YUNG DELIRIOUS RECEIVING HIS PLAQUE FOR BEAUTIFUL MISTAKE'S PEAK AT #26 ON THE ITUNES HIP/HOP CHARTS

## BIOGRAPHY

Yung Delirious, a Texas native now rooted in Nashville, continues to redraw the boundaries of alternative hip-hop with an evocative blend of crisp melodic hooks and introspective storytelling. Drawing inspiration from heavyweights like Skizzy Mars, Chelsea Cutler, and G-Eazy, Delirious has steadily built a global footprint—from charting on iTunes with Beautiful Mistake to landing top spots on Bandcamp and the U.S. National College Radio Charts with his breakout project Eye on The Sky.

Fresh off a 16-city nationwide tour opening directly for Skizzy Mars & Lil Xan, alongside a series of energetic summer dates across the Pacific Northwest with Khary, Delirious has solidified his reputation as a formidable live performer. Taking that raw, stage-tested momentum straight into the studio, he is now channeling his focus into his most ambitious work yet: a brand-new upcoming album. Designed to push his sound even further, the new project captures an artist at the height of his resolve, ready to expand his community and leave an indelible mark on the modern hip-hop landscape.
