More details

delawareinstitute.org/events

Thank you, **Nancy Hromack**, for her service on our Board. Nancy helped establish a Neighborhood Health Hub, participated in the inaugural Neighborhood Foot Care Patrol, and supported advocacy for retired nurses. We are grateful for her contributions and wish her the best.

Penny and Bruce Catton, with neighbors in Stonewater Creek, organize quarterly food drives, donating about 10,000 pounds of food since the SWC drive started. The next drive is on May 16, from 10 AM to 12 PM to benefit CASA Milton.

Neighbors Helping Neighbors Breathe Better

Care often begins right next door. Better Breathers Club member **Genie Birdsell** is a neighbor of **Brenda Bosche Haupt**, the Beebe respiratory therapist who leads the American Lung Association outreach program, **Better Breathers Club** in Lewes, Delaware. This support, made possible through the **Mary Bremer Memorial Fund** at Nurses & Neighbors by neighbor **Jim Bremer**, reflects the power of neighbors coming together to help others breathe easier.

Across 250 years, mobility has shaped how Delawareans live, work, and pursue independence. Protecting mobility today helps preserve independence tomorrow. Join us in supporting mobility, independence, and community-based prevention.

April 13 - Bottoms Up: What we've learned from 100+ feet and 1,000+ toes

June 13: Georgetown Spirit of 1776 Artisan & Craft Festival

Nurses & Neighbors is recognized as a community partner of Delaware 250. For details, visit <https://delawareinstitute.org/de250>.

Jane Kurz has received a \$400 grant from Sigma Theta Tau International Honor Society of Nursing for her work with the nurse clinic supporting unhoused community members at the Community Resource Center in Rehoboth Beach.
