

Sensory Story:

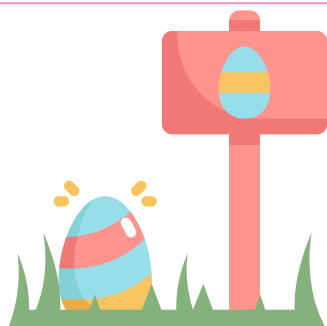

EASTER EGG HUNT

By Theraplaytt

We are going on an easter egg hunt today!
This is a fun activity.
We get to find some fun thing in the easter eggs!

Step onto the soft grass. It feels soft and cool.
Take your time to walk on it, feeling its
softness as you explore the area.

Easter eggs are hiding in the garden. They are
very colorful. If you look for the colors, you can
find the eggs. This is how we do Easter egg
hunting!

Open up the easter eggs and see whats
inside.
Look at what treasures are waiting for you.

When you find an Easter egg, show it off to
your parent or friend. It's a little celebration.
Enjoy the joyful moments as you collect your
colorful eggs. Happy Easter egg hunting!
