

SOVARO

INTERIORS & RENOS

About Us

SOVARO is a Canada-based restaurant interiors and sourcing company serving QSR brands, restaurants, hotels, and casinos. We operate as a single execution partner, delivering renovation, custom manufacturing, global imports, and on-ground project delivery. Our advantage is speed, scale, and full customization.

What We Do

- Turnkey restaurant renovations & QSR rollouts
- Multi-location upgrades and remodels
- Complete interior designing/renovation/construction: furniture, lighting, finishes, and fixtures
- Value-engineered solutions aligned with brand standards and budgets

OUR STRENGTH

GLOBAL SOURCING

- 4-5 full container imports every month
- Direct sourcing from China, Taiwan, Korea, India, Australia and Japan
- Factory-direct pricing, strict quality control, faster lead times

CHINA OFFICES (KEY ADVANTAGE)

We operate two offices in China:

- Shenzhen – manufacturing, QC, custom production
- Yiwu – materials, lighting, accessories, finishes

This enables cost control, customization, consistent quality, and rapid QSR scaling

CUSTOMIZATION

We custom-manufacture everything inside a food & beverage space, including: Furniture, lighting, crockery, wall panels, décor, outdoor furniture, and heavy-use hotel & casino products like packaging material, kitchen equipment and many more.

If it can be designed, we can make it.

- **Prototype & Sampling Support:** mock-ups, samples, and pre-production approvals before mass manufacturing
- **Value Engineering & Cost Optimization:** redesigning concepts to reduce cost without visual compromise
- **After-Sales Support & Replacement Matching:** exact re-orders even years later
- **Global Factory Network:** access to multiple vetted factories to match quality, volume, and timelines

Local Execution Experience

- Multiple completed restaurant projects on Vancouver Island
- Hands-on experience with contractors, inspections, and live restaurant environments
- Built for real operational constraints— not just design concept

Why QSR Brands Choose SOVARO

Our Operating Model

Design → Source → Manufacture →
Ship → Install End-to-end control
from concept to handover.

- One partner instead of multiple vendors
- Predictable costs across locations
- Consistent finishes & specifications
- Faster renovations and rollouts
- Global sourcing with local execution

IDEAL CLIENTS

- Quick-service restaurant (QSR) brands seeking fast, cost-efficient renovations
- Multi-location QSR chains requiring consistent, repeatable build standards
- Franchise owners and multi-unit operators executing brand-approved renovations
- Growing independent QSR operators expanding to multiple locations
- Mall, food court, and high-traffic food service tenants
- Hospitality and food service groups managing multiple restaurant concepts

SOVARO in One Line :
We design, build, and
globally source everything
inside your restaurant—
faster, smarter, and at scale.

BEFORE

SOME OF OUR PROJECTS

AFTER

*Complete restaurant
overhaul: gutted the space,
added drywall, redesigned
walls with faux brick,
installed a custom bar,
upgraded custom furniture
and lighting, and refreshed
the entire interior.*

Custom-built wall panels designed specifically for the restaurant
