

Joining a ZOOM Call for Support

Note: Zoom calls need to be pre-arranged so both parties know what time to join the zoom call and what meeting id and password to use.

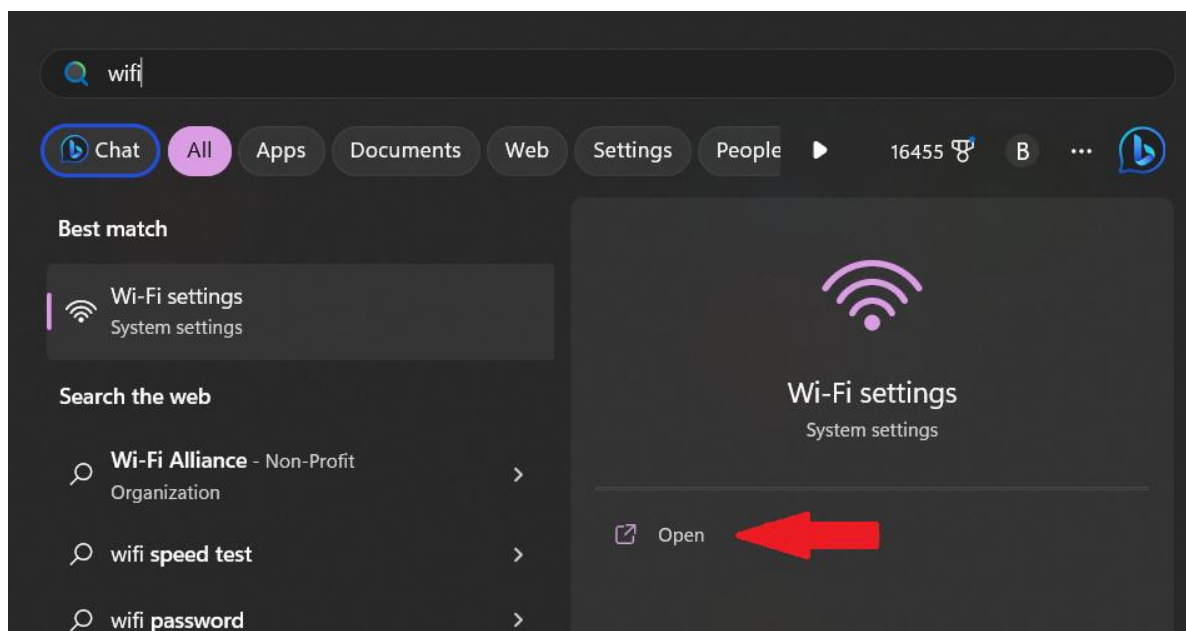

Your tablet must be connected to the internet in order to be able to join a Zoom call.

Connect to the Internet

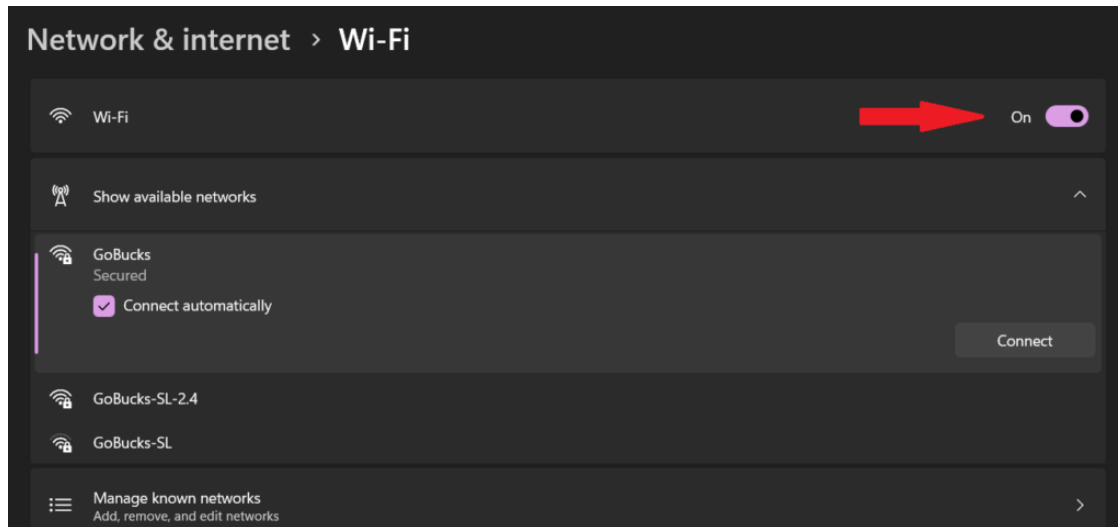

1. Swipe up from the bottom of the tablet and type “wifi” in the search box:

2. On the right side of the window under “Wi_FI settings” click on “Open”:

3. On the Wi-Fi page turn it to On:

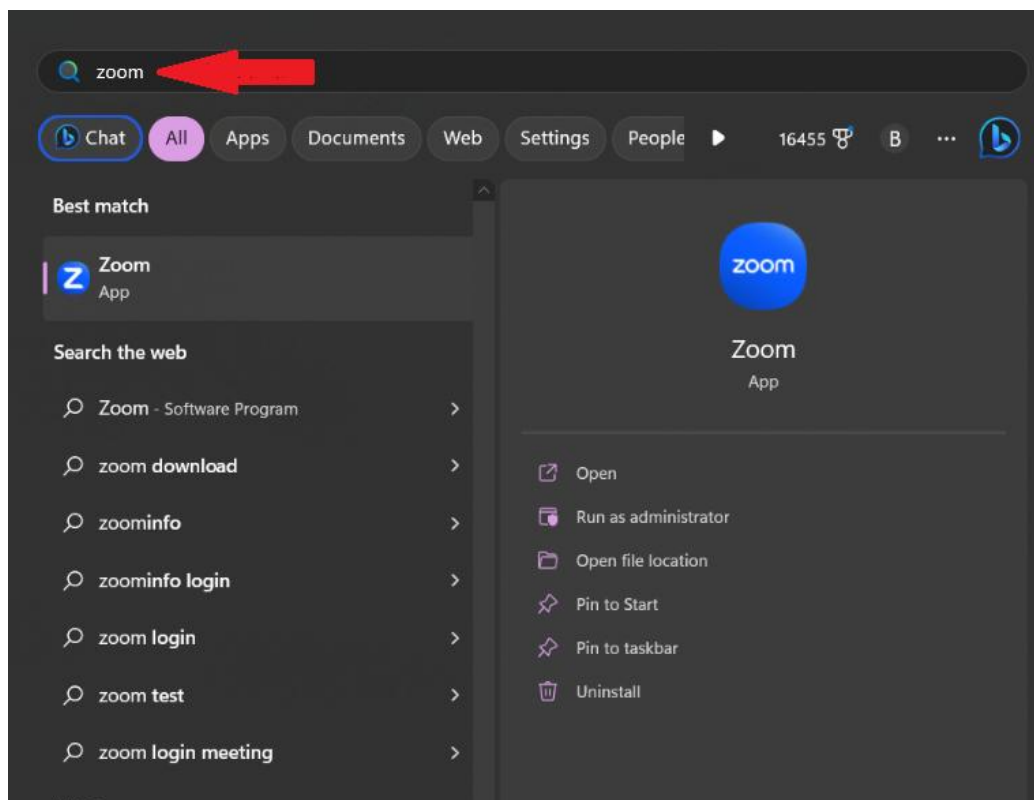

4. Click on the box that says “Show available networks”

5. A list of available Wi-Fi networks should appear; click on a network that you have access to and know the password (if required) then click on Connect:

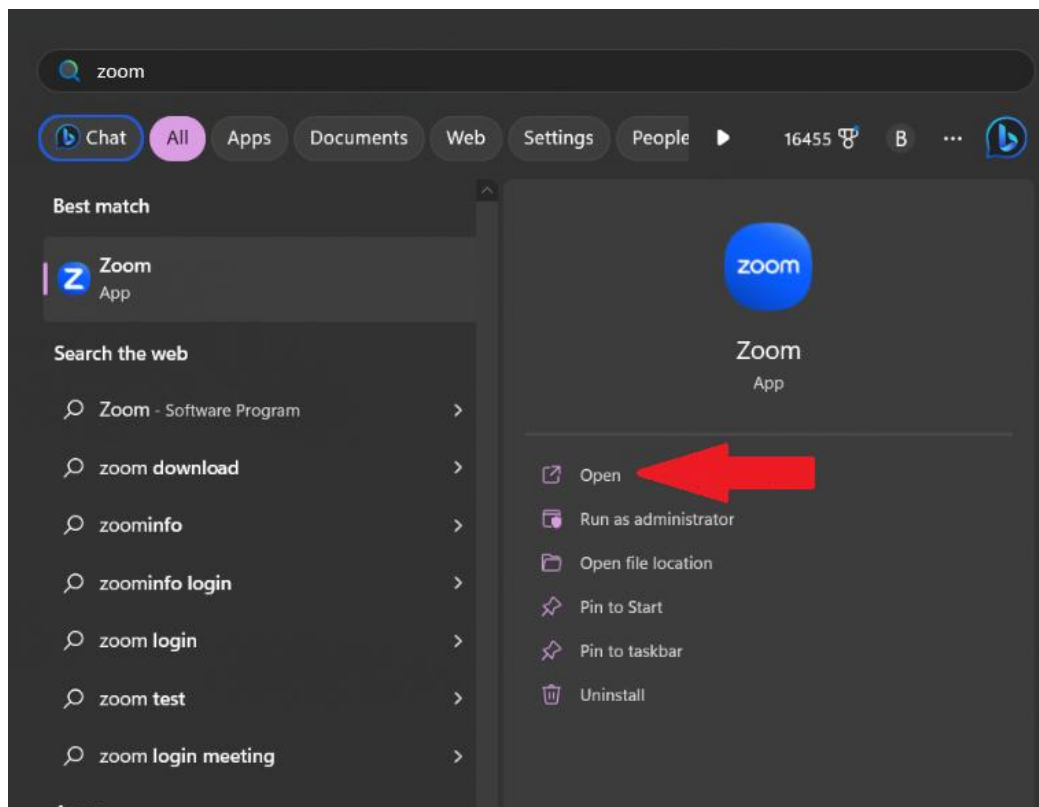

6. Ensure the network you connect to shows a status of “Connected”

Start the Zoom Call

7. On the tablet swipe up from the bottom of the window and type zoom in the search box:

8. On the right side of the window under the “Zoom” icon click on Open:

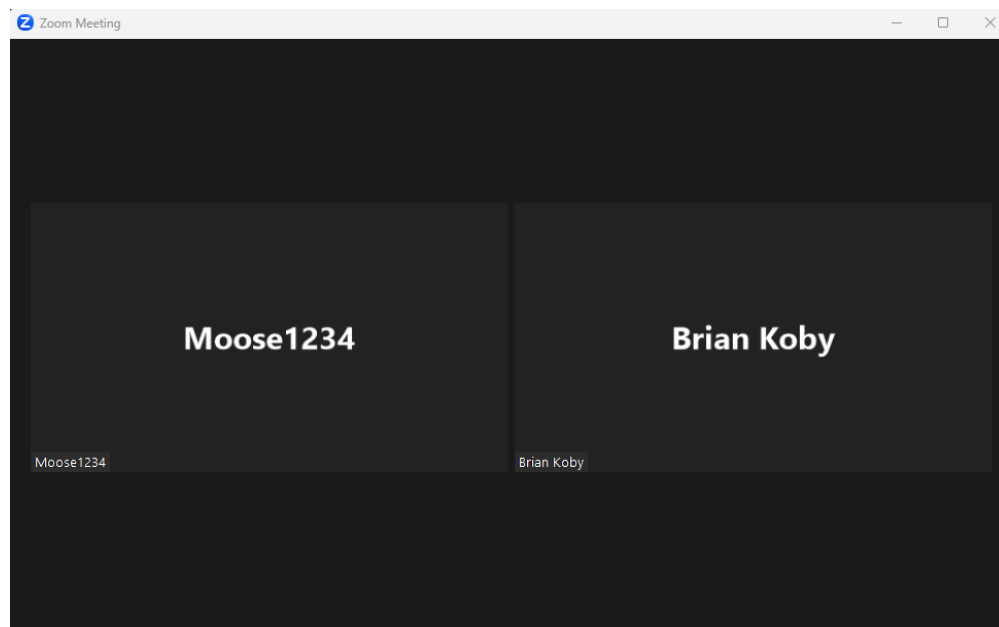

9. Next click on “Join a Meeting” and enter the meeting ID 944 635 6330 and your lodge # then click on Join:

A screenshot of the Zoom "Join meeting" dialog box. At the top, there is a title bar with the Zoom logo and the text "Zoom". Below the title bar, the text "Join meeting" is displayed. There are two input fields: the first contains the meeting ID "944 635 6330" and the second contains the lodge number "Lodge 499". Below these fields, there are two checkboxes: "Don't connect to audio" and "Turn off my video", both of which are unchecked. At the bottom, there are two buttons: "Join" and "Cancel".

Note: you may be asked to use a different Meeting ID when the meeting is arranged.

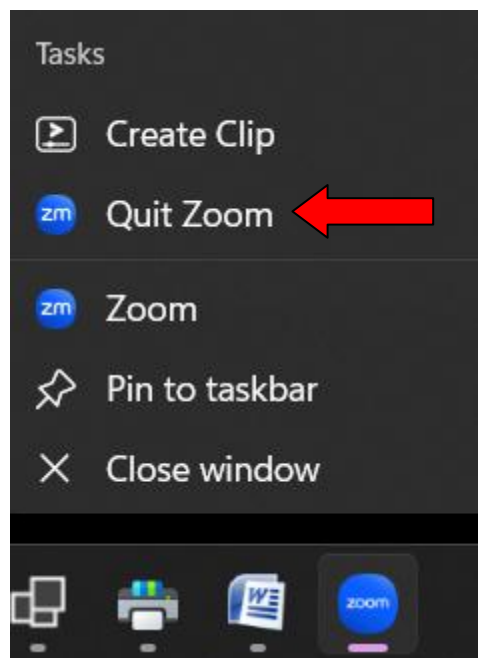

10. When prompted enter the password 0499

11. You will automatically be added to the meeting after the host connects:

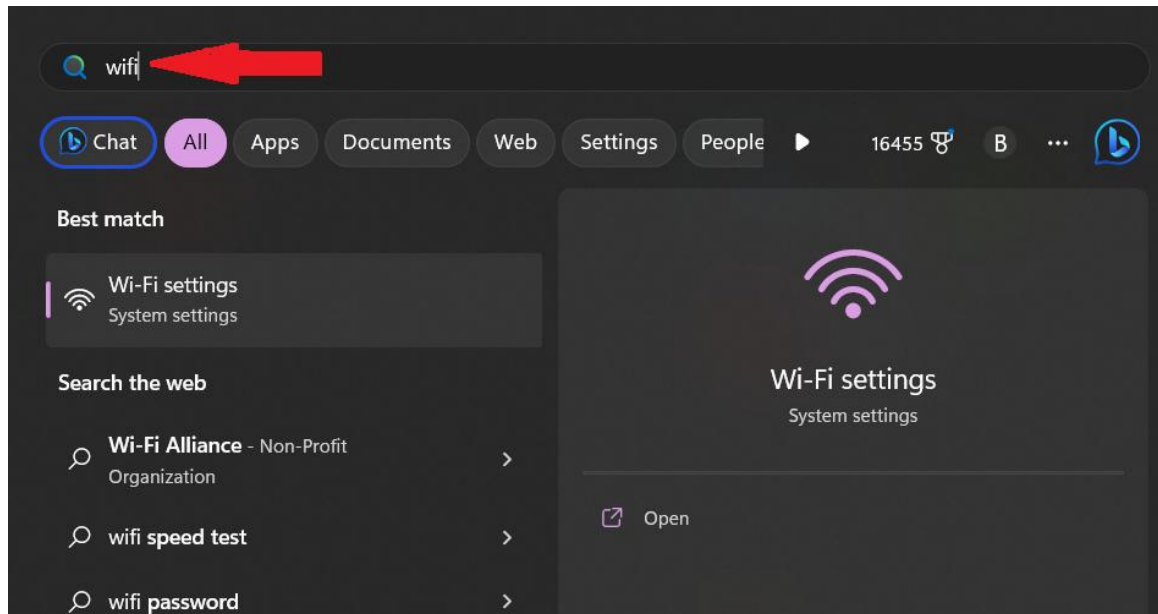

12. Your host will give instructions on what to do next after the meeting starts.

13. After the meeting ends swipe up from the bottom of the screen and in the task bar at the bottom of the window tap and hold the Zoom icon and select Quit Zoom

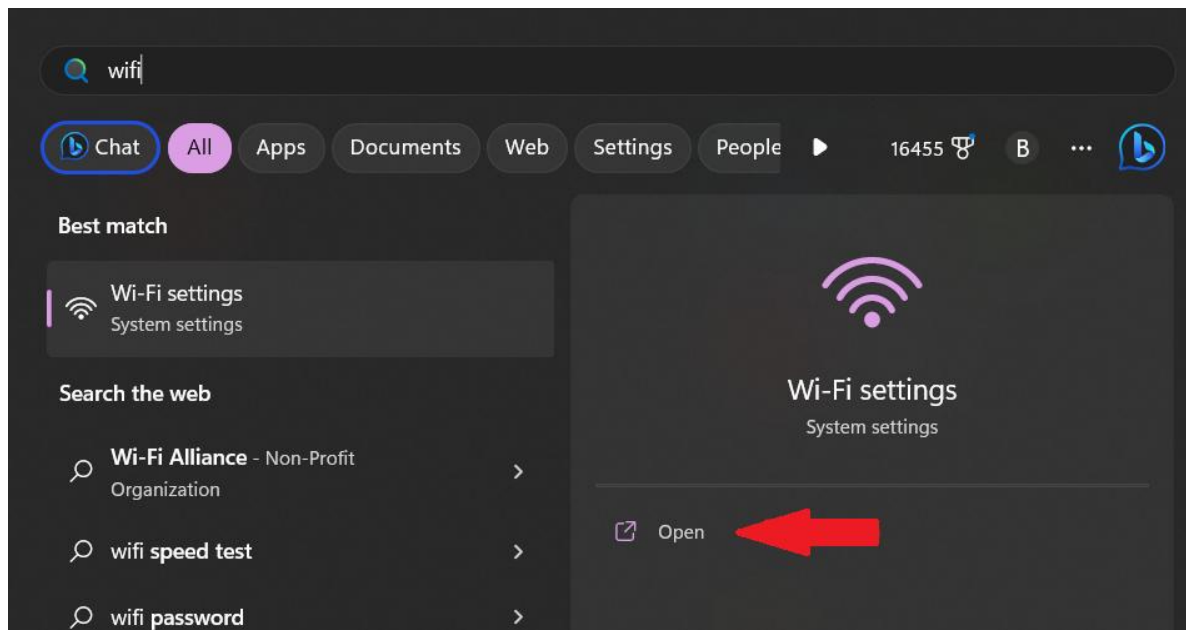

Disconnect from the Internet

14. Swipe up from the bottom of the tablet and type “wifi” in the search box:

15. On the right side of the window under “Wi_FI settings” click on “Open”:

16. On the Wi-Fi page turn it to Off:
