ABOUT IVAN BUILDTECH

IVAN BUILDTECH is a leading turnkey engineering solutions provider, delivering integrated Civil, Pre-Engineered Building (PEB), and MEP services across India. Headquartered in Maraimalai Nagar, the company operates through a robust nationwide network, serving a distinguished clientele that includes global technology leaders and renowned consulting organizations.

With over 16 years of experience, Ivan Buildtech brings deep domain expertise across design, engineering, procurement, and construction. Our integrated approach ensures seamless execution—from concept to commissioning—delivering projects that meet the highest standards of quality, safety, and performance.

At the core of our philosophy lies purposeful innovation. We continuously evolve to address the demands of a dynamic industrial landscape, delivering solutions that combine structural efficiency, engineering precision, and sustainability. By integrating civil infrastructure, advanced PEB systems, and optimized MEP services, we enable our clients to achieve operational excellence while minimizing lifecycle costs and energy consumption.

We take pride in fostering strategic partnerships with leading global players while championing local manufacturing and supply ecosystems. This balanced approach allows us to deliver world-class solutions with agility, reliability, and a strong commitment to the “Make in India” initiative.

Driven by excellence and guided by trust, Ivan Buildtech stands as a partner of choice for organizations seeking end-to-end, future-ready infrastructure solutions.
