

2024 RAFT TIGER VANS CONVERSION

We build solely on the Mercedes Sprinter short wheel base hightop van, 2007 through the current model year. By far the most popular and reliable van in vanlife. We can build on a customer provided van but we prefer to source the base vehicle ourselves. This allows us to take care of every step of the process for our customers.

Mercedes Sprinter Specs

2007-2024 Model Year

0-100k miles depending on customer's preferences

Diesel turbo engine or 4-cylinder gas on some select newer models
