# *Selling Your Collection? We BUY Books*

With over 50 years of experience in buying and selling out-of-print and rare Civil War material, we have the knowledge and ability to handle any size collection expeditiously and competently. We wrote the *Price Guide for Civil War Books*, now in its 5th edition, have issued over 500 catalogues, and are able to realize high prices for Civil War material. So . . . if you will be selling your collection, or if someone else will be selling your collection, keep us in mind.

- **Broadfoot's:** Over 50 years of selling Civil War books full time—more than 500 catalogs. We have sold many of the better collections offered in recent years including: Richard Harwell, Bell Wiley, Bob White, Lee Wallace, Cary Close, Robert Sommerfield, The Late Unpleasantness. In addition to individual collections, we have purchased the Civil War stock of D. A. Bulen, Lost Generation Bookshop, Gitmans, McCowat Mercer, Continental Book Company, Morningside, etc. With Broadfoot's, you're in good company. References provided—better yet, ask around.
- **No shipping or packing.** Our competent people will pack your books, load them, and move them from your door to our store in our vehicle. Your books are in good hands all the way.
- **No need to make a listing of the material.** A complete listing of the collection is made listing each item valued at \$100+ individually with a description and price. We don't buy on consignment—we purchase outright. If and when the books sell is our concern, not yours.
- **At no charge to you,** we will clean your books as needed, make repairs as needed, fit the better books with acid-free mylar dust jackets and place pamphlets and fragile material in protective folding slipcases. These extras insure that your titles are protected and preserved, plus add substantial value to your collection at no cost to you.
- **We can handle any size collection,** though the average purchase is in the \$15,000-\$75,000 range. Most people, even veteran collectors, are surprised at the high value of their collections. Invariably a collection of quality books purchased five or more years ago realizes more to the seller or his estate than the original purchase price of the books. Quite a few Civil War collectors have advance purchase agreements with us. If you have a large collection which will someday be sold, we'd like to hear from you.

GIVE US A CALL and we'll send you our free 20-page booklet entitled  
*"Your Collection of Civil War Books/Manuscripts. Selling, Auctioning, Gifting? Someday?"*
