fatemeh Rezaiezadeh v. State Farm Mutual Automobile Insurance Company*, 2016 ONFSCDRS 59 (CanLII), <https://canlii.ca/t/jq9fm>, retrieved on 2024-12-10 ["*Reza*"]

[89] It is trite that the Sheriffs in Ontario operate in different jurisdictions. TDHA's known address, when utilizing the fax number (landline phone number) of 416.774.3120, was that of 4th floor of the VP Building (North York) which is in the City of Toronto. The Tribunal found that SNIC's address for service in the LAT Proceeding was that of the Burlington Office Building (5th floor) which was tied to the 905 Fax Number. This was consistent, albeit absent the floor number, to SNIC's "switch" or "change" from the Markham Office Address to the Burlington Office Address which was only *after* the Applicant received the March 2023 fax that an unknown insurance company, presumably TDHA, did NOT have any record of his TD Claim #3 after responding to one of his earlier faxes to 416.774.3120. Further, the Tribunal found repeatedly that TDGIC's address was 9th floor-3650 Victoria Park Avenue, North York, Toronto, Ontario, with a fax number of 416.774.3629. Therefore, the Applicant could be wedged in an unsolvable, unfathomable and impenetrable conundrum and a perjury trap. In relation to the latter, if the Applicant was required to swear evidence for the Sheriff regarding enforcement of an order against SNIC, it would force Mr. McLean into a "perjury trap".

[90] This ONSC can take judicial notice that SNIC and TDGIC could not even correctly represent the amount of benefits paid to the Applicant in May 2024 which leaves only one other insurance company, by reference to the fax number of 416.774.3120, that would correctly know the same.

[91] *Fatemeh Rezaiezadeh v. State Farm Mutual Automobile Insurance Company*, 2016 ONFSCDRS 59 (CanLII), <https://canlii.ca/t/jq9fm>, retrieved on 2024-12-10 ["*Reza*"]

[92] A change in the title of proceeding in this case potentially affects every Commission case involving the present insurer. At present there is no suggestion that this appeal is a nullity or that it should be stayed pending an order to continue as would happen under Rule 11.01 of the *Rules of Civil Procedure*. In the absence of any case law regarding a presently hypothetical concern, I defer to any further or other appellate officer the question of amending the title of proceeding in this appeal proceeding in the event there is any difficulty in the enforcement of this appeal order. I leave to arbitration any amendment of the title of proceeding at that level."

[100] Mansuri v. Dominion of Canada General Insurance Company, 2023 ONSC 5764 (CanLII), <https://canlii.ca/t/k0mrz>

[101] Of note, the Applicant is not challenging the decision of the Tribunal that did not find a reasonably perceived conflict of interest as a preliminary issue therein but rather he is challenging the decisions and orders of VCM that did not add TDHA as a party – at the very least so the Applicant could advance the argument of which insurance company was liable to respond and pay benefits. Since SNIC was and is not the First Insurer, as, in fact, found by the Tribunal or not found to not be, and TDGIC was already removed by non-opposition by TDGIC, then it leaves Primmum and SNIC. Primmum and SNIC have a bond with respect to the "TD Insurance Meloche Monnex" programs. The only insurance company in the TDI Group that was located at the Material Time at the VP Building with the fax of 416.774.3120 was TDHA. Former case manager Mr. Grant even admitted, on May 6, 2024, as a matter of optics, how the Tribunal viewed "TD Insurance" as being one of two companies: (i) TDGIC; and (ii) TDHA.

695

[99]The Applicant is not making any argument in costs savings but avoidance of having two JRPA proceedings before this ONSC with the identical challenges to NOM #14 and #15.

[99]*Gage v. Ontario (Attorney General)*, 1992 CanLII 8517 (ON SCDC), <https://canlii.ca/t/gbkgx>

[100]This is particularly the case when the Applicant has drawn it to the attention of not only the Tribunal but VCM when she made the same mistake previously.

[101]In November 2017, one Ms. Karen E. Shepard wrote to then The Honourable Speaker Furey (Senate of our Parliament), "Pursuant to section 10.5 of the *Lobbying Act*, I have the honour of presenting to you a Report on Investigation on the lobbying activities of Trina Morissette for tabling in the Senate. The investigation was conducted in accordance with the provisions of section 10.4 of the Act." A key duty of government officials is to interact with citizens. The *Lobbying Act* ensures that Canadians and public office holders know who is communicating with the government and on what subject.

[102]While similar fact evidence is presumptively inadmissible and must be pleaded in civil court proceedings, being one of the exceptions to pleading evidence, this was not a court proceeding and the probative value of the similar fact evidence of an adjudicator and Vice Chair who is fashioning decisions with pejorative language, slights at the Applicant, and sanctimoniously accusing him of abusing the process. The VCM Decision almost rings in a covert threat to stay away from "pandora's box". For the Court's edification, Mr. McLean doubled down on his FIPPA request including Mr. Sean Weir, Executive Chair of Tribunals Ontario, but without a response. He then tripled down by including the Attorney General Of Ontario in Mr. Downey as the LAT is a body of MAG and based on the recent, publicly available, MOU, Mr. Weir was delegated the authority of an "institutional head" by the AGO. How shameful can it get when the LAT requests payment of fees to obtain records and has 30 days to provide a response, then does not provide one, then the adolescent excuses flowed with "technical difficulties" and then stonewalling. It may perhaps be a fresh evidence matter. The conduct involving Ms. Morrissette was of such a serious nature that one Ms. Shephard had to immediately suspend her investigation and refer the matter to the Royal Canadian Mounted Police: "An administrative review concerning this matter was opened in February of 2015. It involved interviews, a review of correspondence and other materials and an examination of Ms. Trina Morissette's work on behalf of the Canadian Red Cross (CRC). In November of 2015, I opened an investigation based upon information provided to me in an administrative review report prepared by the Investigations Directorate of my Office. In accordance with subsection 10.4(8)[102] of the Act, I immediately suspended my investigation and referred this matter to the Royal Canadian Mounted Police (RCMP), as I had reasonable grounds to believe that a breach of the *Lobbying Act* had occurred. In December of 2016, I was informed by the RCMP following their investigation that no charges would be laid in the matter. The RCMP had determined that it was not in the public interest to prosecute Ms. Morissette." The RCMP did not find that she had not breached the Criminal Code, which is an astonishing matter considering it involved Ms. Morrissette's activities as a lobbyist for a well-known charity in the Red Cross, but it was not in the public interest to prosecute. That is an entirely different finding than there were not reasonable and probable grounds to charge. Ms. Morrissette was subject to the five-year prohibition and restrictions on lobbying after being a designated public office holder which implies that she had a role in government prior to her switch to the charitable activities of the CRC. "Prior to starting work as the CRC's manager of Government Relations in 2014, Ms. Morissette had worked as a member of a federal minister's staff from 2009 to 2013. Her final day as a member of a minister's staff was on June 14, 2013Investigator Shephard found: "I have concluded that Ms. Morissette was in breach of Rule 2 (Accurate Information) of the *Lobbyists' Code of Conduct* (1997), as well as the Principles of Professionalism and Integrity and Honesty in the Code." There are some obvious inaccuracies in the VCM Decision and she was given a chance to correct the same by the Applicant's section 21.1 of the *SPPA* motion and she has apparently decided not to correct the same despite carrying on with other rulings in this LAT Proceeding. It would quite one thing if VCM cross-referenced her findings to evidence in the record of proceeding or even an email that she found between Mr. Grant and another individual or representative of @tdinsurance.com but there is not even a scintilla of the same. Under the "Lessons Learned", Investigator Shepard found: "the purpose of the five-year prohibition is to ensure that designated public office holders do not use information and personal connections derived from those positions to the advantage of interests that they lobby on behalf of. This is in the public interest because it ensures that Canadians can have confidence in the integrity of government decision-making." LAT is a body of government and the MAG no less. It is where this court has to exercise its supervisory jurisdiction to ensure the conduct of VCM and to some extent VCL, who was on notice of a potential conflict of interest relayed to one Mr. Grant but then snapped out a decision in relation to NOM #7 and then was presumed gone until October 2024, is realigned with the integrity and professionalism requirements of a decision maker with the Tribunal. However, lobbying public office holders should be done in a transparent manner and in conformity with high standards of conduct (see: Investigator Shepard). The same applies to the decision-making process of the LAT. She worked for the CRC for approximately 16 months as she returned to the Minister of Health in late 2014. It is unclear if she was fired. Pursuant to subsection 10.11(1) of

696

the *Lobbying Act*. When Ms. Morissette ceased being a designated public office holder from 2013 until her return to work as a ministerial exempt staff in October of 2014, she was subject to the prohibition on lobbying. As of November 2017, she no longer worked in the public sector, "Ms. Morissette no longer works in the public sector". However, she returned to the provincial public sector at some point thereafter by of being an adjudicator at LAT. "Although officials of the Canadian Red Cross and Ms. Morissette indicated that her position with the CRC was initially to be "behind the scenes," they recalled having discussed the topic of lobbying during her interview. Once she was employed by the CRC, Ms. Morissette was asked to lobby on behalf of the organization. In fact, the CRC submitted monthly communication reports in the Registry of Lobbyists for meetings in which Ms. Morissette was the only representative of the organization. Ms. Morissette's employment description, the CRC letter of disclosure to the OCL and other information obtained during the investigation indicate that, on the occasions when Ms. Morissette communicated with designated public office holders, she did so on behalf of her employer, the CRC." "Although officials of the Canadian Red Cross and Ms. Morissette indicated that her position with the CRC was initially to be "behind the scenes," they recalled having discussed the topic of lobbying during her interview. Once she was employed by the CRC, Ms. Morissette was asked to lobby on behalf of the organization. In fact, the CRC submitted monthly communication reports in the Registry of Lobbyists for meetings in which Ms. Morissette was the only representative of the organization. Ms. Morissette's employment description, the CRC letter of disclosure to the OCL and other information obtained during the investigation indicate that, on the occasions when Ms. Morissette communicated with designated public office holders, she did so on behalf of her employer, the CRC. "In her letter of response to me, she acknowledged her obligations as a former designated public office holder and recognized that there could be consequences arising from her mistake. She confirmed that once she discovered that she had made an error [sic] regarding the application of the five-year prohibition to her, she took steps to remedy her error. She offered to disclose the fact of her error to my Office, and she offered to resign as an employee of the CRC." It is unclear whether that offer came to fruition. "When Ms. Morissette provided information about the *Lobbying Act* to the Canadian Red Cross, relying, in part, on her own interpretation of the *Lobbying Act*, Ms. Morissette provided information that was inaccurate to her employer. Ms. Morissette did not use proper care to avoid providing that inaccurate information regarding the application of the five-year prohibition on lobbying. As a result, Ms. Morissette was in breach of Rule 2 (Accurate information) of the *Lobbyists' Code of Conduct*." Vice Chair Morrissette has been given a chance to clarify and correct errors in the **VCM Decisions** but she has not done so. The fact that her decision was apparently dated on September 6, 2024, being the same date as the Applicant paying fees to the LAT privacy division is rather ironic and suspicious considering the decision is signed on September 12, 2024. Following Ms. Morissette's inquiries to the OCL concerning the application of the five-year prohibition to her lobbying activities, Ms. Morissette continued to engage in lobbying."[107] By engaging in registrable lobbying activity while prohibited from lobbying under the *Lobbying Act*, Ms. Morissette did not observe the highest professional and ethical standards. The breach of Rule 2 (Accurate information) and of the prohibition on lobbying do not meet the high standards for lobbyists that are necessary to ensure Canadians that lobbying is conducted transparently and ethically in accordance with the *Lobbying Act*. As a result, Ms. Morissette was in breach of the Principle of Professionalism in the Code.

[110] *R.M. v CAA Insurance, 2020 CanLII 94775* (ON LAT), <https://canlii.ca/t/jbwwr>, retrieved on 2024-12-10
[111] [note bene: TDHA is an insurer. Mr. McLean has recourse for the payment of *SABS* against TDHA as TDHA is bound by *Reg 283*. A breach of *Reg 283* is legally equivalent to a breach of *SABS*. Moreover, various sections of *SABS* reference the "first insurer" (i.e. receipt of the Completed Application) which imposed, and continues to impose obligations upon TDHA, to: (i) respond; and (ii) pay.

697

[112]TDHA: October 13, 2022, by way of fax from Mr. McLean to TDHA albeit unbeknownst to him until August 2024
[113]In this hypothetical, it would have been TDHA
[114]Singular
[115]Duty to pay, albeit the updated A07 Bulleting from 2010 (May) which was the bases for the amendments to *Reg 283* in 2010 includes the duty to respond.
[116]In this hypothetical, it would have been McLean
[117]Based upon the VCM Decision, paragraph 27, it would have been a dispute between TDHA, as First Insurer, and SNIC, the Sole Underwriter and First Notified Insurer, and TDGIC, neither an underwriter nor a First Insurer and not even a First Notified Insurer but a "Fictitious Respondent" in the LAT Proceeding.
[118]One of three
[119]THE INSURER: TDHA
[120]Not "having already been transferred after October 13, 2022"
[121]Transfer of a claim objection rights
[122]Had TDHA sent the notice, then it would have been SNIC that was paying at the time, so it would have been a challenge to SNIC paying while TDHA was the First Insurer
[123]The LAT Proceeding is "any proceeding". The JRPA Application is "any proceeding". Although Mr. McLean did not have any "claim transfer objection rights" as TDHA failed to extend the same to him. Moreover, Mr. McLean did not have any "proceeding participation rights" as it relates to any potential arbitration before an arbitration pursuant to the Ontario legislation or statute known as the "Arbitration Act, 1991". Moreover, TDHA could not advance an arbitration without having paid any benefits to Mr. McLean. If TDHA was the payor of some or all of the $1499.98, then it could technically advance an arbitration claim but only after it provided a notice of potential transfer of claim pursuant to A143. However, it would be, if it did so in the month of December 2024, some 700 days late. Pursuant to *Reg 283*, section 2 and Zurich 2024, TDHA was provisionally liable to pay benefits from October 13, 2022, to January 10, 2023, (the "Provisional Payment Period"), and then permanently liable after January 10, 2023, subject to giving it notice of a transfer claim (A143) and then providing clear, cogent and convincing evidence as to why the 90 day period was insufficient to make a determination that *another insurer* or insurers (nota bene: conceivable could be two under section 268 per se) is liable under section 268; AND the insurer [TDHA] made the reasonable [nota bene: objective person standard] investigations necessary to determine if another insurer was liable within the 90 day period (see: section 3(2) of the *Reg 283*, passed in 1995, which was the year that *Reg 283* was passed by its namesake, "*Reg 283/95*". Where there is a dispute as to whether a First Insurer, like TDHA, had not given notice to other insurers and an Applicant pursuant to its receipt of a Completed Application by fax or mail, shall be resolved in an ARBITRATION pursuant to section 7 of *Reg 283* (see: ss. 3(3) of *Reg 283*). Pursuant to ss. 7(1) of *Reg 283*, it is ONLY an insurer that *has been* paying benefits under section 2 (nota bene: reference to section 268 of the Insurance Act (1990) and *Reg 283* passed in 1995) OR section 2.1 (nota bene: relating to an Accident (see: SABS, definition section), that occurred after September 1, 2010 and requires the dispute to be resolved in accordance with the Regulation 283 (not Insurance Act)) OR any other insurer against who the obligation to pay benefits is *claimed*. Subsection 3(3) dovetails to subsection 7(3) with a one year prescribed limitation period but that is tied to the insurer, 'first giving notice' under section 3 which is the insurers that it believes are liable to pay the benefits and the insured person, in his or her capacity as an "Applicant" after sending a Completed Application and it being *received* first by an insurance company making said insurance company the "First Insurer". However, if the First Insurer does not give a notice, pursuant to section 3(1) of *Reg 283* within 90 days (often means counting the "first day" and "last day"), it loses all of its dispute rights to pay benefits subject to overcoming the strenuous legal test under section 3(2) of *Reg 283*. It is here where TDHA, would hypothetically speaking, never be able to overcome said test by a decision of any reasonably-minded arbitrator reading a decision regarding the application of the facts to the legal test under ss. 3(2) of *Reg 283*. TDHA is an Ontario based insurer (not an out of province insurance company) and was the co-tenant with TDGIC at the "Spark Building", "North York Office Building" or the "VP Building" located at 3650 Victoria Park Avenue, District of North York, City of Toronto, where TDHA was located on the 4th floor (4th to 6th floors) with a fax of 416.774.3120 and its co-tenant in TDGIC had a fax number of 416.774.3629 and it was the commercial tenant on floors 7 to 9. By review of the information scribed on the Application (OCF-1), it had a sufficient period of time to make a determination that another insurer or insurers were liable under section 268 of the Act.
[124]Hence, by SNIC intentionally, as sworn by McLean, redirecting the Applicant to TDHA at first instance, and then purportedly paying benefits (unclear if that name is correct), TDHA became the First Insurer by McLean faxing of the same to it on October 13, 2022. However, if TDHA was the "actual payor" of the direct deposits at said time then it could have provided this notice to McLean. It was then caught in another dilemma by the fact that the representative known to McLean was that of Ms. Nurse of SNIC. Therefore, TDHA would have had to provide a phone number and representative for TDHA which would have caused issues and concerns for McLean.

FORM 16B

COURTS OF JUSTICE ACT

AFFIDAVIT OF SERVICE

Court File No. DC-24-00000718-00JR

ONTARIO COURT OF JUSTICE (DIVISIONAL COURT)

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT

- and -

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL, HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

Affidavit #1 (Affidavit of Service) of Mr. Kevin A. McLean

I, Mr. Kevin Alexander McLean of the city of Toronto in the province of Ontario SWEAR that:

1. I am the affiant (also defined as the "**JRPA Applicant**" or "**Applicant**") herein and I swear, under the pains and penalties of perjury, the following facts to be true. Where I have stated information on belief, I have cited the source of my belief.

2. I am currently 41 years old as I was born on March 25, 1983, in Vancouver, British Columbia.

3. Despite having some continued issues with my brain, as per and evidenced by my MRIs in August 2023 along with diagnoses and treatment from health professionals or health practitioners prior to the same, I am competent to provide the evidence herein and I do so voluntarily.

4. I adopt the definitions from my filed documents with the ONSC Divisional Court and they have the same meaning herein as they do therein.

VOLUME #1: service of the JRPA Application

5. I served the **JRPA Application** on November 15, 2024, on the Tribunal via email by the email of LAT registrar to the attention of the case manager for the LAT Proceeding along with filing the same in the e-filing portal for LAT/AABS matters.

6. I serve the **JRPA Application** on November 15, 2024, via email to the designated email of the AGO for civil matters.

7. I received an email from the lawyer in good standing with the LSO and counsel to the Attorney General of Ontario in Ms. Judie Im in relation, inter alia, to my service of the JRPA Application on the AGO on the email that is publicly listed for serving the AGO.

8. In the following week, albeit not to my designated email herein with ONSC (Divisional Court), I received emails confirming the same from the Tribunal along with a notice of appearance on behalf of the Tribunal.

9. As my position remains that the respondent insurance companies are not entitled to appear in this **JRPA Proceeding**, absent leave of this Honourable Ontario Superior Court of Justice (Divisional Court), I do not swear that they were formally served with the **JRPA Application**, my **Factum** (defined *infra*), my **Application Record** (defined *infra*), and **Certificate Of Perfection** (the "**COP**" or "**Certificate Of Perfection**").

10. I have agreed to continue, albeit I removed him [Mr. Nieuwland] at one point and prior to the purported filing of an appearance by Mr. Nieuwland, to include Mr. Nieuwland, the declared representative to TDGIC from the date of January 30, 2024, and SNIC from the date of June 28, 2024 in the LAT Proceeding, on emails involving the ONSC Divisional Court along with Ms. Paquini along with the addressees contained therein as a courtesy without any waiver of my rights. I remain of the view, based upon my review of various sources of law including statutes, regulations, jurisprudence and secondary source material, that the notice of appearance filed by Mr. Nieuwland on behalf of SNIC, TDGIC and TDHA (albeit with the reference in the cover email of "SNIC also referred to as "TD Home And Auto [sic] and TD General Insurance company [sic]") was not filed *forthwith* and it remains a nullity or void *ab initio* on account of the respondent insurance companies needing leave of the ONSC to participate. My evidence in paragraph 10 is not to be construed or intended to be construed as drawing or making any conclusions of law or engaging in any legal argument but rather I am swearing my beliefs for purposes of my positions previously and currently as it relates to the same.

VOLUME #2: Parties served with my **Factum** and book of authorities contained therein[1] (the "**Factum**"), application record (the "**Application Record**") and certificate of perfection (the "**COP**" or "**Certificate of Perfection**")[2]

Volume #2(A): Licence Appeal Tribunal

11. I served the **Tribunal** with my **Factum** on December 10, 2024, by sending a copy of the same by e-mail to jesse.boyce@ontario.ca to Mr. Jesse Boyce who is the lawyer for the Tribunal in this **JRPA Proceeding.**

12. I served the Tribunal with my **Application Record** on December 12, 2024, by sending a copy of the same by e-mail to jesse.boyce@ontario.ca to Mr. Jesse Boyce who is the lawyer for the Tribunal in this **JRPA Proceeding.**

13. I served the **Tribunal** with my **Certificate Of Perfection** on December 13, 2024, by sending a copy by e-mail to jesse.boyce@ontario.ca to Mr. Jesse Boyce who is the lawyer for the **Tribunal** in this **JRPA Proceeding.**

Volume #2(B): AGO[3]

14. I served the AGO with my **Factum** on December 10, 2024, by sending a copy by e-mail to judie.im@ontario.ca to Ms. Judie Im the lawyer for the AGO in this **JRPA Proceeding.**

15. I served the AGO with my **Application Record** on December 12, 2024, by sending a copy by e-mail to judie.im@ontario.ca to Ms. Judie Im, the lawyer for the AGO in this **JRPA Proceeding.**

16. I served AGO with my **Certificate Of Perfection** on December 13, 2024, by sending a copy by e-mail to judie.im@ontario.ca to Ms. Judie Im the lawyer for the AGO in this **JRPA Proceeding.**

VOLUME #3: Responses from the respondent parties [distinguished from the respondent insurance companies]

17. I have not received any responses from the respondent parties vis-à-vis confirming of receipt of the **Factum, Application Record** and **Certificate of Perfection** but they have been copied on the emails wherein I filed my **Factum, Application Record** and **Certificate Of Perfection.**

VOLUME #4: Jurat

18. I swear this affidavit of service in the **JRPA Proceeding** herein for no improper purpose and for confirming the above facts and those facts on belief where I have cited the sources of said beliefs therein.

Sworn before me at **Toronto, Ontario**
On this 13th day of December 2024

REQUISITION

ONTARIO COURT OF JUSTICE (DIVISIONAL COURT)

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT

- and -

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL,
HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

REQUISITION
(SET DOWN URGENT APPLICATION FOR HEARING)

(To set down hearing pursuant to ss. 6(2) of the *JRPA*, Rules 38.02[i], 38.03(3.1) of the *Rules of Civil Procedure*, section 18 of the *Courts of Justice Act et al*)

TO THE LOCAL REGISTRAR at The Ontario Superior Court of Justice (Divisional Court) Toronto, Osgoode Hall, 130 Queen Street W., Rm 174 (or any other room situate within said building and lands at the ONSC Divisional Court (Toronto) where the Registrar is so located), Toronto, ON, M5H 2N5 (the "**Toronto Divisional Court**") Phone: (416) 327 5100

I REQUIRE and respectfully request that this *JRPA* Application is set down for hearing pursuant to section 6(2) of the *JRPA* on the basis of urgency and that the delay required for an application to the Divisional Court is likely to involve a failure of justice, Rule 38.03(3.1), "Urgent Applications"[ii] before a justice of the Ontario Superior Court of Justice who may hear my application for leave thereof, and if granted, then the hearing of my *JRPA* Application pursuant to my filed and delivered materials, at first instance to the ONSC Divisional Court pursuant to section 6(1) of the *JRPA*.

I request that my request for leave of an ONSC justice pursuant to ss. 6(2) of the *JRPA* and my *JRPA* Application are heard on any day in the week of Tuesday, January 14, 2025, or Thursday, January 16, 2025, before a single justice of the ONSC Toronto Region (see: Appendix #1) who is not currently in his or her rotation[iii] as a sitting justice of the ONSC Divisional Court. I request further, or in the alternative, that my request for leave of an ONSC single justice and my *JRPA* Application (if leave is granted) be heard on any date in the week of January 13, 2025, to January 17, 2025, after the date of January 14, 2025 inclusive.

Pursuant and consistent with the following: (i) "*Consolidated Practice Direction for Divisional Court Proceedings*, Effective June 15, 2023, Part V: Guidelines to Determine Mode of Hearing"; and (ii) "*Consolidated Civil Provincial Practice Direction*, Amended February 1, 2024, C. Presumptive guidelines to determine mode of proceeding in civil matters, xiii. Appeals to the Divisional Court and applications for judicial review"[iv], I respectfully request that this hearing be conducted electronically by teleconference.

I further REQUIRE and respectfully request that I receive from the ONSC Divisional Court an invite or link to Case Center (formerly Case Lines) pursuant to the "ONTARIO SUPERIOR COURT OF JUSTICE GUIDE TO JUDICIAL REVIEW IN DIVISIONAL COURT".[v]

I estimate that I will require 35 minutes in initial oral argument (inclusive of my request for leave and of the hearing of my *JRPA* Application) and ten minutes in reply. I estimate that the total hearing time will be *less* than two hours.

AFFIDAVIT

ONTARIO COURT OF JUSTICE (DIVISIONAL COURT)

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT

- and -

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL, HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

Affidavit #3 of Kevin A. McLean in this *JRPA* Proceeding

(Affidavit in support of my allegation of a reasonable apprehension of bias, reasonable apprehension of a conflict of interest and/or a reasonable apprehension of a lack or absence of independence et al)

I, Kevin Alexander McLean, Disabled (B.A., J.D., CIM) of **Toronto, Ontario, SWEAR** THAT:

Volume #1: Sworn Under Oath; under the Penalty of Perjury; and Introduction

1. I am the individual *JRPA* Applicant herein and I swear, under the pains and penalties of perjury, the following facts to be true. Where I have stated or sworn information on my belief(s), I have cited the source of my belief(s) by references, citations, end-noting or otherwise. When I have used the expressions (including any permutations) of "in my view", "in my opinion", or "belief", I am not drawing or making any conclusion of law or swearing a conclusion of law but rather citing my position and opinions as a matter of fact.

2. I commenced drafting this affidavit after five p.m. on Wednesday, January 8, 2025.

3. Where double underlining has been utilized, the double underlining is mine and added for emphasis. I adopt the definitions from my previously filed documents in this JRPA Proceeding and they have the same meaning herein a

4. This is my third affidavit in this JRPA Proceeding. My first affidavit was my affidavit of service involving having served the respondents with my JRPA Application, Factum,

5. I swear that this affidavit is not to add any materials to the Application Record but rather for the purposes of my objection to The Honourable Justice Shore being involved in this JRPA Proceeding on account of what I allege is a reasonably perceived conflict of interest. I do not any way impugn the character or integrity of the Honourable Justice Shore. I am not suggesting that she knew of said relationship and the evidence in the record of proceeding because the Tribunal has failed to file the record of proceeding forthwith as per section 10 of the JRPA.

6. Contrarily, I have and will continue to impugn the integrity of Mr. Andrew Papadimtriopoulos who I have sworn, on belief, was the individual who engaged in the "Forged Signature" (my definition) on or around April 20, 2023, in relation to my submitted OCF-18 on April 6, 2023. Please see affidavit #37 for said attachment in this regard. I repeat and rely upon my previous sworn evidence in this regard and I expressly readopt the same herein by reference to the attachments at Exhibit "B".

7. Now shown to me and marked as Exhibit "A" is a copy of the emails that I sent today to the ONSC Divisional Court regarding my discovery that I believed the Honourable Madam Justice Shore, by virtue of what I found was public information that she was formerly a partner of Epstein Cole until July 2018, which was the same law firm, based on my belief and memory, that Mr. Andrew P. retained in a matrimonial litigation with my Spouse (at the time). I repeat and rely upon the particulars in the emails therein and I expressly adopt the same.

8. I only became aware of the name of Madam Justice Shore after receiving the following email:

Jan 7, 2025,
10:23 AM

Good morning,

Madam Justice Shore directs as follows:

There shall be a case management conference on this file, on a date to be provided by the Court office. The parties should come prepared to discuss whether the application for judicial review is premature and, if necessary, prepared to set a schedule for the exchange of material and set a hearing date.

Sincerely,
Evelyne Ibula (She/Her/Elle)
Assistant Trial Coordinator
Superior Court of Justice – Divisional Court
Osgoode Hall, Room 174
130 Queen Street West
Toronto, ON M5H 2N5

9. I repeat and rely upon my affidavit #15 and #16 as to when I advanced sworn evidence as to a conflict of interest involving various individuals who were at the time apparently acing for TDGIC. Exhibit "A" is enumerated therein with page numbers at the top of the page to allow for any inclusions by way of Case Center.

10. Now shown to me is Exhibit "B" which is a copy of the attachments that I delivered with some of my emails in Exhibit "A". Exhibit "B" is enumerated therein with page numbers at the top of the page for the reasons referenced in the above paragraph.

11. I will continue to review the Practice Direction regarding "case management" and "case conferences" and the Civil Rules regarding, inter alia, the effect of a "direction" prior to a case conference.

12. I continue to request that the respondents provide their position as to whether they will consent, not oppose or oppose a motion to have the above order rendered void on account of a reasonably perceived conflict of interest and reasonable apprehension of lack of independence and/or other similarly named principles like bias or reasonable apprehension of bias. I will not address the merits of such a pre-hearing conference direction as per the law articulated by the SCC in *Newfoundland Telephone Co. v. Newfoundland (Board of Commissioners of Public Utilities)*, 1992 CanLII 84 (SCC) which I say in support for my position that the "pre case conference direction" is void and not merely voidable. I now copy and paste as per preliminary and courtesy notice to the ONSC Divisional Court along with the respondents the following

> " A denial of a right to a fair hearing cannot be cured by the tribunal's subsequent decision. A decision of a tribunal which denied the parties a fair hearing cannot be simply voidable and rendered valid as a result of the subsequent decision of the tribunal. The damage created by apprehension of bias cannot be remedied. The hearing, and any subsequent order resulting

from it, must be void. The order of the Board of Commissioners of Public Utilities was accordingly void.

Everyone appearing before administrative boards is entitled to be treated fairly. It is an independent and unqualified right. As I have stated, it is impossible to have a fair hearing or to have procedural fairness if a reasonable apprehension of bias has been established. If there has been a denial of a right to a fair hearing it cannot be cured by the tribunal's subsequent decision. A decision of a tribunal which denied the parties a fair hearing cannot be simply voidable and rendered valid as a result of the subsequent decision of the tribunal. Procedural fairness is an essential aspect of any hearing before a tribunal. The damage created by apprehension of bias cannot be remedied. The hearing, and any subsequent order resulting from it, is void. In *Cardinal v. Director of Kent Institution*, 1985 CanLII 23 (SCC), [1985] 2 S.C.R. 643, at p. 661, Le Dain J. speaking for the Court put his position in this way:

> ... I find it necessary to affirm that the denial of a right to a fair hearing must always render a decision invalid, whether or not it may appear to a reviewing court that the hearing would likely have resulted in a different decision. The right to a fair hearing must be regarded as an independent, unqualified right which finds its essential justification in the sense of procedural justice which any person affected by an administrative decision is entitled to have. It is not for a court to deny that right and sense of justice on the basis of speculation as to what the result might have been had there been a hearing.

In my view, this principle is also applicable to this case. In the circumstances, there is no alternative but to declare that the Order of the Board of Commissioners of Public Utilities is void.

13. In providing the above quotation, I am not in any way seeking to provide legal argument or draw legal conclusion in affidavit evidence but provide my position as it currently stands.

14. I shall address any other separate procedural matters in a separate affidavit or correspondence if applicable.

15. In light of the Tribunal failing to comply with, *inter alia*, section 10 of the *JRPA*, I swear this **Affidavit #3** for no improper purpose and for the above purposes.

Sworn before me at Toronto, Ontario

Re: Requisition – request for urgent hearing submitted herein for filing and service upon the respondents

Dear ONSC Divisional Court (Madam Clerk):

I write to confirm the above. I am now tendering the requisition #2 for filing and service herein as per my error in filing the same online. I apologize to the court and the respondents in this regard for my lack of precision in this regard and obtuseness.

I thank you for accepting the same for filing in this manner. The document remains identical to the one tendered previously.

I will take any necessary steps to remove that filing from the online portal if I am able to. Otherwise, kindly accept this as my authorization to remove this Requisition #2 for any further processing.

Thank you kindly and a Happy New Year to all!

Re: Confirmation of the document to not be processed electronically herein for receipt, filing and service

Dear ONSC Divisional Court (Madam Clerk):

I write regarding the above. I confirm that I cannot see any literature that would allow me to retract the misguided online filing for my request for an urgent hearing. As such, I confirm that this is the filing below that need not be processed electronically. Thank you in this regard and my apologies again.

Lastly, I will presume that the filing at Appendix #2 can and will be processed electronically as it was not an urgent filing but merely to receive the Form 68(B) for the "notice of listing of hearing" with the approximate dates if this matter were to proceed before the ONSC Divisional Court. In my humble view, this will be an important aspect to know when determining when a judicial panel of three could hear this JRPA Application vis-à-vis a single justice (see: section 6(2) and (3) of the *JRPA*).

Re: response to Ms. Ibula's email - and kind reiteration of the above regarding some outstanding filings (yet to be confirmed as filed) from December 2024 and January 2025 et al

Dear ONSC (Divisional Court) (Ms. Ibula):

Thank you for your email. I confirm its receipt. Kindly extend my thanks to The Honourable Madam Justice Shore

In relation to the above, would you kindly confirm the above filing when you have a moment, so the record of proceeding demonstrates the same for the purposes in your email and otherwise?

I also note that I have not received a filing from the online registry (civil submissions) as particularized above. I would be most grateful to have a filed copy as it is past five business days.

I still note that the Tribunal has failed to file a record of proceeding forthwith and any such discussions at a case conference. I would ask that Mr. Boyce for the Tribunal attend to the same on a forthwith basis as if the record of proceedings will be required to be filed and known to the ONSC Divisional Court to have such discussions, including ‘exchange of materials’ and setting a hearing date.

In relation to the setting of a hearing date, I respectfully still maintain my request under section 6(2) of the JRPA.

I kindly still request, in advance of the same, that the respondent insurance companies provide their position under the Practice Direction, “Information Submitted to the Court” so we all know whether it will be advancing any preliminary objections. I am aware of the preliminary objection by the Tribunal (Mr. Boyce).

In relation to the exchange of materials, in the event Her Honour was unaware, I have already filed all my materials (see: Factum and Application Record filed and served on December 10 and 12, 2024) but for the

scanned and being hyperlinked and bookmarked.

Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Court file number: Court File No. DC-24-00000718-00JR
Type of document: email
Short title of proceeding: McLean v. TDHA et al
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: courtesy dates to the ONSC Divisional Court staff regarding the above

Dear ONSC Divisional Court (Madam Clerk, Ms. Lawarence and Ms. Ibula):

I kindly write on a courtesy basis regarding the above. From a scheduling perspective, I confirm that I am unavailable on Friday, January 10, 2025, until Tuesday, January 14, 2025 (returning on said date). You will receive my auto replies on those days.

I have two medical appointments and my quarterly EKG and blood tests on Thursday, so I am largely unavailable on Thursday. I will have limited access to email on Thursday.

In the interim, I will await to hear from the respondents regarding the above so I can, inter alia, know the position of the respondent insurance companies regarding their position regarding any preliminary objections regarding the same and, more importantly in my view, the opportunity to review the record of proceeding to see if it accords with all of my filings and some of the filings of SNIC, then TDGIC and then back to SNIC. I appreciate that there were some tech errors during the LAT Proceeding and I remain available to Mr. Boye and the Tribunal if they are missing a page, or a document and I can assist subject to my availability regarding the above. I remain concerned that the Tribunal may not have the full record of proceedings and ask if Mr. Boyce confirm or deny if there are any issues in this regard.

I respectfully submit that as the purpose of case management is “The purpose of case management is to facilitate access to justice through the timely adjudication of proceedings in Divisional Court in a cost-effective and proportional manner”, that in order to make use of a case conference for such purposes, having the record of proceeding, which is quite overdue (see: section 10 of the JRPA) with an index, tabulations and enumerations is not only helpful but necessary. While my factum and recent affidavit provide much discussion regarding the justiciability doctrine of prematurity, in order to have the discussions before justice,

served.

Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Re: several brief emails to send before I am away from my email – will be separately sent – abundance of caution

Re #2: kind request that the ONSC Divisional Court (Madam Clerk's office) – directs or requests that the respondent insurance companies (three separate entities) – provide the requisite information under the Practice Direction (Information Submitted to the Court) within two weeks of the JRPA Application being filed

Dear Madam Clerk (copied to the above addressees):

I confirm that upon further review, there are only two notices of appearance filed herein: (i) LAT (Mr. Boyce); and (ii) TDHA, SNIC and TDGIC (Mr. Nieuwland).

Only I and the Tribunal have complied with the Practice Direction involving "Information Submitted to the Court". I appreciate the reference to the above regarding exchange of documents but in the circumstances, I respectfully submit that the three insurance companies must comply with the Practice Direction and confirm or deny whether they have any preliminary objections and their time estimate for a hearing.

While I have requested the same from the three respondent insurance companies, they have not responded in kind. I would ask that your office direct or request the same from those three respondent insurance companies.

I respectfully submit that I am entitled to know who would be making what kind of argument and notice of the same whether at a triage, case conference, motion or hearing proper. Thank you kindly.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Re: confirmation that Mr. Boyce did respond to my query albeit in a separate email – context purposes

Dear Madam Clerk (copied to the above addressees):

I can confirm that Mr. Boyce did respond to me and I responded in kind in a separate thread. While I believe we canvassed the distinctness of our positions. Without delving into the truth of the contents of the emails and speaking for one another, I can confirm that I have never waived any right to hold others to compliance with any statute, regulations, rule, practice direction or guide, and the same applies to me.

For the email thread herein, I can confirm that I have provided notice to the Tribunal (as this is solely a Tribunal statutory responsibility) that if it does not file the record of proceeding by the end of the business day, I intend to rely on the non-compliance by the Tribunal for any purpose that is lawful. In that vein, and based on my reading of the language of The Honourable Madam Justice Shore, to the extent that the Tribunal does not do so, I will have to potentially bring a motion and seek costs as the record of proceeding is inextricably connected to the issue of prematurity or as many are referring to that 'anti-justiciability doctrine" as the "AAR Doctrine" (adequate alternative remedy doctrine).

Mr. Boyce appears to have a page count of 5000 some pages which I say is incorrect based on my computation of the same. However, I will await the filing and service of the same as the filing of the record of proceeding is entirely distinct from the exchange of documents such as factums and application records under the Rules of Civil Procedure.

In that vein, I have copied and pasted from my current version of my Oral Outline (draft) the following:

I note the following in relation to section 10 of the JRPA for your edification in the event you were unaware which is a direct copy and paste from the Oral Outline:

> "[17] A "proceeding" or "proceedings" refers to a process or step in a process that determines a legal right:

> more expansive . . . [T]he "word 'proceeding' has a very wide meaning, and includes steps or measures which are not in any way connected with actions or suits". In Black's Law Dictionary (6th ed. 1990), at p. 1204, the definition of "proceeding" includes, inter alia, "an act necessary to be done in order to obtain a given end; a prescribed mode of action for carrying into effect a legal right". Markevich v. Canada, 2003 SCC 9 (CanLII), [2003] 1 S.C.R. 94, [2003] S.C.J. No. 8, at para. 24.

> "The purpose of requiring a tribunal or adjudicator to file a "record of proceedings" is to ensure that when the court reviews the tribunal's decision, it has the information and evidence as it appeared before the tribunal in the first instance. A court reviewing an adjudicative decision may look at decisions to admit evidence, submissions of witnesses, and other evidence and may substitute its judgment for that of the court [or tribunal] of first instance (*Payne v. Ontario Human Rights Commission*, 2000 CanLII 5731 (ON CA), [2000] O.J. No. 2987, 136 O.A.C. 357 (C.A.), at para. 23; *Jacko v. McLellan*, 2008 CanLII 22921 (ON SCDC) at paragraph 18).:

I respectfully submit that until the Tribunal complies with its forthwith duties, it would be premature to schedule any "case management".

While there may be value to have without prejudice discussions between myself, the Tribunal and respondent insurance companies, I would ask that on a go forward basis that the Tribunal and respondent insurance companies exclusively email in this thread so we are not wasting valuable resources, and the "record" herein is complete and accurate.

Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

URGENT – IMMEDIATE NOTICE PROVIDED TO THE ONSC DIVISIONAL COURT ONCE IT BECAME KNOW TO THE APPLICANT – AS OF TODAY'S DATE

VIA EMAIL

Regarding the below (pursuant to the Consolidated Practice Direction on sending emails and enclosing documents by the document naming protocol contained therein)

Court file number: Court File No. DC-24-00000718-00JR
Type of document: email
Short title of proceeding: McLean v. TDHA et al
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: confirmation of my objection to any involvement of The Honourable Madam Justice Shore on grounds of an objectively perceived reasonable apprehension of bias based upon, inter alia, her previous position

Dear ONSC (Divisional Court):

Kindly provide a copy of this correspondence and email thread to the attention of the relevant chief justice and his or her delegate (if applicable) along with a copy to The Honourable Madam Justice Sharon Shore. I presume the Justice Shore referred to in the above is the same as below.

I wish to again express my gratitude for the opportunity and honour of arguing my case, which I say is public interest, before the ONSC (either Divisional Court or by way of a single justice of the ONSC (if applicable and leave is granted)). However, I am compelled to raise a potential conflict of interest, lack of independent and/or a reasonably perceived apprehension of bias involving the direction of Madam Justice Shore.

While I would have been able to cross-reference the Record Of Proceeding had the Tribunal complied with the same, I will do so by general references herein and in a subsequent email and then I attach the relevant affidavit material. I do not draw this to the attention of the court light. I will particularize it further in short order.

Insurance Policy (which is squarely at issue herein) had a then former spouse, by separation (in 2017), and then by divorce decree thereafter in 2018. His name is Mr. Andrew Papadimitripoulos. He is a lawyer with the LSO but a licensee solely employed by none other than TD Insurance. His address in the LSO Directory is that of the Markham office particularized in the filed materials.

As this is in my sworn evidence in the Record Of Proceeding, I arrived in Toronto on April 11, 2018, to reunite with Ms. Nicole Artopoulos. When I arrived I became aware that Mr. Andrew Papadimtriopoulos had retained family counsel in Epstein Cole. I was aware on some levels of the stage of their matrimonial litigation. There was also an offshoot of said individual engaging in a litany of deplorable pieces of conduct involving myself and Ms. Artopoulos. It is contained in an affidavit filed under seal.

While Mr. Nieuwland represented in my conflict of interest motion, where the party name was still TDGIC, that Mr. Andrew Papadimtriopoulos was never involved in my file or otherwise (see: motion response of the Fictitious Respondent in April 2024), I found evidence in the Summer/Fall 2024 that demonstrated that he was more than likely to be the signatory of the document referred to as the "As Per A. Nurse" signature document or the Forged Signature document.

As a result of the same, I would respectfully request that Madam Justice Shore not be involved in any way with this JRPA Proceeding and that her direction is set aside. I appreciate that this may require a motion from me or a set hearing date but in the interim, I have drawn this to the attention of the court to demonstrate good faith (see: cases like Yellow Cedar and Talisman).

Again, I appreciate that Madam Justice Shore is of the utmost repute but this matter is too important to myself and frankly the public to even have a scintilla of evidence that there may be an issue or perception of perceived conflict of interest or bias. This is particularly apposite when Mr. Karat, the non-licensee who improperly executed the SNIC Response works from the same location as Mr. Andrew P., and they had jointly acted on a file previously.

I will boldly presume that Madam Justice Sharon Store is the same former partner Ms. Shore at Epstein Cole LLP unless I hear otherwise.

I would ask that the chief justice or the associate chief justice direct a hearing regarding the same, by way of date, on a motion by myself in the event, after considered review which I anticipate would take a few days and into next week that Madam Justice Shore does not recuse herself and her order is not voided or set aside for the above and to follow reasons.

Thank you kindly and all of the above is without any personal attack whatsoever on Madam Justice Shore at all or the ONSC but I was compelled to notify the court et al on a prompt basis and I did so forthwith.

Appendix

Sharon Shore, a partner at Epstein Cole LLP, is appointed a judge of the Ontario Superior Court of Justice in Toronto. She replaces Justice I.A. MacDonnell, who elected to become a supernumerary judge effective July 30, 2018.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: confirmation of my objection to any involvement of The Honourable Madam Justice Shore on grounds of an objectively perceived reasonable apprehension of bias based upon, inter alia, her previous position

Dear ONSC (Divisional Court):

I write further to the above. In this regard, I attach the first of several affidavits to underscore my respectful submissions supported by uncontroverted evidence that there is a reasonable apprehension of bias by the above and to follow. I appreciate the demands upon this ONSC Divisional Court and this evidence was known to the respondent insurance companies and the Tribunal for some time. In that vein, I will provide a letter to the court at first instance that outlines some of this evidence which should have been already filed by the Tribunal.

If consent is of assistance so that this JRPA Proceeding can be governed in accordance with the Civil Rules, I would askthat the respondents consent to the relief that I am seeking informally herein.

This is titled "Affidavit #37" and it was filed under seal. Thankyou.

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

URGENT – IMMEDIATE NOTICE PROVIDED TO THE ONSC DIVISIONAL COURT ONCE IT BECAME KNOW TO THE APPLICANT – AS OF TODAY'S DATE

VIA EMAIL

Regarding the below (pursuant to the Consolidated Practice Direction on sending emails and enclosing documents by the document naming protocol contained therein)

Court file number: Court File No. DC-24-00000718-00JR
Type of document: email
Short title of proceeding: McLean v. TDHA et al
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: confirmation of my objection to any involvement of The Honourable Madam Justice Shore on grounds of an objectively perceived reasonable apprehension of bias based upon, inter alia, her previous position

Dear ONSC (Divisional Court):

Kindly provide a copy of this correspondence and email thread to the attention of the relevant chief justice and his or her delegate (if applicable) along with a copy to The Honourable Madam Justice Sharon Shore. I presume the Justice Shore referred to in the above is the same as below.

I wish to again express my gratitude for the opportunity and honour of arguing my case, which I say is public interest, before the ONSC (either Divisional Court or by way of a single justice of the ONSC (if applicable and leave is granted)). However, I am compelled to raise a potential conflict of interest, lackof independent and/or a reasonably perceived apprehension of bias involving the direction of Madam Justice Shore.

While I would have been able to cross-reference the Record Of Proceeding had the Tribunal complied with the same, I will do so by general references herein and in a subsequent email and then I attach the relevant affidavit material. I do not draw this to the attention of the court light. I will particularize it further in short order.

However, for urgency purposes, my former spouse (the named individual policyholder regarding the Insurance Policy (which is squarely at issue herein) had a then former spouse, by separation (in 2017), and then by divorce decree thereafter in 2018. His name is Mr. Andrew Papadimitripoulos. He is a lawyer with the LSO but a licensee solely employed by none other than TD Insurance. His address in the LSO Directory is that of the Markham of fice particularized in the filed materials.

As this is in my sworn evidence in the Record Of Proceeding, I arrived in Toronto on April 11, 2018, to reunite with Ms. Nicole Artopoulos. When I arrived I became aware that Mr. Andrew Papadimtriopoulos had retained family counsel in Epstein Cole. I was aware on some levels of the stage of their matrimonial litigation. There was also an offshoot of said individual engaging in a litany of deplorable pieces of conduct involving myself and Ms. Artopoulos. It is contained in an affidavit filed under seal.

While Mr. Nieuwland represented in my conflict of interest motion, where the party name was still TDGIC, that Mr. Andrew Papadimtriopoulos was never involved in my file or otherwise (see: motion response of the Fictitious Respondent in April 2024), I found evidence in the Summer/Fall 2024 that demonstrated that he was more than likely to be the signatory of the document referred to as the "As Per A. Nurse" signature document or the Forged Signature document.

with this JRPA Proceeding and that her direction is set aside. I appreciate that this may require a motion from me or a set hearing date but in the interim, I have drawn this to the attention of the court to demonstrate good faith (see: cases like Yellow Cedar and Talisman).

Again, I appreciate that Madam Justice Shore is of the utmost repute but this matter is too important to myself and frankly the public to even have a scintilla of evidence that there may be an issue or perception of perceived conflict of interest or bias. This is particularly apposite when Mr. Karat, the non-licensee who improperly executed the SNIC Response works from the same location as Mr . Andrew P., and they had jointly acted on a file previously.

I will boldly presume that Madam Justice Sharon Store is the same former partner Ms. Shore at Epstein Cole LLP unless I hear otherwise.

I would askthat the chief justice or the associate chief justice direct a hearing regarding the same, by way of date, on a motion by myself in the event, after considered review which I anticipate would take a few days and into next weekthat Madam Justice Shore does not recuse herself and her order is not voided or set aside for the above and to follow reasons.

Thankyou kindly and all of the above is without any personal attackwhatsoever on Madam Justice Shore at all or the ONSC but I was compelled to notify the court et al on a prompt basis and I did so forthwith.

Appendix

Sharon Shore, a partner at Epstein Cole LLP, is appointed a judge of the Ontario Superior Court of Justice in Toronto. She replaces Justice I.A. MacDonnell, who elected to become a supernumerary judge effective July 30, 2018.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Without delving into the truth of the contents of the emails and speaking for one another, I can confirm that I have never waived any right to hold others to compliance with any statute, regulations, rule, practice direction or guide, and the same applies to me.

Tribunal statutory responsibility) that if it does not file the record of proceeding by the end of the business day, I intend to rely on the non-compliance by the Tribunal for any purpose that is lawful. In that vein, and based on my reading of the language of The Honourable Madam Justice Shore, to the extent that the Tribunal does not do so, I will have to potentially bring a motion and seek costs as the record of proceeding is inextricably connected to the issue of prematurity or as many are referring to that 'anti-justiciability doctrine" as the "AAR Doctrine" (adequate alternative remedy doctrine).

Mr. Boyce appears to have a page count of 5000 some pages which I say is incorrect based on my computation of the same. However, I will await the filing and service of the same as the filing of the record of proceeding is entirely distinct from the exchange of documents such as factums and application records under the Rules of Civil Procedure.

In that vein, I have copied and pasted from my current version of my Oral Outline (draft) the following:

I note the following in relation to section 10 of the JRPA for your edification in the event you were unaware which is a direct copy and paste from the Oral Outline:

> "[17] A "proceeding" or "proceedings" refers to a process or step in a process that determines a legal right:
>
> > Although the word "proceeding" is often used in the context of an action in court, its definition is more expansive . . . [T]he "word 'proceeding' has a very wide meaning, and includes steps or measures which are not in any way connected with actions or suits". In Blacks Law Dictionary (6th ed. 1990), at p. 1204, the definition of "proceeding" includes, inter alia, "an act necessary to be done in order to obtain a given end; a prescribed mode of action for carrying into ef fect a legal right". Markevich v . Canada, 2003 SCC 9 (CanLII), [2003] 1 S.C.R. 94, [2003] S.C.J. No. 8, at para. 24.

> "The purpose of requiring a tribunal or adjudicator to file a "record of proceedings" is to ensure that when the court reviews the tribunal's decision, it has the information and evidence as it appeared before the tribunal in the first instance. A court reviewing an adjudicative decision may look at decisions to admit evidence, submissions of witnesses, and other evidence and may substitute its judgment for that of the court [or tribunal] of first instance (*Payne v. Ontario Human Rights Commission*, 2000 CanLII 5731 (ON CA), [2000] O.J. No. 2987, 136 O.A.C. 357 (C.A.), at para. 23; *Jacko v. McLellan*, 2008 CanLII 22921 (ON SCDC) at paragraph 18).:

I respectfully submit that until the Tribunal complies with its forthwith duties, it would be premature to schedule any "case management".

While there may be value to have without prejudice discussions between myself, the Tribunal and respondent insurance companies, I would ask that on a go forward basis that the Tribunal and respondent insurance companies exclusively email in this thread so we are not wasting valuable resources, and the "record" herein is complete and accurate.

Thankyou.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Re #2: kind request that the ONSC Divisional Court (Madam Clerk's office) – directs or requests that the respondent insurance companies (three separate entities) – provide the requisite information under the Practice Direction (Information Submitted to the Court) within two weeks of the JRP A Application being filed

Dear Madam Clerk(copied to the above addressees):

I confirm that upon further review, there are only two notices of appearance filed herein: (i) LAT (Mr. Boyce); and (ii) TDHA, SNIC and TDGIC (Mr. Nieuwland).

Only I and the Tribunal have complied with the Practice Direction involving "Information Submitted to the Court". I appreciate the reference to the above regarding exchange of documents but in the circumstances, I respectfully submit that the three insurance companies must comply with the Practice Direction and confirm or deny whether they have any preliminary objections and their time estimate for a hearing.

While I have requested the same from the three respondent insurance companies, they have not responded in kind. I would askthat your of fice direct or request the same from those three respondent insurance companies.

I respectfully submit that I am entitled to know who would be making what kind of ar gument and notice of the same whether at a triage, case conference, motion or hearing proper. Thankyou kindly .

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Subject: RE: LAT's Notice of Appearance : McLean v. TD Home and Auto Insurance et al. : 718/24

Good afternoon,

It is my understanding that the Court has advised the parties to wait for further case management directions, which potentially involves a case conference to address prematurity, the issues raised by the Applicant in this email chain, and to approve a timetable for materials and a hearing format, etc.

If the Court is considering scheduling a case conference, the LAT respectfully requests that it be scheduled on or after January 2, 2025, so that all parties may participate.

Thank you,

Jesse A. Boyce (he/him)

Regarding the below (pursuant to the *Consolidated Practice Direction* on sending emails and enclosing documents by the document naming protocol contained therein)

Court file number: Court File No. DC-24-00000718-00JR
Type of document: Letter (email):

Short title of proceeding: *McLean v. TDHA et al*
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: courtesy query to the respondents and full disclosure approach for benefit of the ONSC Divisional Court regarding the positions of the respondents regarding the implications of the legal test in Ontario (Energy Board) v. Ontario Power Generation Inc., 2015 SCC 44 and other aspects detailed below

Dear Sirs/Mesdames/other gender-neutral pronouns:

1. I write regarding the above and, as noted, a courtesy approach and full disclosure approach with a focus on the paramount issues being public interest issues on a substantive

reviewing the required protocols and Practice Direction, along with finalizing the oral compendium, in hyperlinked bookmarked form, I was reviewing my cited case of *Drewlo Holdings Inc. v. MPAC*, 2023 ONSC 4839 ["*Drewlo*", also defined as the "Tranquilli Decision"] which was before the Superior Court of Justice – Ontario Divisional Court [London] with a written endorsement by the Honourable Justice Tranquilli. It was heard on July 6, 2023, with said written endorsement being issued by the ONSC Divisional Court on August 24, 2023.

2. I have been, in my view, exceedingly over-inclusive and comprehensive herein for the reasons stated herein. I thank all for their consideration of my queries and I politely ask that you, with particular reference to the Tribunal, AGO and respondent insurance companies (with particular reference to SNIC and TDHA) revert back to me at your earliest opportunity.

3. I adopt the definitions from my filed documents in this JRPA Proceeding and they have the same meaning herein as they do therein.

4. From my review of Drewlo, the Assessment Review Board, another tribunal which is part of the Tribunals Ontario (13 different tribunals by my computation) (defined in this letter as the "Board" or "ARB Tribunal"), sought leave pursuant to Rule 13.02 of the Rules of Civil Procedure (the "Civil Rules") as Drewlo Holdings Inc.[i] had sought leave to appeal (not judicially review per se) (see: paragraph 1 and 2). Drewlo Holdings Inc. took issue with a decision of the Board which held that the Municipal Property Assessment Corporation ("MPAC") had the statutory authority under section 33 of the Assessment Act to issue a second 'omitted' assessment[ii] in the same taxation year in respect of two of three apartment towers that Drewlo Holdings Inc. converted into individual units under a registered condominium plan (see: paragraph 2). Drewlo Holdings naturally opposed the same in arguing that MPAC, which I presume is the separate and distinct corporation that was created by the City of London to engage in the assessment of property tax assessments for various properties in the city of London (province of Ontario), had already issued an omitted assessment for the same property[iii] in May 2019. Drewlo Holdings Inc. made other arguments event though the 'omitted assessment' allegedly had some surficial issues in failing to address those units converted to the registered condo plan, the Appellant (Drewlo Holdings Inc.) argued that MPAC did not have statutory authority under section 33 of the Assessment Act[iv] as the "land" had already been assessed under the Assessment Act and the 'second omitted assessment' was without authority or ultra vires MPAC.

5. The Board (ARB Tribunal) rejected Drewlo Holding Inc.'s argument and dismissed its appeal[v] [before it]. The Board found that the relevant question was whether the registration of the condo plan created new "lands" to be added to the Assessment Roll. Presumably, this definition created by Drewlo Holdings Inc. of "omitted assessment" had no merit because if new lands were created then its argument of the "land" being previously assessed was predicated on a false premise[vi] and MPAC's assessment position was correct.

6. As Drewlo sought to appeal, it had to obtain leave to appeal the Board (ARB Tribunal)'s decision. In a 2023 decision[vii] of the ONSC Divisional Court, in its capacity

Nicholson of the ONSC Divisional Court) granted leave to appeal. There was certainly much in the way of "money on the line" in this appeal of the decision of a statutory body (ARB Tribunal) as MPAC had reassessed the "land and buildings" (as the previous assessment involved the "land" only as per the lands being vacant without the towers) with a combined total increasing some nearly 66 million dollars [viii].

7. Returning to the Board's motion before Justice Tranquilly, MPAC took no position yet the City of London consented to the Board's motion (see: paragraph 6[ix]).[x] Drewlo Holdings Inc. vigorously opposed the Board's participation in its [Drewlo Holdings] appeal of the Board's decision where it alleged five errors of law in the Board' s decision.

8. As the JRPA Application, Applicant's Factum and Applicant's Application Record were filed and served last week, along with the filing of the Certificate Of Perfection, I felt compelled to draw this to the attention of the above noted respondents before they engaged in potential responsive factums. I also note the same considering the duty of the Tribunal to file the "record of proceeding" (see: SPPA). I will note, parenthetically, that if the Tribunal counsel wishes to have may assistance in this regard, I would be pleased to assist in any form it wishes in that regard. I also note that in the separate [absent the inclusion of the court for respect of its resources] "triage" between myself with Mr. Boyce being responsible for the dialogue on behalf of the Tribunal, which I have appreciated not only in substance but in his professionalism, forthrightness and candour, he has referenced a conventional timeline for the provision of the record of proceeding. I will defer to his expertise in appearing as counsel before the Divisional Court in that regard but I cannot find any particular rule in the Civil Rules or section in the Practice Direction referencing the same. I will not divulge those communications (i.e. the truth of their contents), at this time or thereafter, without his consent or if required by this ONSC Divisional Court. I do not say anything is "earth shattering" per se but out of respect for him and the Tribunal and those therein and the spirit of a "triage" without the inclusion of ONSC Divisional Court (Madam Clerkand her staf f).

9. To harp on the "full disclosure spirit" from my side, I note that while respondents are required to respond to the factum and application record within 30 days of its service upon them, and I though, in good faith, it would be unfair to them to raise this issue as soon as it somewhat crystalized. As noted, we have a slight gap in days between the Applicant's Factum and Applicant's Application Record but that is not the seminal point that I am wishing to convey. We have, in my view, based on research of the case law, somewhat of an unprecedented situation based on what has crystallized as of now being December 19, 2024, by way of date of creating said letter, and December 20, 2024, when deemed received. Moreover, with various "statutory holidays", I appreciate that many recipients herein may be taking time away from their vocations and the "office" (whether physical, "at home" or remote). I thought it would be unfair to continue to review this issue and then provide such a position during late December or early January 2025 with the timelines noted above. The reason for saying the same is what is referencing, in part, at paragraphs 7 to 9, in the Tranquilli Decision. The Board submitted that it did not intend to argue the merits of its decision (i.e. the decision it issued) and would not take a position on the outcome of the appeal (before the ONSC Divisional Court) or the current value of the subject property.

10. While I have very much appreciated the candour of Mr. Boyce, counsel to the Tribunal, whilst I do not believe I have had any other substantive emails from the other named

Tribunal in a counsel or adjudicative capacity, I note that its preliminary objection raised was that of "prematurity". I would respectfully submit that I have already faced that issue in the Applicant's Factum with painstaking detail with reference to a litany of cited authorities but the exceptional circumstances herein along with reference to the ONCA appellate authority of ME v. Ontario (2021), citing *Atlas*, Kerr et al, as to why the aspects of the VCM Decision, solely relate to some relief (which included orders, determinations, findings and declarations) sought in NOM #14 and NOM #15, that a decision that does any of the following: (i) add or not add party; (ii) grant or refuse an order to amend pleading by any current or future party; and/or (iii) grant or refuse an order to add a cause of action, is a final order and not interlocutory.

11. I hope that the Applicant's Factum remains sufficiently clear that I do not dispute that the relief that I sought, which was dismissed, in NOM #13, was interlocutory as it sought documents from a non-party in TDGIC. I am not challenging the same despite VCM in the VCM Decision consolidating NOM #13 and NOM #15 for decision issuance purposes.

12. Returning to paragraph 7 of the Tranquilli Decision, I note the language of the "proposed factum" in support of the Board's motion, the Board sought to provide the court with the statutory and procedural context for its decision and to make "limited submissions". In the consecutively alphabetized list of the Tranquilli Decision, they were: (a) limited to questions or law or an extricable question of law from a finding of mixed fact and law; (b) applicable standard of review of correctness within the context of the Board's specialized function; and (c) procedural fairness as it relates to the tribunal (ARB Tribunal) ability to make procedural choices and to the extent to which the Board may consider law or argument not raised by the parties.

13. Relating to this JRPA Application, there is no dispute that the only "parties" at the time of the VCM Decision were myself and SNIC. The JRPA Application, along with that of the Reconsideration Submissions to the LAT, contained in the Application Record, and Applicant's Factum provide a bevy of cases as to why the standard of review is correctness when measured against the undisputed evidence before Vice Chair Morrissette. For continued context and out of an abundance of caution, there were no materials filed on behalf of the sole respondent party in SNIC, as it was the only insurance company that filed a Response (defined as the "SNIC Response") in relation to my delivered LAT Appeal, by fax, to the 416.774.3120 fax number at first instance, and TDHA (as it relates to NOM #14 and NOM #15).

14. There is no issue, by way of example and dovetailing the facts herein to that of the Tranquilli Decision, to an allegation of procedural fairness breaches by not raising an issue by the parties at the time of the VCM Decision but considered by VCM. There is certainly a finding, against me, that I had not cited relevant law or authorities which I dispute in the Reconsideration Motion, JRPA Application and Applicant's Factum. However, I need not digress as that is a matter for the ONSC Divisional Court.

15. There has been a reference from some time back by one of the counsel for the government about a "joint response" and Ms. Im had reached out to me regarding some of the specifics of the rules and statute and some intimation of jointness. I do not wish to speak for that email per se but she can correct me if she wishes but that is my reading in part. However, in this regard, having a response from the distinct counsel for their clients,

is somewhat or entirely distinct. I defer to their organizational setup in that regard and do not wish to speak ignorantly per se. Fortuitously, the response of the erudite Ms. Im may also assist us, at least informally with further details to be reconciled, not requiring any further participation from her and her "office" and employer (client) per se. I can confirm, by reference to the Applicant's Factum and Application Record, that I am not raising any constitutional or vires questions. To ensure I am clear herein, I am not in any way supplementing or attempting to supplement my JRPA Application and Factum but raising this issue, by reference to the

16. I can also confirm that I did receive a response from the privacy division of LAT (MAG), albeit it required my inclusion of the Honourable Attorney General of Ontario in Mr. Downey himself with some level of intensity on my part, I do not view it as compliant to my access request. That being said, I shall work the requisite channels in that regard. However, at this time, not much turns on that and I can confirm that I will not be bringing any fresh evidence as I do not have any that would be worthy of a motion. I provide that information as per the relief sought in my JRPA Application which was somewhat forward looking based on the status at that time. If any of the addressees require further details as to what I was seeking, and what remains extant in my review, I am amenable to providing the same. However, I respectfully doubt that it will be necessary in light of the representations made in this paragraph.

Paragraph Eight (8) of the Tranquilli Decision: limited submissions from the Tribunal

17. In paragraph eight of the **Tranquilli Decision**, the Board submitted that its proposed limited submissions, by reference to its proposed factum [xi], would promote the following:

a. Full and informed adjudication; but

b. Without compromising tribunal impartiality or prejudicing the parties.

The Guide, "What to Include in a Application for Judicial Review" (third paragraph of page five)

18. Admittedly, the reference to "parties" is one that I will continue to research with reference to the Civil Rules and the Practice Direction. However, I again note, consistent with my previous position, that the Ontario Superior Court of Justice Guide to Judicial Review in Divisional Court (the "JR Divisional Court Guide" or "Guide") and other secondary sources espouse the view, at least implicitly, that only those that participated in the hearing (a "written hearing" in "written format" (see: SPPA, section 1 et al) are entitled to participate in a JRPA proceeding or at the very least, the hearing of a JRPA application. In that regard, I re- confirm my previous positions that the respondent insurance companies in SNIC and TDHA did not participate in the hearing before VCM and did not seek any reconsideration of the same – even on legal or participatory grounds. I again reiterate my position regarding the Purported Appearance by the three respondent insurance companies and the potential requirement for leave based on the aforementioned grounds in the Applicant's Factum.

raised any preliminary issues at this time. The sole issue of prematurity was raised by Mr. Boyce on behalf of the Tribunal. To reinforce the collaborative approach with the evolution and/or creation of the law in what I say is a "test case" or "novel case" or at least one with unprecedented facts, I would be most grateful to know what was meant by "joint response" (or words to that effect). In erring on the side of caution, I wish to confirm whether any proposed factum by the LAT would solely be on behalf of the LAT or it would include, even by implication, any responses on behalf of any other respondents. I ask this question or pose this query considering the current status and the timelines above and the 30 days to provide a responsive factum being the ultimate deadline with no preclusion of filing and serving earlier.[xii] I will kindly and politely confirm that I will object to any respondent, irrespective of their status as a party or not a party, engaging in attempting or purporting to filing any materials that engage in the same. I trust that is sufficient for notice purposes and it was an appropriate time to do so.

20. Returning to the denoted heading herein, I note that the NOA was required to be served on the Ago by reference to the word "must". I self-evidently did so by reference to Ms. Im's kind and prompt overture at the outset.

21. In relation to the decision-maker , I followed the ONSC Divisional Court Guide in being over-inclusive by serving VCM as it related to the 'original hearing' and that of VCL as it related to the 'reconsideration hearing'. However, I note that the Guide only utilizes the language of 'original hearing' which I infer or deduce refers, in these circumstances, to the VCM Decision.

22. It is the next sentence, which is sentence four in the Guide under this heading (page 5), with reference to the words of: (i) party; (ii) decision-maker; (iii) proceedings; and (iv) may, that is still subject to my research and why I welcome the position of the LAT.

The definition of "party" and Distinction between Rule 13.02 and Rule 13.02

23. I note that "party" is not defined under the Civil Rules. The word "party" by 'control f function' of the Civil Rules is referenced some 1,501 times. I am currently going through the same so I beg the pardon of all if I have missed it.

24. However, I do note the definition of "respondent party", which is: '"responding party" means a person against whom a motion is made', but naturally applies to a "motion", which means "a motion in a proceeding or an intended proceeding". Naturally, we have a "proceeding" and not an "intended proceeding".

25. Further, my review of my represented potential request to proceed before a single justice of the ONSC Divisional Court appears to be by way of "request" and not motion. I have deduced the same by my review of the Practice Guide and note my continued obligation to upload all documents into the Case Center. However, I will, of course, defer to the expertise and practice of the Divisional Court in an JRPA proceeding, and, of course,

this was important to canvas prior to doing the same while noting the word "prompt".

26. I note the following from Rule 13.01:

27. I have copied and pasted Ruel 13.02 and Rule 13.03 herein:

> **Leave to Intervene as Added Party**
>
> **13.01** (1) A person who is not a party to a proceeding may move for leave to intervene as an added party if the person claims,
>
> (a) an interest in the subject matter of the proceeding;
>
> (b) that the person may be adversely af fected by a judgment in the proceeding; or
>
> (c) that there exists between the person and one or more of the parties to the proceeding a question of law or fact in common with one or more of the questions in issue in the proceeding. R.R.O. 1990, Reg. 194, r. 13.01 (1).
>
> (2) On the motion, the court shall consider whether the intervention will unduly delay or prejudice the determination of the rights of the parties to the proceeding and the court may add the person as a party to the proceeding and may make such order as is just. R.R.O. 1990, Reg. 194, r . 13.01 (2).
>
> **Leave to Intervene as Friend of the Court**
>
> **13.02** Any person may, with leave of a judge or at the invitation of the presiding judge or associate judge, and without becoming a party to the proceeding, intervene as a friend of the court for the purpose of rendering assistance to the court by way of argument. R.R.O. 1990, Reg. 194, r. 13.02; O. Reg. 186/10, s. 1; O. Reg. 711/20, s. 7; O. Reg. 383/21, s. 15.
>
> **Leave to Intervene in Divisional Court or Court of Appeal**
>
> **13.03** (1) Leave to intervene in the Divisional Court as an added party or as a friend of the court may be granted by a panel of the court, the Chief Justice or Associate Chief Justice of the Superior Court of Justice or a judge designated by either of them. R.R.O. 1990, Reg. 194, r. 13.03 (1); O. Reg. 292/99, s. 4; O. Reg. 186/10, s. 2; O. Reg. 82/17, s. 16.

28. The aforementioned subrules read similarly but for the self-evident distinctions.

Returning to the Tranquilli Decision

Divisional Court should have dismissed the Board's motion.

30. The Honourable Justice Tranquilli found that the Board did not have a statutory right to appear in the Appeal. This is a "judicial review" pursuant to the JRPA and not any others statutory right of appeal. For sake of dovetailing the relevant statute for an appeal (a 'statutory appeal') to herein, section 11 of LATA, specifically the subsections infra, states:

> **"11** (1) Subject to subsections (2) to (6), a party to a proceeding before the Tribunal relating to a matter under any of the following Acts may appeal from its decision or order to the Divisional Court in accordance with the rules of court:
>
> **Question of law only**
>
> (3) An appeal may be made on a question of law only. 2011, c. 1, Sched. 1, s. 5 (5).
>
> **Right to be heard**
>
> (5) The Minister responsible for administration of the Act under which the decision that is the subject of the appeal was made is entitled to be heard, by counsel or otherwise, on the appeal. 2018, c. 12, Sched. 2, s. 54 (4).
>
> ***Insurance Act* appeals — question of law only**
>
> (6) An appeal from a decision of the Tribunal relating to a matter under the *Insurance Act* may be made on a question of law only. 2014, c. 9, Sched. 5, s. 5 (3)."

31. Naturally, there is a filed notice of appearance from the Tribunal herein. The Purported Appearance by the respondent insurance companies was not filed forthwith and the issue is whether it can participate herein when it did not in the seminal hearings and the decisions that are issue in this JRPA Proceeding. Certainly, the Tribunal 'participated' by issuing its decision. I presume the question arises as to whether the AGO and LAT are 'entitled' to participate on the facts and current status. I am still researching that issue and I will revert back if I find anything that is of substance to add herein but certainly welcome the positions of those two aforementioned as to whether there is an entitlement to participate, and whether that has changed in light of current status. I address the legal test from the Ontario (Energy Board), with the benefit of some secondary source material, infra with respect to the indicia in the common law test. I have done so in somewhat alternative manners considering I cannot prognosticate the future when considering the many permutations.

32. In the Tranquilli Decision, Justice Tranquilli found, or by reference to the position of Drewlo Holdings Inc., at paragraph 9, that the appeal before the ONSC Divisional Court was opposed by two responding parties such that there are no 'gaps' in the record that would benefit from the Board's participation. The parties, which were three (3) parties with

respectively to the Board's motion, were represented by knowledgeable and experienced counsel who would be able to make fully informed arguments to the appellate panel of the ONSC Divisional Court. Drewlo Holdings Inc. contended that the Board's participation, under its limited proposed terms, were unnecessary and threatened to compromise board impartiality. Drewlo Holdings Inc., at the last sentence of paragraph nine, submitted to Justice Tranquilli, that *some* of the Board's proposed submissions (in its proposed factum) verged on addressing the merits of the appeal and defending the Board (ARB Tribunal's) decision.

33. Again, I do not suggest that Mr. Boyce, or Ms. Im to that end, have represented in any manner that they intended to do so per se. However, if history is any teacher from the LAT Appeal, I believe it is best to ensure that we are not engaging in any unnecessary motions before the ONSC Divisional Court regarding issues that could have been canvassed and resolved without the necessity for the same.

A more relaxed attitude to tribunal participation in statutory appeals

34. I quote from paragraph 10 of the Tranquilli Decision for ease of reference, and because Ontario (Energy Board) is cited therein:

> "[10] The applicable principles that guide the court's exercise of its discretion under Rule 13.02 on the question of tribunal intervention are well recognized. This includes consideration of the factors outlined in *Peel (Regional Municipality) v. Great Atlantic & Pacific Co. of Canada Ltd.*, (1990) 1990 CanLII 6886 (ON CA), 74 O.R. (2d) 164 and the non-exhaustive factors identified in *Ontario (Energy Board) v. Ontario Power Generation Inc.*, 2015 SCC 44 (CanLII), [2015] 3 S.C.R. 147 at para. 59. Concerns about tribunal participation on appeal should not be read to establish a categorical ban. For the most part, there is a more relaxed attitude in allowing tribunal participation in statutory appeals of its decisions. A discretionary approach provides the best means of ensuring the principles of finality and impartiality are respected without sacrificing the ability of reviewing courts to hear useful and important information and analysis. *Ontario (Energy Board)*, at paras. 46, 52.

35. I presume that the more relaxed attitude to the LAT's participation herein, and perhaps including the MAG, in a statutory appeal is further underscored by the above noted sections of LATA which further specify the entitlement to only questions of law only under the Insurance Act and the participation of the Minister responsible for administration of the Act at issue.

36. It appears that the unassailable corollary, as a matter of this being a JRPA Proceeding and not an appeal under LATA, is that there is a less relaxed attitude to the participation (not merely a Notice of Appearance) in this JRPA Proceeding involving the LAT (Tribunal).

the Board (ARB Tribunal) to participate in that appeal on the proposed terms, by reference to the proposed factum included in the Board's motion, but with the caveat that it was subject to the discretion of the hearing panel of the Appeal before the ONSC Divisional Court (see: paragraph 11 of the Tranquilli Decision).

38. I will have to urgently review the principles under section 13.03 of the Civil Rules due to the urgency of my JRPA Application. However, in the interim, I note the following principles from Ontario (Energy Board), secondary source article[xiii] from the Alberta Law Review in Mr. Lorne Neudorf (JD (Victoria), LLM (McGill), PhD (Cambridge); Member of the Law Society of Upper Canada; Assistant Professor, Thompson Rivers University, Faculty of Law) when referencing the three principles where the statute (or multiple statutes) do NOT *clearly resolve the issue*:

> In accordance with the foregoing discussion of tribunal standing, where the statute does not clearly resolve the issue, the reviewing court must rely on its discretion to define the tribunal's role on appeal. While not exhaustive, I would find the following factors, identified by the courts and academic commentators cited above, are relevant in informing the court's exercise of this discretion: (1) If an appeal or review were to be otherwise unopposed, a reviewing court may benefit by exercising its discretion to grant tribunal standing. (2) If there are other parties available to oppose an appeal or review, and those parties have the necessary knowledge and expertise to fully make and respond to arguments on appeal or review, tribunal standing may be less important in ensuring just outcomes. (3) Whether the tribunal adjudicates individual conflicts between two adversarial parties, or whether it instead serves a policy-making, regulatory or investigative role, or acts on behalf of the public interest, bears on the degree to which impartiality concerns are raised. Such concerns may weigh more heavily where the tribunal served an adjudicatory function in the proceeding that is the subject of the appeal, while a proceeding in which the tribunal adopts a more regulatory role may not raise such concerns.

39. Returning the JRPA, I note the permissive language used by the Legislature and in reference to the definition of "party" whilst including section 2(1) for completeness purposes:

> "party" includes a municipality, association of employers, a trade union or council of trade unions which may be a party to any of the proceedings mentioned in subsection 2 (1); ("partie")
>
> **Applications for judicial review**
>
> **2** (1) On an application by way of originating notice, which may be styled "Notice of Application for Judicial Review", the court may, despite any right of appeal, by order grant any relief that the applicant would be entitled to in any one or more of the following:
>
> 1. Proceedings by way of application for an order in the nature of mandamus, prohibition or certiorari.

both, in relation to the exercise, refusal to exercise or proposed or purported exercise of a statutory power. R.S.O. 1990, c. J.1, s. 2 (1).

40. I also note that section 9(2) uses the word "may" as well:

> **Exerciser of power may be a party**
>
> (2) For the purposes of an application for judicial review in relation to the exercise, refusal to exercise or proposed or purported exercise of a statutory power, the person who is authorized to exercise the power may be a party to the application. R.S.O. 1990, c. J.1, s. 9 (2).

41. It is trite that the language of 'may be a party to the application' and the right to be heard and represented by counsel are distinct concepts. Again, I will continue to research that issue and welcome the position of the Tribunal from a legal and factual point of view (i.e. in relation to this JRPA Proceeding herein).

42. However, it would seem that the common law principles from the Ontario (Energy Board) case are applicable herein as follows:

> a. If a[n]…. review were to be otherwise unopposed, a reviewing court may benefit by exercising its discretion to grant tribunal standing;
>
> b. If there are other parties available to oppose a[n]…. review, and those parties have the necessary knowledge and expertise to fully make and respond to arguments on review, tribunal standing may be less important in ensuring just outcome; and
>
> c. Whether the tribunal adjudicates individual conflicts between two adversarial parties, or whether it instead serves a policy-making, regulatory or investigative role, or acts on behalf of the public interest, bears on the degree to which impartiality concerns are raised. Such concerns may weigh more heavily where the tribunal served an adjudicatory function in the proceeding that is the subject

43. In returning to the above distinction between merely being a "party" and the right to be heard, and clear specification of a role, the extrapolation herein is that the Tribunal is entitled to be a party but its role and right to be heard is factually driven. Herein, I respectfully submit that Tribunal counsel have little to nothing to add to this JRPA Proceeding. The VCM Decision is certainly not deficient in its reasons per se by language or length. My challenges to it and its implications are self-evident therein. There is another reason for my objection to the same and that is that the LAT, to my last recall, is not "government funded per se" but funded by the "insurance industry". If my example is any indication, premiums paid to SNIC, SNIC choosing to file the SNIC Response, then not

she then was, all while holding the premiums paid to it while presumably making an above market return of investment ("ROI"), then it is as if the insurance companies are paying the decision makers at the Licence Appeal Tribunal. I do not raise that point lightly but also for general and public importance aspects in any necessary balancing (if applicable) to be engaged in by this ONSC Divisional Court.

44. In the Alberta Law Article by the aforementioned author, I note the following at page five (i.e. the number of pages in the CanLII document) and page 223 of that edition of the Alberta Law Review:

> "Applying the law to the facts of the case, Justice Rothstein observed that the enabling legislation provided the Board with a right to be heard in an appeal but fell short of specifying its role in the appearance."

45. We also do not know if the respondent insurance companies are intending to seek leave to participate and on what terms or conditions per se. However, this can be dealt with in my view by Mr. Nieuwland responded, ever so briefly, as to whether SNIC and TDHA oppose the relief sought (some or all) in the JRPA Application and further particularized in the Applicant's Factum.

46. Each part of the legal test cannot be analyzed in a vacuum per se.

47. The Licence Appeal Tribunal is an adjudicative body and has held itself as such. Therefore, this factor militates in the Tribunal not participating in this JRPA Proceeding.

48. The again referenced oddity herein is that while the respondent insurance companies may oppose or not oppose some relief, even if they oppose, the "record of proceeding" and "application record" are document based and cannot be changed. The same is applicable to the lackof any participation by SNIC and TDHA in NOM #14 and NOM #15.

49. At page 222 in the Alberta Law Review article, the distinction between a standard of review of reasonableness and correctness is relevant as well:

> "This role would be particularly important in relation to a reasonableness review of an administrative decision to ensure that the reviewing court was fully informed in assessing the reasonableness of the outcome."

50. Whether the ONSC Divisional Court finds my arguments persuasive or not and whether the VCM Decision was correct or not is a matter of speculation that I cannot engage in but the issues raised are ones that are naturally on the correctness standard of review. I respectfully note that this militates in favour of the Tribunal's participation role (if any) to be minimal.

51. I further note at paragraph 13 of the Tranquilli Decision that even in an insurance case involving *Hutchison v. Aviva General Insurance Company*, 2022 ONSC 7136, that Justice Tranquilli found that the court put limits on the proposed participation (while also citing Tartu College) such as limiting the tribunal from making submission on standard of review or any reasonable apprehension of bias. I have certainly squarely put some of the inflammatory language used by VCM directed at me regarding me, inter alia, putting a "strain on the Tribunal" and apparently abusing the process of the Tribunal while apparently curtailing (I believe she meant "circumventing") certain "non-rules" like length of affidavit material.

52. Justice Tranquilli in the Tranquilli Decision also distinguished between the MPAC and City of London which is yet another factor where it would be helpful to hear from the above noted persons.

Conclusion

53. I would be most grateful to hear, with particular reference, from: (i) counsel to the Tribunal in Mr. Boyce; and (ii) counsel (Mr. Nieuwland) to SNIC (in the Tribunal and herein) and counsel to TDHA (at this level but at the Tribunal), regarding their positions regarding this query to them.

54. This will also affect any potential costs of this JRPA Proceeding and whether there can, at law, be an agreement on costs and by whom (if applicable). I also say the positions or lackthereof of the above may also af fect how I fashion and focus the Oral Compendium.

55. I respectfully reserve the right to formalize this letter onto letterhead for "filing purposes" or "formality purposes" as I believe the delivery of the same and the responses are consequential to not only the routes taken hereafter but the outcome of this JRPA Application.

56. Should anything be unclear, I ask that any of the addressees kindly ask the same forthwith so we can work together out of respect for the law and the resources of the ONSC Divisional Court.

57. In the spirit of drawing these issues with particulars to the attention of the above potential participants, I shall leave it there so they have ample notice of the same and an opportunity to respond informally and formally. To the extent I add or amend anything (whether procedurally or substantively), I shall do so with an "underling" for amendments" and a "strikethrough" for deletion.

58. I confirm that this letter is to be solely received for the above purposes to ensure that we are working together in a professional and adherence to the law fashion while respecting the finite and valuable resources of the ONSC Divisional Court. I respectfully reserve my rights and will await the positions of the above persons (not named the ONSC

application.

59. Thankyou kindly .

---

[i] **Drewlo Holdings** Inc. is a family-owned business that has been developing, constructing and managing apartment buildings for over 60 years (as per LinkedIn profile)

[ii] The word "omitted" was likely defined as a result of: 33 (1) The following rules apply if land liable to assessment has been in whole or in part omitted from the tax roll for the current year or for all or part of either or both of the last two preceding years, and no taxes have been levied for the assessment omitted:

1. The assessment corporation shall make any assessment necessary to correct the omission.
2. If the land is located in a municipality, the clerk of the municipality shall alter the tax roll upon receiving notice of the change, and the municipality shall levy and collect the taxes that would have been payable if the assessment had not been omitted.
3. If the land is located in non-municipal territory, the Minister shall alter the tax roll upon receiving notice of the change and shall collect the taxes that would have been payable if the assessment had not been omitted.

(2) For the purposes of this section,

"omitted" includes the invalidation or setting aside of an assessment by any court or assessment tribunal on any ground except that the land is not liable to taxation.

[iii] Although the issue appears to be that MPAC issued this second "omitted" assessment in relation to two of three properties

[iv] Without delving too deeply into the minutia of Drewlo v. MPAC, it appears that the Assessment Act was amended since 2019.

[v] Like the language I have utilized relating to the "LAT Appeal" and being an "Appellant" before the LAT (Tribunal).

[vi] Singular usage of "land" versus "lands" (by the creation of the same through a registered condo plan i.e. the conversion of those buildings (at least two of three) to individual units)

[vii] Drewlo Holdings v. MPAC, 2023 ONSC 1466 (CanLII), <https://canlii.ca/t/jvwjq

[viii] In January 2019, MPAC conducted an assessment of the current value of the property and concluded that the total value of the property (land and the three towers) was $68,410,000. This was comprised of $2,602,000 for the land and $65,808,000 for the towers (see: Drewlo Holdings v. MPAC, 2023 ONSC 1466 (CanLII), at para 8, <https://canlii.ca/t/jvwjq#par8>, retrieved on 2024-12-19)

[ix] Drewlo Holdings Inc. v. MPAC, 2023 ONSC 4839 (CanLII), at para 6, <https://canlii.ca/t/k03rn#par6>, retrieved on 2024-12-19

[x] I respectfully say an interesting morsel therein which applies to the issue to be decided between VCM's finding of TDGIC (the "Former Respondent", "Fictitious Respondent", or "Removed Respondent") consenting to my NOM #8 or the motion going by consent but curiously having detailed reasons for decision (see: reasons for decision of VCM on June 20, 2024).

[xi] It is unclear whether said proposed factum was filed as a standalone document or whether it was appended to an affidavit per se in "support" of its motion to intervene

[xii] It is for that reason, albeit at my admittedly slow pace, taken much of the day to craft this letter

LITIGATION, 2016 CanLIIDocs 58

VIA EMAIL

Regarding the below (pursuant to the Consolidated Practice Direction on sending emails and enclosing the factum by the document naming protocol contained therein)

Court file number: Court File No. DC-24-00000718-00JR
Type of document: Certificate of Perfection
Short title of proceeding: McLean v. TDHA et al
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

*Re: filing of the **Certificate of Perfection** by the Applicant*

Dear ONSC Divisional Court (kind attention: Madam Clerk) (copied to the respondent parties entitled to participate in this JRPA Proceeding and Mr. Nieuwland for the respondent insurance companies):

1. I write regarding the above.

2. Kindly find my duly executed and dated Certificate Of Perfection tendered for filing herein.

3. My affidavit of service of the materials denoted in the Certificate Of Perfection shall follow.

4. Thankyou kindly .

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

2. I will be enclosing the Application Record of the Applicant relating to the above in this email thread. As the total number of pages contained therein is slightly shy of 1500 when counting the index, they will be submitted in three separate volumes as per the file name in each attachment.

3. I note that the civil practice direction uses the word "should" for bookmarking an Application Record. As I will be filing an oral compendium with a brief oral argument, I will ensure that said oral compendium will be bookmarked accordingly with only the most relevant evidence from the Application Record. The reason for doing so is not to avoid bookmarking the same but to avoid any wasted time or redundancy in bookmarking those materials will not be relevant for the hearing of this matter and to respect the resources of the judiciary and court along with those somewhat new to the matter in counsel to the Tribunal.

4. Kindly find Vol #1 of the Application Record attached which contains the index for all of the 70 tabs and enumerated pages.

5. If any of the recipients would like a copy of the application record index separately for ease of reference, I am happy to provide you with a copy of the same.

6. Thankyou kindly .

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Dear ONSC Divisional Court (kind attention: Madam Clerk) (copied to the respondent parties entitled to participate in this JRPA Proceeding and Mr. Nieuwland for the respondent insurance companies):

2. I attach a copy of the filed copies in PDF and Word versions of my factum within the 30 page limit regarding the above.

3. Each and every authority is hyperlinked including relevant authorities where I have cited and hyperlinked the paragraph therein.

4. I will now attend to finalizing the application record for filing and service.

5. If there is any issue opening the documents (Word or PDF), please let me know at your earliest convenience so I can accommodate you. I have made both “read only” and I trust that is not an issue. If it is, I can send them as “editable” and “non read only”. Appreciating the naming document protocol, I have added the vernacular of "Word"" and "PDF" for each at the end for ease of reference and "Filed" to delineate the same.

6. Thankyou kindly .

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

CAUTION -- EXTERNAL E-MAIL - Do not click links or open attachments unless you recognize the sender.

Good Morning Ms. Lawrence:

Thankyou for your email and your patience while the multiple parties worktogether to respond in a singular and cohesive fashion.

To confirm (so we are respectful of the timelines), we are communicating separately regarding the issues. I have provided my positions in accordance with what was requested and I am waiting to hear backfrom the various persons/parties through their counsel.
I can also confirm that as of last night I requested the consent of the sole current party in SNIC to adjourn the date of the scheduled hearing proper from January 25, 2025 for at least

awaiting to hear whether SNIC will consent to the brief adjournment. If not, I will exhaust that avenue with a formal adjournment motion pursuant to LAT Rule 16 with the requisite form. If it is not granted, I will likely seeka stay of the LAT Proceeding on an interim and indefinite basis until this JRPA Application is decided.

Pardon me for the piecemeal, while I await the responses denoted above in a separate email thread.

I will be raising the issue of whether the respondent insurance companies (some or all) are entitled to participate herein and to have been filed a Notice of Appearance, and whether that Notice of Appearance was not filed forthwith, defective and void ab initio. I will be raising that as a preliminary issue if Mr. Nieuwland does not seekto correct those impugned deficiencies. I strongly object to the respondent insurance companies filing any Notice Of Appearance herein. I had presumed that they would not and they did not file a Notice Of Appearance forthwith. Simply put, I object to the document that Mr. Nieuwland tendered yesterday of acting on behalf of "Security National Insurance Company et al" and his reference to "also referred to as" in relation to those insurance companies not named "Security National Insurance Company". I believe such conduct and a filing, where the respondent insurance companies had ample time to participate in the relevant motions at issue herein but chose not to, and did not participate in the reconsideration motion, despite being duly served, will only delay this JRP A Proceeding. It is already causing time management issues by their purported inclusion. In my humble view, such a filing would have required leave and at the very least, some or all of the respondent insurance companies must seekleave to participate herein.

With respect to exchange of documents, I am nearly ready to file and serve all the factum, application and bookof authorities. We may be able to dispense with the need for the filing of the record of proceeding by the Tribunal and I have sought one small addition to it, by consent, of the respondents (where applicable). With respect to responding to my factum, I note the 30-day time limit so I do not believe there is any issue in that regard. If we can dispense with the need for the

not only the parties but the court.

With respect to time estimate, I am amenable to the half day but I would prefer to proceed before a single justice pursuant to section 6(2) of the JRPA.

Lastly, the preliminary issue that I have raised with respect to the respondent insurance companies will remain and I am awaiting to hear from Ms. Body on whether her proposed preliminary issue of prematurity also includes a previous reference to whether the orders that I seekto set aside are interlocutory or final. I have also inquired as to whether her position on behalf of the Tribunal will change depending on whether there is a brief adjournment of the LAT Proceeding.

We will revert backwhen we have hopefully resolved the above with analytical precision.

Thankyou.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Subject: RE: LAT's Notice of Appearance : McLean v. TD Home and Auto Insurance et al. : 718/24

Good Afternoon,

As a courtesy, I have re-added counsel for parties named in the Notice, should they elect to participate.

The LAT wishes to raise the preliminary issue that this Application gives rise to an issue of prematurity, as the LAT

substantive issues is scheduled for January 24, 2025.

In the alternative, the LAT requests that a case conference be scheduled to determine the parameters of the hearing and a timetable.

Thank you,

Jesse A. Boyce (he/him)

CAUTION -- EXTERNAL E-MAIL - Do not click links or open attachments unless you recognize the sender.

Dear ONSC (Divisional Court) (kind attention: Ms. Lawrence):

Thankyou again for your email above.

As I promised to the recipients herein (and I have removed my email exclusively for Tribunal purposes), I received a decision involving an outstanding document motion regarding SNIC as of yesterday's date. You will note that there is again the oddity of VC Morrissette representing that the order was from late November 2024

herein.

This, in turn, leaves one remaining motion to be decided or for the Tribunal to inform me that it will not decide the same which is that section 21.1 of the SPPA motion that I referenced. At this stage, I will inform the Tribunal that if I do not hear from it, then I will proceed with the decisions as they stand and take the position that it does not intend to exercise its discretion

I have followed up with the Tribunal as of this morning to inquire regarding the same as it is highly relevant to the orders and decisions wherein, I have sought judicial review of the same. It is not a matter of those decisions "needing correction" per se but knowing whether they will or will not be correct in part or in whole.

For ease of reference, I have attached the hearing record in this regard so I am not speaking in a non-cross referenced manner. All the relevant materials have been organized, tabulated, and consecutively numbered for the application record. My book of authorities is done and my factum is as well subject to hearing from the Tribunal on this attached section 21.1 of the SPPA motion record.

As I am in the process of ensuring that my factum complies with all of the requirements pursuant to various rules and practice directions, at first instance, I will confirm the following for sake of convenience (**without** any confirmation that the above noted persons (i.e. Tribunal and AGO) agree with my positions):

1. Preliminary issue: the only preliminary issue from my standpoint is whether the above will consent to my seeking of leave to have this JRPA proceeding hearing before a single justice of the JPRA, s. 2;

2. Timetable: as noted above, I am ready to file all of the above subject to the issue of whether it can proceed before a single justice of the ONSC and how that affects any of the above. I will await to hear from the above noted esteemed counsel as it relates to the same and whether they (some or all) consent to the same and the mechanics (if any) of having such an order vetted and approved;

3. Time estimate: if before a single justice pursuant to section 6(2) of the JRPA, my recall is that it is done on written argument. If so, then no time estimate is required per se. To the extent that any appearances are required, I do not anticipate I need more than 20 minutes in oral submissions and five minutes in reply.

I apologize for any delay in response but I will do my best to provide the court with an update regarding whether the Tribunal stands on the above. Thank you kindly .

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

On Tue, Dec 3, 2024 at 1:57 PM Mr. Kevin McLean <mcleansettlement@gmail.com> wrote:

> Hello again Ms. Lawrence,
>
> I can confirm that myself and those persons that have filed notices of appearance are in communication. I have reviewed the email herein and attachments and I do not see any notices of appearances for any of the

participate in the lower court motions. As such, my position which I have made clear to the esteemed counsel for the Tribunal and the AGO (albeit all under the umbrella of "MAG") is that Mr. Nieuwland is not entitled to be included herein. Should Mr. Nieuwland file a Notice of Appearance on behalf of some or all of the respondent insurance companies, then I will review that position at said time. However, since they did not participate in the orders that are subject to the JRPA Application per se, I would oppose the same. It is not in any way intended to be disrespectful to Mr. Nieuwland per se but he should not have been included at first instance.

If any of the above disagree, I would be happy to review their authorities or legal bases for the same.

I will not overstep the process of the separate communication protocol as proposed by Ms. Boyd per se but I am hopeful we can have those questions answered promptly on a joint basis and if not, then we cannot.

Thankyou.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Dear All, thankyou again for your emails. As noted in my filed and served JRPA Application, the email for service is this email herein. As such, I have removed the mcleansniclat@gmail.com from the email chain as that is dedicated exclusively for the Tribunal proceeding itself and communications with various adjusters et al. I do not intend to be overly technical but I thank you for only emailing this email herein (mcleansettlement@gmail.com) for matters related to the above JRPA Application.

By way of courtesy update, I anticipate having my factum, application record, bookof authorities et al complete in short order subject to hearing from the Tribunal whether it will decide my section 21.1 of the SPPA motion or decline to exercise its discretion and any consequence of the same. I am following up currently and awaiting to hear the same which will allow me to make any appropriate adjustments to the factum, the inclusion of any potential authorities and/or supplementing the current application record.

I can also confirm that I received an email from one Ms. Judie Im of the AGO (Constitutional Branch) regarding a matter that she brought to my attention and I am responding to her in that regard. I will update all regarding the same.

Thankyou.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

Court file number: Court File No. DC-24-00000718-00JR
Type of document: email
Short title of proceeding: McLean v. TDHA et al
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: confirmation of my objection to any involvement of The Honourable Madam Justice Shore on grounds of an objectively perceived reasonable apprehension of bias based upon, inter alia, her previous position

Dear ONSC (Divisional Court):

I write further to the above. I attach affidavits #15 and #16 (with e-receipt for one of the affidavits) which condescended upon particulars of the conflict of interest and conduct of one Mr. Andrew Papadimtriopoulos from the time of my arrival in Toronto, and his relationship with the family law firm of Epstein Cole LLP.

I confirm that my objection remains at first instance to the direction of Madam Justice Shore and I respectfully submit, if necessary, that it must be set aside. To the extent that a motion is required, I am amenable to having those materials prepared and filed, and then served on the respondents and any interested persons including the above-named gentleman.

In the spirit of efficiency, I say that this was one of the many reasons that the Tribunal has not filed the record of proceeding on a forthwith basis.

Thank you.

Warm regards,

Short title of proceeding: McLean v. TDHA et al
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: confirmation of my objection to any involvement of The Honourable Madam Justice Shore on grounds of an objectively perceived reasonable apprehension of bias based upon, inter alia, her previous position

Dear ONSC (Divisional Court):

I write further to the above. This will conclude the relevant materials filed in the Record of Proceeding which are: (i) my COI (NOM #6) submissions; and (ii) those of the Fictitious Respondent in TDGIC.

As noted at paragraph 9, Mr. Nieuwland signed, in his capacity as a member in good standing of the LSO and while not an "officer of the court" therein similar principles apply, as follows:

> "….Please also note Andrew Papadimitropoulos is in no way associated with Andy Gera, nor has Andrew Papadimitropoulos been involved in any way with this claim or access request."

Admittedly, it was rather serendipitous to find an anniversary card of Mr. Andrew Papadimtripoulos to Ms. Nicole Artopoulos and be able to compare the "As Per A. Nurse" forged signature on the first OCF-18 to that of his rather distinct writing. Consistent with my promptness here, I brought it to the attention of the Tribunal extremely promptly.

Trusting the Tribunal will be able to file all of the documents attached herein, as they are part of the "record of proceeding", I need not attend to an affidavit attaching them all.

I will await to hear from the respondents on my request for their consent to the relief I seek and ensuring that this ONSC proceeding is governed in accordance with the rule of law and the required independence of

guaranteed by the provisions of section 96 to 101 of the Constitution Act.

Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

URGENT – SNIC HAS NOT CONSENTED TO AN ADJOURNMENT OF THE HEARING PROPER IN THE TRIBUNAL PROCEEDING

VIA EMAIL

Regarding the below (pursuant to the Consolidated Practice Direction on sending emails and enclosing documents by the document naming protocol contained therein)

Court file number: Court File No. DC-24-00000718-00JR
Type of document: email
Short title of proceeding: McLean v. TDHA et al
Party: Mr. Kevin A. McLean, self-represented, Applicant, e: mcleansettlement@gmail.com;

Re: SNIC will not consent to a brief adjournment of the LAT Proceeding

Re #2: reiterated respectful requests herein for the below

Dear ONSC (Divisional Court):

I can now confirm that Mr. Nieuwland has confirmed on behalf of his sole client in the LAT Proceeding that his client [singular] will not consent to an adjournment. As such, I will exhaust the avenue of an adjournment motion and submissions therein and apprise the ONSC Divisional Court of the same with a status update when available. However, suffice it to say, I respectfully submit that the urgency which I conveyed in my JRPA Application, Applicant's Factum, and my affidavit #2 has increased.

If I obtain an adjournment, which I doubt I will with the current composition and issues with the LAT, I would kindly ask that you provide me with the invitation to the Case Center.

While I appreciate Ms. Lawrence's responses, prompt as they were, regarding an apparent, but unknown to me, apparent convention, that was in contradiction to the ONSC Divisional Court JRPA Guide[i] (i.e. an invitation will be sent out after the JRPA Application was brought), to only provide an invitation once there is a set hearing. I also respectfully submit that my interpretation, consistent with the only "Guide" I know, is consistent with the requirement of submitting documents promptly by way of uploading into Case Center (formerly Case Lines).

I will presume that my above requisitions have been filed and in light of the above. I appreciate that uploading is different than filing and the filing of the materials is the paramount documents but nonetheless, I am doing my best to be prompt and I, with great respect, submit that the Court should have access to the

whatsoever.

I also say so in light of Mr. Boyce confirming that he has what he believes to have the correct page count of the record of proceeding. I trust after he files and serves the same, he can upload the same into Case Center but for efficient and respectful communications between all, it would be helpful, no matter what the appearances are, to be able to refer to the same.

Also, I am contemplating the bringing of at least one motion (potentially on short leave) so even on that basis, I would ask that an invitation is sent to me so I can acclimate myself (which I say is also consistent with the document I received relating to my Certificate Of Perfection) and ensure that I am fully accustomed with the same.

If it requires a requisition, I will do so and request the invite regarding the same.

I appreciate that there have been quite a few emails from me but naturally the above potential conflict of interest, non-consent by SNIC to the adjournment request and increasing urgency required my drawing all to the attention to the Court and the respondents.

I confirm, as a courtesy, that when (as of recently)(I have been filing through the “civil submissions online” portal, I note that I am the “only party” and the other box is for “non-parties”. I believe that will need to be corrected for those parties that have presumptive standing under the JRPA in relation to my JRPA Application.

I trust that all of the above is sufficiently clear and unambiguous and I confirm that I will continue to rely on strict compliance with all laws and rules unless I say otherwise, and I confirm that I am held to the higher standard.

Thank you kindly.

---

[i] Perhaps I have an antiquated copy from the online version and I apologize in that regard if I do

Warm regards,

Mr. Kevin A. McLean (B.A. (MCL), J.D., CIM)

THIS IS EXHIBIT "B" REFERRED TO IN THE
AFFIDAVIT OF Kevin B. McLean
AFFIRMED BEFORE ME, THIS 9th DAY
OF January 20 25

.....
.....
JER, ETC.

Vinh The Tran, Esq., LSUC #57761C
Lawyer, Notary, Oaths Commissioner
188 Bloor Dupont Street, Toronto, ON
M6G 1Z4, T: 647-209-7389
vtranlawyer@hotmail.com

This is the 15th Affidavit of Kevin A. McLean under TD's Claim Number 035325790-3 (the "Claim Number" or "TD Claim #3"), TD Insurance Policy Number #001013511806 (the "Policy Number"), LAT File Number "23-015662/AABS" (the "LAT File Number" or "LAT Proceeding") and was finalized and made on April 2, 2024

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT/APPELLANT

AND:

TD INSURANCE MELOCHE MONNEX (SECURITY NATIONAL INSURANCE COMPANY)

RESPONDENT

Affidavit #15 of Kevin A. McLean

In a matter under the *Insurance Act*, RSO 1990, c I.8, (the "*Insurance Act*")

In the matter of an "**Application of an Injured Person**" ("**Application**" or "**AIP**") by the **Applicant** pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation to statutory **Accident benefits** and the following regulations including but not limited to:

i. *Statutory Accident Benefits Schedule*, O Reg 34/10 ("*SABS*"); and
ii. *Automobile Insurance*, RRO 1990, **Reg 664** ("*Reg 664*").

I, Kevin Alexander **McLean**, Disabled (B.A., J.D., CIM) of **Toronto, Ontario AFFIRM** THAT:

VOLUME #1: affirmation

1. I am the affiant (also defined as the "**Applicant**", "**Disabled Individual**" and/or "**CAT Impaired Individual**") herein and I affirm, under the pains and penalties of perjury, the following facts to be true. Where I have stated information on my belief, I have cited the source of my belief by references, citations, end-noting or otherwise.

2. Where I have used square brackets (i.e. [.....]), I have done so for ease of reference and to provide my evidentiary beliefs while citing the source of the same.

3. Where there are double underlined words, they are mine for ease of reference.

4 I have adopted the definitions from my served and filed evidence herein and the have same meaning herein as they do therein.

5. I adopt the definitions from the above noted legislation and regulations, including rules where not made under the *SPPA*, and they have the same meaning herein as they do therein.

6. Where I have included definitions, I am not making a legal argument in this affirm evidence but I have included the same for consistency purposes.

7. I affirm that where I have added emphasis is "copying and pasting" from any legislation, regulation or rule, the emphasis mine.

Volume #2: Authorities (BOA for NOM #6)

8. I have read and had compiled the following authorities and they will be, with perhaps additional authorities, my book of authorities for **NOM #6** herein [provided now as a courtesy]:

a. *Talisman Resort GP Inc. v. Keyser, Usling et al*, 2013 ONSC 1901; per Conlan J. ["*Talisman Resort*"]
b. *Personal Insurance Company v. Jia*, 2020 ONSC 6361 ["Jia"]
c. *Yellow Cedar v. Di Torio*, 2020 ONSC 5915 citing *MacDonald Estate v. Martin* ["Yellow Cedar"]
d. *Essa (Township) v. Guergis; Membery v. Hill*, 1993 CanLII 8756 (ON SCDC) ["*Essa*"]
e. *Eskandari v. Ratzman* 2023 ONSC 1674 ["*Ratzman*"]
f. *R. v. Smith*, 2020 ONCJ 611 ["*R. v. Smith*"]
g. *Felton Brushes Limited v Atlantis Properties Hamilton Inc.*, 2020 ONSC 2315 ["*Felton Brushes*"]
h. *Barnett, Re*, 1997 CanLII 851 (ON LST) ["*Barnett*"]
i. *Law Society of Ontario v. Collins*, 2021 ONLSTH 177["*Collins*"]
j. *Law Society of Ontario v. Sherman*, 2024 ONLSTH 26 ["*Sherman*"]
k. *Law Society of Ontario v. Fuhgeh*, 2020 ONLSTH 75 ["*Fuhgeh*"]
l. *Law Society of Ontario v. Dinnen*, 2019 ONLSTH 33 ["*Dinnen*"],[3] and
m. Others.

Volume 2(A): Affidavit #15 is without Exhibits

9. Now shown to me is **Exhibit "A"**, pages 1 to 81:

a. **Tab 1**:
   i. pages 1 to 48: emails of myself and from some of the recipients in the thread denoted under my email as **NOM #6**;
b. **Tab 2**:
   i. pages 49 to 51: emails from Ms. Moraes to LAT and myself, and myself";
c. **Tab 3**.
   i. Pages 52 to 64
      1. Part 1: emails from **Mr. Karat** to myself on January 25, 2024 (see. page 53 and 54);
      2. Part 2: cover letter from **Mr. Karat** to myself (without Mr. Nieuwland copied on the previous email) with the return address of SNIC Markham and the logo of **TD** Insurance Meloche Monnex. The cover letter is unsigned by **Mr. Karat** yet the Purported SNIC Response is signed by **Mr. Karat**,
      3. Part 3: screenshots of page 1 from the Purported SNIC Response wherein the name of THE insurance company is input, "Security National Insurance Company"
      4. Part 4: page 4 of the Purported SNIC Response, By-Law 7.1, section 6(1) with a focus on section 6(1)(d) and my inclusion of an issues involving, "facilitation of unauthorized practice of law but which licensee?"

4574 Electronically filed / Déposé par voie électronique : 18-Feb-2025
Toronto Superior Court of Justice / Cour supérieure de justice

d. **Tab 4:**
   i. Pages 63 to 64: example of one of the denial letters wherein SNIC Burlington (Persaud as the reference contact) was utilized as the address with the same logo as TD Insurance Meloche Monnex as the cover letter for the attached Purported SNIC Response by Mr. Karat via email on January 25, 2024;

e. **Tab 5:**
   i. Pages 65 to 69: the locations of TDGIC (Toronto) (an unnamed respondent and party in the Appeal and Purported SNIC Response), SNIC Markham and SNIC Burlington

f. **Tab 6:** page 70
   i. Excerpt from *Bament*;

g. **Tab 7:**
   i. Pages 70 to 81.
      1. Excerpts from *R. v. Smith*, 2020 ONCJ 611

Volume 2(B): Affidavit #15

10. This affidavit #15 is an extension of the notice provided in the IRB Appendix that has been filed with LAT as it relates to the following paragraphs therein:

> (*NOTA BENE*: Whether there is a "ghostwriter" or not, the admissions were made and the Applicant is relying upon them. Of course, there could be further repercussions or issues arising from a lawyer not inputting his name on various documents and "supervising", "encouraging" or "facilitating" breaches of the LSA and *By-Laws*, guidelines and his ROPC. To confirm, said lawyer hyperlinked above is NOT Mr. Nieuwland. It raises distinct issues regarding abuses of process that are distinct from NOM #5 and whether a former spouse of the Applicant's current spouse, who was named as the primary insured, is or was authorized to act, even in a potentially covert or surreptitious manner, based on a potential conflict of interest, and/or abusing the process of the LAT. Perhaps, this lawyer cited above coerced Mr. Karat to complete, sign and file the Purported SNIC Response which would make such unauthorized execution of the same all the more egregious and an abuse of process. If necessary to be argued, it may speak to why the IRB's have been delayed and withheld in such an unreasonable manner. There will also be some contextual evidence provided (if necessary) that Mr. Karat purportedly provided a response to a *PIPEDA* request with his name in the letter as the author but the metadata showed the name of "ANDY GERA" which is a fictitious name. When investigating the issue, "Andy" is the short name for the first name of the above noted lawyer and "Gera" means "generated" in Portuguese. Put another way, "Generated by Andy" when the document itself has no reference to the same but the metadata did. The reference to "Portuguese" translation is yet another compelling piece of evidence considering that the assistant that Mr. Nieuwland wished to have included in emails with the Applicant (as he represented that Ms. Michelle Moraes was his legal assistant when her signature block represented that she was the legal assistant to two female lawyers) is a P1 license holder who has acted for applicants before LAT. In her current role, she is "not providing legal services - employed" with TD Insurance Staff Legal. The Applicant has confirmed with Mr. Karat and Mr. Nieuwland that until Mr. Nieuwland confirms by affidavit that said individual (Ms. Moraes) is his legal assistant that she will not be included for, *inter alia*, concerns over whether Mr. Nieuwland has effective control over her non-licensee activities to him and whether they are following LSO *By-Law* 7.1 et al. The Tribunal will also be aware that it was Ms. Moraes that attempted to seek an adjournment of the agreed to case conference (until the nullity issue was found

and brought to the immediate attention of SNIC (including **Karat** and **Nieuwland**) from the May 2, 2024. Interestingly, when LAT confirmed with Ms. **Moraes** that under the New LAT Rules that a motion was required to seek an adjournment of the case conference, no motion was brought. Of course, it would have required legal counsel in **Mr. Nieuwland** to explain why he was not available as the issues in the Appeal and **Purported SNIC Response** involve **CAT Impairment**.

Moreover, in the "purported *PIPEDA* response", there was a reference to "internal" at the bottom of the document when it was sent externally to the "requestor" under that federal legislation (but the same named individual appellant herein) which is consistent with the emails of Ms. **Moraes** where there is a reference to "internal".

It is a difficult legal issue to determine, which has factual elements that need resolution, as to whether a ex-spouse or divorced spouse of the Applicant's current spouse is authorized to act against him (even covertly or surreptitiously – behind the names of others) but it would appear to be a form of "bad faith" and "abuse of process" to do so in a covert manner and only be discovered with forensic investigating or general investigation. Moreover, there is no dispute that that **Mr. Karat** was not authorized to SIGN even correspondence unless it was correspondence of a "routine administrative nature" and "directly supervised by the supervising lawyer" What is telling about the service of the **Purported SNIC Response** is that **Mr. Karat** did NOT include Mr. **Nieuwland** on said email when he did in the initial email on January 23, 2024 when Mr. **Karat** referenced the "**Karat** LAT Assignment" which was his handling of the LAT dispute. Moreover, it cannot go unnoticed by the Tribunal that **Mr. Karat** has been referenced in "two reported decisions" of which one is *Quinn v* ***Security National Insurance Company***, 2023 CanLII 58482 (ON LAT) and this very lawyer hyperlinked above is named therein. In any event, irrespective of whether the current speculation is that there may be more evidence involving abuse of process of LAT by SNIC, the **Purported SNIC Response** contains the relevant admissions regarding the IRB, regarding all essential elements to determine quantum for SNIC to make payments without further delaying the same.

Perhaps, it is even more concerning that from a Reg 664 award standpoint that the very hyperlinked lawyer above no longer represents himself to a lawyer on his LinkedIn but a "**Consequences Manager**". It is unclear if a "consequences manager" is only in the role of "providing legal services" and NOT practising law such that it would preclude him from handling matters involving "**CAT Impairment**". Whatever the role is of a "Consequences Manager", said lawyer who has worked with **Mr. Karat** on various files where he was "counsel", still leaves the undisputed issues of the admissions in the **Purported SNIC Response** and that **Mr. Karat** was unauthorized to SIGN the Responsive Pleading (also defined as "**Purported SNIC Response**").

If this lawyer (NOT **Mr. Nieuwland**) was the "Supervising Lawyer" of **Mr. Karat**, he would authorized the breaches of *By-Law* 7.1, section 6(1)(b) and (d) at the very least. Moreover, if this "Supervising Lawyer" (not named Mr. **Nieuwland**) was supervising **Mr. Karat** to engage in the unauthorized signing of the **Purported SNIC Response**, it provides further grounds for why the admissions are binding and cannot be retracted even though no steps have been taken to do so.

Perhaps, this is why Mr. Nieuwland included the name of a different respondent in the Nieuwland DOR. Further, it may be the reality that this is why Mr. Nieuwland was not willing to bring a motion to refile the Purported SNIC Response. While understandable as a matter of lawyer self-preservation, it does not absolve SNIC from its breaches of *SABS* and its continued unreasonable withholding or delay of payment of the IRB.

It also raises another complex academic issue in that the Tribunal has found that it cannot remove an adjuster from the underlying file but it certainly can find "abuse of process" on the facts that are subject to the Reconsideration Motion and certainly a separate motion if necessary involving this "ghostwriting lawyer" whilst Mr. Karat remaining the "sole signatory" of the Purported SNIC Response

Even if this lawyer or any other lawyer was completing the Purported SNIC Response, it remains Mr. Karat who executed the Purported SNIC Response without any explicit reference to any other lawyer therein or otherwise.

Perhaps, this "ghostwriting and covert supervising lawyer" was unaware that an unlicensed representative (non-lawyer or non-paralegal) was not authorized to sign a response, and certainly not a "response" involving CAT Impairment. While it may never be necessary to canvass these discrete issue in a separate motion or hearing, they will then stand as further grounds (somewhat of a pre-emptive reply) for a Reg 664 award with regard to ordering the full 50% penalty in this motion and any potential motions that deal with any periods after the IRB Denial Date (subject to it actually being a compliant denial with medical reasons and other reasons).

At the very least, they are very suspicious circumstances which further aggravating elements (if necessary) as to why a Reg 664 is required. Simply put, whether any of the above is true (or is faced with evidence in the responsive materials if tendered by the Payor in authorized fashion), it requires a strong message of deterrence – all subject to the whether the Appellant and SNIC potentially resolve the issues in the NOM #4 without the need for a hearing

Of course, if SNIC makes those payments, it avoids the risk of any costs at a hearing per se. If not, this is a certainly a form of notice to SNIC regarding the same and the requirement that any and all relevant individuals and persons provide affidavit evidence that "explains why" an unprecedented peculiar set of facts that LAT has never addressed before.]

Volume #3: Timing of this motion

Volume #3(A): My acting promptly

11. I have read the decision of *Talisman Resort*[1]. My review of *Talisman Resort* has led me to believe and act, in my view, promptly to provide advance notice to the Respondent SNIC, Karat, Nieuwland, Moraes, Russell and AP. As of April 2, 2024, Mr. Nieuwland has included an additional individual in Ms. Christina Ortiz who is unknown to me. I was about to have the previous version of this affidavit finalized and made yet Mr. Nieuwland included a new individual in his email without any formal introduction of her.

12. While I am considering filing for a judicial review, pursuant to the *JRPA* and/or appeal, pursuant to *LAIA*, regarding the **Lake Motion Decision** and **Logan Reconsideration Decision**, my review of the law leads me to believe that I have 30 days from March 22, 2024 which is on or around April 21, 2024.

Volume #3(B): acting in accordance with section 2 of the SPPA (most expeditious, cost-effective and just manner)

13. I believe if this **NOM #6** is granted in full or in certain parts that such a judicial review or appeal will not be necessary

14. I am seeking a final order in **NOM #6** that this **LAT Proceeding**, which I have defined as the "**SNIC Proceeding**" as **SNIC** was the underwriter or insurer of the Policy Number involving the Insurance Policy with the **Policy Holder** being my Spouse, Nicole Artopoulos ("**Female Spouse**" or "Nicole"), that this **SNIC Proceeding** has been irremediably tainted by my allegation and evidence of conflict of interest involving, *inter alia*, the ex-husband or divorced husband of Nicole in **Mr. Andrew Papadimitropoulos** (the "**Divorced Husband Conflicted Lawyer**") being involved in the following:

a. **TD Claim Numbers**;
b. **TD Claim Number** 3 or **TD Claim Number #3**;
c. **This SNIC Proceeding** or LAT Proceeding; and
d. Others.

15. My reason for seeking a final order, as it relates to the liability of the Respondent which is "**TD Insurance** Meloche Monnex (**Security National Insurance Company**) (see striking the **Purported SNIC Response** from the record of proceeding without leave to refile), with quantum of benefits to be assessed, is that I am unaware of any case law or jurisprudence where the conflicted counsel was an in-house counsel or in-house manager of *SABS* matters or LAT matters but was involved surreptitiously or clandestinely yet a fortuitous metadata finding (along with other evidence) provide circumstantial evidence of said lawyer's involvement.

16. I define these "**Matters**" as the "**TD Claim Number #3**" and the "**SNIC Proceeding**".

17. In these **Matters**, after my finding of the metadata, particularly the "descriptive metadata" of "**ANDY GERA**" as the "actual author" in the *PIPEDA* response that was purportedly authored by **Mr David Karat** (the "**Purported Author**") which also provided **Mr. Karat** as the purported contact point for further questions (the "**Purported Contact**"), I requested in the *PIPEDA* matter, which is also now a complaint but not relevant in the **SNIC Proceeding**, that the addressed individuals therein provide me the contact information of "**ANDY GERA**" TD Canada Trust (although my *PIPEDA* request was addressed to the division of "**TD SNIC**") did not respond from that time and have not responded. I provide this evidence for context.

18. Thereafter, I attempted to input and have researched the name of "**ANDY GERA**" and no name of "**ANDY GERA**" could be found as an employee, contractor or counsel to TD Bank Group including **TD Insurance** or any of the group of insurance companies listed (i) Primmum; (ii) **SNIC**; (iii) TD Home And Auto; (iv) TDGIC; or (v) otherwise.

19. I further could not find any licensee (lawyer or paralegal) in the **LSO** directory with said name.

20. I even input, by way of email, the name of "**ANDY GERA**" or "*Andrew Gera*" into follow-up emails under the *PIPEDA* matter and they all bounced back.

21. By way of reference to technological, investigative and research aids, I had or had others utilize various social media platforms, RocketReach, ZoomInfo, and others to determine if "**ANDY GERA**" was in any associated or affiliated with **TD Bank Group** or **TD Insurance**, and no results returned any match.

Volume 3(C): Ms. Nurse

22. By way of previous success in this realm, I was unable to have Ms. Alisha Anne-Nurse (also defined as the "Initial Adjuster" or "Former Adjuster") provide me with an email so I researched or had researched the name. I believe that I had tried some ten different permutations associated with Ms. Nurse's email address and they all failed mail I utilized alisha.anne@tdinsurance.com and it was successful.

23. I will note parenthetically that I learned on or around March 29, 2024 that Ms. Nurse's email was now causing a bounce back and was no longer active. Upon learning the same, I updated my address book to have her removed, and corresponded with Ms. Persaud and others to confirm that she was no longer employed or associated with TD Insurance.

24. Upon learning of the Actual COI[4] or Reasonably Perceived COI, I inquired with Mr. Karat and Mr. Nieuwland as to whether the Divorced Husband or Conflicted Lawyer had any involvement in the TD Claim Numbers (which I reference because there was a requirement to have the Insured Automobile repaired in September 2022 which was handled by my Spouse (Nicole) as she was the Policy Holder under the TD Insurance Policy) and they did not respond. In that regard and for this NOM #6, I will be relying on the law of adverse inference.

Volume #3(D): Mr. Karat

25. On or around March 30, 2024, I received an auto-reply from Mr. David Karat and it was different than the previous auto-replies which LAT will have in the record of proceeding demonstrating that Mr. Karat's outgoing emails to me referenced "Representing the Security National Insurance Company" and his auto-replies referenced "Representing TDGIC". To juxtapose, Mr. Karat's auto-reply on March 30, 2024 reference that he was "authorized to represent Primmum, TD Home and Auto, and TD General Insurance Company" but NOT SNIC. I found this strange.

26 In finding the auto-reply to be somewhat strange, I followed with the individuals noted above to confirm the same and, in my view, the legal consequences of the same as it relates to this SNIC Proceeding.

The Karat auto-reply

27. I also received an auto-reply from the Karat, and I noted the same with aforementioned individuals. It was then brought to my attention that there were similarities between the one email that I had received from TDIADR@tdinsurance.com and the auto-reply of the Karat. On March 31, 2024, I provided notice of the same, and other issues which sought a response on a with prejudice or without prejudice basis for resolution purposes, and I have not received a response as of today's date.

28. For ease of reference, I now copy and paste the same with the Karat's auto-reply and the one TDIADR@tdinsurance.com response to me on my former email lat@confidentialmclean.ca

Papadimitropoulos, Andrew Thu, Mar 28, 10:40 PM (2 days ago)

to me

Please be advised that I will be away from the office on March, 28, 2024 with limited access to e-mail and voicemail.

Regards,
Andrew

Internal

[no signature or name therein]

29. I believe and allege that the Karat sent me the email, albeit without revealing his name, on January 17, 2024.

30. I believe and allege that Mr. Karat's January 23, 2024 email to me which referenced the communication protocol involving directing LAT matters to himself and Mr. Nieuwland (copied on that email) was by advise or instruction of the **Karat** or **Conflicted Divorced Lawyer**.

Volume #4: Karat

Volume #4(A): Further particulars

31. I believe, based on the same public media profiles, that **Divorced Husband Conflicted Lawyer** has been a lawyer with **TD Insurance** since on or around 2018. I now believe and allege, after some 19 months after the Accident, that the **Divorced Husband Conflicted Lawyer** has been involved in the **TD Claim Numbers** and **TD Claim #3** despite never providing his exact legal name.

Volume #5: Ms. Morales is NOT the legal assistant to Mr. Nieuwland; Ms. Morales is the legal assistant to Ms. Klukowska and Ms. Saeed

32. I affirm that I believe that Ms. Morales is NOT the legal assistant to Mr. Nieuwland because I believe, based on review of the **LSA**, the **LSO** Bylaws, the **LSO** guidelines and the **ROPC** for lawyers and paralegals that a non-licensee (such as Ms. Morales when acting as a legal assistant for **TD Insurance** Staff Legal) is required to denote at all times who she is working under (by way of supervision, delegation and assignment of tasks and functions (see: By-Law 7.1: Operational Obligations And Responsibilities) – even a paralegal working under the supervision of lawyer licensee.

33. At all times herein and based upon my review, Ms. Morales' signature block references two female lawyers (Ms. Klukowska and Ms. Saeed).

34. I do not believe that either Ms. Klukowska or Ms. Saeed's names (in part or in whole) are aliases for "Matthew Nieuwland".

35. I re-affirm that Mr. Nieuwland has not provided me an affidavit (even in made form) that Ms. Moraes is his legal assistant. I do note that in a few emails that Mr. Nieuwland included Ms. Moraes' name as his legal assistant but she is not contained in his auto-reply and I believe that Mr. Nieuwland has the legal test backwards. In this regard, I do not believe it is sufficient for a lawyer to represent that an individual is his legal assistant in communications with a "third person" but rather it is the duty of the legal assistant (and the legal assistant's supervising lawyers) to ensure that in all communications with others that the role in which the legal assistant is acting and whom he or she is working under the supervision of, is clearly denoted.

36. I commenced drafting the above paragraphs prior to receiving the email from Mr. Nieuwland where he has now represented that his legal assistant is Mr Christiana Ortiz I believe and allege that this is consistent with my position that Mr. Nieuwland was not honest with me in representing that Ms. Moraes was his assistant

Volume #6: TD Bank's head office: the location

37. I affirm that I believe and allege that TD Bank's head office is at 66 Wellington West, Toronto, Ontario.

38. I affirm that I believe that based on the LSO Directory that Mr. Nieuwland (a lawyer licensee) and Ms. Moraes (a paralegal licensee although her current status is "employed – not providing legal services") are both employed or work at the private practice firm of "TD Insurance Staff Legal".

39. I believe that the locations of TD Bank and TD Insurance Staff Legal are in the same office building on Wellington Street West.

Volume #7: Ms. Moraes and her ability to speak Portuguese

40. In having Ms. Moraes public profiles review, I noted that she had promoted the country of Portugal and the Portuguese flag. I then thought to myself that the word "Gera" might be a reference to a different language so I, *inter alia*, contacted one of my Portuguese friends that I attended law school with in the mid 2000's to ask him, without influencing him, whether the word "gera" or "Gera" meant anything to him.

41. His response was to the effect, "Kev, gera, if it is a reference to a Portuguese word, means creates, generates or to make...something like that."

42 My response was one of astonishment, shock and I believe that I had that, colloquial speaking, "ah ha moment" or epiphany.

43. I believe that Ms. Moraes was the sender of the document to me, albeit by uploading, to the TD access requests portal. I believe that Ms. Moraes knows how to do the same. I believe that Ms Moraes was advised and instructed by the Divorced Husband Conflicted Lawyer to include the following:

a. Name of Mr. Karat as the purported author;
b. Mr. Karat as the purported contact point; and
c To include language like solicitor-client privilege and litigation privilege but I believe there was a
d.

44. I believe that Ms. Moraes knows that there was and is a potential conflict of interest in the TD Claim Number and the SNIC Proceeding

45. I believe that Ms. Moraes attempt to be, in my opinion and my qualifier, "clever" by doing the following:
a. Using a shortened version of the name "Andrew" in reference to the Divorced Husband Conflicted Lawyer; and
b. Her, at least, bilingualism, to use the word "Gera" for the word "generated", "created" or "made".

4581 Electronically filed / Déposé par voie électronique : 18-Feb-2025
Toronto Superior Court of Justice / Cour supérieure de justice

46. I note that in reviewing Ms. Morales' LinkedIn, she some approximately four weeks ago had posted that she was looking for new employment with a job posting that was referenced by another person by way of expressing her interest in the same The job posting was eventually "filled".

Volume #8: Metadata[7]

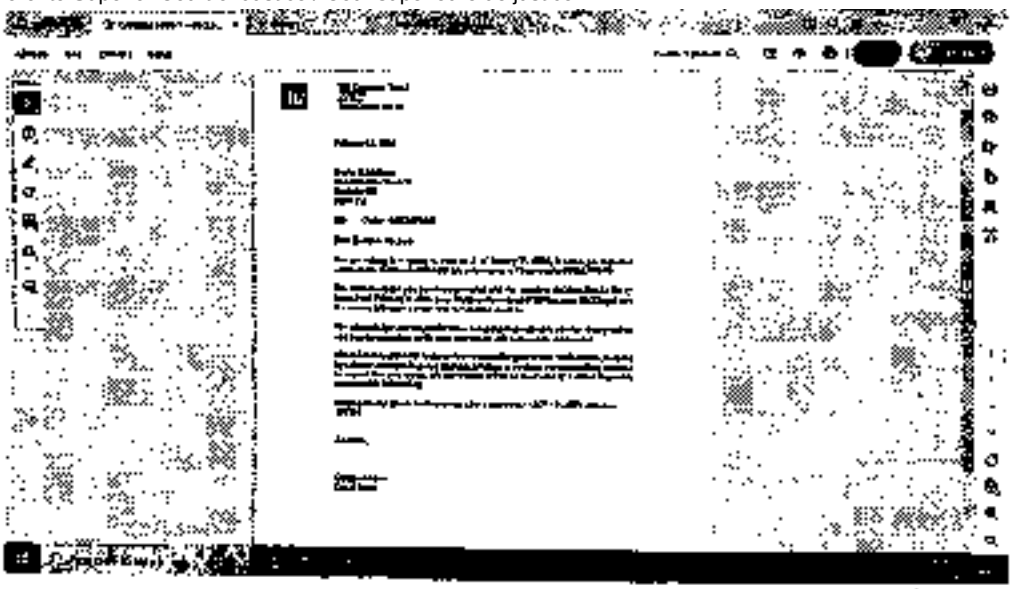
47. The definition and interpretation of "Metadata" is end-noted above.

Volume #9: Descriptive Metadata[8]

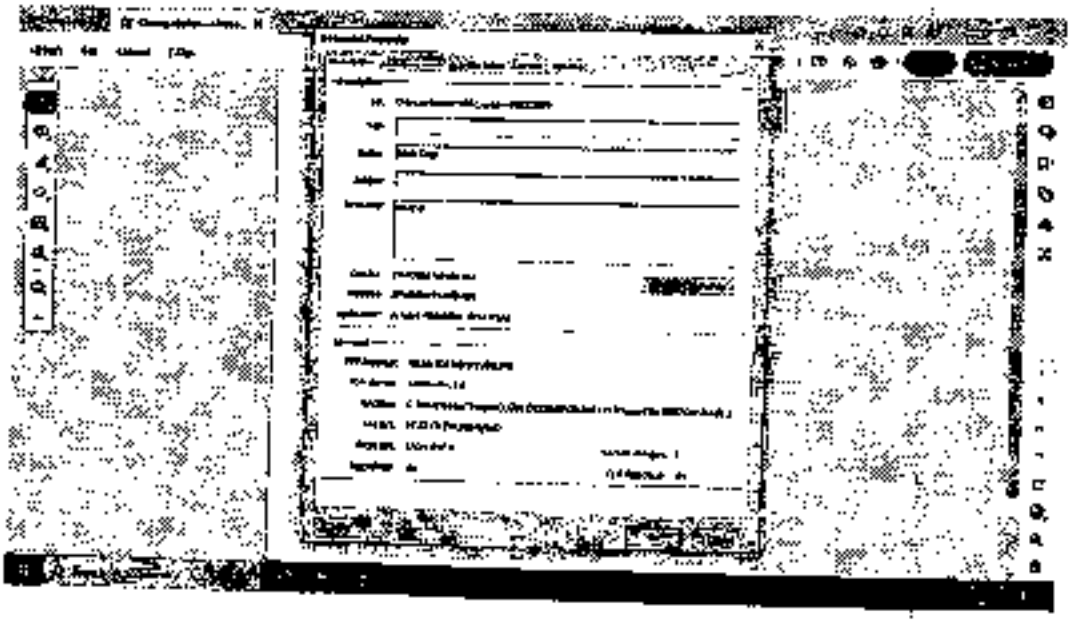
48. The definition and interpretation of "Descriptive metadata" is end-noted.

Volume #10: the word "generated" in the world of metadata

49. I believe it is self-explanatory that there is metadata that is generated and created automatically and those aspects that are input. I believe Ms. Morales and/or the **Divorced Husband Conflicted Lawyer** input the name of the "actual author" albeit by way of what I allege is pseudonym of "Andy Gera" for the **Divorced Husband Conflicted Lawyer**.



Volume #11: TD Insurance lawyers, paralegals and ADRR's use "Outlook"



50. After investigating the emails involving some or all of the above, I found that the individuals at **TD Insurance, TD Insurance Staff Legal et al**, above use "Outlook". I am more familiar with "Gmail" and "Gsuite" so I reviewed some of the metadata therein and their IP addresses.

Volume #12: The "ANDY GERA" authored document

51. Now shown to me is a screenshotted copy of the *PIPEDA* response by the **Purported Author (Karat)** and the **Purported Contact Person (Karat)** for the *PIPEDA* matter, and the metadata in sequence.

52. Now shown to me is a screenshot of the letter that appears to have been authored by "David Karat" (albeit unsigned) and the metadata of that same document

Volume #13: The File Name of the ANDY GERA Authored Document

53 The file name of the *PIPEDA* response letter, which includes a correct **TD Claim Number** and an incorrect **TD** claim file number, was and is:

"Closing+Letter+-+McLean+-+035325790"

54. I still do not know what is meant by save for "reserve information" which has been redacted for "reserves".

55. For context, I have sought clarification of the same but without a response from "TD Canada Trust".

Volume #14: The ++ signs in the file name and the word "internal" (which is used for email)

56 After review, I count five plus signs. After review of some "Outlook" educational forums on why the usage of (+ signs), it appears that it is protocol to put (+++) when there are a total of three people in the thread. There are five plus signs in a letter but it has the "Internal" at the bottom which is, in my view, indicative of an email that was then copied and pasted from email to "Word". I cannot allege whether there is an additional individual or person involved as that can only be provided by responsive evidence.

57. I affirm under the penalty of perjury that I believe that there are, at least, four persons involved in this file and two of them are representing, pursuant to section 1(7) of the *LSA*, SNIC and those two individuals are:

a. Mr. David Karat by his signature of the **Purported SNIC Response**; and
b. The **Divorced Husband Conflicted Lawyer** also known as "**ANDY GERA**".

Volume #15: My allegation of a "scheme" to carefully avoid the "conflict of interest" issues between Nieuwland, Karat, Moraes and the Divorced Husband Conflicted Lawyer

58 I now allege that the four individuals of **Karat, Nieuwland, Moraes** and **the Divorced Husband Conflicted Lawyer** were all aware of the conflict of interest issues and their professional obligations but for one person with respect to professional obligations and that is Mr. **David Karat**.

59. I now quote from the following [emphasis is mine]:

Law Society of Ontario v. Collins, 2021 ONLSTH 177

[33] In *Crawford v. Law Society of Upper Canada*,[1] the hearing panel addressed the policy reasons for the rule

> Former licensees are **uninsured, and immune** from the regulatory and disciplinary control of the Law Society.... Former licensees do <u>not</u> contribute to the Compensation Fund, are not subject to trust accounting requirements, and are not subject to assessment of any fee taken. This presents an obvious and significant risk to the public, in that there is no recourse to the Law Society's regulatory structure and, generally, little to no recourse against the former licensee for **negligent** or **fraudulent** acts done in the course of unauthorized practice.

Volume #16: Mr. Nieuwland's continued insistance on me including Ms. Moraes in email threads and my refusal subject to an affidavit from him (see: *Eskandari v. Ranzman* 2023 ONSC 1674)

60. I again note that Mr. Nieuwland at various points requested that I include Ms. Moraes, his alleged legal assistant, in emails and I refused to do so for the aforementioned reasons. As I commenced drafting this affidavit in March 2024, I learned as of today's date that Mr Nieuwland's actual legal assistant is Ms. Ortiz. I again do not castigate Ms. Ortiz in any manner regarding the same.

61. I now believe that Mr. Nieuwland was requesting the same because he knew or had knowledge of the conflict of interest issues and he wished to distance himself from the same. However, I now believe, even more forcefully, that Mr. Nieuwland was an integral part of a "plan" or "scheme" to attempt to avoid me learning that the **Divorced Husband Conflicted Lawyer** was involved in the TD Claim Numbers and the SNIC Proceeding.

62. However, if that is factual and correct, and he was somehow assigned or delegated this LAT Proceeding or SNIC Proceeding along with Mr. Karat, they both have my empathies to some degree but I cannot excuse or condone the same considering the Purported SNIC Response has my Spouse's name therein. I do not take kindly to any involvement of the Divorced Husband Conflicted Lawyer being involved in the TD Claim Number and/or this SNIC Proceeding.

63 I believe that there would be emails between Karat and Moraes, and Moraes and the Divorced Husband Conflicted Lawyer. I believe that the Divorced Husband Conflicted Lawyer wished to not have any emails between himself and Mr. Nieuwland or Mr. Nieuwland insisted on the same. However, I will await the final completion of an investigation into the same by the OPCC.

Volume #17: Unable to take meaningful steps:

Another legal ground seeking a final order and I am putting Mr Nieuwland, who calls himself "counsel of record" on notice in relation to the upcoming responsive deadline date for NOM #4

64 I am providing this affidavit in made form but not yet notarized, but served and filed, for the purposes of allowing SNIC to resolve this matter in accordance with *SABS* and without the intervention of the LAT. If it is fails to do so with an authorized legal representative of SNIC, then I will proceed with my motion and require, albeit regrettably, the assistance and intervention of LAT.

Volume #18: Background on Ms. Klukowska and Ms. Saeed

65. I now copy and paste the following involving those two lawyers who Ms. Moraes represents in her signature block that she is legal assistant to:

Volume #18(A): Ms. Klukowska's cases

Ms. Klukowska, appears, from our research to only have been named as counsel in one case but for Security National Insurance Company: *Bahreran v SECURITY NATIONAL INSURANCE COMPANY*, 2023 CanLII 84411 (ON LAT).

Volume #18(B): *Ms. Saeed's cases*

a. *Paramasamy v TD General Insurance Company*, 2023 CanLII 72636 (ON LAT) ["*Paramasamy*"][9];
b. *Hazem vs. TD General Insurance Company*, 2023 CanLII 23602 (ON LAT) ["*Hazem*"][10];
c. *Ruchlemer v TD General Insurance Company*, 2022 CanLII 78789 (ON LAT) ["*Ruchlemer*"][11];

66. I allege that perhaps Ms. Saeed is the additional lawyer communicating with the Divorced Husband Conflicted Lawyer. I will provide her a copy of this affidavit in made form.

67. Now shown to me is a copy and paste involving Ms. Klukowska and Ms. Saeed, who are the two lawyers listed in the signature block of Ms. Moraes:

Mailing Name
Adrianna Klukowska
Law Society Number
82757T
Class of Licence Definitions
Lawyer (L1)
Real Estate Insured

Practising Law - Employed
Business Name
TD Insurance Staff Legal
Business Address
66 Wellington St W38th FloorToronto, OntarioM5K 1A0
Phone
1 905 201 2565

68. I note that Ms. Saeed represents that her employer is that of "**TD Insurance Staff Legal**" yet Ms. Klukowska represents that her employed is "**TD Bank**".

69. I believe that Ms. Saeed and Ms. Klukowska need to be aware that their legal assistant was also purporting to act in this SNIC Proceeding but not the TD Claim Numbers.

Volume #19- background involving Ms. Moraes in her capacity as a licensed paralegal on other files at previous employment

70 If Ms. **Moraes** is the same "paralegal" (see: her **LinkedIn** profile that her paralegal was issued in 2019 from the **Canadian Business College**[13]) that has appeared in cases before **LAT**, then the Tribunal will be well aware of her name by the following:

a. *H.O. v Aviva Insurance Company of Canada*, 2020 CanLII 42669 (per: **Nidhi Punyarthi**) ("*HO Aviva*")[14];
b. **J W. v Coachman Insurance Company**, 2019 CanLII 122732 (ON LAT) ("***Coachman Preliminary Decision***")Wherein Ms. **Moraes** is referred to as the "**Legal Representative**";[14] and
c. *J.W. v. Coachman Insurance Company*, 2020 CanLII 27393 (per. Adjudicator Derek Grant[15]) (the "***Coachman Reconsideration Decision***") or "*Adjudicator Grant Reconsideration Dismissal*").

Volume #20: Another ground why I am seeking a final order, which is different from NOM #5, in that I am alleging that the Divorced Husband Conflicted Lawyer facilitated the unauthorized practice of Mr. Karat in SIGNING the Purported SNIC Response

71. While my position remains that **Mr. Karat** was unauthorized to **SIGN** the **Purported SNIC Response**, I am now alleging (see: supra) that the **Divorced Husband Conflicted Lawyer facilitated** the unauthorized practice and/or failed to prevent the unauthorized practice of **Mr. Karat**. I believe it is the former and I allege the same, and I challenge the **Divorced Husband Conflicted Lawyer** to swear evidence to the contrary.

72. If necessary, and if **SNIC** and I do not resolve this **SNIC Proceeding** (appreciating that there is a misnomer issue per se or still a substitution of name required), I will be relying not only on the *LSA*, By-Laws, and the ROPC but a case of *R. v. Smith* per Justice Nadel involving "forged documents", "false documents" and uttering the same.

73. To the extent that **Mr. Karat** proceeded to execute and sign the **Purported SNIC Response**, I believe it begs the question for LAT why he did not sign the very correspondence that enclosed the same when he served me with the **Purported SNIC Response**. Moreover, **Mr. Karat** is not signing the *PIPEDA* response.

74. In that regard, I rely on Felton Brushes, a decision of Sweeny J that finds that the requirements of an electronic signature

> [22] Further, the offer to surrender was not in writing. Article 1.17 of the Lease provides that termination of the lease must be "executed in writing by the party to be bound." In this case, the Landlord is the party to be bound. The email does not constitute execution in writing by Atlantis of the agreement to terminate the lease. There is no electronic signature on the email in accordance with section 11 of the *Electronic Commerce Act, 2000*, S.O. 2000, c. 17. The point of the formality is to ensure that the true intention of a party is captured. In the circumstances of this case, an unsigned email is not sufficient.

75. I further believe and allege that the "Efiled" associated with **Mr. Karat** on behalf of SNIC from the following sections from the ECA (Ontario):

> "**electronic**" includes created, recorded, transmitted or stored in digital form or in other intangible form by electronic, magnetic or optical means or by any other means that has capabilities for creation, recording, transmission or storage similar to those means, and "electronically" has a corresponding meaning; ("électronique", "par voie électronique")
> "**electronic agent**" means a computer program or any other electronic means used to initiate an act or to respond to electronic documents or acts, in whole or in part, without review by an individual at the time of the response or act; ("agent électronique")
> "**electronic signature**" means electronic information that a person creates or adopts in order to sign a document and that is in, attached to or associated with the document; ("signature électronique") [defined herein by myself as "**Electronic Signature**"]

76. I affirm that I believe that the **Purported SNIC Response** was an electronic document but the definition of "electronic agent" does not apply because "review" is required by the individual at the time of the response or acts like the "certification". I affirm that I believe and submit that the "EFiled" is a signature that a "person" created or adopted to sign the **Purported SNIC Response** and that is in the document of the **Purported SNIC Response**. I affirm that I query whether or not **Mr. Karat** was the person who completed, signed and filed the **Purported SNIC Response** even though his name is the only name by the "signature row" on the **Purported SNIC Response**. I affirm that I believe that TD SNIC is NOT a public body but rather an insurance company with SNIC being the "insurer" or the "underwriter".

77. However, I allege that any document can have a signature of an individual that is purporting to bind an insurance company but it may not be that Mr. Karat, in fact, engaged in the same.

78. I note the timing between the metadata of the Purported SNIC Response and the cover letter that Mr. Karat enclosed that utilizes the "Browne:CA" system along with "opentext".

79. I now quote from Justice Nadel in *R. v. Smith*, which involved former Office Darren Smith, and his, in my view, absolutely heinous conduct of signing (while may have been a matter of convenience and the intent of those individuals wishing to have their firearms surrendered and smelted) for those individuals as if they had signed the documents themselves. I would presume, and I believe that is sad if that did exist with our law enforcement in Hamilton or otherwise, that is has happened before without being noticed. In those matters, I affirm that I believe that it could be similar to this situation where the Purported SNIC Response demonstrates that Mr. Karat is the sole signatory when he may not have authorized the same.

80. While I obviously disagree with Adjudicator Lake's drawing to my attention part of Rule 24.1 but not deciding the same, I would presume and I believe to be that Vice Chair Lake or any tribunal decision maker would not decline to decide an issue where a lawyer licensee has facilitated or failed to prevent the facilitation of unauthorized practice. Moreover, I would hope that LAT would not be

81. I affirm and allege that in either scenario: (i) whether Mr. Karat, in fact, completed the Purported SNIC Response in the LAT Tribunals Ontario portal and electronically signed the Purported SNIC Response, or (ii) whether the Divorced Husband Conflicted Lawyer did it "as him", either are fatal to this LAT Proceeding, and irremediably taint the proceeding with either violations of the LSA and By-Laws OR violations of the LSA, By-Laws, ROPC For Lawyers and other legislation.

82. I cannot answer that question per se but I do allege that it was a combination of the two of them in some form and I do appreciate that Mr. Karat, now no longer authorized for SNIC, may have been coerced.

83. I affirm and allege that the Divorced Husband Conflicted Lawyer "shall be considered" representing SNIC in the SNIC Proceeding as a result of section 1(7)(a) and (c) (as there have not been any examinations for discovery).

84. Again, I was not present or in the "same space", "premises" or "office" as Mr. Karat or the Divorced Husband Conflicted Lawyer when the Purported SNIC Response was complete, then certified as "true and accurate" or "true and complete" but I will defer to the evidence of either of those individuals.

Volume #21: Why I allege that Mr. Nieuwland had no role (but knew of the conflict of interest issues)

85. I now provide the timing now of Mr. Nieuwland's auto-reply which was from January 23 or 24 which was a day before Mr. Karat's signing and filing (allegedly and purportedly if not by the Divorced Husband Lawyer "as him") so I allege that Mr. Nieuwland could not have been the direct supervising lawyer of Mr. Karat:

> **Nieuwland, Matthew <Matthew.Nieuwland@tdinsurance.com>**
> to me
>
> Please be advised that I am out of the office, returning on January 29, 2024. During this time, I will have limited access to email and voicemail. I will respond as soon as possible upon my return. Thank you, Matthew Nieuwland
>
> NOTICE. Confidential message which may be privileged. Unauthorized use/disclosure prohibited. If

received in error, please go to www.td.com/legal for instructions.
AVIS : Message confidentiel dont le contenu peut être privilégié. Utilisation/divulgation interdites sans permission. Si reçu par erreur, prière d'aller au www.td.com/francais/avis_juridique pour des instructions.

86. I believe that the **Divorced Husband Conflicted Lawyer** was the or a supervising lawyer as he is located in Markham (101 McNabb Street) along with **Mr. Karat**. Further, they are both employed by "**TD Insurance**" and have worked together on files such as *Quinn v.* **Security National Insurance Company**.

87. Further, I note that the three cases since 2018 (when the **Divorced Husband Conflicted Lawyer** joined **TD Insurance**) involve SNIC (x2) and **TD Insurance Meloche Monnex**:

Quinn v Security National Insurance Company, 2023 CanLII 58482 (ON LAT)

Volume #22: I continue to rely upon *TDGIC v. Bennett*

88. I continue to rely upon the principle in Bennett in that, and I am paraphrasing that LAT finds a wilful misrepresentation when a person remains silent when they have have a duty to notify the LAT. I believe that all of the licenses, pursuant to their professional obligations, have a duty, at the very least, to notify LAT.

Volume #23: Conflicts of Interest

89. I now quote from the conflict of interest section of the LSO website:

> Conflicts of interest
>
> A conflict of interest exists when there is a substantial risk that a lawyer or paralegal's loyalty to or representation of a client would be materially and adversely affected by competing duties to another party or competing interests between the client(s) and the licensee. Because even well-intentioned licensees may not realize that the performance of their duties has been impaired, the rules address the risk of impairment rather than actual impairment. Substantial risk means a significant and plausible risk. It need not be certain or even likely, but it must be more than a mere possibility. Conflicts of interest may fall into one of the below categories:
> Personal interest conflicts
> A licensee's own interests can compete with the duty of loyalty owed to their client or their ability to independently represent their client's interests. A personal interest includes not only the licensee's own interests, but also the interests of others connected to the licensee, such as the licensee's partners, associates, or family members.
>
> (see: *https://LSO.ca/lawyers/practice-supports-and-resources/topics/the-lawyer-client-relationship/conflicts-of-interest*)

Volume #24: Another ground for why I am seeking a final order along with the return of any personal information that was inappropriately and, in unauthorized fashion, collected, used, accessed or disclosed (if LAT has authority or under *PIPEDA*; see: *Mansuri*)

90. I now quote from the case of *Jia* which was alarming to me when considering the above about the apparent rights of insurers on the *SABS* side of the ledger. In *Jia*, the Ontario Divisional Court found as a matter of law [emphasis is mine]:

> [6] It is established law that insurers may not use the same counsel in statutory benefits cases and in tort cases brought against them by the *same insured*. This is because the duties of an insurer (and therefore of its counsel) are different in these contexts, and as an accident benefits insurer, THE INSURER is entitled to receive, and is required to keep confidential, a great deal of sensitive personal information from claimants.

91. If the Divorced Husband Conflicted Lawyer has been receiving highly sensitive confidential information from myself to what I thought was directed to Ms. Nurse and Ms. Persaud as "claims adjusters" (when I was unaware he was or I allege the "ANDY GERA") then I will determine what relief to seek and under what jurisdiction. I believe and allege that he has and I allege he knew that was unlawful. I further allege that Mr. Nieuwland, Ms. Moraes and Mr. Karat knew that it was unlawful for them to be instructed, advised or facilitated by him, and receive documents that I delivered to Ms. Nurse and Ms. Persaud albeit under what I allege were false pretenses.

92. However, I now quote from *Mansuri*, a decision of Vice Chair McGee found at paragraphs 18 to 26 with emphasis being mine:

> *Findings on the jurisdictional issue*
>
> [18] The Tribunal is a statutory body. It is well settled that a statutory tribunal has no powers other than those it derives from legislation. The Supreme Court of Canada has long held that the exclusive jurisdiction of a statutory tribunal is subject to the residual discretionary power held by courts.[8] Because the Tribunal *lacks* inherent equitable jurisdiction, any authority to grant equitable remedies (such as declaratory relief) must be provided for in legislation.
>
> [19] I am persuaded by the applicants' submission that an order disqualifying counsel for a conflict of interest falls within the Tribunal's broad authority to decide disputes under s. 280 of the *Insurance Act*. In *Stegenga*, by which I am bound[16], the Court of Appeal held that the Tribunal has exclusive jurisdiction over a dispute if its "essential character" relates to entitlement to statutory accident benefits and their amount.[9] The Court also held that disputes involving an insurer's conduct[17] in handling a claim satisfy this requirement.[10]
>
> [20] This motion *calls into question* the respondent's handling of the applicants' claim[18], and I find that its essential character relates to a claim for accident benefits. I am unpersuaded by the respondent's submission that the Tribunal lacks the power to grant declaratory relief in this case because the motion itself does not involve determination of entitlement to or quantum of benefits. The underlying and ongoing disputes between the applicants and the respondent squarely engage questions of entitlement and quantum, and the outcome of this motion will impact the course of these underlying proceedings. The questions before me are neither hypothetical nor academic; they have direct bearing on the conduct of the litigation before this Tribunal.
>
> [21] I find that no excess of jurisdiction would flow if I were to order the relief sought in this motion. The Divisional Court in *Jia* took no issue with the Tribunal's decision to remove counsel based on a conflict of interest. I am not persuaded by the respondent's submission that it is impermissible to "read in" findings to case law that are not explicitly expressed, or that the Court of Appeal's decision in *Ridt* stands for such a proposition. *Ridt* was a case about the

principles of statutory interpretation and how ambiguity in legislative provisions should be resolved. The court's analysis in that case does not intersect with the jurisdictional issue before me. The inference the applicants ask me to draw from *Jia* is sound: if the Tribunal had exceeded its jurisdiction by declaring a conflict of interest and disqualifying counsel, the Divisional Court would have corrected that error when it directly addressed the matter on appeal.

[22] It is not enough to satisfy the basic common law requirement that a dispute has an essential character falling within the Tribunal's jurisdiction. The Tribunal's powers are subject to limits. Its orders must comport with its enabling legislation. The way an insurer *staffs* its claims is not a matter of Tribunal procedure or practice. As such, the Tribunal's power under s. 23 of the *SPPA* to make orders to control the conduct of its proceedings is not engaged. Compelling an insurer to remove a specific adjuster from handling a claim is not necessary or expedient for the Tribunal to carry out its duties, so the Tribunal's order-making authority under s. 3(2) of the *LAT Act* likewise does not apply. In the absence of statutory authority to make such an order, I find that the Tribunal lacks the power to disqualify an adjuster[9] from handling a claim. If I am wrong about the scope of the Tribunal's authority, and the Tribunal does have the power to disqualify an adjuster under the *SPPA* and the *LAT Act*, I would decline to exercise that authority on substantive grounds, for reasons I explain below.

[23] The *Schedule* is not a complete code governing the relationship between insurers and insured persons. That relationship is also governed by private law obligations and legislative schemes outside this Tribunal's jurisdiction. The applicants submit that the alleged misconduct of the adjuster in this case could amount to civil liability for intrusion upon seclusion, a common law tort established by the Ontario Court of Appeal in the 2012 case, *Jones v. Tsige*.[11] They also submit that the respondent disclosed confidential information several weeks before obtaining authorization to do so under the *Personal Information Protection and Electronic Documents Act*, S.C. 2000, c. 5 ("*PIPEDA*").

[24] If the applicants believe that the adjuster's conduct constitutes a civil wrong, the appropriate forum to pursue a remedy is the civil courts, not this Tribunal. If the applicants maintain that the respondent has breached its obligations under *PIPEDA*, the federal Office of the Privacy Commissioner has jurisdiction to hear such a complaint.

[25] The Tribunal routinely adjudicates questions of insurer conduct under s. 10 of Regulation 664. If the applicants wish to pursue a remedy from the Tribunal, it is open to them to claim an award for unreasonable withholding or delay of benefits in the underlying proceedings.

[26] To conclude, the applicants have satisfied me that the ***Tribunal can disqualify counsel*** if it determines that a conflict of interest exists. Whether characterized as a "finding" or a "declaration," I find that an order disqualifying counsel is a *permissible exercise* of the Tribunal's authority to decide accident benefits disputes and make procedural orders in accordance with the *Insurance Act*, the *LAT Act*, and the *SPPA*. I further conclude that the Tribunal lacks the authority to bar an adjuster from handling a disputed accident benefits claim, or, in the alternative, that the facts before me do not.

Toronto Superior Court of Justice / Cour supérieure de justice

Volume #25: Another ground for why I am seeking a final order (abuse of process): respondent can no continue defending the Appeal

93. I now quote from *Law Society of Ontario v. Chung*, 2021 ONLSTH 44, the Law Society Hearing Tribunal found [emphasis is mine]:

> [134] **Dishonest conduct** by a licensee has a significant impact not only on the licensee's clients. More broadly, "a breach of integrity such as this has a corrosive impact on public confidence in the legal profession and the administration of justice": *Christie* at para. 37

94. *I ask the question reflexively, is this why Mr. Karat was utilized by name and signature on the Purported SNIC Response?*

95. I believe that this is why the **Divorced Husband Conflicted Lawyer** utilized a non-licensee in **Mr. Karat** as opposed to Ms. Moraes who is a licensed paralegal – even though my position remains that Ms. Moraes could not sign the Purported SNIC Response for the following reasons:

a. Paralegals are not authorized to provide legal services in claims where CAT Impairment is involved or at issue (see: *Dunkha*); and
b. Ms. Moraes' current status as "employed – NOT provided legal services".

96. I believe that these issues are far more serious than a mere nullity *per se* but rather invoke a different type of level of sanction by LAT for disqualification and striking for dishonest and intentional abuses of process.

Volume #26: Further case on signing of documents by non-lawyers or non-licensees (by implication or analogy): *LSUC v. Barnett*

97. I note the case of *LSUC v.* Barnett (albeit *prior* to the *Access to Justice Act* 2006) was summarized as follows and the "rule" historically:

> Particular 2(d) He entered into a business arrangement with the real estate agent and a mortgage consultant which:
>
> > i. provided for a discount on legal fees incurred by a person who used the services of the three participants in the business arrangement;
> > ii. placed him in a position where his obligations to a client might conflict with those of the other parties to the business arrangement;
> > iii. called for the other members of the business arrangement to ***SIGN*** his letterhead;

98 In *Barnett*, the Law Society Tribunal found that the "Commentary" in "Rule 16, Commentary 3.(1) was of some assistance:

> Particular 2(d)(iii) does not refer to a specific rule but the Law Society argues that Rule 16 Commentary 3.(l) is of some assistance. That Commentary reads as follows
>
> A lawyer may not permit a non-lawyer to:
>
> (l)***SIGN*** correspondence containing a legal opinion, but the non-lawyer who has been specifically directed to do so by a supervising lawyer may ***SIGN*** correspondence of a routine administrative

nature, provided that the fact such person is a non-lawyer is disclosed, and the capacity in which such person signs the correspondence is indicated;

Volume #27: The Karat LAT Assignment to "bundle" this LAT Dispute

99. I believe that the **Divorced Husband Conflicted Lawyer** empowered **Mr. Karat** to handle this **SNIC Proceeding** while he had "effective control" and perhaps "absolute control" over **Mr. Karat** or he was engaging in the utilization of his name to avoid the Actual COI and Reasonably Perceived COI. I will await their evidence in this regard.

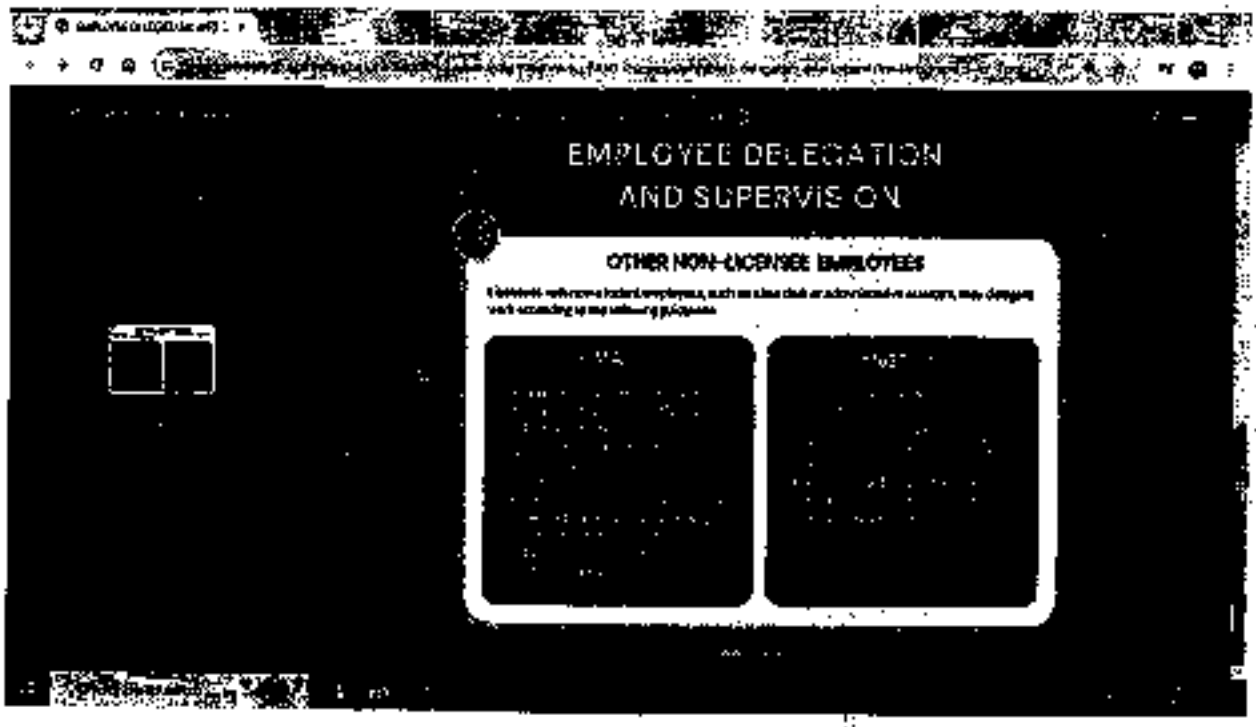
100. I note the following in relation to the Federal Model Code of Conduct with the "*nota bene's*" are "*nota benes*" which are my opinions:

> **6.1-3** A lawyer **MUST NOT** permit a non-lawyer [**Karat**] to:
>
> *(a) accept cases on behalf of the lawyer [**nota bene: Karat LAT Assignment on behalf of whom], except that a non-lawyer [Karat] may receive instructions from established clients if the supervising lawyer [nota bene: who is the Supervising Lawyer] approves before [nota bene: when did work commence? Before the **Karat LAT Assignment**] any work commences;*
>
> *(b) give legal advice [nota bene. **Karat's** client was **SNIC**; was he giving legal advice or merely given authority from **SNIC**? If so, who was the person at **TD Insurance Meloche Monnex (SNIC)** that gave him authority; was it a lawyer? Was it a non-lawyer?];*
>
> *(d) act finally [nota bene: filing a pleading that takes position of striking or withdraw a final position] without reference to the lawyer [nota bene no reference to any lawyer in the pleading; the cover letter is from SNIC with "TD Meloche Monnex" as the sender] in matters involving professional legal judgment;*
>
> *(e) be held out as a lawyer [nota bene. **Karat** did not hold himself out as a lawyer but rather an unlicensed non-legal representative];*
>
> *(f) appear in court or actively participate in formal legal proceedings on behalf of a client [nota bene: **Karat** actively participated in the formal legal proceedings as they commenced on December 24, 2023 by the: (i) **Karat LAT Assignment** on Jan. 23, 2024; (ii) the completed, executed and filed responsive pleading on Jan 25, 2024; (iii) the **Purported Karat COS**] except as set forth above or except in a supporting role to the lawyer appearing in such proceedings;*
>
> *(g) be named in association with the lawyer in any pleading [nota bene: **Karat** was NOT named in association with any lawyer in a pleading but on his own. This appears to be a more egregious breach], written argument or other like document submitted to a court;*
>
> *(h) be remunerated on a sliding scale related to the earnings of the lawyer, unless the non-lawyer is an employee of the lawyer [nota bene: **Karat** is not an employee of a lawyer or law firm per se but rather, perhaps, an employee or contractor of an insurance company];*
>
> *(i) conduct negotiations with third parties, other than routine negotiations if the client [nota bene: SNIC] consents and the results of the negotiation are approved by the supervising lawyer [nota bene: who is or was the supervising lawyer?] before action is taken;*
>
> *(j) take instructions from clients, unless the supervising lawyer has directed the client to the non-lawyer for that purpose and the instructions are relayed to the lawyer as soon as reasonably possible;*

*(k)**SIGN** correspondence [nota bene: signing a pleading is far more than signing correspondence] containing a legal opinion [nota bene: the pleading contains legal positions, opinions, legal conclusions and points of law involving the application of legal principles and legal judgment regarding the objectives and circumstances of person.*

*(l)**SIGN** correspondence [**nota bene: interestingly Karat did not SIGN the cover letter enclosing the Purported SNIC Response; Karat also did not SIGN the correspondence in the purported PIPEDA response**], unless*

(i) it is of a routine administrative nature,
*(ii) the non-lawyer has been specifically directed to **SIGN** the correspondence by a supervising lawyer.*
(iii) the fact the person is a non-lawyer is disclosed, and
(iv) the capacity in which the person signs the correspondence is indicated;



101. Now shown to me is a copy and paste from the LSO website regarding

Employee Delegation and Supervision

Lawyers and paralegals **MUST** assume *complete professional responsibility* over *their practices* including over the work of their employees. This **INCLUDES**:

- ensuring tasks and functions are properly delegated or assigned, and
- directly and adequately supervising any law or paralegal students, licensing candidates, and *NON-LICENSEE* employees (e.g., law clerks, administrative assistants, etc.) performing tasks on their behalf. [*nota bene*: **whose behalf was Karat performing tasks on behalf**].

For a high-level overview of the employee delegation and supervision requirements, see the Law Society's Employee Delegation and Supervision Quick Reference Guide

However, licensees **MUST** not allow any student or *NON-LICENSEE* employee to perform any of the duties that only a licensee may perform. This rule applies at the licensee's practice and at any satellite office of the practice

Volume #28: Tasks and functions that may not be assigned: general

102. Now shown to me is section six of By-Law 7.1 and I note the following with "*nota benes*" and square brackets being my opinions:

> 6. (1) A licensee **SHALL** not permit a *NON-LICENSEE*
>
> (a) to give the licensee's client [*nota bene*: why Karat and Nieuwland have different clients?] legal advice;
>
> (b) to act on behalf of a person in a proceeding before an adjudicative body, other than on behalf of the licensee in accordance with subsection 5 (1), unless the *NON-LICENSEE* is authorized under the *Law Society Act* to do so;
>
> (c) to conduct negotiations with third parties, other than in accordance with subsection 5 (2);
>
> (d) to ***SIGN*** correspondence, other than correspondence of a routine administrative nature; or

(e) to forward to the licensee's client any document, other than a routine document, that has not been previously reviewed by the licensee.

103. I do not follow how any supervising lawyer at the LSO could believe that it could authorize a non-licensed individual to sign a responsive pleading in this LAT Proceeding; particularly involving CAT Impairment.

104. While Mr. Karat appears to be no longer authorized for SNIC, I do not agree or consent that said removal of Karat resolves the issue of the Purported SNIC Response under NOM #5 or NOM #6 (to be served and filed).

105 I note section 3(2) of *By-Law 4* (which is Licensing):

Assignment of tasks, functions: general

3. (1) Subject to subsection (2), a licensee may assign to a non-licensee tasks and functions in connection with the licensee's practice of law or provision of legal services in relation to the affairs of the licensee's client.

Assignment of tasks, functions: affiliation

(2) A licensee who is affiliated with an entity under *By-Law 7* may assign to the entity or its staff, tasks and functions in connection with the licensee's practice of law or provision of legal services in relation to the affairs of the licensee's client only if the client consents to the licensee doing so.

106. I note the language under ss. 3(2) of *By-Law 7.1* (Organizational Obligations and Responsibilities) and is "a licensee affiliated with an entity under *By-Law 7*".

107 In light of the issues with the Purported SNIC Response identifying SNIC as the Respondent and TDGIC being in the Nieuwland DOR, I do not know who the client is or would be when applies to those sections of By-Law #4.

108. *By-Law 7* does not use the language of "entity" but "affiliated entity". Affiliations is "Part IV" of *By-Law 7* (Business Entities).

109. I now quote from the above with my square brackets being my identification of a potentially relevant individual or a relevant issue by a reflexive or rhetorical question:

Interpretation:
31. (1) In this Part,

"affiliated entity" means one [*nota bene*: Karat] or more persons none of whom are licensed or otherwise authorized to practise law or provide legal services in or outside Ontario [*nota bene*: Karat];

"licensee" includes a permitted group of licensees.

Interpretation: "affiliation"

(2) For the purposes of this Part, a licensee [*nota bene*: AP] affiliates with an affiliated entity [*nota bene*: Karat] when the licensee [*nota bene*: AP] on a regular basis [see: *Quinn* v. *SNIC*, six day hearing in 2022 with decision released in June 29, 2023[36]] joins with the affiliated entity [Karat] in the delivery

or promotion and delivery of the services of the licensee [*nota bene*: AP] and the services of the affiliated entity [*nota bene*: Karat as ADR Specialist].

Ownership of practice, *etc.*

32. A licensee who affiliates with an affiliated entity shall,

(a) own the professional business through which the licensee practises law or provides legal services or comply with Part III [*nota bene*: possibly AP],

(b) maintain control over the professional business through which the licensee practises law or provides legal services [*nota bene*: AP – does he?]; and

(c) carry on the professional business through which the licensee practises law or provides legal services, other than the practice of law or the provision of legal services that involves the delivery of the services of the licensee jointly with the services of the affiliated entity, from premises that are not used by the affiliated entity for the delivery of its services, other than those that are delivered by the affiliated entity jointly with the delivery of the services of the licensee.

[*nota bene*. Karat and AP at same location, was this reason for the shift from Nurse to Persaud in Summer 2023? Was it a rouse? Was it an attempt to distance from SNIC Markham yet the Purported SNIC Response reverts back to SNIC Markham?]

VOLUME #29: Conclusion

110. I affirm that I have served and filed this affidavit as soon as I was able to do so and as promptly as I was able based on the evidence that I received, further investigations, and the lack of response from the individuals and persons named herein.

111. I now allege on this April 1, 2024 that this SNIC Proceeding has been irremediably tainted by the Divorced Husband Conflicted Lawyer, Karat, Nieuwland and Morais.

112. With due respect and objectivity, in my view, I do not say that they were all "willing participants" and some may have been "coerced" by the "consequence manager" in the Divorced Husband Conflicted Lawyer. I again allege that this is why Ms. Morais was looking for employment elsewhere some four weeks ago on her LinkedIn profile. I again allege this is why Mr. Karat is now no longer authorized for Security National Insurance Company. I again, now, allege that this is why Mr. Nieuwland refused to bring a motion to correct the respondent's name and his filing of the Nieuwland DOR Non Respondent.

Electronically filed / Déposé par voie électronique : 18-Feb-2025
Toronto Superior Court of Justice / Cour supérieure de justice

113. While I appreciate that the allegations are of a serious nature, I believe and allege that the lack of denials by the named individuals in the emails along with the substituting of "assistants", Mr. Karat's recent de-authorization for SNIC, and any appearance of a lawyer for an insurance acting against, in part, his ex-wife and her current husband is an appearance of a conflict of interest worthy of disqualification of Mr. Nieuwland and Mr. Karat. I reference Mr. Karat as he is not a "claims adjuster" and Vice Chair McGee found in Mansuri (or at least on those facts) that a claims adjuster could not be disqualified by LAT. I submit that LAT has the power to disqualify not only those legal representatives who are listed as lawyer licensees or paralegal licensees but also ADR Specialists and those individuals who are deemed ("shall be considered") to be representing a person in a proceeding by their acts and conduct pursuant to section 1(7)(a) and (c). I challenge each and every individual so named in this affidavit (where applicable to each) to swear contrary evidence to my evidence on belief herein.

114. I affirm this Affidavit #15 for no improper purpose and in relation to my NOM #6, general purposes and ancillary purposes (known and unknown).

affirmed before me at Toronto, Ontario
On this 17th day of April 2024

Mr. Kevin A. McKeen (B.A., J.D., CIM)

With The Translation

[1]Defined as "TD SNIC" as "Security National Insurance Company" as provided as the name of the insurance company that Ms. Persaud and Ms. Nurse were acting as "claims adjusters"
[2]Meloche Monnex Inc ("MMI"), carrying on business under the name of Security National Insurance Company, He v. Meloche Monnex, 2022 ONSC 974 (CanLII), at para 2, <https://canlii.ca/t/jnlt0#par2>, retrieved on 2024-01-04
[3]*DINNEN – Conflict of Interests – Failure to Serve – Failure to Supervise – The Lawyer's office prepared a will for an elderly client – He reviewed the will but did not meet with the client to get instructions or attend when the client signed the will – The Lawyer failed to assume complete responsibility for his practice and to directly supervise non-lawyer staff when he delegated those tasks to them – He also failed to competently serve that client – The Lawyer acted in a conflict of interest when he represented the estate trustee once the will was contested on the basis that the testator was not mentally competent to sign it – He had an interest in defending the quality of his firm's services and he or his staff were likely to become witnesses – There was a substantial risk that his loyalty to, or representation of, his client would be materially affected by these personal interests – The Lawyer's licence was suspended for 45 days and he was to take three additional hours of continuing professional development in relation to conflicts of interest.*
[4]I note that in her [Moraes] email to LAT, Ms. Moraes only referenced being a legal assistant to Ms. Klukowska and Ms. Saeed.
[5]*Talisman Resort v Keyser, Usling et al*, 2013 ONSC 1901 (CanLII), <https://canlii.ca/t/fvwz7>
[6]Defined in the NOM #6
[7]https://en.wikipedia.org/wiki/Metadata#:~:text=Metadata%20means%20%22data%20about%20data,Purpose%20of%20the%20data : Metadata means "data about data". Metadata is defined as the data providing information about one or more aspects of the data; it is used to summarize basic information about data that can make tracking and working with specific data easier
[8]Descriptive metadata enables discovery, identification, and selection of resources. It can include elements such as title, author, and subjects
[9](see: Applicant was successful against "TDGIC" (not the Respondent of SNIC). Importance of issues involving "dates of denial);
[10]see: Distinction when the named title is "adjuster" compared to that of Mr. Karat (ADR Specialist)).
[11]TD having issues with receipt of documents and claiming an OCF-3 was not received. [13] I find that the applicant provided an OCF-3 before the 104-week mark. The application can proceed to a three-day videoconference hearing; [14] The letter dated October 22, 2015 confirmed that the respondent was in possession of the OCF-3. In fact, the respondent reviewed the OCF-3 and determined that the applicant was not eligible for the IRB or NEB. In the same letter, the applicant was informed of her right to dispute the respondent's determination; [17] The respondent relies upon *JV vs. TD Insurance Meloche Monnex*, 2019 CanLII 110091, and *C.G. vs. Pembridge Insurance Company*, 2020 CanLII 51276 in support of its position that a complete claim for an IRB must be made within 104 weeks. In both cases, the OCF-3 was submitted after 104 weeks. This case is distinguishable as the applicant did submit a completed OCF-3 within 104 weeks. [18] In my view, the respondent's argument regarding Dr. Greenspan noting that she did not meet the substantial inability test in the OCF-3 is something that can be addressed at the substantive issue hearing. Preliminary issues are very technical in nature. The question here is whether or not she submitted the OCF-3 within the 104-week mark. Based on the evidence before, I find that the applicant did comply with the requirements under sections 36(2) and (3) of the *Schedule*. (nota bene: no issue of not complying with OCF-3 herein when it relates to NOM #4)
[12]See:
[13]Ms. Moraes was fully entitled to act, in her capacity as a "licensed paralegal" as the matter involved only minor injuries and NOT CAT impairment. The Application was dismissed as the HO applicant had injuries that were predominatly minor but there were issues of late production by the Applicant in breach of a case conference order.
[14](nota bene: while noting Mr. Karat determined the form to use, completed and solely executed the Purported SNIC Response in "e-filed" form whilst representing and admitting that he was NOT a "legal representative". It also appears that Mr. Karat admitted in the Purported SNIC Response that he was not covered by any exemption under the LSA or By-Laws as a "non-licensee without a P1 license" to provide legal services or practise law in Ontario, and, consequently, this LAT Proceeding herein. It is further notable that Mr. Karat was never the "claims adjuster" in the underlying file with the TD Insurance Claim # and he admitted as much in his January 23, 2024 email to myself);
[15]Pursuant to s. 17(2) of the *Adjudicative Tribunals Accountability, Governance and Appointments Act, 2009*, S.O. 2009, c. 33, Sched. 5, I have been delegated the responsibility to decide this matter in accordance with the applicable rules of the Tribunal (see. paragraph 4); I.W.'s Request for Reconsideration is dismissed (see: paragraph 5). It was quite a technical case considering that some hooligans engaged in violent criminal activity towards a driver of a taxi after some misunderstandings regarding directions to their desired location albeit falling asleep in the cab at the same time. The taxi driver (I.W.) sustained injuries when his mobile was taken from him and then four cowardly individuals engaged in assaulting and battering him. I presume (without knowing) that the I.W. realized that these degenerate individuals (two of which were arrested) were impecunious or judgment proof, and he advanced his rights as the incident being an "Accident" when technically the conduct of the passengers in his vehicle was not in the nature of an "motor vehicle accident" but criminal conduct

[16]LAT is of the view that it is bound by stare decisis and decision of the Ontario courts
[17]SNIC herein
[18]Although Mr. Mansuri was pointing the proverbial COI finger at counsel for the Respondent (Dominion)
[19]What if the adjuster is merely referenced in letters and not executing the same, and was away for four months by her auto-reply and it is likely that "AP" was drafting these letters covertly?
[20]This would presume that Af and Karat would meet the test of joining on a regular basis

THIS IS EXHIBIT "A" REFERRED TO IN THE AFFIDAVIT OF KEVIN A. MCLEAN AFFIRMED BEFORE ME, THIS 2nd DAY OF APRIL 2024

Kevin McLean

Wed, Mar 27, 1:37 PM (6 days ago)

David, Matthew, James.V.Russell, Michelle, Andrew.papadimitropoulos, me

Dear Sirs/Mesdames: many of you herein are aware of the email issues that I have had but some are not. For an unknown reason, I was able to send emails but not receive some or all for a brief period of time. I am getting caught up to speed and do have the decision of Vice Chair Logan that I am reviewing. In brief, said Vice Chair has found that Vice Chair Lake's "Order" is not a decision that disposes of the appeal. As such, I will likely now bring this motion as that will dispose of the appeal and is imperative to be determined before any such case conference.

Apologies for the tech issues but the new email is copied herein and this email will be discontinued in about a week or sooner. Thank you.

Yours truly,

Mr. Kevin A. McLean (B.A., J.D, CIM) ("**McLean**" or "**Disabled Individual**") (he/him)

Re: potential sixth Notice of Motion: abuse of process – independent ground – independent motion from NOM #5 – courtesy notice

Dear Sirs/Mesdames:

I hope you are well.

In light of what I have discovered (see: Appendix #2; in "draft form") recently involving the potential that this "Andy Gera"[ii] is one Andrew Papadimitropoulos (defined herein after as "**AP**", "**Mr. AP**", or "**Andrew P**" also known as *Andy Gera*) has been engaged in the provision of legal services and the practice of law including *potential representation of a person* in a proceeding before an adjudicative body, I intend to bring a sixth notice of motion involving the above. I am still having the law reviewed in this area because it is not your "standard conflict of interest" (i.e. a lawyer against a former client) but it certainly fits within the flexible doctrine of "abuse of process" and whether the conduct offends amounts to the same. In this vein, I quote the following from CUPE:

> This concept of abuse of process was described at common law as proceedings "unfair to the point that they are contrary to the interest of justice" (*R. v. Power*, 1994 CanLII 126 (SCC), [1994] 1 S.C.R. 601, at p. 616), and as "oppressive treatment" (*R. v. Conway*, 1989 CanLII 66 (SCC), [1989] 1 S.C.R. 1659, at p. 1667). McLachlin J. (as she then was) expressed it this way in *R. v. Scott*, 1990 CanLII 27 (SCC), [1990] 3 S.C.R. 979, at p. 1007:
>
> > . . . abuse of process may be established where: (1) the proceedings are oppressive or vexatious; and, (2) violate the fundamental principles of justice underlying the community's sense of fair play and decency. The concepts of oppressiveness and vexatiousness underline the interest of the accused in a fair trial. But the doctrine evokes as well the public interest in a fair and just trial process and the proper administration of justice.

Of course, this normally happens in the context of a claimant or plaintiff but it can occur in situations of defending a claim.

I kindly refer you to the Federal Mode Of Conduct for lawyers with my annotations and analysis (see: Appendix #3).

While the Federal Mode of Conduct for lawyer is different than the LSO By-Laws, I have included By-Law 7.1, section 6 herein:

> 6. (1) A licensee **SHALL NOT** permit a ***non-licensee***,
>
> (a) to give the licensee's client [nota bene: why **Karat** and Nieuwland have different clients] legal advice;
>
> (b) to act on behalf of a person in a proceeding before an adjudicative body, other than on behalf of the licensee in accordance with subsection 5 (1), unless the ***non-licensee*** is authorized under the *Law Society Act* to do so;
>
> (c) to conduct negotiations with third parties, other than in accordance with subsection 5 (2);

(d) to ***SIGN*** correspondence, other than correspondence of a routine administrative nature; or

(e) to forward to the licensee's client any document, other than a routine document, that has not been previously reviewed by the licensee.

In relation to the potential representation of a persona in a proceeding component, I note that under the *LSA*, representation in a proceeding does not need to be "overt" or "public" but a person (authorized or unauthorized) can represent a person in a proceeding by the mere determination of what, when, whom, where and how to file and serve of documents "SHALL BE CONSIDERED" representing a person (SNIC) in a proceeding. Even though Mr. Karat's name is on the Purported SNIC Response and he was the sole signer of the Purported SNIC Response, this does not mean, by virtue of section 1(7)(a) and (c) of the LSA that "AP" could not also be representing SNIC in this SNIC Proceeding.

This, of course, does not absolve the breach of the LSA and its By-Laws by Mr. Karat solely executing the Purported SNIC Response which is a nullity and an abuse of process in of itself as SNIC never sought to even attempt to remedy the same.

Of course, if a lawyer had stepped forward and asserted himself as counsel of record (by filing a DOR) for SNIC and bringing a motion to correct the same, we may have a different set of facts and circumstances. Unfortunately, we do not. We have an unmitigated mess as follows which includes but not limited to.

1. Mr. Karat, who is an ADR (not the Claims Adjuster as that is Ms. Persaud and formerly it was Ms. Nurse) is the sole and de facto unlicensed representative, without an exemption under the LSO By-Laws of SNIC;
    a. Mr. Karat is an unlicensed representative who has executed the Purported SNIC Response and the Purported Karat COS;
2. Mr. Nieuwland is the sole legal representative of TDGIC (a non-insurer and non-underwriter as it relates to the Insurance Policy);
3. Mr. Nieuwland has been requesting that I include Ms. Moraes as his legal assistant when her signature block does not include his name as a supervising lawyer of her (see: issues surrounding "effective control" et al);
4. Ms. Moraes is a licensed P1 holder but currently, in her role (with no castigation at all of her or her current role) with TD Insurance Staff Legal is "employed – not providing legal services";
    a. It appears that she could, subject to a supervising and directing lawyer with the LSO engage in "mediation of ancillary issues involving CAT Impairment" but there is nothing to mediate per se but rather the determination of my CAT Impairment by LAT;
5. It appears, subject to any written denial within 24 hours by any and all individuals of my assertions (which I will presume to be true and correct in substance), that one Mr. AP (the former spouse of my current spouse and whose name of the insured in the Purported SNIC Response) is also representing SNIC albeit in a covert manner; and
6. A variety of independent breaches of the LSA, its By-Laws, guidelines, rules and ROPC (where applicable).

In conclusion on this front, we have two individuals representing SNIC and one acting for a non-respondent and non-party in TDGIC. We have an odd situation where Ms. Moraes already has two lawyers that she is the legal assistant to and Mr Nieuwland claimed that Ms. Moraes is also his legal assistant when her signature block does not represent the same. We also have Mr. Karat's signature block in outgoing emails shows that he is "**Representing the Security National Insurance Company**" which is consistent with the Purported SNIC Response.

While it is often unlikely that any lawyer will admit to a conflict of interest, it is the appearance of a conflict of interest that offices. The factual matrix demonstrates a long list of issues that evidence a conflict of interest and non-compliance with SABS including, from the outset, the insurance benefits package being sent to the wrong address, by change of postal code, yet my Spouse (AP's former spouse) receiving her accident benefits package to the correct postal code.

and non-conflicted lawyer licensee appointed forthwith.

I am still looking into the issue of what a "consequences manager" entails and how that factors into the issues herein. Whatever that title may entail, the LSA and By-Laws are clear that Mr. Karat could not sign the responsive pleading in the form of the Purported SNIC Response.

If the "Karat LAT Assignment" was one from Mr. AP, then this will speak volumes to the abuse of process. Of course, it comes back yet again to the appearance of a conflict of interest and whether an individual lawyer's personal interests affect his ability to be impartial. This is also supplemented by Ms. Persaud being away from September to around January 2024 (which has been confirmed independently by other persons that there were no such calls from her during that time) yet the letters from September to December 2023 reference Ms. Persaud. I further note a litany of calls from Ms. Persaud to my health practitioners that were bordering on harassment, or at least redundant in nature.

Irrespective of whom assigned this LAT assignment for Mr. Karat to handle the LAT dispute, and who was the supervising lawyer of Mr. Karat (as an unlicensed individual and an ADR), supervising lawyers were NOT authorized to PERMIT Mr. Karat to represent SNIC in this SNIC Proceeding and/or SIGN the responsive pleading. If he did so on his own, then it matters not as it is a breach of the LSA and its By-Laws.

If my **Reconsideration Motion** is granted, the hearing of this motion will not be necessary. However, I felt it was only courteous to draw this to your attention (with copying of the same solely on this email and solely for these purposes) and provide a courtesy notice.

I have also provided at Appendix #4 my current analysis of the case of *Dunkha* as it relates to the issues herein. It was not known to me that the lawyer who was overseeing Mr. Graber in Mr. Fallotta was suspended from practising law. No such issue arises here.

Of course, this makes resolution all the more difficult and perhaps why there has not been compliance with SABS for an extended period of time and why SNIC continues to be in a state of non-compliance. I remain ready, willing and able to have substantive and productive settlement discussions with an authorized independent (also with the appearance of independence) legal representative (which must be a lawyer licensee as this Appeal involves my CAT Impairment). However, the issue arises as to whether the facts to be alleged and affirmed will lead to this LAT Proceeding being irremediably tainted.

To conclude, I in no way confirm, concede or accept that Ms. Moraes is the assistant to Mr. Nieuwland. Moreover, I repeat and rely on all of my previous positions as it relates to nullities, abuse of process and the relief sought therein. However, I had to draw this notice to your attention in light of the upcoming timelines and deadlines for responses to motion, case conferences et al. I reserve the right to rely upon this correspondence should there be any further breaches.

I will supplement this with further information, evidence and law as it becomes known to me but I will fully expect and require that if this motion is opposed that all relevant individuals provide evidence in response.

I cordially remind all lawyer licensees of their professional obligations and Ms. Moraes of her obligations as a licensed P1 holder. I further draw Mr. Karat's attention to the LSA and its By-Laws with specific reference to section 26.1 of the *LSA*.

I was looking forward to working with an ADR and Mr. Nieuwland to resolve this matter in accordance with SABS and away from the former adjusters in Ms. Nurse and Ms. Persaud (with an interesting switch from Markham to Burlington by way of office locations which now appears to be disingenuous) but it appears that the underlying TD Claim # and this LAT Proceeding has had a similar individual making such determinations therein and in relation to section 1(7) of the LSA albeit not coming forward with his name. Why would he (AP) not do so? The question answers itself.

Moreover, why would the metadata have the name of "Andy Gera" when Mr. David Karat is not "Andy Gera"? With the now learned evidence, that question also answers itself.

conference. If I do not hear from you on a forthwith basis of what you propose and steps you [SNIC] are taking to remedy the same, I will presume that a motion is required to be served and filed.

I reserve the right to draw this correspondence to the attention of LAT or any other persons that I may deem necessary if SNIC does not comply with all of its outstanding obligations forthwith.

Thank you kindly.

APPENDIX

Appendix #1

Representation in a proceeding

(7) Without limiting the generality of paragraph 3 of subsection (6), doing any of the following shall be considered to be representing a person in a proceeding:

1. Determining what documents to serve or file in relation to the proceeding, determining on or with whom to serve or file a document, or determining when, where or how to serve or file a document.
2. Conducting an examination for discovery.
3. Engaging in any other conduct necessary to the conduct of the proceeding. 2006, c. 21, Sched. C, s. 2 (10).

Appendix #2: copied and pasted from the filing of this morning with LAT and served upon you albeit in relation to the IRB Calculations

(NOTA BENE: Whether there is a "ghostwriter" or not, the admissions were made and the Applicant is relying upon them. Of course, there could be further repercussions or issues arising from a lawyer not inputting his name on various documents and "supervising", "encouraging" or "facilitating" breaches of the LSA and By-Laws, guidelines and his ROPC. To confirm, said lawyer hyperlinked above is NOT Mr. Nieuwland. It raises distinct issues regarding abuses of process that are distinct from NOM #5 and whether a former spouse of the Applicant's current spouse, who was named as the primary insured, is or was authorized to act, even in a potentially covert or surreptitious manner, based on a potential conflict of interest, and/or abusing the process of the LAT. Perhaps, this lawyer cited above coerced Mr. Karat to complete, sign and file the Purported SNIC Response which would make such unauthorized execution of the same all the more egregious and an abuse of process. If necessary to be argued, it may speak to why the IRB's have been delayed and withheld in such an unreasonable manner. There will also be some contextual evidence provided (if necessary) that Mr. Karat purportedly provided a response to a PIPEDA request with his name in the letter as the author but the metadata showed the name of "Andy Gera" which is a fictitious name. When investigating the issue, "Andy" is the short name for the first name of the above noted lawyer and "Gera" means "generated" in Portuguese. Put another way, "Generated by Andy" when the document itself has no reference to the same but the metadata did. The reference to "Portuguese" translation is yet another compelling piece of evidence considering that the assistant that Mr. Nieuwland wished to have included in emails with the Applicant (as he represented that Ms. Michelle Moraes was his legal assistant when her signature block represented that she was the legal assistant to two female lawyers) is a P1 license holder who has acted for applicants before LAT. In her current role, she is "not providing legal services – employed" with TD Insurance Staff Legal. The Applicant has confirmed with Mr. Karat and Mr. Nieuwland that until Mr. Nieuwland confirms by affidavit that said individual (Ms. Moraes) is his legal assistant that she will not be included for, inter alia, concerns over whether Mr. Nieuwland has effective control over her non-licensee activities to him and whether they are following LSO By-Law 7.1 et al. The Tribunal will also be aware that it was Ms. Moraes that attempted to seek an adjournment of the agreed to case conference (until the nullity issue was found and brought to the immediate attention of SNIC (including Karat and Nieuwland)) from the May 2, 2024. Interestingly, when LAT confirmed with Ms. Moraes that under the New LAT Rules that a motion was required to seek an adjournment of the case conference, no motion

issues in the Appeal and Purported SNIC Response involve CAT Impairment.

Moreover, in the "purported PIPEDA response", there was a reference to "internal" at the bottom of the document when it as sent externally to the "requestor" under that federal legislation (but the same named individual appellant herein) which is consistent with the emails of Ms. Moraes where there is a reference to "internal".

It is a difficult legal issue to determine, which has factual elements that need resolution, as to whether a ex-spouse or divorced spouse of the Applicant's current spouse is authorized to act against him (even covertly or surreptitiously – behind the names of others) but it would appear to be a form of "bad faith" and "abuse of process" to do so in a covert manner and only be discovered with forensic investigating or general investigation. Moreover, there is no dispute that that Mr. Karat was not authorized to SIGN even correspondence unless it was correspondence of a "routine administrative nature" and "directly supervised by the supervising lawyer". What is telling about the service of the Purported SNIC Response is that Mr. Karat did NOT include Mr. Nieuwland on said email when he did in the initial email on January 23, 2024 when Mr. Karat referenced the "Karat LAT Assignment" which was his handling of the LAT dispute. Moreover, it cannot go unnoticed by the Tribunal that Mr. Karat has been referenced in "two reported decisions" of which one is *Quinn v Security National Insurance Company*, 2023 CanLII 58482 (ON LAT) and this very lawyer hyperlinked above is named therein. In any event, irrespective of whether the current speculation is that there may be more evidence involving abuse of process of LAT by SNIC, the Purported SNIC Response contains the relevant admissions regarding the IRB regarding all essential elements to determine quantum for SNIC to make payments without further delaying the same.

Perhaps, it is even more concerning that from a Reg 664 award standpoint that the very hyperlinked lawyer above no longer represents himself to a lawyer on his LinkedIn but a "**Consequences Manager**". It is unclear if a "consequences manager" is only in the role of "providing legal services" and NOT practising law such that it would preclude him from handling matters involving "CAT Impairment". Whatever the role is of a "Consequences Manager", said lawyer who has worked with Mr. Karat on various files where he was "counsel", still leaves the undisputed issues of the admissions in the Purported SNIC Response and that Mr. Karat was unauthorized to SIGN the Responsive Pleading (also defined as "**Purported SNIC Response**").

If this lawyer (NOT Mr. Nieuwland) was the "Supervising Lawyer" of Mr. Karat, he would authorized the breaches of By-Law 7.1, section 6(1)(b) and (d) at the very least. Moreover, if this "Supervising Lawyer" (not named Mr. Nieuwland) was supervising Mr. Karat to engage in the unauthorized signing of the Purported SNIC Response, it provides further grounds for why the admissions are binding and cannot be retracted even though no steps have been taken to do so.

Perhaps, this is why Mr. Nieuwland included the name of a different respondent in the Nieuwland DOR. Further, it may be the reality that this is why Mr. Nieuwland was not willing to bring a motion to refile the Purported SNIC Response. While understandable as a matter of lawyer self-preservation, it does not absolve SNIC from its breaches of SABS and its continued unreasonable withholding or delay of payment of the IRB.

It also raises another complex academic issue in that the Tribunal has found that it cannot remove an adjuster from the underlying file but it certainly can find "abuse of process" on the facts that are subject to the Reconsideration Motion and certainly a separate motion if necessary involving this "ghostwriting lawyer" whilst Mr. Karat remaining the "sole signatory" of the **Purported SNIC Response**.

Even if this lawyer or any other lawyer was completing the Purported SNIC Response, it remains Mr. Karat who executed the Purported SNIC Response without any explicit reference to any other lawyer therein or otherwise.

Perhaps, this "ghostwriting and covert supervising lawyer" was unaware that an unlicensed representative (non-lawyer or non-paralegal) was not authorized to sign a response, and certainly not a "response" involving CAT Impairment. While it may never be necessary to canvass these discrete issue in a separate motion or hearing, they will then stand as further grounds (somewhat of a pre-emptive reply) for a Reg 664 award with regard to ordering the full 50% penalty in this motion and any potential motions that deal with any periods after the IRB Denial Date (subject to it actually being a compliant denial with medical reasons and other reasons).

At the very least, they are very suspicious circumstances which further aggravating elements (if necessary) as to why a Reg 664 is required. Simply put, whether any of the above is true (or is faced with evidence in the responsive materials if tendered

SNIC potentially resolve the issues in the NOM #4 without the need for a hearing.

Of course, if SNIC makes those payments, it avoids the risk of any costs at a hearing per se. If not, this is a certainly a form notice to SNIC regarding the same and the requirement that any and all relevant individuals and persons provide affidavit evidence that "explains why" an unprecedented peculiar set of facts that LAT has never addressed before.]

Appendix #3:

1. Federal Model Code Of Conduct is merely a model as the regulation of legal services

6.1-3 A lawyer <u>MUST</u> <u>NOT</u> permit a non-lawyer [Karat] to:

*(a) accept cases on behalf of the lawyer **[nb: Karat LAT Assignment on behalf of whom], except that a non-lawyer [Karat] may receive instructions from established clients if the supervising lawyer [nb: who is the Supervising Lawyer]** approves before [nb: when did work commence? Before the **Karat** LAT Assignment] any work commences;*
*(b) give legal advice [nb: **Karat**'s client was SNIC: was he giving legal advice or merely given authority from SNIC? If so, who was the person at TD Insurance Meloche Monnex (SNIC) that gave him authority: was is a lawyer? Was it a non-lawyer?];*
(d) act finally [nb: filing a pleading that takes position of striking or withdraw a final position] without reference to the lawyer [nb: no reference to any lawyer in the pleading; the cover letter is from SNIC with "TD Meloche Monnex" as the sender] in matters involving professional legal judgment;
*(e) be held out as a lawyer [nb **Karat** did not hold himself out as a lawyer but rather an unlicensed non-legal representative];*
*(f) appear in court or actively participate in formal legal proceedings on behalf of a client [nb: **Karat** actively participated in the formal legal proceedings as they commenced on December 24, 2023 by the: (i) **Karat LAT Assignment** on Jan. 25, 2024; (ii) the completed, executed and filed responsive pleading on Jan 25, 2024; (iii) the **Purported Karat COS**] except as set forth above or except in a supporting role to the lawyer appearing in such proceedings;*
*(g) be named in association with the lawyer in any pleading [nb: **Karat** was NOT named in association with any lawyer in a pleading but on his own. This appears to be a more eggregious breach], written argument or other like document submitted to a court;*
*(h) be remunerated on a sliding scale related to the earnings of the lawyer, unless the non-lawyer is an employee of the lawyer [nb: **Karat** is not an employee of a lawyer or law firm per se but rather, perhaps, an employee or contractor of an insurance company];*
(i) conduct negotiations with third parties, other than <u>routine</u> negotiations if the client [nb: SNIC] consents and the results of the negotiation are approved by the supervising lawyer [nb: who is or was the supervising lawyer?] before action is taken,
(j) take instructions from clients, unless the supervising lawyer has directed the client to the non-lawyer for that purpose and the instructions are relayed to the lawyer as soon as reasonably possible;
*(k)**<u>SIGN</u>** correspondence [nb: signing a pleading is far more than signing correspondence] containing a legal opinion [nb: the pleading contains legal positions, opinions, legal conclusions and points of law involving the application of legal principles and legal judgment regarding the objectives and circumstances of person. Most importantly,:*

*(l)**<u>SIGN</u>** correspondence **[nb: interestingly Karat did not <u>SIGN</u> the cover letter enclosing the Purported SNIC Response; Karat also did not <u>SIGN</u> the correspondence in the purported PIPEDA response]** , unless*

(i) it is of a routine administrative nature,
*(ii) the non-lawyer has been specifically directed to**<u>SIGN</u>** the correspondence by a supervising lawyer,*
(iii) the fact the person is a non-lawyer is disclosed, and

Appendix #4: *Dankha v Intact Insurance Company*, 2023 CanLII 62892 (ON LAT),

2. It is notable that in Dankha, **Manweel Dankha**, was in an automobile accident in July 2016 and sought benefits, and was denied at some point thereafter. After nearly six years since the Accident, the Tribunal held a case conference on March 8, 2022 and the matter as ordered to proceed to a written preliminary issue hearing.

3. The parties (Manweel Dankha and Intact) filed their submissions and evidence in 2022.

4. The key line from Vice Chair McGee was at paragraph 2, sentence 3, "In reviewing those submission, the Tribunal identified a procedural concern as to whether the applicant's representative [Mr. Grabar] was authorized to act in this matter." It was not until June 20, 2023 (see: paragraph 5 of Dankha) that the Tribunal wrote to the parties asking questions as to whether the applicant's [Manweel Dankha] representative [Grabar] was acting within the permissible scope of the practice for a Class P License- holder as set ou in the Law Society of Ontario's By-Law 4 and the Paralegal rules of Conduct ("Paralegal Rules"), and if Mr. Grabar is unauthorized to act in the matter, how should the Tribunal proceed?"

5. Strangely, counsel for Intact did not reply to the Tribunal's request.

Ms. Watson's positions advanced in Dankha v. Intact: Grabar's conduct was authorized and acceptable

6. However, Ms. Watson (presumably a lawyer: NTD) of Centennial Law Group, replied on behalf of the applicant (Manweel Dankha) as follows:

a. "*Grabar submitting documents under Advisement of Falletta*":
   i. At the time Mr. Grabar filed the preliminary issue submissions, he was authorized to communicate and submit documents under the *advisement* of Mr. Gerry Falletta see: suspended lawyer[iii]) former counsel [see. Mr. Niewuland has represented to the Appellant that he is counsel of record but for TDGIC) of record in the matter;
      I. (see: Mr. Karat filed the Purported SNIC Response with no evidence that Mr. Niewland was
b. "*Falletta oversaw Grabar's handling of file*":
   i. Ms. Watson[iii] advised that Mr. Falletta oversaw Mr. Grabar's handling of the file;
      I. (see: Karat LAT Assignment on January 23, 2024)
c. "*Applicant requested Grabar*":
   i. Applicant (MD) had personally requested Mr. Grabar's direct involvement in the case;
d. "*Beg for forgiveness after breaches*":
   i. Ms. Watson had recently took carriage of the file and asked the preliminary issue hearing proceed as scheduled.

Vice Chair McGee finds otherwise

7. Vice Chair McGee disagree and found as follows at paragraph 7:

a. Little evidence that Mr. Grabar was supervised by a lawyer in this proceeding;
   i. **NO DOR FROM LAWYER FOR NAMED PARTY**: Although Mr. Falletta attended the case conference in this matter along with Mr. Grabar on March 8, 2022 where the issued of CAT IMP was "ADDED", there was no declaration of representative in association from Mr. Falletta for this specific applicant (M. Dankha);
   ii. **REPRESENTATIVE NAME IN APPEAL**: Mr. Grabar is listed as the applicant's representative in the "APPEAL" (the word "Application" was used by Vice Chair McGee);

Mr. Grabar's name alone was on the written submissions executed and filed with the Tribunal;

iv. **Correspondence from whom**: all correspondence in evidence was sent on behalf of the applicant (MD) to the respondent (INTACT) by Mr. Grabar or his legal assistant;

v. **P1 outside of scope**: Mr. Grabor was and is acting outside of the scope of his practice: after the issue of CAT Impairment was added on March 8, 2022, a lawyer ATF to paralegal in relation to CAT impairment claims is found in section 5.1 of LSO By-Law 7.1:

> 1. This subsection of By-Law 7.1 permits a P1 holder to PARTICIPATE in MEDIATION of *ancillary issues* relating to CAT Impairment claims under a lawyer's supervision. The By-Law is explicit that ancillary issues do NOT included issues:
>
> a. Relating to;
>
> b. CAT IMP
>
> i. Determination.

8. There is a technical issue in that a P1 license holder must be in the non-licensee category to participate in the "mediation of ancillary issues". Further, Vice Chair McGee reference that there must be lawyer supervision of the P1 license holder if that P1 license holder is engaged in the mediation of ancillary issues of CAT Impairment. The Appellant believes that she is correct in that statement by reference to By-Law #4, section 4.(1) and (2) which references "direct supervision" Further, the word "participate" relates to the non-licensee P1 holder "participating" but not "representing" or "controlling" the mediation of the ancillary issues relating to CAT IMP.

Importance herein: Mr. Karat had less standing that Mr Grabar at first instance. and CAT Impairment was at issue from the time of the Appeal

9. The Appellant identified the jurisdictional and procedural concerns in early February 2024 which was only a week or so after the executing and filing of the Purported SNIC Response and a few days after the Nieuwland DOR for a non-respondent. Moreover, the Appellant did not receive a copy of the signed COS by Mr. Karat until February 14, 2024. The Appellant promptly severed his NOM #5 thereafter on SNIC, Karat and Nieuwland, and then perfected his NOM #5 a week or so thereafter.

10. The jurisdictional and procedural concern involving Mr. Karat were as follows:

a. Whether he was authorized to execute (SIGN) a "Response" with the "Response Form" he determined, complete, executed and file the same with LAT where CAT Impairment was at issue in the Appeal; and

b Whether he was authorized to sign the Karat COS on January 25, 2024 and file the same with LAT that confirmed that he had served his solely signed Purported SNIC Response?

Did Karat execute and file the Purported SNIC Response under advisement of a lawyer? Did a lawyer oversee Mr. Karat's signing and filing of the Purported SNIC Response and Purported Karat COS?

11. There is no evidence in the record that Mr. Nieuwland, in fact and at law, oversaw Mr. Karat's completion, execution and filing of the Purported SNIC Response. Moreover, the service of the Purported SNIC Response was done exclusively by Mr. Karat (see: January 25, 2024). There is no evidence of any advisement or overseeing Mr. Karat's purported filings which involved his SIGNING of the documents with only his own name and reference to himself a long with his phone number and the address of SNIC.

12. Like in Dankha, whether SNIC requested Mr. Karat's direct involvement, and assigned him to handle the LAT dispute has no consequence in law. SNIC's instructions do not override the requirements and obligations to retain a representative that has authority under the LSA to SIGN pleadings and file the same with administrative

LAT dispute and the responsive pleadings, Mr. Karat would remain unauthorized in law.

Correspondence

13. Mr. Karat emailed the Applicant on January 23 and 25, 2024 and February 14, 2024. Mr. Karat is the only individual that has signed and filed documents of consequence herein for SNIC.

14. While Ms. Moraes purported to provide dates for a case conference, she then requested an adjournment by way of her email to the Appellant and LAT. LAT promptly informed her that she had to bring a motion if she wished to do so. Of course, since Ms. Moraes is not "providing legal services" at this time, she is unable to execute any motion at all but moreover certainly not in relation to an issue involving CAT Impairment. It is now not unsurprising why no adjournment motion was advanced by Ms. Moraes but why would Mr. Nieuwland not bring a motion if that date was at issue (after already agreeing to the same)? Mr. Nieuwland filed a DOR for TDGIC and not SNIC.

15. As of late March 2024, the most Mr. Nieuwland has been able to say which is paraphrased, "I am counsel of record", "We will oppose your motions", and "please include my assistant, Ms. Moraes". After learning that Ms. Moraes was not representing that he was Mr. Nieuwland's assistant, the Appellant removed her from any emails until there was confirmation that she was Mr. Nieuwland's legal assistant as there was an issue, inter alia, of whether he had "effective control" over her provision of services (perhaps another individual who is ghostwriting).

16. If Ms. Moraes' position, based on her status of "not providing legal services - employed", is that she is deemed or, in fact, not to be providing legal services, then this speak to the knowledge that her and Mr. Nieuwland had (if she is his assistant in fact or at law)

to carol.persaud, elisha.anne, David, Matthew, James.V.Russell, Michelle, Andrew.papadimitropoulos

March 28, 2024

Dear Sirs/Mesdames:

As I have not had any confirmation that one "AP" (defined for ease of reference) will no longer be involved in the TD Claim #, this LAT Proceeding and any future LAT proceedings, my affidavit is being finalized and then to be notarized. I may serve and file said affidavit in made form due to the long weekend for many.

In this vein, I am contemplating seeking relief that will require a new adjuster on the TD Claim number for my belief, only formed recently and as a result of, inter alia, the "Andy Gera" reference albeit in the purported PIPEDA response. While I presume everyone herein is aware that administrative tribunals are more relaxed on the evidentiary formalities, I intend to bring evidence by way of "similar fact evidence" which is presumptively inadmissible but I would say admissible in this LAT Proceeding herein. I will have those particulars in my affidavit which I believe (if I am not miscounting) is affidavit #15.

When reviewing the case law, with cases like that of *Mansuri*, the law is well-settled that LAT has the power to disqualify counsel. Obviously, a disqualification of Mr. Nieuwland would be in the nature of disqualifying TD Insurance Staff Legal (as he has it a "private practice firm"). However, this is where this fact pattern becomes unique in the most euphemistic sense of the word. Mr. Nieuwland would be disqualified (which is not the true essence of the NOM #6) from acting for TD General Insurance which is not the insurer. This would be weirdly of assistance in some respects as that would disqualify Mr. Nieuwland from so acting for TDGIC but then may open the door to him filing a DOR for SNIC. In a way that absolves him of the misfiled DOR for TDGIC. As such, the focus of this NOM #6 is the exclusion of "AP" from any "representation of a person in a proceeding" which would obviously be SNIC by way of his connection with Mr. Karat (see: for example, *Quinn v. SNIC*). The case of *Mansuri* is quite clear that *PIPEDA* matters are dealt with separately from LAT and so are any potential causes of action in tort or otherwise (i.e. equitable claims or sui generis).

While I have never formally met "AP" to my knowledge, the appearance of a conflict or bias, especially when SNIC was making so many different decisions or deeming decisions by failures to respond under SABS, is sufficient. As noted, I did not have any emails with Ms. Persaud until late December 2023 and early January 2024. Upon closer review, while Ms. Persaud is mentioned in letters in 2023 and onwards, it is more by way of reference to her. I will have to inspect further but it appears that I was somewhat taking it as authored by Ms. Persaud when it is more referenced to her, phone number and fax number. Does this mean that "AP" was drafting and finalizing all of the letters since the DOL? I cannot prove that he was but my evidence will follow.

While I respect the "communication protocol" that Mr. Karat requested, and will continue to respect the same in substance, I have included Ms. Nurse and Ms. Persaud on this thread as it was brought to my attention that as it relates to this NOM #6, they are entitled to notice as per some of the relief I will be seeking. While Vice Chair McGee was of the view that LAT could not disqualify an adjuster, there were no factual issues about who the adjuster was, whether they were in contact with the insured and so on. Returning to Ms. Persaud's absence from September 2023 and onwards (with due respect for her privacy as I do not need reasons per se) as evidenced by her auto-reply (albeit unbeknownst to me), I fact checked this issue with those that Ms. Persaud had telephone conversations with prior to her absence. It was confirmed that they had not heard from Ms. Persaud since September 2023 either. If not Ms. Persaud or Ms. Nurse, then whom? I believe that question answers itself.

unsuccessfully. It appears that the applicant (Murtaza Mansuri) was somewhat sensitive along with his brothers, who were also in car accidents albeit with different insurance companies, about the cross-referencing and collating of information therein to determine veracity (turning mostly on attendant care benefits). Even if Mr. Murtaza Mansuri was successful in his motion, which he was not, it would have been the disqualification of counsel for Dominion of Canada General Insurance Company ("Dominion Insurance Company"). Dominion Insurance Company would then been able to obtain new counsel and return to the defence of the Mr. Mansuri's appeal.

However the issue is much different herein because disqualification of Mr. Karat would be disqualification of a de facto representative albeit unauthorized to do so. This would leave no de facto representative for SNIC.

It is section 1(7)(a) and (c) that independently dispose of the issue because Mr. Karat admitted on January 23, 2024 that he was ASSIGNED this LAT dispute in the form of his handling of the same. He obviously went further than mere handling and SIGNED the responsive pleading. In this vein, he as a "non-licensee" and "unlicensed representative" had to derive his assigned powers, albeit in breach of the LSA and its By-Laws from some individual purporting to have those powers of assignment. Moreover, even though a lawyer may be "not on the record" or "counsel of record" at any point, it does not mean that they are NOT respresenting a person in a proceeding. The Legislature was clear in this regard by using the words "SHALL BE CONSIDERED". For example, if AP told Mr. Karat which form to use, when to use it, how to use it, and when, where and how to file and serve the same, AP is a de facto representative of SNIC in this SNIC Proceeding.

The blatant breach of the law was the "SIGNING" by Mr. Karat of the Purported SNIC Response. I need not get into whether Mr. Karat was "strong armed" or "coerced" but there had to be a supervising person or supervising lawyer for the steps he took.

By-Law 7.1 is clear in this regard that such powers of a non-licensee (even if that non-licensee is a P1 holder) must be in connection with providing those services to the licensee or licensee firm (i.e. TD Insurance Staff Legal).

AP is not employed by TD Insurance Staff Legal but employed, by reference to the LSO Directory, by TD Insurance. SNIC is an insurance company within the TD Insurance Group of Companies. SNIC is the insurer and underwriter of the Insurance Policy. Therefore, SNIC is the only insurer, respondent and potentially "respondent party" albeit not so for failing to comply with the various pieces of legislation, regulations and New LAT Rules.

SNIC is also the only insurance company named in the Purported SNIC Response and by reference to the cover letter Mr. Karat sent to me WITHOUT Mr. Nienwland copied therein.

There is also no dispute that AP has acted for SNIC in LAT proceedings and so has Mr. Karat. Therefore, it has become obvious now why the TD Claim # has been so mismanaged and not in accordance with the law. I say that is a form of actual bias or even malice. At the very least, it is the appearance of bias.

Again, the oddity and overriding issue is what remedy could be fashioned in this NOM #6 to allow SNIC to be represented? I say that SNIC had the opportunity to retain outside counsel or different counsel and chose not to. However, that would still not solve the conflict of interest issue if AP was still the "guiding force" or "ultimate counsel" providing instructions or even advice to the appearance of an "outside counsel".

In attempting to find cases where such a weird fact pattern has occurred, one case was brought to my attention that is Yellow Cedar v. Di Torio, 2020 ONSC 5915. I am still reviewing it but the analogy appears to prevail even where the defendants were seeking to remove a law firm (Bennett Jones LLP) where a lawyer at the "firm" (here a lawyer at TD Insurance) was not the lawyer with carriage of the litigation matter.

[46] This argument brings me back to the case-law that the Defendants have relied upon. One case in particular, *Talisman Resort v. Keyser, Usling et. al.* (2013 ONSC 1902) is striking as it is a case that features in a number of the footnotes in the Defendants' factum. In that case, Conlan J. described the nature of the motion he was faced with as follows (at paragraph 5):

for Talisman because of an actual or perceived conflict of interest in that a partner in that law firm (but not the lawyer with carriage of the matter), Serafino Mantini ("Mantini"), (i) is a witness and (ii) has a personal interest in the litigation in that Mantini is the sole shareholder of Talisman's corporate shareholder and, as a mortgagee, is owed a substantial amount of money from Talisman.

What is important to note about Talisman is the timing of the motion must be promptly and I must not sit on my now knowledge or I will be estopped (colloquially speaking) from later complaining.

In my view, unless SNIC has some creative solutions as how best to mitigate these issues after an order of permanent exclusion of AP and any persons he has so tainted (I say so relating to the legal effects and consequences of the same) such as Mr. Karat, Claims Adjusters, Mr. Nieuwland and potentially Ms. Moraes (see: "Andy Gera" with "Gera" meaning "generated" in Portuguese). If there was an "Andy Gera" or "Andrew Gera" working at TD and had such an email that did not bounce back, then one could see the other side of the coin or play devil's advocate but no such individual exists.

It also seems admitted that the adjusters need to change locations so to speak by Ms. Nurse (Markham) to Ms. Persaud (Burlington) but that clearly has not had the presumed underlying effect or an attempt at the appearance of one.

My position will have to be that these are irremediable nullities and egregious violations of the law that will, for the reasons in NOM #6 and affidavit #15, strike all documents filed on behalf of SNIC without leave to amend or refile. Weirdly, there will not be any prejudice to SNIC as I will still be required (where applicable) to show evidence as to the quantum of benefits, and if another proceeding arises, the order will have an effect to govern the future proceedings.

In conclusion, I provide this courtesy notice to you of what is to come and remain available on a with prejudice / without prejudice basis to resolve with an authorized and independent lawyer licensee representative of SNIC.

Warm regards,

Mr. Kevin A. McLean (B.A., J.D., CIM)

March 30, 2024

Dear Sirs/Mesdames:

I have received an auto-reply which is below (see: Appendix). It is self-evident that Mr. Karat's signature block has changed from the January 23 and 25, 2024 along with the February 14, 2024 outgoing emails to me (see: **Affidavit #13, Exhibit "A", pages 4 to 6)** and his auto-reply emails to me (see: **Affidavit #13, Exhibit "A", pages 11 to 13**).

As such, this is further evidence that supports the focus of my to be served NOM #6 and the affidavit material to support the same.

We were obviously aware that Mr. Karat had been on the file in *Quinn v. SNIC*[ii] (with counsel in AP and FP); and *Kopylets v. Primmum*[iii] (with McCague Borlack LLP).

I will provide you with the kind notice that I may have this new and fresh evidence in a separate affidavit or combined in one affidavit. I will likely have to provide the affidavits in made form and then notarized form due to the long weekend for many.

I again urge you to provide me with any existing lawyer that has filed a DOR on behalf of Security National Insurance Company in order for me to take meaningful steps herein. Until that occurs, I am unable to do so and the entire LAT proceeding has been frustrated.

I will continue to review the jurisprudence in this regard and see how tribunals and courts handle such a unique matter to avoid any further tainting of this LAT Proceeding (if possible). I am also focused on how to ensure that matters are handled in accordance with SABS after the conclusion of this LAT Proceeding.

It is trite that this new fresh evidence supports my above positions and evidence filed and to be served and then filed. In particular, Mr. David Karat was and is the only "on the record" representative (albeit not authorized with the LSO to have signed the Purported SNIC Response) and now he is no longer authorized with SNIC. While this email is under this thread, I may rely on the same for "general and future purposes".

I reserve the right to bring this correspondence to the attention of LAT for any lawful purposes.

Thank you.

Kevin McLean <mcleansniclat@gmail.com> Sat, Mar 30, 2:19 PM (3 days ago)

To David, Matthew, James.V.Russell, Michelle, Andrew.papadimitropoulos, carol.persaud, alisha.anne

March 30, 2024

Dear Sirs/Mesdames:

I write to confirm that I have received auto-replies from "AP" and Ms. Moraes which confirms that they have received the above emails. I am pleased to know the same as they will have the chance to respond to my sixth notice of motion. I will revert back with the relevant law and evidence.

I will note that if Mr. Karat was and is not authorized to have solely signed the Purported SNIC Response on behalf of SNIC, and Mr. Niewland is only authorized to act for TDGIC, then this leaves a lawyer at the same office address as Mr. Karat in Markham, Ontario (namely 101 McNabb Street, Markham, Ontario, L3R 4H8).

In my view and it will be my position that this was the facilitating of unauthorized practice and/or the failing to prevent unauthorized practise. I confirm that such a motion in NOM #6 is distinct from NOM #5 and focuses on those licensee(s) that facilitated, instructed, advised, or even coerced Mr. Karat to do the same by general assignment or specific assignment. In order to face this NOM #6, those individual(s) that authorized and assigned the activities and functions to Mr. Karat so that he could solely sign the Purported SNIC Response, then file it and serve it upon me, will need to swear evidence.

Thank you.

Kevin McLean <mcleansniclat@gmail.com> Sat, Mar 30, 3:00 PM (3 days ago)

to David, Matthew, James.V.Russell, Michelle, Andrew.papadimitropoulos, carol.parsaud

March 30, 2024

Dear Sirs/Mesdames:

I confirm that I have received a bounce back from Ms. Nurse as her email is no longer active and not receiving emails. As such, I have removed her from the email thread. I wish her well.

Despite Mr. Karat's admitted lack of authorization for SNIC, I will keep him on the email thread until or if SNIC appoints a duly qualified lawyer licensee to handle the TD Claim and SNIC Proceeding which involves CAT Impairment.

In the spirit of comprehensiveness, I can alert you that I *will* take a page out of the "Mosa book" (*see: Mosa v. BelairDirect Insurance Company*, 2022 CanLII 11164; wherein counsel for Mr. Mekonen Mosa in Mr. Michael Bishop, barrister and solicitor at Harvey Katz Law Group in Hamilton, with the LSO sought relief by way of his reply when an unauthorized representative in Ms. Heather Morrow (ADRR) filed materials in relation to his motion for particulars) and seek relief to strike any filed materials by any individual on behalf of SNIC or any non-respondent or non-party. This would apply to the NOM #4 as well and the LAT Order of February 14, 2024 that requires the party that responds to do so by April 11, 2024.

positions and NOM #6. Any such duly qualified representative would still need to face the nullity issues, and then obtain an order to re-file the Purported SNIC Response. As this is a CAT Impairment Appeal with much outstanding. I will not consent to any attempted adjournments or delays. I do not say that to be difficult but to assure that you are aware of my position if SNIC is seeking to obtain new counsel, and said counsel is aware of the scope of the potential engagement.

Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A., J.D., CIM)

March 31, 2024

Re: courtesy notice – regarding NOM #6 – potential for fruitful with prejudice discussions or without prejudice discussion as a result of some of the below

Dear Sirs/Mesdames:

I write further to the above. I am sending this on a courtesy basis to hopefully open up some productive dialogue with an independent representative for SNIC so this LAT Proceeding can be handled professionally, maturely and most expeditiously. At this stage, we are certainly not even close. As always, this is dictated with voice-recognition software along with assistance so pardon some of "rough draft" and collated nature of the same. However, urgency is required on my side and there have been many developments this week that bear on the issues herein.

I am providing this correspondence as a courtesy to you and so that we do not waste further resources of LAT on matters that are uncontroversial. In my view, this should also assist with any resolution. I am also doing out of an abundance of caution and for record keeping purposes.

Part 1: Upon Further Review

Upon further review of the auto-reply from **Andrew P.** and the language in one email from TDIADR@tdinsurance.com to me. I note some similarities between the two emails sent in the following:

1. **Font** (sans serif or **Arial**);
2. **Font size**;
3. **Style of writing**;
4. **Word choice**;
5. **Spelling** (**e-mail** vs. email); and
6. **Other particulars.**

(see: Appendix #1).

I further note that TDIADR@tdinsurance.com has been on some 32 email threads since mid January 2024 and I believe (subject to review) that said email was included by LAT at first instance. I cannot fault LAT for doing so as that may be standard protocol especially when I had named TD Insurance (TD Insurance Meloche Monnex Security National Insurance Company).

What I can fault TD Insurance Meloche Monnex (SNIC) for doing, if this is correct that "TDIADR" and "Andrew P" both sent the emails below (which we know one is him). As you know, there is now a live issue of "conflict of interest" or at least the appearance of conflict of interest. It goes without saying that the evidence of this "Andy Gera Authored Document" under PIPEDA led to a train of inquiry and investigation.

To be objective and detailed, I have included some other auto-replies for those persons where I have received auto-replies (see: **Appendix #2 to Appendix #5**). As it is now the end of March 2024, I am required, by cases like Talisman, to ensure that such a motion is brought promptly subject to any resolution between myself and SNIC on what is within the ambit of the pleadings. This is obviously not the route that anyone wishes to take when trying to resolve matters with the insurer (SNIC), which must be resolved in accordance with SABS, but these are the cards I was dealt. It would be fatal for me to sit on these new facts as of the end of this week and not advance the same. Without castigating anyone, there is at least the appearance of a conflict of interest in the mind of a reasonable person. My view is that it is best that anyone who is subject to the appearance of a conflict, as the Insurance Policy has my Spouse as the primary insured along with BMW Financial Services Inc. (a division of

If I do not have confirmation from Andrew P. or SNIC regarding him by the next business day (subject to any global resolution of all issues herein), then I have to proceed with my motion. It may be that it is decided on May 3, 2024 but it has to be brought.

I am not looking to point fingers but I believe LAT can take judicial notice that any time two people get divorced (as I am from a divorced family), there are aspects that one's mind may not know that conflict with that undivided duty of loyalty to their client. That being said, now that Mr. Karat is no longer authorized for SNIC, I had to turn my mind (as I am not getting direct responses or any to my queries) as to whom could have been the "supervising lawyer" for Mr. Karat. I wish to also make clear that Mr. Karat has been pleasant and professional with me but there is an issue as to whether that "signed and filed" response is authorized by the LSA and its By-Laws. It is admittedly a very lengthy affidavit that I have drafted and being reviewed as it covers a variety of areas of law and with this Ms. Moraes being an accomplished paralegal but with a different status currently, along with Mr. Nieuwland saying that she is his assistant but the signature block does not add up, I am finding some of these aspects to be deeply concerning.

I have no issue with hard fought litigation on its merits as I am getting help from a variety of sources but so long as it is hard fought on the facts and the law. There is obviously no requirement to settle but it appears that the case conference spirit is to come to said case conference ready to settle. We have had no movement there at all for obvious reasons. I appreciate we cannot discuss or put into evidence any such discussions so I will simply leave it at that and not for the truth of any contents.

I continue to find it troubling that we have SNIC as the respondent in the Purported SNIC Response and Mr. Nieuwland representing TDGIC. As you can see from my letter to LAT (without knowing of my email issues), the naming of parties is not merely cosmetic when considering enforcement of orders.

The issue of whom is behind TDIADR is even more concerning because I included said email in good faith, for settlement offers and other correspondence. However, the only two emails of relevance to this LAT Proceeding are that of Mr. Karat (SNIC) and Mr. Nieuwland (TDGIC).

I am trying to approach this from a standpoint of being empathetic to one degree but also focused on if there is any predilection to resolve this matter before the April 11, 2024 deadline. In that vein, I am obviously not going to negotiate with Andrew P. in any way and if he has any role in this file or the TDIADR email (and I do not have confirmation he has no role moving forward by end of business day tomorrow) because that would destroy my factual and legal position.

If I do not have any type of offer or attempt to resolve the issues herein by end of business day tomorrow by an independent authorized representative for SNIC (which I presume can be Mr. Nieuwland if he is truly independent and there is no appearance of bias or conflict), then I will presume that I need to proceed with my NOM #6 which will come with an "made affidavit" and "motion form", and then the written argument. Due to the long weekend for my service providers, I will see if there is any response from SNIC on a with prejudice or without prejudice basis, and provide you copies in advance.

Part 2: Other issues that arise by not resolving any outstanding issues now – the substantial issues

As I see it, this NOM #6 has fatal consequences for SNIC in this proceeding and perhaps even some of the individuals. When using the word "fatal", I mean in the legal sense of the word. I see it as such because cases like Mansuri (where the disqualification motion failed) or cases like *Jia* (where it succeeded), dealt with outside counsel and had them removed. In those scenarios, the worst situation for the respondents therein was the loss of an outside counsel and retaining new counsel.

However, in this SNIC Proceeding, with Mr. Karat no longer authorized for SNIC, Mr. Nieuwland acting for TDGIC, this information connection between him and Ms. Moraes as his purported legal assistant, and the "Andy Gera" authored document for a PIPEDA response (which is certainly a different name than David Karat), I am of

The issue turns on remedies. Can the Tribunal disqualify counsel that are not "technically on the record for SNIC"? I believe that it can based on section 1(7)(a) of the LSA in that even an individual in the "background" who makes those determinations of who, when, where and how to file "**SHALL BE CONSIDERED**" to be representing a party in a proceeding.

I also appreciate that the "response form" does say "claims adjuster" but I do not see any way around the "signing" aspect even when it is done electronically (see: ECA, *Fenlon Brushes*).

It has now dawned me that it would have been impossible for Mr. Nieuwland to be the supervising lawyer for the filing and signing of the Purported SNIC Response as his auto-reply was on in colloquial terms, the minute he was copied by Mr. Karat as "counsel" on January 23, 2024. Therefore, Mr. Karat could not have done this on his own.

The question that I wrestled with is who could that be that was supervising, delegating or assigning that task to him. This is particularly apposite because had had worked with AP and PP on *Quinn v. SNIC* and Mr. Dugas in *Kopylets v. Primmum*. I see that Mr. Karat is still authorized for Primmum Insurance Company but not SNIC. I will have to check if we cannot gain any traction on resolving issues or narrowing them as to whether Mr. Dugas has any role in this SNIC Proceeding.

I have had Ms. Moraes' researched and she has acquitted herself quite well as a paralegal in LAT hearings. However, I do not see any law that would support her delegation of tasks to Mr. Karat. Obviously, Mr. Karat appears to have passed his paralegal educational requirements but has chosen to not to pursue them or obtain that P1 license. I do not say that pejoratively as that is his choice.

We now have a situation of Ms. Nurse no longer being with TD with her bounce back emails and my continuous requesting of which of the six physiotherapy (of 26) that she disallowed without reasons. Is she now a witness? Can she be summoned?

I do not see this as a mere procedural concern where SNIC then obtains external counsel because who on behalf of SNIC would be giving instructions to external counsel? As such, and since there has not been any denial by Andrew P. or others on his behalf that he is involved in this file, and I say as a "cover representative of SNIC in this proceeding" (see: section 1(7) of the LSA), then the only ways to avoid such a notice of motion as I respectfully see them are:

1. Andrew P. provides an undertaking that he will no longer be involved in this LAT Proceeding or the TD Claim # (as I anticipate that there will certainly be issues beyond this LAT Proceeding irrespective of results); or
2. This LAT Proceeding and all outstanding matters are settled by consent, and I inform LAT that they are so settled to our satisfaction with the benefit of me having ILA.

While we have the NOM #5 where Vice Chair Lake declined to decide and if I am reading the "tea leaves" correctly there, it is that LAT wishes for us to move ahead with the IRB motion (as that is purely quantum) and make use of a closed door, private and without prejudice case conference. Therein again lies the problem because if there is an appearance of conflict of interest or an actual one, we are wasting the time of LAT and their astute case managers and whomever presides over a case conference. Even selfishly, I believe it will be time wasted and deepen the conflict between us.

As I am writing this, due to urgency, the authorities are being compiled for me and the draft orders sought as they are technical. It appears from Mansuri that Vice Chair McGee found that she did not feel that LAT had the authority to disqualify an adjuster but obviously could disqualify counsel. I say that in this scenario, and subject any responsive evidence to my affirmed evidence, that LAT would have the authority to disqualify an adjuster if there was a conflict with a lawyer licensee (or the appearance of) like Andrew P. as Nicole Antopoulos' name is in both pleadings. This would mean the disqualification of Ms. Persaud although I have never received a signed document from her or an email in reply from her. We will see what this week brings in this regard. The way in

representative of record" with Mr. Karat like he did in Quinn? I think that question answers itself.

Then, is it better or worse if a counsel, in such a situation, is acting for SNIC or representing SNIC albeit in a landestine or covert (even if using those words innocently) manner? I say it is worse for a variety of reasons that I will provide in my final affidavit albeit on belief. I will be affirming that if Andrew P.'s name was on a DOR, the first motion that would have been brought would have been for an immediate striking of the same and any consequential relief.

Part 3: Some of the case law (some new and some old) that has been found and its application for this potential NOM #6

CONFLICT OF INTEREST PRINCIPLES _V3

Re: disqualified from handling the herein claimants' matters and that separate counsel and adjusters are required to handle each separate matter.

March 28, 2024: Karat no longer authorized for SNIC

Mr. Nieuwland acting for TDGIC (IRB response due on April 11, 2024)

Nurse gone altogether

eaves: AP and Persaud

Legal Test: General Principles

1. **Standard of proof: balance of probabilities**; test: objective (reasonable person test):
   a. established on a balance of probabilities
   b. that a fair-minded and reasonably informed member of the public would conclude that the removal of Andrew P. as a "deemed representative of SNIC" by virtue of s. 1(7) of the LSA and Karat, and any of those that Andrew P. and Karat have instructed, advised, or counselled (unauthorized or authorized) is necessary for the proper administration of justice (see: *MacDonald Estate v. Martin*, 1990 CanLII 32 (SCC), [1990] 3 S.C.R. 1235 at paragraph 47.
2. **Legal question**: whether there is an appearance of a conflict of interest? (see: *Puhl, supra*, at paragraph 18.)
   a. also reasonable perceptions of conflicts of interest (MacDonald Estate v. Martin);
      i. My position: an objective person would find an appearance of a conflict of interest and that it filtered or permeated down to Mr. Nieuwland, Ms. Moraes, Mr. Karat, Ms. Persaud and Mr. Nurse.
3. **Power in tribunal**: section 23(3) (see: Mansuri);
   a. **Power in court**: inherent;
      i. Test in Mansuri: In *Jia*, the court upheld a reconsideration decision in which the Tribunal disqualified the insurer's counsel whom it found to be in a conflict of interest [handling two distinct aspects; Tribunal and Court found that there is an extra sensitivity to the receipt of information, personal information and personal health information on the SABS side [my position: yet another issue involving conflict of interest];

Tribunal's jurisdiction. The applicants also refer me to the Tribunal's authority under the *Statutory Powers Procedure Act*, RSO 1990, c S.22 ("*SPPA*") to make orders with respect to the procedures and practices that apply in a proceeding, and to the Tribunal's authority under the *Licence Appeal Tribunal Act, 1999*, SO 1999, c 12, Sched G ("*LAT Act*") to determine all questions of fact or law that arise in matters before it.

4. **Necessary for proper administration of justice**: It is grounded in the Court's objective to safeguard the **proper administration of justice.** *Puhl v. Katz Group Canada Ltd.*, [2006] O.J. No. 4596 (S.C.J.) at paragraph 23.

a. My position: the Tribunal has the statutory power to control the same and an undertaking by AP or global resolution that avoids any further issues is the only way to avoid this NOM #6. However, would an undertaking even accomplish it? The language would be crucial.

5. **Balancing**: integrity of the legal profession and high standards as justice system as a whole vs. litigant (SNIC) has the right to choose counsel and mobility in the legal profession.

a. My position: there is no issue of mobility in the legal profession. Further, there is no issue of SNIC's right to choose counsel as it has selected external counsel before in McCague Borlack and presumably others;

6. **ROPC**: Court may consider any APPLICABLE RULES OF PROFESSIONAL CONDUCT. Where there is a rule or guideline or ethical principle directly on point, the Court ought to consider it but is not bound by it. *MacDonald Estate, supra*, at paragraph 21;

a. My position: I believe this is where the issues will be most damning to SNIC and those individuals noted;

7. **Motion timing**: Motion must be brought early on (see Talisman Resort);

a. My position: hence the timing of the previous correspondence and this letter;

8. **Choice of counsel**: Canadian Courts exercise the highest level of restraint before interfering with a party's choice of counsel"[2] – *Kaiser*, 2011 CarswellOnt 12822 (Court of Appeal for Ontario) at paragraph 21

a. My position: I do not believe that this motion is about "choice of counsel" but rather a representative in AP that is "deemed to be a representative" by the LSA under section 1(7) et al;

9. **Mobility in the legal profession**: The desirability of permitting reasonable mobility in the legal profession

a. My position: this value does not arise as there is no mobility issue.

10. Tainting of evidence:

a. My position: this is where responsive evidence by certain individuals will be required but it is likely an irremediable set of nullities and abuses of process that cannot be cured;

11. Real possibility of mischief: Justice Cronk of the Court of Appeal for Ontario in *Kaiser, supra*, "there must be a possibility of real mischief should a removal order be refused" (paragraph 21);

a. **My positon**: this appears to be more fitting for the court context but nonetheless the appearance of conflict is there and I believe I can prove the same on the metadata (which no individual has represented that there is an "Andy Gera");

Will the representative appear as a witness? [nb: there are multiple from de-facto, deemed and de jure albeit one for a non-respondent and non-party

12. The Divisional Court, in *Essa (Township) v. Guergis* ((1993) 15 O.R. (3d) 573, 1993 CanLII 8756 rev'g (1993) 12 O.R. (3d) 97 1993 CanLII 8467) set out the following criteria for the Court to consider in a motion such as this:

a) the stage of the proceedings [nb: pre case conference];

b) the likelihood that the witness will be called [nb: I will call various individuals and/or they will have to give evidence in response to the motion];

good faith is at its highest and bad faith on the licenseees and others for the Respondent or a non-respondent; covert];

d) the significance of the evidence to be led [nb: not only affects the LAT Proceeding but underlying matter];

e) the impact of removing counsel on the party's right to be represented by counsel of choice [nb: none];

f) whether trial is by judge or jury [nb: Tribunal decision maker];

g) the likelihood of a real conflict arising or that the evidence will be "tainted" [nb: evidence has been tainted to some degree and can those who have interacted with Andrew P. disabuse their mind. Would a new external counsel even solve the issue? Depends on who is instructing and how covert those instructions are?];

h) who will call the witness if, for example, there is a probability counsel will be in a position to cross-examine a favourable witness, a trial judge may rule to prevent that unfair advantage arising [nb: strategic issue];

i) the connection or relationship between counsel, the prospective witness and the parties involved in the litigation [nb: If Mr. Nieuwland were counsel for SNIC, then this would be a concerning connection].

Part 4: The case of *Barnett v. LSUC* (prior to 2006 under the Access To Justice Act, 2006

In *Barnett*, the Law Society Tribunal found that the "Commentary" in "Rule 16, Commentary 3.(1) was of some assistance:

> Particular 2(d)(iii) does not refer to a specific rule but the Law Society argues that Rule 16 Commentary 3.(1) is of some assistance. That Commentary reads as follows:
>
> A lawyer may <u>not</u> permit a non-lawyer to:
>
> (1)***<u>SIGN</u>*** correspondence containing a legal opinion, but the non-lawyer who has been specifically directed to do so by a supervising lawyer may ***<u>SIGN</u>*** correspondence of a routine administrative nature, provided that the fact such person is a non-lawyer is disclosed, and the capacity in which such person signs the correspondence is indicated.

Barnett (albeit *prior* to the *Access to Justice Act 2006*) was summarized as follows and the "rule" historically was:

mortgage consultant which:

i. provided for a discount on legal fees incurred by a person who used the services of the three participants in the business arrangement;

ii. placed him in a position where his obligations to a client might conflict with those of the other parties to the business arrangement;

iii. called for the other members of the business arrangement to ***SIGN*** his letterhead;

Is this the modern day By-Law 7 issue as it relates to MDP's?

If so, I note the following under that By-Law #7 and its relevant sections:

By-Law 7 does not use the language of "entity" but "affiliated entity". Affiliations is "Part IV" of *By-Law* 7 (Business Entities) which makes it somewhat tricky to follow.

I now quote from section 31:

Interpretation:

31. (1) In this Part,

"affiliated entity" means one [nb: Karat] or more persons none of whom are licensed or otherwise authorized to practise law or provide legal services in or outside Ontario [nb: Karat];

"licensee" includes a permitted group of licensees.

Interpretation: "affiliation"

(2) For the purposes of this Part, a licensee [nb: AP] affiliates with an affiliated entity [nb: Karat] when the licensee [nb: AP] on a **regular basis** [see: *Quinn v. SMIC*, six day hearing in 2022 with decision released in June 29, 2023[iv]] joins with the affiliated entity [Karat] in the delivery or promotion and delivery of the services of the licensee [nb: AP] and the services of the affiliated entity [nb: Karat as ADR Specialist].

Ownership of practice, *etc.*

32. A licensee who affiliates with an affiliated entity shall,

(a) own the professional business through which the licensee practises law *or* provides legal services or comply with Part III [nb: possibly AP];
(b) maintain control over the professional business through which the licensee practises law or provides legal services [nb: *AP* – does he?]: and

law or provides legal services, other than the practice of law or the provision of legal services that involves the delivery of the services of the licensee **jointly** with the services of the **affiliated entity**, from premises that are **not** used by the **affiliated entity** for the delivery of its services, other than those that are delivered by the **affiliated entity jointly** with the delivery of the services of the licensee.

[nb: Karat and AP at same location and both under TD Insurance in Markham, Ontario. There appears to be something here with the switch from Ms. Nurse (Markham) to Ms. Persaud (Burlington)

This then take us back to the section under By-Law #7 with respect to what a non-licensee can do and it is only "supplement" which would not be signing and filing a pleading.

Part 5: The Federal Model Code of Conduct

Federal Model Code Of Conduct, section 6.1-3 with my annotations and reference to either "AP" and "Karat"; or "Nieuwland" and "Karat":

6.1-3 A lawyer **MUST NOT** permit a non-lawyer **(Karat)** to:

*(a) accept cases on behalf of the lawyer [nb: **Karat LAT Assignment on behalf of whom**], **except that a non-lawyer [Karat] may receive instructions from established clients if the supervising lawyer [nb: who is the Supervising Lawyer]** approves before [nb: when did work commence? Before the **Karat LAT Assignment**] any work commences;*
*(b) give legal advice [nb: **Karat**'s client was **SNIC**; was he giving legal advice or merely given authority from **SNIC**? If so, who was the person at TD Insurance Meloche Monnex **(SNIC)** that gave him authority; was it a lawyer? Was it a non-lawyer?];*
*(d) act finally [nb: filing a pleading that takes position of striking or withdraw a final position] without reference to the lawyer [nb. no reference to any lawyer in the pleading; the cover letter is from **SNIC** with "TD Meloche Monnex" as the sender] in matters involving professional legal judgment,*
*(e) be held out as a lawyer [nb: **Karat** did not hold himself out as a lawyer but rather an unlicensed non-legal representative];*
*(f) appear in court or actively participate in formal legal proceedings on behalf of a client [nb: **Karat** actively participated in the formal legal proceedings as they commenced on December 24, 2023 by the: (i) **Karat** LAT Assignment on Jan. 23, 2024; (ii) the completed, executed and filed responsive pleading on Jan 25, 2024; (iii) the **Purported Karat COS**] except as set forth above or except in a supporting role to the lawyer appearing in such proceedings;*
*(g) be named in association with the lawyer in any pleading [nb: **Karat** was NOT named in association with any lawyer in a pleading but on his own. This appears to be a more egregious breach], written argument or other like document submitted to a court;*
*(h) be remunerated on a sliding scale related to the earnings of the lawyer, unless the non-lawyer is an employee of the lawyer [nb: **Karat** is not an employee of a lawyer or law firm per se but rather, perhaps, an employee or contractor of an insurance company];*
*(i) conduct negotiations with third parties, other than routine negotiations if the client [nb: **SNIC**] consents and the results of the negotiation are approved by the supervising lawyer [nb: who is or was the supervising lawyer?] before action is taken;*

the non-lawyer for that purpose and the instructions are relayed to the lawyer as soon as reasonably possible;
*(k)**SIGN** correspondence [nb: signing a pleading is far more than signing correspondence] containing a legal opinion [nb: the pleading contains legal positions, opinions, legal conclusions and points of law involving the application of legal principles and legal judgment regarding the objectives and circumstances of person.]*

*(l)**SIGN** correspondence **[nb: interestingly Karat did not SIGN the cover letter enclosing the Purported SNIC Response; Karat also did not SIGN the correspondence in the purported PIPEDA response]** , unless*
(i) it is of a routine administrative nature,
*(ii) the non-lawyer has been specifically directed to **SIGN** the correspondence by a supervising lawyer,*
(iii) the fact the person is a non-lawyer is disclosed, and
(iv) the capacity in which the person signs the correspondence is indicated;

Part 6: Failing to prevent unauthorized practice or facilitating unauthorized practice

Without knowing for certain if anyone facilitated unauthorized practice or failed to prevent it, I raise this for the above courtesy reasons.

The issue again is Mr. Karat's competency per se but rather the language the Legislature passed and the LSO with the By-Laws

In *Crawford v. Law Society of Upper Canada*,[1] the hearing panel addressed the policy reasons for the rule (which also addresses non-licensees or unlicensed representatives by analogy):

> Former licensees are **uninsured**, and **immune** from the regulatory and disciplinary control of the Law Society.... Former licensees do not contribute to the Compensation Fund, are not subject to trust accounting requirements, and are not subject to assessment of any fee taken. This presents an obvious and significant risk to the public, in that there is no recourse to the Law Society's regulatory structure and, generally, little to no recourse against the former licensee for negligent or fraudulent acts done in the course of unauthorized practice.

In Collins, the Law Society Tribunal found (see: Law Society of Ontario v. Collins, 2021 ONLSTH 177):

> *COLLINS – Working With or Employing a Suspended Lawyer – Failing to Prevent the Unauthorized Practice of Law – Joint Submission – The Lawyer acknowledged that he had allowed a suspended lawyer to assist him in relation to a judicial review of an arbitration decision – This included allowing the suspended lawyer to do research, clerical work, and drafting and **filing court documents** -- The panel accepted the joint submission of a reprimand based on the parties' agreement and the Tribunal jurisprudence with respect to similar misconduct.*

In *Law Society of Ontario v. Chung*, 2021 ONLSTH 44, the Law Society Hearing Tribunal found:

broadly, "a breach of integrity such as this has a corrosive impact on public confidence in the legal profession and the administration of justice": *Christie* at para. 37

dishonest conduct is found by a licensee, it meets the test necessarily of an actual conflict of interest.

In *Law Society of Upper Canada v. Khan*, 2017 ONLSTH 83, the Law Society Hearing Tribunal found:

> *The Lawyer engaged in professional misconduct by: practising while suspended, **failing to prevent or facilitating the unauthorized practice of law** or the **unauthorized delivery of legal services**, and failing to supervise*
>
> On the above admitted facts, it is clear to us that the Lawyer not only allowed or failed to prevent unauthorized practice or unauthorized delivery of legal services, but also encouraged, aided and abetted unauthorized practice or unauthorized delivery of legal services by Mr. Hatzitrifonos.

The last sentence would be a matter of sworn evidence by those so involved (if at all and where applicable).

Part 7: The issue with the lack of appointing a lawyer licensee for SNIC – along with Mr. Karat no longer being authorized for SNIC

Eskandari v. Raizman 2023 ONSC 1674:

> Case law supports that it is an appropriate exercise of the court's discretion under subrule 15.04(9) to dismiss a claim where a party does not show an active interest in prosecuting the action: *AGC v. Madeleine Rundle c.o.b. NEC Plus Ultra*, 2013 ONSC 2747 at para. 7; *Pombo v. Canac* Kitchens, 2016 ONSC 1064 at para. 17.
>
> [24] Procedural fairness dictates that the defendants are entitled to some certainty on what claims against them are proceeding. Serving notices of intention to act in person has preserved the claims by Mr. Eskandari and Ms. Rabici in their personal capacities. However, the defendants cannot take meaningful steps to discover the minor plaintiffs' claims or take any steps affecting their interests **until a lawyer is appointed**. To hold otherwise would, in my view, run afoul of the requirement in subrule 15.01(1) of the *Rules* and the prohibition in s. 26.1(1) of the *Law Society Act* that procedurally preclude Mr. Eskandari from advancing the minor plaintiffs' claims without a lawyer. That is precisely what Mr. Eskandari would be doing if, for example, he were discovered on the minor plaintiffs' claims without a lawyer or he responded on the minor plaintiffs' behalf to any motions brought dealing with their interests.
>
> [25] In my view, in circumstances such as these where there is no cogent evidence supporting reasonable efforts by Mr. Eskandari to find counsel in his capacity as litigation guardian, it is unfair to the defendants to permit the claims of the minor plaintiffs to proceed. Doing so will only continue to hold up this litigation for seemingly non-committal efforts to find a new lawyer to occur.

faithfires. I, of course, do not consent to any adjournments to do so or to find new counsel as the time has long come and gone.

Any potential counsel must be alive to the issues herein and that such a motion would be brought in any event if there is not a global resolution with clear terms and conditions for both myself and SNIC.

Part 8: the (++++ signs) in the "Andy Gera PIPEDA Document" (along with references to internal)

As you know, I do not use any form of Outlook so I had to inquire into what the nature of the "+ + + + signs were and it relates to the adding of persons therein.

In referencing the letter (Andy Gera PIPEDA Document), I count five plus signs. I understand it is protocol to put (++) when there are a total of three people in the thread. There are five plus signs in a letter but it has the "internal" at the bottom which is indicative of an email that was then copied and pasted from email to "Word". This makes sense as follows as we have:

1. David Karat (paper author);
2. Andy Gera (metadata author);
3. Matthew Nieuwland (referenced);
4. The "Andy Gera" reference which is "Andy" and "generated" in Portuguese which I say respectfully is my un-denied theory of what is which brings in Ms. Moraes. (I only speak one language so it is a compliment); and
5. Potentially one other depending on internal protocol at TD Insurance (note: the "internal" is in the PIPEDA response letter by "Andy Gera" and in the "TDIADR" email).

Part 9: even if Andrew P. was not considered a representative under section 1(7) of the LSA

As noted by Justice Conlan in Talisman Resort, he found as follows with respect to the partner at Bennett Jones LLP in Mr. Mantini who did NOT have carriage of the file but who would be a material witness:

> [34] There is a very high likelihood that Mantini will be a material witness at trial, and he is certainly a key witness on the summary judgment motion brought by Talisman. **NOTWITHSTANDING THAT MANTINI IS NOT THE LAWYER WITH CARRIAGE OF THE FILE, I FIND THAT THIS FACTOR IS IN FAVOUR OF THESE DEFENDANTS.**

Part 9: The Tribunal cannot condone violations of the LSA, its By-Laws, and ROPC

As we know, Mr. Karat is not subject to the ROPC but licensees are. As I have learned from Dankha, the Tribunal cannot condone violations of the LSA and its By-Laws.

Part 10: Chandrarajah (see: *Chandrarajah vs. Economical Insurance*, 2024 CanLII 10566 (ON LAT))

authority in which the applicant could proceed without a properly constituted pleading. In this matter, there are a variety of grounds on which the Purported SNIC Response is not properly constituted and SNIC cannot proceed which are now growing.

Part 11: Conclusion

I sincerely hope that this letter was of assistance and provides a courtesy notice. If I do not hear from you, I will have to proceed and rely on this as yet another form of notice for a variety of issues. Moreover, I will continue having the materials prepared in any event.

It remains my view that no matter what the outcome of such a motion would be (if applicable) that Andrew P. cannot be involved in any manner and was not allowed to be prior. I trust that any such involvement by him will be restrained permanently on a go forward basis unless it is to provide a confirmation or undertaking regarding the same.

If any further evidence or case law is drawn to my attention, I will provide it to you as a courtesy.

Affidavit #15 will have much in the way of excerpts from the jurisprudence, legislation, by-laws, codes et al so that there is ample notice to all of you of all of the potential evidence to face.

I make unequivocally clear that I am deeply concerned about privacy issues and breaches, and it is yet another reason pursuant to Jia that these issues will have to be resolved in order to have a streamlined SABS matter post-facto this SNIC Proceeding.

Finally, I kindly remind you that I will seek relief in a reply (if applicable) to NOM #4 if Mr. Nieuwland files on behalf of TDGIC for consistency reasons et al. If a new counsel is appointed for SNIC, he or she will have to face the NOM #4 by the LAT Order on February 14, 2024, and I will not agree to any extension of time. Moreover, if any counsel is appointed for SNIC, his or her first order of business will be to bring a motion to obtain an order of permission to refile the Purported SNIC Response without any amendments. Thank you kindly and have a great rest of your long weekend!

Subject: Re: 23-015662 AABS (the "LAT Proceeding") - potential sixth notice of motion – separate and distinct from 5th notice of motion – conflict of interest – the acting of "Andy Gera" – irremediably tainted this LAT proceeding – abuse of process

[redacted]

March 30, 2024

Dear Sirs/Mesdames:

I confirm that I have received a bounce back from Ms. Nurse as her email is no longer active and not receiving emails. As such, I have removed her from the email thread. I wish her well.

Despite Mr. Karat's admitted lack of authorization for SNIC, I will keep him on the email thread until or if SNIC appoints a duly qualified lawyer licensee to handle the TD Claim and SNIC Proceeding which involves CAT Impairment.

In the spirit of comprehensiveness, I can alert you that I will take a page out of the "Mosa book" (see: *Mosa v. BelairDirect Insurance Company*, 2022 CanLII 11164; wherein counsel for Mr. Mekonen Mosa in Mr. Michael Bishop, barrister and solicitor at Harvey Katz Law Group in Hamilton, with the LSO sought relief by way of his reply when an unauthorized representative in Ms. Heather Morrow (ADRR) filed materials in relation to his motion for particulars) and seek relief to strike any filed materials by any individual on behalf of SNIC or any non-respondent or non-party. This would apply to the NOM #4 as well and the LAT Order of February 14, 2024 that requires the party that responds to do so by April 11, 2024.

Obviously, if SNIC appoints a qualified lawyer to act on behalf of it, this will not detract from my previous positions and NOM #6. Any such duly qualified representative would still need to face the nullity issues, and then obtain an order to re-file the Purported SNIC Response. As this is a CAT Impairment Appeal with much outstanding, I will not consent to any attempted adjournments or delays. I do not say that to be difficult but to ensure that you are aware of my position if SNIC is seeking to obtain new counsel, and said counsel is aware of the scope of the potential engagement.

Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A., J.D., CIM)

March 30, 2024

Dear Sirs/Mesdames:

I write to confirm that I have received auto-replies from "AP" and Ms. Moraes which confirms that they have received the above emails. I am pleased to know the same as they will have the chance to respond to my sixth notice of motion. I will revert back with the relevant law and evidence.

I will note that if Mr. Karat was and is not authorized to have solely signed the Purported SNIC Response on behalf of SNIC, and Mr. Nieuwland is only authorized to act for TDGIC, then this leaves a lawyer at the same office address as Mr. Karat in Markham, Ontario (namely 101 McNabb Street, Markham, Ontario, L3R 4H8).

In my view and it will be my position that this was the facilitating of unauthorized practice and/or the failing to prevent unauthorized practise. I confirm that such a motion in NOM #6 is distinct from NOM #5 and focuses on those licensee(s) that facilitated, instructed, advised, or even coerced Mr. Karat to do the same by general assignment or specific assignment. In order to face this NOM #6, those individual(s) that authorized and assigned the activities and functions to Mr. Karat so that he could solely sign the Purported SNIC Response, then file it and serve it upon me, will need to swear evidence.

Thank you.

On Sat, Mar 30, 2024 at 2:11 PM Kevin McLean <mcleansniclat@gmail.com> wrote:
March 30, 2024

Dear Sirs/Mesdames:

I have received an auto-reply which is below (see: Appendix). It is self-evident that Mr. Karat's signature block has changed from the January 23 and 25, 2024 along with the February 14, 2024 outgoing emails to me (see: **Affidavit #13, Exhibit "A", pages 4 to 6**) and his auto-reply emails to me (see: **Affidavit #13, Exhibit "A", pages 11 to 13**).

As such, this is further evidence that supports the focus of my to be served NOM #6 and the affidavit material to support the same.

We were obviously aware that Mr. Karat had been on the file in *Quinn v. SNIC*[1] (with counsel in AP and FP); and *Kopyteo v. Primmum*[2] (with McCague Borlack LLP).

I will provide you with the kind notice that I may have this new and fresh evidence in a separate affidavit or combined in one affidavit. I will likely have to provide the affidavits in made form and then notarized form due to the long weekend for many.

I again urge you to provide me with any existing lawyer that has filed a DOR on behalf of Security National Insurance Company in order for me to take meaningful steps herein. Until that occurs, I am unable to do so and the entire LAT proceeding has been frustrated.

I will continue to review the jurisprudence in this regard and see how tribunals and courts handle such a unique matter to avoid any further tainting of this LAT Proceeding (if possible). I am also focused on how to ensure that matters are handled in accordance with SABS after the conclusion of this LAT Proceeding.

It is trite that this new fresh evidence supports my above positions and evidence filed and to be served and then filed. In particular, Mr. David Karat was and is the only "on the record" representative (albeit not authorized with the LSO to have signed the Purported SNIC Response) and now he is no longer authorized with SNIC. While this email is under this thread, I may rely on the same for "general and future purposes".

I reserve the right to bring this correspondence to the attention of LAT for any lawful purposes.

Thank you.

Kevin McLean <mcleansniclat@gmail.com> 9:58 AM (4 hours ago)

to Andrew.papadimitropoulos, James.V.Russell, Michelle, Matthew, Christiana, David

Dear Mr. Nieuwland: thank you for your email as it is appreciated. There is no ambiguity in your DOR but it is for a non-insurer and non-respondent in TDGIC. If you wish to bring a motion to attempt to obtain permission to correct the same, then please do so. Otherwise, I am simply providing notice to you as a courtesy. Mr. Karat remains the representative for SNIC by the Purported SNIC Response. I do not believe that you were his supervising lawyer for the filing, signing and serving of the Purported SNIC Response. Mr. Karat's auto-reply now shows he is not authorized for SNIC.

Please see Mr. Karat's signed Purported SNIC Response. *You have now added one Ms. Ortiz? Who is she?* (Pleasure to meet you Ms. Ortiz in any event.)

I am bringing a conflict of interest motion so I will need to include the various names of individuals who I say are in a conflict of interest. They are entitled to notice along with providing any responsive evidence where applicable. Affidavit #15 is being finalized and then notarized. Depending on timing, I will likely provide you with the "made affidavit" and then the notarized one.

I still do not have a legal representative for SNIC so I have to include the names by way of notice. They are copied yet again. Thank you in this regard. I await to hear from you on this new individual that you have included in Ms. Ortiz.

I intend to proceed with my conflict of interest motion as it must be brought promptly pursuant to cases like *Talisman Resort*.

If you say there is no ambiguity, *then who is "Andy Gera"?* Kindly provide me with the legal name of that individual or I will presume exactly what I have asserted. Thank you in this regard.

Lastly, because Ms. Nurse's email is no longer active with TD Insurance, I am contemplating in my motion #6 as to whether I also seek an order of disqualification against Ms. Persaud considering that I believe Mr. Andrew Papadimitropoulos, who I defined in the Affidavit #15 as the "**Divorced Husband Conflicted Lawyer**" (or with the same but with "**Manager**" in place of "Lawyer") may have influenced her and tainted her processes (and/or drafted many of the letters once she came on), and it is not possible for her to disabuse her mind from the same. While I was considering merely a motion to have him, Mr. Karat and others disqualified, this addition of a new name is all the more concerning now.

It would be improper on my part to advance such a motion and not provide notice. I do note that it may not be an "actual conflict" or the Tribunal may not find malice or actual conflict (but I say otherwise). That being said, there is a reasonably perceived conflict and it is my view you had knowledge or ought to have known of the same, and we now have another individual in your email who is unknown to me.

I appreciate your request above but I simply cannot have (as it relates to this thread herein) the Tribunal ask me if certain individuals received notice and had an opportunity to be heard. As it relates to this thread, your request is rejected in the most polite manner.

(Mr. Russell, as chief agent of Security National Insurance Company who was the insurer and underwriter for the Insurance Policy, would you kindly

from the email thread. All the best in the interim).

Warm regards,

Dear Sirs/Mesdames:

I write regarding the above and Mr. Nieuwland's new inclusion of Ms. Christiana Ortiz. I cannot find any lawyer or paralegal in the LSO Directory with that name. As such, I will presume that this was Mr. Nieuwland's legal assistant at all times and Ms. Moraes was the legal assistant to Ms. Klukowska and Ms. Saeed. It provides further evidentiary grounds as to why a conflict of interest motion will be advanced and this squarely puts further spotlight on Mr. Nieuwland himself. I will add this to further affidavit(s). Thank you.

Kevin McLean <mcleansniclat@gmail.com> 12:06 PM (2 hours ago)

to Matthew, Andrew.papadimitropoulos, James.V.Russell, David, Michelle, Christiane

Dear Sirs/Mesdames: I will presume that Ms Ortiz has been the legal assistant to Mr Nieuwland since this the commencement of this SNIC Proceeding. My position is that I was duped and misled with the reference to Ms Moraes being the legal assistant of Mr Nieuwland when her signature block represented otherwise. As such, this was an abuse of process and in my view and with great respect, dishonest conduct that falls right with the binding principles of law in cases like LSO v Chung.

I asked Mr Nieuwland to provide me an affidavit that Ms Moraes was his assistant and he refused. I now receive an email with Ms Ortiz copied and no explanation.

While I ruminated and wrestled with whether Mr Nieuwland was in a conflict of interest by association and communication with the likes of the Divorced Husband Conflicted Lawyer, my theory was that Ms Moraes was included as a conduit, as Mr Nieuwland insisted that Ms Moraes was included on email threads of which I refused until I had confirmation in evidentiary form from Mr Nieuwland, to relay those communications to the Divorced Husband Conflicted Lawyer.

While I was going to have affidavit # 15 notarized, my theory appears proven on this ground alone.

It is now my position that Mr Nieuwland cannot act in this SNIC Proceeding even if he obtained an order to amend the style of cause. I provide this as a courtesy notice to him and reference a case like SO v Fungeh. I find this somewhat sad and tragic as I was hopeful to work with Mr Nieuwland and Mr Karat but I must now bring my motion number 6 and you are all on notice of the above. Should external counsel be retained, I provide another courtesy notice that I will not consent to any adjournments or delays in filing responsive materials to outstanding motions and timelines. You will have my affidavit 15 in short order. Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A., J.D., CIM)

to Matthew, Andrew.papadimitropoulos James.V.Russell, David, Michelle, Christiana

Re: NOM #6

Re #2: demand and notice regarding obligations of THE INSURER to only receive SPI and not "OTHER insurance companies"

Dear Sirs/Mesdames: the time is now almost 3:40 p.m EST and have not had any denials on the above. As a courtesy, I now attach the 47 pages which are appended to Exhibit "A" to my affidavit #15. It is primarily for NOM #6 but may also be used regarding any other outstanding motions, NOM #4 or for ancillary purposes.

I shall note now that it is somewhat paradoxical that Mr. Nieuwland would represent that other persons like Ms. Moraes are not involved in this file yet he previously represented to me that Ms. Moraes was his legal assistant

Ms Moraes attempted to inform me (or did inform me) that Mr. Karat was the "adjuster" when he was not. She then represented to me that she was Mr. Nieuwland's assistant but it was not in her signature block. Ms. Moraes then sought to have the case conference adjourned but now she is no longer on this file per se according to Mr. Nieuwland.

It is why the LSO has unequivocally passed by-laws and sections that speak to the issue of "effective control". It is now admitted by Mr. Nieuwland that he did not have "effective control" over Ms. Moraes activities and functions that he would assign to her or otherwise. Hence, my stern but polite position for him to provide me with an affidavit confirming, under oath, that she was his assistant. He failed to do so because he could not perjure himself in that regard.

There is now attempt to shift persons around and act as if they have nothing to do with the very underwriter in SNIC that is the PAYOR of previous benefits.

Without excluding other evidence that will be required to face this NOM #6, I look forward to his evidence and condescending upon particulars in this regard. If any persons who are named in this Affidavit #15 fail to respond to specific evidence, and my beliefs while citing the source, I will ask that the NOM #6 proceed by default.

My self-evident position was that Mr. Nieuwland could not file any responsive materials in relation to NOM #4 until he filed a DOR for SNIC. My additional position is that he is now saddled with being part of the conflict of interest issues by his written representations, which I say were incorrect at the very least, but also by his including of a new colleague in Ms. Ortiz (with no fault of her obviously as she did not include herself) to the exclusion of Ms. Moraes.

Respectfully, you cannot "run and hide" from these issues as they override any other issues in this SNIC Proceeding. They need to be faced head on by all of us and we need to get to the truth. I say this because of cases like *Jia*, and I am terribly concerned that any documents and personal information that I provided to the names that I was providing to were in good faith. You can kindly take this email as notice that nothing of a sensitive or personal nature will be provided until this issue is resolved and I have a fulsome and compliant *PIPEDA* response which may require further intervention by the Federal Privacy Commissioner of Canada.

It is unclear if LAT has the authority to grant the type of injunctive relief I would be seeking to have certain conflicted unauthorized recipients receive very sensitive personal information ("PI") and personal health information ("PHI") which is normally an order requiring an affidavit or destruction or the return of that personal information without retaining any of the same. This again leads me to my next issue as we still do not have counsel for SNIC.

I take heed of the ONSC language in *Jia* which is in my paragraph 94 of my Affidavit #15 (for full disclosure and courtesy purposes:

> [94] I now quote from the case of *Jia* which was alarming to me when considering the above about the apparent rights of insurers on the *SABS* side of the ledger. In *Jia*, the Ontario Divisional Court found as a matter of law [emphasis is mine]:

Electronically filed / Déposé par voie électronique : 18-Feb-2025
Toronto Superior Court of Justice / Cour supérieure de justice

[6] It is established law that insurers may not use the same counsel in accident benefits cases and in tort cases brought against them by the same insured. This is because the duties of an insurer (and therefore of its counsel) are different in these contexts, and as an accident benefits insurer, **THE INSURER** is entitled to receive, and is required to keep confidential, a great deal of sensitive personal information from claimants.

Simply put, if NOT THE INSURER, then NOT entitled to receive the SPI.

I have been more than forthcoming and in good faith that I was sending highly sensitive personal information and personal health information to Ms. Nurse (who is no longer with TD Insurance), then to Ms. Persaud (who is apparently in the Burlington office of SNIC who does not a working fax most of the time), then Ms. Nurse, Ms. Persaud and Ms. Kaur by service of the Appeal, and then to Mr. Karat and Mr. Nieuwland. I did so to Mr. Karat as he represented to me that he was representing "THE SECURITY NATIONAL INSURANCE COMPANY" His auto-reply now says he is no longer authorized.

I continue to request that Ms. Persaud provides me a breakdown of the amounts paid by SECURITY NATIONAL INSURANCE COMPANY for medical and rehab benefits and which sessions with my former physiotherapist were denied (i.e. 6 of 26), and I still do not have a response in that regard. It is impossible to advance my rights when there are no responses of which such a response should take no more than ten minutes to say, "sessions #2, #4, #8, #15, #18, and #21" (for example as I do not know) were denied. This matters as certain physiotherapy sessions were different in scope and treatment. Moreover, it matters for the calculation of interest as well.

At no point did the Insurance Policy have any reference whatsoever to "TDGIC". Mr. Nieuwland is now acting as if this is some sort of trivial issue about which underwriter is the respondent which is absurd to say to the least. Moreover, I never consented to my personal information and personal health information being received by any "conflicted individuals" or different "insurers" so that is an unequivocal breach of *PIPEDA* but that is for a different email account and issue. In the spirit of brevity, I provide this formal notice to any individual who was not authorized "**TD Insurance Meloche Monnex**" (in reference to the alumni and professional insurance program with SNIC as the underwriter and NOT Primmum although TD Insurance defines them as the same).

As you undoubtedly know, the insurance company for the tortfeasor (Ms. Carey) is that of Pembridge Insurance Company which is part of the Allstate Group of Insurance Companies. I cannot speak to the truth of the contents of our dialogue since Fall 2022 but imagine if in the middle of those discussions, it changes from my contact at Pembridge (which we are on the 9th I believe) to "Allstate Insurance Company of Canada" or any of the others where Mr. London Bradley is the "chief agent". I would not have any further communication with that purported representative of "Allstate" as that is not "Pembridge". They are part of the Allstate group of companies but "Pembridge Insurance Company". Perhaps, I should not have been forthcoming with whom I thought I was communicating with Ms. Nurse because I informed her (or so I thought) that I required the SABS component to be resolved before I can attempt to settle the underlying claim with Pembridge Insurance Company.

Again, it is **THE INSURER** that is entitled to receive the sensitive personal information ("**SPI**") and not any insurer that is misnamed or at the whim of Mr. Nieuwland to file a DOR concerning the same. It is for some of those reasons that this NOM #6 must proceed and any ancillary relief can be determined by LAT.

What next? Someone in this email thread will inform me that Primmum Insurance Company is the new "underwriter". In that scenario, at least, Primmum is under the defined "TD Insurance Meloche Monnex" but this would still be flatly wrong as a matter of law.

I do not consent to any of this conduct, and thankfully, and you can be guaranteed of this point: until there is full compliance (see also: infra) with the *Insurance Act*, *SABS*, *PIPEDA* et al, I will NOT be disclosing (or providing access) any PI, SPI or PHI, and certainly never attending any purported request for an IE (with of course medical reasons and other reasons being required at first instance). This in turn is the point about an "IE" that is supposed to be "independent" but we have an issue in this LAT Proceeding and TD Claim #3 as to whether there was an actual conflict of interest issue.

In conclusion, this is a formal notice to any individuals who have received PI (also defined as "**PII**" for the identifiable component), SPI (although not defined under *PIPEDA* but there are references in *PIPEDA* bulletins to the same), and PHI that they are to provide me a list of what they received (i.e. list of records or documents with descriptions), copies of the

that after it is received. I will have the **NOM #6** tailored to what LAT can and cannot grant and what will be consistent with the SPPA with respect to being most expeditious, cost-effective and just.

I do not see anything that precludes Mr. Nieuwland from filing a DOR on behalf of SNIC. I can then have assurances that he is acting for SNIC. Once he does so, then I can communicate with him separately on all other matters and we can work together. I will presume that Ms. Ortiz was and is his legal assistant and she can be copied therein. As it relates to this NOM #6, it has to proceed in light of the above and if certain matters are resolved under PIPEDA, then I can inform LAT that there is no issue of crossover on that specific issue (whatever it may be).

I may formalize this letter further but for the time being, this will suffice. I remind any and all of their distinct professional obligations (where applicable) and the requirements for "handling an insurance file" and the "handling" (colloquially speaking) of **PI**, **SPI** and **PHI**. Thank you.

Warm regards,

Mr. Kevin A. McLean (B.A., J.D., CIM)

Appendix #1: R v. Smith

[2] Darren Smith, badge No. 907, is a police officer employed by the Hamilton Police Service (HPS). On two occasions, first in 2017 and then in 2018, he was dispatched to homes in Hamilton to pick up firearms for surrender to the police. On each occasion he lodged the surrendered items appropriately with the HPS property branch.

[3] Betty Grant is the HPS civilian employee responsible for, among other things, seeing to the destruction of surrendered weapons. After each surrender, she directed Officer Smith, [in police parlance she "tasked" him], to obtain and then to provide to her *either* a "waiver" form, a "Firearms Destruction/Receipt/Disposal Waiver", signed by the owner of the weapon documenting that owner's surrender of the weapon to the HPS for disposition of it by the HPS or a statement from the owner signed in Officer Smith's duty notebook to a similar effect.

[4] Officer Smith did neither on either occasion. Rather, he obtained the requisite waiver forms, and in each case, he completed the form *in its entirety*. He signed the name of the owner on the form in the spot where the owner of the weapon was required to sign. Then, he signed his own name to the form attesting to having witnessed the ostensible signature of the owner. He did so without documenting in any way that *he* signed the name of the owner. He then uploaded the waiver forms that he had created into the HPS document management system, called NICHE, so that Ms. Grant could access them and print them out.

[5] When Officer Smith's actions came to light, he was charged with one count of forgery and one count of uttering respecting each of the waivers that he created and submitted. He was essentially charged as follows [1].

> [i] that between July 3, 2018 and July 22, 2018, Darren Smith knowingly made a false document, namely, that he forged a signature with intent that it be acted upon or used as genuine and thereby committed forgery, contrary to s. 367 of the *Criminal Code*;
>
> [ii] that on July 22, 2018, he knowingly used a forged document; namely, a Hamilton Police Service Firearms Destruction Waiver, as if the document was genuine, contrary to s.368(1.1) of the *Criminal Code*;
>
> [iii] that on November 30, 2017, he knowingly made a false document; namely, that he forged a signature with intent that it be acted upon or used as genuine and thereby committed forgery, contrary to s. 367 of the *Criminal Code*; and,
>
> [iv] that on November 30, 2017 he knowingly used a forged document; namely, a Hamilton Police Service Firearms Destruction Waiver, as if the document was genuine, contrary to s. 368(1.1) of the *Criminal Code*.

Justice Nadel found the following facts at paragraph 15 and onwards with emphasis being mine and end noting:

The Jolly Surrender, 2017

[15] Audrey Jolly is the surviving spouse of Ronald Jolly. They were married for 64 years. They operated a back-hoe business together and Mrs. Jolly was very familiar with her husband's signature.

[16] In 2017, Ronald Jolly was dying from Parkinson's disease compounded by a form of dementia. He was under palliative care in their home at 200 West 33rd Street, Hamilton. In November of 2017 Audrey opened a letter from the RCMP that was addressed to her husband. By this letter the RCMP notified Ronald Jolly of his need to renew his licences for his rifle and his shotgun. Mrs. Jolly spoke to her husband about the letter and she testified that he advised her that he did not want to renew his licences.

[17] So, she contacted the RCMP who directed her to contact the HPS to arrange to surrender the guns. She did so. She did not have Ronald Jolly's power of attorney.

[18] Mrs. Jolly did not recall the specific date when Officer Smith came to her house and picked up her husband's long guns. However, Officer Smith made cursory notes of his attendance in his duty notebook of that time. He noted that on Tuesday, November 21, 2017 at 10:50 a.m., he attended at 200 West 33rd Street. He noted down the particulars of the two guns that he took from that residence. Later during that shift he properly lodged the weapons into the HPS property branch. A portion of Officer Smith's duty notebook from that time containing his notes about attending the Jolly home was filed as Exhibit 12.

[19] Officer Smith never spoke to or met Ronald Jolly[i]. When Officer Smith came into the Jolly living room Ronald Jolly was lying in a hospital bed in a bedroom of the home. The door to that bedroom was open and there was a line of sight into it from the home's living room. So, Officer Smith *may* have been able to see Ronald Jolly; but, Officer Smith never spoke to Ronald Jolly and never entered his bedroom.

[20] Officer Smith was only in the Jolly home for about *five minutes* to pick up the guns. He never asked Audrey Jolly to SIGN anything and she never saw him again. (other than at this trial).

[21] Some time later, on December 21, 2018, HPS Detective Brian Smyth[ii] called upon Mrs. Jolly and asked her if the signature on a waiver document that he showed her was written by her husband.

[22] Smyth showed her what became Exhibit 3 at this trial. She told him and she confirmed to me at trial that it was not her husband's signature. She also gave Smyth her husband's Driver's Licence, which did contain Ronald Jolly's true signature[iii]. That was made Exhibit 4.

[23] Ronald Jolly *died* on November 24, 2017.

[24] As noted above, Betty Grant, the HPS civilian employee, was responsible for, among other things, seeing to the destruction of surrendered weapons. Despite being a civilian employee of the HPS she was authorized to direct police officers to complete "Tasks" arising out of weapons being surrendered to the HPS. She required a DESTRUCTION WAIVER before she could authorize and arrange for Jolly's guns to be destroyed by having them *smelted* at a local steel mill.

[25] On November 28, 2017 at 3:59 p.m., *Betty Grant* wrote to Officer Smith and directed him to provide her with documentation that she required before she could *initiate* the destruction of the weapons that Officer Smith had obtained from Audrey Jolly.

[26] As noted, Ms. Grant was authorized to direct Officer Smith to comply with the "tasking" directive that she sent to him. She classified the priority of the task that she had set for him as "High". She wrote to Officer Smith in the following terms:

> "You submitted to (sic) long arms for destruction however I require the Destruction waiver or a copy of your signed notebook. Please scan into NICHE and advise. Thanks BG"

her for any further or other information about the task that she had directed him to complete. The Destruction waiver that Ms. Grant referred to is a document available to police officers on the HPS *intranet*".

[28] On November 30, 2017, Officer Smith completed the waiver that Brien Smyth showed to Audrey Jolly on December 21, 2018. He wrote all of the information that was added onto the pre-printed waiver form, (other than the page number that appears on the top of the document, which is the page number of this item in the defence disclosure package.)

[29] The information and markings that Officer Smith added to the pre-printed form included signing a SCRAWLED SIGNATURE with a large "R" and a large "J" PURPORTING to be the signature of Ronald Jolly He also signed the form with his own signature attesting to having *witnessed* Ronald Jolly's signature. A photocopy of this document, being Exhibit 3, is attached to these reasons.

[30] The form directs the officer witnessing the document to attach the form to the officer's original report and to then forward the document to central records. This instruction is consistent with Ms Grant's direction to Officer Smith to scan the waiver into the NICHE system and to advise her that he had done so.

[31] Officer Smith complied with Ms. Grant's tasking directive. He documented that he had completed the waiver report on November 30, 2017 at 4:40 p.m. and he documented that he had entered the waiver into NICHE on that same date and at that same time.

[32] Officer Smith's duty notebook for November 30, 2017 contains no reference to any attendance on Ronald Jolly nor any attendance at the Jolly home.

[33] Relying on the *Jolly waiver* that Officer Smith created and filed in NICHE, Ms. Grant arranged for Ronald Jolly's guns to be destroyed by having them smelted at Dofasco on April 11, 2018.

The second instance of former Officer Smith engaging in forged documents

The second instance of former Office Smith engaging in forging documents for an individual purporting to sign the document in their name albeit performed and conducted by now former

The law as enunciated of forgery and uttering a forged document by Honourable Justice Natel

Justice Natel articulated the statements of law as it related to forgery and uttering forged documents or false documents at paragraphs _____ to _____:

The Shkumat Surrender, 2018

[34] Ruth Shkumat and her sister, Jean Ventura, were the surviving children of their mother and father who died in 2017 and 2018 respectively. In 2018 the sisters were in the process of emptying out their parents' home at 262 East 13th Street, in Hamilton. During those efforts Jean Ventura found her father's duck-hunting rifle as well as some ammunition, a shotgun shell and a broken flare. The sisters decided to hand in these items to the HPS

[35] They left the items on the lid of a freezer in their parent's basement to be available for pick up by the HPS.

[36] Ms. Ventura's husband called the HPS to tell them about the items and the sisters' desire to hand them in As a result, Officer Smith was dispatched to and attended at 262 East 13th Street on June 13, 2018. Jean Ventura recalled the date as she had arranged for a charitable furniture pick-up for that date. By coincidence, Officer Smith attended that day, too.

attendance on June 13, 2018 was filed as Exhibit 8. Subsequently, Officer Smith lodged a bolt action Cooey 78 rifle, 37 .22 calibre shells and one 12-gauge shotgun shell with the HPS property branch.

[38] Officer Smith told the sisters that he was not certain about whether he ought to take the flare. He left the home briefly to make an inquiry about whether he could take it too. That, at least, is what Ms. Shkumat inferred, and I so find. Officer Smith came back and told her that he could take the flare and did so, although what he did with it thereafter is unknown, as he did not lodge it in property.

[39] As noted, the flare was broken.

[40] Before Officer Smith left Ms. Shkumat asked him if she had to sign anything. He told her, "No" and left. He was only at the home for perhaps 20 minutes and the longest period of his attendance was the time that he took to find out if he could take the flare.

[41] Before Officer Smith left, he said that he needed a name and a number, and he took down Ruth Shkumat's name and her telephone number. The number she gave him rang at her home address at 2 Clifton Road in Dundas, Ontario.

[42] The sisters never saw or met with Officer Smith subsequently. They sold their parents' home in September of 2018.

[43] On June 15, 2018 at 11:19 a.m., Betty Grant tasked Officer Smith in the following terms:

> "You submitted a rifle and ammo for destruction however I require the firearm waiver or a copy of your signed notebook to destroy. Please scan into NICHE and advise. Thanks BG"

[44] Ms. Grant went on sick leave for about two months after tasking Officer Smith with this duty. When she returned to work, she caught up with her work and on August 13, 2018 she noted that the waiver that she had tasked Officer Smith to obtain was now on file.

[45] On July 22, 2018, Officer Smith scanned a waiver into NICHE to meet the requirements of the task that Betty Grant had assigned to him. That waiver was ostensibly signed on July 3, 2018 by Ruth Shkumat. Ruth Shkumat's purported signature was attested to by Officer Smith as a police officer witnessing that signature.

[46] The precise date when Officer Smith created this document is unknown. It was not signed by Ruth Shkumat on June 13, 2018. It had to have been created between the date when Betty Grant tasked him on June 15, 2018 and prior to Officer Smith scanning the document into NICHE on July 22, 2018.

[47] On December 21, 2018, Detective Brien Smyth attended upon Ruth Shkumat at her home address in Dundas, Ontario, (after first going to 262 East 13th Street in Hamilton, where, of course, he did not find her.)

[48] Detective Smyth showed Ms. Shkumat a waiver ostensibly dated on July 3, 2018 and ostensibly signed by her. This document was filed as Exhibit 7. Smyth asked her if she had signed it. She told him and confirmed to me that the signature on the document was not her signature and that she had not signed the document.

[49] Smyth asked her if she would sign a new version of that document and she did so on December 21, 2018, after which Smyth witnessed her signature. The waiver that she signed for Smyth was filed as Exhibit 6. The waiver that she did not sign was filed as Exhibit 7. Copies of the Jolly waiver, (Exhibit 3), and these Shkumat waivers are appended to these reasons.

[50] Ms. Grant arranged to have the firearm that Ms. Shkumat surrendered smelted on April 16, 2019.

[51] Ms. Grant testified at length to many of the aspects of her responsibilities for the HPS.

[52] When a firearm is lodged for destruction she does as complete a history of the weapon and the people involved with the weapon as she can to ensure its provenance and its relevance to any other occurrences. As well she contacts the RCMP to keep them informed about the destruction of any firearm.

[53] Ms. Grant testified that she tasked Officer Smith with obtaining the waivers because she required them before she could proceed with having the weapons smelted.

The Law by Justice Natel

Justice Natel found:

False Document

[54] The *Code* defines "false document" in s. 321:

"false document" means a document

(a) the whole or a material part of which purports to be made by or on behalf of a person

(i) who did not make it or authorize it to be made, or

(ii) who did not in fact exist,

(b) that is made by or on behalf of the person who purports to make it but is false in some material particular,

(c) that is made in the name of an existing person, by him or under his authority, with a fraudulent intention that it should pass as being made by a person, real or fictitious, other than the person who makes it or under whose authority it is made;[3]

Forgery

[55] The offence of forgery is contained in s. 366 of the *Code*.

366. (1) Every one commits forgery who makes a false document, knowing it to be false, with intent

(a) that it should in any way be used or acted on as genuine, to the prejudice of any one whether within Canada or not; or

(b) that a person should be induced, by the belief that it is genuine, to do or to refrain from doing anything, whether within Canada or not.

Making false document

(2) Making a false document includes

(a) altering a genuine document in any material part;

(b) making a material addition to a genuine document or adding to it a false date, attestation, seal or other thing that is material; or

(c) making a material alteration in a genuine document by erasure, obliteration, removal or in any other way.

(3) Forgery is complete as soon as a document is made with the knowledge and intent referred to in subsection (1), notwithstanding that the person who makes it does not intend that any particular person should use or act on it as genuine or be induced, by the belief that it is genuine, to do or refrain from doing anything.

(4) Forgery is complete notwithstanding that the false document is incomplete or does not purport to be a document that is binding in law, if it is such as to indicate that it was intended to be acted on as genuine.

Exception

(5) No person commits forgery by reason only that the person, in good faith, makes a false document at the request of a police force, the Canadian Forces or a department or agency of the federal government or of a provincial government.

False Document: Materiality

Justice Nakel continued with

Discussion

False Document – Materiality

[68] I begin with the issue of whether the waivers that Officer Smith created were false documents.

[69] As applied to this case, a false document means a document the whole or a material part of which purports to be made by or on behalf of a person who did not make it or authorize it to be made. Obviously neither Ronald Jolly nor Ruth Shkumat made either document. They did not sign their names to the waivers, although each of the two documents created by Officer Smith purport to be signed by them.

[70] The defence contends that the purported signatures written by Officer Smith are not a material part of either document.

[71] In my view that submission is incorrect. I find that if these documents had been submitted to NICHE without a signature Betty Grant would not have accepted them nor would she have acted upon them. She would not have accepted them any more than a payee would accept a cheque without a payor's signature, or any more than a pharmacy would accept a prescription without a doctor's signature or any more than Service Ontario would accept a motor vehicle ownership transfer without a signature.

[72] Indeed, in any endeavour to be documented, a signed document demonstrates that signer's agreement to the document's terms by virtue of their signing. The signatures of Ronald Jolly and Ruth Shkumat were material to those waivers. The task Ms. Grant set for Officer Smith was to obtain a signed waiver or a signed notebook

[73] Similarly, if the required signature was not material, there would be no need for a witness to that signature. Documents that ask for a witness to a signature require the witness to authenticate the signature precisely *because* the signature is material to the document.

[74] I am of the view that resort to the reported cases is unnecessary to determine whether the signatures on these waivers is a material part of these documents. I find and rule that in each case the signature of the maker of the document was and is a material part of the document.

[75] Nonetheless, resort to the controlling authority would require the same conclusion.

[76] In *R. v. Gaysek*, 1971 CanLII 11 (SCC), [1971] S.C.R. 868, an inventory contained false entries despite being certified [nb: see the word certified in the Response Form] as true and correct. The lies about the entries did not change the nature of the document, it remained a purportedly true inventory. Yet, the inventory was false for the purposes for which it was created. Likewise, Officer Smith created these waivers and used them as purportedly true documents. But they were false documents for the purposes for which they were created.

[77] In *R. v. Ogilvie* (1993), 1993 CanLII 3510 (QC CA), 81 C.C.C. (3d) 125 (Que. C.A.) Justice Fish explained what *Gaysek* stood for. He wrote that *Gaysek* decided that "a document which is false *in reference to the very purpose for which it was created*" is one that is false in a material particular, within the meaning of s. 321 of the *Criminal Code*. So, in order to be a false document, the document in question must not simply "tell a lie"; it must be false in relation to the purpose for which it was created.[6] That is clearly true, too, with respect to the two waivers that Officer Smith created.

Authorization

Justice Natet continued:

Authorization

[78] As noted above at paragraph [54] the *Code* defines "false document" to mean a document the whole or a material part of which purports to be made by or on behalf of a person who did not make it or authorize it to be made. (emphasis added) The defence contends that neither waiver created by Officer Smith is a false document because Ronald Jolly authorized Officer Smith to create a waiver for him and likewise, Ruth Shkumat authorized Officer Smith to create a waiver for her.

[79] Merely stating those propositions demonstrates their wrongness. Officer Smith never spoke to Ronald Jolly. Audrey Jolly did not have Ronald Jolly's power-of-attorney. Ronald Jolly was dead when Officer Smith purported to write Ronald Jolly's signature on the waiver that he, (Officer Smith), created. Officer Smith never asked Audrey Jolly for her authorization to sign any documents

behalf. Neither Ronald Jolly nor Audrey Jolly authorized Officer Smith to sign the waiver that Officer Smith created. In my view there is no basis in law or on these facts to support a finding that either Ronald Jolly or Audrey Jolly authorized Officer Smith to create the waiver that Officer Smith fabricated. I make that finding to the exclusion of any reasonable doubt.

[80] I make the same findings and to the same degree with respect to the Ruth Shkumat waiver. Officer Smith never asked Ruth Shkumat or Jean Ventura for their authorization to sign any documents on their behalves nor did he ask them for their authorization to sign any documents on behalf of their father or their father's estate. Neither Ruth Shkumat nor Jean Ventura authorized Officer Smith to sign the waiver that Officer Smith created. In my view there is no basis in law or on these facts to support a finding that either Ruth Shkumat or Jean Ventura authorized Officer Smith to create the waiver that Officer Smith fabricated.

[81] The defence contends that even if the Jollys or Ruth Shkumat or Jean Ventura did not formally authorize Officer Smith to sign a waiver as he did, by their action of surrendering weapons to the HPS they consented to Officer Smith creating the waivers. At the very least, the defence contends that Officer Smith had their implied authority to do so. Mr. McGilly submits that support for this submission can be gleaned from *R. v. Ewanchuk*, 1999 CanLII 711 (SCC), [1999] S.C.J. No. 10. There, Major J. at paragraph [31] said, "The doctrine of implied consent has been recognized in our common law jurisprudence in a variety of contexts but sexual assault is not one of them. There is no defence of implied consent to sexual assault in Canadian law."

[82] The doctrine of implied consent is often discussed in allegations arising out of contact sports, especially hockey. The comment by Lacourciere J.A., in *R. v. Leclerc*, 1991 CanLII 7389 (ON CA), [1991] O.J. No. 1533 (C.A.) is useful. He said: "The weight of judicial authority appears to be that a player, by participating in a sport such as hockey, impliedly consents to some bodily contact necessarily incidental to the game, but not to overly violent attacks, all of which should be determined according to objective criteria."

[83] While there is no similarity to the facts in this case, there is a principle that can be gleaned from Justice Lacourciere's comment; namely, attempting to determine if there is some necessary implication grounded in the act of voluntarily surrendering a firearm to a local police service.

[84] I do not find that there is any necessarily incidental obligation on a surrenderer to sign the kind of waiver required by the HPS and hence no implied consent is given by the surrenderer to have a police officer do so for them. At most a mutual signing of a bare receipt by the surrenderer and the receiving police service *might* necessarily be implied in turning over an unwanted firearm to a local police service. However, even that potentially limited implication is uncertain. I say that because *R. v. Wills*, 1992 CanLII 2780 (ON CA), [1992] O.J. No. 294 (C.A.) sets out the elements for a valid consent, including an implied consent, (albeit in the context of waiving the right to be secure from an unreasonable search and seizure).

[85] *Wills* provides the elements of a valid consent whether express or implied as follows:

> (i) there was a consent, express or implied;
>
> (ii) the giver of the consent had the authority to give the consent in question;
>
> (iii) the consent was voluntary in the sense that that word is used in Goldman, and was not the product of police oppression, coercion or other external conduct which negated the freedom to choose whether or not to allow the police to pursue the course of conduct requested;[7]
>
> (iv) the giver of the consent was aware of the nature of the police conduct to which he or she was being asked to consent;
>
> (v) the giver of the consent was aware of his or her right to refuse to permit the police to engage in the conduct requested; and,

Mens Rea of Forgery

Justice Natel continued with the *mens rea* of forgery:

***Mens Rea* for the Offence of Forgery**

[92] As noted above in paragraph [11] the defence position is it cannot be found to the exclusion of any reasonable doubt that Officer Smith had the necessary *mens rea* for the offence of forgery. Hence, a review of the law respecting the *mens rea* of forgery is required.

[92] Marshall J.A. in *R. v. Foley*, 1994 CanLII 9760 (NL CA), [1994] N.J. No. 166 is my starting point. There, under the heading, "The ingredients of forgery" one finds[9]:

> **18** In a leading English forgery case, Welham v. Director of Public Prosecutions (1961) A.C. 103, Lord Denning at pp. 132-133, singles out the following passage from Vol. 2 of East's Pleas of the Crown at p. 852 as best expressing the common law definition of forgery:
>
> ... Forgery at common law denotes a false making (which includes every alteration of or addition to a true instrument), a making *malo animo*, of any written instrument for the purpose of fraud and deceit. ...
>
> **20** ... [T]he making of a false document is the essence of forgery at common law. It remains so in today's Criminal Code. This is apparent from s. 366(1) which sets out the essential ingredients of forgery.
>
> **21** ... [T]he scope of the *actus reus* and *mens rea* of forgery now depend upon the provisions of the Criminal Code which supersedes the common law.
>
> **22** There is a view that the concept of deception as an element of forgery has been expanded in the Code to transcend that of fraud which the common law required to ground a forgery conviction. In this context the following distinction, ... between the intents to deceive and to defraud, ... is apropos:
>
> To deceive is ... to induce a man to believe that a thing is true which is false, and which the person practising the deceit knows or believes to be false. To defraud is to deprive by deceit: it is by deceit to induce a man to act to his injury. More tersely it may be put, that to deceive is by falsehood to induce a state of mind; to defraud is by deceit to induce a course of action.
>
> **23** Proponents of the proposition that the intent component of forgery has been expanded beyond fraud in the Code point to paragraph (b) of s. 366(1) in support of their contention. This provision, they advocate, merely requires that the forger induce a state of mind that a document, which he or she knows to be false, is genuine. Inasmuch as this paragraph is expressed disjunctively from the preceding paragraph (a), which does invoke prejudice, they posit that the statutory offence of forgery requires merely an intent to deceive. Relating this specifically to s. 366(1)(b), this viewpoint asserts that the requisite intent is to falsely induce a state of mind by creating the impression that the document is genuine. ***Under this submission there would be no need to go further to establish an intent to defraud or even to cause prejudice.*** (emphasis added)
>
> **24** This expanded view of the intent of the offence of forgery, together with a concise resumé of the debate surrounding this subject in Canadian law over the years, is expounded in R. v. Sebo (1988) 1988 ABCA 200 (CanLII), 60 Alta. L.R. (2d) 53 (Alta. C.A.). ...

[93] Accordingly, I next turn to *Sebo*.

[94] In *Sebo* Kerans J.A. retraced the history of the Canadian law of forgery to determine whether a conviction for forgery required proof of an intention to defraud or whether proof of an intention to deceive sufficed. Despite the legal acumen demonstrated by Justice Keran's exegesis of the law of forgery, I am content to skip to his conclusion, which I adopt. He concluded:[10]

388, the offence of use, trafficking or possession of forged document], beyond rational dispute even though they might be said to have a harsh effect. Today's Code reflects the view that it is better to have a definition that catches the utterer and the forger who hope never to cause harm even at the risk of catching those who ... not only did not hope to gain advantage but also did not create a significant risk of harm. ...

I accept that, as a result, s. 324(1)(a), [now s. 366(1)(a)], is anomalously superfluous. The best explanation of the anomaly is that the Code emphasizes that it catches both the old and the new mental element, ...

In conclusion, I agree ... that **an intent to defraud and an awareness of the precise intent of the forger are not required mental elements of the offence of uttering**. ... (emphasis added)

I must now deal with the principal argument for the defence. ...

The argument incorrectly assumes that an intent to defraud is required by the Code for a conviction for forgery. I earlier dealt with the intent for forgery and uttering in order to dispose of this. The intent required of each is the same. (emphasis added)

[95] Accordingly, the intention required to be proved to ground a conviction for forgery is merely the intention to deceive. The Crown is not required to prove the forger had an intention to defraud, which is to say that for a conviction for forgery the Crown need not prove that Officer Smith intended to cause prejudice or harm.

[96] I reject the defence submissions that Officer Smith's actions were no more than carelessness or negligence.

[97] Clearly Officer Smith was a careless forger in one respect. He knew that Ronald Jolly was very ill, but he was careless in not determining if Mr. Jolly was still alive when he forged his signature. As a result of that carelessness, he forged Mr. Jolly's signature several days after Mr. Jolly had died.

[98] These forgeries were not careless acts otherwise. A look at the ostensible signatures shows that Officer Smith scrawled signatures that started with the correct initials of Ronald Jolly's and of Ruth Shkumat's names. Those actions were obviously intentional. Moreover, merely recounting the steps he had to take shows that Officer Smith's actions were not the product of mere carelessness

[99] Officer Smith had to, in each case, receive and read the task set for him by Ms. Grant. He had to obtain a waiver form in each case. He had to fill out the form in each case. He had to forge the signatures on each form and then he had to submit the forms that he created in NICHE. That is not a description of carelessness. That is intentionally mendacious behaviour.

[100] Likewise, Officer Smith's actions were not the product of negligence in the sense of failing to take proper care in the performance of his duties. He rejected and abdicated his sworn duty in these cases. These were not acts of negligence. They were acts of malfeasance.

[101] Regardless of what motivated Officer Smith to create these two forgeries, his intention to deceive by committing them has, in each case, been proved to the exclusion of any reasonable doubt.

Uttering

7. Justice Natel continued under uttering:

The Counts of Uttering

[102] The defence submits that Officer Smith's use of the forged waivers; viz. scanning or uploading them in the HPS NICHE system, were acts so negligible as not to amount to "using" the forgeries. Hence, he is not guilty of the two counts of uttering them contrary to s. 368(1.1) of the *Code*.

[103] Respectfully, I do not accept that submission. As noted by Mr. Leach in his submissions in reply, whether one hands a forged cheque to a teller in person or deposits it into an ATM that forged cheque is "used" in either case. Moreover, Mr. Leach points to the definition of

material on which is recorded or marked anything that is capable of being read or understood by a person, computer system or other device, ..." (emphasis added)

[104] Additionally, in *R. v. Stevenson*, 1980 CanLII 2930 (ON CA), [1980] O.J. No. 1621 (C.A.), the court held that putting a **false affidavit** into a photocopy machine to copy it was a "use" of it. Further, Justice Kerans, in *Sebo*, notes that *R. v. Harris*, (1965) Crim. App. R. 330 (U.K. C.C.A.) provides that when a photocopy of a forgery is made for wider distribution that too is a "use" and therefore an uttering of the forged original.

[105] I am satisfied to the exclusion of any reasonable doubt that by uploading the two waivers *that he forged* into the HPS NICHE system Officer Smith **used** the two waivers. I find, to the exclusion of any reasonable doubt, that Officer Smith is guilty of the two counts of uttering with which he is charged.

---

[1] The "gun owner" but effectively incapacitated
[2] Different "Smyth" and not the accused
[3] Is the Karat COS his "true signature"?
[4] Not publically available but "internal to the HPS"

Electronically filed / Déposé par voie électronique : 18-Feb-2025
Toronto Superior Court of Justice / Cour supérieure de justice

This is the 16th Affidavit of Kevin A. McLean under TD's Claim Number 035325790-3 (the "Claim Number" or "TD Claim #3"), TD Insurance Policy Number #00101311806 (the "Policy Number"), LAT File Number "23-015662/AABS" (the "LAT File Number" or "LAT Proceeding") and was finalized and made on April 6, 2024

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT/APPELLANT

AND:

TD INSURANCE MELOCHE MONNEX (SECURITY NATIONAL INSURANCE COMPANY) [1] [2]

RESPONDENT

Submitted Pursuant to LAT Rule 13.1 by way of motion relief sought

13. ACCESS TO HEARINGS

13.1 GENERAL PUBLIC ACCESS

The Tribunal may limit access to a record of proceedings or, during a proceeding, make an order at the request of one of the parties or on its own motion, limiting public access to all or part of any document or record or hearing to protect confidentiality of personal or sensitive information, as it considers appropriate in relation to:

a. Matters involving public security,
b **Intimate financial or personal matters;**
c. Other matters where, having regard to the circumstances, the desirability of avoiding disclosure thereof in the interests of any person affected or in the public interest outweighs the desirability of adhering to the principle that the hearings, documents or records be open to the public

In a matter under the *Insurance Act*, RSO 1990, c I.8, (the "*Insurance Act*")

Electronically filed / Déposé par voie électronique : 18-Feb-2025
Toronto Superior Court of Justice / Cour supérieure de justice

In the matter of an "Application of an Injured Person" ("Application" or "AIP") by the Applicant pursuant to subsection 280(2) of the *Insurance Act*, RSO 1990, c I.8., in relation to statutory Accident benefits and the following regulations including but not limited to:

i. *Statutory Accident Benefits Schedule*, O Reg 34/10 ("*SABS*"); and
ii. *Automobile Insurance*, RRO 1990, Reg 664 ("*Reg 664*").

I, Kevin Alexander **McLean**, Disabled (B.A., J.D., CIM) of Toronto, Ontario **AFFIRM** THAT

VOLUME #1: affirmation

1 **I am the affiant (also defined as the "Applicant", "Insured Person", "Disabled Individual" and/or "CAT Impaired Individual") herein and I affirm, under the pains and penalties of perjury, the following facts to be true. Where I have stated information on my belief, I have cited the source of my belief by references, citations, end-noting or otherwise.**

2 **Where I have used square brackets (i.e. [.....]), I have done so for ease of reference and to provide my evidentiary beliefs while citing the source of the same.**

3. **Where there are double underlined words, they are mine for ease of reference**

4. **I have adopted the definitions from my served and filed evidence herein and the have same meaning herein as they do therein.**

5. **I adopt the definitions from the above noted legislation and regulations, including rules where not made under the *SPPA*, and they have the same meaning herein as they do therein.**

6. **Where I have included definitions, I am not making a legal argument in this affirmation/evidence but I have included the same for consistency purposes.**

7 **I affirm that where I have added emphasis in "copying and pasting" from any legislation, regulation or rule, the emphasis mine**

8. **When referring to Nicole, I am referring to my Spouse, who has the current legal name of Nicole Artopoulos, and is the policyholder referenced in the Appeal and the Purported SNIC Response.**

Volume #2: Detailed Particulars

9 **I will be providing some detailed particulars here to support my allegations and evidence, and my position that the Conflicted Lawyer has been involved in this TD Claim Number since the Date Of Loss (or "DOL") but has done so, in my opinion, in a surreptitious and clandestine manner. I now believe, after review of the evidence in my 15 affidavits and otherwise that he has been, in whole or in part, responsible for the decisions made by the Respondent Insurer (SNIC) by way of letters that referred to Ms. Nurse and/or Ms. Persaud.**
→ Divorced husband conflicted lawyer

10. **I provide this evidence solely for the purposes herein but for one exception and that may be for my second PIPEDA request in the year of 2024 which is broader than the first PIPEDA request in 2024**

Volume #3: Myself and my spouse (the sole policyholder listed in the Appeal and Purported SNIC Response)

11 I met my Spouse ("Nicole") when I was in law school with her sister ("Ashley") on or around 2007. Nicole and I dated for a period while I was in law school and I would take the train from law school to Toronto to spend time with her. During the majority of the times, I would stay at the Sheraton in downtown Toronto.

12. As I became more acquainted with her family, her family was kind enough to allow me to stay in their home

13. I summered (after 1st year and 2nd year law school) at a litigation boutique in Toronto. Despite interviewing all three days at national law firms (and Goodman & Carr), I was not fortunate enough to obtain a summer position with those firms.

14. While I had a variety of articling positions lined up in Toronto for the summer of 2008, my parents wished for me to test the Vancouver market. I interviewed with two large scale firms in Vancouver that had broader based articles, and I was able to successfully obtain a position over, in my view, three more qualified candidates that I. As such, I returned to Vancouver, purchased a condo, and commenced my articles in 2008.

15. Nicole and I both did not wish for the relationship to come to an end as a result of distance and she was gracious enough to offer to move to Vancouver with me. While Nicole was an undergraduate at University of Toronto, she was able to enroll in summer classes at UBC and even took summer courses therein

16. She returned to Vancouver at various points and enrolled in further education in Vancouver but our relationship did not succeed at first instance for a variety of confidential reasons.

17. Nicole and I did not speak from the period of approximately 2011 to 2018 (April).

18. On April 8, 2018 (when I was some four or five years into my business career which had commenced part time while I was practising law), I received a "direct message" on an Instagram account that I controlled, and it was Nicole. I was stepping into a meeting with a supplier of beauty products that I was selling on one of the platforms in which a company I was director and officer of, was selling. She asked if she could call me and after, and I confirmed she could.

19. At the time, I was not seeing anyone on a romantic level. We spoke for several hours and she had informed me, of relevance here, that she had started a business importing wine from Europe, she had got married for a brief period but was currently separated and heading towards divorce. I extended my empathies towards her and wished her well in that regard.

20. She appeared to be most intrigued with some of the decisions of myself and the LSBC and what had transpired, and my business career. I explained the upshot of the same, and that I was then involved a challenge to the underlying legislation of the LPA (soon to be defunct) with the AGBC (not a damages case *per se*).

21. She inquired if I still owned my condo and I informed her that I had sold it a while back when the market was "hot" as I put it.

22 After that discussion, we spoke for the next couple days at various times, and on April 10, 2018 at approximately ten a.m. PST and 1 a.m. EST, she asked me if I had any interest in coming to see her in Toronto. I said that I would, and I booked a flight for the next morning, packed some items, and flew out on April 11, 2018. As I was unable to obtain a taxi after packing my items as I had somehow misplaced my phone charger while packing and my phone was dead so I walked from Downtown Vancouver to the Vancouver International Airport with two of my barrister bags which was about 15 km and I arrived around six a.m. at the airport.

23 I took an 8:30 a.m. flight and arrived in Toronto around four p.m. in the afternoon. Nicole greeted me at the airport but she was without a vehicle so we took a cab from the airport. I asked her about her vehicle and she informed it was a "long story". I later learned that the Divorced Husband Conflicted Lawyer had entered her vehicle (a silver BMW at the time) and taken the insurance from said car, which required her to obtain a new insurance policy with TD SNIC and that is why she was unable to drive to pick me from the airport. I

believe TD SNIC would have record of the same in the Spring of 2018. I ask, request and demand that it produce the same if the responding party wishes to oppose this NOM #6 or any individuals wish to challenge any of my evidence herein or otherwise. I believe the **Divorced Husband Conflicted Lawyer** used the FOB he retained possession of to do the same.

24 I offered to stay in a hotel for the first while but she kind enough to allow me to stay with her. As my business was primarily e-commerce at said time and I was able to operate logistics remotely, I would work through the day and we would meet for dinner or coffee at a restaurant across the street from her condo (Unit 410 at 775 Tecumseth Street, Toronto, Ontario) called Ovest.

25. After a couple week period, I informed her that my lease was to expire in about three months so I informed her if she wished to continue the relationship or a potential future together, I would appreciate knowing the same. She confirmed that she did and we worked out some ground rules on the sharing of expenses in the condo, food, board, et al. I provided notice to my landlord in Vancouver, sold my vehicle, and paid for the sending of my remaining property (which took several trips of friends being granted access to my condo and then shipping for me) and inventory to Toronto

26 From April 2019 to present, I have resided at 410-775 King Street West, Toronto, Ontario, M5V 2K3 (the "Condo" or "Unit 410")

27. I officially became an Ontario resident in 2019.

28. When referring to Unit 410, I am referring to the following property and common areas:

PIN 76320 0101 LT *Interest/Estate* Fee Simple

Description UNIT 10, LEVEL 4, TORONTO STANDARD CONDOMINIUM PLAN NO. 2320 AND ITS

APPURTENANT INTEREST; SUBJECT TO AND TOGETHER WITH EASEMENTS AS SET

OUT IN SCHEDULE A AS IN AT3346065, CITY OF TORONTO

Address 775 KING STREET WEST, SUITE 410

TORONTO

Volume #3: The Conflicted Lawyer and my unfortunate interactions albeit not by any formality

29. I have never met, formally or informally, the **Conflicted Lawyer**.

30. As Nicole and I re-established our trust and confidence in one another (primarily her trust and confidence in myself), along with more collective freedom than in her early educational years and my vocational career in law, I learned that she was separated from the **Conflicted Lawyer** since a time in 2017, and they were unable to resolve their differences between them without counsel

31. I did learn that each the Conflicted Lawyer and Nicole were represented by counsel in seeking to resolve their differences.

32. When Nicole invited me to stay with her at the Unit 410 condo ("Unit 410" or "Condo"), she provided me with a FOB that was circular and much smaller than the one she had. I inquired as to the difference and she informed me that the Conflicted Lawyer was refusing to return the FOB he had at one point but it had been deactivated.

33. I inquired when she anticipated receiving the return of it, and she said she was leaving it in her lawyer's hands. I did not take issue with that but I did inquire if there was a safety concern for her, and she said it is somewhat but Goldview Property Management Inc. ("Goldview") had informed her in writing that said FOB was deactivated and that the concierge staff were on alert if the Conflicted Lawyer attempted to enter the Minto Buildings.

34. I informed her that it was my experience to not allow matters like that to sit with lawyers as safety can be compromised at any second particularly if there was a changeover in concierge. I referred her to an experience that I had in my apartment in Vancouver

35. I affirm that I never met any of her lawyers or law firms that were representing her in any matters, and I was not privy to any communications

36 However, in the Spring and Summer of 2018, Nicole informed me whilst sitting on the couch and the other time while on the balcony of Unit 410, that faces the courtyard that in a trembling voice that "Andrew" was in the courtyard and "*It is Andrew again*" (more of a yell the second time)

37 On the first occasion, I said to her, "*What does he look like?*" She did not have any pictures so she described him to me as taller than I was by about two inches, dark coloured hair and wearing jeans and Spring jacket

38 I said, "*Does he have a car?*" She said, "**Mercedes Benz. Black.**" As deposed earlier, at that time, I was in the best physical shape of my life, and I took the back flight of stairs down and sprinted around the other side of one of the **Minto Buildings** (78 Tecumseth) and sought him out.

39. I was, in fact, yelling his name, "Andrew, Andrew, Andrew" as I passed the Shoppers Drug Mart going Eastbound. I could not find him until I saw a similar looking person on the Northbound side of the street getting into a black Mercedes and then drive off. As all of my affidavits have been, I cannot confirm it was him per se but I believe Nicole would know what he looked like, and he was in the courtyard

40. At that time, I had come to know the head concierge (Vlad) quite well and he had included me as a resident of Unit 410. However, since this first time of Andrew showing up, he was on the lookout for him in the directory.

41. On the second occasion, I immediately went directly to the concierge and informed them of the same, and to ensure that all video camera footage was saved. After running out that time and with the delay of speaking to the concierge, as Vlad only worked until three p.m., and this second occasion occurred around 5:45 p.m., I went out to see if I could find him but to no avail.

42. Out of an abundance of caution, I confirmed with concierge on duty (not Vlad) that Andrew's name was not in the record or directory of residence and he confirmed the same

Volume #4: the Aftermath and subsequent issues

43. After some of these issues did not arise, for a period of time Nicole would drive to meet her lawyers and I would accompany her as a passenger, and work remotely while she attended the same.

44. I did not get engaged with any of these issues but for my concerns of her safety and our collective safety. As such, I would always accompany her to her vehicle in the underground parking lot area and meet her at the loading zone, so she would not encounter any situation where she was alone and without cell phone reception.

between Tecumseth and Fabulous Pridays

45. At some during the Fall of 2018 (which was after our first trip to Greece in that summer of 2018), Nicole received a very concerning phone call where a person was merely "heavy breathing" on the phone, and she asked me to trace it. At the time that was a "pay phone" on King Street on north side of the street, between Tecumseth and Bathurst, which I traced the phone number to. I ran out to check to see if any one was still there but no one was.

46. I saved the phone number into my one of my secure files and I believe that this was the phone number as it was remains written down: 416-703-7140.

47 When the police arrived, I informed them of the recent occurrences involving the Conflicted Lawyer, and my concerns. I walked with the police to said pay phone and they tried to see if there was any way to check any footage from around the area. They later informed me that they could not or there was nothing that would show a clear picture or image of the same from any cameras from in the area

48. At this time, Nicole had informed me and I verily believed then and now that they were embroiled in some issues regarding reaching an agreement on the issues from their brief marriage. In the Fall of 2018, Andrew still retained a FOB to the Minto Buildings.

Volume #5: The Return of the FOB through counsel to Nicole and then to me

49. At some time in the Winter of 2018 and early 2019, Nicole had informed me that they had reached a resolution and that the FOB was being returned It remains unclear to me when such agreement was consummated and whether it was a formal agreement executed by both parties to the same, or whether was it done by partly oral and partly written through their counsel.

50. At some time thereafter, Nicole and I drove (myself as the passenger) to her then lawyer's office and she obtained some of the property that was in his possession, which include said FOB, and she provided it to me I then returned the FOB I was using at the time and had said FOB that Andrew had "use" and "control" of, reactivated.

51. In 2019 Nicole and I sojourned to Dusseldorf, Germany for one of her business trips and I was able to work remotely and make new contacts in the industry that I worked in

52. During that time I had to conduct a hearing in the BCCA against the Attorney General of BC, albeit remotely, which I later learned upon our return that I was successful.

53. In 2019, prior to our second trip to Greece, I proposed to Nicole and we were engaged. We were set to have our wedding in 2020 at Casa Loma with the dinner thereafter at Alo restaurant, where I paid the deposits for these events along with florists and photographers, but like many, the pandemic struck and we were delayed until 2022.

54 In the summer of 2022, we had a massive flood in our apartment after the unit above left the vanity sink on, after leaving for a trip, and we were displaced for the majority of the Summer of 2022 when we intended to have our wedding.

55 On August 31, 2022, the MVA occurred. I repeat and rely upon my evidence from that time and I again note that my spouse (Nicole) received her accident benefits package within a week or so but mine was later as it had the incorrect postal address.

Volume #6: Repeat and rely upon previous evidence of what I deemed "strange occurrences" or "not coincidental" – which I say are indicative of "bad faith", "malice" and "conflict of interest"

56. I repeat and rely upon what I deemed "strange occurrences" and further evidence upon investigation, which included and includes but not limited to (in no particular order):

a. The immediate error in my postal code which was the same as Nicole's;
b. The "spam faxes";
c. The April 20, 2023 letter with the "as per A. Nurse" printed purported signature which referenced "no medical evidence" on file that supported my injuries being outside of the MIG despite the October 2022 MRI report that was delivered to SNIC Markham (attention. Ms. Nurse);
d. The without notice removal from Ms. Nurse from the TD Claim Number 3 and from SNIC Markham to Ms Persaud at SNIC Burlington;
e The timing, which was when I made my first PIPEDA request in January 2023, of when the Divorced Husband Conflicted Lawyer switched from his title on LinkedIn being a "lawyer" to "consequence management" while maintaining his office location address of SNIC Markham;
f. An apparent letter from TD Insurance regarding my PIPEDA request which was from a woman in New Brunswick with no reference to TD Insurance and having my phone number incorrect which I informed the concierge was not my phone number;
g The references to mail delivered which I never received;
h The references to denials for certain benefits on certain dates when there is no record of the same;
i. The apparent mathematical calculations in the April 20, 2023 letter which appeared to me to keep me some few cents under $3,500 when combining the amounts of the medical and rehab benefits paid directly to my Beneficiary Bank Account and the amounts in the April 20, 2023 letter;
j. Ms. Persaud's auto-reply being on from September 2023 to January 2024 despite receiving letters from SNIC that referenced Ms Persaud;
k. The, in my view, harassing phone calls to my physiotherapy clinic inquiring if I was still attending physiotherapy which I confirmed I was and was substantiated by the confirmations by Rehab Mechanics;
    i. (I confirm that those phone calls have stopped since I put Ms. Persaud on notice of the same and I thank her for discontinuing the same as she has access to me via email);
l. A letter from SNIC, which referenced Ms. Persaud, claiming it never received any of the UHN Notification information regarding my brain MRI,
m. The refusal of SNIC to pay for the BMW Parkview Invoice when I was informed and verily believe to be true that it was as a result of the Accident;
n. An email to my email account for privacy requests that reference a TD Claim Number but with the hyphen (-2) which is not my file number;
o The request to no longer have me fax and consent to email which I declined at the time as my PIPEDA request had not been complied with,
p TD Insurance referencing in the 2023 PIPEDA request that if I disagreed with its response to PIPEDA that I could raise the issue with LAT within two years which I was dumbfounded by considering that LAT does not investigate and adjudicate PIPEDA matters;
q. Ms. Nurse's email no longer being active as of last week,
r. Mr Nieuwland's representation to me that Ms. Moraes was his assistant when he has now provided the name of his assistant being Ms. Ortiz;
s. The "Andy Gera Metadata Discovery";
t. The response from the email account of TDIADR asking that I not provide any evidence of expenses to said email account which I believe to the Divorced Husband Conflicted Lawyer;
u Ms Persaud not responding to any emails that I have sent her but my receipt of some letters that reference Ms Persaud in said letters after my sending of emails;
v. The now auto-reply of the Divorced Husband Conflicted Lawyer until April 9, 2024,
w The inconsistency between Mr. Karat's outgoing emails in representing SNIC and his auto-reply emails;
x Mr Karat's now auto-reply that he no longer acts for SNIC;
y Mr Nieuwland's continued acting for TDGIC of which was not denoted in the Appeal, Purported SNIC Response or the Insurance Policy,
z. Ms Moraes' LinkedIn profile some five weeks ago demonstrating that she was looking for work elsewhere (which I cannot blame her considering the events that have unfolded over the last five weeks to eight weeks);

aa. Mr. Nieuwland being out of office from January 24, 2024 to January 29, 2024 when Mr Karat signed the Purported SNIC Response on January 25, 2024 at approximately 11 a.m. EST;
bb. Mr. Karat not including Mr. Nieuwland on the email when he served me with the Purported SNIC Response that he solely signed and delivered to me via email wherein he asked me to confirm receipt and I did (exclusively to him);
cc. Mr. Karat not signing the correspondence enclosing the Purported SNIC Response but signing the Purported SNIC Response,
dd. Mr. Karat's historical working with the Divorced Conflicted Lawyer in the matter titled Quinn v. Security National Insurance Company which I say constitutes a "regular basis",
ee. A non-licensee signing a responsive pleading when the Appeal involves my CAT Impairment, issues of CAT Impairment or the appearance of CAT Impairment;
ff. Ms. Moraes attempting to or seeking to adjourn the scheduled May 2, 2024 case conference whilst referencing her supervising lawyers of Ms. Saeed and Ms. Klukowska but NOT Mr. Nieuwland; and
gg. Other particulars referenced in my previous evidence.

Volume #7: My beliefs and allegations for NOM #6

57. I believe that the **Divorced Husband Conflicted Lawyer**, in whole or in part, drafted, revised and completed the Purported SNIC Response.

58. I believe that the **Divorced Husband Conflicted Lawyer** is the individual referenced in the "Andy Gera Document" and the actual author in the metadata of the PIPEDA response to my first PIPEDA request in the year of 2024 at TDIns. a

59. I believe that the **Divorced Husband Conflicted Lawyer** had a role in the instructing, authorizing or completing of the "As per A. Nurse" alleged signature. I have inquired into who the individual is with the initials of "K r W" and not received a response. (see: April 20, 2023) a

Volume #8: Conclusion

60. I believe that my life, liberty, health and security remain threatened so long as there is not an order disqualifying and restraining the **Divorced Husband Conflicted Lawyer** from the TD Claim Number, this SNIC Proceeding and any future LAT proceedings that arise out of the same events. any involvement

61. While this affidavit #16 is primarily purposed for this **SNIC Proceeding**, I may also rely upon it regarding my second PIPEDA request of the year of 2024 to obtain access to any and all personal information that has been collected, accessed, used and disclosed along an accounting of any disclosures to other organizations besides "TD Bank Group" (as it relates to my second PIPEDA request of 2024) that it *may* have engaged in the same.

62. I believe that the **Divorced Husband Conflicted Lawyer** has a grudge against me, has malice towards me and has acted in "bad faith" towards me. I believe that if "Andy Gera" was not the **Divorced Husband Conflicted Lawyer**, he or other individuals on those email threads would have provided me the contact information for "Andy Gera". None have done so as of today's date. L

63. I respectfully seek the orders in my NOM #6 along with the procedural orders sought therein regarding timing of responsive submissions (if any) and any responsive evidence from the named individuals hereon if they are ready, willing and able to swear or affirm evidence under oath to face each and every sentence of my affirmed evidence to date and hereon.

64. I affirm that I will NOT be providing any further documents to TD Insurance (including SNIC or any other insurance company under my SABS benefits as an Insured Person) until this motion is heard and decided and I have a compliant response under PIPEDA to my satisfaction and/or resolved by the OPCC and/or the federal courts. I am unable to take any "meaningful steps" (see: Raizman) until a lawyer is appointed for SNIC

65. While I am seeking an order under my NOM #6 under LAT Rule 13.1 (as denoted above), I shall serve a copy of this affidavit upon the name individuals in the emails denoted in Affidavit #15

66. I may supplement this affidavit with another affidavit that provides further particulars but my hope is that upon being served with this affidavit #16, the respondent SNIC, Mr. Karat, Mr. Nieuwland et al, along with the CEO of TD Insurance in Mr. Russell, will take the decisive step to appointed outside counsel who is independent of all of the individuals herein.

67. As it relates to Ms. Persaud, I will need to have her sworn evidence that she has had no involvement with the Divorced Husband Conflicted Lawyer, in order for me not to seek herein or later to have her disqualified. / in the TD Claim Appeal,

68. As a final point of evidence, which I find ironic, I note that today is one year from the last day in which SNIC has paid me directly any funds for any medical and rehab benefits or section 25 expenses, and I do not have any demand to have those amounts repaid to it, or any claim from TD SNIC to repay any funds prior to that. to my Benefits Book Award,

69. I do not see any value in a stay of proceeding like Mansuri as I wish to have any and all issues herein decided on their merits (where applicable) but only if TD SNIC retains outside counsel to represent it which I respectfully submit and believe requires at least one lawyer licensee, as per the CAT Impairment issues I have sustained a result of the MVA by reference to four MRIs et al, who is independent of the impugned individuals herein.

70. I affirm this Affidavit #16 for no improper purpose and in relation to my NOM #6, general purposes and ancillary purposes (known and unknown).

affirmed before me at Toronto, Ontario
On this 9th day of April 2024

Mr. Kevin A. McLean (B.A., J.D., CIM)

Vinh The Tran, Beg.
Unlimited No Expiration
NO ILA PROVIDED.
Identification Confirmed.

[1]Defined as "TD SNIC" as "Security National Insurance Company" as provided as the name of the insurance company that Ms. Persaud and Ms. Nurse were acting as "claims adjusters"

(e): Arfa.saeed@tdinsurance.com

(all individuals collectively defined as the "Impugned Individuals"

Part 1: Background, Timing of the Motion, and Orders Sought

1. The **Appellant** was involved in a automobile accident on August 31, 2022 and sought benefits pursuant to *SABS* from the insurer and underwriter in **SNIC**[18]. The **Appellant** received some benefits, after **TD SNIC** determined he was "**Insured Person**" under *SABS* as per his *spousal status* with the sole policyholder ("Nicole")[19], but not in accordance with *SABS*. He filed an **Appeal** on December 24, 2023.[20] This motion calls into question the handling of the *accident benefits file* of this Appellant by the respondent insurer, (**SNIC**) a non-insurer (**TDGIC**)[21] [22], the "**Legal Staff**" of "**TD Insurance**"[23], due to an **Actual COI**[24] or **Perceived COI,** and that its *essential character* relates to a claim for accident benefits. The Tribunal is authorized to determine all questions of law and fact before it.[25] The outcome of this motion will drastically impact the course of the underlying proceeding which is why it has been brought promptly by the Appellant. An applicant, in order to demonstrate *good faith* in advancing a conflict of interest motion[26], is required to bring its motion promptly[27] once there is evidence of a conflict of interest.[28] [29]

Part 2: Primary Issues

2. *Must the **Conflicted Lawyer** be disqualified and permanently restrained from his deemed, yet clandestine and concealed, representation of TD Insurance (SNIC), under section 1(7)(a) of the LSA[30], and handling of the **TD Claim Numbers**, the **SNIC Proceeding** and any **Related Future Proceedings** as a result of an actual COI ("**Actual COI**") or reasonably perceived COI ("**Perceived COI**")? If so, which **Associates**, **Partners**, **Affiliates**, **Affiliated Entities**, **Advisees**, and fellow Licensees at "TD Insurance" ("TDI") must also be disqualified and permanently restrained by their involvement with the tainted **Conflicted Lawyer**?*

Volume 3: Ex-Husband lawyer covertly and deviously representing SNIC [31]

3. The knowledge of an associate, affiliate, partner, assignee *et al*, working at **TD Insurance** on the **TD Claim Numbers** or this **LAT Proceeding** surely[32] must be deemed to also be the knowledge of the barrister and *vice versa*.[33] [34]In Ontario, common-law spouses have the *same rights* to *spousal support* as married couples: as long as they have been living together for at least three years.[35] Spousal privilege under the *Canada Evidence Act* does not survive divorce[36]. The **Conflicted Lawyer** has duties to **Nicole**

post-separation and in perpetuity, and by extension the **Appellant**, by way of some form of separation agreement, known to him. As such, the **Conflicted Lawyer** has personal interests and others duties to "third persons" that conflict with his duty of loyalty to and representation of his client and employer.[37]

Volume #4: False & Forged Documents, and uttering the same to hide a name of Conflicted Lawyer

4. **Nurse**'s email is no longer active[38] but an issue has arisen with the purported signature (see: **Appendices**)[39], in the Nurse OCF-18 document (the "**Nurse OCF-18 Document**")[40]. The alleged signature of **Nurse** is *printed* (*no*t signed) with "as per A. Nurse" with indecipherable initials above (Ki W.).[41] However, "*as per*" means "on behalf" of another person or entity and the *initials* demonstrate that another individual *printed* her name purporting to be Nurse.

5. Moreover, the "**Andy Gera Document**" is yet another document wherein on first glance, **Karat** is the *alleged author* but the metadata shows that the *actual author* is "**Andy Gera**" which no individual or person for the **Respondent** has denied is the **Conflicted Lawyer**. The importance of this circumstantial evidence cannot be understated as per the statements of law in *Martin* by Sopinka J.[42] Citing *R. v. Smith,*[43] a "**false document**"[44] is a document that (a) the whole *or* material part of [it] which *purports* to be made by or behalf of a person who did not make it *or* authorize it to be made, (b) that is made by or on behalf of the person who purports to make it *but* is *false* in some material particular, OR (c) made by an existing person, by him, with a *fraudulent intention* that it should pass as being made by a person, *other than* the person who makes it or under whose *authority* is made. The offence of **forgery** is: every one commits forgery who makes a false *document*, **knowing** it to be false with intent that it should in any way be used or acted on as genuine *to the prejudice* of any one else. In the context of insurance law and breaches of confidence and privacy rights, prejudice is *presumed* after this Appellant had provided highly sensitive personal and confidential information ("**SPI")**[45] to **TD SNIC** in situations of confidence, via fax, to it.[46]

6. The materiality requirement under a **false document** requires: is false in reference to the *very purpose* for which it was created.[47] The intent requirement under *forgery* is merely the '**intention to deceive'**.[48]

7. The act of *uttering* a false document or forged document turns on "use" and even putting a "false document" into a photocopy machine[49] is a use and meets the requirement for "uttering".

8. It is unequivocal that the "**Andy Gera Document**" was authored by "Andy Gera" and not David **Karat**. It is not denied that "Andy Gera" is the **Conflicted Lawyer**. Kart did not sign the "**Andy Gera Document**" so there is no issue of attestation or signature (unlike the **Purported SNIC Response**). However, the **Andy Gera Document** is *false* in reference to the *very purpose* for which it was created, under *PIPEDA* and tied to the **Appeal**, in that it references **Karat**[50] as not the only the author but the *contact individual* for any issues arising therein. Moreover, it likely meets the test of section 321(1)(c) of the *Code* as Mr. **Karat** is an existing person but there is a *fraudulent intention* that it [document] should pass as **Karat** 'authored' other than the person (**Conflicted Lawyer)** who made or authored it it.

9. It is trite that **Nurse OCF-18 Document** is false in a *material part* because it was made on her behalf ("*as per A. Nurse*") but she did NOT make it; made by or on behalf of the person (Nurse) who purports to make it but it is false because "as per" would have the signature of the individual (not named Ms. Nurse) who did so [whomever "*Ki W*" is or was] on behalf of **Nurse** – <u>not</u> "as per A. Nurse". Therefore, whoever sent, via mail, the **OCF-18 Nurse Document** *<u>uttered</u>* a false and forged document.

10. The **Purported SNIC Response** has only two possibilities: (i) either Mr. **Karat** in fact signed[51] the responsive pleading, which was and is, *inter alia*, a breach of By-Law 7.1, section 6(1)(d) and an offence under section 26.1 of the *LSA* which presumes that "Andy Gera" (**Conflicted Lawyer**) assigned him the task and function to do[52] what he could not do as a non-licensee[53] ; OR (ii) it is a false and forged document which was uttered when "certified" and "signed" by **Karat** in the Tribunals Ontario (LAT Portal).

11. It is now admitted, by Nieuwland, that Moraes was <u>not</u> the legal assistant to **Nieuwland** but his actual legal assistant was and is Ms. Christiana Ortiz ("**Ortiz**").[54] [55]It is now unequivocal that **Nieuwland** could **<u>not</u>** have been the supervising lawyer of Mr. **Karat** when he purportedly signed the **Purported SNIC Response** on January 25, 2024 as **Nieuwland** was *out of office* from January 24 to 29, 2024[56]. "Andy Gera" (**Conflicted Lawyer**) was and is the supervising lawyer of Karat.

Volume #5: Duty of Good Faith; Appearance of a COI and Presumed Prejudice

12. **TD Insurance**, in its capacity as an *accident benefits insurer*, owes the Appellant a *duty of good faith*[57], utmost trust and *fair dealing*, arising out of its fiduciary obligations (duty of loyalty and to avoid conflicts of interest).[58] Apart from its fiduciary obligations, **TD Insurance** also has an obligation to ensure that the information supplied to it by its insured is kept confidential.[59] Section 439 of the *Insurance Act* reiterates this implied principle by stating that "no person shall engage in any *unfair* or deceptive act or practice". **TD SNIC** is also bound by *PIPEDA*[60]. It is the fiduciary duties of **TD SNIC that** are so damning to it in this application.[61] The fiduciary must put the interests of the other party above their own and **avoid any conflicts of interest**. A fiduciary relationship is based on trust, and the fiduciary is expected to act with **honesty**, **integrity**, and **loyalty**.[62]

13. The requirement for document exchange between the parties begins *as soon as the application* is filed[63] with the Tribunal (see: **Rule 9.1**). [64] [65] [66] The Legislature passed section 1(7)[67] of the *LSA* in 2007 which deems persons who make "behind the scenes" *determinations* to be representing a person even if they do not file a **DOR** with LAT. [68] [69] [70] There is a strong inference that legal professionals and affiliated entities who work together share confidences.[71]

14. The *legal burden* for disqualification of a licensee[72] for **Perceived COI** and those affiliated, associated, partnered with or supervised by a licensee (on or "off the record") is on a *balance of probabilities*.[73] The *legal test* for disqualification for a **Perceived COI** of a licensee is whether a fair minded and reasonably informed member of the public would conclude that the removal of the **Conflicted Lawyer** and all those that were associated, affiliated, or part of the same "group" is **necessary** for the *proper administration of justice.*[74] Courts balance: (i) maintaining respect for the integrity of and high standards of the legal profession and justice system as a whole *versus* (ii) a *litigant* (see: **SNIC**) having the right to choose *its counsel* and and allowing reasonable mobility in the legal profession.[75] In answering the issue, Courts consider NOT only whether there is an *actual* conflict of interest ("**Actual COI**") but also whether a conflict could reasonably be perceived in all of the circumstances; specifically, the appearance of a **COI**

(the "**COI Appearance**"). Courts consider any applicable rules of professional conduct, *By-Law*s, rules, guidelines or ethical principles directly on point.[76]

15. Courts are entitled to remove a "law firm", "law group", "association, affiliation or partnership of licensees and non-licensees" even if the licensee perceived to be in a conflict of interest is NOT "advocate" or "counsel of record".[77] It must be remembered that to, some degree, all members of a law firm (and certainly the modern day MDP's, partnerships or associations of licensees and non-licensees for assignment of handling of LAT Disputes to a non-licensee in Mr. Karat on January 23, 2024) are identified as "one" in the eyes of the law. [78] [79] [80] LAT has the authority and has removed paralegal licensees (**Mr. Grabar**) when CAT Impairment is at issue.[81] LAT has the authority and has excluded ADR Specialists (**Ms. Morrow**) from filing documents even on motions – let alone a responsive pleading.[82] The Tribunal cannot condone or excuse violations of the LSA and its *By-Law*s, including guidelines and *ROPC*.[83] [84]

Volume #6: Unassailable Conclusions[85]

16. *By-Law* 7.1 is unequivocal and *unambiguous* that a non-licensee like **Karat** was not permitted to **SIGN** (the word on the form is "file" (not sign[86])) a "responsive pleading"[87] like the **Purported SNIC Response**. **Karat** was **NOT** the claims adjuster as that was Nurse and is **Persaud**. The **LAT Response Form** is not "correspondence"; specifically pleadings are not equivalent to correspondence, and certainly not correspondence of a "*routine administrative nature*".

17. *By-Law* 7 and 7.1 intersect and cross-reference each other under ***By-Law* 7.1** as follows: "Assignment of tasks, functions: general" 3. (1) Subject to subsection (2), a licensee *may* assign to a *non-licensee* tasks and functions in connection with *the* licensee's practice of law ... in relation to the affairs of the licensee's client. "Assignment of tasks, functions: AFFILIATION" (2) A licensee who is affiliated with an entity under *BY-LAW 7* may assign to the entity or ITS[88] staff, tasks and functions in connection with the licensee's practice of law ... in relation to the affairs of the licensee's client *only if* the client **consents** to the licensee doing so. "**Affiliation**" is defined and interpreted under *By-Law* 7, Part IV, section 31[89] which defines an "**Affiliated Entity**": one or more persons NONE of whom are licensed to practise law or

provide legal services in Ontario.[90] With the fortuitous *metadata discovery* of, "**ANDY GERA**", in the *PIPEDA* response [91], when combing with the decision of *Quinn*[92], the **Conflicted Lawyer** and **Karat** would likely meet the test of an "**affiliation**" by "**regular basis joining of their services**". **Karat** and the **Conflicted Lawyer** work from the same premises at **SNIC Markham**. *Why the usage of the name of "Andy Gera" as the "actual author" in the PIPEDA response over the legal name of the* ***Conflicted Lawyer****?* The **Conflicted Lawyer** knew that he could not engage in any conduct necessary for the proceeding[93] in the context of Nicole being the policyholder in the Insurance Policy, and the Appellant's current spouse.[94] [95] *Why would* ***Nieuwland*** *misrepresent that Ms. Moraes was his legal assistant when she was not?* This again turns on the language of "**regular basis**" and "premises". If this was a "*one-off"* as Ms. Moraes was NOT his legal assistant, which she was not and is not (as that is Ms. Ortiz), then **Nieuwland** and **Moraes** would not meet the definition and interpretation of "affiliated" and "affiliation".[96] It is also unambiguous that **Moraes** was representing to LAT[97] when seeking an adjournment of a "case conference"[98] who her supervising lawyers were, and *neither* of them were **Nieuwland**.

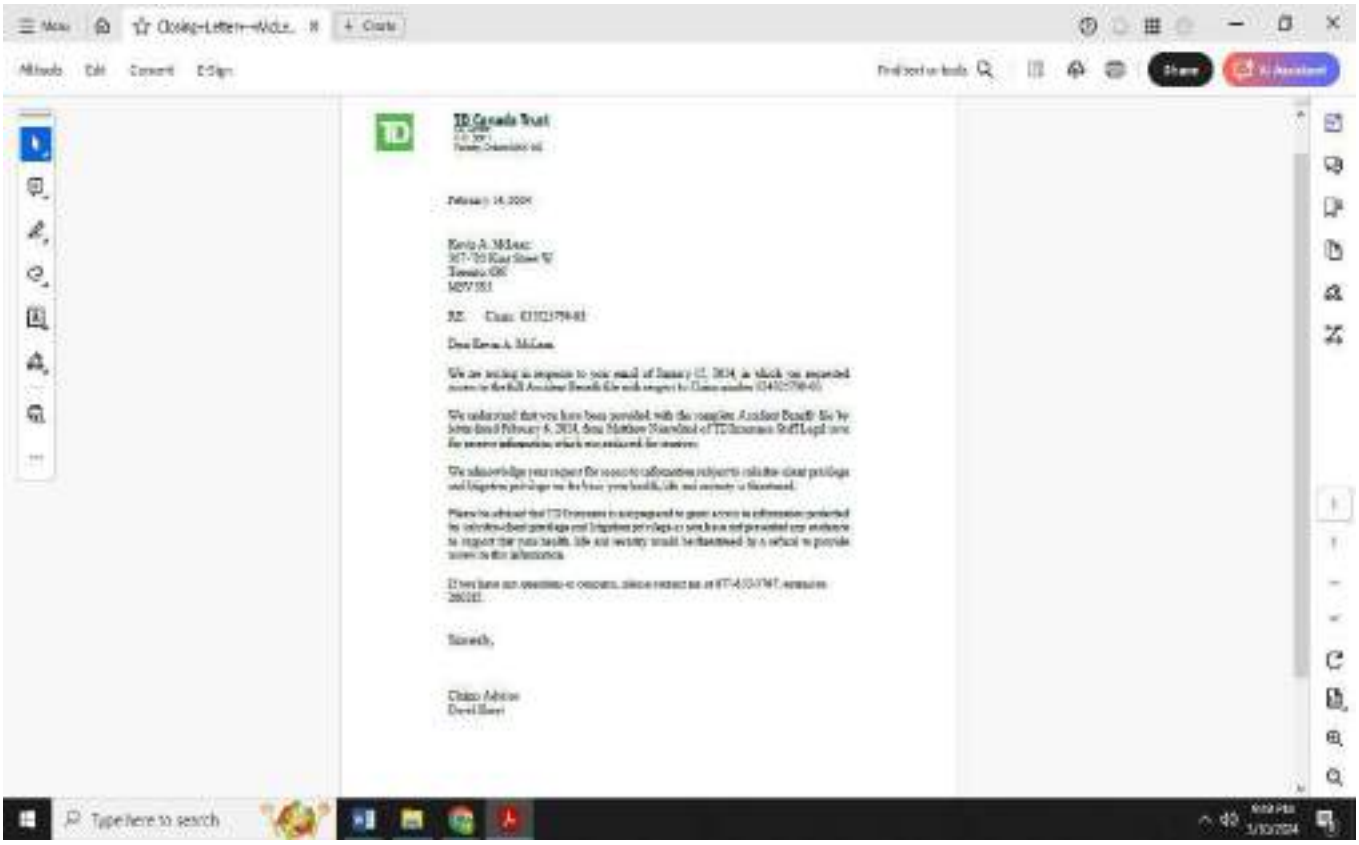
18. The *PIPEDA* response is dispositive in finding a Perceived COI herein because **Nieuwland**'s name is mentioned therein, the TD Claim number is *incorrectly* cited and numbered, Mr. **Karat** is the "fictitious author", "**ANDY GERA**" is the actual author, Ms. Moraes is of "**Portuguese**" descent[99] , and no one has responded to the Appellant request, for weeks, as to the legal name of "Andy Gera" and his role at TD Insurance. Andy is short for "Andrew" and "Gera" means "generated" or "created" in **PORTUGUESE** which means "*Andy Generated*" or "*Andrew Papadimitropoulos Created*". [100] [101] [102] [103]

19. It amounts to *irreconcilable conflict* for all of those licensees and non-licensees who have been involved in the **TD Claim #3** and this **SNIC Proceeding** to continue acting for the accident benefits insurer (TD **SNIC** or any TDGIC masquerading as the "insurer" and "underwriter") when it is entitled to receive a great deal of sensitive information from this **Appellant** but it did not disclose the **COI** of the **Divorced Husband Conflicted Lawyer**[104] to the Appellant and perhaps other individuals impugned herein. **SPI**[105] is interpreted by the **OPPC** and in *Wakeling*[106], and there is no question that **SNIC Markham**[107] has

received vast amounts of confidential information from this Applicant albeit while failing to notify him that it would be used by, and in the hands of a **Conflicted Lawyer** in unauthorized fashion. It is why the ONSC in *Jia*[108] referred to the duties of an INSURER (and THEREFORE OF **ITS** COUNSEL[109]). Before this Appellant can even consider engaging in the *LAT Rules* by exchanging personal information, confidential information or **SPI**, exchanging settlement offers, or any further good faith efforts before and leading up to the case conference, the **Conflicted Lawyer** must be disqualified forthwith along with any of the Associates, Partners, Affiliated Entities or Assignees along with any non-licensees or licensees that have been tainted by communications with him. [110] [111] [112] [113]

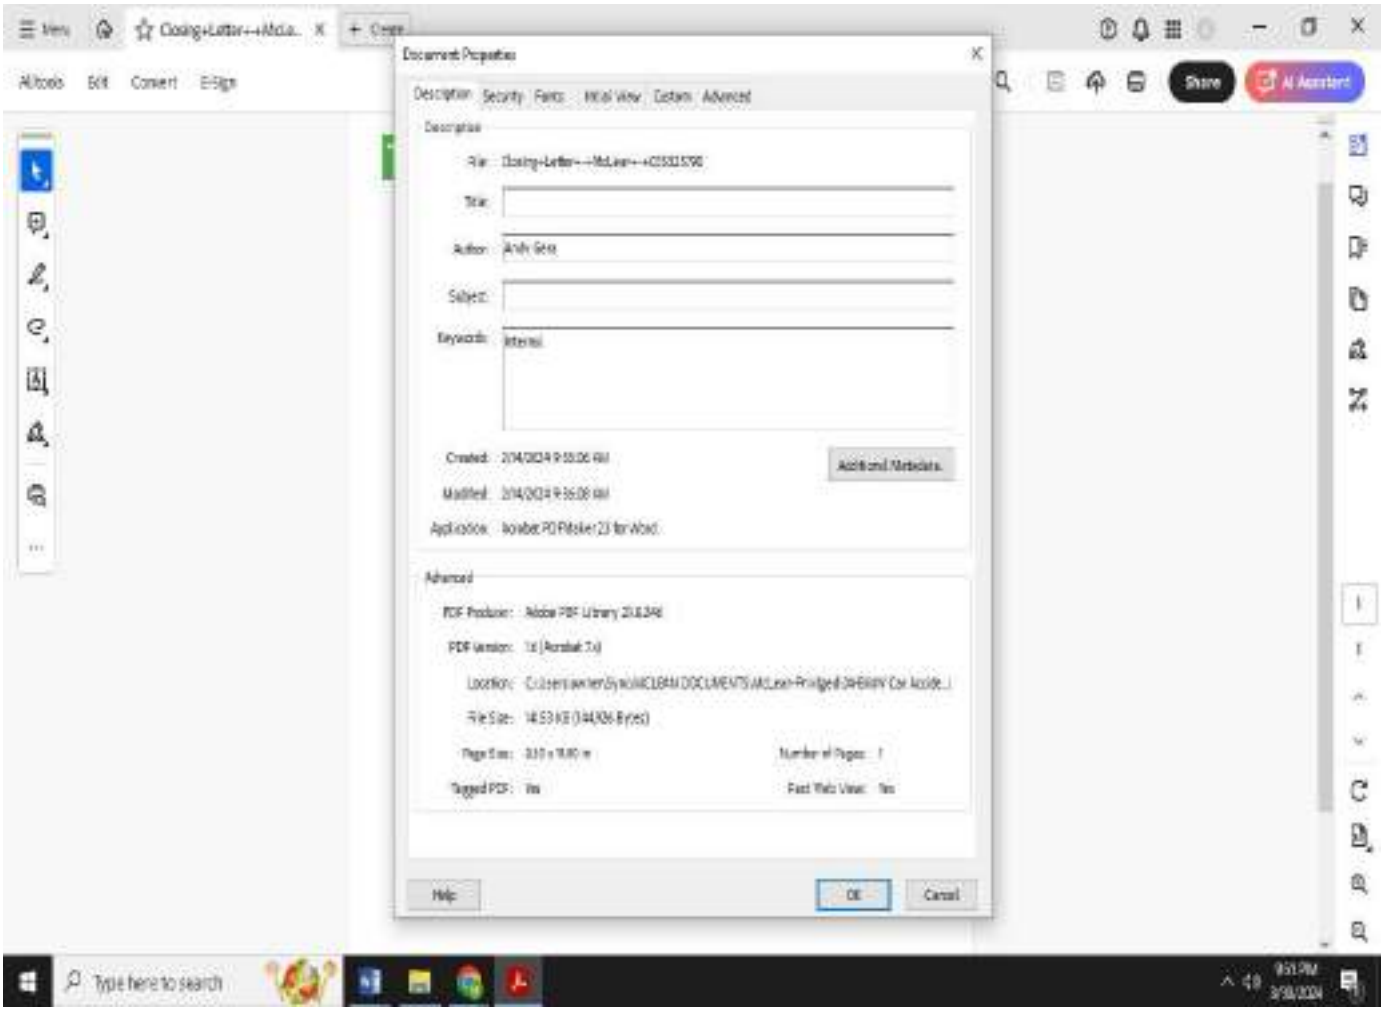
Volume #7: Orders Sought[114]

20. The Appellant respectfully submits that an actual conflict of interest must be found by LAT on the "**dishonest conduct**" by this **Conflicted Lawyer** (licensee) which not only affect his client (TD Insurance – SNIC) but a breach of integrity such as this has a *corrosive impact* on public confidence in the legal profession and the administration of justice[115]. This statement of law dovetails with LAT's objectives, pursuant to section 23(3) of the *SPPA*, to SAFEGUARD the PROPER ADMINISTRATION OF JUSTICE.[116] However, this higher *standard is not required to be met herein; the only issue to be decided herein is whether there is a an **appearance of a conflict of interest** from the vantage point of an objective person?*[117] While the respondent insurer and all so associated with the **Conflicted Lawyer** breaching their duties of good faith and fair dealing, and their *fiduciary duties*, the question answers itself. There is no question that all of the **Impugned Individuals** are integral witnesses[118] [119] to, at the very least, motions on costs and Reg 664 awards. The **Appellant** respect seeks the orders in the **NOM #6** .[120] [121] All of which is *respectfully submitted* to LAT on this **April 8, 2024**.



Moving Party

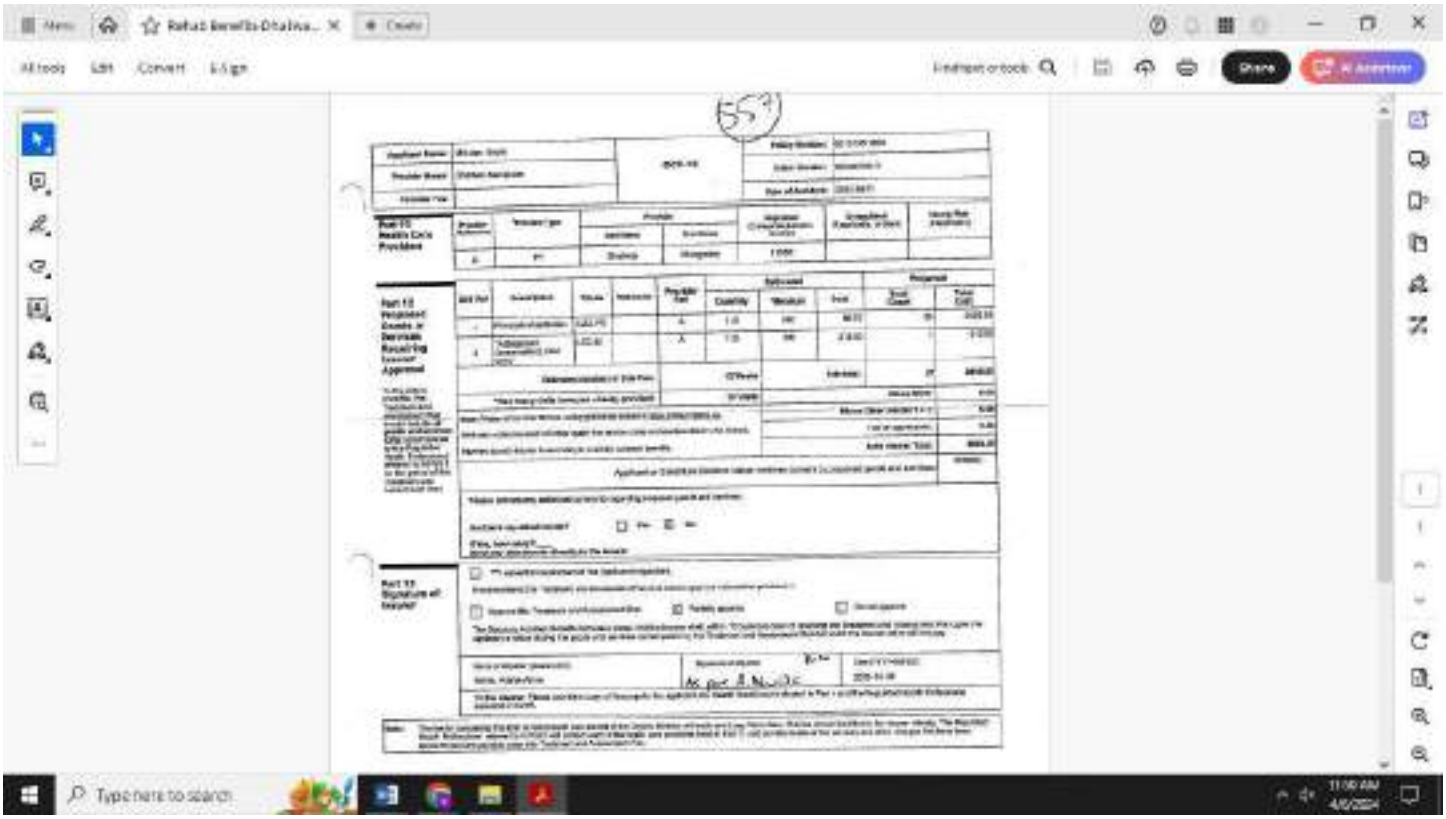
APPENDICES



Appendix #1:

Appendix #1(A): The *PIPEDA* response to the Appellant's *PIPEDA* request with Mr. David **Karat** as the "purported author" and "contact person"

Nota bene: this document references the TD Claim #3 which is the subject of this LAT Proceeding herein (see: **23-015662/AABS)**



Appendix #1(B): The actual author of the *PIPEDA* response to the Appellant's *PIPEDA* request

[36](see*: R. v. Al-Enzi* (Ont CA, 2021)).
[37]The Conflicted Lawyer cannot avoid the requirements, obligations and duties of such a separation agreement, by avoiding a public court proceeding, by usage of *pseudonyms*, *aliases*, and conduits for him to retain a clandestine supervisory and managerial role, while still practising law in an employed capacity for TD Insurance in determining which documents to use, file, and serve on whom, and when, where, and how to do the same. The Conflicted Lawyer cannot have Mr. **Karat** solely sign the Purported SNIC Response, then instruct him to serve the Appellant without Mr. Nieuwland in the office and on the email. With the Conflicted Lawyer, also rising to the level of "consequence manager" (as ironic as that is now), he had to, on behalf of TD SNIC, act consistently with the fiduciary duties

owed by TD SNIC to the Appellant, and even unlawful receipt of confidential information and SPI is sufficient to have tainted all of the named individuals.

[38](invalid recipient email response)

[39]which appears to be a systemic issue or a consistent issue with the **TD Claim Number** and **SNIC Proceeding**, which is the above heading,

[40]See: **Affidavit # 3, Exhibit "A", pages 555 to 557**; see: Appendices; see: **HR INDEX**, Tab 29;

[41]If there was no "as per" or "initials" above the "*as per A. Nurse*", it may have satisfied the signature requirement.

[42]In dealing with the question of the use of confidential information we are dealing with a matter that is usually not susceptible of proof. As pointed out by Fletcher Moulton L.J. in **Rakusen**, "that is a thing which you cannot prove" (at p. 841). I would add "or disprove". If it were otherwise, then no doubt the public would be satisfied upon proof that no prejudice would be occasioned. Since, however, it is not susceptible of proof, the test must be such that the public represented by the reasonably informed person would be satisfied that no use of confidential information would occur. That, in my opinion, is the overriding policy that applies and must inform the court in answering the question: Is there a disqualifying conflict of interest? (also the procedural order sought puts those to the evidentiary test)

[43](see: **HR INDEX**, Tab 3 page 108 and onwards)

[44]See: **HR INDEX**, Tab 3, page 76

[45]See: **HR INDEX**, Tab 1, page 186; paragraph 67 of *Wakeling*

[46]See: **HR INDEX**, Tab 31, page 358

[47](see: *Gaysek* and *Ogilivie*).

[48]While this is not a hearing on criminal liability, the issue of whether TD (TDI and SNIC), along with **Karat** and Andy Gera intended to deceive the Appellant in receiving access to personal information, referenced in the Appeal for the just conduct of this SNIC Proceeding, and it is unequivocal that they did. If Andy Gera existed, the response would have included his name or TD would have explained why he was the actual author as opposed to Mr. **Karat**.

[49](see: *R. v. Stevenson*, 1980 CANLII 2930 (ONCA)

[50]Karat is in a lesser position that than of the suspended lawyer that Mr. Ian Collins was working with in LSO v. Collins, 2021 ONLSTH 177;

[51]See: **HR INDEX**, Tab 3, page 94

[52]See: by way of example, January 23, 2024 email of Mr. Karat to Appellant where he represented "Representing Security National Insurance Company" and that he had been "ASSIGNED", as the ADR [sic], to handle this LAT dispute.

[53](and Andy Gera is fully responsible for his ATF of **Karat** with facilitating unauthorized practise)

[54]See: **HR INDEX**, Tab 3, page 68; (**NEW SIGNATURE BLOCK OF MR. NIEUWLAND**)

[55]This was a **wilful misrepresentation** by **Nieuwland** as the Appellant challenged him to provide even an un-commissioned affidavit that Ms. Moraes was his assistant and he refused or neglected.

[56]See: **HR INDEX**, page 19; **Affidavit #**15, page 16, paragraph 85

[57]**HR INDEX**, Tab 31, page 356

[58]See: **HR INDEX**, Tab 31 page 360, paragraph 37, *Dervisholli v. State Farm* citing *Beasley and Scott v. Barrand*, 2010 ONSC 2095 at paragraph 34: [34] The relationship between an insured and an insurer in accident benefits matters involves a duty of good faith, a fiduciary obligation; the relationship between plaintiff and defendant in a tort action does not. The obligation, if any, to pay accident benefits is very different from the exposure, if any, that a defendant faces in a tort action.

[59]See; **HR INDEX**, Tab 31, page 360, paragraph 41

[60]See: **HR INDEX**, Tab 32, page 369

[61](compared to a claim for example by the Appellant against Pembridge Insurance Company and the torfeasor herein where no fiduciary duty could exist from Pembridge to the appellant or even a duty of good faith for that matter).

[62]The above conduct, particularized in affidavit evidence herein, are the antithesis of good faith and discharging fiduciary duties.

[63]The Appeal was filed on December 24, 2023

[64]The Appellant cannot even engage in document listing and production of the same or receipt until this motion is decided. Moreover, he cannot waste resources engaging in settlement offers or attending a case conference until an independent lawyer is appointed to **SNIC**

[65](hence "**ILA**" and "**ILR**").

[66]No case conference summaries can be filed ten days before May 2, 2, 2024 along with consequential orders to be made at said case conference in light of this blatant conflict of interest.

[67]("*Representation of a Person in a Proceeding*")

[68]When any person determines what documents to serve or file in relation to the proceeding, determines on or with whom to serve or file a document or determining when, where or how to serve or file a document, he, she, or it **SHALL BE CONSIDERED** to be representing a person in a proceeding

[69](see: **HR INDEX**, Tab 5, page 116).

[70](see: **HR INDEX**, Tab 5, page 116); Further, if any person engages in "**ANY OTHER CONDUCT NECESSARY**" to the conduct of the proceeding, he, she or it **SHALL BE CONSIDERED** to be representing a person in a proceeding.

[71]See: **HR INDEX**, Tab 30, page 344

[72]The **Divorced Husband Conflicted Lawyer** is a "counsel" and a lawyer license, as is Mr. Nieuwland.

[73](see: **HR INDEX**, Tab 5, page 125; *Talisman Resort*, paragraph 14).

[74](see: **HR INDEX**, Tab 5, page 126; *Talisman Resort*, paragraph 14, citing *MacDonald Estate v. Martin*, 1990 CanLII 32 (SCC) at paragraph 47
[75](see: **HR INDEX**, Tab 5, page 126; *Talisman Resort*; citing *Martin*, supra, at paragraphs 16, 21, and 27).
[76](*Martin* at paragraph 21).
[77](see: **HR INDEX**, Tab 5, page 129; *Talisman Resort*, paragraph 40).
[78](see: *Forward v. Zurich Insurance Co.*, [2002] A.J. No. 664).[*nota bene*: In the modern day LSO context, the **Conflicted Lawyer** and **Karat** are "affiliated", "associated", in "partnership" or part of an MDP. The same was applicable to Nurse and the **Conflicted Lawyer**. While Nieuwland and Ortiz and Nieuwland and Moraes worked at a different premises under TD Insurance [Staff Legal], they all maintain the same domain for emails so they are identified in part "one in eyes of the law" Of course, external firms [like McCague Borlack] to TD Insurance are not considered one in the eyes of the law].
[79]In this context, Nurse, **Karat** and **Conflicted Lawyer** work from the same premises in **SNIC** Markham, and Nieuwland (and Moraes), for TD Insurance Staff Legal, in downtown Toronto. None of them work from the offices of TDGIC. Persaud purports to be working from **SNIC Burlington (see: HR INDEX, Tab 3, page 101)**. The Tribunal is authorized to disqualify and remove counsel, including a law firm (which compromises of lawyers, paralegals, and administrative staff), so it has the power to remove licensees that are in-house licensees at an employer if there is an appearance of a conflict of interest.
[80](see: *Jia*).
[81]see: *Dankha*).
[82](see: *Mosa*; **HR INDEX**, tab 19, page 231 to 234
[83]see: *Dankha*; **HR INDEX**, Tab 18, page 227 to 230
[84]For the definitive statements of law on the change from "right to counsel" to "representatives" et al, see: **HR INDEX**, Tab 15 (*Caruso*).
[85]See: **HR INDEX**, Tabs 7 to 9;
[86]For example, see the case of Barnett, Re, 1997 CanLII 851 (ON LST) at **HR INDEX**, Tab 14, page 198 to 200
[87]*By-Law* 7.1, section 6(1)(d) prohibits a non-licensee **signing** any correspondence unless it is of a "routine administrative nature".
[88]The affiliated entity's staff
[89](see: **HR INDEX**, Tab 7, page 148; section 31 of Part IV, "Affiliations")
[90]Mr. **Karat** is an individual and he is a person and he is not licensed to practise law or provide legal services as he is not exempt under the *By-Law*s to provide legal services (see also: **Purported SNIC Response** with online form with "*question mark icon*"). Affiliation is "interpreted" as when a licensee (see: **Conflicted Lawyer** and Nieuwland) affiliates with an **Affiliated Entity** (**Karat** and Moraes albeit different premises) when the LICENSEE on a REGULAR BASIS joins with the **Affiliated Entity** in the delivery of the services OF the Licensee AND the services of the **Affiliated Entity**.
[91](see: tied to the **Appeal** under "documents needed")("**Actual Author Discovery**" or "**Andy Author Discovery**")
[92]*Quinn v. SNIC*;
[93](which the *PIPEDA* response was on some levels); the Appellant says it goes much further than that but it raises the obvious question as to what if the Appellant did not receive the PIPEDA response and discovery the "true and actual author" of Any Gera? It is a scary thought which is a hypothetical that need not be answered.
[94]As such, the **Conflicted Lawyer** SHALL BE CONSIDERED to have represented and representing **SNIC** (or **TDGIC**) in this **SNIC** Proceeding.
[95]Despite a request from the **Appellant**, no such letter has been provided to the Tribunal (nota bene: see letter from **Conflicted Lawyer** in different proceeding seeking an unlawful reconsideration to delay matters in *AJ v.* ***SNIC***). *How could the* ***Conflicted Lawyer*** *remove himself as he did not file a DOR?* He would have to write a letter to LAT and the **Appellant** that he is no longer representing the Respondent and provide an undertaking to this effect.
[96]Therefore, Mr. Nieuwland could not have had "effective control" over the non-licensee in Ms. Moraes (see: *By-Law* 7.1, section 1(2); **HR INDEX**, Tab 8, page 152). Notably, Mr. **Karat** did not sign the *PIPEDA* response letter or the cover letter enclosing the **Purported SNIC Response** but he signed the **Purported SNIC Response**. While section 3(1) and (2) authorize a licensee to assign to a non-licensee tasks and functions in connection with the licensee's practices of law in relation to the affairs of the LICENSEE's CLIENT. If the licensee is affiliated with an entity under *By-Law* 7 (known as an "**Affiliated Entity**") he or she may assign to the **Affiliated Entity** OR its staff, tasks and functions in connection with the licensee's practice of law in relation to the affairs of the licensee's client *ONLY IF* the client consents to the licensee doing so (see: *By-Law* 7.1, section 3(2)).
[97]See: **HR INDEX**, Tab 3, page 83 and 84 (emails of Ms. Moraes with her supervising lawyers being Ms. Klukowska and Ms. Saeed (NOT Mr. Nieuwland)
[98]Appears she did not have access to the schedule of certain persons
[99](see: **LinkedIn profile**)
[100]Ergo, the **Conflicted Lawyer** is the actual author of the *PIPEDA* response and a representative of **TD Insurance** in this **SNIC Proceeding. Nieuwland** could not be the "staff" of the "**Affiliated Entity**" in Mr. **Karat**. The "staff" at TD Insurance Staff Legal are the staff to "TD Insurance" and not an "**Affiliated Entity**" per se, and some (NOT NONE) at TD Ins. Staff Legal are licensed to practise law or otherwise provide legal services in Ontario
[101]Ms. Moraes has only been at **TD Insurance Staff Legal** for approximately ten months (after having a successful paralegal career at PI litigation firms in North York or North Toronto) so she could never meet the requirement of joining on a regular basis with licensees like the **Conflicted Lawyer**. There is *no evidence* from Mr. Nieuwland that he has ever joined on a regular basis with Mr. **Karat** for the

delivery of his licensee services and the services of the "**Affiliated Entity**" in Mr. **Karat**. There IS evidence that the **Conflicted Lawyer** and **Karat** have joined historically, on a regular basis, in the delivery of the licensee's services to **SNIC** along with the services of the **Affiliated Entity** (Mr. **Karat** as an **ADR Representative** or **ADR Specialist**) (see: *Quinn v. SNIC*). Further there is no prohibition upon having two lawyer licensees as representatives for one client (**SNIC**) as that occurred in *Quinn v. SNIC* with the **Conflicted Lawyer** and Ms. Francine Papadopoulos.

[102]An issue arises as which lawyer between Ms. Saeed and Ms. Klukowska is acting as a conduit to have confidential information received from the **Conflicted Lawyer** to Ms. Moraes (see: "**ANDY GERA**") with one of those lawyers having "effective control" over the services of Ms. Moraes to them. It is strongly alleged that it is counsel that has acted for **SNIC** as that is, at law, respondent insurer and respondent underwriter herein and Ms. Klukowska has acted for **SNIC** in *Baheeran v. **SNIC***, 2023 CanLII 84411 whereas Ms. Saeed has only acted for TD General Insurance Company. Of course, with the return addresses of **SNIC Markham** and **SNIC** Burlington, Ms. Moraes could only engage in the provision of legal services to THE LICENSEE and has expressly agreed WITH THE LICENSE that THE licensee shall have effective control over the individual's (Moraes) provision of services to THE licensee. *So, what happened in April 2024?* **Nieuwland** finally included, which is an admission at law, the name of his SOLE legal assistant which was and is Ms. Ortiz. *Low and behold*, an auto-reply from Ms. Klukowska (but not Ms. Saeed) after receipt of emails from the **Appellant** that she was away from the office until Saturday, April 6, 2024 and to contact HER assistant in none other than Ms. Moraes. In the alternative, if it is Ms. Saeed because of her historic representation of **TDGIC**, then it is even worse. Hence, the "five plus signs" in the "*PIPEDA* response letter". Even in an MDP, the most Mr. **Karat** could do was *supplement* the "licensed activity" (see: *By-Law* #7, Part III, section 15). This is where section 1(8) and 1(7) are clearly delineated in terms of boundaries, along with *By-Law* #7.1, section 6) if Mr. **Karat** was an employee of "**SNIC**". If he was, then under section 1(8)2., he could select, draft, complete and revise a document (which would be the "Response Form") to which the corporation is a party (**SNIC**, as **SNIC** is a party under the *New LAT Rules* and the Insurance Act to the **SNIC** Proceeding). However, Mr. **Karat** could not determine what documents to serve and file in relation to the proceeding, determining on or with whom to serve or file a document or determining when, where, or how to serve or file a document, OR engaging in any other conduct necessary of this **SNIC** Proceeding. Notably, the **Purported SNIC Response** was delivered with a cover letter (which is and was correspondence) but WITHOUT the signature of Mr. **Karat** on behalf of TD Insurance Meloche Monnex (a "return" to the return address of **SNIC Markham** for Mr. **Karat** and the **Conflicted Lawyer** albeit not coming to the forefront due to a known conflict).[102]The Conflicted Lawyer's **OWN INTERESTS** and/or his DUTIES to THIRD PERSONS are substantial risks of his loyalty to or representation of a client [**SNIC**] that have materially and adversely affected his employer (TD Insurance with specifics to TD Insurance Meloche Monnex (**SNIC**)). Simply put, the **Conflicted Lawyer**'s conduct and usage of names like "**ANDY GERA**" cannot be "free as possible" from conflicts of interest.[102][102] Disqualification of conflicted licensees and non-licensees must be granted when there is overwhelming evidence of dishonestly held concealed conduct.

[103]Notably, the PIPEDA response is not competent as one of the grounds for denying access to the Appellant is "save for 'reserve information' [sic] which was redacted for 'reserves' [sic]". TD Insurance is required to comply with PIPEDA and it has created unknown language and provisions for denying the Appellant access to *his personal information*.

[104](see: **HR INDEX**, Tab 11, page 181; *Jia*, paragraph 6)

[105]See: **HR INDEX**, Tab 25, pages 271 to 278

[106]See: **HR INDEX**, Tab 12, page 186, paragraph 67: intrusions into matters such as one's financial or health records, sexual practices and orientation, employment, diary or private correspondence amount to highly offensive. It is trite that an "non-conflicted lawyer" would have a right to view this within the parameters of a SABS case but NOT a conflicted lawyer.

[107](with ironically the **SNIC** Burlington fax rarely working)

[108]See: **HR INDEX**, page 22; **Affidavit #**15, paragraph 90

[109]For the change of language by the Access To Justice Act, 2006 from counsel to representative, see: Caruso at **HR INDEX**, Tab 15

[110](see: *Montreal Trust Company of Canada v. Basinview Village Ltd.*, 1995 CanLII 4247 (NSCA); . It is unethical for **Nieuwland** to continue (in light of his "baiting and switching" with a legal assistant not supervised by him – even if he filed a DOR for **SNIC**

[111]The **Appellant** has put TD **SNIC** on notice that they will not receive a scintilla more of any personal information or SPI from him until this is resolved herein and by way of *PIPEDA* with the OPCC.

[112]The damage is done but this is about a prompt motion being brought to "stop the bleeding" and ensure independent counsel are appointed by the Respondent (if any counsel is able to).

[113] It is far too late now to insist on "**Chinese Walls**" or "*cones of silence*".

[114]An example of ancillary relief would be similar to the order in *de Rosa* where the information of the Appellant, that was unlawfully received, is forthwith turned over to independent counsel or to LAT for inspection and review in "camera".

[115]See: **HR INDEX**, Tab 3, page 24; paragraph 93 of **Affidavit #**15;

[116]See: *Jia; Mansuri*; and *Puhl v. Katz Group Canada Ltd.*, [2006] O.J. No. 4596 (S.C.J.) at paragraph 23; see: **HR INDEX**, Tab 3, page 60.

[117]See: **HR INDEX**, page 59;

[118]See: **HR INDEX**, Tab 5, page 126 (the "Lawyer as a Witness"). In *Talisman Resort*, it cannot be understated that Mr. Mantini was NOT the court advocate on the record but it was a female partner at Bennet Jones LLP

[119]See: **HR INDEX**, Tab 10, page 169 to 179;

[120]This does not preclude **SNIC** from retaining outside counsel but it should do so sooner than later as there is a deadline of April 11, 2024 for a response by the PAYOR (**SNIC**) regarding outstanding IRB. However, in light of the spousal interest that Nicole has in the

income of the Appellant, and the blatant conflict of interest of the Conflicted Lawyer (Divorced Husband), then whether Mr. **Karat** was a bridge to Ms. Moraes and then Mr. Nieuwland and/or Mr. **Karat** was a direct bridge (or block-chain) to Mr. Nieuwland for the purposes of a "consequence manager" in the Divorced Husband Conflicted Lawyer is immaterial herein. There is an appearance of a conflict of interest herein and Mr. Nieuwland certainly did not assist his cause by not swearing an affidavit that Ms. Moraes was his legal assistant then relenting and finally admitting that his assistant was one Ms. Ortiz.

[121]Unlike *Mansuri,* the Appellant is not seeking a stay but ready to proceed in accordance with the law but it requires an independent lawyer for SNIC to deal with the issues of CAT Impairment "head on" (pardon the pun considering this Appellant's head hit the steering wheel after being "hit from behind" at high velocity"). Of course, if the **Conflicted Lawyer** and any disqualified individuals ("guilt by association" if you will) breach this order, the recourse is contempt under section 13(c) of the *SPPA.* MRIs and Metadata never lie because they are independent evidence. It should come as no surprise that as of the date of this submission, the auto-replies of Mr. **Karat** and **Conflicted Lawyer** are yet again on and returning to office some time next week. Hiding names in "code" and "metadata" and now running from the truth. It is important to note that these types of actual conflicts of interest where a former spouse acts directly against his ex-wife or indirectly against her and her current spouse not only damage the integrity of the legal profession and the administration of justice, they unnecessarily deplete the resources of LAT, harm relationships on the other side but also cause damage and destroy the hard working staffers, non-licensees *et al* at TD Insurance. The Appellant's **Affidavit #**16 demonstrates that not only is this a perceived conflict of interest but this **Conflicted Lawyer** (aka Andy Gera) was an individual that held onto a FOB and key to access the very unit 410 where the Appellant and his current spouse reside for nearly a year after their separation. The **Conflicted Lawyer** was coming unannounced into the "courtyard" of the Minto Building (775 King Street West) even when the Appellant had arrived in Toronto (see: 2018). The **Conflicted Lawyer** only returned the "key and FOB" after some level of resolution was reached (unknown to the Appellant) which the Appellant had to have said FOB re-activated and programmed with the property manager at Minto Buildings. While the Appellant is unaware of any type of contractual documents between Nicole and the **Conflicted Lawyer** exist, one would presume that they were standard type documents for "no contact", "non-interaction" and "distancing themselves from one another". Certainly, the **Conflicted Lawyer**'s duty to Nicole would extend in this context in the **TD Claim Numbers** and the SNIC Proceeding, and using "fake names" and acting through conduits is not merely the perception of a conflict of interest but **AN ACTUAL CONFLICT OF INTEREST**. The Tribunal can take judicial notice of the fact as to why this Appellant has been denied his benefits even when formal admissions were made in a responsive pleading in January 2024 by Mr. **Karat**, and Mr. **Karat**'s tie to "Andy Gera". There is now evidence of the same with **Nurse**'s email being an invalid recipient, Mr. **Karat** no longer authorized for SNIC, Ms. Moraes no longer the fictitious legal assistant of Mr. Nieuwland and so on.

Tribunal File Number: 23-015662/AABS

In the matter of an Application pursuant to section 280(2) of the Insurance Act, RSO 1990, c I.8, in relation to statutory accident benefits.

Between:

Kevin McLean

Applicant

and

TD General Insurance Company

Respondent

SUBMISSIONS OF THE RESPONDENT RE: CONFLICT OF INTEREST

PART I – ISSUES

1. The Applicant seeks an order disqualifying the following persons from representing the respondent and/or handing this matter due to a conflict of interest:

a. Mr. Andrew Papadimitropoulos;
b. Mr. David Karat;
c. Mr. Matthew Nieuwland;
d. Ms. Michelle Moraes;
e. Ms. Adrianna Klukowska; and
f. Ms. Arfa Saeed.

2. The Respondent requests that the Applicant's motion be dismissed, with costs payable to the Respondent, in the amount of $10,000.00.

PART II – CONFLICT OF INTEREST

3. Matthew Nieuwland is the lawyer for the Respondent. A declaration of representative was filed on January 30, 2024.[1]

4. Ms. Christiana Ortiz is the legal assistant of Matthew Nieuwland.

5. Mr. David Karat is the Alternative Dispute Resolution officer appointed by the Respondent to handle the LAT application.

6. Ms. Michelle Moraes was previously the legal assistant of Matthew Nieuwland but is no longer involved in this matter.

7. All other parties cited by the Applicant, including Mr. Andrew Papadimitropoulos, Ms. Adrianna Klukowska and Ms. Arfa Saeed, have never been involved in the handling of this matter.

8. The Applicant has provided no evidence of their involvement in this matter.

9. The Respondent sent correspondence to the Applicant on March 26, 2024,[2] addressing his concerns regrading a potential conflict of interest. The letter states:

Author of the letter dated February 14, 2024

- Letter was drafted by TDI Privacy with approval from TDI Legal and David Karat.
- Please note Andy Gera prepared the standard format template used in the Privacy Access Request letter. Andy Gera is no longer with TD Insurance, nor did he have any involvement with this access request.
- Please also note Andrew Papadimitropoulos is in no way associated with Andy Gera, nor has Andrew Papadimitropoulos been involved in any way with this claim or access request.

[1] Declaration of Representative of the Respondent dated January 29, 2024.
[2] Correspondence from the Respondent dated March 26, 2024.

10. A conflict of interest occurs when an individual's personal interests – family, friendships, financial, or social factors – could compromise his or her judgment, decisions, or actions in discharging his or her job duties.

11. The Applicant has provided no evidence of a conflict of interest or of an appearance of a conflict of interest as it relates to the parties handling this matter, namely: Matthew Nieuwland, David Karat, or Christiana Ortiz.

PART III – COSTS

12. The Tribunal's authority to award costs comes from two sources: (1) s. 17.1 of the *Statutory Powers and Procedure Act* ("*SPPA*"); and, (2) Rule 19.1 of the *License Appeal Tribunal Rules of Practice and Procedure* ("*Rules*").

13. The *SPPA* allows an order for a party to pay "all or part of another party's costs in a proceeding.". S. 19.6 of the LAT *Rules* outlines the amount of costs shall not exceed $1,000.00 for each motion, case conference or hearing.

14. Rule 19.1 provides that costs may be requested in a proceeding where a party believes that another party has acted unreasonably, frivolously, vexatiously or in bad faith.

15. Rule 19.5 sets out the powers of the Tribunal in deciding whether to order costs and the amount of costs. The Tribunal shall consider all relevant factors including:

(i) The seriousness of the misconduct;
(ii) Whether the conduct was in breach of a direction or order issued by the Tribunal;
(iii) Whether or not a party's behaviour interfered with the Tribunal's ability to carry out a fair, efficient and effective process;
(iv) Prejudice to other parties; and

(v) The potential impact an order for costs would have on individuals accessing the Tribunal system.

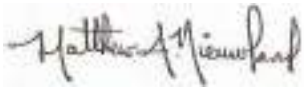
16. The Applicant's conduct is frivolous and vexatious. The matter is just over 100 days old. As of April 9, 2024, the Applicant has sent at least 535 emails[3] (this is a conservative estimate) to counsel for the Respondent since January 2024. This excludes emails sent to the adjuster on the file or to the TD privacy department.

17. The Applicant has also filed no fewer than eight (8) motions. He has also made two (2) requests for reconsideration.[4] The Applicant has incurred tremendous time and expense in reviewing and responding to these motions.

18. The Applicant's motions are unreasonable, frivolous, and vexatious. The Applicant has made wide ranging and baseless allegations in his motions, including that the Respondent has engaged in "abuse of process" and that a "conflict of interest" exists despite providing no credible evidence for same. Such allegations are serious and should not be advanced lightly. The Applicant has proceeded with these vexatious and baseless motions despite possessing no evidence for his claims.

19. Attached is the Motion Order of Vice-Chair, Lindsay Lake, dated February 29, 2024,[5] wherein the Vice-Chair references that at the time of that decision, the Applicant had already filed six (6) motions.

20. Please find attached the decision of Adjudicator Christopher Evans in *Syed v. Security National Insurance Company*, 2023 ONLAT, where he ruled that where motions are "groundless" or "inflammatory", it was appropriate to award costs in the amount of $1,000 for each motion.[6]



[3] Correspondence Received from the Applicant Since January 2024.
[4] Reconsideration Order of E. Louise Logan, Vice-Chair, Delegate, dated March 21, 2024.
[5] Motion Order of Vice-Chair, Lindsay Lake, dated February 29, 2024.
[6] *Syed v. Security National Insurance Company*, 2023 ONLAT at para 135.

21. The Respondent submits that it should be entitled to the maximum amount of costs awardable under the LAT *Rules*; $1,000.00 per motion and $1,000 per reconsideration request, for a total of $10,000.00.

PART IV – ORDER REQUESTED

22. The Respondent requests that the Applicant's motion be dismissed, with costs payable to the Respondent, in the amount of $10,000.00.

All of which is respectfully submitted this 11th day of April 2024.

RE: Claim: 035325790-03

Dear Kevin A. McLean

We are in receipt of your emails dated March 1, 2024 (3) / March 2, 2024 (4) / March 6, 2024 (2) / March 10, 2024 (2) / March 20, 2024 / March 22, 2024 & March 23, 2024 (2) requesting the following:

1) Accident Benefits File as per PIPEDA:
    - A copy, with applicable redactions ** was provided to you on February 6, 2024 via eClaims; however the link expired. Another link was provided to you on March 19, 2024.
    - The correct claim number, as you confirmed, is 035325790-3, and the previous 034325790-03 was simply a typographical error.
2) "*Select days of when I was a driver of the Insured Automobile (June 6 and 7, 2022) and August 31, 2022 from the TD Mydriving App*"
    - As per our previous letter date June 21, 2023, we are unable to provide you with the information requested regarding the vehicle driving times. To proceed with this part of your request, we require consent from the vehicle owner.
3) Author of the letter dated February 14, 2024
    - Letter was drafted by TDI Privacy with approval from TDI Legal and David Karat.
    - Please note Andy Gera prepared the standard format template used in the Privacy Access Request letter. Andy Gera is no longer with TD Insurance, nor did he have any involvement with this access request.
    - Please also note Andrew Papadimitropoulos is in no way associated with Andy Gera, nor has Andrew Papadimitropoulos been involved in any way with this claim or access request.
4) "*Name of any and all privacy officers for TD Bank and any of its directly or indirectly owned subsidiaries including Security National Insurance Company*."
    - You may reach TD's Chief Privacy Officer, Jane Stubbington at TD.Privacy@td.com.
        - Emails sent to this email address are reviewed and may be redirected to the appropriate area(s) for further review and response.

- Please note the following email address: tdiprivacyaccessrequests@tdinsurance.com is for outgoing correspondence and is not monitored on a regular basis.

In order to address your requests in a timely manner we request you direct your correspondence to the following:

- **LAT Proceedings: Matthew Nieuwland**, TDI Staff Legal.
  - matthew.nieuwland@tdinsurance.com (905-201-4092)
- **Claims Related Matters:** Carol Persaud, Claims Services.
  - carol.persaud@tdinsurance.com (877-855-3767, extension 300086)

If you have any questions or concerns, please contact the individuals noted above.

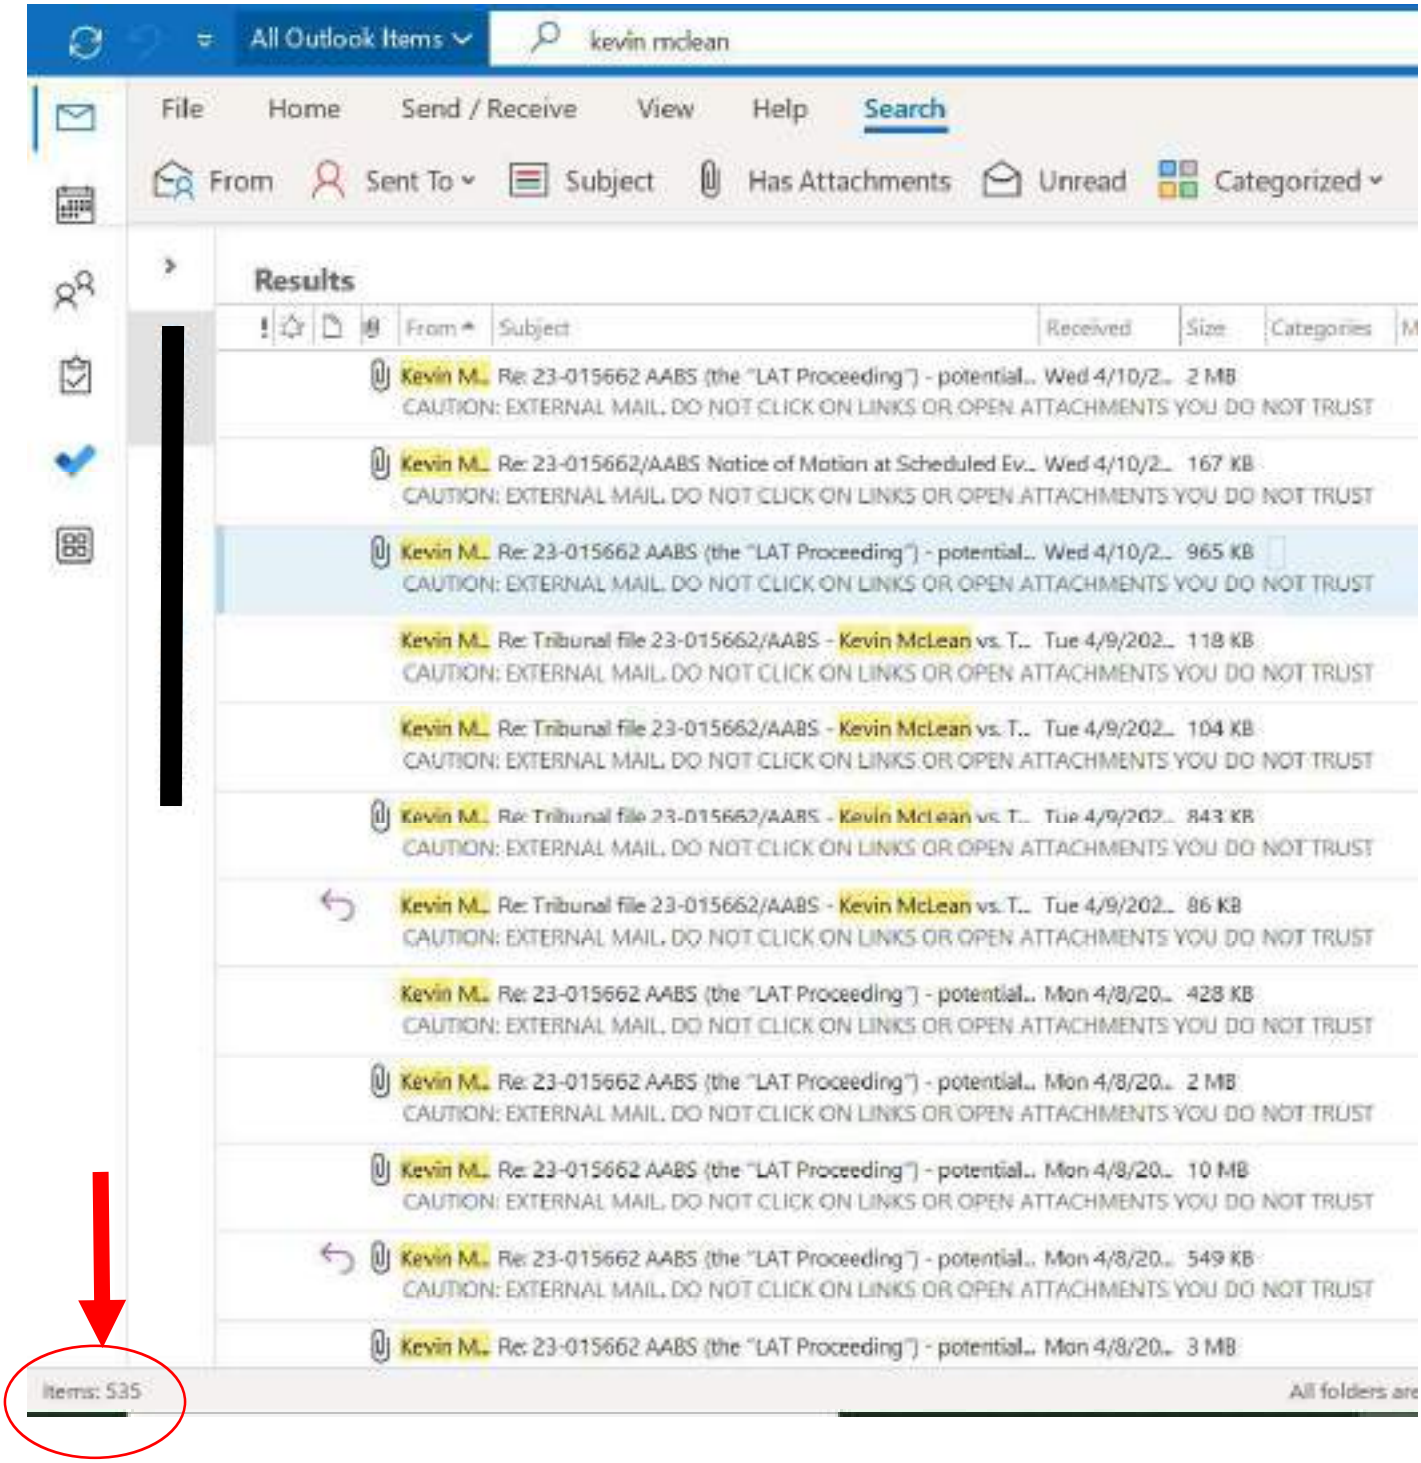
Sincerely,

TD Insurance Privacy

** Access request packages will not include any information already available through normal business processes; information on non-Canadian operations; or audio/video tapes (unless details of date, time and location are provided).

Any material that may reveal confidential commercial, proprietary, or legally privileged information or which relates to a formal dispute resolution process has been omitted or severed where possible.

Please note that our response is limited to your personal information and any information regarding third parties has been severed, redacted, or entirely removed from these records to protect the privacy of those third parties.



For security reasons, system identification data and account numbers have been masked in this request. If you require this information, please call us and it will be sent to you under separate cover.

Please be aware that there is a possibility of transaction discrepancies and inconsistencies, due to delays in updating financial information. In the normal course of processing day-to-day transactions and other financial arrangements, data may change between the date of the information request and the delivery of response.

RECONSIDERATION ORDER

Before:	E. Louise Logan Vice-Chair, Delegate
Date of Order:	March 21, 2024
Licence Appeal Tribunal File Number:	23-015662/AABS
Case Name:	Kevin McLean v. TD General Insurance Company
For the Applicant:	Kevin McLean, Self-represented

ORDER

[1] The applicant filed a request for reconsideration on March 15 and 19, 2024, in respect of the Motion Order of Vice-Chair Lindsay Lake ("Order") that was released to the parties on February 29, 2024. The Order denied the applicant's request that the Tribunal:

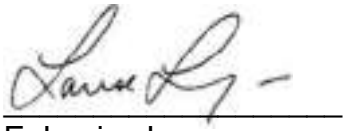
i. "Order that the style of cause is amended to the name of the Respondent insurance company (Security National Insurance Company) denoted in the Purported Response herein;"

ii. "A declaration and order that the Purported Response is a nullity and void, and struck from the record;"

iii. "An Order that the Nieuwland DOR is a nullity and void and struck from the record;"

iv. "A Declaration and Order that the Respondent has engaged in abuses of process particularized herein, and is prohibited from filing any Response herein;"

v. In the alternative, "to the extent that the Respondent files and serves a motion, by a duly authorized legal representative (lawyer) of the Respondent, and obtains permission to file a Response past the required deadline issues by the LAT with, in fact, listing all documents and attaching the same therein behalf [sic], paragraphs 2, 5, 6, 8 and 10 of the Purported Response shall be struck without leave to amend on grounds of abuse of processes;" and



vi. "Costs in favour of the Applicant and against any culpable persons for any of the above pursuant to, inter alia, the SPPA and the Decision of Volson."

[2] Pursuant to s. 17(2) of the *Adjudicative Tribunals Accountability, Governance and Appointments Act*, 2009, S.O. 2009, c. 33, Sched. 5, the Executive Chair has delegated to me authority to deal with such matters.

[3] Rule 18.1 of the *Licence Appeal Tribunal Rules, 2023* ("Rules") provides that the Tribunal may reconsider any decision that finally disposes of an appeal if the request for reconsideration is made within 21 days of the date of the decision. In this case, although the request was made within the 21-day deadline, Vice-Chair Lake's Motion Order is not a decision that finally disposes of an appeal. The proceeding in this matter remains ongoing with a case conference scheduled for May 2, 2024 at 9:00 AM EST.

[4] As this proceeding remains ongoing, I find the applicant's request for reconsideration is regarding an Order that does not finally dispose of the appeal. Accordingly, I find the applicant's request was not filed in compliance with Rule 18.1.

[5] On this basis, the applicant's request for reconsideration is dismissed.

E. Louise Logan
Vice-Chair, Delegate
Licence Appeal Tribunal

Released: March 22, 2024

PART I: STATEMENT OF MOTION FOR RELIEF EXCLUSIVELY IN THE PURVIEW OF THE PRESIDENT OF THE DIVISIONAL COURT

I. THE AXIOMATIC NATURE OF ACCESS TO JUSTICE AND PROCEDURAL INTEGRITY

1. It is a venerable and long-standing legal axiom that *lex dila*—the protracted delay of justice—operates as a *de facto* negation of judicial remedy. A modern corollary to this principle posits that the attenuation of procedural access constitutes an equivalent deprivation, encompassing not merely formalistic procedural rights but the substantive entitlements of the litigant. It is respectfully submitted that the administrative stagnation currently characterizing the operations of the Office of the Registrar precipitates a state of profound procedural paralysis, thereby precluding the timely adjudication of the merits. While the overarching objective of the *Rules of Civil Procedure, R.R.O. 1990, Reg. 194* (the "*Rules*") remains the expeditious, just and cost-effective resolution of disputes on their merits, the attainment of such an objective is rendered an impossibility in the absence of a *bona fide*, diligent, and transparent processing of submitted electronic filings. Pursuant to section 63 of the *Legislation Act, 2006, S.O. 2006, c. 21, Sched. F*, the law is perpetually speaking, and the present tense shall be applied to circumstances as they arise. Furthermore, section 64 of the said *Act* mandates that all enactments be interpreted as remedial, receiving such fair, large, and liberal construction as best ensures the attainment of their objects. The legislative intent underlying the 2006 amendments to the *Courts of Justice Act, R.S.O. 1990, c. C.43* (the "*CJA*"), specifically regarding Part V, "Administration of the Courts," reflects a deliberate and substantial shift in the administrative paradigm. Pursuant to section 71 of the *CJA*, court administration must be executed to: (a) maintain the independence of the judiciary as a separate branch of government; (b) recognize the respective roles and responsibilities of the Attorney General and the judiciary in the administration of justice; (c) encourage public access to the courts and public confidence in the administration of justice; (d) further the provision of high-quality services to the public; and (e) promote the efficient use of public resources. It is self-evident that judicial independence is being compromised by the systemic failures detailed within the evidentiary record of this JRPA Proceeding, including the *Compendium for NOM #3* (December 11, 2025 (mail filed) and the *Motion Record for Motion #4*. The Former Registrar, as an employee of the Ministry of the Attorney General, abjectly defaulted in the execution of her ministerial duties. Consequently, immediate intervention and direction from the President of the Divisional Court are required *in limine* to ensure the

judiciary must discharge its constitutional obligations. Public access to the Divisional Court is being actively discouraged by the particularized misconduct of the Former and Current Registrars, thereby eroding public confidence and resulting in a maladroit utilization of public resources. A primary objective of the OCPP, as articulated by the Lieutenant Governor in Council with the imprimatur of the Civil Rules Committee, was to streamline the filing of materials for the Superior Court of Justice and the Divisional Court. This was achieved by truncating the bifurcated model of "Registrar Acceptance" and "Registrar Confirmation" into a singular model, abolishing the required acceptance by the Registrar, of filing "Subject to Confirmation" (see: *Rule 4.05.2.1*). By operation of *O. Reg. 226/25, s. 4* (assented to October 3, 2025), certain subrules were rendered inapplicable to ensure harmony with the *Justice Services Online* ("JSO") Portal. Specifically, *Rule 4.05.2.1(7)* excludes the application of: (a) *Rule 4.05(4.2)* regarding the necessity of a notice of accepted filing; (b) *Rule 4.05(7)* regarding the date of electronic issuance; and (c) *Rule 4.05(8)* regarding issuance outside of business hours. The abolition of the prerequisite for Registrar "acceptance" *ipso facto* heightens the Registrar's duty to provide timely confirmation. This constitutes a public legal duty owed directly to the filing party. The Registrar's obligations under *subrule 4.05.2.1(4)* are tantamount to a guarantee of the Court's accessibility, a matter assigned by law to the administration of the judiciary. Although *subrule 4.05.2.1(5)* stipulates that a document is deemed filed or issued on the date indicated in the confirmation sent by the Registrar, the administrative apparatus has failed to facilitate this requirement, creating an *ultra vires* barrier to litigation. Furthermore, the removal of the traditional four o'clock and five o'clock deadlines for electronic submissions was intended to prevent the expiration of limitation periods based on mere technicalities, ensuring the *status quo ante* is preserved through diligent filing. Pursuant to section 78 of the *Legislation Act, 2006*, where power is conferred to perform a certain act, all necessary incidental powers are deemed included. As elucidated by the Supreme Court of Canada in *ATCO Gas & Pipelines Ltd. v. Alberta (Energy & Utilities Board), 2006 SCC 4* at para. 51, and reaffirmed in *Green v. Law Society of Manitoba, 2017 SCC 20* at para. 42, enabling statutes must be construed to include powers practically necessary to achieve the legislated scheme. Following the reasoning in *Cash Converters Canada Inc. v. Oshawa (City), 2007 ONCA 502*, general powers granted to public bodies ought to receive a broad and generous interpretation. Therefore, pursuant to the amendments to the *Rules*, including *Rule 68.05 et al.*, the Former Registrar was invested with a public legal duty to act, which she omitted to exercise but coupled, through court staff as the mouthpiece for her duties, that the

Divisional Court was no longer, arbitrarily, with the requirements under the Rules of Civil Procedure and the requirement of the word "shall". Section 79 of the *Legislation Act, 2006* mandates that powers conferred may be exercised, and duties imposed shall be performed, whenever the occasion requires. The Registrars, both past and present, are bound by these statutory impositions. Following the relief of duties of the Former Registrar from her position, the Current Registrar was under an **immediate obligation** to rectify the extant administrative deficiencies. The integrity of the adjudicative process is inextricably linked to the ministerial regularity, consistency, and even-handedness of the filing system; the former cannot subsist where the latter has become functionally moribund. *Prima facie*, the current administrative failures necessitate judicial oversight to restore the efficacy of the *Rules*. Subsequent to the service of a *Form 68A* upon the Respondents—within the specific context of a self-represented litigant—the failure to satisfy the mandatory jurisdictional prerequisites concerning service, filing, and the provision of an affidavit or certificate of service (constituting "**Delivery**" pursuant to *Rule 1.03* of the *Rules of Civil Procedure*) has resulted in a substantive and ongoing forfeiture. This omission precludes the Respondents from maintaining standing to oppose the application under the *Judicial Review Procedure Act* ("*JRPA*") and further abrogates their entitlement to receive a Notice of Steps ("**NOS**") or the Service of Documents ("**SOD**"). By virtue of the Respondents' failure to present evidentiary materials within the thirty-day limitation period following the service of the Applicant's Application Record on December 10, 2024, coupled with the subsequent neglect to deliver responsive facta within thirty days of the service of the Applicant's Factum on December 12, 2024, the conduct in question transcends mere professional negligence. *Post facto* analysis suggests a desperate reliance upon the intervention of the Judiciary to provide a *deus ex machina* for the Respondents' procedural dereliction. It is extrapolated from the labyrinthine nature of these omissions that a concerted effort exists to impede the progression of justice—an *acta* necessitating the robust invocation of the Court's inherent supervisory jurisdiction.

2. The non-opposition to Motion #3, consistent with the Respondents' inertia regarding Motions #1 and #2 in early 2025, establishes a *prima facie* case that the **Respondent Insurance Companies** were engaged in systemic malfeasance, including allegations of pecuniary impropriety and extortion, through the duration of January 2025. It is further asserted that the Licence Appeal Tribunal ("LAT"), through its agents, maintained surreptitious and clandestine communications with the **Respondent Insurance Companies**. The provision, by the LAT to the Respondent Insurance Companies, of a template Notice of Appeal ("NOA"), incongruent with *Form 38A*,

demonstrates an attempt to manufacture a veneer of procedural compliance and somewhat of a "gang attack", consistent with previous theft and fraud at the time, and illegal bootstrapping through a "tag team" style approach. Notwithstanding the LAT's failure to file a "Defence" pursuant to *Rule 77.03* or a "First Defence" by any of the Respondents, the tribunal initiated a case conference request under *Rule 77.05*—an act that is *void ab initio*. The LAT has operated in total disregard of the *Judicial Review Procedure Act*, the *Statutory Powers Procedure Act*, and the *Insurance Act*, alongside attendant regulations such as *SABS*, *Reg 283*, and *Reg 664*. Given that the LAT has previously been found to lack institutional independence (*vide: Shuttleworth v. Ontario (Safety, Licensing Appeals and Standards Tribunals)*) and impartiality, the current trajectory of these proceedings necessitates a rigorous application of equitable principles by the Divisional Court through its President of the Divisional Court.

3. In the Canadian constitutional framework, superior court justices are subject to the regulatory oversight of the *Canadian Judicial Council*, an entity vested with federal statutory powers to investigate and sanction judicial officers whose conduct erodes public confidence. The integrity of the "due administration of justice" is paramount. It is submitted that the perfunctory and arguably incompetent remarks of Madam Justice Shore, by quotations attributed to her by the SCJ RMO, on October 10, 2025, regarding the availability of transcripts to an Authorized Transcriptionist ("ATO") regarding case conferences involving civil matter (not family law matters), constitute unrepentant misconduct when scrutinized against the backdrop of **undisclosed prior judicial involvement (the "UPJI")** with the Applicant. The causal and inferential nexus between the "signed arrest warrant"—characterized erroneously as an "Intake Court Endorsement" at first instance then by falsification by subsequent filing in November 2025 when the date of Intake Court Endorsement [Sic] was September 23, 2024 and the Applicant was arrested pursuant to an undisclosed arrest warrant contrary to section 29 of the Criminal Code —and the signatory actions of the Former Registrar in relation to the same necessitates scrutiny generally and specifically herein. Pursuant to the *Criminal Code*, specifically *section 2* and *subsection 3(2)*, as well as *Rule 1.03* of the *Criminal Proceeding Rules*, the definition of a "clerk of the court" is expansive. However, the disappearance of official records and the abrupt departure of the Former Registrar on December 3, 2025, coincide too precisely with the Applicant's efforts to compel disclosure.

4. The representations made by counsel for the Crown (Mr. Sinnadurai) on June 25, 2025, (which were followed by representations on July 4, 2025) asserting a lack of evidence regarding the filing of a *Criminal Code Form 2*

Information in August 2024 to October 2024 represent the falsification of documents by law enforcement and the continuation of the fraud by the MAG (criminal counsel). The assertion by Mr. Sinnadurai, a counsel to Madam Justice Shore in open public court proceedings wherein she, in fact and at law, defamed a litigant to all 93 SCJ judges in the Toronto Region, that courts of competent jurisdiction do not retain copies of "signed arrest warrants" unless filed in a courthouse is an *ultra vires* legal position that contradicts the retention protocols established by the *Canadian Judicial Council*. While an issued and signed document may not be also filed in the "Originating Court Level" and "Originating Courthouse" but also may not be filed in a "Transferee Court Level" or "Transferee Courthouse", the Originating Courthouse must still retain its copy of the same.

5. The Applicant has correctly characterized these clandestine events as "*Ex Parte In Camera* Unrecorded Hearings." Given the admission by the Deputy Attorney General ("DAG") in November 2025, with thanks to the DAG, that no statutory directions were issued under *section 74* of the *Courts of Justice Act* to destroy documents, any such destruction by judicial officers or court staff was conducted without legal authority. *Ipso facto*, those criminal proceedings are a nullity and certainly not court documents with an Indictment being required by the Criminal Proceeding Rules to be filed via email with an SCJ courthouse and an arrest warrant being a document that must be endorsed by the presiding judge or a clerk of the court. The principles enunciated in *R. v. Jordan* further bolster the conclusion that the Respondents' strategic delays were based on knowledge of fraud, which the supervisory jurisdiction of the Ontario SCJ had a duty to hear and decide along with the duties of the Managers of Court Operation to forthwith transfer all relevant documents, papers, things et al to the SCJ 361 University Courthouse along with the prescribed certificate, have rendered a fair trial or a trial at all an impossibility and, in effect, the constructive quitting on their ability to convicting the Applicant of a fictitious criminal offence (or whatever criminal offences were misguided by Indictment at first instance) subject to falsification on the legal standard of beyond a reasonable doubt. The transition of various counsel from "counsel of record" to a status of withdrawal or non-opposition confirms a broader pattern of complicity. When a litigant provides an exacting factual recounting and analytical precision that goes unanswered, the conclusion becomes self-evident: the fraudulent nature of the underlying process prevents any ethical advocate, licensed by the LSO, from filing a responsive document without furthering a contempt of court. The "civil arena" demands that the pen serves as a more potent instrument than the sword; however, the Respondents have proven incapable of meeting the requirements of actual effort, skill, and

precision required to sustain their position. The status of the Responding Parties in Notice of Motion #3, who have elected a posture of non-opposition, is analogous to the invocation of a right to silence for some who were involved in the fraudulent charade on top of the fraud, bribery and extortion that have tainted this JRPA Proceeding. This *status quo ante* confirms the total absence of substantive contestation regarding the relief sought.

III. THE CIRCUMSCRIBED JURISDICTION OF THE REGISTRAR

6. A fundamental distinction must be maintained between the concepts of "consent" and "non-opposition." The *Jurisdiction of the Registrar*, as delineated in *Rule 37.03* of the *Rules of Civil Procedure*, is strictly *intra vires* only in specifically enumerated, non-discretionary circumstances. Under *Rule 37.03(c)*, the authority of the Registrar is confined to administrative orders, such as the amendment of pleadings or the removal of a **lawyer of record** which is tied to the definition of "lawyer's office" (which requires reference to the last filed document by the lawyer's office (nota bene herein, none of the lawyer's offices and their licensees had filed a single document). It is a legal impossibility for the Registrar to grant the substantive relief sought in a ***JRPA Application***, as such power remains the exclusive province of the judiciary but the Registrar may grant certain types of orders "on consent". A ministerial act—comprising the filing, stamping, or docketing of documentation by way of mere confirmation—is an "**executory",** which is the carrying out of a law, function devoid of discretionary latitude. The Registrar, pursuant to *Section 98* of the *Courts of Justice Act, R.S.O. 1990, c. C.43*, performs a role that is strictly subservient to the legislative and judicial mandate. The transmission of a Compendium to the Presiding Motions Judge is a quintessential ministerial duty which is effected by uploading to Case Center; its non-performance constitutes a palpable dereliction of office. Such administrative inertia necessitates the intervention of the judiciary via the prerogative writ of *mandamus*, compelling the performance of a duty unlawfully withheld. Judicial independence is a foundational, unwritten constitutional principle, as articulated by the Supreme Court of Canada in *Reference re Remuneration of Judges of the Provincial Court of Prince Edward Island, [1997] 3 S.C.R. 3*. This principle encompasses both individual and institutional dimensions. Institutionally, it is mandated that the judiciary remains a sequestered branch of government, insulated from Executive or Legislative encroachment or interference. Within this constitutional framework, the failure to process time-sensitive submissions constitutes an impermissible interference with the judicial independence of the Divisional Court. Adjudicative and administrative independence are accompanied by corresponding privileges which reside exclusively with the judiciary. As noted in the *Reference*

matters that may appear trivial, such as determining courthouse hours of operation—threatens the integrity of the judicial branch. By extension, the administrative omission of the Registrar in processing filings by "mere confirmation" (with the abolished acceptance by the Registrar being so required) disrupts the sphere of exclusive judicial jurisdiction. Lexicographical authorities provide essential clarity regarding the nature of the conduct at issue. *Black's Law Dictionary* (9th Ed.) defines "**interference**" as the act of meddling in another's affairs or as an obstruction or hindrance (see: *Lepp v Toronto Star Newspapers Limited, 2022 CanLII 39874 (ON SCSM)*). Furthermore, "**obstruction**" is understood as the act of hindering from passage, action, or operation. *Black's Law Dictionary* (2nd Ed.) defines "**obstruct**" as the interposition of obstacles or impediments to the hindrance or frustration of an act or service, specifically as to obstruct an officer in the execution of a duty.

7. While the criminal standard of "obstruction of justice" under *Section 139* of the *Criminal Code, R.S.C. 1985, c. C-46*, is not directly at issue—the former requiring a standard of proof beyond a reasonable doubt—the statutory language provides a profound syllogism for the present administrative dereliction. *Section 139(2)* prohibits the intentional attempt to obstruct, pervert, or defeat the course of justice. The "**course of justice**" has been interpreted to encompass proposed or contemplated judicial proceedings (*R v Spezzano (1977), 34 CCC (2d) 87 (ON CA)*). Such proceedings include those before a decision-making body whose authority is derived from statute and which is required to act in a judicial manner, a category into which this *JRPA* proceeding squarely falls. The *actus reus* of obstructing justice is established by any act that possesses a "**tendency**" to defeat or obstruct the course of justice; the mere attempt is sufficient to constitute the offense (*R v Hearn, 1989 CanLII 3938 (NL CA)*). It is further established that an error in judgment or a mistake of law does **not** constitute a valid defense where the specific intent to obstruct or attempt to obstruct is present (*R v Watson, 2010 ONSC 6765*; *R v Beaudry, 2007 SCC 5*). Conversely, the general offense of obstruction under *Section 127(2)*, as it then was, is left undefined, but as stated in *Criminal Law* (2nd Ed.) by **Mewett & Manning**, the offense is complete once a willful **attempt** to impede occurs, provided the action has the potentiality to obstruct or pervert the course of justice. Intent by knowledge or wilfulness is not part of the civil standard and certainly not for the Current Registrar who is bound by her statutory and prescribed oaths (see: the duties of impartiality, faithfulness and compliance with all laws).

8 The potentiality for obstruction is illustrated by the **removal** or destruction of official instruments. In *R v Zeck (1980), 53 CCC (2d) 551 (ON CA),* the **removal** of **parking tags** was found to amount to an obstruction of justice as it prevented the recipients from responding to the tickets, thereby incurring increased costs and impeding the administrative process. By analogy, the failure of the Registrar to confirm submitted filings in the Ontario Courts Public Portal ("**OCPP**") or the removal of such filings from "received status" constitutes an interference that obstructs the Applicant's ability to proceed, thereby incurring increased costs and frustrating the administration of justice. However, without the removal, one may say that no such obstruction of justice has occurred but that is only "actual interference" per se. A "course of action" which does not actually interfere is sufficient and that is accomplished by delays and certainly delays in the face of demands for the public official to act in accordance with those legal public duties to act. Pursuant to *Section 76(1)* of the *Courts of Justice Act*, court staff, including the Registrar, must act at the direction of the Chief Justice in matters assigned, by law, to the judiciary. The systemic failure to process time-sensitive submissions represents an *ultra vires* usurpation of judicial authority by the Executive branch. The Rule of Law dictates that no individual, including the "gatekeepers" of the court, is superior to the law. The current administrative state of "learned helplessness" imposed upon the Applicant and the public is an affront to this principle. If all documents remain in "received status", the open court principle under the Charter is breached by the Executive Branch. As the erudite and Honourable Justice E. Morgan of the SCJ (see: T*oronto Star v. AG Ontario, 2018 ONSC 2586*), "Generally speaking, it is essential in a system that [page295] protects free expression and the press that "the media . . . should not have their right to report on proceedings . . . delayed for any greater period of time than a court believes is absolutely necessary". Just as justice delayed can be justice denied, so reportage delayed can be reportage denied (see: paragraph 67). The acceptance of filing fees by the state creates a quasi-contractual obligation to provide the necessary infrastructure for adjudication. To retain such consideration while maintaining a wall of silence is a breach of the fiduciary-like duty the state owes to the citizenry. It is déjà vu all over again for the Applicant who has tendered fees (prescribed) to the various courthouse in care of the SCJ RMO but without services provided in return. All informal and formal avenues of redress have been exhausted, yet the matter remains entombed in a state of administrative silence which is a "course of action", that a layperson may believe is not obstruction of justice because submitted filings were not "removed", but is nonetheless "obstruction of justice". The evidentiary threshold for *mandamus* is satisfied *prima facie*: there exists

clear legal right, a demand for performance, and a contemptuous refusal to act. There is no discretion under the Rules of Civil Procedure to not issue a Form 68B as the only discretion was time and reasonableness had to be imported into said time and within the context of an urgent JRPA Application. There is no discretion to not process filings in accordance with a represented timeframe of three business days or a reasonable timeframe in the context of a Form 37A duly paid for by the requirement of a payment portal with a credit card. This motion, though proceeding in the absence of a *Form 37A* due to the very administrative collapse it seeks to remedy, is brought *in limine* to restore the *status quo ante*. It is submitted that the Registrar must be compelled, *ipso facto*, to fulfill the ministerial duties of the office to prevent a permanent denial of natural justice. It is further asserted that the judicial apparatus must exercise its inherent jurisdiction to rectify these procedural distortions and ensure the primacy of the *Courts of Justice Act*.

PART II: THE BRIEF MATERIAL FACTS

9. The foundational material facts requisite for the adjudication of the present Motion #4 are herein elucidated. Recourse is had to the factual matrix delineated within the *First Updated Compendium for Notice of Motion #3*, which was duly submitted via postal filing on December 11, 2025 (see: Rule 4.05(5), and the contents thereof are hereby incorporated by reference as if fully set forth herein. It is reasonably inferred, through an analytical extrapolation of administrative conduct, that the management echelon within the Court Services Division of the Ministry of the Attorney General ("MAG")—distinguished from the Ministry's political executive—is beset by an internal systemic conflict. This discord appears to manifest between those vested with managerial stewardship and the clerical personnel tasked with ministerial execution. A truncated chronology of the personnel involved in the administration of this matter includes the following individuals, the identity of the formerly occupied Office of the Registrar being then unknown:

a. Jessa-Marie Clegg: Formerly designated as the Clerk of the Divisional Court, presently serving in the capacity of Assistant Trial Coordinator;

b. Ariel Lawrence: An Assistant Trial Coordinator within the Toronto Region of the Divisional Court who relayed the Madam Justice Shore, void ab initio, compulsory case conference requirement on January 7, 2025, but to never be heard from again;

c. Evelyne Ibula: Assistant Trial Coordinator of the Superior Court of Justice – Divisional Court; and

d. Rina Badwal: Single Judge Motions Coordinator within the Office of the Chief Justice (who was oddly not dealing with the setting of the Applicant's NOM #1 but a case conference of which Madam Justice Shore was prohibited from hearing by reference to Rule 77).

10. It is submitted that the Applicant has been subjected to a deleterious and ostensibly extrajudicial incursion, perpetrated through the instrumentalization of the criminal justice apparatus. *Prima facie* evidence suggests that the actions undertaken by *Madam Justice Shore*—specifically her unilateral reassumption of jurisdiction following a request for case management that was, in point of law, *void ab initio*—constitute a profound departure from established statutory protocols. Furthermore, the systematic manipulation of documentation by the *Ministry of the Solicitor General (SOLGEN)*, as evidenced in responses pursuant to the *Freedom of Information and Protection of Privacy Act*, reveals a pattern of evidentiary distortion commensurate with the alterations observed in the *Intake Court Endorsement*. Such *acta* suggest a coordinated assault upon the Applicant's legal interests, orchestrated by executive and judicial officers who appear to be unified by a commonality of theological convictions and ancestral derivations.

11. The *Solicitor General*, the *Honourable Michael Kerzner*, has publicly and without reservation articulated his personal history and profound ties to Orthodox Judaism and the Polish diaspora. In a confluence of circumstances that invites a rigorous inferential examination, the etymological provenance of the surname *Ibula*—identified within the "Family Name Search" as a Polish or Ukrainian derivative of *cybula*, signifying "onion"—establishes a genealogical nexus to the same geographic and cultural region. This correlation is further compounded by the involvement of *Detective Constable Kolankowski* of the *14th Division* of the *Toronto Police Service (TPS)*, an officer of Polish descent who stands accused, in parlance, of fabricating a prior warning to the Applicant regarding prohibited communication. With the benefit of *post facto* discoveries emerging in the summer of 2025, a bifurcated relationship is hypothesized, wherein the *SOLGEN* exercised a degree of administrative suasion over the *TPS*—a dynamic reinforced by the *SOLGEN's* ubiquitous presence at municipal policing functions.

12. While the Applicant maintains a steadfast reverence for the protections afforded by the *Canadian Charter of Rights and Freedoms* concerning the manifestation of religious belief, it is contended that no member of the *Superior Court of Justice of Ontario*, nor any Minister of the Crown in the history of this province, has so overtly conflated

private theological tenets with the execution of public mandates. The elevation of religious identity to a position of functional prominence within the judiciary and the executive cabinet constitutes an unprecedented paradigm. It remains indeterminate how the *SOLGEN's* prioritisation of specific communal tribulations aligns with the broader objective of ensuring safety for marginalized segments of the Canadian populace, as the focus appears to be disproportionately concentrated upon a singular demographic interest. The usage of *Ms. Ibula* as a conduit for communication indicates a pervasive reluctance among ancillary court personnel—most notably within the Office of the Registrar—to facilitate the transmission of electronic correspondence on behalf of *Madam Justice Shore*. This reticence appears predicated upon a burgeoning awareness of her undisclosed prior judicial involvement. Consequently, a compelling inference arises regarding the improper exertion of influence by a high-ranking executive official. It is posited that *Solicitor General Kerzner* directed a public official to communicate with *Detective Constable Kolankowski*, and presumably extended similar suasion toward *Justice of the Peace Jiri*. Such efforts were ostensibly designed to provide assurances that his name would be utilized as the presiding motions judge, notwithstanding the absence of his digital signature—a circumstance particularly egregious within the *Ontario Court of Justice* in the *Central West Region (Brampton)*. The representation that a digital signature had been duly affixed, when in fact it remained absent, constitutes a jurisdictional impropriety that is both nonsensical and legally untenable. The nexus involving *Justice of the Peace George Jiri* necessitated exhaustive investigation; however, the affiliation became self-evident upon review of the *SOLGEN's* select public communications, which referenced a "Jewish-Azerbaijan fusion" assembly. *His Worship, Mr. Jiri*, has overtly espoused his affiliation with the *Assyrian Church of the East* and his proficiency in the Assyrian tongue—a linguistic capability essential for the exegesis of specific biblical texts. This convergence of linguistic and religious competencies, alongside the aforementioned Polish-Jewish connections, suggests a socio-theological infrastructure that may have influenced the *status quo ante* of the proceedings to the detriment of the Applicant. The cumulative weight of these extrapolations suggests that the independence of the judiciary and the neutrality of the executive branch have been compromised by an *ultra vires* alignment of personal identity and public duty. The resulting procedural deviations are, therefore, submitted for rigorous scrutiny *in limine*. These proceedings were initiated via the service and filing of an Application for Judicial Review pursuant to the *Judicial Review Procedure Act* ("JRPA") on November 15, 2024. In consequence of the temporal proximity of the submission to the cessation of business hours, the temporal

imprimatur of November 18, 2024, was affixed by the *Divisional Court*. Subsequent to fastidious adherence to intake protocols, the ***JRPA Application*** was formally issued on November 21, 2024.During the intake process, the exigency of the matter was underscored, predicated upon the discovery—unrebutted in the *LAT Appeal*—that TDHA constituted the "First Insurer" within the meaning of *Ontario Regulation 283/95*. Notwithstanding the decisions of VCM dated September 13, 2024, which summarily dismissed the motion to join TDHA as a Respondent for substantive relief, finality was sought through the *Divisional Court*.

13. Following the dismissal of the reconsideration request by Vice Chair Lake ("VCL") on October 16, 2024, it is posited that the exhaustion of all available and adequate alternative remedies before the *Licence Appeal Tribunal* ("LAT") was achieved. It remains a foundational axiom of administrative law that the total exhaustion of such secondary administrative avenues constitutes an absolute *sine qua non* for the valid invocation of the court's jurisdiction regarding judicial review. Subsequent to the initiation and prior to the perfection of the application pursuant to the Judicial Review Procedure Act, a series of deleterious and ostensibly coordinated events transpired. These occurrences, characterized by allegations of fraudulent misrepresentation and extortionate conduct, appear to have been strategically calibrated to divest the aggrieved party of the essential implements requisite for the exercise of their vocation. It is posited that these maneuvers, transpiring in conspicuous proximity to the Centre for Addiction and Mental Health (CAMH), were executed with the express intent of impeding the pursuit of judicial oversight and subverting the status quo ante. The evidentiary record, as substantiated by documentation registered with the Land Title Office and the Registrar thereof, reveals a complex web of financial irregularities. This scheme involves TD Bank—to the exclusion of the Respondent Insurance Companies—and Mr. David Karat. The prima facie evidence of this arrangement is manifest in the acquisition of a high-value residential property by Mr. Karat prior to the divestment of his existing real estate holdings, an act which defies conventional fiscal prudence and suggests the existence of external indemnification or illicit facilitation. The veracity of the aforementioned scheme is further buttressed by the involvement of Mrs. Dorothy During-Gibbs, a social worker affiliated with CAMH. Her status as a ninety-nine percent joint tenant in the property situated at 625 Grandview Avenue, Oshawa, is notably incongruous given the sixty-five-kilometre geographic disparity between said residence and her primary place of employment.

14. Furthermore, the acquisition of the subject property for a sum approximately $120,000 in excess of the listed valuation constitutes an extraordinary departure from market norms. This transaction involved Mr. Michael Gibbs and Mr. Peter Gibbs, the latter being a career insurance broker operating from the TD Bank towers. The registration of Mr. Peter Gibbs as a "tenant in common" possessing a nominal one percent interest—purportedly in a self-referential capacity—serves as an indicium of a transaction that is ultra vires the standards of transparent real estate conveyance. The temporal alignment of professional transitions further illuminates the pre-meditated nature of these actions. Mr. Papadimitropoulos (referred to herein as the "Epstein Cole LLP Client") terminated his tenure with the TDI Group to accept a position within the internal legal department of TD Bank. This transition occurred in limine, precisely facilitating his oversight of the myriad land title and mortgage instruments pertaining to both 625 Grandview Avenue and 591 Fleet Avenue. The acquisition of the million-dollar property by Mr. David Karat and Ms. Julia Karat was further obscured by the utilization of a pseudonymous and fraudulent identity by Ms. Karat. Ipso facto, the fraudulent nature of this representation is confirmed by her subsequent utilization of her lawful nomenclature during the February 2025 disposition of the 625 Grandview Avenue property. These maneuvers were meticulously constructed around seminal dates within the proceedings governed by the Rules of Civil Procedure, suggesting a sophisticated effort to insulate the participants from the scrutiny of the Court. *Prima facie*, the *LAT* failed in its statutory obligation to transmit the Record of Proceeding to the *Divisional Court instanter* upon service of the ***JRPA Application***. While a legal clerk of *Tribunals Ontario* purported to serve a Notice of Appearance ("NOA") on November 27, 2024, and counsel for the **Respondent Insurance Companies** followed suit on December 3, 2024, subsequent investigation of the *Ontario Courts Public Portal* ("**OCPP**") Case View in December 2025 revealed that none of the Respondents had formally *filed* their respective NOAs.

15. Consequently, the request for case management assignment was *ultra vires* and lacked the requisite authority under *Rule 77.05* of the *Rules of Civil Procedure*. Any subsequent directions, including the purported compulsory case conference requirement relayed by Evelyne Ibula on behalf of Madam Justice Shore, are *null and void ab initio*. Pursuant to *Rule 77.03*, a proceeding may only be assigned for case management upon or after the filing of a "First Defence." The invocation of inherent jurisdiction cannot supersede clear legislative intent or the mandatory framework of the *Rules of Civil Procedure* (*Baxter Student Housing Ltd. v. College Housing Co-operative Ltd.*, [1976] 2 SCR 475). The transition to the ***OCPP*** under *Rule 4.05.2.1* has effectively abolished the "acceptance of

filing" requirement formerly found in the *JSO Portal*. The Registrar's role is now limited to the ministerial act of "confirmation." Given the urgency of the underlying relief and the potential for irreparable harm, it is imperative that the President of the *Divisional Court* exercise her supervisory authority to ensure the integrity of the judicial process. *In limine*, it is submitted that the proposed Draft Order is necessary to rectify the procedural paralysis occasioned by registrariat inaction. Time is of the essence, and the interest of justice demands an immediate resolution to prevent further prejudice to substantive rights.

PART III: STATEMENT OF ISSUES

16. The issues are as follows:

a. **I. THE OBLIGATIONS INCUMBENT UPON THE REGISTRAR AND THE ADVERSARIAL RESPONSIBILITIES OF THE RESPONDENTS**

i. **A. Whether the Registrar has Failed to Comply with Statutory, Fiduciary, and Public Law Duties**

1. Whether the multifaceted nature of the duties—statutory, legal, and fiduciary—vested in the Registrar of the Divisional Court has been abridged. Whether the Registrar has committed a dereliction of these public legal duties by failing to facilitate the administrative progression of the proceeding commenced under the *Judicial Review Procedure Act*, R.S.O. 1990, c. J.1 (*JRPA*). *Prima facie*, the Registrar is bound by an exacting standard of administrative fidelity; whether any unauthorized cessation of ministerial functions constitutes an *ultra vires* exercise of discretion, thereby frustrating the *status quo ante* of the judicial process.

2. **B. Whether the Respondents have Adhered to Mandatory Procedural Requirements**

a. Whether the requisite obligations of the Respondents have been met should they intend to manifest opposition to the ***JRPA Application***. Pursuant to the *Rules of Civil Procedure*, R.R.O. 1990, Reg. 194 (*Rules*), whether specific procedural steps are mandatory for any party seeking to attain standing or receive service of documentation. Whether a failure to adhere to these prescriptive norms necessitates a judicial determination regarding the Respondents' continued participation in the litigation *in limine*.

ii. **II. THE STATUTORY INTERSECTION GOVERNING THE REGISTRAR AND THE PRESIDENT OF THE DIVISIONAL COURT**

1. **A. Whether the Legislative Framework Establishes Hierarchical Judicial Authority over the Registrar**

a. Whether the synergistic application of the *Courts of Justice Act*, R.S.O. 1990, c. C.43 (*CJA*), the *JRPA*, and the *Public Service of Ontario Act, 2006*, S.O. 2006, c. 35, Sched. A (*PSOA 2006*) defines the duties of the office. Whether the President of the Divisional Court possesses the authority to issue directives to the Registrar. Whether the Registrar's ministerial functions are subordinate to the overarching administrative supervision of the judiciary.

2. **B. Whether the Failures of the Registrar Constitute Matters Assigned to the Judiciary**

a. Whether the alleged failures of both the incumbent and the predecessor Registrars to execute their public duties represent matters inextricably assigned by law to the judiciary. Whether these administrative acts—or omissions—impinge upon the core functions of the Court, thereby falling within the exclusive purview of judicial oversight rather than executive discretion.

3. **III. EXECUTIVE INTERFERENCE AND THE PRESERVATION OF THE SEPARATION OF POWERS**
4. **A. Whether Executive Conduct Implicates Constitutional Principles of Judicial Independence**
    a. Whether the conduct of the Registrars, as employees of the Executive Branch of the provincial government, constitutes an impingement upon judicial independence under the *Judicature* sections of the *Constitution Act, 1867*. Whether any executive-led obstruction of court administration constitutes an impermissible intrusion into the independence of the judiciary. Whether such interference offends the doctrine of the separation of powers and threatens the institutional integrity of the President's Court.
5. **B. Whether Mandamus or Judicial Direction Provides the Requisite Remedy**
    a. Whether the efficacy of a direction from the President of the Divisional Court to the Registrar or, alternatively, an order of *mandamus* serves to remedy the aforementioned breaches. Whether such a prerogative writ is essential to compel the performance of a neglected public duty, thereby rectifying executive overreach and reinforcing the constitutional boundaries between the branches of government.
6. **IV. THE NEXUS OF INHERENT JURISDICTION, SECTION 146 OF THE CJA, AND THE *RULES OF CIVIL PROCEDURE***
    a. **A. Whether Inherent Jurisdiction Governs the Current Proceedings**
        i. Whether the inherent jurisdiction of the Divisional Court, or the specific authority of the President thereof, factors into the adjudication of *Motion #4*. Whether inherent jurisdiction remains a vital residual power to prevent an abuse of process and to ensure the administration of justice is not brought into disrepute.
    b. **B. Whether Section 146 and Rule 37.01 Dictate the Procedural Standpoint**
        i. Whether the procedural exigencies of *section 146* of the *CJA* and various provisions of the *Rules of Civil Procedure*, including *Rule 37.01*, are applicable herein. Whether the request for relief must be made through specific modalities and directed to a particular judicial officer to ensure strict compliance with the *Rules*.
    c. **V. THE CONVERSION OF PERMISSIVE POWERS INTO MANDATORY OBLIGATIONS**
7. **A. Whether the Principle in Julius v. Oxford (Bishop of) Governs Statutory Discretion**
    a. Whether the venerable principle articulated in *Julius v. Oxford (Bishop of)* (1880), 5 App. Cas. 214 (H.L.), as adopted by the Supreme Court of Canada in, *inter alia*, *Information Commissioner (Canada) v. Canada (Minister of Employment and Immigration)*, 1986 CanLII 6836 (FC), [1986] 3 FC 63, applies to the present circumstances.
8. **B. Whether Permissive Statutory Language Must be Interpreted as Mandatory**
    a. Whether, *ipso facto*, a statute conferring a power ("may") upon a public officer becomes an obligatory mandate when the exercise of that power is coupled with a public duty or a third party's right. Whether the Registrar's discretion is subsumed by the legal necessity of the office, rendering the performance of the duty a non-discretionary imperative.

PART IV: ARGUMENT

ISSUE #1: DUTIES OF REGISTRARS AND DUTIES OF RESPONDENTS

PART IV(I)(A): TEMPORAL DELINEATION OF ADMINISTRATIVE SUCCESSION

17. The administrative stewardship of the Divisional Court Registrar has undergone a transition during the pendency of the application pursuant to the *Judicial Review Procedure Act* (*JRPA*), the inception of which occurred on

November 15, 2024. Throughout the period spanning from the commencement of these proceedings until the third day of December, 2025, the office was occupied by Ms. Tashekah Gentles (hereinafter the "**Predecessor Registrar**"). Subsequent to the aforementioned date, the incumbency has been maintained by Ms. Roxanne Parris (hereinafter the "**Successor Registrar**").

PART IV(I)(B): THE DOCTRINE OF UBERRIMAE FIDEI AND CONSTITUTIONAL IMPERATIVES

18. The Crown, in its multifarious capacities, remains inextricably bound by the *Human Rights Code* and is subject to the constitutional constraints articulated in section 32 of the *Canadian Charter of Rights and Freedoms*. The overarching imperative for governmental instrumentalities to conduct their affairs *bona fides* necessitates an uncompromising dedication to veracity, unimpeachable equity, and a rigorous adherence to the most elevated ethical paradigms. The following tenets constitute the *sine qua non* of governmental conduct within a constitutional democracy: (a) **Veneration of the Rule of Law:** Governmental entities are mandated to operate strictly within the ambit of their statutory authority, ensuring that all administrative actions are congruent with established legal frameworks and authoritative directives; (b) **Impartiality and Objectivity:** Decisions must be demonstrably devoid of prejudice, eschewing any *prima facie* appearance of favouritism to preserve the integrity of equitable treatment. (c) **Transparency and Accountability:** A fundamental responsibility exists to maintain an open posture, providing the populace with access to the rationale underlying administrative determinations.(d) **Veracity and Integrity:** All communications must be characterized by absolute honesty; any dissemination of misinformation is deemed *contra legem*; (e) **Procedural Fairness:** The principles of fundamental justice dictate that individuals must be afforded an adequate opportunity to be heard and to contest decisions that infringe upon their interests; (f) **Prudent Stewardship:** Public resources and authority must be exercised with scrupulous care, prioritizing the collective welfare over parochial interests; (g) **Ethical Rectitude:** Public officials must avoid conflicts of interest, ensuring that personal considerations do not subvert the objective exercise of power; (h) **Respect for Inherent Dignity:** The Crown must acknowledge the intrinsic worth of every citizen, ensuring that governmental interactions are marked by civility and professional decorum; (i) **Responsiveness to Public Inquiry:** Inquiries from the citizenry must be met with diligence and timeliness, reflecting the service-oriented nature of the state; and (j) **Consistency and Predictability:** Legal and policy applications must be uniform to prevent the emergence of arbitrary or capricious administrative regimes.

PART IV(I)C)(I): STATUTORY OBLIGATIONS OF THE LICENSE APPEAL TRIBUNAL (LAT)

19. A critical distinction arises under *Rule 68.05(1)* of the *Rules of Civil Procedure* regarding the dichotomy of evidentiary filings. The materials exigently required from the Applicant are conceptually distinct from the record which the License Appeal Tribunal ("LAT") was statutorily mandated to transmit *instanter* pursuant to section 10 of the *Judicial Review Procedure Act*.

PART IV(I)C)(II): THE RIGHT TO AUDIENCE VS. PARTY STATUS

20. Pursuant to *subrule (1)(b)*, the *jus representationis* afforded to a Respondent is qualitatively different from the status of a party *per se*. This nuance is elucidated by a comparative analysis of section 9(2) and section 9(4) of the *JRPA*, as well as the prescribed nomenclature within *Form 68A*. The scope of participation is further delineated by the jurisprudential principles in *Ontario Energy Board*, *Tranquilli*, *Drewlo v. MPAC*, and *Hutchison v. Aviva*.

PART IV(I)C)(III): ABSENCE OF LAWYER OF RECORD AND CORPORATE REPRESENTATION

21. In accordance with the *Solicitors Act*, a body corporate—which constitutes a person pursuant to section 89 of the *Legislation Act*—must be represented by a lawyer in the Divisional Court. This requirement is reinforced by *Rule 15.01(2)* of the *Rules of Civil Procedure*, which stipulates that a party to a proceeding that is a corporation shall be represented by a lawyer, except with leave of the court. Consequently, while the *Access to Justice Act, 2006* expanded the rights of paralegals under the *Law Society Act*, such rights do not extend to the representation of persons within the Superior Court of Justice or the Divisional Court.

22. It is further observed that while legal counsel may serve a *Notice of Appearance*, there exists a concomitant obligation to file said document, accompanied by proof of service, in instances where the Applicant is self-represented at first instance (see: Form 68(A)). This procedural requirement ensures that the practitioner formally attains the status of "lawyer of record." Within the meaning of *Rule 1.03*, a "lawyer" is defined as a person authorized under the *Law Society Act* to practise law in Ontario, and a "lawyer's office" signifies the office of the lawyer of record as designated in the most recent document filed by said individual.

PART IV(I)(D):NOTICES OF APPEARANCE: APPLICABILITY TO FORM 68A AND REQUIREMENTS THEREUNDER

22. Under the *Rules of Civil Procedure*, the "Notice of Appearance" is a term of art appearing sixteen times, most pivotally within *Rule 38.07*. *Subrule 38.07(1)* mandates that a respondent served with a notice of application shall forthwith deliver a *Notice of Appearance* (*Form 38A*). However, the temporal requirement of "forthwith delivery" does not *ipso facto* clarify the obligation to file said notice with the court to secure party status. The initial appearance of the term in *Rule 16.01(2)* establishes that a party delivering a *Notice of Appearance* is deemed served with the originating process as of the date of delivery. While subsequent references in the Rules relate to service outside Ontario (*Rule 17*), *Rule 38.09*, and motions for security for costs (*Rule 56.03*), these are largely irrelevant to the present *JRPA* proceeding. Similarly, references within the contexts of appeals (*Rule 61.04*) and contentious estate matters (*Rule 75* and *Rule 75.1.05(1)*) are inapplicable. Of notable significance is the interaction between the *Notice of Appearance* and Case Management under *Rule 77*. Within the definitions of *Rule 77.03*, "defence" is broadly interpreted to include a *Notice of Appearance*. Pursuant to *Rule 77.05(2)*, the court's authority to assign a proceeding for case management without consent is triggered only "on or after the filing of the first defence." In the instant matter, the absence of any filing of a "First Defence" (i.e., a *Notice of Appearance*) by the Respondents rendered the imposition of case management procedurally irregular. The Applicant remained unaware of the Respondents' failure to file their respective notices until December 1, 2025. This procedural vacuum necessitated the bringing of a *Notice of Motion* (NOM #3) pursuant to *Rule 37.12(4)*, a rule which is not excluded from Divisional Court applications. Furthermore, *Form 75.4*—pertaining to estate matters in the Superior Court of Justice—is distinct from the *Form 38A* required herein. In the context of the JSO Portal, the inability to verify the filing status of the LAT's or the **Respondent Insurance Companies**' notices highlights a significant administrative discontinuity, particularly when such notices, once eventually surfaced, exhibited superfluous and suspiciously mirrored language. The linguistic structure of *Form 68A*, specifically paragraph 4, demonstrates near-consistency with *Rule 38.07(2)*. The categorical inapplicability of *Rule 38.07* to Divisional Court applications suggests that the court lacks the jurisdiction to order otherwise regarding a duly filed ***JRPA Application***. Paragraph 5 of *Form 68A* stipulates that any party intending to present affidavit evidence or examine witnesses must, in addition to serving a *Notice of Appearance*, file such evidence with proof of service within thirty days of the Applicant's Application Record service. In the present instance, the Application Record was served on December 10, 2024, establishing a deadline of January 8, 2025. A profound procedural irregularity arises from the imposition of a compulsory case

conference by Shore J. on January 7, 2025, an act deemed *void ab initio*. Subsequent discoveries from May to December 2025 necessitate the unwinding of these steps. Furthermore, the judicial reference to an "exchange of materials" is fundamentally distinct from the formal "filing" required under the *Rules of Civil Procedure*. The filing and subsequent approval of the *Certificate of Perfection* on December 16, 2024, should have precipitated the issuance of *Form 68B*. Pursuant to *Rule 68.03*, the hearing date is to be fixed by the Registrar at the place of hearing. The assertion by Madam Clerk Clegg that the Divisional Court had ceased issuing *Form 68B* constitutes a significant procedural breach; the Registrar possesses no statutory authority to override the *Rules of Civil Procedure*. Such an omission represents either an unauthorized policy shift or further fraud upon the court by an employee of the Ministry of the Attorney General. While the Applicant's *Form 68A* complied with all requirements, the Respondents utilized the "TDI Karat Theft" to evade their duty to file the ROP during the relevant temporal period. Notably, the Respondents were required under *Rule 68.04(4)* to deliver an application record and a factum within thirty days of the Applicant's service. The deadlines in *Rule 68.04(4)* and *Form 68A* are distinct: the former mandates the delivery of a record and factum, while the latter pertains to the *Notice of Appearance*. *Rule 68.05* confirms that the "material" required from the Applicant to perfect the application is distinct from the LAT's statutory obligation under section 10 of the *JRPA*. Regardless of judicial directives concerning "exchanges," the Respondents remained under a strict obligation to file their *Notices of Appearance* with proof of service to properly "present to the court" via the JSO Portal. The prejudice to a self-represented Applicant is manifest where Respondents fail to formally "oppose" through the filing of *Notices of Appearance*; any subsequent filings by Respondents in the absence of such notices must be struck from the record.

PART IV(I)(F): RECONCILING STATUTORY CONFLICTS WITHIN THE *RULES OF CIVIL PROCEDURE*

24. Complexities arise in the reconciliation of *Rule 38* of the *Rules of Civil Procedure*, which governs "Applications – Jurisdiction and Procedure," with the specific mandates of judicial review. While *Rule 38.01(1)* generally applies to proceedings commenced by a *Notice of Application* under *Rule 14.05*, *subrule 38.01(2)* explicitly excludes *Rules 38.02* and *38.09* from applications to the Divisional Court. The ***JRPA Application*** initiated by the Applicant constitutes a "Notice of Application" pursuant to *Form 68A*, which aligns with *Rule 68*. Under *Rule 68.01*, an application to the Divisional Court for judicial review must be commenced by *Notice of Application* in *Form 68A*.

Furthermore, *Rule 68.02(1)* establishes that *Rule 38* (subject to the exclusions in *subrule 38.01(2)*) and *Rules 68.03* to *68.07* govern these proceedings. Given that a ***JRPA Application*** is an application under a statute, it falls within the ambit of *Rule 14.05*.Pursuant to section 6(1) of the *JRPA*, such applications are traditionally made to the Divisional Court, comprising a panel of three judges. Consequently, *Rule 38.02* (regarding the person to whom an application is made) and *Rule 38.03* (regarding the setting of hearing dates) are rendered inapplicable to *Form 68A*. In judicial review proceedings, the Registrar is mandated to set the approximate hearing date via *Form 68B* upon the Applicant's perfection of the application through the filing of a *Certificate of Perfection*. Furthermore, section 10 of the *JRPA* imposes a mandatory duty upon the person who exercised the statutory power of decision. Upon being served with a *Notice of Application for Judicial Review*, such person—which includes a corporation or an adjudicative tribunal such as the LAT—shall forthwith file the record of proceedings in the court. This statutory obligation is distinct from the evidentiary requirements imposed upon the Applicant. Pursuant to section 9(2) of the *JRPA*, the person authorized to exercise the statutory power may be a party to the application, acknowledging the distinct legal personalities of entities such as VCM, VCL, and the LAT. Upon the formal filing and subsequent a of the *Certificate of Perfection* within the records of this Honourable Court, the Registrar is encompassed by a non-discretionary, circumscribed obligation to facilitate the expeditious placement of the application upon the requisite hearing list; concomitantly, the Registrar is mandated to disseminate the *Notice of Listing for Hearing* to all pertinent litigants. This notification functions as the indispensable procedural catalyst for the temporal determination of an adjudicative commencement, strictly adhering to the protocols articulated in *2021 CanLII DOCS 1057*, such that any substantive deviation from these legislatively prescribed demarcations would, *ipso facto*, constitute an *ultra vires* omission of the Registrar's administrative mandate and thereby undermine the integrity of the judicial process. The aforementioned dereliction represents but a singular instance within a broader constellation of jurisdictional transgressions perpetrated by the Former Registrar, who, as a creature of statute, is bereft of inherent jurisdiction; consequently, no purported exercise of administrative discretion may supersede the manifested intent of the Legislative Assembly. Furthermore, while the Former Registrar may have been susceptible to the extraneous influence of members of the judiciary—specifically *Madam Justice Shore*—it remains a fundamental tenet of our constitutional architecture that administrative duties must be discharged in accordance with the law, shielded from judicial interference in executive functions. The Registrar's primary allegiance remains

tethered to the will of the Legislature and the *Lieutenant Governor in Council*, ensuring that the administration of the *Divisional Court* remains unsullied by improper external suasion.

ISSUE #2: THE CJA WITH ACCESS TO JUSTICE BY THE AJA 2006; JUDICIAL INDEPENDENCE; JUDICIAL IMPARTIALITY AND THE CONSTITUTION ACT 1867 JUDICATURE SECTIONS

PART IV(II): THE CJA, SECTION 71

25. Pursuant to the *Courts of Justice Act, R.S.O. 1990, c. C.43* (*CJA*), specifically at *section 71* thereof, there are delineated the foundational desiderata governing the administration of the Ontario judiciary. This was a fundamental change in the statute in 2006. It is legislatively mandated that the administrative conduct of the courts be executed in a manner conducive to the preservation of judicial independence—conceived as a discrete and autonomous branch of governance—whilst simultaneously acknowledging the disparate spheres of responsibility apportioned to the Attorney General and the judiciary respectively. The provision of *section 71(a)* serves as a statutory bulwark, ensuring that the independence of the judiciary is not merely an abstract principle but a sustained operational reality, insulated from executive overreach. This independence is not a perk of office but a constitutional necessity, ensuring that the adjudicative process remains untainted by political or bureaucratic interference. Within this statutory framework, the term "maintain" is understood as synonymous with "uphold" or "sustain," necessitating a proactive preservation of the judicial sphere against both overt and subtle encroachments. Furthermore, the term "respective" denotes that which is "particular" or "separate." Ergo, the Ministry of the Attorney General and the *Superior Court of Justice* judiciary possess distinct and separate roles in the administration of justice. The Legislature, in employing such precise nomenclature, evinced a clear legislative will to ensure the separation of these roles—a position consistent with binding jurisprudence regarding the constitutional separation of powers. Consequently, the bifurcation of administrative and adjudicative functions implies that while the Ministry provides the infrastructure and personnel, the Court (President of the Divisional Court) remains the ultimate arbiter of the procedures that govern the intake, processing, and scheduling of legal proceedings. To permit the administrative branch to dictate the terms of judicial access is to invert the constitutional hierarchy.

PART IV(II)(A): EXECUTIVE LIMITATIONS: UNILATERAL DETERMINATIONS OF COURT AVAILABILITY AND FILING CONFIRMATIONS

26. It is a settled constitutional principle that the Executive branch is precluded from determining unilaterally when the courts are "open for business." As established in the *Reference re Remuneration of Judges of the Provincial Court*

of Prince Edward Island, [1997] 3 S.C.R. 3 (*Provincial Judge Reference*), while the government may designate the initial place of residence for a provincial judge, it cannot change such a designation without the judge's consent (*Id.*, at paras. 254-255 and 266). More critically, the Executive **cannot unilaterally determine** the days or hours during which the courts remain open for the transaction of business, as such an act constitutes an impermissible interference with judicial control over the sittings of the court—an essential component of administrative independence previously affirmed in *Valente v. The Queen*, *[1985] 2 S.C.R. 673* (*Id.*, at paras. 267-276). By extension, the Executive, acting through the Registry and its digital portals, cannot unilaterally determine when it confirm filings or stand idle indefinitely absent explanation, particularly when such determinations are predicated upon arbitrary technological constraints that run counter to the court's own procedural requirements and written representations. Silence is not only not an option but tantamount to obstruction of justice. Remaining silent in the face of written representations by the Registrar and other persons in a "received filing" by status that is required to be processed make the third party non-representor equally liable in "tort of deceit" or "fraudulent misrepresentation (see: Factum for NOM #3 at paragraph 15 citing *Halton v. Rezaizadeh*, 2004 CanLII 6236 (ON SC)).

27. To allow the Executive Branch to dictate the timing and validity of processing for time-sensitive submissions—especially in the face of written representations regarding processing schedules—amounts to an **interference** with the judiciary's administration of its own court, specifically the *Divisional Court*. When the **OCPP** fails to process submitted filings, it is effectively declaring, without authority or discretion, the court "closed" to specific litigants who have paid for (where applicable) and submitted documents for filings when meeting the standard in the *Rules of Civil Procedure* of "permitted use". This constitutes a *de facto* closure of the court's doors, usurping a power that resides solely within the judicial domain and violating the principle that the Registry is a servant of the Court, not its master. In the modern technologically age, it is tantamount to a litigant appearing in person to file a document and the Registrar closing the door for one person over another. The maintenance of public confidence in the administration of justice—an objective of paramount importance under *section 71(c)* of the *CJA*—is contingent upon the objective reality of an impartial, legally unimpeachable, and expeditious forum for the resolution of divergent claims. For these purposes, "**justice**" is defined as the maintenance or administration of what is just (specifically, that which is legally correct or lawful), particularly through the impartial adjustment of conflicting claims or the assignment of merited rewards or punishments. Consequently, the promotion of high-quality services

to the public, as articulated in *section 71(d)*, must be viewed not as a mere aspirational guideline, but as a mandatory standard of administrative conduct. Public confidence is fragile; it is eroded when the machinery of justice appears dysfunctional, inaccessible, or beholden to bureaucratic whim. In this context, "i**nterference**" is defined as the act of encroaching upon or obstructing a sphere of authority without lawful entitlement; it is the interposition of an extraneous force that prevents a primary actor from fulfilling its mandated functions. "**Public confidence**" mandates that the citizenry, as a collective whole, maintains faith in the methodology by which justice is dispensed. This faith is predicated on the belief that the courts are reachable and that procedural rules are applied fairly and predictably. It is the inescapable conclusion of this memorandum that the Executive has, through the systemic failures of the Registry and the ***OCPP*** portal, interfered with the independence of the judiciary. By imposing arbitrary (i.e. upon whim and personal fancy without reason) technical barriers that preclude the perfection of the record, the Executive has interposed itself between the Court and the litigant as a technological but tangible barrier, effectively determining which matters may proceed to a hearing based on digital convenience rather than legal merit. While the motive is obvious, motive or displeasure that a litigant was able to preserve and discover facts and fraud arising, whether the Former Registrar was implicated or not, is not a legal justification to turn a mandatory duty into an unfettered and unlawful discretion. This administrative obstruction prevents the judiciary from exercising its "tools necessary" to manage judicial resources, thereby constituting a direct interference with the adjudicative function because without the administration of the courts, there can be no adjudication. Any protracted administrative delay in the disposition of motions characterized as procedurally elementary or unopposed is deemed to subvert the essential objectives of the *Rules of Civil Procedure, R.R.O. 1990, Reg. 194*. Such temporal lapses constitute an *infra dignitatem* state of affairs, deleterious to the public's reliance upon judicial efficacy and the state's obligation to provide a functional legal system. The *CJA*, at *section 76(1)*, provides a comprehensive legislative instrument, statutory in nature for the rectification of administrative omissions. However, without knowledge of the President of the Divisional Court of what needs to be directed, he cannot reasonably be presumed to know what needs to be directed. Hence, the required directness by the Applicant to the attention of the President of the Divisional Court which is and was regrettable but most necessary. This provision empowers the President of the Divisional Court to issue directions to the Registrar and court staff in matters assigned by law to the judiciary. When viewed through the prism of the separation of powers and the principles articulated in the *Provincial Judge*

Reference, this authority must encompass the power to compel the administrative secretariat to discharge its ministerial obligations. The "assignment of judicial duties" is rendered illusory if the administrative prerequisites for the performance of those duties are obstructed by the Registry's internal constraints or technological failures. Judicial duties cannot be "assigned" if the record upon which those duties must be performed is held in administrative limbo. The extant impasse, precipitated by the file-size constraints inherent to the ***OCPP*** system, constitutes an *ultra vires* obstruction of the applicant's right to be heard. The Registry's refusal to accept a record that exceeds an arbitrary digital limit, while simultaneously declining to accept a physical substitute, creates a procedural vacuum. This exigency warrants a formal administrative and legal mandate from the President of the Divisional Court to the Registrar, requiring the official recognition and processing of a physically tendered, comprehensive Compendium as the record of the court, *nunc pro tunc*. This corrective measure is not merely a request for cooperation but an exercise of the Court's statutory power to ensure its business is conducted without unconstitutional impediment.

PART IV(II)(C)(I): THE HONOURABLE CHIEF JUSTICE OF QUEBEC DESCHÊNES AND THE TRIPARTITE REQUIREMENTS FOR JUDICIAL INDEPENDENCE

28. The administration of the courts by the judiciary is essential to judicial independence. As articulated in the seminal report by Justice Jules Deschênes, three distinct levels of independence are requisite for the functional integrity of the judicial branch: (A) Freedom from excessive interference with the judiciary's security of tenure, **case flow management**, and access to support services; (B) Judicial control over the rule-making power of the courts; and (C) **Complete independence** from **interference** with the administration of the courts.

29. As the judiciary is well-represented in the form of *de facto* and *de jure* control in the rule making power of the courts in the context of the *Rules of Civil Procedure*, it is only part (a) and (c) that are at issue.

30. Part (a) entitles the judiciary freedom from excessive interference in relation to case flow management. The Applicant avers that there has been excessive interference with case flow management herein but that is not the pressing and urgent issue in this Motion #4.

31. In relation to subpart (c), in this context, the adjective "**complete**" is defined as possessing all necessary or appropriate parts; entire, total, and undivided. It denotes a state of being consummate and unqualified.

Consequently, "**complete independence**" from administrative interference mandates that the judiciary must exercise total and undivided authority over the mechanisms that facilitate the administrative processes.

32. Like conflicts of interest, any interference by legislative or executive or agents of them is unacceptable and leads to a lack of judicial independence of the SCJ including the Divisional Court when it is constitutionally required. Without administration, there is no adjudication. The Divisional Court could be open for business every day with judges awaiting but if an imposed, subject to mail filing and dropping off of documents for filing, **OCPP** for Toronto Region is in place, and the Divisional Court Registrar and her employees and court staff unilaterally determine which documents it feels should be subject to confirmation of filings and which ones should not, then the rule of law is breached for some. Courts are not factotums (a general servant although the appearance of such is on display in this JRPA Proceeding) of the state but this JRPA Proceeding, hopefully idiosyncratic on the erosion of public confidence, has demonstrated that herein. Hence, the urgency of this Motion #4 and requirement that the law is respected and Rule of Law is respected. Any executive encroachment upon the administration of the court—particularly those that obstruct the flow of cases or the management of the record—violates this standard of consummate independence. It is a settled constitutional principle that the Executive branch is precluded from determining unilaterally when the courts are "open for business." As established in the *Reference re Remuneration of Judges of the Provincial Court of Prince Edward Island, [1997] 3 S.C.R. 3* (*Provincial Judge Reference*), the Executive cannot unilaterally determine the days or hours during which the courts remain open for the transaction of business, as such an act constitutes an **impermissible interference** with judicial control over the sittings of the court—an essential component of administrative independence previously affirmed in *Valente v. The Queen, [1985] 2 S.C.R. 673* (*Id.*, at paras. 267-276). By extension, the Executive, acting through the Registry and its digital portals, cannot unilaterally determine the criteria for the confirmation of filings, particularly when such determinations are predicated upon arbitrary technological constraints. To allow the administrative branch to dictate the timing and validity of processing for time-sensitive submissions amounts to an unlawful interference with the judiciary's administration of its own court, specifically the *Divisional Court*. Ergo, the issues herein in relation to the orders sought are those assigned by law to the judiciary. As such, section 76 of the CJA applies and does not necessarily require an order of mandamus.

PART IV(II)(D): CONCLUDING EXTRAPOLATIONS ON THE SUPERVISORY IMPERATIVE

33. The judicial branch is possessed of both inherent and statutory authority to ensure that the administrative function remains ancillary and subservient to the requirements of justice. The refusal of the Registry to confirm a submitted filing represents a failure to act in accordance with the implied direction of the Court, thereby justifying the invocation of the supervisory powers enshrined in the *CJA*. The Divisional Court also has supervisory direction along with control and custody of its records and must apply to those received and not processed in represented timelines or reasonable timelines and to ensure that such records are not removed by "actual interference" and "direct obstruction of justice". To permit the persistence of the *status quo ante* would be to allow a procedural defect—born of technological insufficiency—to effectively abrogate a substantive constitutional entitlement. The Registry must not be allowed to act as an unmonitored gatekeeper whose technical glitches serve as a bar to the courtroom. The resulting prejudice to the applicant is an existential threat to the integrity of the judicial process. Consequently, the application of *section 76(1)* is requisite to bridge the hiatus between administrative insufficiency and judicial necessity, thereby ensuring the operational continuity of the legal system. This directive serves to reiterate the essential separation of powers; when the administrative mechanism falters in its service to the adjudicative mandate, the superior judicial authority must intervene to safeguard the system's institutional integrity and ensure that the promise of the *CJA* is fulfilled in both letter and spirit. Justice delayed by digital inadequacy is justice denied, and it is the solemn duty of the Court to provide the necessary bridge across such administrative failures to preserve the rule of law.

ISSUE #3: WHAT IS INTERFERENCE BY EXECUTIVE BRANCH WITH THE JUDICIARY

PART IV(III): OVERVIEW OF MANDAMUS IN THE CONTEXT OF THE CJA, PSOA, AND JRPA

A. The Jurisdictional Basis for Extraordinary Relief

34. In the event that the Registrars, administrative personnel, and ancillary functionaries of the Court—most specifically the Registrar—demonstrate a failure to adhere to the directives promulgated by the Chief Justice of the *Superior Court of Justice* and the President of the *Divisional Court*, the Applicant craves an additional order in the nature of *mandamus*. However, as per the Draft Order email delivered and sent via fax to the attention of the

President of the Divisional Court, it remains a conditional one. This prerogative writ constitutes an equitable instrument of the judiciary, the fundamental essence of which is to provide a comprehensive remedy where a substantive legal right exists and has suffered impairment, yet for which no alternative adequate legal recourse is available. *Mandamus* remains a discretionary remedy, primarily invoked when a repository of public power is formally requested to exercise a mandatory authority but perversely declines to do so (*Mundulai v. Law Society of Ontario*, 2018 ONSC 6965 (CanLII), at para. 24). It serves as a judicial mechanism to compel an individual, in the public duty sense, to discharge a statutory duty explicitly imposed upon them. The writ is appropriately deployed *ipso facto* when a statutory delegate refuses the exercise of a power which they are legally compelled to manifest (David Phillip Jones & Anne S. de Villars, *Principles of Administrative Law*, 6th ed. (Toronto: Carswell, 2014) at p. 673; see also: *Zaki v. Director*, 2017 ONSC 1324 at para. 45).Furthermore, jurisdiction is found to grant *mandamus* in those exceptional circumstances where the remittal of a matter to an administrative adjudicator for reconsideration threatens to bring the administration of justice into disrepute (*D'Errico v. Canada (Attorney General)*, 2014 FCA 95 at para. 16). In the case at bar, there exists no subsequent administrative decision-maker to whom the matter might be submitted, as the duties in question reside exclusively with the Registrar. A writ of *mandamus* is, by definition, a command issued by the *Superior Court* directing the consummation of a statutory or public obligation to which the Applicant possesses a strict legal right (*Apotex Inc. v. Canada (Attorney General)*, [1994] 1 F.C. 742 (F.C.A.); *Bidal v. Ontario (Natural Resources)*, 2015 ONSC 506 (CanLII), at para. 11).

II. PROHIBITION AND MANDAMUS: RESTRAINING EXCESS OF JURISDICTION

A. Preservation of the Judicial Hierarchy

35. The writ of prohibition and the order of *mandamus* represent prerogative remedies situated firmly within the inherent jurisdiction of the *Superior Court*. The Applicant seeks these remedies to compel the *Ontario Court of Justice* to desist from any attempted exercise of jurisdiction that is *ultra vires*. The function of the writ of prohibition is to ensure that courts entrusted with judicial responsibilities remain strictly within the delineated parameters of their jurisdiction (see: *Clifford and O'Sullivan*, [1921] 2 A.C. 570 (U.K. H.O.L.); *McDonald (Re)* (1957), 11 D.L.R. (2d) 655 (Ont. S.C.)). Notwithstanding its availability, it is acknowledged that a writ of prohibition remains a remedial measure of considerable extremity, to be applied with the utmost circumspection and only in the most compelling of circumstances (*R. v. Hamlink (Re)* (1912), 26 O.L.R. 381 (Ont. S.C.); *Canada Metal Co. Ltd. v. The*

Queen (1975), 8 O.R. (2d) 773 (Ont. C.A.)). But a writ of mandamus is distinct in the legal sense. No such writ of prohibition, which is more extreme than a writ of mandamus, is currently sought.

III. THE DOCTRINE OF MATURITY AND THE CLEAR LEGAL RIGHT

A. Pre-emptive Remediation

36. Relief in the nature of *mandamus* is inherently pre-emptive; however, it is not to be characterized as premature as pre-emptivness or correction of misconduct in the face of non-discretionary clear public legal duties to act cannot be considered premature when there has been unreasonable delay (i.e. demands, requests and requisitions have been made but without implied refusal). The temporal threshold regarding the availability of this remedy was scrutinized in *Apotex Inc. v. Canada (Attorney General)*, 1993 CanLII 3004 (F.C.A.), where the Court articulated that an application for *mandamus* should only be dismissed on the grounds of prematurity where a compelling justification exists. As the only conceived prematurity that could exist would be the failure of the Registrar to comply in the face of further demands and in the face of a direction of the President of the Divisional Court absent an order or in the face of an order. The position of the Sheriff in Sunrise North Senior Living Ltd, (2020 ONSC 469) that the applicant therein (Sunrise) must fist seek a contempt order against Mr. Salmon, the tenant living in the senior assisted living home, was rejected by the erudite panel of M.G.J. Quigley, Conway and Favreau JJ. of this very Divisional Court on grounds of, inter alia, lack of practical purpose, lack of voluntary action by Mr. Salmon despite consent to do what he said he would do, and the delays in implementing the underlying order. Like the case of *Sunrise North Senior Living*, the legislative scheme takes paramountcy and under this legislative scheme, the Registrar has a duty to act but if she does not in the face of complying with the law and a court order, a conditional mandamus route is the preferrable route based on a "wait and see" approach.

B. The Requisite Conditions for Coercion and the Law of Admissions

37. Adopting the jurisprudential guidance from *Karavos v. Toronto (City)*, [1948] 3 D.L.R. 294 (Ont. C.A.), the party seeking such relief must demonstrate a "clear legal right to have the thing sought by it done in the manner and by the person sought to be coerced." *Prima facie*, an order of *mandamus* shall not lie to compel a public officer to act in a specific manner if the obligation to act has not matured as of the date of the hearing (*1772853 Ontario v. The Corporation of the Town of East Gwillimbury*, 2018 ONSC 4094 (CanLII), at para. 32). The obligation to act in

relation to the November 26, 2025, submitted filing, matured by admission of the Registrar or written representation. Simply put, it is no longer a justiciable issue. Consequently, the restoration of the *status quo ante* or the fulfillment of the statutory duty is necessitated to prevent a vacuum of legal accountability.

LEGAL TEST FOR MANDAMUS

38. The eight-step test to determine whether an award of mandamus can be made was set out by the Federal Court of Appeal, affirmed by the Supreme Court of Canada, 1994 CanLII 47 (SCC), [1994] 3 S.C.R. 1100 in *Apotex Inc. v. Canada (Attorney General)(1993)*, 1993 CanLII 3004 (FCA), [1994] 1 F.C. 742 (C.A.) at para. 45

a. There must be a public legal duty to act:
b. The duty must be owed to the applicant:
c. There is a clear right to performance of that duty, in particular
    i. the applicant has satisfied all conditions precedent giving rise to the duty;
    ii. there was (i) a prior demand for performance of the duty; (ii) a reasonable time to comply with the demand unless refused outright; and (iii) a subsequent refusal which can be either expressed or implied, e.g. unreasonable delay;
d. Where the duty sought to be enforced is discretionary, the following rules apply:
    i. in exercising a discretion, the decision-maker must not act in a manner which can be characterized as "unfair", "oppressive" or demonstrate "flagrant impropriety" or "bad faith";
    ii. mandamus is unavailable if the decision-maker's discretion is characterized as being "unqualified", "absolute", "permissive" or "unfettered";
    iii. in the exercise of a "fettered" discretion, the decision-maker must act upon "relevant", as opposed to "irrelevant", considerations;
    iv. mandamus is unavailable to compel the exercise of a "fettered discretion" in a particular way; and
    v. mandamus is only available when the decision-maker's discretion is "spent"; i.e., the applicant has a vested right to the performance of the duty.
e. No other adequate remedy is available to the applicant.
f. The order sought will be of some practical value or effect.
g. The Court in the exercise of its discretion finds no equitable bar to the relief sought.
h. On a "balance of convenience" an order in the nature of mandamus should (or should not) issue.

INTERPLAY BETWEEN MANDAMUS, SEPARATION OF POWERS AND BALANCE OF POWERS

I. DOCTRINE OF MANDAMUS AND ADMINISTRATIVE COMPULSION

39. The writ of mandamus constitutes an extraordinary judicial intervention requiring a public official to fulfill a specific affirmative obligation. As articulated in *Apotex Inc. v. Canada (Attorney General)*, [1994] 1 F.C. 742 (Fed. C.A.), the judiciary exercises this power of compulsion only where a clear ministerial duty exists. In the present instance, the Registrar possesses no discretionary latitude to decline the processing of filings once an Applicant has remitted payment via the **OCPP**. Consequently, administrative disruptions or personnel changes cannot constitute a statutory justification for the non-performance of mandatory ministerial obligations. As such, the Former

Registrar and Current Registrar's duties are executive: requiring the carrying out of a law, instruction, etc. The Canadian constitutional framework precludes the *Ministry of the Attorney General of Ontario* ("MAG") from exercising superintendence over adjudicative matters sequestered within the exclusive province of the *Divisional Court*. This separation ensures that while the executive implements law, the judiciary remains the sole interpreter of statutes within a specific factual matrix. Under the doctrine of *stare decisis*, consistency is maintained through adherence to the binding precedents of the *Court of Appeal for Ontario* ("ONCA") and the *Supreme Court of Canada* ("SCC").

III. JUDICIAL INDEPENDENCE AND PROCEDURAL REDRESS

A. Jurisdictional Distinctness

40. One must distinguish the constitutional entrenchment of superior court independence from the status of the *Ontario Court of Justice* ("OCJ"). Furthermore, the prerogative jurisdiction to quash statutory decisions resides with the *Superior Court of Justice* ("SCJ") under the *Judicial Review Procedure Act* ("JRPA") or its inherent equitable authority. Under the model of "Responsible Government," the Attorney General serves a dual role as a legislator and the Chief Law Officer of the Crown. This role is strictly administrative regarding court records; pursuant to the *Courts of Justice Act*, the Deputy Attorney General may only direct the destruction of redundant materials with the express approval of the respective Chief Justices.

IV. JUDICIAL CONDUCT AND REMEDIAL MOTIONS

A. Statutory Removal Criteria

41. Pursuant to section 80 of the *Judges Act*, the removal of a federally appointed judge is justified only if their conduct profoundly undermines public confidence in the "Three I's": **Impartiality, Integrity, and Independence**.

B. Rectification of Irregularities

42. While the *Canadian Judicial Council* ("CJC") oversees conduct, it cannot vacate judicial orders. Litigants alleging material irregularities or "fraud on the court" must move *intra* the proceeding to set aside the impugned order under *Rule 59.06(2)(a)* or *Rule 2.02* of the *Rules of Civil Procedure*. In Ontario, such grievances are resolved through diligent motion within the existing litigation framework rather than through the initiation of independent actions.

43. Pursuant to the *Rules of Civil Procedure*, the "registrar" denotes the administrative authority of the Divisional Court or Superior Court of Justice, domiciled at Osgoode Hall. Under *section 73* of the *Courts of Justice Act* (*CJA*), court administration remains an executive function overseen by the Deputy Attorney General, who may delegatively assign powers to registrars and administrative staff regardless of their appointment status under the *Public Service of Ontario Act, 2006* (*PSOA*).Registrars, as officers of the court, are bound by solemn oaths of office and allegiance under the *PSOA* and *O. Reg. 373/07*. Recent leadership transitions—specifically the succession of the "Current Registrar" following the departure of the former incumbent on December 3, 2025—highlight the "managerial" nature of the role. Administrative failures, such as saturated communication channels during critical filing periods, suggest a breach of the proficiency required of these managerial public servants.

44. While judges enjoy absolute immunity under *section 82* of the *CJA*, registrars possess only qualified immunity pursuant to *section 142*. This protection is strictly contingent upon "good faith" conduct. As established in *Bhasin v. Hrynew* and *C.M. Callow Inc. v. Zollinger*, good faith precludes half-truths or strategic silence. Furthermore, *Grosvenor v. East Luther Grand Valley* defines "bad faith" as unreasonable or arbitrary conduct lacking the transparency required of government officials.

ANALYTICAL PRECISION IN RELATION TO THE APOTEX TEST: TREATMENT IN ONTARIO

45. In the pivotal adjudication of *Sunrise North Senior Living Ltd. v. Sheriff (Regional Municipality of York)*, 2020 ONSC 469 ("*Sunrise*"), the Divisional Court engaged in a fastidious application of the *Apotex* criteria to determine the eligibility of the Sheriff's statutory obligations. The following analysis elaborates upon the judicial reasoning, exploring the intricate legal principles that underpinned the granting of this extraordinary remedy:

a. **Part 1: Public Legal Duty to Act** It was determined that the Sheriff was encumbered by a categorical public legal duty to act. The judicial analysis delved into the comprehensive statutory regime governing evictions, specifically noting that the *Residential Tenancies Act* and the *Courts of Justice Act* do not merely suggest assistance but mandate the enforcement of orders issued by the Landlord and Tenant Board. This duty is not owed to the public at large in an abstract sense, but rather constitutes a specific administrative obligation triggered by the filing of a valid writ. It was observed that the Sheriff serves as the executive arm of the judiciary; consequently, a failure to act represents a rupture in the chain of legal enforcement, rendering the duty mandatory rather than permissive. To permit the executive branch to unilaterally suspend the enforcement of valid orders would effectively grant administrative officials a pocket veto over judicial determinations, a result that is fundamentally incompatible with the rule of law.

b. **Part 2: Duty Owed to the Applicant** The obligation was found to be specifically incumbent upon the respondent in relation to the applicant. Insofar as the eviction order was issued in favour of *Sunrise* and subsequently filed with the Sheriff's office, the primary objective of enforcement—namely, the provision of vacant possession—constituted a duty directly owed to the party seeking relief. It was emphasized that when a private party obtains a judicial or quasi-judicial order, the state's enforcement mechanisms are invoked for that party's benefit. To deny this specificity would be to render the enforcement process an exercise in futility, as the applicant possesses a unique legal interest in the subject unit that is not shared by the general public. This nexus between the statutory duty and the applicant's proprietary interest is the quintessential hallmark of a *mandamus* application.

c. **Part 3: Clear Right to Performance** A crystallized right to the performance of the duty was established through a rigorous adherence to procedural prerequisites. Pursuant to the requirements of *Apotex*, it was demonstrated by the applicant that all conditions precedent giving rise to the duty were met. This was substantiated by a three-fold evidentiary showing: (i) a prior formal demand for performance, (ii) the passage of a reasonable temporal interval for compliance, and (iii) a subsequent refusal that was, at minimum, implied by the Sheriff's sustained inaction and explicit statements of reluctance. It was noted that a "clear right" does not necessitate the absence of a dispute, but rather the fulfillment of all legal triggers that leave the official with no remaining lawful excuse for non-performance. In this instance, the applicant had exhausted every administrative prerequisite, leaving the Sheriff with a singular, non-negotiable path: execution.

d. **Part 4: Non-Discretionary Nature of the Duty** The duty was characterized as purely ministerial rather than discretionary. The judicial exegesis clarified that while the Sheriff may possess discretion regarding *how* an eviction is executed—specifically concerning the selection of logistics, the number of personnel deployed, and the precise timing of the operation—no discretion exists regarding *whether* the order should be enforced. Once the statutory conditions are satisfied, the Sheriff's role is executive. To permit the Sheriff to evaluate the underlying merits of an eviction order, or to decline enforcement based on subjective assessments of health and safety, would be to grant the executive a veto over judicial determinations. This would be *ultra vires* the Sheriff's jurisdiction and contrary to the constitutional separation of powers, as it would effectively allow a subordinate official to sit in appeal of a tribunal's final order.

e. **Part 5: Absence of Adequate Alternative Remedies** The Court rejected the respondent's contention that the applicant was required to exhaust secondary remedies, such as contempt proceedings, prior to seeking *mandamus*. It was reasoned that the legislature intended the Sheriff to serve as the primary and most efficient enforcement mechanism for property rights. Requiring a landlord to initiate separate, potentially protracted contempt litigation against a tenant would not only subvert the legislative scheme but would also impose an unreasonable procedural burden on the applicant. An "adequate" alternative must be one that is equally convenient, beneficial, and effective; it was found that contempt proceedings failed this threshold as they did not directly achieve the primary goal of vacant possession. Furthermore, forcing a litigant into a separate cycle of litigation to enforce an already final order constitutes a denial of justice and an inefficiency that the *Judicial Review Procedure Act* seeks to remedy

f. **Part 6: Practical Utility and the Doctrine of Futility** The respondent's assertion that the order would be *nugatory* or redundant was dismissed through a meticulous examination of the doctrine of futility. First, although *subsection 141(1)* of the *Courts of Justice Act* already mandates enforcement, the continued failure of the Enforcement Officers to discharge this duty rendered *mandamus* necessary to compel compliance. The writ serves to activate the existing statutory mandate that has fallen into a state of dormancy. Second, the claim that the police would refuse assistance was addressed. It was noted that an assumption of police recalcitrance in the face of a direct judicial order would be premature and speculative (at paras. 148-150). Pursuant to *Friends of the Oldman River Society v. Canada (Minister of Transport)*, [1992] 1 S.C.R. 3, prerogative relief is only withheld in those rare instances where implementation is an absolute impossibility; in this case, the potential for multi-agency cooperation remained a viable path toward enforcement that the judiciary was unwilling to foreclose.

g. **Part 7: The Absence of Equitable Bars and the "Clean Hands" Doctrine** In accordance with the doctrine of "clean hands" (*Zaki v. Canada (Citizenship and Immigration)*, 2013 FC 272; *Khalil v. Canada (Secretary of State)*, [1999] 4 F.C. 661), a fastidious review of the applicant's conduct was conducted. The record established that *Sunrise* acted with exemplary fairness and transparency. The applicant had previously

consented to an order that afforded the resident a generous temporal window—exceeding twenty-four months—to secure alternative accommodations, while simultaneously forgoing significant rent arrears in an effort to facilitate a peaceful transition. It was observed that the applicant's pursuit of enforcement was a last resort following the exhaustion of all conciliatory avenues. Consequently, the applicant demonstrated a degree of *bona fides* that surpassed the requisite threshold, ensuring that no equitable impediment, such as laches or bad faith, could be invoked to frustrate the issuance of the writ.

h. **Part 8: Balance of Convenience and the Public Interest** The final criterion required a balancing of competing interests, wherein it was recognized that while health and safety risks may occasionally militate against *mandamus*, such discretion must only be exercised in the "clearest of circumstances" (*Apotex*, at paras. 124-125). In *Sunrise*, the resident's personal hardships, while significant and warranting compassion, did not outweigh the broader public interest in upholding the rule of law. It was emphasized that allowing an official to refuse the enforcement of a valid order creates a dangerous precedent of selective law enforcement, where the execution of rights becomes contingent upon the subjective comfort of the enforcer. Therefore, the balance of convenience favoured the applicant, as the integrity of the judicial system depends upon the predictable and certain execution of its mandates (at paras. 155-156).

ISSUE #4: INHERENT JURISDICTION, SECTION 146 OF THE CJA AND PROCEDURE

PART IV(IV)(A): THE STATUTORY PROVISION

46. Pursuant to *Section 146* of the *Courts of Justice Act, R.S.O. 1990, c. C.43* (the "*CJA*"), the legislature has enacted a residual procedural safety valve intended to facilitate the exercise of judicial authority where the existing regulatory framework is silent or deficient. The provision mandates that: "Jurisdiction conferred on a court, a judge or a justice of the peace shall, in the absence of express provision for procedures for its exercise in any Act, regulation or rule, be exercised in any manner consistent with the due administration of justice." The concept of the "due administration of justice" is not merely an aspirational sentiment but a robust constitutional and procedural imperative. It encompasses the equitable, efficient, and proper functioning of the adjudicative apparatus, ensuring that the rule of law is upheld through the impartial application of procedural fairness. It necessitates that litigants receive *prima facie* equal treatment, that disputes are adjudicated with appropriate celerity to avoid undue prejudice, and that the judiciary remains a bastion of independence, insulated from external administrative or systemic failures. The Divisional Court, as a constituent branch of the Superior Court of Justice, remains endowed with a venerable and comprehensive inherent jurisdiction. This authority is an *a fortiori* power that transcends specific statutory enumerations, subsisting in the common law to ensure the efficacious administration of justice and the control of the Court's own processes. This jurisdiction operates coextensively with the *Rules of Civil Procedure*, particularly in instances where an administrative *lacuna* threatens to frustrate the fundamental objectives of the *Judicial Review Procedure Act* (*JRPA*). The constitutional bedrock of this pervasive authority is rooted in the judicature provisions of the *Constitution Act, 1867*. It functions as a necessary judicial corrective against

mechanical formalism, permitting the Court to remedy failures in its administrative machinery that would otherwise result in an *infra dignitatem* frustration of a litigant's rights. The jurisprudence established by the appellate courts of Ontario maintains a rigorous distinction between the *modus operandi*—the procedural method—and the substantive source of power. *Section 146* of the *CJA* is a procedural curative measure; it is not a font of substantive jurisdiction *ex nihilo*. The invocation of *Section 146* requires an initial determination of whether the Court possesses the underlying substantive power. The Court must ascertain whether the authority sought is conferred by the *CJA*, the *Rules of Civil Procedure*, a specialized statute, or the Court's inherent jurisdiction. Should the power be absent, *Section 146* cannot be utilized to bootstrap jurisdiction or to act *ultra vires* by bypassing explicit statutory prohibitions. Once substantive authority is established, *Section 146* becomes operative in three specific circumstances: **Silence (Lacunae):** Where the rules entirely omit the mechanism for exercising an existing power; **Inconsistency or Ambiguity:** Where contradictory rules or vague language render the implementation of a power impractical; and **Logistical Impasse:** Where the prescribed procedure is rendered impossible by unique exigencies, such as the systemic failure of electronic filing infrastructure. In such instances, the Court is empowered to devise a fair and necessary procedure, often by adapting analogous principles to fill the immediate gap, provided such measures are consistent with the "due administration of justice."

PART IV(IV)(D): JURISPRUDENTIAL CONSTRAINTS: SUBSTANCE VS. PROCEDURE

47. The following table delineates the "bright line" distinction between permissible procedural gap-filling and impermissible substantive expansion:

Authority	Core Jurisprudential Principle	Judicial Rationale & Extrapolation
TD Insurance v. Sivakumar	*Prohibition on Pre-Action Discovery*	*Section 146* cannot be invoked to create a new, intrusive power not contemplated by *Rule 36.01*. A deliberate legislative omission constitutes a substantive boundary.
Cheong v. Ontario	*Inviolability of Limitation Periods*	Statutory limitation periods define the substantive jurisdiction of the Court. *Section 146* cannot be used to extend a deadline that terminates a cause of action, as this would usurp the legislative function.
Li v. Li	*Constraints on Subordinate Officers*	Master (now Associate Judges) cannot use *Section 146* to exercise powers beyond their limited statutory mandate. The provision does not bestow inherent jurisdiction upon statutory officers.
Children's Aid Society v. R. N.	*Remediation of Procedural Silence*	Where the *Family Law Rules* were silent on transcript production, *Section 146* was properly utilized to operationalize the Court's inherent power to control its records.

In the absence of specific protocols for drug testing under *Section 105* of the *CJA*, *Section 146* permitted the importation of analogous fair procedures to protect non-parties.

PART IV(IV)(E): APPLICATION TO THE CURRENT EXIGENCY

48. *Rule 1.04(2)* of the *Rules of Civil Procedure* provides that where matters are not provided for in the *Rules*, the Court may make an order that is proportionate and just. This is a codification of the common law principle that procedural technicalities must not be permitted to trump substantive justice. As affirmed in *Marchand v. Public General Hospital Society*, the Court's inherent jurisdiction is available to prevent an abuse of process arising from the application of its own rules or, *a fortiori*, its administrative failures. The current impasse, necessitated not by a dereliction of duty by the Applicant but by the operational inefficacy of the electronic infrastructure, mandates the invocation of the Court's residual power. The failure of the electronic filing system, which is intended to facilitate justice, must not be allowed to frustrate it. The Applicant seeks a remedy *nunc pro tunc*—ratifying the alternative, legally compliant tender of the physical record. The failure of the Registrar to act constitutes an egregious breach of the obligation to provide services that ensure judicial independence. A judiciary can only function effectively when its administrative branch does not exert an indirect veto over a litigant's right to be heard through technological obsolescence. Any insistence that the Applicant initiate a separate proceeding to address these administrative defects would constitute a further abuse of process. As noted in *9383859 Canada Ltd. v. The Court of Appeal for Ontario*, the Court must distinguish between a failure to comply with an order and a failure caused by systemic administrative malfunctions. Here, the *JRPA* proceeding is active, and there is no order in default; the defect is purely a manifestation of the "Digital Wall" caused by file size limitations. The doctrine is clear: **Jurisdiction first, procedure second, legislative intent foremost.** The Court is beseeched to employ its inherent power to deem the procedural steps completed and the application perfected. This intervention is preservative, aimed at safeguarding the Applicant's ability to proceed *ex debito justitiae* despite systemic administrative failures. The integrity of the judicial system depends upon the Superior Court's willingness to serve as the ultimate corrective for procedural and administrative malfunctions. The Court has the authority to issue such an Order under Rule 59.06 and Rule 54.05 of the Rules. Additionally, if the Court is willing to waive the need for the moving party to prepare and file motion materials, pursuant to Rule 37.01 and 2.03 of the Rules, the moving party may

simply file a draft Order for the Court's consideration. It is also advisable to have the Accountant approve the draft Order amending the Judgment before proceeding with these steps.

ISSUE #5: STATUTORY INTERPRETATION: WHEN DOES MAY BECOME A MUST: NECESSARY EXECUTION OF EXECUTORY DUTIES AND REQUIREMENT OF THE PRESIDENT OF THE DIVISIONAL COURT TO DECIDE THIS MOTION

49. This issue deals with the following: Principles of necessary execution; and The principles from Julius v. Oxford (Bishop Of), 1888. This proactive and resource-intensive submission of the complete Compendium is predicated on a fundamental syllogism derived from established public law principles that govern the exercise of discretion by public officials and judicial bodies. This doctrine, which determines when a statutory power is an obligation, was authoritatively articulated in the seminal House of Lords decision, ***Julius v. Lord Bishop of Oxford*** ((1880) 5 A.C. 214 at 243). It establishes that where a statutory or procedural "may" is coupled with a legal right or interest of the subject, the permissive language transforms into an obligatory "must." This is the doctrine of "**power coupled with a duty**." The essence of the *Julius* rule is found in the dual analysis, and its application here is absolute: (a)Is the power conferred upon a public functionary or a body for the public good? (Yes: The maintenance of the Court record, which ensures transparency and the integrity of the judicial process. This is consistent with the Charter specifically section 2(b); and (b) Is the object of the power to effectuate a legal right possessed by an individual or a defined class? (Yes: The litigant's right to file, processing within spirit and substance of compliance with written representations and be heard on the entirety of the evidence presented, ensuring procedural fairness.)

50. Lord Cairns, in his judgment, articulated this necessity with precision: "Where a power is deposited with a public officer for the purpose of being used for the benefit of persons... with regard to whom a definition is supplied by the legislature... the power ought to be exercised." The policy rationale underpinning this transformation is the prevention of public officials arbitrarily withholding benefits or rights intended for the subject. The discretion afforded is therefore merely as to the timing and manner of execution, not as to the performance itself. The Registrar's inherent power to "file" a document is clearly deposited with a public officer and for the benefit of litigants who have a legal right to bring a claim, thereby triggering this doctrine. The refusal or systemic failure to execute this power is not the legitimate exercise of discretion, but the wrongful abdication of a ministerial duty. The inability of the **OCPP** to handle large files cannot be construed as a legitimate basis for the Registrar to refuse

the ministerial act of filing; rather, it creates a positive obligation to accept alternative, legally compliant forms of tender, such as the physical delivery completed by the Applicant. This obligation is rooted in the concept of **public trust**, whereby public functionaries are deemed trustees of their statutory powers, holding them in favour of the beneficiaries (the litigants). Furthermore, this principle intersects fundamentally with the distinction between mandatory and directory provisions. The determination is often guided by the principle of **consequence**: if the failure to strictly comply with a rule defeats the object of the enactment or prejudice a substantive right, the provision is deemed mandatory. Conversely, if non-compliance does not affect the substance of the act, it is merely directory. In this context, the requirement for a filing to be received, accepted, and stamped is mandatory because it affects a substantive right (the date of filing and the right to have a complete record considered). The failure to execute this mandate is a fundamental error, justifying judicial intervention (e.g., *mandamus*). Conversely, aesthetic or secondary requirements (like specific binding colours or font sizes, as argued in Section III) are merely directory, and their failure to be met should not nullify the filing. The processing of the complete record, therefore, is a mandatory obligation imposed on the Registrar's Office, the non-compliance with which directly frustrates the Applicant's right to judicial review. The very act of filing of the NOM #3, when payment has been made, whereas the *means* of filing (digital vs. physical) is directory; since the Applicant achieved the mandatory end (full tender), the Registrar's duty to affirm it must be mandatory. The Registrar's duties were **executory** in requiring to carry out the law. The days of the Registrar having the power and duty of "acceptance" and then "confirmation" in a two stage test have been abolished for Toronto Region Divisional Court matters. The LGIC intent was to remove the two step process to more of a "confirmation" of the filing as opposed to the languishing and delayed process of "Acceptance being Required" and then a "confirmation". This distinction is paramount: the Court must find that the failure of the Registry pertains to the directory aspect (the mode of processing the filing) and not the mandatory aspect (the requirement to confirm the *content* of submitted filed documents). This analysis is further buttressed by the **Public Interest Test** in statutory interpretation, which dictates that where the procedural steps relate to the public interest in efficient and fair justice (as perfection does), the steps are construed as mandatory. The public interest is not served by allowing a technical digital failure to obstruct the judicial review of an administrative tribunal's decision.

51. It is a fundamental tenet of the common law that while members of the judiciary enjoy absolute immunity in the *bona fide* discharge of their adjudicative functions, such protection is not an impenetrable shield for *acta* that fall outside the scope of the judicial mandate. Where a jurist maintains a calculated silence in the presence of flagrant misrepresentations—or actively commissions such falsehoods—there exists a robust theoretical basis for a finding of the tort of deceit. Although judicial immunity is ostensibly absolute, it is limited to the *bona fide* exercise of the judicial office; it is argued that the deliberate suppression of truth or the failure to act when a motion is properly seized of the court constitutes a non-exercise of function. Furthermore, where a statutory or procedural "may" is conjoined with a pervasive legal duty, the permissive language is transformed into a mandatory obligation—*imperativus pro permissivo*—thereby rendering inaction a breach of the judicial oath. The Applicant does not erroneously posit that the Associate Chief Justice (acting as President of the Divisional Court) would incur personal liability in damages for a failure to adjudicate *Motion #4*, particularly in light of the *Telezone* line of authority which distinguishes the jurisdiction of judicial review from that of private law claims for damages. Notwithstanding this distinction, the Superior Courts possess the inherent jurisdiction to award *Charter* damages in highly idiosyncratic circumstances where a breach of the *Canadian Charter of Rights and Freedoms* is manifest and substantial. While the *ratio decidendi* in *RWDSU v. Dolphin* ***Delivery*** *Ltd., [1986] 2 S.C.R. 573* affirms that the judiciary is not "government" within the strict ambit of *section 32(1)*, and that the mere existence of a judicial order does not *ipso facto* trigger *Charter* application, a profound constitutional question arises: does the *non-exercise* of a judicial function constitute an omission that invites *Charter* scrutiny? The late Professor Emeritus Peter Hogg articulated that the *Charter* shall apply to court orders in three distinct circumstances: (i) where an order is issued *sua sponte* for a public purpose; (ii) in proceedings where the government is a party; and (iii) in private proceedings governed by statutory law. In the present instance, the latter two categories are applicable. The Attorney General of Ontario and the License Appeal Tribunal (the "Tribunal") are Respondents in this proceeding, the latter being an adjudicative tribunal that has demonstrably failed to comply with its obligation to file a *Notice of Appearance* with proof of service. Given that this proceeding is brought under the *Judicial Review Procedure Act, R.S.O. 1990, c. J.1*, it is unequivocally governed by statute. While the common law authorizes private action not prohibited by positive law, it only offends the *Charter* when it crystallizes into an enforceable rule. Thus, where a statutory

authority is exercised—or ignored—in a manner that infringes a *Charter* right, the court is duty-bound to modify the common law rule to ensure constitutional compliance. The question of whether the *Charter* applies to court orders predicated upon statutory authority remains a complex and nuanced issue in Canadian jurisprudence. In *Young v. Young, [1993] 4 S.C.R. 3,* the Supreme Court of Canada left this question largely unresolved. However, even in the absence of a direct application of the *Charter*, the decision in *Temoin v. Martin, 2012 BCCA 250* establishes as a *prima facie* principle that "*Charter* values" must invariably inform the court's discretion. *Charter* values are not merely aspirational; they are interpretive imperatives. As underscored in *Slaight Communications Inc. v. Davidson, [1989] 1 S.C.R. 1038*, legislation must be construed in a manner that favours the advancement of these values. In the case at bar, the "open court principle" enshrined in *section 2(b)* of the *Charter* has been systematically undermined. The persistent breaches of the *Rules of Civil Procedure, R.R.O. 1990, Reg. 194* constitute a deleterious erosion of the *status quo ante*, necessitating immediate judicial rectification. A prolonged and unjustified silence on the part of the President of the Divisional Court would represent not only a dereliction of duty but a conduct-based erosion of public confidence. Such inaction may properly be the subject of a complaint to the *Canadian Judicial Council* on the grounds of misconduct or a failure in the due execution of office. It is submitted that where a judge occupies a position that a reasonable, fair-minded, and informed observer would deem incompatible with the judicial office, the integrity of the entire court is compromised. Access to justice is not merely a procedural convenience but a fundamental human necessity and a cornerstone of the Rule of Law. As Chief Justice Wagner has observed, the preservation of judicial independence is a constitutional imperative. This independence rests upon the "Judicature Sections" (*sections 96 to 101*) of the *Constitution Act, 1867*. The doctrine of separation of powers dictates that the Executive branch and its administrative agents are strictly prohibited from interfering with the internal administration of the judiciary. Any such encroachment is *ultra vires*. As articulated in *MacKeigan v. Hickman, [1989] 2 S.C.R. 796*, the judiciary must maintain exclusive dominion over its own processes. Interference by legislative or executive organs—including administrative scheduling that impacts the substantive rights of litigants—is a violation of judicial independence. In *Beauregard v. Canada, [1986] 2 S.C.R. 56*, the Supreme Court identified the three pillars of judicial independence: the impartial umpire, the court as the defender of the Constitution, and the statutory protections of the *Constitution Act, 1867*. The Applicant contends that the current administrative impasse constitutes an impermissible interference with these pillars, demanding the

intervention of this Honourable Court to restore the appearance of impartiality and the reality of justice. Without the Registrar of the Divisional Court discharging her duties to ensure that submitted filings in the **OCPP** are processed within represented timelines, it acts as a de facto or analogous closing of the courts for a particular proceeding or multiple proceedings. That is without question interference with judicial administration and represents a breach of the constitutionally required judicial independence of the Divisional Court. There is no defence to non-compliance with the law and non-compliance with written representations. This is more forcefully buttressed when the Registrar is a creature of statute and its duties are merely executory. The Applicant respectfully requests that the President of the Divisional Court grant the orders in the Draft Order that has been emailed to the Divisional Court, Former Registrar and Current Registrar and faxed to the President of the Divisional Court.

ALL OF WHICH IS RESPECTFULLY SUBMITTED ON THIS 23st day of December 2025

ORDER

Court file no. DC-24-00000718-00JR

ONTARIO SUPERIOR COURT OF JUSTICE

(**DIVISIONAL COURT**)

_____ _____ _____

The Honourable Mr. Justice Morawetz Date:

[SEAL]

BETWEEN:

KEVIN ALEXANDER MCLEAN

APPLICANT

- AND -

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE

APPEAL TRIBUNAL, HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

ORDER

THIS MOTION, initiated by the Applicant, Mr. Kevin A. McLean (BA, JD, CIM) (the "Moving Party") seeking comprehensive and multifaceted interlocutory relief—encompassing the abridgment of temporal requirements, the judicial dispensation of various procedural formalities prescribed under the *Rules of Civil Procedure*, and mandatory directions by the President of the Divisional Court to the Registrar, court staff et al, directed specifically at the administrative conduct of the Registrar of the Divisional Court—was adjudicated this day via written format, without oral argument and in the absence of the public at the Divisional Court, Osgoode Hall, 130 Queen Street West, Toronto, Ontario (the "Divisional Court");

ON READING the *Notice of Motion #3* and the *Compendia* associated therewith of which the most recent iteration was deposited via postal mail filing ("Mail Filing") on December 11, 2025; the *Motion Record for Motion #4*; the exhaustive electronic filings submitted via the Ontario Courts Plus Portal (OCPP) during the period spanning November 2025 to December 15, 2025; and the supporting documentation comprising a voluminous record of electronic communications, evidentiary attachments, and facsimiles transmitted to the President of the Divisional Court and the respective Registrars from November 17, 2025, to the present date (collectively, the "**Supporting Documentation**"); and further noting that this motion was adjudicated in the absence of the public and without the necessity of oral advocacy or the physical attendance of the parties, the Court being satisfied that the written record is sufficient for the determination of the issues herein:

I. DISPENSATION OF PROCEDURAL FORMALITIES AND FILING REQUIREMENTS

1. **THIS COURT DECLARES** that the requirement for the filing of a *Form 37A* is hereby dispensed with *nunc pro tunc*. This Court DECLARES that it is satisfied that such compliance was rendered structurally impracticable by the exigent circumstances of this proceeding and unnecessary on account of the Registrar's

failure to discharge her corollary legal duties would have rendered any subsequent attempt at compliance *ultra vires* any effective or timely remedy, thereby necessitating judicial intervention to preserve the integrity of the process;

2. **THIS COURT ORDERS** that strict adherence to the substantive content requirements of *Rule 37.06* regarding the *Form 37A* is waived in and dispensed with in their entirety, as the Court finds that the information provided within the **Supporting Documentation** adequately apprises the judiciary of the relief sought and the grounds therefor;
3. **THIS COURT ORDERS** that the service requirements pursuant to *Rule 37.07* are formally dispensed with, and the electronic transmission of *Form 59A* along with all **Supporting Documentation** via email shall be deemed sufficient and effective service for the purposes of the *Rules of Civil Procedure,* notwithstanding any technical non-compliance with standard service protocols;
4. **THIS COURT ORDERS** that the filing obligations under *Rule 37.08* and the requirement to provide a *"Confirmation of Motion"* under *Rule 37.10.1* are dispensed with; notwithstanding this judicial dispensation, any "Confirmation of Motion" subsequently provided by the Moving Party for the record shall be deemed effective and received as of December 23, 2025, for all procedural intents and purposes.

II. ABRIDGMENT OF TIME AND THE DETERMINATION OF URGENCY

5. **THIS COURT ORDERS** that the time for service and filing of the *Motion* by provision of a Draft Order and Supporting Documentation is a sufficient substitute for a "Notice of Motion" and all ancillary or supporting materials be and is hereby abridged to the time of actual service. THIS COURT FURTHER DECLARES AND ORDERS that this motion is declared to be properly returnable this day, and all further temporal requirements or waiting periods prescribed under the *Rules of Civil Procedure* are hereby waived to prevent the irreparable prejudice that would result from further administrative delay.
6. **THIS COURT DECLARES** that the matters raised herein constitute an urgent motion for judicial intervention, as the administrative functioning of the Court's registry is central to the Moving Party's right to

a fair and timely adjudication of his substantive NOM #3 and subsequent steps in the JRPA Proceeding and the constitutionally required judicial independence of this Divisional Court;

III. MANDATORY INJUNCTIVE RELIEF AND THE DISCHARGE OF REGISTRARIAL DUTIES

7. **THIS COURT ORDERS**, pursuant to the inherent jurisdiction of this Court and the specific mandates of *Section 76* of the *Courts of Justice Act*, wherein Registrars and court staff are subject to the direction of the judiciary in matters assigned by law to the judiciary of which the issues herein constitute matters assigned by law to the judiciary, that the Current Registrar shall forthwith discharge all extant and successor obligations previously attributable to the Former Registrar. This Court clarifies that administrative obligations are not personal to the incumbent but attach to the office; *ipso facto*, the Current Registrar is bound to rectify any prior omissions and execute her duties *instanter* in accordance with the relevant statutes, regulations, and common law principles of procedural fairness;
8. **THIS COURT ORDERS** the Registrar to immediately facilitate the upload of all documents deposited by electronic filing by the Moving Party to the Case Center platform. **THIS COURT DECLARES** that this measure is imperative to ensure the maintenance of a complete, accurate, and transparent digital record and to ensure that the *Notice of Motion #3* and all supporting compendia are brought to the immediate attention of the presiding motions judge and any future panels (if applicable) assigned to this *Judicial Review Procedure Act* proceeding.
9. **THIS COURT ORDERS** the Registrar to transmit an electronic invitation for the relevant Case Center bundle to the Moving Party immediately and/or upon the issuance of this Order. Subsequently, the Moving Party shall upload the *Compendium for Notice of Motion #3* within twenty-four (24) hours of receipt of said invitation, as contemplated by the digital filing protocols under *Rule 4.05.3*.

IV. DECLARATIONS CONCERNING RESPONDENTS' PROCEDURAL DEFAULT

10. **THIS COURT DECLARES**, following a comprehensive and meticulous review of the OCPP Case View and the Moving Party's formal Requisitions and Requests in December 2025 of which have been received by

the Divisional Court via email and in "received status" in the OCPP without due processing, that the Respondents who purported to serve or served their NOA's on the Applicant, have failed, neglected, or otherwise omitted to file, with proof of service, those *Notices of Appearance* as mandated by *Form 68A* for proceedings involving a self-represented litigant; namely the Applicant herein. Consequently, the Respondents are in a state of procedural default regarding the required filing and provision of proof of service as per the Rules of Civil Procedure of which require compliance by Respondents with the forms under the Rules of Civil Procedure, and the Court shall proceed on the bases of the Respondents previous and ongoing defaults until or if rectified;

11. **THIS COURT DECLARES** that the Moving Party achieved lawful and effective filing by mail, pursuant to the permissions granted under *Rule 4.05(4)*, for the following instruments: a) The *Draft Order* dated December 4, 2025 (deemed filed December 8, 2025); and b) The *Compendium for Notice of Motion #3* dated December 7, 2025 (deemed filed December 11, 2025).

V. JUDICIAL ASSIGNMENT AND THE ADJUDICATION OF SUBSTANTIVE RELIEF

12. **THIS COURT ORDERS** the immediate assignment of an independent motions judge to determine the merits of the Moving Party's *Notice of Motion #3*. To ensure the highest standards of judicial impartiality and to avoid any perception of bias, said member of the judiciary shall have had no prior conflicting involvement with the parties, the administrative staff involved, or the underlying subject matter of this litigation.
13. **THIS COURT ORDERS** that the assigned judge shall adjudicate the relief sought in *Notice of Motion #3* on both an interim and permanent basis. The Court recognizes the necessity for prompt resolution and directs that an Order be issued with formal reasons for the decision to be provided *post hoc* at the Court's earliest convenience.

VI. CONDITIONAL WRIT OF MANDAMUS AND ADMINISTRATIVE ACCOUNTABILITY

14. **THIS COURT ORDERS** that in the event of continued non-compliance by the Registrar with the aforementioned public legal duties within twenty-four (24) hours of the receipt of this Order, the Moving

Party is at liberty to seek a *Writ of Mandamus* to compel the performance of these ministerial acts. Such application may be made via written submissions or a *Factum*, however so styled, with the effective date of filing being the date of electronic transmission to the Court;

15. **THIS COURT DECLARES** that the determination of issues involving the potential issuance of a *Writ of Mandamus* remains independent of the orders granted herein; the Registrar's obligation to comply with the directives of this Court remains absolute and is not stayed by any pending or future submissions. The Responding Registrar Parties shall be required to submit responsive arguments regarding any alleged non-compliance within three (3) business days of the Moving Party's notification to the Court;

VII. EFFECTIVE DATE, SETTLEMENT, REPRESENTATION, AND COSTS

16. **THIS COURT ORDERS** that this Order shall be effective immediately upon its pronouncement and the provision of an email confirmation to the Moving Party. Pursuant to the provisions of *Rule 59.04*, this Order shall be settled and signed by the President of the Divisional Court without the requirement for approval as to form or content by any other party or person affected by these proceedings.
17. **THIS COURT DECLARES** that the Former Registrar or Current Registrar are entitled to be represented by a duly qualified and practising lawyer licensee of the LSO in relation to the above and to the extent that they wish to be represented by said individual, said individual must notify the Divisional Court and the Applicant of their representation and scope therein; and
18. **THIS COURT ORDERS** that should the Responding Parties fail to comply with these directives within the stipulated timeframes or otherwise oppose the relief granted herein through further administrative obstruction, the Moving Party shall be entitled to seek costs. Such costs shall be determined following the submission of a five-page written costs memorandum delivered electronically to this Court, via email, detailing the additional burden placed upon the Moving Party by the Respondents' continued default with their public legal duties to act, owed to the Applicant, and without remedying the same in the face of a multitude of written demands.

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL, HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

APPLICANT'S COMPENDIUM FOR APPLICANT'S NOM #3
(As of December 7, 2025, 1st Updated Compendium
Includes Tabs 67 to 71
Requisitions #11, #12 and #13 (Dec 2, 2025 (x2) and December 3, 2025)
****FILED VIA MAIL OR DROP OFF PURSUANT TO RULES OF CIVIL PROCEDURE - HARD COPY ONLY****

Date of Hearing: Wednesday, December 3, 2025 (via "written hearing")

#	Document	Exhibit	Date of Document	Pages
1.	Factum of the Applicant for NOM #3		Nov 18, 2025	1 to 46
2.	NOM #3 of the Applicant		Nov. 17, 2025	47 to 135
3.	Statutory Declaration of the Applicant (since that time expressly adopted by affidavit in Tab #22)		October 13, 2025	136 to 1433
	Body of Stat Dec.			137 to 198
	Compilation of electronic mail correspondence exchanged between Applicant with the Superior Court of Justice Recording Management Office	"A"		199 to 248

	(“**SCJ RMO**”) from August to September 2025			
	Electronic mail chain between Applicant and SCJ Criminal Intake Office (Room 241) and the Divisional Court	“B”		249 to 261
	It contains an electronic mail communication dated August 31, 2025, dispatched to the Toronto Police Service (“**TPS**”) and its Chief Legal Officer	“C”		262 to 265
	Exhibit is an electronic mail thread from July to August 2025, concerning a request for records under the Freedom of Information and Protection of Privacy Act (*FIPPA*). It was directed to Ms. Havovi Viccajee of the Ministry of the Attorney General (MAG) and the *FIPPA* division	“D”		266 to 277
	Exhibit comprises an electronic mail thread from August 2025, meticulously addressed to the SCJ RMO.	“E”		278 to 293
	Exhibit contains an email from CSMD Diversion (MAG) dated August 26, 2025, and my ensuing formal and detailed response. The CSMD email, alarmingly, alleges that I have engaged in inappropriate communications with the Chief Justice, which were then forwarded to the Justice Sector Security Office (“JSSO”).	“F”		294 to 328
	Exhibit contains, *inter alia*, is a **Transcript Order Form** of an Ontario Court Proceeding, dated March 20, 2025, that I completed to request a transcript of a pre-enquête hearing. The form contains an extensive and intricate narrative in the “Additional Details” section. This narrative meticulously outlines my deductions and legal reasoning for believing that the hearing was presided over by Madam Justice	“G”		329 to 334

	Store and that a "**False Information Package**" was used by the Toronto Police Service (TPS). The form also details numerous and manifest deficiencies in the allegedly false document, including the absence of a proper judicial signature, manipulated fonts, and an erroneous page numbering scheme, all of which lend support to the contention that the document is spurious			
	This **Exhibit** contains, *inter alia*, a formal letter, sent via facsimile and mail to the Honourable Chief Justice of the Superior Court of Justice, Mr. Geoffrey B. Morawetz, and the Regional Senior Justice, Mr. Stephen E. Firestone. The letter, dated August 23, 2025, respectfully requests judicial intervention to resolve two persistent procedural impasses with the SCJ RMO. It re-states the issues of the SCJ RMO's refusal to provide audio recordings and its failure to provide a definitive timeline for pickup. The letter cites the *Courts of Justice Act*, particularly section 76(1), and the MAG CSD Court Information Access Guide to establish the judiciary's supervisory authority over court staff and records, arguing that administrative inaction is not merely an inconvenience but a material impediment to my lawful access to justice	"H"		335 to 356
	This Exhibit "I" contains, *inter alia*, the following documents. This is a **Transcript Order Form** with extensive and detailed content, including a Schedule "A" which presents a granular, 41-point analysis of the purported "False Information Package."	"I"		357 to 391
	This Exhibit is an electronic mail thread from August 2025, addressed to Zoom's Privacy Team, concerning a formal access request under the *Personal Information Protection and Electronic Documents Act (PIPEDA).*	"J"		392 to 402

	This **Exhibit** contains an electronic mail thread from July 2025 to Versaterm (**eJust Systems, Inc.**), a third-party technology provider that holds a contract with the Ontario government for the **Criminal E-Intake Platform**. I repeat and rely upon my previous evidence as per the distinctions between the OCJ (ICON System with Criminal E-Intake Platform) and the SCJ (FRANK System with a paper and electronic hybrid system).	"K"		403 to 410
	This **Exhibit** contains an electronic mail thread from July 2025, addressed to the Ontario Court of Justice (OCJ) at the 10 Armoury Street courthouse and other parties, including the South Toronto Crown. The emails serve as a formal notification and confirmation of a stay of proceedings, asserting that service of my Notice of Application on July 11, 2025, effected a stay ipso facto pursuant to *Criminal Proceedings Rules*, Rule 43.03(5).	"L"		411 to 417
	This **Exhibit** contains an electronic mail thread from August 2025, addressed to the Divisional Court, in which I formally requested the production of files and documents under the MAG CSD Court Information Access Guide . I argued with detailed legal reasoning, in my view, that a Superior Court Justice or "Judge" (see: Criminal Proceeding Rules, Rule 1.03 for definition), even when designated to a Divisional Court rotation, retains jurisdiction over criminal matters. also note that an SCJ Judge who receives a sworn or declared affidavit along with an application for a "general warrant" and/or a sworn Form 1 in support of certain type(s) of warrants under section 487.1, whether in person or by telecommunication, is required to hear and consider the same but not necessarily grant the same. The correspondence cites a detailed analysis	"M"		418 to 429

	of the *Criminal Code*, particularly section 487.1, and its implications for telecommunication-based warrants. I also seek to definitively confirm the jurisdictional locus of control over records, particularly in the absence of a designated physical courtroom, thereby highlighting the ambiguity that has pervaded the entire proceeding			
	This **Exhibit** is an extensive electronic mail thread from June and July 2025, directed to the Office of the Chief Justice of the Ontario Court of Justice ("OCJ"), the Regional Senior Justices, and other representatives. The emails detail my urgent requests for court records, including a "Form 2 Information" and a post-docket list from September 23, 2024	"N"		430 to 556
	This **Exhibit** contains an email thread from July 2025, addressed to the OCJ Toronto Armoury Courthouse and others. The correspondence provides a high-level forensic and metadata analysis of the "False Document Package," concluding that it was likely fabricated or maliciously manipulated using	"O"		557 to 591
	This **Exhibit** contains reference to a copy of the Ministry of the Attorney General's Court Services Division Policies and Procedures on Public Access to Court Files, Documents and Exhibits, Revised April 2019 (the "MAG CSD Court Information Access Guide" or "MAG CSD Guide").	"P"		592 to 598
	This **Exhibit** contains, *inter alia*, an electronic mail thread from June and July 2025, addressed to various TPS Divisions within the Toronto Region	"Q"		599 to 632
	This **Exhibit** is an electronic mail thread from June 2025, addressed to the Ministry of the Attorney	"R"		633 to 642

	General, CSD Records Division, and key contacts, including Ms. Katie Wood, the Assistant Deputy Attorney General			
	This **Exhibit** contains an electronic mail thread from June 2025, directed to Superintendents of the TPS 14th and 52nd Divisions and various police officers. The emails constitute a formal written demand for a copy of the arrest warrant, as required by the *Criminal Code*, section 29	"S"		643 to 655
	This **Exhibit** contains an email thread from May and June 2025, addressed to the SCJ CSD Records division. The correspondence reiterates my request for administrative records related to a criminal proceeding, including the identity of the justice who issued a warrant on or around September 23, 2024. The emails challenge the administrative structure and record-keeping protocols of the Ministry, referencing a prior email from "**SCJ Correspondence (JUD)**" and arguing that the Ministry is responsible for maintaining a record of judicial activities. I submit that this communication demonstrates the jurisdictional and administrative confusion surrounding the entire matter, and that a clear judicial directive is required to resolve this systemic issue.	"T"		656 to 751
	Emails from the Crown (OCJ 10 Armoury Street Courthouse) to stop emailing Mr. Rudra although he was the Assigned Crown	"U"		752 to 754
	This **Exhibit** contains, *inter alia*, an extensive electronic mail thread from October 2024 to May 2025, addressed to the Centre for Addiction and Mental Health ("CAMH") Privacy Division along with documents related to the "ruse" and "trickery" in my view that were performed, de facto, by the TPL, CAMH and the thieves of my property (Mr. David Karat) and subsequent impersonators of myself.	"V"		755 to 775

	25. The emails document a formal request under *FIPPA* for video footage of my backpack being stolen from the CAMH premises on October 25, 2024.			
	The Bribery (Secret Commission): consecutively numbered pages, are copies of documents from OnLand, dated various dates including today, involving the title search, inclusive of deleted and active instruments, of the Fleetwood Drive Home.	"W"		776 to 807
	a. copy of emails involving myself the Divisional Court; b. Copies of emails involving myself and the Respondents; c. Copies of emails involving myself and Thomson Reuters (Case Center access and set up) and Ms. Lawrence, a court staff individual of the Divisional Court; and d. Other copies of various emails referenced above and in my Notice of Motion	X		808 to 1211
	Copies of various documents further evidencing the fraud committed upon me and as I verily believe the fraud committed on the court or the tainting of the legal process and proceeding herein. I continue to demand the return of my property and to the extent that it is not returned to me within 24 hours, I will provide further evidence to assist this Honourable Court regarding the return of the same	"Y"		1213 to 1430
	Request Form Undertaking, without digital signature, for digital recordings involving the two case conferences	"Z"		1431 to 1432
4.	**Statutory Declaration of the Applicant** (since that time, the facts and beliefs therein, expressly adopted by Affidavit		November 14, 2025	1433 to 2132
	Body of the Stat. Dec.			1433 to 1544
	Exhibit "A" : No "First Defence" filed: JRPA Application undefended	"A"		1545 to 1554

	The LAT and Respondent Insurance Companies failed to "file" their Notices Of Appearances after purported service and actual service of the same:			
	Now produced and marked as Exhibit "B" are copies of my Affidavit #37 (LAT Appeal) and attendant correspondence dated September 19, 2024, followed by the notification of potential judicial review on September 28, 2024.	"B"		1555 to 1608
	FILED AND SERVED HRTO APPLICATION AND NOCQ IN HRTO PROCEEDING: OCTOBER 15, 2024; AND NOVEMBER 7, 2024; AND NOW CONTEXTUAL FACTS INVOLVING THE SAME	"C"		1609 to 1674
	SERVICE OF MY JRPA APPLICATION ON NOVEMBER 15, 2024	"D"		1675 to 1688
	REQUEST OF THE DEPUTY ATTORNEY GENERAL OF ONTARIO Date: November 2025	"E"		1689 to 1700
	PIPEDA REQUEST OF ZOOM IN RELATION TO OBTAINING MY PERSONAL INFORMATION – CASE CONFERENCES IN DIVISIONAL COURT BEFORE MADAM JUSTICE SHORE	"F"		1701 to 1730
	COMMUNICATIONS WITH THE ARCHIVES OF ONTARIO ("AOO")	"G"		1731 to1804
	EXHIBIT "H": SOLGEN ACCESS REQUEST: FRAUDULENT MANIPULATION OF ONTARIO GOVERNMENT LOGO	"H"		1805 to 1849

	EXHIBIT "I": MCLEAN V LAT AT THE OIPC: APPEAL UNDER *FIPPA*: PA25-00294	"I"		1850 to 1973
	EXHIBIT "J": MINISTRY OF SOLEN AND THE HONOURABLE MR. SOLGEN KERZNER	"J"		1974 to 2068
	EXHIBIT "K: TRIBUNALS ONTARIO: ADDRESS AT 19TH FLOOR, 25 GROSVENOR STREET, TORONTO, ONTARIO AND THE DISTINCTION BETWEEN "NON-NATURAL PERSON	"K"		2069 to 2105
	EXHIBIT "L": REQUEST FOR PRIMA FACIE ADJUDICATIVE RECORDS UNDER *TARA*	"L"		2106 to 2121
	EXHIBIT "M": MRI RESULTS of the Applicant in Summer of 2025 (demonstrating severe and serious degeneration and worsening of impairments since the Accident Date)	"M"		2122 to 2123
	EXHIBIT "N": DOCUMENTS (EMAILS) REGARDING MR. SINNADURAI AS COUNSEL TO MADAM JUSTICE SHORE	"N"		2124 to 2130
5.	JRPA Application of the Applicant		November 15, 2024	2133 to 2160
6.	Applicant's Factum (nota bene: Applicant's Application Record (December 10, 2024) was filed and served, with proof of delivery (December16, 2024)		December 12, 2024	2161 to 2227
7.	Applicant's Certificate of Perfection		December 13, 2024	2228 to 2233
8.	Requisition #1 of Applicant (request for a "listing hearing" pursuant to Rule 68.05 of the Rules of Civil Procedure and Rule 4.08)		Filed: December 24, 2024 Stamped: January 28, 2025	2234 to 2238
9.	Requisition #2 (request for an urgent hearing pursuant to section 6(2) of the JRPA)		Filed: December 24, 2024	2239 to 2246

10.	NOM #1: Issued Copy and Misc. Document and NOM #1 Motion Record		January 23, 2025	2247 to 2441

Divisional Court File Designation	**24/718/00JR**
Short Style of Cause	*McLean v. TDHA et al.*
Document Type	Formal letter enclosing for mail filing the Compendium for NOM #3 as of December 7, 2025 (the “Mail Filed Compendium NOM #3” or “December 7 Compendium”)
Sender's Status	The Applicant and Moving Party in Notice of Motion No. 3 (*NOM #3*)
Sender's Name	Mr. Kevin A. McLean, B.A., J.D., C.I.M.

To:

The Divisional Court of Ontario (Toronto Region)

Osgoode Hall, 130 Queen Street West

Toronto, Ontario M5H 2N5

Attention: The New Registrar, Ms. Roxanne Parris, in Her Official Capacity and with All Attendant Ministerial Authorities and Statutory Responsibilities under the *Courts of Justice Act* (R.S.O. 1990, c. C.43, s. 98).

To be brought to the attention of the Presiding Motions Judge

I. Exordium: Designation and Procedural Imperative and Constitutional Integrity

This protracted epistolary communication is rendered absolutely necessitated by an overarching **procedural exigency**, specifically the persistent administrative **lacunae** and attendant complications experienced with the electronic filing modality. The recurrent technical failures of the Ontario Courts Public Portal (OCPP) have resulted in a demonstrable and sustained impairment of the Applicant's ability to seamlessly transmit the complete evidentiary record. These systemic failures include, but are not limited to, arbitrary upload size restrictions that violate the principles of **proportionality**, frequent system outages during critical filing windows, and the failure to provide the mandatory confirmation of accepted filing, which together have created an unacceptable state of **legal uncertainty** regarding the Court’s true possession of the record. This document serves to formally confirm the submission of the Applicant's definitive and complete Compendium for the Notice of Motion Number Three ("NOM #3") via physical, registered courier—a mode selected not out of preference, but out of absolute necessity, and is a function of the **residual right of access** when primary digital channels are demonstrably defective.

this undertaking represents an exhaustive and necessary, **prophylactic measure**—a protective action—taken to assiduously safeguard the fundamental integrity of the **adjudicative process** and to honour the substantive representations, both oral and written, previously tendered to the Divisional Court, specifically to the Registrarial Office, including the former Registrar, Ms. Gentles, and the current incumbent, Ms. Parris. The filing of this physical compendium is, therefore, a deliberate step to preemptively eliminate any potential ambiguity regarding the evidentiary record upon which the Court shall be asked to deliberate, thereby averting a potential **jurisdictional crisis** stemming from a deficient file. The principle of **procedural *vires*** dictates that a court must act within its bounds, and relying on an incomplete record due to administrative failure is a clear transgression of this boundary. It is *ipso facto* confirmed, without the slightest degree of equivocation, that this transmittal, designated as a critical component of the **Acta** of this particular judicial matter, must be supplied to the Presiding Motions Judge in Writing for their comprehensive, holistic, and unconstrained consideration of the entirety of the evidence prior to rendering a disposition. The failure to secure the complete and timely reception of this material prejudices the Applicant's fundamental constitutional rights, including the **right to be heard** on the merits of the evidence adduced, a principle inextricably linked to **natural justice** and the foundational common law requirement for **due process**.

II. Confirmation of Physical Filing and Determination of the *Prima Facie* Date

A. Mode, Date of Submission, and Compliance with *Rule 4.05(4)*

The Applicant hereby tenders irrefutable confirmation that the definitive and complete Compendium for NOM #3, a volumetrically substantial document inclusive of Tabs 1 through 71, was successfully and physically filed with the Divisional Court Office on the seventh day of December, 2025. This submission, conducted through the prescribed statutory method of mail or authorized courier, strictly adheres to the provisions and permissive language enumerated in *Rule 4.05(4)* of the *Rules of Civil Procedure*, which explicitly provides an alternative, reliable method for filing:

(4) Any document, other than one that is to be issued, may be filed by leaving it in the proper court office or mailing it to the proper court office, accompanied by the prescribed fee. R.R.O. 1990, Reg. 194, r. 4.05 (4).

This methodology was intentionally employed as a reliable alternative subsequent to the recognized, recurring functional deficiencies associated with the electronic portal, which have demonstrably resulted in detrimental delays and compromised the effective and timely presentation of the Applicant's case. The physical filing is thus the only legally certain method remaining to ensure that the document is received and its filing date secured, circumventing the electronic system's lack of **procedural certainty**.

B. Legal Extrapolation and Judicial Determination of the Filing Date: The *Nunc Pro Tunc* Effect

The juridical principle governing the precise moment of filing for documents submitted via this alternative, non-electronic modality is definitively articulated in the imperative language of *Rule 4.05(5)*, which mandates a specific statutory presumption of *prima facie* validity:

(5) Where a document is filed by mail, the date of the filing stamp of the court office on the document shall be deemed to be the date of its filing, unless the court orders otherwise.

It is therefore submitted, in accordance with the established rules of legal construction and the principle of presumed regularity, that the date corresponding to the Court Office's physical stamping upon this Compendium shall be **irrefutably deemed** the date of its filing. This provision legally sanctions the filing as timely, and any subsequent administrative delay in data entry cannot detract from the legal effect of this physical deposit. This mandatory presumption gives the filing a **nunc pro tunc** effect—meaning "now for then"—treating the filing as legally effective from the moment the Court Office physically stamped it, regardless of when it is digitally processed. This legal presumption remains fully efficacious and operative, subject solely to a specific, reasoned judicial directive to the contrary, which would necessarily be accompanied by a detailed explanation for such an extraordinary derogation from the established procedural framework. The significance of this physical filing date cannot be overstated, as it conclusively terminates any debate regarding the timeliness and the proper constitution of the documentary record for the written motion, particularly in light of the hearing having been previously set for December 3, 2025.

C. Comprehensive Enumeration and Certification of the Compendium's Content: Volumetric Integrity

confirmation is herein tendered that this physical Compendium for NOM #3 is comprehensively assembled and rigorously organized, encompassing a monumental total of **Tabs 1 through 71**. The sheer volume of this record, now correctly constituted, underscores the necessity of the Applicant's substantive submissions. Furthermore, it is formally certified that the entirety of the documentation contained within the Compendium has been meticulously and **consecutively enumerated** from the first page of Tab 1 to the final page of Tab 71. This systematic pagination ensures an unparalleled level of transparency, enabling seamless navigation, cross-reference, and precise judicial scrutiny of the voluminous evidentiary and legal material. For illustrative and organizational clarity, the Applicant's Factum is cited from **(Compendium, Tab 1, pp. 1-46)**, and this unbroken sequential numbering persists until the final page of Tab 71, guaranteeing that the Presiding Motion Judge can instantly locate any referenced authority or exhibit. The rigour of this detailed organizational structure, involving a painstaking certification process, should render the conclusions articulated in the Applicant's Factum self-evident upon review, eliminating any administrative excuse for its non-processing. The integrity of the **Acta** must be viewed as whole and final upon this physical submission.

III. Distinctions *In Limine* Pertaining to Formal Requirements

A. The Absence of a Binding Mandate: A Disambiguation of Record Types and the Directory Nature of Presentation Rules

It must be explicitly noted, *in limine*, that this particular document—a supplementary Compendium submitted solely via mail—is functionally and physically distinct from the formal "Records for motions" and "Appeal Book and Compendium" delineated in *Rule 4.07*. Consequently, it is not subject to the mandatory binding and cover-colour requirements stipulated for those specific court records. The Applicant asserts, on the basis of a literal construction of the *Rules*, that no formal binding was or is required, as this filing constitutes a permissible "filed via mail" document under *Rule 4.05(4)*. The provisions of *Rule 4.07(1)*, which prescribe backsheet colours, are inapplicable, as they are specifically directed at the preparation of a formal *Record*, a submission that this current document, by definition and design, is not intended to emulate or replace. In law, procedural requirements are often classified as either **mandatory** (non-compliance nullifies the act) or **directory** (non-compliance is an irregularity that the court may overlook). Requirements related to cover colour or binding are overwhelmingly considered **directory** and cannot be used to defeat the substantive right to file evidence. The avoidance of binding, therefore, is not an act of procedural omission, but a scrupulous adherence to the minimalist requirements for supplementary submissions by mail, prioritizing content over non-mandatory formal ornamentation, consistent with the spirit of liberal construction required by *Rule 1.04*.

B. Differentiation from Appeal Book and Electronic Filings: Resolving Potential Inconsistency and Confirming Paper Supremacy

The formal requirements detailed in *Rule 4.07* pertaining to the physical presentation of court documents clearly delineate a distinction between the present Compendium for a Motion and the formal *Appeal Book and Compendium*. This separation is not a mere technicality but reflects the distinct procedural stages of litigation.

1. **Motion Record Versus Appeal Book:** While *Rule 4.07(1)* and *Rule 4.07(1.1)* prescribe specific backsheet and front cover colours for Records for Motions (green, orange, or white, as applicable), these provisions do not **ipso facto** extend to documents filed solely by mail as a distinct, supplementary Compendium. These rules are specific to the creation of the formal, pre-hearing record. Conversely, the strict mandate for buff covers is reserved exclusively for the *Appeal Book and Compendium*, as unequivocally specified in *Rule 4.07(3)*, demonstrating the clear intent to restrict that colour mandate to the appellate context. The current submission, dealing with a motion within the Divisional Court's original jurisdiction, falls outside the purview of the appellate requirements.
2. **Disambiguation from the Electronic Version and Governing Authority:** It is a matter of absolute certainty that this physical Compendium is categorically and substantially distinct from the antecedent version previously filed electronically with the Ontario Courts Public Portal ("OCPP") on November 28, 2025. Given the potential for conflict or inconsistency between the two forms of submission—the incomplete

electronic file versus the complete paper file—the *Rules* provide precise guidance under *Rule 4.05(7)*, which establishes the governing authority of the paper version, a principle of **paper supremacy**:

(7) This rule does not apply to a document that is filed electronically in accordance with these rules... however, if the same document is filed or provided to the court in paper format, this rule applies to the paper version of the document.

Consequently, the present, authenticated physical version, which includes the additional Tabs 67 to 71 and comprises the complete Acta, is governed by the stringent protocols for paper documents, thereby rendering the content of the prior electronic submission subsidiary and superseded. The physical document, verified for completeness and accuracy, is the primary evidence upon which the Presiding Judge must rely, and its integrity must be preserved above the limitations and documented deficiencies of the electronic system.

IV. Adherence to Compendium Requisites and Critique of *Ultra Vires* Electronic Limitations

A. Compliance with Content Stipulations and Critique of *Ultra Vires* Application: The Limits of Delegated Authority

The Compendium has been compiled in rigorous and uncompromising adherence to the substantive content requirements outlined in the *Rules*, which mandate the inclusion of all necessary material for adjudication:

1. *The compendium must include a table of contents listing only those authorities, transcripts, previous orders and other documents on which the party intends to rely during the hearing or conference, as applicable, hyperlinked in accordance with paragraph 3.*
2. *The compendium must include the relevant excerpts of every document listed in the table of contents, with a separate section for each document.*

The Applicant confirms that this physical Compendium, inclusive of the newly added Tabs 67 to 71, comprehensively satisfies these two aforementioned requirements, providing the Court with an accurate and complete repository of all necessary legal and factual premises. Furthermore, it is to be emphatically underscored that the limitation concerning the size of a document, particularly the arbitrary **500-page threshold** imposed upon electronic submissions, is exclusively applicable to submissions made via the OCPP. This limit is an administrative policy, not a statutory rule. The imposition of this administrative constraint upon a full, physically filed compendium intended for unfettered judicial scrutiny is demonstrably **ultra vires** the authority conferred by the *Rules* and the *Courts of Justice Act*. Administrative bodies operating under **delegated authority** cannot create rules that contradict or undermine the primary legislation or the established *Rules of Civil Procedure*. To enforce a page limit in the face of a complete physical submission would constitute an unwarranted and illegal truncation of the record before the Presiding Motions Judge, effectively placing an administrative barrier above the fundamental right to adduce evidence.

B. The Principle of Judicial Sovereignty Over the Record: Administrative Fiat Versus Substantive Justice

The administrative limits of the electronic portal cannot, as a matter of law, supersede the Court's inherent and statutory power to receive all necessary evidence required for a just determination. A threshold of 500 pages, while convenient for server capacity, represents an **administrative fiat**—a rule made by bureaucratic decree—that cannot legally operate to exclude or diminish the substantive content of the Applicant's case. The **ultra vires** argument here is not merely procedural but strikes at the heart of substantive justice: the administrative body (the Registrarial Office, acting as a functional agent of the Court) cannot create a technical rule that frustrates the **substantive objective** of the *Rules of Civil Procedure*, which is to facilitate the fair hearing of a cause on its complete merits. The acceptance of the physical Compendium nullifies any force the electronic size limit might possess, making the Registrar's sole remaining duty one of physical, administrative processing. The judiciary maintains **exclusive sovereignty** over the contents of the file that forms the basis of its decision-making, and that sovereignty must be exercised over the complete, non-deficient physical record provided.

V. When May Becomes a Must; and Section 59.06(2)(a) Requires the Motion to Set Aside be Brought Within the Proceeding

A. Procedural Rationale: Averting a Motion to Compel and Protecting the Record

The physical filing of the Compendium is a direct consequence of the administrative breakdown that occurred despite the Applicant's procedural diligence. **As the Divisional Court has failed to honour its representations** regarding the reliable processing of the electronic record, and **as opposed to bring a motion to compel** (a costly, time-consuming, and resource-draining remedy), the physical filing of the Compendium For NOM #3 (December 7, 2025) ensures that all of the relevant documents submitted for filing and paid for where applicable are before the Presiding Motions Judge prior to the issuance of any decision involving this motion in writing. This deliberate action transforms the administrative uncertainty into a legally certain fact of record, preempting the substantial time, cost, and further administrative delay inherent in bringing a formal motion to compel the Registrar to fulfill a fundamental ministerial duty that should have been executed without prompting. The Applicant's chosen course of action is thus the most efficient path to securing the integrity of the judicial process, consistent with the proportionality principle of the Rules.

B. The Principle of Necessary Execution: *Quando Maius Fit Necessitas* and the Mandatory/Directory Distinction

This proactive and resource-intensive submission of the complete Compendium is predicated on a fundamental **syllogism** derived from established public law principles that govern the exercise of discretion by public officials and judicial bodies. This doctrine, which determines when a statutory power is an obligation, was authoritatively articulated in the seminal House of Lords decision, *Julius v. Lord Bishop of Oxford* ((1880) 5 A.C. 214 at 243). It establishes that where a statutory or procedural *may* is coupled with a legal right or interest of the subject, the permissive language transforms into an obligatory *must*. This is the doctrine of **"power coupled with a duty."** The essence of the *Julius* rule, often termed a power coupled with a duty, is found in the dual analysis:

1. **Is the power conferred upon a public functionary or a body for the public good?** (Yes: The maintenance of the Court record.)
2. **Is the object of the power to effectuate a legal right possessed by an individual or a defined class?** (Yes: The litigant's right to file and be heard on the evidence.)

Lord Cairns, in his judgment, articulated this necessity with precision: **"Where a power is deposited with a public officer for the purpose of being used for the benefit of persons... with regard to whom a definition is supplied by the legislature... the power ought to be exercised."** The discretion is merely as to the timing and manner of execution, *not* as to the performance itself. The Registrar's power to "file" a document is clearly *deposited with a public officer* and *for the benefit of litigants* who have a legal right to bring a claim, thereby triggering this doctrine. The refusal or failure to execute this power is not the exercise of discretion, but the **abdication of a ministerial duty**. Furthermore, this principle intersects with the distinction between **mandatory and directory** provisions. The requirement for a filing to be received and stamped is **mandatory** because it affects a substantive right (the date of filing). The failure to execute this mandate is a fundamental error, justifying judicial intervention (e.g., *mandamus*). Conversely, aesthetic or secondary requirements (like binding colour, as argued in Section III) are merely **directory**, and their failure to be met should not nullify the filing. The processing of the complete record is, therefore, a **mandatory obligation** imposed on the Registrar's Office.

C. The Ministerial Nature of the Registrar's Duty and the Constitutional Imperative: The Remedy of *Mandamus*

The duty of the Registrar's Office to process a filed Compendium is categorically a **ministerial act**, distinct from a **judicial act**. A judicial act involves the exercise of judgment, interpretation of law, and balancing of competing rights, which allows for genuine discretion. A ministerial act, conversely, is the performance of a duty in which the officer is left with no choice as to its exercise, such as filing or stamping a document once statutory prerequisites are

The Registrar, acting under the *Courts of Justice Act* (s. 98) and the *Rules*, performs an essential function that is fundamentally administrative and mechanical. The act of receiving, documenting, and conveying a physically filed Compendium to the Presiding Motions Judge is a textbook ministerial duty. Its non-performance, therefore, constitutes a dereliction of this duty. Such a dereliction gives rise to the public law remedy of **Mandamus**—a judicial order compelling a public body to perform a non-discretionary statutory duty. The threat of having to seek this extraordinary remedy underscores the administrative gravity of the current failure.

This failure directly impedes a right of constitutional significance: the Applicant's right to a fair hearing guaranteed by **Section 7 of the *Canadian Charter of Rights and Freedoms***. The right to a fair hearing necessarily implies the right to have the adjudicator consider the **entire evidentiary basis** of one's claim. By truncating the record, the administrative failure renders the subsequent judicial deliberation unreliable and procedurally unfair. The Registrarial Office's technical incapacity or administrative backlog cannot legally supersede a Charter-protected right. The *Julius* rule, in this modern application, compels the public official to perform the ministerial function precisely because the constitutional right to be heard is predicated upon it.

D. Canadian Jurisprudence: The Universality of the Mandatory Principle

The Supreme Court of Canada and provincial superior courts have solidified the *Julius* rule as a cornerstone of Canadian public law, ensuring that statutory powers are wielded to protect legal rights:

1. **Supreme Court of Canada:** The Honourable Locke J., in *Labour Relations Board v. The Queen ex rel. F.W. Woolworth Company Limited* (1956 S.C.R. 82 at 86), confirmed: "Enabling words are always compulsory where they are words to effectuate a legal right (*Julius v. Lord Bishop of Oxford*...: Lord Blackburn)." This establishes the mandatory nature of administrative processes when they impact fundamental labour or, by extension, procedural rights.
2. **Access to Information and Public Rights:** In *Information Commissioner v. Minister of Employment and Immigration (Respondent)*, **1986 CanLII 6836 (FC)**, the Federal Court held that the enabling words for granting access to information became compulsory when the statutory conditions were met, emphasizing that the purpose of the legislation was to codify the public's right of access. The Court found the permissive language was **"tantamount to an obligation,"** as refusing disclosure would frustrate the statutory right. This is directly analogous to the Applicant's right to have their complete record processed to ensure access to judicial review.
3. **Jurisdictional Error and *Mandamus***: The Saskatchewan Court of Appeal's ruling in *R. v. Saskatchewan (Labour Relations Board)*, **1969 CanLII 634 (SK CA)**, which mandated the Board to determine a valid application, underscored that a failure to exercise a power coupled with a duty is a **jurisdictional error**. If the Registrar continues to refuse to process the Compendium, this administrative failure would pave the way for a remedy of *mandamus*, compelling the administrative arm of the Court to execute its non-discretionary duty. This further confirms that the Applicant's current request is legally imperative, not merely a polite suggestion.
4. **Enabling Legal Rights Across Jurisdictions:** The rule's application in various provincial courts, from the New Brunswick Court of Appeal (*Ex parte McSweeney*, **1935 CanLII 483 (NB CA)**, regarding mandatory tax assessments) to the Manitoba Court of King's Bench (*International Union of Operating Engineers, Local Union No. 827*, **1952 CanLII 408 (MB KB)**, regarding trade union applications), demonstrates the fundamental and universal nature of the doctrine: **where the power is the conduit for a right, its exercise is mandatory.**

E. Procedural Integrity and the Mandate of *Section 59.06(2)(a)*

The processing of the Compendium must be executed immediately to prevent a greater procedural chaos. Should the Presiding Motions Judge rule on the basis of an incomplete record—a potential consequence of the administrative failure—the Applicant would be compelled to bring a subsequent, time-consuming, and costly motion to set aside that order. The *Rules of Civil Procedure* are unambiguous regarding the appropriate procedural vehicle for this remedy, as stipulated in *Rule 59.06(2)(a)*:

(2) A party who seeks to, (a) set aside or vary a judgment or order on the ground of fraud or of facts arising or discovered after it was made, shall make a motion for the purpose in the proceeding to which the judgment or order relates;

this rule mandates that the subsequent motion to set aside or vary the premature order **must be brought within the current proceeding**. The administrative failure to process the Compendium would therefore necessitate the Applicant to initiate a full-blown new motion simply to correct a procedural injustice that was entirely preventable, thereby creating a **multiplicity of proceedings** and severely impacting **judicial economy**. The immediate processing of the document is the necessary and least disruptive path to maintaining the **status quo ante** of the litigation process, ensuring that the judicial phase is not unnecessarily burdened by a subsequent motion designed solely to rectify the administrative deficiencies of the Registrarial Office.

VI. Justice Delayed is Justice Denied; and the Requirement for Timely Adjudication on its Merits (Expeditious, Just and Cost-Effective)

A. The Overriding Purpose: Rule 1.04 and Expedient Resolution via Proportionality

The **overriding purpose** of the *Rules of Civil Procedure* in Ontario is not merely to provide a framework for litigation, but to actively facilitate the timely and efficient resolution of disputes. This fundamental mandate is explicitly enshrined in *Rule 1.04(1)*:

(1) These rules shall be liberally construed to secure the just, most expeditious and least expensive determination of every civil proceeding on its merits.

This overriding purpose imposes a clear and non-derogable obligation on all participants in the justice system—including the court's administrative arm, the Registrarial Office—to conduct themselves in a manner that achieves justice that is simultaneously **expeditious, just, and cost-effective**. Furthermore, the principle of **proportionality** requires that the cost and complexity of the court process must be appropriate to the nature of the litigation. An administrative default by the Registrar, such as the failure to process a time-sensitive document, directly contravenes this central purpose by injecting undue delay, increasing cost (requiring remedial filings), and undermining the just determination of the proceeding on its merits due to a potentially incomplete record. The integrity of the judicial function is directly dependent upon the administrative fidelity to this rule.

B. Administrative Dilatoriness as a Breach of Procedural Fairness and the Charter Link

The common law maxim **"Justice Delayed is Justice Denied"** is not simply rhetoric; it is a profound articulation of the right to timely judicial access. The administrative failure to process the complete Compendium, coupled with the systemic technical failures of the electronic portal, amounts to **administrative dilatoriness** that results in the unacceptable protraction of the judicial review process. Every day that the Compendium remains unprocessed represents a delay in the ultimate disposition of NOM #3. Given that the hearing date was previously set for December 3, 2025 (as a written hearing), the delay caused by the Registrar's administrative failure is particularly egregious, as it actively holds up the Presiding Motions Judge from rendering a decision that the Applicant is legally entitled to receive in a timely fashion. The failure to meet this standard of expedition constitutes a palpable breach of the Court's obligation under *Rule 1.04(1)* and arguably engages the fundamental constitutional right to security of the person and the right not to be deprived thereof except in accordance with the principles of fundamental justice, as articulated in **Section 7 of the *Charter***, where delay or procedural unfairness undermines the integrity of the process affecting one’s rights. The Registrar’s duty to act immediately is thus essential to restore the matter to the track of procedural efficiency and constitutional compliance.

VII. Conclusion and Mandate to Avert a Failure of Justice

Given the foregoing comprehensive confirmations of procedural compliance, the meticulous and verified assembly of the Compendium (Tabs 1 to 71), and the incontrovertible application of governing **substantive jurisprudence** (the *Julius* rule), it is incumbent upon the Registrarial Office to ensure the immediate, unencumbered, and decisive upload and processing of this physical document into the official Court file. Failure to process this material promptly

inaccurately would not only constitute a demonstrable impediment to the Applicant's fundamental right to be heard but would also actively jeopardize the **status quo ante** of the scheduled written hearing by presenting an incomplete or deficient record to the Presiding Motions Judge. This administrative omission would create a de facto **failure of justice**, violating the principles of procedural *vires* and the **mandate of expedition**.

The expeditious integration of this complete Compendium into the Court's official file is a **non-discretionary ministerial act** necessitated by the persistent **procedural lacunae** associated with the electronic portal. This action is vital for the Presiding Motions Judge to be afforded the opportunity to fully and justly consider the entire scope of the Applicant's evidence, thereby ensuring that judicial discretion is exercised upon the basis of a perfectly constituted record. The administrative integrity of the Court rests upon the prompt and mandatory execution of this imperative.

As this NOM #3 was and is set for being heard in writing and without attendance of the Applicant (sole party) and the Responding Parties (Respondents and Non-Respondents) but not parties per se, I note by analogy as to what would constitute the record of proceeding for any potential but unlikely appeal post the hearing, without attendance, of this NOM #3 and that would include all filed documents prior to the issuance of any order and prior to the entry of the same, thereby defining the **Acta** for all future judicial review.

I also note that anti-justiciability doctrines by analogy in that I have to exhaust all potential adequate and available and alternative remedies which I am doing and required to do pursuant to the various Rules of Civil Procedure in setting aside steps, documents and/or orders. Specifically, this proactive physical filing is itself an act of exhausting an alternative remedy, avoiding the need for a Motion to Compel, and ensuring compliance with the procedural expectations of the Court that a litigant seek relief within the existing structure.

In light of the lack of opposition to the NOM #3 by any of the Responding Parties, I have, with respect, unequivocally satisfied the burden of proof for the relief sought. In effect, the relief must be granted by default on the balance of probabilities standard.

Respectfully Submitted and mal filed,

Mr. Kevin A. McLean (BA, JD, CIM)

Subject: Urgent compliance with outstanding obligations of the registrar's office of the Divisional Court by way of notice and provision of the submitted filing of the request/requisition of December 15, 2025

Dear Divisional Court and Registrar of the Divisional Court:

1. This communication is tendered *in re* the aforementioned matter. Confirmation is hereby provided that the attached Requisition was submitted for filing on December 15, 2025. Appended hereto is the confirmed receipt issued by the Divisional Court, documenting the said submitted filing. It is attested that the OCPP authorizes the electronic submission of requisite documentation, including the payment for notice of motion number three ("NOM #3"), which was duly *effectuated* on the aforementioned date, utilizing the Ministry of the Attorney General ("MAG") authorized software. Further, it is confirmed

that, **effective October 3, 2025**, the JSO Portal ceased to be the applicable electronic conduit for filings within the City of Toronto or the "Toronto Region."

2. In consideration of the protracted administrative delays; the *demission* of the Registrar (which was brought to the attention of the undersigned on December 3, 2025, the scheduled date for the written hearing, which seems rather non-coincidental, notwithstanding the non-opposition of any named Respondents in the style of cause or Responding Parties which were non-named Respondents (see: Affidavit of Service of the Applicant (Moving Party) (see: supra)); the Divisional Court's evident *non-compliance* with the *Judicial Review Procedure Act* (*JRPA*), the *Courts of Justice Act* (*CJA*), and the *Rules of Civil Procedure*; and the resultant *dereliction* in honouring prior written representations to the undersigned, the following mail-filing actions were subsequently *effectuated*: the draft order (*Form 59(A)*) dated December 4, 2025, was filed on Monday, December 8, 2025, and the Compendium for NOM #3 (dated December 7, 2025), comprising ten binders (Volumes 1 through 10), was filed under separate cover on Thursday, December 11, 2025.

3. Should the requisite confirmation of all outstanding submitted filings, consistent with the temporal mandates stipulated by the OCPP and written representations by the Registrar in the OCPP, not be provided, relief may be pursued via a draft order submitted to the President of the Divisional Court, who serves concurrently as the Chief Justice of the Superior Court of Justice (SCJ). Said draft order will, *inter alia*, move the Court, but only the President of the Divisional Court as per the CJA et al, to mandate the Registrar of the Divisional Court to *remediate* all deficient submitted filings via the OCPP and ensure compliance across manifold administrative facets.

4. Given the demonstrated pattern of administrative delays and the recurrent failure to honour prior assurances, the submission of a conventional *Notice of Motion* and the attendant expense is deemed unnecessary and impracticable. Consequently, reliance shall be placed upon *Rule 37.01* of the *Rules of Civil Procedure*, which permits the making of a motion without a formal *Notice of Motion* where circumstances do not so require or where it is unnecessary. In such an event, the Registrar of the Divisional Court shall constitute the sole Responding Party, being the functionary against whom the motion is made (it is emphasized that "made" is distinct from "service," "filing," and "delivery"). Should the Registrar's continued *recalcitrance* necessitate this expenditure, an order for costs shall be sought against that functionary. While it is appreciated that a portion of administrative culpability rests with the Former Registrar—whose record evinced a history of *non-compliance* even under the JSO Portal—the extant duties of the Current Registrar are immutable, and the office is necessarily tasked with addressing the transgressions of the *status quo ante*.

5. The jurisdictional basis compelling the President of the Divisional Court to adjudicate this potential motion—which would be supported by submissions and evidence, notwithstanding its deviation from *Form 37(A)*—is articulated in *section 76 of the Courts of Justice Act* (*CJA*), which vests the President of the Divisional Court and only the President of the Divisional Court with the authority to direct court staff and the Registrar concerning the fulfillment of their duties. Given the statutory obligation to assign judicial duties to certain judges, the President possesses the discretion to assign an independent judge (an "Independent Presiding Motions Judge") to consider the mail-filed documents contained within the Compendium for NOM #3 and the Draft Order of December 4, 2025 (*vide: supra*).

6. It is the fervent hope of the undersigned that such a motion will prove *superfluous*, contingent upon the expeditious fulfillment of the Current Registrar's outstanding obligations.

7. Nevertheless, should compliance not be *effectuated* with the utmost expediency, specifically by no later than 12:00 P.M. on the succeeding day (**December 17, 2025**), the aforementioned motion to the President of the Divisional Court shall be commenced without further *admonition*. While recognizing the

administrative friction attendant to the technological transition involving the OCPP (October 14, 2025) and the change in Registrar (December 3, 2025), it is *verily* believed that ample time has been accorded to the Current Registrar to *remediate* the prior *transgressions* of the Former Registrar and to honour written assurances pertaining to the confirmation timelines for submitted filings. Furthermore, given that NOM #3 is uncontested and the *JRPA* Application proceeded *undefended*, without the submission of a **First Defence** by any Respondent, there remains a substantial quantum of administrative irregularity requiring *remediation* and *unwinding* of which I was required to bring my motion intra this JRPA Proceeding.

8. Provided that the Registrar *remedies* the outstanding deficiencies—by confirming all submitted filings by 12:00 P.M. on December 17, 2025, extending an immediate invitation to the Case Center to the undersigned, and uploading all filed documents in the *JRPA* Proceeding to the Case Center by close of business on Thursday, December 18, 2025—the necessity of bringing the intended motion, pursuing costs, and amending the bill of costs previously filed (via mail in the Compendium for NOM #3) shall be obviated.

9. This communication is submitted for the Divisional Court's urgent consideration and necessary administrative action.

10. Ergo, I must rely on the poignant adage, “There is never a wrong time to do the right thing”. Thank you.

Best regards,

/s/Mr. Kevin A. McLean (BA, JD, CIM)

TO:

The Divisional Court of Ontario (Toronto Region)
Osgoode Hall, 130 Queen Street West
Toronto, Ontario M5H 2N5
Attention: The New Registrar, Ms. Roxanne Parris (the "Registrar")
SUBJECT I: PROVISION OF MICROSOFT WORD COPY OF FACTUM FOR NOTICE OF MOTION NUMBER THREE (THE "FACTUM")
SUBJECT II: FACILITATION OF FACTUM UPLOADING TO CASE CENTER (THE "CASE CENTER") IN ACCORDANCE WITH THE *RULES OF CIVIL PROCEDURE* (THE "RULES")

Introduction and Contextual Preamble

I cordially write regarding the above-enumerated subjects, the central purpose of which is the provision of an electronic, editable iteration of the Factum (the "**Word Factum**") to facilitate the administration of justice.

I adopt all definitions from previously, indirectly or directly, cited correspondence, motions, and materials herein, and hereby introduce the following definitions for precision:

- The Divisional Court of Ontario (Toronto Region) (the "**Court**")
- The **Factum** (the Factum for Notice of Motion No. 3 (the "**NOM #3**"), which was formally served and filed on November 18, 2025)
- The "**Registrar"** (Ms. Roxanne Parris, in Her Official Capacity)
- The *Rules of Civil Procedure*, R.R.O. 1990, Regulation 194 (the "**Rules**")
- The *Courts of Justice Act*, R.S.O. 1990, c. C.43, s. 98 (the "**Act**")
- The Ontario Courts Public Portal (the "**OCCP**").

Provision of Factum and Rationale

The genesis of this present correspondence is the recent and salutary amendments to the *Rules* and the concomitant issuance of the Divisional Court Practice Direction (the "**Practice Direction**"), a copy of which is appended hereto. While the Practice Direction is, *per se*, an administrative directive and remains subordinate to the mandatory provisions of the *Rules*, it nonetheless stipulates, as a procedural requirement, that **Factums must also be uploaded in Word format** to the Case Center for the Court's administrative benefit.

Therefore, attached *hic et nunc* (the "**Attached Document**") is the Word Factum for NOM #3, which corresponds precisely in substance and content to the executed Portable Document Format (PDF) version previously served and filed on the eighteenth day of November, 2025. Although the Word Factum is not adorned with the digital signature of the Applicant, the integrity of the record is preserved, as the **OCCP** maintains the filed, signed PDF iteration. This provision is tendered as a professional and collegial courtesy (*pro bono*) to the Court, ensuring strict adherence to the **Practice Direction** insofar as it stipulates:

> *"All documents must be uploaded in PDF format. The indexes to all Records should include hyperlinked bookmarks.* ***Factums must also be uploaded in Word format."***

This submission, being in conformity with the recent regulatory shift, is a proactive measure to sustain the streamlined and efficient administration of the Court's processes, thereby maintaining the established **status quo ante** of judicial efficacy.

Offer of Further Assistance

It is cognizable that the Court may also require the Word Factums corresponding to earlier filed documents, specifically the Factum filed on December 12, 2025, and the Factum related to Notice of Motion Number Two (the "**NOM #2**") of February 1, 2025. I note that these antecedent documents

were submitted exclusively in PDF format, in accordance with the then-prevailing *lex fori* as accepted and confirmed by the previous Registrar.

The Applicant maintains a continuing posture of helpfulness and gracious cooperation with the Court. Should the Registrar encounter any exigencies or require the electronic, editable copies of the aforementioned previous Factums in order to effectuate their uploading to the Case Center, I remain unequivocally at the Court's service. *Ubi jus, ibi remedium*.

This comprehensive cooperation, while not strictly required *ab initio* for documents filed prior to the Practice Direction's amendment regarding Word format, is demonstrative of the Applicant's unwavering commitment to the resolution-oriented, functional operation of the Court's electronic repository. This is an action taken ***in limine*** to prevent any future administrative impediment.

Conclusion

In conclusion, the Word Factum is herewith transmitted. The Applicant trusts that this submission is received as a welcome contribution to the Court's administrative necessities and efficiency on all fronts.

Yours most appreciatively and gratefully,

/s/Mr. Kevin A. McLean (BA, JD, CIM)

Mr. Kevin A. McLean (BA, JD, CIM) (he/him)

The Applicant and Moving Party in NOM #3

The Divisional Court of Ontario
Osgoode Hall,
130 Queen Street West
Toronto, Ontario
M5H 2N5
Attention: The Registrar of the Divisional Court as of Wednesday, December 3, 2025, in Ms. Roxanne Parris as LSO licensed paralegal (the "**Current Registrar**")

SUBJECT I: CONFIRMATION OF THE DELIVERY AND FILING STATUS OF TWO DISTINCT DOCUMENTS SUBMITTED VIA MAIL TO THE DIVISIONAL COURT ON DECEMBER 9 AND DECEMBER 11, 2025, COMPRISING THE UPDATED DRAFT ORDER AND THE COMPENDIUM FOR NOTICE OF MOTION NO. 3.
SUBJECT II: ENCLOSURE OF THE COVER LETTER AND EVIDENTIARY IMAGES OF THE MAIL FILED COMPENDIUM FOR NOTICE OF MOTION NO. 3.
SUBJECT III: RESIDUAL MATTERS PERTAINING TO ADMINISTRATIVE IRREGULARITIES AND THE PRINCIPLE OF MINISTERIAL DUTY.

Dear Sirs/Mesdames:

I. Introduction and Governing Definitions
I cordially write regarding the above-referenced matters. It is sincerely hoped that all judicial and administrative personnel, inclusive of the **Current Registrar**, are maintaining optimal health and wellness. Judicial efficiency and the preservation of the rule of law depend fundamentally upon the timely and scrupulous execution of administrative duties, a principle which forms the core of this correspondence. The Court's administrative function must be seen not merely as a matter of internal organization, but as a critical component of judicial legitimacy, ensuring that procedural justice is not eroded by bureaucratic inertia. The Applicant seeks not special treatment, but the timely, mandated performance of a public duty.
I adopt all definitions from previously, indirectly or directly, cited correspondence. For the purposes of this present communication, the following appellations and definitions shall be utilized, ensuring consistency in terminology throughout this document:

1. *The Rules of Civil Procedure*, R.R.O. 1990, Regulation 194 (the "**Rules**")
2. The Updated Draft Order (Form 59(A) under the **Rules**) (the "**Draft Order**")
3. The Compendium for Notice of Motion No. 3 as of December 7, 2025 (the "**Compendium**")
4. The Notice of Motion No. 3 (the "**NOM #3**")
5. The Ontario Courts Public Portal (the "**OCPP**")
6. The Honourable Judge Morawetz, in his capacity as the Chief Justice of the Superior Court of Justice and *ipso facto* the President of the Divisional Court (the "**President of the Divisional Court**")
7. The Responding Parties (the "**Opposite Litigants**")
8. *Roncarelli v. Duplessis*, 1959 CanLII 50 (SCC),
   $$1959$$

SCR 121 (the "**Roncarelli Decision**")

II. Procedural Impediments and Substantive Compliance

Confirmation is herewith proffered regarding the precise chronology and procedural context of the **NOM #3**. The requisite fee for the **NOM #3** was paid on November 26, 2025, subsequent to the service upon the **Opposite Litigants** on November 17, 2025. Following payment, the Factum, Motion Record, initial **Draft Order** (dated November 19, 2025), and Affidavit of Service (dated November 21, 2025) were all submitted for filing. This was done notwithstanding the four business days' advance notice provided to the Divisional Court via electronic mail on November 24, 2025, concerning the proposed written hearing returnable on December 3, 2025, as prescribed by the **Rules**.

The uninterrupted and inexplicable failure to process the requisite documentation and officially "confirm" the filing status subsequent to the prescribed service and submission periods constitutes, *prima facie*, an administrative **dereliction** that directly impedes the Applicant's fundamental right to prompt and effective adjudication. This administrative lapse has resulted in a state of **"constructive non-filing,"** where the Court is in physical possession of all necessary documents and fees, yet administratively refuses to afford them legal status. This delay is not merely an inconvenience; it constitutes an obstruction to justice by rendering the Applicant's case effectively inert, potentially prejudicing the Applicant's position by extending the *lis pendens* without legal justification. Furthermore, the ambiguity created by the lack of confirmation introduces unnecessary uncertainty for the **Opposite Litigants** regarding the formal status of the motion, although their failure to oppose remains a separate issue. The prevailing circumstance suggests, with considerable persuasive force, that the **OCPP** is either technically defective or not being staffed to operate at its represented and mandatory capacity. Critically, the explicit representations issued by the Court concerning the expected three-business-day processing timeframe are not being scrupulously honoured. This failure has been consistently observed *ad seriatum* regarding filings subsequent to the initial submission of the **NOM #3** material on November 28, 2025.

This technical malaise is further compounded by the sudden and unheralded departure of the Former Registrar (Ms. Gentles). This administrative vacuum, which suggests a severe lack of adequate succession planning, is a clear instance of institutional negligence and has a direct causal link to the current chaos. This chaos is magnified by a demonstrable, ongoing failure to responsibly monitor the storage capacity of the Divisional Court's electronic mail system—a fundamental component for the mandatory transmission of documents such as the Confirmation of Motion (Form 37(B)). The Applicant's compliance with the mandates of *Rule 37.10.1(1)(a)(i)* of the **Rules**, which requires this document to be given (not filed *per se*) via electronic mail, cannot be frustrated by the Court's internal and remediable failure to manage its digital infrastructure. Such institutional failures do not merely result in delay; they impose an unjust and undue financial and temporal burden upon self-represented litigants seeking to diligently prosecute their cause, thereby creating a substantial and unconstitutional barrier to the effective access to justice, contrary to Section 7 of the *Canadian Charter of Rights and Freedoms*. The Applicant is placed in an untenable position, having fulfilled all *party* obligations, only to be stalled by *institutional* non-performance.

III. Non-Opposition and Procedural Expediency

It is noteworthy that the **Opposite Litigants** were afforded ample and prescribed opportunity to offer opposition to the **NOM #3** through various modalities: non-opposition, consent, written opposition, or the presentation of oral argument. As not a solitary **Opposite Litigant** exercised any of these options within the specified timelines, the **NOM #3** remains **unopposed**. *Ipso facto*, there existed, and continues to subsist, no extant scheduling exigency necessitated by opposition, thereby removing any legitimate basis for the administrative delay. Proof of service was duly tendered to the Divisional Court via electronic mail and was simultaneously submitted for filing through the **OCPP**.

The absence of opposition is not merely a procedural convenience; it is a critical factor that elevates the administrative delay from a necessary scheduling challenge to a purely bureaucratic breakdown. When a motion is unopposed, the core adjudicative function of the Court—resolving conflict—is minimized. The administrative priority ought to be the swift processing of uncontested matters to conserve judicial resources for contested proceedings, thereby honouring the overriding purpose of the **Rules** as articulated in *Rule 1.04(1)*: "to secure the just, most expeditious and least expensive determination of every civil proceeding on its merits." By delaying the

confirmation of an *unopposed* motion, the administrative body demonstrates a profound misallocation of public resources and a fundamental disregard for the principle of procedural expediency which underpins the **Rules**. The delay is, therefore, purely one of internal clerical processing, disassociated entirely from any complexities arising from the adversarial nature of the proceeding, and is, in principle, indefensible.

IV. Legislative Will: The Dichotomy of Acceptance versus Confirmation

The statutory distinction between the superseded JSO Portal regime and the current **OCPP** scheme is monumental, representing a fundamental philosophical shift in the procedural governance of court filings. The JSO Portal paradigm necessitated a two-tiered approach: Registrar's "Acceptance" (Rule 4.05.2(3)), followed by the Registrar's "Confirmation" (Rule 4.05.2(4)). This prior requirement of "Acceptance" inherently conferred upon the Registrar a **quasi-discretionary** veto power over the initiation of the record, potentially blurring the line between a purely administrative **clerical** function and a substantive, judicially reviewable **adjudicative** act. The former requirement of acceptance was predicated on the notion of an administrative offer of filing creating a binding *quasi-contract* subject to the Registrar's proactive approval.

Conversely, the current **OCPP** scheme (Rule 4.05.2.1), effectuated through *O. Reg. 226/25, s. 4*, is predicated solely upon the concept of a filing being "Subject to Confirmation," where the document is deemed filed or issued exclusively upon the electronic transmission of confirmation by the registrar or sheriff (Rule 4.05.2.1(4)). The legal distinction between a condition of 'acceptance' (a discretionary act) and a condition 'subject to confirmation' (a mandatory, ministerial act) is analogous to the distinction between a condition precedent where a contract is already in force but subject to a condition to be met, which the Registrar is so required, and the offer of something to another for their acceptance. In the latter, when there is no acceptance, there is no binding contract between those persons which is of course subject to return consideration. Under administrative law principles, the former ("acceptance") requires the Registrar to make a decision based on subjective criteria (*vires* testing), while the latter ("confirmation") requires the Registrar only to verify objective facts (e.g., file integrity, prescribed fee payment).

The term "confirmation" implies a process more **perfunctory**, **technical**, and **ministerial** in nature, merely attesting to the reception and entry of the submission into the court's electronic record. The ministerial duty of the Registrar, in this context, is simply to acknowledge the successful electronic submission and verify basic, easily ascertainable technical standards, such as file format and size limits. This deliberate legislative shift effectively eliminates the Registrar's capacity to unilaterally reject a document on grounds of substantive non-compliance, thereby precluding the application of principles such as *delegatus non potest delegare* to a purely clerical function. The power to assess the sufficiency or formal compliance of the document is now correctly and exclusively vested in the Presiding Motions Judge, who is the proper authority to exercise judicial discretion and control over the proceedings.

It is thus **self-evident** that the legislative intent underlying the **OCPP** amendments was to streamline the filing process by removing the prerequisite of discretionary "acceptance," recognizing that unnecessary layers of administrative review only introduce delay. This necessary administrative evolution reflects a considered policy decision to reduce the burden on the public purse and expedite the processing of documents. The judicial scrutiny regarding the formal compliance of documents, which was formerly exercised prematurely by the Registrar, has been thereby relocated to the Presiding Motions Judge or Panel, to be adjudicated, *inter alia*, by way of objection advanced by the opposing litigant. This extrapolation of legal principle dictates that the administrative focus should be the **expeditious**, **cost-effective**, and **just determination of matters upon their merits**, rather than an *in limine* administrative acceptance requirement that unnecessarily burdens court resources and delays the progression of proceedings. The Registrar's duty is, therefore, one of **mandatory execution**, not **discretionary oversight**, and the current non-performance is a violation of this mandate.

V. Conversion of Paper Documents and Mitigation of Delay

The aforementioned procedural complexities, including the delays attributed to the malfunctioning of the **OCPP** and the administrative transition from the Former Registrar to the **Current Registrar**, cannot be imputed as a fault to the Applicant. The Applicant's imperative, grounded in the overarching principle of mitigating any potential loss or injury and ensuring the integrity and completeness of the judicial process, was to secure the substantive presence of the critical documents before the Divisional Court.

As such, the two critical documents—the **Draft Order** (mailed on December 8, 2025) and the **Compendium** (delivered on December 11, 2025)—were submitted via mail filing pursuant to *Rule 4.05* of the **Rules**:

Rule 4.05(4): Filing by Leaving in Court Office or by Mail

Any document, other than one that is to be issued, may be filed by leaving it in the proper court office or mailing it to the proper court office, accompanied by the prescribed fee. R.R.O. 1990, Reg. 194, r. 4.05 (4).

The delivery of these hard copy documents is evidenced by tracking numbers from the postal carrier, thereby obviating any potential allegation of non-receipt under *Rule 4.05(6)*. The presence of these tracking numbers effectively removes the operation of the rule that deems non-received documents as non-filed, providing conclusive **acta** of delivery to the proper court office. This mail filing, therefore, cured the administrative defect caused by the electronic delay and perfected the filing status under the alternative paper regime, ensuring that a properly filed record is now indisputably before the Court.

Furthermore, pursuant to *O. Reg. 226/25, s. 1*, the Registrar possesses the statutory power of conversion:

Conversion from Paper Format

(11) In the case of a proceeding that is commenced or continued in the City of Toronto, the registrar may prepare an electronic copy of any document that was filed or issued in the proceeding in paper format and include it in the court file.

It is explicitly confirmed that the Applicant does not require the restitution of the documents following their electronic conversion. These documents must remain with the Divisional Court to constitute the complete and comprehensive record of the proceeding. This is the **Current Registrar's** second, non-delegable ministerial duty: to convert and incorporate the paper-filed documents into the electronic Case Center record for the review of the Presiding Motions Judge. The word *may* in *Rule 4.05(11)* must be interpreted as *shall* in this context, given the overwhelming policy interest in maintaining a unified, accessible electronic court file as the default under the new **OCPP** regime.

V-A. Judicial Discretion and Rule 37.01 Compliance

As noted in the quoted language, “

MOTIONS AND APPLICATIONS RULE 37 MOTIONS — JURISDICTION AND PROCEDURE Notice of Motion 37.01 A motion shall be made by a notice of motion (Form 37A) unless the nature of the motion or the circumstances make a notice of motion unnecessary or these rules provide otherwise. R.R.O. 1990, Reg. 194, r. 37.01; O. Reg. 322/24, s. 4.”, the Presiding Motions Judge can rely upon the motion so filed, but delayed without lawful reason for confirmation only, or decide the relief sought in the draft order by reference to confirming that such notice of motion was unnecessary based on the circumstances.

This rule confers a significant inherent power upon the Presiding Motions Judge to control the court’s process and dispense with unnecessary technical formalities. Given that the delay in confirming the electronic filing is purely an **administrative failure**—a clerical omission rather than a substantive party error—the judicial officer has the discretion to deem the notice of motion—having been properly served, fully documented, and paid for—as having been advanced in circumstances that make the technical confirmation requirement "unnecessary." This judicial power extends to issuing an order *nunc pro tunc* (now for then), which effectively backdates the legal effect of the filing to the date of original submission, thereby curing the administrative lag. The use of a *nunc pro tunc* order is appropriate only to correct a clerical or administrative error, not to remedy a party’s mistake, making it the perfect judicial tool to counteract the Registrar’s delay. This judicial act would effectively ratify the filing *nunc pro tunc* and allow the relief sought in the **Draft Order** (which is now properly mail-filed and dated December 4, 2025) to be considered on its merits, without further administrative impediment. In this regard, the Presiding Motions Judge can rely on the mail filed documents to approve the draft order contained therein at the most recent tab therein (December 4, 2025). This is the only recourse available to counteract the administrative paralysis that currently threatens to subvert the Applicant's timely right to justice.

VI. Compendium Status and Registrar's Exclusive Upload Duty (Rule 4.05.3)

I confirm that I am the only party per se. I reproduce the following, which governs the use and population of Case Center:

“Requirement to Use Case Center

(3) Every party participating in the hearing or conference shall provide the following documents to the court by uploading them to Case Center in accordance with this rule:

1. A copy of every document filed with the court by the party in respect of the hearing or conference.
2. Subject to subrule (5), a copy of any other document in the court file on which the party intends to rely at the hearing or conference that has not already been uploaded to Case Center by another party.
3. Unless the court directs otherwise and subject to subrule (3.1), a compendium that meets the requirements of subrule (7). O. Reg. 300/24, s. 2 (1).

Modification, City of Toronto

(3.0.1) In the case of a proceeding that is commenced or continued in the City of Toronto, the documents referred to in paragraphs 1 and 2 of subrule (3) in respect of each party shall be uploaded to Case Center by the registrar and not by the party. O. Reg. 226/25, s. 5 (1).

Compendium

(3.1) A compendium is not required to be provided with respect to a conference or the hearing of an unopposed motion or motion on consent, unless the court directs otherwise. O. Reg. 300/24, s. 2 (1).

Deadline

(4) Subject to subrules (4.1) and (5), the documents listed in subrule (3) must be uploaded to Case Center by the following deadline:

4. In the case of the hearing of a motion or application where the party is required to give the registrar a confirmation of motion (Form 37B) or confirmation of application (Form 38B), the deadline is 2 p.m. three days before the hearing date, unless the court orders otherwise.
5. In any other case, the deadline is five days before the date of the hearing or conference, unless the court orders otherwise. O. Reg. 689/20, s. 7; O. Reg. 224/22, s. 1; O. Reg. 300/24, s. 2 (6); O. Reg. 301/24, s. 1; O. Reg. 226/25, s. 5 (2).

(4.1) Subrule (4) does not apply to the registrar. O. Reg. 226/25, s. 5 (3).”

The preceding provisions establish a critical, *sui generis* procedural framework for Toronto proceedings. The "Modification, City of Toronto" (Rule 4.05.3(3.0.1)) is a clear policy directive recognizing the unique volume and complexity of filings in the Toronto region, thus centralizing the document upload function with the court administration. Specifically, *Rule 4.05.3(3.0.1)* unequivocally delegates the primary responsibility for uploading all filed documents (paragraphs 1 and 2 of subrule (3)) to Case Center **exclusively to the Registrar**, thereby absolving the Applicant of this burden. Furthermore, *Rule 4.05.3(4.1)* explicitly provides that the stringent deadlines of subrule (4) **do not apply to the Registrar**. The legislative intent here is to remove the pressure of time constraints on the administrative process for uploads, allowing the Registrar to perform this function methodically, but this immunity from deadlines must not be misinterpreted as a license for indefinite delay. In this regard, I note that subrule 4.05.3(3)(2.) requires only a party to be able to invoke that right to have any other document in the “court file” to be relied upon. Since the Applicant is the only party per se, this right is exercised and requires the Registrar to upload any relied-upon documents from the "court file." Ergo, only the Registrar can upload filed documents but not subject to any deadline. The conclusion is therefore inescapable: the Registrar has an absolute, non-discretionary, and non-time-constrained ministerial duty to complete the court record by uploading all filed documents, whether submitted electronically or, as here, via the mail-filing exception. This duty is the single remaining procedural hurdle.

Confirmation is provided that neither the **Draft Order** of December 4, 2025, nor the **Compendium** required physical binding. Pursuant to *Rule 4.05.3(3.1)*, the Compendium was not required due to the *unopposed* status of the **NOM #3**. The Compendium was filed nonetheless as a matter of good practice and procedural completeness. Furthermore, the requirement for buff covers applies exclusively to an "appeal book and compendium" under *Rule 4.07(3)*, which mandates:

Appeal Book and Compendium

(3) An appeal book and compendium shall be bound front and back in buff covers. O. Reg. 19/03, s. 1 (1).

It is **trite law** that a compendium prepared for a motion is patently distinct from that mandated for an appeal, rendering the binding requirement **inapplicable**. The deliberate decision not to bind the motion **Compendium** was therefore not a procedural irregularity but an act of strict compliance with the **Rules**.

Pursuant to *Rule 4.07(7)*, which governs electronic documents:
Electronic Documents
(7) This rule does not apply to a document that is filed electronically in accordance with these rules or uploaded to Case Center under rule 4.05.3; however, if the same document is filed or provided to the court in paper format, this rule applies to the paper version of the document. O. Reg. 689/20, s. 9; O. Reg. 300/24, s. 4 (2); O. Reg. 301/24, s. 1.
The Applicant confirms that the mail-filed **Draft Order** and **Compendium** will not be subsequently filed electronically. In that regard, the "same document" will not be dually filed in both paper and electronic format by the Applicant, thus consciously avoiding the application of the latter clause of the rule to prevent any procedural complication and maintaining a singular, definitive version of the record.

VII. Conclusion and Request for Remedial Action

Given the demonstrable delays within the **OCPP** system, the egregious breach of administrative representations concerning confirmation timelines, and the fundamental principle that court staff are compelled to act at the direction of the **President of the Divisional Court**, a copy of this correspondence shall be provided to the **President of the Divisional Court** to ensure the **Current Registrar** executes the duties required by law with appropriate diligence and dispatch.
It is a cardinal principle, reaffirmed by the **Roncarelli Decision** (see: *supra*), that statutory or regulatory discretion is not an absolute prerogative. It must be exercised judiciously and according to the rules of reason and justice, not according to *private opinion*, administrative humour, or bureaucratic convenience. Lord Halsbury's guidance in *Sharp v. Wakefield* remains a potent syllogism: discretion must be "legal and regular," and not "arbitrary, vague, and fanciful." The continued failure to execute the non-discretionary duty of confirmation and document conversion constitutes an administrative action that falls outside the boundaries of good faith and legal regularity, equating to an abuse of public power. The **honest approach**, appreciating the sensitive administrative transition, dictates that the **Current Registrar** must promptly process all outstanding submissions and furnish confirmations, as the statutory mandate is one of ministerial confirmation, not of discretionary acceptance.
While careful consideration was given to the filing of a Motion to Compel the **Current Registrar** and to seek the appropriate order for costs against the Ministry of the Attorney General (the "**MAG**"), such a procedural initiative was ultimately deemed unnecessary and an instance of **overkill**, particularly in light of section 76 of the *Courts of Justice Act* (*CJA*). Section 76 empowers the Chief Justice to issue directions necessary to enforce the integrity and efficiency of the court process. The **President of the Divisional Court** is constrained to act when the statutory language dictates "shall," and his inherent authority to issue directions is activated upon receipt of clear, undisputed evidence of a systemic administrative failure. The provision of this current electronic correspondence to the **President of the Divisional Court** furnishes the requisite knowledge, thereby establishing the necessary obligation upon him to issue the directive. Failure by the **President of the Divisional Court** to act upon this clear evidence of administrative disarray would constitute an unfortunate acquiescence to the systemic failure. In this manner, the necessity of an additional motion is obviated, ensuring that the merits of the Judicial Review Application (**JRPA**) Proceeding can be decided in an **expeditious**, **cost-effective**, and **just** manner. The cost of a procedural motion to compel the Registrar, including the associated preparation time and judicial resources, would be an additional, unwarranted burden on the Applicant, caused entirely by the administrative arm of the Court.
As this was another some thousands of dollars in disbursements with the printing of pages, purchase of binders, tabs, paper, and mail filing, which was excessive but not my fault, I reserve the right to provide an amended Bill of Costs and current **Draft Order**. These costs, being directly attributable to the Applicant's necessary mitigation efforts against the Court's administrative failure (i.e., duplicating the filing in paper format), are reasonable and recoverable as special damages arising from institutional negligence.
I reserve to rely on this email document for any lawful purposes including seeking additional costs along with asserting my legal rights in a professional and lawful manner.

I further reserve the right to give, send, file (mail or electronic) any further documents to ensure that this JRPA Proceeding with particular reference to **NOM #3** is decided in a manner consistent with the law along with reference to the binding principles in the *Zurich v. Chubb* cases including the dissenting opinion of Juriansz J.A.

that was adopted verbatim by the Supreme Court of Canada in 2015 and the binding decision of The Honourable Justice Akazaki in May 2024. I reserve the right to formalize and expand upon these principles in a formal request or requisition of the Divisional Court where applicable.

The administrative delays currently being experienced do not constitute a mere inconvenience; they represent a material obstruction to the Applicant's entitlement to the **expeditious and just** resolution of the extant application for judicial review, directly impacting the right of access to justice. Such institutional failings, if allowed to persist without immediate **rectification**, inevitably erode public confidence in the judicial process and contravene the overarching policy objectives enshrined in the **Rules**.

The **President of the Divisional Court**, by virtue of his statutory nomenclature and judicial eminence, bears the ultimate responsibility for conducting the court's administrative functions in a manner entirely consistent with the **Rules** and established judicial principles. It is therefore respectfully requested that the administrative confirmation of all outstanding filed documents be effected without further delay, thereby preserving the *status quo ante* of the timely filing and ensuring that the matter can proceed to an unbiased determination on its merits.

To the extent that the representations are not honoured, I have nonetheless mitigated the same to assist the Presiding Motions Judge to approve the draft order, sign the same and have the Registrar file and enter the same with a copy to me.

Warm regards,

/s/Mr. Kevin A. McLean (BA, JD, CIM)

Divisional Court File Designation	**24/718/00JR**
Short Style of Cause	*McLean v. TDHA et al.*
Document Type	Formal Correspondence (Email)
Sender's Status	The Applicant and Moving Party in Nomination of Motion No. 3 (*NOM #3*)
Sender's Name	Mr. Kevin A. McLean, B.A., J.D., C.I.M.

TO:

THE DIVISIONAL COURT
130 Queen Street West
Room 174
Toronto, Ontario
M5H 2N5
(Kind Attention: The New Registrar of the Divisional Court in Ms. Parris , Law Society NumberP06565

Facsimile: 416-327-5549
Electronic Mail: scj-csj.divcourtmail@ontario.ca; roxanne.parris@ontario.ca)
Subject: Acknowledgement of Administrative Succession and Requisition (Requirements) for Expedited Processing and Formal Validation (that which has been delayed beyond processing) of Filed Documents Pertaining to the Written Hearing of *Notice of Motion* Number Three (NOM #3), Scheduled for December 3, 2025

I. Acknowledgement of Administrative Succession and Transference of Duties

The **Applicant (Moving Party)** duly acknowledges the official advisement concerning the cessation of the role and responsibilities of the former Registrar/Manager of the Divisional Court (hereinafter the "Former Registrar"), Ms. Gentles. Consequently, the transference of her subsisting administrative and procedural duties is hereby directed to the immediate and meticulous attention of the present administrative apparatus, specifically including the newly designated Registrar/Manager (hereinafter the "New Registrar"). This direction is effected by way of explicit reference to the comprehensive documentation appended hereto, which delineates the precise administrative obligations currently outstanding. This administrative continuity, essential for the efficacious function of the Divisional Court's mandate under the *Courts of Justice Act*, must remain unimpaired; the New Registrar is respectfully requested to be fully seized of all outstanding obligations *in media res* to prevent any procedural lacuna in the execution of justice and to safeguard the **Applicant (Moving Party)'s** substantive rights scheduled for adjudication.

II. Mandate for Immediate Processing and Preservation of *Status Quo Ante*

Given the present chronological demarcation, being approximately 15:00 hours, and the consequential administrative mandate to effectuate the expeditious processing of the outstanding filings, many of which were submitted on an exigent and demonstrably time-sensitive basis, it is imperative that the represented service standard of acceptance within three (3) business days be honoured without further delay. Specifically, it is stipulated that all outstanding submissions be formally received and logged within the Online Civil Claims Portal (OCCP) as of their respective original dates of submission (*acta non verba*), thereby meticulously preserving the procedural *status quo ante* and ensuring the unimpeachable integrity of the judicial record in advance of the December 3, 2025, return date for the written hearing (without the necessity of physical attendance) of the **Applicant (Moving Party)'s** *Notice of Motion* Number Three (NOM #3).

The exigency of the situation is further underscored by the potential for procedural prejudice arising from the retrospective application of filing dates; should the official filing dates fail to correspond precisely with the dates of submission, the mandatory calculation of various procedural timelines under the *Rules of Civil Procedure*, including those relating to the perfection of the motion record, could be detrimentally compromised. Such an administrative delay, though understood in the context of succession, risks rendering the **Applicant (Moving Party)'s** submissions technically deficient *ab initio*, an outcome which would be demonstrably inequitable and contrary to the paramount principle of procedural fairness. The **Applicant (Moving Party)** reiterates and relies upon the comprehensive materials previously submitted, including the requisitions and confirmations of filing, a meticulous duplication of which is appended herein for the recipients' ease of reference. **I have also included the index for the *Compendium For NOM #3* that I am required to upload.** Cross-referencing is specifically directed to those documentation, including those remunerated where applicable, which were submitted as much as one week prior to the issuance of this correspondence. The submissions must be officially stamped *nunc pro tunc*.

III. Procedural Status of NOM #3 and Extrapolation of Legal Principles

A. The Unopposed Nature of the Relief Sought

It is formally confirmed, as has been previously established through comprehensive documentary evidence, that a *Confirmation of Motion* was successfully transmitted to the court office via electronic mail on Monday, November 24, 2025. Perusal of the correspondence annexed hereto unequivocally substantiates the **Applicant (Moving Party)'s** knowledge that the *Notice of Motion* Number Three (NOM #3) remains fundamentally and procedurally unopposed by any potential *Responding Parties* (a designation encompassing both nominal Respondents and Non-Respondents). Specifically, Requisition/Request #11 (submitted and filed on December 2, 2025, at 03:05 hours) constitutes a compelling *prima facie* demonstration that the nominal Respondents neither

delivered their mandatory *Notices of Appearance* nor filed a "First Defence," thereby failing to attain the requisite jurisdictional status of a party to the substantive proceeding. This failure operates as a decisive waiver of their entitlement to participate in the adjudication of NOM #3.

B. Application of the *Rules of Civil Procedure* and Remedial Authority

The failure of the nominal Respondents to comply with the threshold procedural prerequisites under the *Rules of Civil Procedure* renders them *ipso facto* non-parties. This procedural defect, which is not attributable to any action or inaction on the part of the **Applicant (Moving Party)**, concurrently and consequentially nullifies any standing they might otherwise possess to oppose the relief sought against them, as evidenced by the corresponding lack of opposition from the Non-Respondents who were duly served (vide: Tab #22 of the *Motion Record* and the *Compendium For NOM #3*).

It is a sophisticated extrapolation of legal principle that the judicial branch possesses the inherent and statutory authority to prevent administrative or technological failures from undermining the pursuit of justice. The adherence to the spirit and substance of the *Rules of Civil Procedure* necessitates the dispensing with technical compliance where the technological impediments or the former non-compliance of the Former Registrar's duties have occasioned delays. To penalize the moving party for administrative delay would be tantamount to an act of procedural *ultra vires* against the foundational tenets of natural justice. The New Registrar is therefore requested to ensure that the requisite remedial measures are instantiated forthwith, recognizing the Court's equitable power to correct such administrative errors.

IV. Provision of the Primary Draft Order for Judicial Assistance

In furtherance of the objective of utilizing public resources with maximal efficiency, and drawing a potent analogy to the successful, uncontested implementation of the **Applicant (Moving Party)'s** *Notice of Motion* Number Two (NOM #2)—which proceeded summarily in writing without objection from the nominal Respondents—the **Applicant (Moving Party)** has appended a meticulously prepared copy of the "Primary Draft Order" (vide: *Requisitions by Appendices* for cross-referencing).

The aforementioned document, which was previously transmitted via electronic mail, is current as of November 30, 2025, and is deemed filed on December 1, 2025. This critical date is chronologically situated more than ten (10) days subsequent to the complete service of the NOM #3 *Motion Record* upon the nominal adversaries. The provision of this Primary Draft Order serves a dual purpose: it constitutes timely notice to the Presiding Motions Judge, and, more importantly, functions as a judicial roadmap, meticulously detailing the materials to be reviewed, the specific legal authorities relied upon, and the necessary operative paragraphs of the final disposition. This proactive measure significantly contributes to the optimal utilization of finite judicial resources, mitigating the administrative burden associated with navigating complex motion records. The **Applicant (Moving Party)'s** conclusions regarding the procedural entitlement to the sought relief are thereby rendered structurally and legally self-evident by the unopposed record and the sufficiency of the notice provided.

The **Applicant (Moving Party)** reaffirms its unwavering deference to the inherent jurisdiction of the Court to command the integrity of its own processes and remains readily available should any subsequent refinements to the Primary Draft Order be deemed requisite. Electronic communication via this thread is acceptable for purposes of further clarification.

The **Applicant (Moving Party)** extends its sincere appreciation for the scrupulous attention and compliance with the stipulations contained herein, and for ensuring that the principles of procedural fairness and the efficient administration of justice are meticulously upheld in this complex matter.

Warmest regards and congratulations to Ms. Parris, licensed paralegal, on her promotion:

Subject: Exigent Requirement for the Registrar’s Execution of Duties Pursuant to Honoured Procedural Representations Regarding the Temporal Scope of Filed Documents in the OCPP

I. INTRODUCTION AND CONTEXT

This urgent communication is submitted with utmost deference and respect to the Honourable Justices of the Divisional Court, and is directed specifically to the Office of the Registrar. The present temporal designation, 9:45 *ante meridiem* on December 3, 2025, represents a critical juncture in the procedural chronology of this application.

Subsequent to the submission of the requisite formal requisitions, an appended document is provided herewith. This enclosure constitutes a graphic excerpt from the 'My Filings' module of the Ontario Courts Public Portal ('OCPP'), which definitively demonstrates a substantive failure to adhere to the established judicial administration's represented timeline for processing and validating submissions. Specifically, the antecedent assurances provided to **me** regarding the notification of acceptance within a period of three business days have not been fulfilled, which constitutes, *prima facie*, a material misrepresentation of the established procedural protocol.

II. NON-COMPLIANCE WITH PROCEDURAL REPRESENTATION

In the enduring spirit of collegiality, and reserving all extant factual and legal prerogatives, **I** respectfully and urgently request that the relevant filings, particularly those associated with Reference Number '4B3F-88B8-7280-8DEB', be forthwith accorded the validation stamp bearing the date of November 26, 2025. Immediate confirmation of safe and accurate receipt of the aforementioned documentation will subsequently be provided by **me**.

This procedural rectification is indispensable to ensure the unimpeded progression of *NOM #3*, which is designated to proceed this day “in writing” and without the necessity of **my** personal attendance. It is acknowledged that a period of time will necessarily be required for the Presiding Superior Court of Justice Motions Judge (hereinafter, the “Presiding SCJ Motions Judge”) to meticulously peruse the documentation contained within the *NOM #3* Motion Record, in conjunction with the most recently promulgated draft order (dated November 30, 2025), herein designated as the “Primary Draft Order.”

The efficacy of this judicial review is entirely contingent upon the successful and timely uploading of the filed documents to the Presiding SCJ Motions Judge, with the singular exception of the Compendium For *NOM #3*, the preparation and transmission of which remains **my** sole and punctilious responsibility. Although the submission of the *Compendium For NOM #3* was not strictly mandated, its filing and service upon all relevant entities were definitively effectuated on November 28, 2025, which comfortably preceded the returnable date designated for the hearing of *NOM #3* by a margin of three clear days.

III. JURISDICTIONAL MANDATE AND *ACTA*

Should the immediate rectification of these critical procedural matters not be effectuated, **I** shall be compelled to escalate this exigency to the appropriate supervisory authority. Such action would be undertaken to ensure strict adherence to the *pith and substance* of the *Courts of Justice Act*, the *Legislation Act*, the *Judicial Review Procedure Act*, and all relevant attendant regulatory instruments.

It is affirmed that the requisitions appended hereto necessitate the Registrar's execution of a statutory duty pursuant to the *Rules of Civil Procedure*. Concomitantly, the imposition of a supplementary prescribed fee is deemed unwarranted, predicated upon the antecedent disbursement of all various prescribed fees established under the pertinent regulation issued pursuant to the *Administration of Justice Act*, specifically titled the *Superior Court of Justice and Court of Appeal - Fees*.

Analysis of Regulatory Fees

It is observed that the regulatory provision, Superior Court of Justice and Court of Appeal - Fees, O Reg 293/92, specifically subsection 1(1)3(iv), stipulates:

> "iv. A notice of motion served on another party, a notice of motion without notice, a notice of motion for a consent order or a notice of motion for leave to appeal, other than a notice of motion in a family law appeal, $339."

To the extent that since the Respondents failed to "deliver" their respective Notices of Appearance previously and prior to the filing of the Notice of Motion Number Three, and thus are not formally designated as "parties" to this motion, and given that the instant Notice of Motion was initiated with notice, does not seek a "consent order," is not a "motion for leave to appeal," and is not a "notice of motion in a family law appeal," the logical inference, *ipso facto*, is that no further charge for "filing" can be levied pursuant to the strict construction of the regulatory language.

IV. ACCESS TO JUSTICE AND PROCEDURAL INTEGRITY

Notwithstanding the aforementioned rigorous statutory construction, and in deference to the judicious management of the Divisional Court's limited temporal and fiscal resources, **I** confirm that the imposition of the aforementioned fee may proceed *in any event* for administrative convenience. This acquiescence is grounded in the axiomatic principle that **I am** procedurally constrained to advance a motion within this proceeding pursuant to *Rule 59.06(2)(a)*, notwithstanding the absence of formally designated "Responding Parties." It is a self-evident legal conclusion that a "Responding Party" is jurisprudentially distinct from a "party."

It is further acknowledged that the guarantee of access to public courts for the adjudication of civil disputes constitutes a foundational tenet of the Canadian constitutional architecture (see: *Trial Lawyers Association of British Columbia v. British Columbia (Attorney General)*, 2014 SCC 59, at paragraphs 32 and 41; referencing *Ontario (Attorney General) v. $25,610 in Canadian Currency*, 2017 ONCA 251, at paragraph 1). The Registrar is therefore mandated to comply with the represented timelines to ensure that this fundamental constitutional right is not *ultra vires* prejudiced.

The aforementioned electronic correspondence was concurrently transmitted via facsimile to preclude any possible misapprehension or conceptual ambiguity regarding the exigent nature of this matter. It has now been five business days since the effectual filing of the *NOM #3*, Factum, Motion Record, Primary Draft Order, and Affidavit of Service; a duration that significantly exceeds the represented three-business-day processing interval. **I** punctiliously fulfilled the obligation to deliver a Confirmation of Motion to the Registrar at least five days prior to the hearing date, specifically on November 24, 2025, thereby satisfying the prescription of *Rule 37.10.1(1)(a)(i)*.

As *NOM #3* constitutes a motion without oral argument, its adjudication proceeds appropriately in the absence of the public pursuant to *Rule 37.11(1)(a)*, which states:

"(a) the motion is to be heard and determined without oral argument;"

V. CONCLUSION AND RESERVATION OF RIGHTS

In consideration of the demonstrable lack of opposition to *NOM #3* and the exigent circumstances underlying the substantive relief sought therein, a revised draft order shall be expeditiously transmitted for the attention of the Presiding SCJ Motions Judge. While the administrative temporal delays are unquestionably of considerable concern, it is anticipated that this approach will facilitate the determination of the *merits* in an expeditious, fiscally judicious, and fundamentally just manner.

I formally reserve the prerogative to bring this entire *acta* to the attention of those possessing the requisite supervisory authority, should the stated representations and corresponding procedural obligations remain unfulfilled. While resorting to such supervisory intervention would be undertaken with demonstrable reluctance, it may become an unavoidable necessity to preserve the *status quo ante* and uphold the integrity of the judicial process.

The previously provided Primary Draft Order is appended hereto for the Presiding SCJ Motions Judge's ease of reference, should the immediate endorsement of that instrument be contemplated.

I thank the Court for its prompt and judicious attention to this exigency.

Respectfully Submitted,

/s/Mr. Kevin A. McLean, B.A., J.D., C.I.M.

Room 174
Toronto, Ontario
(Kind Attention: Registrar Ms. Gentles)

Fax: 416-327-5549

Email: scj-csj.divcourtmail@ontario.ca; and Tashekah.Gentles@ontario.ca

SUBJECT: IMMEDIATE REQUIREMENT OF STAMPING THE OUTSTANDING SUBMITTED FILINGS TO THE DIVISIONAL COURT WITH PARTICULAR REFERENCE TO THE FILED

MOTION RECORD (INCLUDING THE NOM #3, FACTUM, MOTION RECORD, DRAFT ORDER, AFFIDAVIT OF SERVICE ET AL) (SEE: 4B3F-88B8-7280-8DEB)

Dear Divisional Court, Ms. Gentles et al:

I write regarding the above on an urgent basis. As you know from the email of last night, it is unequivocal that none of the Respondents "filed" a "First Defence" and "delivered" their Notices of Appearances. Pursuant to Rule 38.07(2)(a) to (c), which is reproduced:

"(2) A respondent who has not delivered a notice of appearance is not entitled to,
(a) receive notice of any step in the application;
(b) receive any further document in the application, unless,
    (i) the court orders otherwise, or
    (ii) the document is an amended notice of application that changes the relief sought;
(c) file material, examine a witness or cross-examine on an affidavit on the application…"

Were entitled to receive notice of "any step" in the JRPA Application (document #1 in the record of proceeding of the JRPA Proceeding); receive any further "document" in the JRPA Application; or file material on the JRPA Application.

"Document" includes data and information in electronic form (see: Rule 1.03 of the Rules of Civil Procedure).

As such, with this unequivocal proof, this request is squarely and exclusively provided to the Divisional Court and will be so on a go-forward basis.

I refer to the language in the Wednesday, November 26, 2025, email which states:

> "Your documents will be reviewed by court staff and you will be notified **within three business days…."**

Based on not counting the first day which was Wednesday, November 26, 2025, within three business days was yesterday, Monday, December 1, 2025.

Since the filings unequivocally comply with the requirements for filing, I am entitled by law to stamped copies of those documents to be dated on **November 26, 2025** of which there was included receipt involving the same (see: Requisition of last night which was served, out of an abundance of caution, and filed). As per the motion relief therein, which also seeks abridgement of time and orders granted on a nunc pro tunc basis, which is to be decided by the presiding motion judge in writing, kindly provide me with the stamped copies of the documents contained in the below numbered package of documents forthwith. As you also know from last night's letter and filed Requisition,

The language is unequivocal in the email therein, which is attached, and it requires a duty of good faith which is imposed upon the Divisional Court by its employees, albeit employed by the MAG, that I will (not "may") notified within three business days.

As you know, I am required to bring this motion in the Divisional Court under the JRPA Proceeding pursuant to the requirements under the Rules of Civil Procedure which state:

"Amending, Setting Aside or Varying Order

Amending

59.06 (1) An order that contains an error arising from an accidental slip or omission or requires amendment in any particular on which the court did not adjudicate may be amended on a motion in the proceeding. R.R.O. 1990, Reg. 194, r. 59.06 (1).

Setting Aside or Varying

(2) A party who seeks to,

(a) have an order set aside or varied on the ground of fraud or of facts arising or discovered after it was made;

(b) suspend the operation of an order;

(c) carry an order into operation; or

(d) obtain other relief than that originally awarded,

may make a motion in the proceeding for the relief claimed. R.R.O. 1990, Reg. 194, r. 59.06 (2)."

As such, I was and am required to have made the motion in the proceeding for which the relief was claimed.

As you know, the "Responding Parties" were all provided notice and served with the Notice of Motion on November 17, 2025 (Monday) which was 16 days in advance of tomorrow's date. The NOM #3 will proceed by "written hearing" as per the Rules of Civil Procedure (see: Rule 37.12(4) and (5)) on December 3, 2025.

In consequence, the Court is formally and respectfully implored to furnish, with the utmost promptness and without further administrative circumlocution or delay, the officially stamped exemplars of the documents contained within the aforementioned package of documentary submitted filed documents with authorized payment. Please do so by 3:30 p.m. so that compliance is effected in accordance with the representations made to me in writing by the email attached.
When I receive the stamped copy of the aforementioned and cross-referenced documents, I will confirm the same by email to confirm the closure of this issue requiring immediate attention by the Divisional Court.

Thank you kindly.

Respectfully Submitted,

/s/Mr. Kevin A. McLean (BA, JD, CIM)

Judicial File Designation	**DC-24-00000718-00JR**
Short Style of Cause	**McLean v. TDHA *et al.***
Document Type	**Provision of the Requisition, Requisition or Request or JRPA Application Hearing Request (3 forms: one document)**
Originating Entity	**The Applicant and Moving Party in NOM #3**
Submitted By	**Mr. Kevin A. McLean, B.A., J.D., C.I.M.**

SUBJECT I: JUDICIAL REVIEW APPLICATION NO. DC-24-00000718-00JR; McLean v. TDHA *et al.*

SUBJECT II: URGENT CONFIRMATION OF FILING: MULTI-PURPOSED REQUISITION FORM (FORM 4(E), DIVISIONAL COURT FORM 1, AND APPLICATION HEARING REQUEST) AND COMPLIANCE WITH AN IMMEDIATE ALERT TO THE DIVISIIONAL COURT OFFICE IN TORONTO REGION PURSUANT TO THE ABOVE AND IN ACCORDANCE WITH THE DIVISIONAL COURT PRACTICE DIRECTION IN THIS REGARD

I. INTRODUCTION AND ADOPTION OF LEGAL DICTION

Formal communication is herein extended concerning the above-noted proceeding, the principal subject of which pertains to the time-sensitive submission of dispositive documentation tendered in anticipation of the scheduled return date for *Notice of Motion Number Three* (hereinafter, the "*NOM #3*"), presently docketed for judicial consideration on Wednesday, December 3, 2025. This exigent transmission constitutes the requisite notification to the Trial Coordination Office staff concerning the time-critical nature of the contemporaneously filed instruments, which form an integral component of the comprehensive legal argument and evidentiary submissions that comprise the *acta* of the Application for Judicial Review. The gravity of the *NOM #3* is predicated upon substantive legal challenges to the foundation of the proceeding itself, thus demanding rigorous attention *in limine*.

For the purpose of maintaining conceptual precision and jurisprudential consistency throughout this documentation, all definitions, stipulations, and qualifications articulated in previously, indirectly or directly, cited correspondence, records, and judicial materials comprising the comprehensive *acta* of this matter are meticulously adopted, thereby obviating the necessity for their repetitive restatement. Furthermore, the *Rules of Civil Procedure*, R.R.O. 1990, Reg. 194, which govern the procedural *modus operandi* of this Court, shall be hereinafter formally designated as the "*Rules*."

II. PROCEDURAL PRECEDENT AND THE MANDATE FOR URGENT SUBMISSION

The present official correspondence is necessitated by a strict, non-derogable adherence to the *Divisional Court Practice Direction, Part A.2: Filing Online Filing for Toronto Divisional Court Matters* (hereinafter, the "*Practice Direction*"), which unequivocally mandates that, in circumstances where an urgent hearing request is prosecuted, a corresponding electronic mail transmission must be forwarded to the appropriate administrative office. This is required, *inter alia*, to furnish notification to the pertinent staff of the submission's critical nature subsequent to its electronic lodgement via the *Online Court Case Portal* (hereinafter, the "*OCCP*"). The efficient and salutary operation of this dual-alert mechanism is calculated to ensure that time-critical filings are not permitted to languish within the generalized queue of submissions, but rather ascend immediately to the requisite level of judicial and administrative prioritization, a measure essential for the prevention of procedural *laches*.

The essential *prima facie* basis for establishing the requisite temporal urgency of this alert is unequivocally demonstrated by the compelling convergence of two pivotal factors: **(a)** the recent discovery of crucial, compelling evidence and foundational facts, which attained definitive confirmation as of December 1, 2025, and which provide the direct *causa causans* for the *NOM #3* filed on November 17, 2025. This newly discovered evidence precipitates an argument that prior issues may be rendered non-justiciable, thereby altering the essential *locus standi* of certain claims and necessitating the immediate intervention of the Court. **(b)** The imminent spatial proximity of the underlying hearing date is irrefutable; the return date for the *NOM #3* is demonstrably fewer than three business days distant from the date of the

submission, which *ipso facto* characterizes the documents as time-sensitive pursuant to the governing *Practice Direction*. This comprehensive procedural diligence constitutes not merely an exercise in formality but a foundational, prophylactic safeguard, the objective of which is to ensure that submissions of potentially dispositive magnitude are identified and prioritized by the Court staff, thereby protecting the proper administration of justice from unnecessary logistical delay or potential *ultra vires* continuation of non-justiciable controversies, thus upholding the public interest in judicial economy.

III. CONFIRMATION OF INSTITUTIONAL FILING MULTIPLICITY

The primary and solemn purpose of this communication resides in the authoritative confirmation of the methodical and deliberate filing strategy executed within the *OCCP*, the intent of which is to ensure absolute and prophylactic compliance with all pertinent, potentially overlapping procedural requirements imposed by the Divisional Court, thereby foreclosing any *obiter dictum* concerning procedural error.

Due to the inherent composite nature of the submission—which formally encompasses the need for a statutory *Requisition* (mandating action by the Registrar, per Form 4(E)), a *Written Request* (seeking specific administrative direction, per Form 1), and an *Application Hearing Request* (necessary for the calendaring of the urgent motion)—and in order to rigorously mitigate any latent or perceived risk of procedural misclassification that might otherwise consequentially impede the necessary and expedient processing of the urgent request, the Applicant elected to upload the singular, identical substantive document under three separate and distinct procedural headings within the *OCCP*. This triplicate process was judiciously undertaken to preclude any ambiguity in the Court's electronic filing system regarding the document's manifold function, which is simultaneously an *Application Hearing Request* (requesting the date), a *Requisition* (demanding the mandatory action by the Registrar), and a *Written Request* (confirming the urgency pursuant to the *Practice Direction*).

The document, which is formally titled **"Requisition - DC Request - Hearing Request - URGENT - Newly Discovered Evidence - OCCP - Issues No Longer Justiciable - APPLICANT - Mr McLean - 1-Dec-2025"** (hereinafter, the "*Urgent Requisition Document*"), was filed concurrently and precisely under the following three official classifications:

1. *Divisional Court Form 4(E): Requisition*
2. *Divisional Court Form 1: Requisition or Written Request*
3. *Divisional Court Form (unnumbered): Application Hearing Request*

This calculated redundancy was implemented as an exercise in procedural prudence and abundant caution, intended solely to expedite the Court's ministerial processing of this urgent filing and thereby avert any potential prejudice, irreparable or otherwise, that might ensue from the current *status quo ante* of the judicial file, securing the constitutional right to a timely hearing.

A. Evidentiary Confirmation of Procedural Compliance

The Applicant's adherence to the *Practice Direction* and established best practices for the lodging of complex, urgent materials is demonstrably complete. The appended **Appendix #1**, which provides a transactional summary of the filing information, functions as conclusive evidentiary confirmation of the

successful electronic transmission of the *Urgent Requisition Document* under the three aforementioned procedural classifications, which must be accepted as the definitive record of lodgement.

IV. THE IRREMEDIABLE EFFECT OF RESPONDENTS' PROCEDURAL DEFAULT (*NULLA DIES SINE LINEA*)

It is confirmed unequivocally, by reference to the public record accessible through the *Online Court Case Portal* (the "*OCCP*"), which is deemed the final administrative arbiter of documents filed, that the Respondents have entirely neglected to file their requisite *Notices of Appearance* (hereinafter, the "*Notice of Appearance*") or effectuate the delivery thereof to the Applicant, a necessary *sine qua non* for participation. This systemic and irremediable *lacuna* in the fundamental procedural requirements constitutes a matter of demonstrable, objective certainty that cannot be rebutted by collateral assertion or procedural challenge.

Pursuant to the mandatory provisions articulated within the *Rules*, specifically those governing the requirement for filing an initial defending document, this substantive default *ipso facto* operates to render the defaulting parties entirely divested of their **locus standi** and consequently **prohibited** from the receipt of any subsequent steps, documents, or filings in this proceeding. This prohibition is absolute and encompasses any communication or document, inclusive of the document designated as **Document #48**, should that document be determined to be one that required service upon a party enjoying procedural standing. The failure to file the *Notice of Appearance* thus strips the Respondents of their *de jure* right to be served, converting their status to that of non-participants in the ongoing litigation process.

Assurance is further provided that any belated filing of the *Notice of Appearance* shall be preemptively opposed by the Applicant. Notwithstanding this position, the **infallible conclusion** must be drawn that should any such *Notice of Appearance* be filed tomorrow, such lodgement would, in any event, post-date the Applicant's time-sensitive submission of the *Urgent Requisition Document*. This temporal sequence dictates that the Respondent Insurance Companies, the *LAT et al.*, and the Non-Respondents (who are acting as Responding Parties) have not, as of the time of the Applicant's definitive filings, formally opposed or challenged any relief being sought against them (where applicable) in the *NOM #3* or any other timely submission.

Consequently, the Divisional Court is not merely absolved of the obligation to furnish further notice to these procedurally delinquent parties; it is, in point of fact, **prohibited** from serving any subsequent notice of steps or documents herein, given the Respondents' failure to file a first defence or deliver their *Notice of Appearance*. This strict adherence to procedural mandates is essential for maintaining the integrity of the process and ensuring the Court is not placed in the position of providing preferential treatment to defaulting parties. This assertion constitutes **definitive confirmation** that the inclusion of the Respondents in the electronic transmission of this singular correspondence shall denote the definitive and **final instance** of such communication relative to this proceeding (the *ultima ratio* of service). Furthermore, assurance is provided that monitoring of the *OCCP* will continue, thereby allowing for the immediate and decisive procedural action necessary should any delinquent filing of the *Notice of Appearance* by any Respondent belatedly transpire, which would, in and of itself, require subsequent judicial consideration.

V. CONCLUSION AND REQUEST FOR EXPEDITIOUS PROCESSING

Given the comprehensive nature of the *Urgent Requisition Document*, which articulates concerns regarding issues that are arguably no longer justiciable and introduces newly discovered evidence of compelling probative value pertinent to the *NOM #3*, it is respectfully submitted that the attendant circumstances *a fortiori* mandate the immediate attention and high-priority processing of these documents, thereby mitigating the risk of judicial resources being expended on an application that may have been fundamentally altered by the new evidence.

A. Processing Timeline and Integrity of Filings

Note is hereby taken that all filings requiring administrative processing have been particularized to ensure their proper uploading and availability on or before the return date of December 3, 2025, at the hour of 9:30 a.m. While it is acknowledged that the Registrar is not subject to a specific administrative deadline for general filings, a critical temporal constraint is imposed upon the Applicant with respect to the uploading of the *Compendium for NOM #3*. This must be effectuated promptly to forestall the potential for any further unauthorized intrusion or fraud pertaining to personal information, personal health information, and confidential or privileged material, an egregious possibility that regrettably materialized on the day immediately subsequent to the service of the *NOM #3* upon the Respondent Insurance Companies and the Licence Appeal Tribunal (*LAT et al.*). Whether this confluence of events represents merely a coincidence is a query that inherently furnishes its own conclusion. The gravity of these circumstances dictates, at the minimum, the necessity of a definitive judicial decision to ensure that these allegedly malicious and fraudulent actors are placed unequivocally under the *imperium* of contempt, should they intentionally disregard or disobey orders subsequently issued by this Honourable Divisional Court or by the presiding motions judge on Wednesday, December 3, 2025. The prompt execution of this ministerial duty is imperative to ensuring that the Court may discharge its supervisory function over the inferior tribunals and matters properly before it.

It is formally requested that the esteemed Registrar, Ms. Gentles, issue instructions to the requisite Court personnel for the immediate and expeditious processing of the *Urgent Requisition Document* as an urgent filing, thereby enabling the *acta* for the *NOM #3* to be completed without further administrative protraction, which is critical for safeguarding the integrity of the imminent hearing.

The Court's indispensable function and the meticulous efforts required of the Registrar and staff in the administration of this judicial review application are acknowledged with profound appreciation and deference.

A confirmation is provided that the Applicant is grateful for the anticipation of compliance, the expected cooperation, and the prioritization of these time-sensitive requisitions and requests, which is essential to the due administration of justice.

I confirm that I have moved as expeditiously as I could involving this evidence as it only came to my attention on December 1, 2025, when perusing the features of the OCPP. Even the OCPP tech professionals can fact check the same.

Respectfully Submitted,

/s/Mr. Kevin A. McLean (B.A., J.D., C.I.M.)

December 1, 2025

Judicial File Designation	**24/718/00JR**
Short Style of Cause	*McLean v. TDHA et al.*
Document Type	Official Confirmation of Service (Electronic), Pertaining to Motion Materials
Originating Entity	The Applicant and Moving Party in NOM #3
Submitted By	Mr. Kevin A. McLean, B.A., J.D., C.I.M.

TO:
THE DIVISIONAL COURT (Kind Attention: Registrar Ms. Gentles)
COPIES TO: Respondents herein
Subject: confirmation that none of the “Responding Parties” have opposed my NOM #3 (November 17, 2025) to be heard in writing
Subject II: confirmation that none of the “Responding Parties” have objected to NOM #3 being heard in writing – thereby obviating the necessity for any Zoom coordinates or in person appearances

I. CONFIRMATION OF PRIOR ELECTRONIC TRANSMITTAL

The Honourable Court is respectfully apprised that the antecedent electronic transmittal, directed toward the Divisional Court's designated electronic repository, was successfully effected without incident, procedural impediment, or the generation of any automated non-delivery reportage. It appears that the issue with the full mailbox of the Divisional Court’s general email for correspondence has been cleared out. The efficacy of the communication mechanism is therefore conclusively affirmed.

II. AFFIRMATION OF NON-RECEIPT OF RESPONDING MATERIALS AND *IPSO FACTO* CONSEQUENCE

Out of an abundance of cautious and meticulous precaution, and consistent with the imperative codified in the *Rules of Civil Procedure* concerning the notification of the "Registrar" (as defined in *Rule 1.03* of the *Rules of Civil Procedure*—where "registrar means the Registrar of the Divisional Court or Court of Appeal, or a local registrar of the Superior Court of Justice, as the circumstances require"), it is herewith formally confirmed. As of the terminus of the prescribed business day, no documentation responsive to Notice of Motion (NOM #3), accompanied by the prerequisite evidence of service, has been tendered or received from any of the designated Respondent or Non-Respondent entities.
This demonstrable dereliction, *ipso facto*, dictates that the aforementioned NOM #3 shall proceed on Wednesday, December 3, 2025, as an *unopposed* application for the entirety of the substantive and ancillary relief sought within its compass.

III. EXTRAPOLATION OF LEGAL PRINCIPLES AND PROCEDURAL DETERMINATION

The substantive relief sought by the Applicant is comprehensive, encompassing, *inter alia*, the imperative and required, by, inter alia, Rule 59.06(2)(a) (see: requirements denoted in the BCCA’s comparativie provincial jurisdictional analysis (i.e. Ontario rules of civil procedure require such a motion to have been served and filed in the proceeding where the facts arising or discovered and/or any alleged fraud, arising or discovered has so occurred (nota bene: in effect, there is but one route herein in Ontario when such occurrences have happened and that is the filing of a motion in the instant JRPA Proceeding) setting aside of specific juridical steps, filed documents, and/or antecedent judicial orders predicated upon a comprehensive and multifaceted matrix of available legal grounds. These grounds include, but are not strictly limited to, those rooted in the principles of equity, the inherent jurisdiction of this superior court, the common law, and various appurtenant statutory and prescribed provisions, particularly where an action is determined to have been *ultra vires*.
Furthermore, given the conspicuous and uncontroverted absence of any formal, written objection from the Responding Parties (encompassing more than merely Respondents) concerning the proposed modality of disposition, the adjudicative process for NOM #3 shall, in accordance with standard practice, proceed by way of a *written hearing*, thereby rendering the physical attendance of the Applicant and Moving Party a superfluous requirement.

IV. CONCLUSION AND TENDER OF JUDICIAL ASSISTANCE

In the pervasive spirit of professional comity and facilitation of the judicial function, the Applicant remains readily available should the Honourable presiding motions Judge (the “Presiding Motions Judge”) deem it necessary to pose any queries pertaining to the filed motion documents, either

contemporaneously with or subsequent to the determination. This availability extends to the potential exigency of drafting a formal order (to the extent that the most recent formal draft order requires refinement) for the judicial consideration, requisite review, signature, and subsequent entry by the Divisional Court presiding motions Justice.

It is respectfully noted, however, that given the complete service and filing of the *Notice of Application* (the *JRPA Application* (November 15, 2024)), *Notice of Motion* (November 17, 2025), and *Compendium for NOM #3* (November 28, 2025), the requisite endorsement of **an order**, pursuant to *Rule 59* of the *Rules of Civil Procedure*, may be efficaciously executed upon one of the afore-listed primary originating documents, thereby potentially obviating the requirement for a separate, subsequent instrument.

As this NOM #3 is unopposed by all Responding Parties, I will respect their rights of non-opposition, although consent would have been preferable and respectful of Divisional Court's resources, I may confine my future communications exclusively to the Divisional Court. Nonetheless, should any copies of such documents be requested by Responding Parties, I shall provide them without delay (i.e. forthwith).

I shall notify the other Responding Parties of the same.

Thank you kindly.

Respectfully Submitted,

/s/Mr. Kevin A. McLean (BA, JD, CIM)

SUBJECT: OFFICIAL CONFIRMATION OF SERVICE UPON NON-RESPONDENTS OF THE APPLICANT'S DRAFT ORDER AND COMPENDIUM FOR NOM #3; DISCOURSE ON TEMPORAL JURISPRUDENCE

May it please the Court, Esteemed Counsel, and the Distinguished Registrar: The present communication is tendered as a matter of exigency and procedural necessity, serving to formally document the recent procedural *acta* of the Applicant.

I. Confirmation of Procedural Compliance and Technological Impediment

This correspondence is formally submitted to the Divisional Court and all interested parties pertaining to the aforementioned judicial review proceeding. The imperative requiring the explicit inclusion of the esteemed Registrar of the Divisional Court, Ms. Gentles, in this electronic transmission is directly borne of the **technological impediment** encountered *post meridiem* yesterday, *to wit*, the explicit notification received that the Court's primary electronic receptacle of judicial communications was rendered inaccessible, having achieved its maximum storage capacity.

An equitable **indulgence** is respectfully sought from the Registrar subsequent to this unforeseen *actus* involving the judicial infrastructure. This procedural documentation confirms unequivocally that this exceptional circumstance arose **subsequent** to the mandatory submission of the Confirmation of Motion, as is statutorily mandated by the strictures of *Rule 37.10.1* of the *Rules of Civil Procedure*—a critical prerequisite to the proper scheduling and hearing of motions. The Confirmation of Motion, dated November 24, 2025 (Enclosure 1), was duly filed prior to the technological issue. This act, confirming the motion for the return date of December 3, 2025, *ad majorem cautelam*, serves to dispel any potential ambiguity concerning the Applicant's diligent compliance with the *Rules* preceding the Court's electronic failure. The maintenance of the *status quo ante* regarding the procedural timetable is thus demonstrably supported by the Applicant's antecedent adherence to the *Rules*.

II. Effectuation of Service Upon Non-Respondents: Supererogatory Prudence

It is herewith further confirmed that, as an exercise of **supererogatory prudence** and to ensure absolute procedural rectitude across the spectrum of all potentially affected parties, formal service has been effectuated upon the **Non-Respondents**. These entities are precisely those parties designated in the affidavit of service formally sworn on November 21, 2025. This requisite service, rigorously completed on this date, encompassed the specific judicial documentation enumerated hereunder:

1. The Draft Order for *NOM #3*, dated November 30, 2025 (Enclosure 3). This instrument represents the Applicant's proposed outcome, detailing the precise and comprehensive relief sought from the Court, and is necessary to fully apprise all parties of the intended final disposition.
2. The Compendium for *NOM #3*, which was previously served and officially filed on November 28, 2025. The Compendium, serving as the compilation of essential documentary evidence and authorities, is fundamental to the Court's assessment of the merits of *NOM #3*.

The rationale underlying the service upon Non-Respondents is anchored in the principle of fundamental fairness and the avoidance of any claim of procedural **ultra vires** pertaining to the relief sought, even if such parties have not formally delivered a Notice of Appearance. The overarching goal is the complete transparency of all *acta* relevant to this proceeding.

III. Reaffirmation of Motion Particulars and Rigorous Temporal Stipulations

The **integrity** of the previous procedural submissions is strictly maintained. This includes the origination of the Applicant's Notice of Motion Number Three (*NOM #3*) on November 17, 2025. Its scheduled return date of **December 3, 2025**, was established via the aforementioned Confirmation of Motion (Enclosure 1), and was predicated upon the subsequent rendering of service upon the Responding Parties with a minimum of fourteen (14) days' notification. The **underlying procedural premise** remains the inherent and non-negotiable necessity to commence such an ancillary motion *intra* the established Divisional Court proceedings, herein denoted formally as the *Judicial Review Procedure Act* (*JRPA*) Proceeding. The gravity of this *NOM #3* is underscored by the substantive relief sought, including, *inter alia*, a Costs Award claimed on a full-indemnity basis in the substantial, as meticulously articulated in the Draft Order (Enclosure 3).

Said origination and service were comprehensively accompanied by the requisite filing and remittance of the fee for the *NOM #3*, the concurrent service of the Factum for Motion In Writing, the Motion Record, the prior Draft Order (November 19, 2025), and corroborative proof of service rendered upon **both** the Respondents and the Non-Respondents (cf. Tab #22 of the Motion Record for *NOM #3* and the corresponding Compendium). The

Applicant's timely fulfillment of these prerequisites establishes a *prima facie* case for the motion's readiness for determination.

The rationale compelling the service and submission of a Compendium for *NOM #3* is, *ipso facto*, **axiomatic** within this electronic record's history, facilitating the expeditious and comprehensive review of the relevant materials by the adjudicative body. Moreover, subsequent to a rigorous **extrapolation and computation** of the temporal parameters stipulated within the *Rules of Civil Procedure* ('Computation of Time'), the Responding Parties are theoretically afforded the potential to effectuate the filing and service of responsive documentation until the conclusion of the prevailing business day. There subsists a demonstrable ambiguity regarding the precise commencement of the period designated as **'within 10 days'** after the complete service of the Moving Party's material (November 19, 2025), necessitating definitive clarification on whether this initial date is permissibly included for the purposes of temporal calculation pursuant to the *Rules*.

The precise nature of the Responding Parties' obligation to respond is further **contingent upon** their prior 'Delivery' of Notices of Appearance with requisite proof of service—a foundational jurisdictional fact which remains, in the context of certain parties, unsubstantiated at this juncture. This lack of formal appearance by certain Respondents impedes the procedural clarity and necessitates the Applicant's conservative adherence to maximum notice periods.

IV. Permissible Responses and Administrative Obligation

Consequently, should any or all Responding Parties elect to furnish responsive material to the Court office, via the Online Case and Court Process Portal (OCPP), they are constrained by the following delineated options, pursuant to *O. Reg. 465/93, s. 4 (2)*:

(a) A formal consent to the motion, which definitively curtails any requirement for further judicial deliberation on the contested matters;

(b) A definitive notice that the responding party shall not oppose the motion, a position that, while not consenting, removes adversarial contestation;

(c) A motion record, a notice signifying acceptance of a written hearing and determination under this Rule, and a factum entitled 'Factum for a Motion in Writing', meticulously delineating their comprehensive legal argument; or

(d) A notice signifying their in limine intention to present oral argument, accompanied by any material intended to be relied upon by the party, requiring the Court to allocate formal hearing time.

It is further recognized that the procedural amendments implemented within the Toronto Region, which govern the administration of these proceedings, necessitate the eventual uploading of the Compendium for *NOM #3* into the digital repository known as Case Centre, an administrative requirement now incumbent upon the esteemed Registrar's office to ensure the electronic accessibility of the complete file.

The Registrar, Ms. Gentles, is once again extended profound appreciation for the aforementioned **indulgence** regarding the unanticipated technological deficiency. It is fervently hoped that the Divisional Court's staff shall execute the necessary technical *restitutio in integrum* and expeditiously resolve the current technological issue afflicting the Court's electronic messaging capability, thereby restoring the proper channel for judicial communication.

Respectfully Submitted and Executed,

/s/Mr. Kevin A. McLean (BA, JD, CIM)

Mr. Kevin A. McLean, B.A., J.D., C.I.M.
Applicant and Moving Party

Enclosures:

1. Previously served and filed Confirmation of Motion, pursuant to the *Rules of Civil Procedure*, dated November 24, 2025.

2. Official Transmittal of the Primary Draft Order for *NOM #3*, via Electronic Means, dated November 30, 2025.
3. Primary Draft Order of the Applicant for *NOM #3*, dated November 30, 2025 (served and filed on said date)

Yours faithfully,

/KAM

TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, TD GENERAL INSURANCE COMPANY, EXECUTIVE DIRECTOR, LICENCE APPEAL TRIBUNAL, HER MAJESTY THE QUEEN IN RIGHT OF ONTARIO, REPRESENTED BY EXECUTIVE CHAIR OF TRIBUNALS ONTARIO IN MR. SEAN WEIR, THE ATTORNEY GENERAL OF ONTARIO

RESPONDENTS

REQUISITION

DIVISIONAL COURT FORM 1: REQUISITION OR WRITTEN REQUEST

DIVISIONAL COURT FORM: APPLICATION HEARING REQUEST

Urgent filing via the OCPP, with a copy via email and fax along with notice to the esteemed registrar of the Divisional Court

The Applicant REQUIRES pursuant to the Requisition elements of this joint or multi-purposed form, avoidance of multiplicity of forms, the following:

1. **Registrar:** Comply with mandatory duties and immediately process all urgent filings by the Applicant, including, but not limited to, *Notice of Motion* Number Three, which are delineated for clarity at Appendix B. The urgency of these filings is amplified by the facts presented in Appendix A and the substantive evidence of irreparable harm in **Compendium Tab #3** and the ongoing security issues noted in the **Affidavit of Service (November 21, 2025)**.
2. **Registrar:** Upload all filed documents in this JRPA Application as required by the *Rules of Civil Procedure* and provide the necessary invitation access to the Applicant for his own uploading (where applicable) and for review of the complete electronic record; and
3. **Honourable Divisional Court/Registrar (where applicable):** Grant such further and ancillary relief as may be deemed just and expedient in the circumstances by way of hearing request, written request, or requisition to ensure that the NOM #3 and its relief, including that in the JRPA Application are heard in an expeditious, timely and cost-effective manner while the Moving Party has again complied with all serving, filing and proof of service along with payment requirements.

SUMMARY OF REQUISITION AND REQUEST OF THE DIVISIONAL COURT

This document is a formal requisition filed by Kevin Alexander McLean in the Ontario Superior Court of Justice (Divisional Court), seeking urgent processing of his Notice of Motion Number Three (NOM #3) due to procedural defaults by the respondents in a Judicial Review Application (JRPA). It details the absence of Notices of Appearance filed by the respondents, which has rendered the application undefended and necessitates immediate judicial action to prevent further harm to the applicant.

- **Failure to file a "First Defence" by any Respondents and failure to "Deliver" Notices of Appearances by the Respondents admitted, infallibly proven by the record of proceedings in the JRPA Proceeding and no long justiciable:** The respondents failed to file or deliver mandatory Notices of Appearance, as confirmed by the Ontario Courts Public Portal, resulting in their procedural default and undefended status in the JRPA.
- **Invalid case management request:** The Licence Appeal Tribunal's request to assign the case for management was null and void due to the respondents' failure to file a first defence, making subsequent procedural steps invalid and void ab initio;
- **Void compulsory case conference:** The required appearance before Madam Justice Shore on January 7, 2025, is void ab initio due to the procedural defects and lack of respondent participation but for the unknown and undisclosed to the Applicant Document #48 (see: Appendix "A");
- **Respondents failed to meet filing deadlines:** Despite being served with the applicant's documents, respondents did not deliver their application records or factums by the deadline, reinforcing their procedural default as unequivocally now proven by fortuitousness by the change from the JSO Portal to the OCPP Portal;

- **Impugned decisions must be set aside:** The absence of any defence means the applicant's submissions stand uncontested, entitling the court to set aside the impugned decisions on the standard of correctness;
- **Void benefits and orders for respondents:** Any steps or benefits obtained by respondents without proper filing are void and must be set aside to restore procedural integrity.
- **JRPA and NOM #3 are undefended:** The respondents' failure to file appearances constitutes a procedural election not to contest, leading to an uncontested disposition of the application and motion;
- **Non-justiciable procedural facts:** The absence of filed Notices of Appearance is incontrovertible and not subject to dispute, mandating immediate relief based on the uncontested record.
- **Urgency due to irreparable harm:** The applicant suffers ongoing, irreparable financial harm from the underlying theft and administrative failures, necessitating an expedited hearing on December 3, 2025, to prevent further prejudice (see: Affidavit of Applicant at Tab 22 of NOM #3 Motion Record and Compendium For NOM #3, wherein the day after serving his NOM #3, unauthorized fraudulent conduct occurred with one of his owned emailed accounts).

MATERIALS RELIED UPON

The Applicant relies upon the following materials in support of this urgent Requisition and the immediate disposition of *Notice of Motion* Number Three (NOM #3):

1. **Applicant's Notice of Motion Number Three (NOM #3):** November 17, 2025
2. **Applicant's Factum for NOM #3:** November 18, 2025.
3. **Applicant's Motion Record for NOM #3:** November 19, 2025;
4. **Applicant's Compendium for NOM #3:** Filed November 28, 2025 (specifically Tab #3, Statutory Declaration of the Applicant, establishing irreparable financial harm).
5. **Official Record of Proceedings (OCPP):** The electronic case history for Court File No. DC-24-00000718-00JR, which unequivocally confirms the absence of filed *Notices of Appearance* by the Respondents.
6. **Appendix A (Attached):** Uncontroverted evidence demonstrating the absence of filed *Notices of Appearance* by the Respondents in the OCPP.
7. **Appendix B (Attached):** Listing of urgent filings submitted by the Applicant.

COMPENDIUM INDEX (TABS 1 TO 66)

The following index constitutes the Applicant's Compendium for NOM #3, filed November 28, 2025, relied upon in its entirety:

#	Document	Exhibit	Date of Document	Pages
1.	Factum of the Applicant for NOM #3		Nov 18, 2025	1 to 46

2.	NOM #3 of the Applicant		Nov. 17, 2025	47 to 135
3.	Statutory Declaration of the Applicant (since that time expressly adopted by affidavit in Tab #22)		October 13, 2025	136 to 1433
	— *Body of Stat Dec.*			137 to 198
	— *Compilation of electronic mail correspondence exchanged between Applicant and Respondents (Part of Tab 3)*	"A"	Various	199 to 1433
4. - 63.	**VARIOUS FILINGS AND EVIDENCE** *[The Compendium includes an extensive collection of Affidavits, Notices of Motion, Court Orders, LAT decisions, and correspondence relevant to the Judicial Review Application proceedings over this 2900-page span.]*			1434 to 4341
64.	Tab #35 in served and filed February 2025 Compendium: Requisition for an Urgent Hearing (under section 10 of the JRPA and TARA, by request)		August 17, 2025	4342 to 4350
65.	Tab #36 in served and filed February 2025 Compendium: Affidavit #2 in the JRPA Proceeding ["Urgent Hearing Single Justice Affidavit"]		December 30, 2024	4351 to 4383
66.	**Tabs #37 to #43 in the February 2025 Compendium (Various Documents):** a. Tab #37: JRPA Application (November 15, 2024) b. Tab #37: Applicant's Factum (December 12, 2024) c. Tab #37: "Certificate Of Perfection" (December 13, 2024) *[Includes other sub-tabs up to Tab #43 from the original February 2025 filing.]*		Various	4383 to 4732

SUBJECT I: The Unequivocal Discovery of Procedural Default and Undefended Status

The immediate processing of the Applicant's filed *Notice of Motion* Number Three (hereinafter, "NOM #3") is hereby urgently necessitated and respectfully requested. This urgency is founded solely upon the **recent, unequivocal discovery, now incontrovertibly proven** via the official record of the Ontario Courts Public Portal (hereinafter, the "OCPP"), that the Respondents have committed a fundamental procedural default by failing to file a *Notice of Appearance*. This **newly adduced evidence** is the singular impetus for this urgent Requisition, which seeks to ensure the integrity of the JRPA file and compel immediate compliance with the *Rules of Civil Procedure*. This discovery confirms the demonstrable and fundamental failure of the named Respondents to satisfy their preliminary and immutable procedural obligations, which has, *de facto*, created an absence of opposition, thereby vitiating the need for any protracted, contested litigation on the merits. This ongoing substantive harm (the unrectified theft and erosion of material well-being) renders any administrative delay highly prejudicial, constituting an irreparable impediment to the Applicant's economic and personal security. Furthermore, the Applicant has scrupulously observed all requisite temporal parameters regarding the instant motion, in stark contrast to the material failure of the Respondents to comply with the elemental requirement of filing a *Notice of Appearance*.

Subject I(A): Unequivocal proof that the Respondent Insurance Companies and the LAT neither "filed" nor "delivered" (see: Rule 1.03 of the Rules of Civil Procedure) ("Delivered") their Notices of Appearances which the LAT never compliantly served on November 27, 2024 and the Respondent Insurance Companies served on December 3, 2024

The publicly verifiable electronic record, as meticulously maintained and contemporaneously updated by the OCPP, serves as the singular and unimpeachable repository of all consequential *acta* relevant to the Court's jurisdiction and the litigation's progression. This official record yields unequivocal proof **demonstrating** that the Respondent Insurers (TD HOME AND AUTO INSURANCE COMPANY, SECURITY NATIONAL INSURANCE COMPANY, and TD GENERAL INSURANCE COMPANY) and the Licence Appeal Tribunal (the "LAT") have, without legitimate explanation or justification, **neither formally filed nor duly delivered** the mandatory *Notices of Appearance* requisite under the *Rules of Civil Procedure* (the "Rules"). This finding is derived from the absence of any corresponding entry in the Court's electronic docket—an absence which, in the context of mandatory e-filing protocols, carries the probative weight of positive negation. The computerized file index, functioning as the authoritative log of all perfected filings, does not register any such document from the aforementioned parties. This systematic deficiency confirms the Respondents' failure to take the requisite first step toward defending the application, thereby vitiating their standing as participants and effectively conceding the procedural arena. This manifest failure constitutes a clear and egregious contravention of the applicable procedural dictates, specifically the overarching obligation delineated in *Rule 1.03* concerning the precise distinction between "filing" with the court (the act of depositing a document into the court registry system) and subsequent "delivery" to the opposing party. The statutory requirement for the filing of an appearance is not merely an advisory measure; it constitutes an indispensable prerequisite. The purported service by the LAT of its *Notice of Appearance* on November 27, 2024, is consequently defective and devoid of legal effect, as *delivery* without concurrent or preceding *filing* is demonstrably ineffectual under the *Rules*, rendering the purported service a nullity *ab initio* and therefore utterly incapable of conferring defensive standing.

Subject I(B): Unequivocal and proven consequential proof that the LAT's request on December 3, 2024 at approximately 3:30 p.m. for the JRPA Proceeding to be "Assigned For Case Management" was null and void, void ab initio and of no force and effect pursuant to, *inter alia*, the failure of any of the Respondents to file a first "Defence" (see: Rule 77.04 of the Rules of Civil Procedure) (a "First Defence") as the LAT could not request the same as it was prohibited from receiving any documents or steps in the JRPA Application until it "delivered" a Notice of Appearance

The conclusive finding in Subject I(A) regarding the lack of a perfected *Notice of Appearance* operates as an *ipso facto* bar to the Respondents' ability to initiate any further procedural steps, including engagement in case management. It is submitted that the Respondents' collective failure constitutes an irrefutable procedural default, effectively rendering their position *in limine* untenable and precluding any future adversarial engagement without leave. The unilateral request by the LAT on December 3, 2024, to have the JRPA Proceeding "Assigned For Case Management" must be construed as a legally null act, *void ab initio*, because the LAT had not established its own right to participate in the proceedings. The procedural landscape dictates that a party without a filed *Notice of Appearance* possesses no standing to request judicial intervention or administrative scheduling, as they are deemed to be outside the adversarial process. Such requests, being predicated on an unperfected procedural foundation, lack any binding force or effect under the *Rules*.

Subject I(C): The Madam Justice Shore compulsory case conference appearance requirement of January 7, 2025, was void, void ab initio and of no force and effect for the aforementioned reasons

herein and in the NOM #3, Factum for NOM #3, Motion Record for NOM #3, Draft Order for NOM #3, Affidavit of Service (and affidavit) for NOM #3, Compendium for NOM #3 and primary Draft Order For NOM #3

Following the legally null request for Case Management detailed in Subject I(B), any subsequent administrative or judicial steps flowing from that defective foundation, including the compulsory case conference requirement scheduled by Madam Justice Shore for January 7, 2025, are likewise rendered void, *void ab initio*, and of no force and effect. The judicial or administrative requirement for the Applicant to appear at a case conference predicated upon a proceeding that is, by definition, undefended and fundamentally procedurally defective constitutes a palpable threat to the Applicant's constitutionally protected access to justice and wastes judicial time. Since the Respondents had not complied with the primary procedural mandate to file their appearances, they could not validly be a party to, or beneficiaries of, any subsequent scheduling order or case management step. The original jurisdictional failure vitiates all subsequent actions taken under the guise of an adversarial process that, in fact, does not procedurally exist.

Subject 1(D): The Respondents were served with the Applicant's Application Record and Factum by December 12, 2024, and pursuant to Rule 68.04(4) of the Rules of Civil Procedure, "(4) The respondent shall deliver an application record and a factum within thirty days after service of the applicant's application record and factum. R.R.O. 1990, Reg. 194, r. 68.04 (4)", the Respondents were required to deliver their application records and factums by January 13, 2025 but failed to do so. The Respondents were precluded from filing any material on the JRPA Application, which was subsumed under "Deliver" under Rule 68.04(4), until they filed their Notices of Appearances. As per the record of proceeding in the OCPP, the Respondents neither "filed" nor "delivered" their Notices of Appearances at all or by January 13, 2025

The procedural preclusion established in Subject I(A) and I(B) carried forward to the Respondents' obligations under *Rule 68.04(4)*. Although the Applicant dutifully served the Application Record and Factum by December 12, 2024, triggering the thirty-day response deadline (January 13, 2025), the Respondents were procedurally barred from availing themselves of this rule's mechanism. The failure to file a *Notice of Appearance* means the Respondents forfeited the opportunity to adduce any evidence or advance any substantive submissions, including the delivery of their own Application Record and Factum. This obligation, subsumed under the broader requirement for participation, could not be activated without the foundational step of filing the appearance. The conclusive absence of any Respondent filings in the OCPP by January 13, 2025, or indeed at all, compounds the initial procedural default and provides clear, undeniable evidence that the JRPA has acquired the legally privileged status of an undefended application. This forfeiture serves as an irrevocable waiver of their adversarial rights, analogous to a default judgment.

Subject 1(E): As a consequence of the above and infra, the JRPA Application was not contested by a singular "Defence" or "First Defence" and as such, the Impugned Decisions must be set aside on the standard of correctness with reference to the Applicant's Compendia served and filed on February 11, 2025, and February 18, 2025

The failure of the Respondents to introduce any "Defence" or "First Defence" (the Notice of Appearance being the prerequisite thereto) means that the Applicant's submissions and the relief sought stand entirely uncontested on the record. Through the strict and uncompromising application of the *Rules of Civil Procedure*, the Applicant is presumptively and legitimately entitled to the totality of the relief articulated within the *Notice of Application for Judicial Review*. Given the procedural default, the Court is relieved of the necessity of engaging in the complex, deferential scrutiny typically applied in judicial review.

Instead, the legal analysis defaults to the most stringent standard—the standard of correctness—for determining the lawfulness of the Impugned Decisions, relying exclusively on the merits as set forth in the Applicant's Compendia. The procedural non-engagement of the Respondents permits the Court to exercise its supervisory jurisdiction to set aside the Impugned Decisions without the impediment of countervailing arguments or evidence.

Subject 1(F): As a consequence of the Respondents having been proven by the record of proceeding of filed documents in this JRPA Proceeding to have not filed any documents, inclusive of Notices of Appearances, all steps, documents and order (of which there are none in the record of proceeding along with the JRPA Proceeding remaining "active") to the Respondents unlawfully derived benefits must be set aside as void, void ab initio and/or of no force and effect

A crucial, far-reaching consequence of the Respondents' procedural default is the principle of preclusion and the nullity of any perceived benefit they may have derived from the administrative process. Since the Respondents are barred *in toto* from asserting any substantive defence or requesting any affirmative relief, all subsequent administrative acts or orders that purported to recognize their status or benefit their position are likewise legally deficient. The finding that the Respondents never established standing means they could not participate in any subsequent "active" status of the proceeding. Therefore, any implied orders or administrative steps that were taken on the mistaken assumption of an adversarial contest must be set aside as *void ab initio*. This serves to fully restore the procedural integrity of the JRPA file to its proper, undefended state.

Subject 1(G): As a consequence of the Respondents not defending the JRPA Application, the JRPA Application is undefended and the NOM #3 is undefended

The legal syllogism governing this matter is manifestly clear: the failure to file the mandatory *Notice of Appearance* constitutes an irrevocable procedural default. Therefore, the Respondents possess no legitimate standing before the Court to contest the JRPA, and the application, along with the instant *Notice of Motion* Number Three (NOM #3), must proceed toward an uncontested disposition. The jurisprudential principle embodied in the legal maxim *qui tacet consentire videtur*—he who is silent is held to consent—is not only germane to the instant situation but operates as a conclusive determinant of the application's trajectory toward an uncontested resolution. The Court's jurisdiction must be exercised in favour of the Applicant on the basis of the procedural default, thereby confirming that both the JRPA and NOM #3 are, unequivocally, undefended.

Subject I(H): The Newly Proven Facts of Procedural Default are Incontrovertible, Infallible, and Non-Justiciable

The evidence of the Respondents' non-compliance, drawn directly from the official OCPP record of proceedings (Appendix A), moves the foundational facts of this motion beyond the realm of contestability. These facts—the absence of filed *Notices of Appearance*—are **incontrovertible, infallible, and thus non-justiciable**; they are not subject to evidentiary dispute or adversarial argument. This proven, absolute procedural failure strips the Respondents of any legal basis to oppose the current motion or the underlying Judicial Review Application. The Court, in its supervisory role, is therefore compelled to accept the procedural landscape as an established, settled matter of fact, requiring an immediate and efficient determination of the Applicant's entitlement to relief based solely on the uncontested record. Any administrative delay predicated on the assumption of a contested proceeding is rendered fundamentally inappropriate and prejudicial.

Subject I(I): Failure to File Appearance Constitutes a Procedural Election and *De Facto* Confession of Entitlement to Relief

The Respondents' conscious decision, or demonstrable failure, to perfect their defense by filing the mandatory *Notice of Appearance* constitutes a **procedural election** to abstain from the adversarial process. In the context of the *Rules of Civil Procedure*, this deliberate non-participation operates as a **waiver of the right to contest** the Applicant's claims and submissions, thereby tacitly confirming the Applicant's entitlement to the relief sought in the Judicial Review Application. This non-action is tantamount to a *de facto* **confession of the procedural and substantive merits** of the Applicant's case, particularly regarding the setting aside of the Impugned Decisions. The urgent processing of NOM #3 is required to formalize this procedural concession and grant the appropriate default relief.

Subject I(J): The Inevitability of Relief and the Punitive Cost of Delay

Irrespective of whether the Respondents purport or attempt to deliver their Notices of Appearances, it matters not because they are already in default of their obligations in relation to NOM #3 by not opposing the same or objecting to it being heard in writing. All of the previous steps in which they received notice, documents received and/or if document #48 is one that they (apparently jointly filed) (excluding the AGO), without proof of service therein albeit an apparent filing, the request made by the LAT is void ab initio, the Madam Justice Shore compulsory case conference requirement is void ab initio without a "First Defence" filed and all that spawned from the same. **As such, the sole remaining task to bring the substance (non-constitutional relief which is most important to be heard (justice delayed is justice denied) of the JRPA Application to be heard on its merits in an expeditious, cost-effective and just manner is the processing of filing and uploading of filed documents by the Registrar and the Applicant uploading the filed Compendium For NOM #3.**
