

# MONTHLY REPORT

ROUNDUP OF OUR ACTIVITIES  
FOR NOVEMBER 2025

*“Education is the most powerful weapon which you can use to change the world.”*

– Nelson Mandela

Maitri Bhavna

# HUMANE EDUCATION

Humane education is a learning approach that encourages empathy, kindness, and responsible behaviour towards everyone.

It goes beyond conventional teaching by highlighting the deep connections between all of us, aiming to create a more compassionate and balanced world.

# THE CHANGE

Student feedback is gathered before and after each session to measure changes in fear and awareness levels.

The collected data highlights session effectiveness ensuring students understand the material and build confidence in their abilities.

This iterative approach helps create a supportive learning atmosphere, enhancing both student participation and enthusiasm.

## CLOSE THE LOOP

Close the loop project is centred around the feeder network in Jaipur. It takes the support of feeders (a.k.a puppy farishtas) to vaccinate all street puppies against parvo, distemper and rabies. And subsequently catches the mothers and surviving pups for sterilisation by Help in Suffering (HIS). This project is done in collaboration with Go Nirvana and HIS.

# ABC STATISTICS

Total number of dogs caught for ABC	<b>153</b>
Number of females caught for ABC	<b>122</b>
Number of males caught for ABC	<b>31</b>
Number of feeders covered	<b>25</b>
Number of catching locations	<b>20</b>
Number of dogs that died during or after ABC	<b>None</b>
Number of dogs that fell sick after ABC	<b>7</b>
Number of dogs that escaped before or after ABC	<b>1</b>

*In frame: Dogs recovering from surgery after the sterilisation procedure at HIS.*

## VACCINATION STATISTICS

---

Total number of puppies given a vaccination	<b>180</b>
No. of puppies given 1st 7-in-1 shot	<b>140</b>
No. of puppies given 1st booster 7-in-1	<b>40</b>
No. of puppies given 2nd booster 7-in-1	<b>0</b>
No. of adult dogs given rabies vaccination	<b>28</b>
No. of feeders covered	<b>23</b>
No. of locations	<b>21</b>
No. of puppies that got fully vaccinated	<b>6</b>
No. of puppies that got parvo/distemper after 1st shot	<b>0</b>
No. of puppies that got parvo/distemper after 1st booster	<b>0</b>
No. of puppies that got parvo/distemper after 2nd booster	<b>0</b>

# RABIES AWARENESS SURVEY

The Rabies Awareness Survey was a public safety initiative conducted in with the support of Jaipur Nagar Nigam with the aim of assessing and raising awareness about rabies and its prevention. The findings will be used to advocate for more community education and awareness initiatives by the Government.

NO. OF SURVEYS CONDUCTED

**12**

NO. OF LOCATIONS COVERED

**5**

NO. OF RESPONSES RECORDED

**390**

## AREAS OF HIGH AWARENESS

**99.5%**

PEOPLE WOULD GO SEE A DOCTOR TO GET THE RIGHT TREATMENT

**4 in 5**

PEOPLE AGREE THAT VACCINATING DOGS IS THE BEST WAY TO KEEP PEOPLE SAFE FROM RABIES

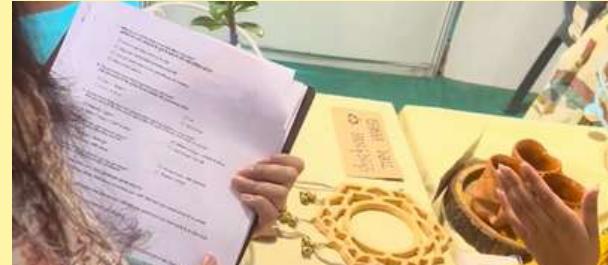

# RABIES AWARENESS SURVEY

## AREAS WHERE WE NEED TO RAISE AWARENESS

**2 in 5**

PEOPLE BELIEVE THAT RABIES  
IS SPREAD ONLY THROUGH  
DOGS

**50%**

PEOPLE THINK THAT THERE ARE  
SIDE EFFECTS TO TAKING THE  
ANTI RABIES VACCINE

**3 in 5**

PEOPLE THINK THAT THERE  
EXISTS A CURE FOR  
RABIES

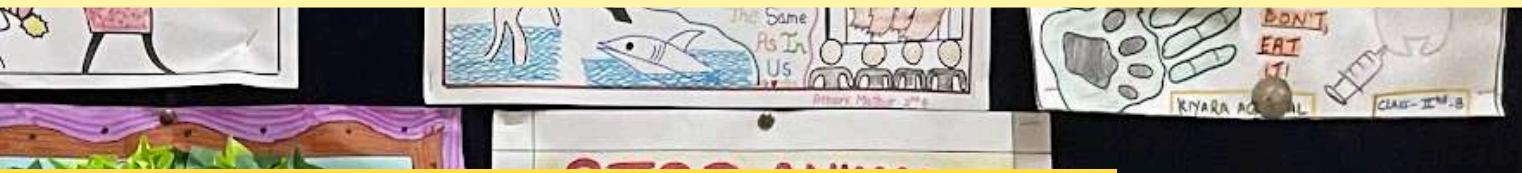

**2 in 5**

PEOPLE DO NOT KNOW TO WASH  
THE WOUND WITH SOAP AND  
WATER FIRST THING IN CASE OF  
A DOG BITE

DURING OUR SURVEY 30% OF PEOPLE HAVE  
REPORTED THAT THEY OR SOMEONE THEY KNEW  
HAD EXPERIENCED A DOG BITE IN THE LAST 1 YEAR

# INSTITUTIONAL OUTREACH

Following the Supreme Court order on 7th November directing removal of dogs from educational institutions among other places, we started reaching out to schools and colleges primarily to make sure that the institutions understand the order and that they cannot get the dogs removed till the shelters are in place and other conditions are met at the institution.

**21** Institutions approached

**13** Colleges    **08** Schools

**11** Institutions have dogs in or around their campuses

**Of which only 04 institutes**  
expressed having a problem with them

# EQUINE BASELINE PROJECT

At present, other than a few treatment camps, no work is happening in Jaipur **for the welfare of working equines** (horses, mules, donkeys). We have started the project with a baseline activity and till date, we have identified a total of **718 equines** (639 horses, 79 donkeys and 1 mule) **in 25 different sites** in Jaipur and surrounds. Our baseline report is expected to be ready by mid-January after which we will plan interventions to improve equine welfare.

# ADVOCACY

In November, we leveraged the recently formed Legal Assistance group, a group of lawyers willing to assist us. One of the lawyers and Maitri Bhavna submitted a detailed representation to the Deputy Registrar of Manipal University, Jaipur when it came to our notice that over the last few months, there had been repeated cases of cruelty to and relocation of resident dogs on campus.

Some of the students, at significant risk to themselves, raised their voice against this cruelty which led to a social media backlash against the administration. That together with our representation helped stop the cruelty but we are closely monitoring the situation and hope to do sterilisation and vaccination at the University as soon as possible.

# MEET OUR TEAM
