## Job Opportunities at Guilford College and WSSU

I'm looking for an adjunct faculty member to teach a general chemistry lecture and lab during the Spring 2022 semester. I was hoping you might be able to help me get the word out to the CNC-ACS members to see if they might be interested or know someone who is?

Take care,

Anne

I hope you are doing well. The WSSU Chemistry Department is seeking to hire an adjunct to teach our Instrumental Analysis lecture and lab courses this Spring 2022 semester. I would greatly appreciate it if you could send an email to your CNC ACS group requesting interested member apply. The posting can be found at the following link: <https://jobs.wssu.edu/postings/18022>

The link will be active until October 29.

Thank you,

John

### [Senior Chemist News](#)

Last night's Zoom meeting was attended by Bruce and Carol McKillican, Rod Bennett, Jill Keith, Debbie Pritchard, Dave MacInnes, Bob Patsiga, Cynthia Williard, Dennis Tabor, and Robert and Phyllis Yokley.

A wide range of interesting topics were discussed. Carol Mc will investigate the possibility of a Diversity, Equity, Inclusion, and Respect presentation by a Syngenta staff member at one of our meetings in early 2022. Bob Patsiga recommended a future meeting topic on the chemistry of Herbs. We need to find an expert in this field (no pun intended).

Attached is the slide presentation from last night - in it are e-mail addresses and links that may be useful if you have questions regarding ACS governance, elections, service on committees, ACS change drivers, and the new ACS membership options for renewing members.

The next SCG meeting takes place Monday, November 15. Options for this meeting will be presented later.

-Robert Yokley
