

STONE VOS

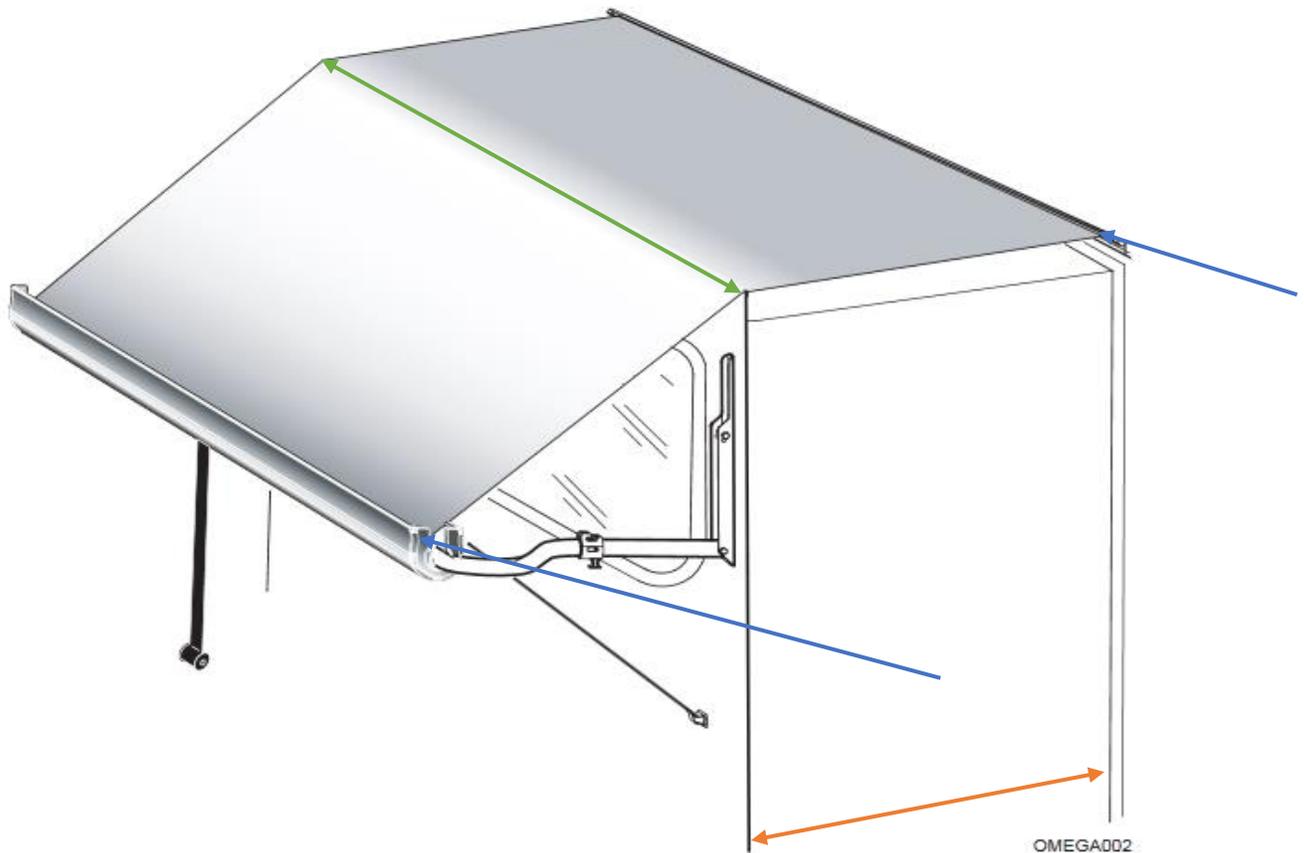

CAREFREE OF COLORADO Omega II Measuring Directions

Step 1: Measure the current awning, left to right: _____ inches.
(Green double end arrow)

Step 2: Measure from the coach wall across top of slide,
down to fully extended window awning rollertube: _____ inches.
(Blue arrow to Blue arrow)

Step 3: Measure the extension(or depth) of the slideout: _____ inches.
(Orange double end arrow)

Step 4: Measure the lengths of the 3 straps from the rollertube to bottom of loop if you wish to
purchase those.

Thank you for your accurate measurements, they are very important since we custom make each awning.
