## BIOGRAPHY

Yung Delirious, a Houston area native carving his path in Nashville, redefines the alternative hip-hop genre with a unique flair inspired by the likes of Skizzy Mars, Chelsea Cutler and G-Eazy. Fusing unconventional sounds with evocative lyrics, he breaks hip-hop's boundaries, delivering powerful live experiences driven by passion and unwavering resolve. His album [Beautiful Mistake](#) debuted at #26 on the iTunes Hip-Hop charts, the realization of a dream for the emergent artist. Present day, Delirious strives to leave a permanent mark on the world with the release of his brand new album [Eye on The Sky](#), featuring the likes of [Skizzy Mars](#), [Slaz](#) & [Farøe](#). Upon release, [Eye on The Sky](#) found its way into the charts locally, nationally and globally by peaking at #1 on Bandcamp's New Orleans Alt. Hip-Hop Albums, #31 on Bandcamp's Alt. Hip-Hop Vinyls, and #143 on the U.S. National College Radio Charts.
