

BREAK DOWN SILOS & STRENGTHEN CROSS-FUNCTIONAL COMMUNICATION

Align people, processes, systems, and AI as priorities launch or recalibrate, helping turn investment into clearer decisions, coordinated action, collaboration, and measurable business value.

WITH

CONVERSATIONS WORTH HAVING

The Human Accelerator for Artificial Intelligence QuickStart Guide
Four practices to align people, processes, systems, & AI

TWO WAYS TO MOVE YOUR AI PRIORITY FORWARD

1 USE THE QUICKSTART GUIDE ON YOUR OWN OR WITH YOUR TEAM

Use the practices to clarify your own thinking or bring the QuickStart Guide into a leadership meeting, AI steering committee, offsite, retreat, or team conversation.

- Surface assumptions and competing perspectives
- Strengthen cross-functional communication and collaboration
- Clarify priorities, ownership, and decisions
- Turn experimentation into shared learning

2 ACTIVATE THE QUICKSTART GUIDE WITH RLD GROUP*

SHORT ON TIME? BRING ONE ACTIVE AI PRIORITY.
RLD Group identifies and facilitates the practices most relevant to your priority, helping cross-functional leaders move more quickly toward clearer decisions, coordinated action, and business value.

MISALIGNMENT HAS A BUSINESS COST

When cross-functional communication and collaboration break down, AI initiatives can experience:

Slower time to
value

Duplicated effort
and investment

Decision delays and
unclear accountability

Uneven adoption
and avoidable risk

WHAT AI PRIORITY NEEDS GREATER ALIGNMENT?

RLD Group aligns the human and organizational systems that determine how AI decisions are made, communicated, governed, adopted, and translated into measurable business value.

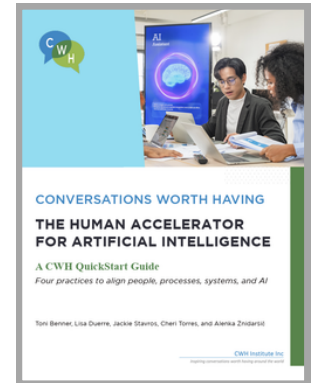

GET THE QUICKSTART GUIDE

ACTIVATE THE QUICKSTART GUIDE WITH RLD GROUP

Choose the level of support that fits your active AI priority.

Align leaders and cross-functional teams around the decisions, conversations, and actions that advance AI.

FOCUSED LAB

TWO HOURS

AI LEADERSHIP ALIGNMENT LAB

A focused two-hour experience for cross-functional stakeholders who sense something may be slowing adoption, execution, risk management, or value creation.

- Surface signals and hear where perspectives align or differ
- Clarify priorities, ownership, guardrails, and decisions
- Identify one or two areas for immediate attention or deeper discovery

RESULT: Clearer focus and a better-informed next investment decision

CUSTOMIZED OFFSITE OR WORKSHOP

HALF OR FULL
DAY

OFFSITE, RETREAT, OR FACILITATED WORKSHOP.

A customized half-day or full-day experience built around an active AI initiative, leadership priority, or cross-functional challenge.

- Explore root causes beneath the signals
- Work through competing priorities and perspectives
- Turn insight into shared focus, clearer decisions, and coordinated action

RESULT: Shared priorities, clearer decisions, and coordinated action

ALIGNMENT ACCELERATOR

MULTI-SESSION
OR 30-90 DAYS

ALIGNMENT ACCELERATOR

A multi-session or 30 to 90 day engagement that helps leaders and managers put stronger communication and collaboration practices into execution.

- Strengthen manager readiness, accountability, and adoption
- Build cross-functional learning loops and coordination
- Move from scattered activity toward repeatable adoption and value

RESULT: Stronger adoption, sustained execution, and measurable progress toward business value

WHAT TO EXPECT FROM EVERY RLD GROUP ACTIVATION

Co-created around an active AI priority | Available in person or virtually | Grounded in Rebooting Leadership Drive™ and the I | WE | US lens | Focused on the human and organizational side of AI adoption, not AI tools or technology training

WHY RLD GROUP

RLD Group helps leaders align the human and organizational systems AI will amplify. As co-authors of this QuickStart Guide, we combine executive operating experience and master facilitation to turn its practices into clearer decisions, coordinated action, and measurable business value.
