

# CHA-SN

This is to notify you (the vet) that Curly Horse Advocates (CHA) will pay the cost of your bill for the curly horse up to \$400, with limitations.

Examples of what is covered is choke, stitches, staples, non-surgical colic, and humane euthanasia if required.

You (the vet) need to call the phone number below and leave a message of the need for vet care, and diagnosis and treatment.

You also need to sign this form and be sure your address is correct. This form and your bill are to be emailed or mailed to CHA. CHA will mail a check directly to you.

Maximum coverage is \$400. If your bill is more than \$400, you will need to negotiate the difference with the horse owner.

This program is funded by CHA, and set up similar to the program "Vet Direct Safety Net", by the ASPCA. If you have questions on their program, it is on the AAEP web site.
