

LOPARI
BIKE WEEKEND

“Between sea & sky”

LOŠINJ – CROATIA
18-20 September 2026

From 18 to 20 September 2026, Lošinj becomes a place where sea, mountain and sport meet. Lopari Bike Weekend 2026 brings a unique weekend of active holidays, adventure and one of the most spectacular cycling climbs on the Adriatic.

Lopari Bike Weekend from 18 to 20 September is not only about MTB races - it is an active holiday weekend for everyone: competitors, recreational riders, active families and nature lovers.

The programme offers activities for all generations and fitness levels - from easy jogging along the seaside path from Nerezine to Osor, family hiking and a windsurfing school, to MTB climbs to the peaks of Osorščica: the Sv. Gaudent mountain lodge and Televrin. Participants choose their own rhythm and experience - the whole weekend adventure or only part of it. eMTBs are welcome!

The central event of the weekend takes place on Saturday, 19 September, when two MTB races start towards the peaks of Osorščica, one of the most attractive island mountains on the Adriatic. Competitors can choose between two routes: a shorter and more accessible 8 km race to the Sv. Gaudent mountain lodge and a longer 11 km race leading all the way to Televrin, the highest point of Lošinj.

The races start at Lopari Camping Resort, pass through the historic town of Osor and continue towards the peaks of Osorščica, through a landscape that uniquely connects sea and mountain. Every kilometre offers spectacular views of the Kvarner Bay, Istria, Cres, Lošinj and the surrounding islands, creating the feeling of literally riding between sea and sky.

Osorščica is not only a sporting challenge, but also a special experience of nature and freedom. The climb tests the endurance of participants while rewarding them with one of the most beautiful panoramic views of the Adriatic.

Throughout the weekend, Lopari Camping Resort becomes the central meeting point for athletes, guests and lovers of active holidays. Alongside the sports programme, visitors can enjoy social gatherings, island gastronomy, an after-race party and many additional activities that create a relaxed festival atmosphere.

Lopari Bike Weekend 2026 brings together sport, nature and destination experience in a way that is hard to forget. Join us and experience one of the most spectacular cycling climbs on the Adriatic - between sea & sky.

REGISTRATION

<https://losinia.hr/hr/vise/lopari-bike-weekend>

ENTRY FEE

- for registrations until 15 July 2026 - EUR 69
- for registrations until 15 August 2026 - EUR 79
- for registrations after 15 August 2026 - EUR 89

LOPARI CAMPING RESORT

A PARADISE FOR FAMILIES AND OUTDOOR ACTIVITY LOVERS

Located at the foot of Osorščica hill, between the historic town of Osor and the picturesque fishing village of Nerezine, Lopari Camping Resort offers a perfect combination of natural beauty and diverse activities.

It is perfect for an active holiday with a windsurfing school, walking and cycling trails and beach volleyball, all surrounded by the breathtaking nature of Lošinj. Ideal for families and adventure seekers, the resort's sports programmes are adapted to all ages. Popular among water sports lovers, Lopari Camping Resort offers ideal windsurfing conditions. Thanks to moderate winds and warm sea, it is a perfect place for beginners who want to learn windsurfing as well as experienced windsurfers looking for a challenge.

The resort offers various types of accommodation, including spacious seaside camping pitches, premium mobile homes, charming apartments and pet-friendly options. All units provide privacy, comfort and direct access to the beach and all campsite facilities, making them an ideal choice for families and nature lovers.

PARCELE

MOBILNE
KUĆICE

APARTMANI

Lopari Camping Resort offers free Wi-Fi, a shop, restaurant, children's playground, sports facilities and electric vehicle charging stations, all within easy reach to make your holiday as pleasant as possible. Enjoy family animation programmes, evening entertainment and pet-friendly facilities, including a dog beach and agility park.

Your dog is not just a pet, but a family member. We love dogs and understand you, which is why your four-legged friends are welcome at Lopari Camping Resort. For a carefree stay together at the campsite, a designated dog beach and a separate outdoor area where you can wash your dog after the beach are available.

TIMEKEEPING AND RESULTS

Timekeeping will be carried out automatically using a computerised chip system, and results will be published online after the race on the website <https://losinia.hr/hr/vise/lopari-bike-weekend>

All appeals regarding results must be submitted to the Organiser no later than 15 minutes after the publication of provisional results. The Organiser's decision is final.

BIKE SERVICE

On Friday afternoon and Saturday morning before the race, a professional bicycle mechanic will be available to participants at Lopari Camping Resort. Repair services and materials / spare parts are charged according to the bike service price list and are not included in the race entry fee nor connected with the Race Organiser.

BIKE RENTAL

Lopari Camping Resort offers a wide selection of MTB and eMTB bikes for rent at the resort reception.

EMERGENCY MEDICAL ASSISTANCE

During the race, the organiser provides medical service and the duty service of competent rescue services. In case of injury, the participant must follow the instructions of the medical service, HGSS, marshals and the organiser.

WARDROBE / BAG DROP-OFF

If a participant wishes to change after entering the finish area, personal belongings (in the participant's numbered bag) may be left in the drop-off vehicle at the race start.

BROOM VEHICLE AND WITHDRAWAL

If a participant is unable to successfully complete the selected route, they should wait for the last race vehicle, the so-called "broom". The participant and bicycle will be transported to the nearest finish (Sv. Gaudent or Televrin).

A participant who withdraws from the race must inform the nearest volunteer, checkpoint or organiser by calling the number listed in these race regulations.

TIME LIMIT / CUT-OFF TIME

Checkpoints are located at the start, refreshment stations and finishes. After the leading competitor passes, a stopwatch starts measuring the time gap of the remaining competitors.

The time limit is 40 minutes behind the leading competitor.

Participants who are up to 40 minutes behind at a checkpoint:

- continue the race,
- are entitled to classification and a finisher medal, and
- are provided with escort by the vehicle for the last competitor within the time limit.

Participants who are more than 40 minutes behind at a checkpoint (i.e. who pass after the 40 minutes on the stopwatch have expired):

- are mandatorily redirected towards the Sv. Gaudent finish (shorter route),
- will be ranked behind all competitors who finish, and
- are entitled to a finisher medal (as participants of the shorter route).

Competitors who do not follow the Organiser's instructions and continue towards the Televrin finish:

- will not be included in the official results,
- are not entitled to a finisher medal, and
- will be marked as OTL (Out of Time Limit).

The maximum time to finish the race is 4 hours.

After that time, participants continue at their own responsibility and will no longer be classified in the official results.

eMTB

eMTBs are welcome. Only eMTBs homologated according to the EU EN15194 standard with assistance up to 25 km/h are allowed. eMTB bikes with removed or modified speed limiters, additional tuning devices or any motor modification are prohibited. The Organiser reserves the right to inspect bicycles before, during and after the races. If irregularities are found on a participant's eMTB, the participant will be disqualified.

FANS AND PARTICIPANT SUPPORT

Fans and participant support persons **MAY NOT ACCESS Osoršćica BY VEHICLE** before / during / after the race. The best way to cheer and follow participants is the **OSORŠĆICA guided tour / OSORŠĆICA guided hike**, which starts from Lopari Camping Resort on race day before the race begins.

GENERAL REGULATIONS

Participants choose to take part in only one of the races:

1. Lopari - Sv. Gaudent or
2. Lopari - Televrin

It is not possible to participate in both races at the same time.

Race results are not combined. Each race is ranked separately.

All healthy participants may take part.

Participation is at one's own risk.

The Organiser provides medical assistance during and within the event area.

The race takes place regardless of weather conditions.

From the start at Lopari Camping Resort to the beginning of the climb to Osoršćica, participants ride behind the lead race vehicle without overtaking ("neutralised ride" / "neutralized start"). Timing begins when participants reach the gravel section. All participants must remain behind the lead vehicle until the official timing start. Overtaking the lead race vehicle results in disqualification.

The Organiser reserves the right to change the general regulations and race rules without prior notice.

The Organiser reserves the right to cancel, change the route or shorten the race due to force majeure, extreme weather conditions, decisions of competent services or other circumstances that endanger participant safety.

RULES

All adults and minors who are at least 15 years old on race day may participate with the consent of a parent/guardian.

Participation is possible only with a technically correct MTB or eMTB bicycle with a start number displayed on the handlebar (facing forward), spare tube, mini pump, tool, water bottle with liquid and a charged mobile phone.

Wearing a helmet during the race is mandatory.

During the race, the road will be closed to all traffic.

The Race Organiser will insure only cyclists riding between the main lead race vehicle and the rear race vehicle. Participants who overtake the main lead vehicle or fall behind the rear vehicle will not be considered insured race participants.

It is prohibited to obstruct other participants during the race.

Participants must dispose of all waste, including packaging from gels, bars, bottles, cups and other equipment, exclusively in designated areas on the course: start, finish, refreshment stations and marked feed zones. Intentional disposal of waste outside designated zones is considered a breach of race rules and may result in disqualification. Technical or physical assistance by persons not officially accredited by the Organiser is prohibited.

The Organiser has the right to inspect bicycles before the start of the competition. The Organiser has the right to prevent a competitor from participating in the event and to terminate their participation during the event without providing an explanation or reason. Participants must remain on the official race route at all times. Shortening or leaving the prescribed route is prohibited, and participants who do so will be disqualified.

The Organiser reserves the right to change or modify cycling routes according to police instructions or due to weather conditions such as floods, fog, rain, strong winds, etc.

After the races finish, the road will be open to traffic. Participants return from the finish on their own, strictly respecting traffic regulations and organiser instructions. The return is not part of the competition. On the descent from Osorščica, increased caution, controlled speed and keeping to the right side of the road are mandatory. The Organiser recommends descending in smaller groups and prohibits racing during the return. High speeds may be reached on the downhill return from Osorščica, so extreme caution is recommended due to the possibility of falling.

The Organiser will organise the return of participants' belongings from the finish to the start (in the participant's numbered bag).

Each participant must attend the pre-race briefing. The race briefing will take place on 18 September 2026 at 20:00 at Lopari Camping Resort.

Emergency contacts:

- Organiser (00385) 098 398 202
- Emergency services 112

ENVIRONMENTAL RESPONSIBILITY AND NATURE PROTECTION

Lopari Bike Weekend takes place in the exceptionally valuable natural environment of the island of Lošinj and Osorščica. Therefore, environmental protection, responsible behaviour in nature and reducing the negative impact of the event are an important part of race organisation.

Participants must respect nature, move exclusively along the marked race route and leave no waste on the course. Packaging from gels, bars, bottles, cups and other waste may be disposed of only in designated zones: at the start, refreshment stations, checkpoints and finish.

Through the arrangement of refreshment zones, volunteers and marked waste disposal points, the Organiser will encourage responsible participant behaviour and reduce the amount of waste in nature. Special attention will be paid to ensuring that the area is cleaned after the event and returned to its original condition.

Participants who intentionally discard waste outside marked zones, leave the official route, damage nature or behave contrary to environmental protection principles may be disqualified.

Lopari Bike Weekend aims to be an example of a sports event that connects cycling, tourism and nature preservation. By participating, every competitor becomes an ambassador of responsible outdoor recreation.

BY REGISTERING, THE PARTICIPANT EXPRESSLY DECLARES THAT:

- he/she is in appropriate psychophysical condition for this type of competition.
- he/she is physically prepared for the competition and, in case of injury or health risk, accepts assistance from the medical service.
- he/she agrees to compete at his/her own risk and personal responsibility and is familiar with the race rules, regulations and risks involved in this type of competition.
- he/she waives the right to make any claim for damages against the Organiser, except for damage that could be attributed to the Organiser's intent or gross negligence.
- he/she will not hold the Organiser responsible for possible failure to meet his/her expectations or success in the race.
- the Organiser shall not be liable for any direct or indirect, incidental, non-material or material damage, losses or costs of the competitor.
- the Organiser is not liable for damage caused by the participant to himself/herself or to a third party.
- the Organiser may use and process all recorded film and photographic material without any compensation and publicly display and use it for race promotional purposes.
- by registering, he/she waives the right to challenge this Declaration on any grounds.
- his/her data are accurate and may be used as such.
- he/she consents to the processing of personal data for the purpose of organising the competition, preparing the start list, timekeeping, publication of results, communication with the Organiser and promotion of the event through photo and video material. Data will be stored for up to 5 years from the event date. Participants have the right to request access, correction or deletion of their data by email: lopribikeweekend@gmail.com. The data controller is the Organiser.
- during registration, he/she will choose whether to consent to receiving promotional notifications from the Organiser and event partners.
