Do you want to enjoy coming to work every day with a genuine, caring and dynamic team? Are you looking for an opportunity in a small town environment?

Active Physiotherapy Solutions and Woodstock Physiotherapy Clinic are growing again, and we have an amazing opportunity for you to join our incredible team!

We are seeking a dedicated, energetic Physiotherapist who is a good communicator and possesses strong time management and interpersonal skills to join our team. We have employment options available to suit your availability, including full time, part time, or part time transitioning to full time.

Active Physiotherapy Solutions is a premier Physiotherapist-owned clinic with multiple locations situated in the robust and growing city of Woodstock, the Dairy Capital of Canada. Also known as the Friendly City, Woodstock has much to offer you, your family and your friends.

Our team enjoys a dynamic clinical environment, with experienced professional and administrative support staff. We have developed a strong referral base with local Orthopaedic surgeons, general practitioners and have a fantastic reputation in the community. We are associated with the local sports community and provide services to the Woodstock Navy Vets Hockey Club, minor hockey and soccer teams, and local golf clubs.

As our clinics grow, we are continually adding to our existing services. We offer diverse physiotherapy opportunities in sport injury recovery, bracing, concussion management, physical rehabilitation and vestibular treatments. It would be an asset to have training in or be interested in training for Pelvic Floor Therapy.

We offer competitive compensation, annual education allowances, professional clinical support and an amazing clinic atmosphere. We also take pride in mentoring new graduates and they are encouraged to apply. Candidates must be registered or eligible for registration with the College of Physiotherapists of Ontario.

To get to know us a little better, please check out our website and see what our clinics have to offer.

Job Type: Full-time, or Part time (flexible)

Qualifications

- Masters or Bachelor's Degree in Physical Therapy
- Evidence of the ongoing quest for learning and evidence based practice
- Evidence of an understanding of the business practices of private practice physiotherapy
- Evidence of flexibility, adaptability, and team player skills
