Trims & Fixtures**"DOOR TRIMS"**

Interior door trims and window casings are the finishing touch within a home. Profiles are often coordinated with baseboards and door mouldings, so the room has a cohesive look. Whether the trim consists of a single layer or is made from multiple layers of stacked mouldings, the idea is to dress the window and give it more decorative appeal.

As one of the most important rooms in any home, the bathroom is in constant use. As an integral part of any home, the bathroom should be a place of comfort. When you walk into your bathroom, you want to feel at ease. When a guest walks into your bathroom, you want it to make a good impression. With such frequent use, making sure this important space reflects your taste is essential in the details of your Bradshaw home!
