

 **Bakasura**
GAMING

Hungry for perfection

Our Mission

At Bakasura Gaming, we only have one mission - To make video games fun to play. Our passion for video games became the catalyst for us to become a part of the industry. We just didn't strive to play video games, we made it our mission to make this industry to be loved by present and future generations. While we stay humble and thankful for what has been given to us, we wish to do our bidding and ensure that the same experience is cherished for generations to come.

When you reach out to Bakasura Gaming, you are not looking for just QA support. You are here to build a legacy together!

Why us?

★ Our History

- Industry veterans boasting over 24 years of experience
- Associated with renowned video game titles
- Achieved a 100% first-pass submission rate across all platforms
- Serve as a strategic quality assurance partner for numerous game studios

★ Our vision

- Gamer-operated game testing company
- On-demand quality assurance team
- Customizable testing solutions
- Proven methodological framework
- 24/7 support availability
- Center of Excellence team with specialized skill sets

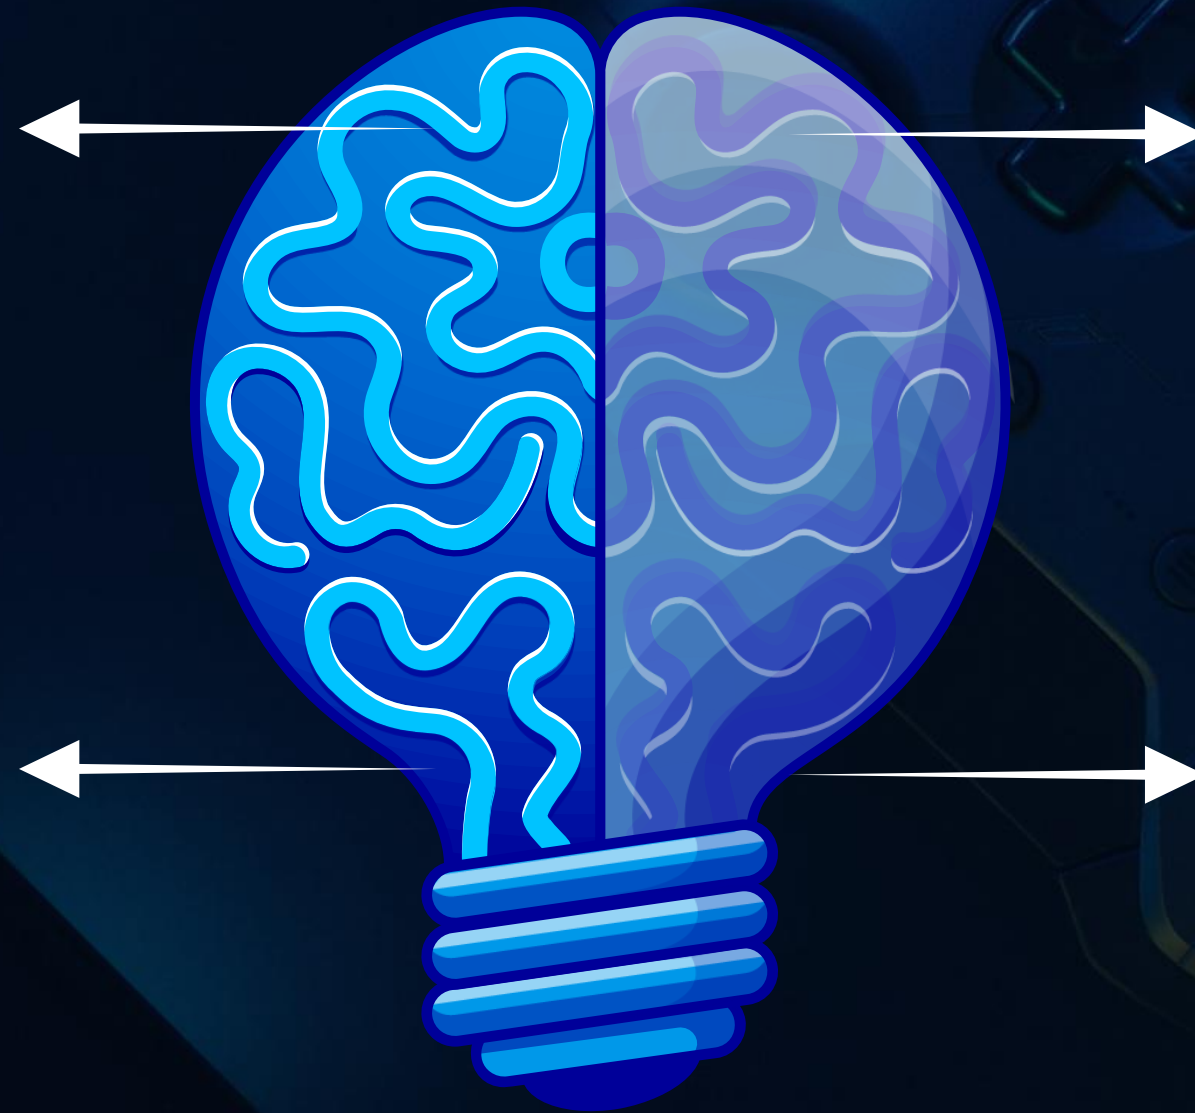

Benefits of Bakasura

Gamer Expertise ✨

With gamers serving as testers, we take pride in having a team proficient in evaluating all titles available. Through our in-house training academy, we guarantee that quality is consistently upheld.

Tailored QA Approach ✨

We recognize that each game presents unique quality assurance requirements. Unlike other game testing companies, we provide the flexibility to assist you in testing specific areas where you may require additional support.

Volume-based Discount ✨

During our partnership, it is our priority to ensure mutual benefits for both parties. To this end, we offer volume-based discounts that are contingent upon the volume of business conducted.

On-the-fly adaptation ✨

We recognize the disruptive nature of game production. Therefore, we will provide a flexible team that can be adjusted according to the quality assurance requirements of the game.
