

Jim France – Oakwood Orchids

Jim's adventure in orchids began in 1993. After viewing a customer's orchid collection, he bought a cymbidium. As Jim tells many a beginner, everyone kills at least one. Jim has a passion for species and the weird and wonderful.

In 2000, Jim and Yvonne opened Oakwood orchids located in Dayton Ohio where they focus on quality and customer satisfaction. They offer a selection of healthy, vibrant orchids. They are dedicated to assisting customers with advice to ensure the longevity of their orchid plants. Jim and Yvonne have traveled all over the United States attending many orchid shows and enriching many an orchid collection.

Jim has since retired from his day job and is devoting more time to his beloved orchids. Jim is an American Orchid Society Judge with more than 35 AOS awards. Jim's humor, enthusiasm and knowledge of orchids is not to be missed.

Jim will have plants for sale at our meeting.
