

# Gel Blaster Arena: Safety Rules and Guidelines

---

This document outlines the detailed safety rules and guidelines for Gel Blaster Arena. Adopting principles from Airsoft, our aim is to ensure a safe and enjoyable experience for all participants. These guidelines are designed to provide a comprehensive Occupational Health & Safety (OH&S) approach to member safety.

## 1. Personal Protective Equipment (PPE)

The minimum level of PPE required for all participants includes:

- Goggles or Full Face Mask: Must be worn at all times within the field of play to protect eyes and face.
- Gloves: To protect hands from impacts and abrasions.
- Boots: Sturdy, closed-toe footwear to provide ankle support and protection.

Additional recommended PPE includes:

- Long sleeves and pants to protect skin from impacts.
- Knee and elbow pads for added protection during gameplay.

## 2. Safety Rules

To ensure the safety of all participants, the following rules must be strictly adhered to:

- No firing at another member's face from a distance of 0-3 meters. Aim for the body if close proximity engagement is necessary.
- Always keep your finger off the trigger until you are ready to fire.
- Do not remove your goggles or face mask during gameplay, even if fogging occurs. Move to a safe zone before adjusting your gear.

## 3. Sportsmanship and Conduct

Good sportsmanship is a must at all times. Participants are expected to:

- Respect other players, referees, and staff.
- Avoid aggressive or abusive behavior.
- Acknowledge when they have been hit and leave the field of play promptly to respawn unless using a perk.

## 4. Handling Disagreements

In the event of a disagreement, participants should seek resolution through the following steps:

1. Remain calm and avoid escalating the situation.
2. Notify a referee or staff member about the issue.
3. The referee will assess the situation and provide a fair resolution. The referee's decision is final.

## 5. Emergency Procedures

In case of an emergency, the following procedures should be followed:

- Stop all gameplay immediately upon hearing the designated emergency signal.
- Move to the nearest safe zone and await further instructions.
- First aid kits are available at designated locations. Notify staff immediately if medical assistance is required.

## 6. Compliance and Penalties

Compliance with these safety rules is mandatory. Failure to adhere to these rules may result in the following penalties:

- Verbal warning for minor infractions.
- Temporary suspension from gameplay for repeated violations.
- Permanent ban from the arena for serious or dangerous behavior.

## 7. Contact Information

For any questions or concerns regarding safety rules and guidelines, participants can contact Gel Blaster Arena's safety team.
