

ORGANIZES, CLEANS, SAVES MONEY

THE PRODUCT

For decades painters have been trying to come up with a way to keep spray equipment clean, organized and ready to use. Tipsaver holds your tips, housings and filters in an organized, easy to access way that also cleans them and allows you to re-use all of your spray related equipment and increase productivity.

ORGANIZATION

Tipsaver makes tips easy to find, clean and ready to use every time you need them

SAVE TIME

Simply lift the Tipsaver from its container and your tips, housings and filters are ready to spray

CLEANLINESS

Submerge the Tipsaver in your desired liquid cleaner and your equipment will be ready for you every time you need it

SAFETY FIRST

Tipsaver has been built to end that awful task and minimize harmful skin exposure
