

Nursing Degree Programmes

Bachelor of Science – Nursing (RN)
Associate of Science – Nursing (RN)

Accreditation

Southern College is a private four-year college offering a wide range of bachelors and associate degrees in the areas of Business, Computers, Education, Social Sciences, Nursing, and Allied Health. We are registered and approved by the National Accreditation and Equivalency Council of The Bahamas (NAECOB). Additionally, we hold Articulation Agreements & MOUs with numerous colleges and universities in the United States and Canada. Our Bachelor of Science and Associate of Science Degrees in Nursing are approved by NAECOB and The Bahamas Nursing Council. Both degrees allow graduates to sit the council's exam for the Registered Nurse (RN) license.

Programme Highlights

At Southern College our nursing curriculum is designed to train students to become highly effective nursing professionals. Our degrees reflect the latest in local and international academic standards. Students will benefit from hands-on training in our simulated clinical labs including medical ward, patient room, phlebotomy & diagnostics lab, pharmacy dispensary, wound care, examination room and other clinical areas.

Our nursing programme allows you to combine theory with practice as you take your classes.

Curriculum

Courses in this exciting degree programme include: *Biostatistics, Microbiology, Human Pathophysiology, Nutrition, Pediatric Nursing, Medical & Surgical Nursing, Community Health Nursing, Mental Health Nursing, Maternal-Newborn Nursing, Geriatric Nursing and other courses including research methods.*
