WINNING**

Akiak Native Community is the name of our tribe. Our purpose is to build a better economic future for the indigenous who live in Akiak, Alaska. Our revenues return to the tribe to support selected citizen service projects approved by the Tribal Council.

We Are Yup'ik.

Central Alaskan Yup'ik is the largest of the state's Native cultures, both in the size of its population and the number of speakers. We call ourselves "Yupiit", or real people.
