

# GDR Mektek Pvt Ltd

## *Railway Products Division*

A spin off company from GD GROUP, which has provided import substitute hi-tech solutions to Auto, Aerospace, Defence and Railways verticals. We have set up a dedicated Railway product division to cater to the ever growing and challenging Railway sector.

We have successfully received RDSO approval for manufacturing 6000 sets of BMBS Air brake system under license from Escorts Railway Equipment Division. Now, GDR Mektek is gearing up to take up innovative solutions to Railways by providing new innovative products such as Dampers, Pneumatic slack adjusters and Coupler with dampers.

## Products

### **Bogie Mounted Brake System for Wagons**

Bogie Mounted Brake System (BMBS) is a modular Braking system developed for use in Freight Wagons. The system is designed to meet Indian Railways specification and is RDSO approved.

### **Double Piston Air Brake Cylinder**

Designed and developed a 10-Inch dual piston spring centered air brake cylinder for a specific application for European railway market.

### **Testing systems**

We have established ultra modern testing systems such as vibration table, endurance test bench, functional test, leak test, environmental test and salt spray test as per RDSO and international standards
