REVIEW REPORT

To the Board of Directors
Investors Bank B.S.C. (c)
Manama, Kingdom of Bahrain

We have reviewed the accompanying interim statement of financial position of Investors Bank B.S.C. (c), Bahrain (the "Bank") as at June 30, 2014 and the related interim statements of income, cash flows and changes in equity for the six-month period then ended. The Bank's management is responsible for the preparation and fair presentation of this interim condensed financial information in accordance with the accounting policies discussed in Note 2. Our responsibility is to express a conclusion on this interim condensed financial information based on our review.

Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Basis for Qualified Conclusion

As discussed in Note 6 to the accompanying interim condensed financial information, the Bank has entered in 2006 into a land lease agreement on behalf of a related party, and has simultaneously entered into a back-to-back agreement with the related party who would be the ultimate lessee of the land and liable to make the lease payments. The related party has defaulted on the lease obligations and no payments have been made to the lessor from February 2009 onwards.

Being the contractual party in the lease agreement, the Bank has booked in 2013 a provision of US\$ 2,885,300 representing a portion of the outstanding lease obligations, awaiting the outcome of possible renegotiations of the lease agreement terms with the lessor. In December 2014, the Bank has provided for the total outstanding lease obligations up to 2014 year-end.

The outstanding lease payments as at June 30, 2014 amounted to US\$ 6,357,441. Had the Bank provided for the difference of US\$ 3,472,141, the accumulated losses and the provision against lease commitments would have each increased by US\$ 3,472,141 as at June 30, 2014.

Qualified Conclusion

Based on our review, except for the matter discussed in the Basis for Qualified Conclusion, nothing has come to our attention that causes us to believe that the accompanying interim condensed financial information is not prepared, in all material respects, in accordance with the accounting policies disclosed in Note 2.

Emphasis of Matter

Without further modifying our conclusion, we draw attention to Note 1 to the interim condensed financial information which indicates that the Bank incurred significant accumulated losses as at June 30, 2014. This situation, along with other matters as set forth in Note 1 to the interim condensed financial information, indicate the existence of a material uncertainty that may cast significant doubt about the Bank's ability to continue as a going concern. The accompanying interim condensed financial information has been prepared assuming that the Bank will continue as a going concern.

Other Matters

1. The interim condensed financial information for the six-month period ended June 30, 2013 and the financial statements for the year ended December 31, 2013 were reviewed and audited, respectively, by another auditor who expressed a qualified conclusion dated July 25, 2013 and an unqualified opinion dated September 2, 2014, respectively.
2. The Bank is not in compliance with certain regulatory requirements as mentioned in Note 1 to the interim condensed financial information.

-
- a. Off-balance sheet investment accounts represent amounts received from and transactions entered on behalf of related parties.
- b. On the instructions of an off-balance sheet investment account holder, a related party, the Bank has entered into a deferred payment purchase agreement with a financial institution to acquire shares of International Investment Group K.S.C.C ("IIG"). The Bank then entered into a deferred payment sale agreement with the off-balance sheet investment account holder for sale of these shares. However, due to a legal dispute with the financial institution, the Bank could not effect the transfer of the IIG shares to the off-balance sheet investment account holder (note 4). The Bank's Board of Directors had resolved to write down the value of these shares to zero in the latter part of 2013 based on the performance of these shares and / or the lack of information to support the carrying value of these shares.

SIX-MONTH PERIOD ENDED JUNE 30, 2014

1. INCORPORATION AND ACTIVITIES

Investors Bank B.S.C. (c) (the “Bank”) was established in the Kingdom of Bahrain as an exempt company on 26 October 1997 and operates under an investment banking license [Wholesale Bank (Islamic principles)] granted by the Central Bank of Bahrain (the “CBB”). The Bank commenced commercial operations on June 15, 1998. The legal status of the Bank was changed to a closed Bahraini joint stock company on July 3, 2005. The postal address of the registered office of the Bank is Seef Star Building, Seef District, P.O. Box 11818, Manama, Kingdom of Bahrain.

The Bank’s activities are regulated by the CBB and supervised by a Religious Supervisory Board.

The principal activities of the Bank include investment banking and financial activities, investment transactions, participating in equity investments in projects in conformity with Shari'a. The Bank may, in particular, carry on the following business activities:

- a) Providing investment account facilities;
- b) Accepting off balance sheet investment accounts co-mingling the same with those of the Bank and investing them in accordance with Shari'a;
- c) Managing investments of third parties as an agent for a fixed fee as a Mudarib and any other banking activities not contravening the provisions of Shari'a;
- d) Industrial, commercial and agricultural business activities, either directly or through companies which the Bank may establish, or in which the Bank may acquire shares; and
- e) Purchasing, leasing and constructing buildings, and their renting thereof.

The Bank is subject to the requirements of the Bahrain Commercial Companies Law, the Central Bank of Bahrain and Financial Institutions Law, the Central Bank of Bahrain’s (the “CBB”) regulations (as contained in Volume 2 of the CBB rulebook) and directives and the memorandum and articles of association of the Bank. The Bank is not in compliance with the following requirements of the below mentioned laws:

1. INCORPORATION AND ACTIVITIES (CONTINUED)

- The Bank's quarterly prudential information return is required to be prepared and submitted to the CBB within 20 days from March 31, 2014 and June 30, 2014 and is required to be reviewed by external auditors within two months from March 31, 2014 and June 30, 2014. As of the date of approval of these interim condensed financial information, the returns have not been reviewed; and
- The Bank's key control positions such as the Financial Controller, Head of Operations, Head of Risk Management, Head of Compliance and Head of Shari'a Review are vacant.

1.1 Going concern

The interim condensed financial information has been prepared using the going concern assumption, as management is satisfied that the Bank will continue in operation for the foreseeable future. As at June 30, 2014, the Bank's accumulated losses exceeded a substantial part of its share capital. This situation, along with the current lack of adequate capitalization and the Bank's current limited sources of revenue and ability to generate cash flow from operations, raise significant doubts about its ability to continue as a going concern.

Management is of the opinion that the Bank has the ability to develop profitable operations, depending on securing adequate financial resources.

There can be no assurance that the Bank will be successful in achieving profitability or raising additional cash to finance operations. The financial statements do not include any adjustments relating to the recoverability of assets and liabilities that might be necessary should the Bank be unable to continue as a going concern.

2. BASIS OF PREPARATION

The interim condensed financial information has been prepared in accordance with the guidance given by the International Accounting Standard 34 "Interim Financial Reporting" (IAS 34). The same accounting policies, presentation and methods of computation are followed in the interim condensed financial information as were applied in the preparation of the Bank's financial statements for the year ended December 31, 2013, which were prepared in accordance with Financial Accounting Standards ("FAS") issued by the Accounting and Auditing Organisation for Islamic Financial Institutions ("AAOIFI"), the Shari'a Rules and Principles as determined by the Shari'a Supervisory Board of the Bank, the Bahrain Commercial Companies Law and Central Bank of Bahrain and Financial Institutions Law. For matters which are not covered by AAOIFI standards, including "Interim Financial Reporting", the Bank uses relevant International Financial Reporting Standards ("IFRSs") issued by the International Accounting Standards Board ("IASB").

The interim condensed financial information does not contain all information and disclosures required in the annual financial statements, and should be read in conjunction with the Bank's annual financial statements as at December 31, 2013.

In addition, results for the six-month period ended June 30, 2014 are not necessarily indicative of the results that may be expected for the year ended December 31, 2014.

None of the new Standards and revised Standards that have been adopted in the current period which are effective for annual periods beginning on or after January 1, 2014 had a significant effect on the interim condensed financial information of the Bank.

4. DEFERRED PAYMENT SALE RECEIVABLE / DUE TO A FINANCIAL INSTITUTION

On March 7, 2004 the Bank entered into a sale and purchase agreement with a financial institution to purchase shares of a related party for a total consideration of US\$ 5,811,957 including six-month deferred payment costs of US\$ 141,755. Concurrently the Bank entered into an agreement with another related party to sell the same shares for a total consideration of US\$ 5,821,958 including deferred payment costs of US\$ 151,756, payable on September 30, 2004.

In accordance with the terms of the sale and purchase agreement, the Bank pledged certain own equity investments in addition to subsequent dividend shares received, in favour of the financial institution, which carrying value as at June 30, 2014 amounted to US\$ 3,658,314 (US\$ 2,894,235 as at December 31, 2013) and dividends receivable up to 2006 totalling US\$ 887,733.

At the date of signature of both agreements, the net remaining amounts due to the financial institution and due from the related party amounted to US\$ 3,670,202 and US\$ 3,680,203 respectively (excluding deferred payment costs). No further settlements were made and the agreement was terminated by the financial institution, which retained the Bank's pledged shares.

The Bank's management considered that the agreement was wrongfully terminated and the pledged shares are unlawfully retained. The Bank has filed a legal case before the Courts of Bahrain against the financial institution for repossession of the pledged shares, which are currently under the custody of the Court with the related dividends discussed above. Further a cheque in the amount of US\$ 3,680,203 representing the amount due to the Bank on the deferred sale of shares, was drawn by that related party and deposited at the Court.

In the opinion of the Bank's management, no provision is required to be made in the financial statements against the pledged shares or against any contingent liabilities that might arise on the final settlement.

5. MURABAHA PAYABLE

In 2004, a related party entered into a Murabaha financing agreement with a financial institution against the pledge of 18,840,341 equity shares, of which 8,352,705 owned by the Bank with a carrying value at that time of US\$ 5,760,487, and the remaining 10,487,636 shares owned by the borrowing related party and another related party.

Also on November 1, 2004 the Bank obtained from the above related party a one year financing totalling US\$ 3,229,064 including financing cost of US\$ 134,295 by virtue of a Murabaha contract.

Following the default of the related party, the case was brought to Court, which ruled in favour of the financial institution and ordered the settlement of the outstanding balance of BD 2,236,191 (US\$ 5,931,541) in addition to annual profit of 3% effective April 2011 and settlement of legal costs.

As no settlement was made by any of the parties that had pledged the shares in guarantee of the financing agreement as stated above, the Court appointed in 2013 a broker to auction all the 18,840,341 pledged shares in one bulk. A number of unsuccessful auctions were held at varying starting prices, however no potential buyers indicated their interest and the shares are yet to be sold.

5. MURABAHA PAYABLE (CONTINUED)

In recognition of the Bank's liability, the management decided to write down to zero the value of its 8,352,705 pledged shares and valued the remaining same shares (2,912,950 shares) in its portfolio at BD 0.100 (US\$ 0.2652) per share, being the lowest bidding price up to the 2014 year end.

6. PROVISION AGAINST LEASE COMMITMENT

During 2006, the Bank entered into a lease agreement for the lease of a land on behalf of a related party for a term of 29 years, with a grace period of 2.5 years. The Bank also entered into a back to back agreement with the related party in which both parties agreed that the ultimate lessee of the land is the Bank's related party and is liable to make the lease payment to the Bank who in turn will settle the lease payments to the lessor.

The related party had defaulted on its lease payments due to the delay in the execution of the planned project on the leased land. Since the lease agreement was signed between the Bank and the lessor, the Bank's Board of Directors acknowledged that the lessor may claim the outstanding lease payments from the Bank which amounted to US\$ 6,357,441 as at June 30, 2014 (December 31, 2013: US\$ 5,770,600), of which only US\$ 2,885,300 were provided by the Bank up to June 30, 2014. In this regard, the Bank has irrevocably pledged to the CBB that a full provision for the outstanding lease commitments will be made by December 31, 2014, should there be no settlement of any kind with the lessor or any changes / developments to the exposure of the leased land.

As no settlement was reached as at December 31, 2014, the Bank has provided for US\$ 6,944,282, being the total outstanding lease commitments as at that date.
