

WSNA'S First Town Hall A Success!

WSNA held its first Town Hall recently!

The event was organized as a way for us to interact directly with the community: to showcase what we are doing, share our goals and mission, and highlight some of our recent successes.

More than that, it was a chance for us to hear from YOU. We wanted to know what you feel is important to bring to the Center, what programming you'd like to see, and any ideas you have on how we can better achieve our mission of enriching the lives of West Side residents.

There was a lot of great discussion. We enjoyed hearing from you and having a free exchange of ideas and suggestions. We plan to hold these several times a year!

Here are some of the highlights from the meeting:

- Rep. James Winn and Director of Administration Bunky Luffman announced that the County will be replacing the roof this year.
- Mark Carroll explained the upcoming youth soccer programs and how we can all get involved.
- Jody Earp unveiled WSNA's new program where students can receive volunteer hours needed for graduation here on the West Side.
