

Day 6 Recap Challenge

This crossword challenge is designed to test your knowledge based on what we covered in the previous class. Let's see how much you remember 😊.

<https://drawingdatawithkids.com>

Across

- 2. The first row that names the columns
- 6. a pattern showing how data changes over time
- 7. Joining 2 or more datasets together like prayer time and temperature
- 8. The chance that something will happen
- 9. The numbers that show measurement on a graph
- 10. To change data into a new form or structure

Down

- 1. To guess by what time prayer time will change next week
- 3. When two things move in similar or opposite direction
- 4. Something you notice or record as data
- 5. Summarizing data, like finding average change in Prayer Time
