

A photograph of a stream flowing over large, dark rocks in a forest. The water is white and turbulent as it cascades over the rocks. In the foreground, a small, simple boat with a white sail and a wooden hull is floating on the water. The background is filled with dense green foliage and trees.

TEEG & The Ripple Effect

Celebrating 20 years of community service!

2007 Annual Report

Spreading Waves of Compassion and Caring

Acknowledgements

This year we again want to thank the creative team that developed this anniversary edition of the TEEG Annual Report. MAD Communications, Pelton Graphics and McConnell & McNamara have once again come aboard to donate their professional time and talent to assist us in bringing our message to the community about the work that we do, the way that we do it, and the people who make it possible. If not for the generosity of these amazing professionals, our outermost ripple to communicate the TEEG mission wouldn't be possible.

Special Thanks to Jack McConnell

The phrase "tripping the light fantastic" perfectly describes what photographer Jack McConnell has experienced with clients over the past 35 years. Easily one of the most prolific photographers in Connecticut, Jack has accumulated an archive of over 200,000 original images from here and around the world. TEEG is especially fortunate for his contribution of time and talent to create the original images presented in this report. To see more of his work, visit his web site at www.stonewalljack.com

If a small rock is tossed into the ocean, it barely makes a wave. But drop that same rock into a small pond and the ripples it creates are clear.

The Ripple Effect is about our ability – as an agency and as individuals – to make a positive difference in our community. It is about simple actions that lead to stronger relationships that enable empowered families and encourage greater personal growth. This is what TEEG is all about.

It is with great pride and appreciation that we present our 2007 Annual Report. In these pages, we share highlights of the past year and celebrate our 20 year anniversary of service to the local community. This is a major milestone for a small non-profit to achieve. Thanks to the commitment and dedication of thousands of donors, volunteers, staff and board members, funders and supporters, our ripples have touched the lives of the many individuals and families that we have met over the years, and even more who we have never met.

Since 1987, TEEG has flourished under the leadership of eight Board Presidents who have been supported by 86 Directors. We have benefited from the guidance of five Executive Directors who have delivered on our mission through the dedication of 57 employed staff members. Hundreds of volunteers have contributed thousands of hours of service. Thousands of donors have provided millions of dollars to allow us to touch tens of thousands of lives.

In short, it's been an amazing 20 years. Thank you to all who have supported TEEG over the past two decades. You have been the wind in our sail!

Dedication

It is with heartfelt gratitude and a bit of sadness that TEEG dedicates our 20th anniversary Annual Report to Sister Suzanne Gebrian, MSHS and founding Director of the Thompson Ecumenical Empowerment Group. Beginning with her guidance and direction, TEEG has grown from a local outreach effort in the neighborhood of North Grosvenordale to a community-wide social service agency. With her passing on August 19, 2007, we wish to take this opportunity to call attention not just to the ripples she made while she was a part of our community but to the legacy of a million ripples that she leaves in her wake.

The Ebb & Flow of Community Building

Helping people navigate safely through the sometimes rough waters of life is what TEEG is all about. Along the way, the positive impact that we have on one person spreads like ripples on the water to make an even greater impact on the community.

TEEG was incorporated in 1987 with the mission of empowering people to attain their highest level of independent living. Over the years, we have worked tirelessly with hope and optimism to achieve our purpose. Our impact ripples through in the form of a wide array of services that empower individuals, strengthen families and engage the community.

Lives Touched

In our 20th year of operation, TEEG has provided comfort, service, support and information more than 20,000 times!

We're All in This Boat Together

First Mates

There is no "I" in team. That is how we are able to do all that we do at TEEG. For our team, the Ripple Effect is about relationships. We work together to get the task at hand accomplished and connect the person who has sought us out for help with the next member of the team, and beyond. Here's how it works...

A client comes to TEEG for food assistance. After a visit to our food pantry with Bob, our Food Service worker, the client is referred to meet with Stacy, our Community Services Coordinator. Stacy learns that the client is struggling not just to put food on the table, but with other financial pressures as well. Stacy helps to arrange fuel assistance and signs the client up to receive back to school supplies. While the client is waiting for school supplies, she talks with Kelly, our Executive Assistant, and learns about scholarship and financial aid opportunities at Quinebaug Valley Community College.

Donna, the TEEG Executive Director, then helps the client make an appointment with the college to begin the application process.

Two years later, the client returns to TEEG to complete her college internship in human services...the last step toward attaining her college degree!

Charting Our Course

A Message from Dushy Mahendran, TEEG President

It is with great honor and pride that I report the successful completion of yet another year filled with challenges overcome, opportunities realized and accomplishments made. The work of TEEG continues to have a positive impact that ripples through our community by making a difference in people's lives.

As our Board of Directors charts a course for the future, it is of utmost importance that as we grow, we don't lose perspective. Our focus has always been on the individuals and families that we serve. As an agency, we must continue and renew our commitment to the Thompson community. At the same time, we must find ways to provide basic social services and support for seniors in neighboring towns who wish to work with us.

TEEG is not afraid to explore uncharted waters. To the contrary, we embrace new challenges and look forward to new opportunities. We consider it a great privilege to have our agency be referred to as a role model for other social service agencies throughout the state.

We embrace the opportunity to work with new community partners on new initiatives. We are proud to be working collaboratively with other area providers to expand access to prevention and wellness services in our community.

The success our agency has enjoyed over the past 20 years is the result of our dedication to empower individuals. When this happens, people are better able to help themselves and contribute to the community. By helping one person, that person is able to help someone else, and so on. Sometimes called "pay it forward," we like to think of it as the Ripple Effect.

As we celebrate our 20 years of service, I personally want to thank the greater TEEG community for their countless contributions and endless support. We are proud of our community, our legislators and our staff that have brought us to this level of success.

Drop by Drop

The miracle of the Ripple Effect is that with each simple act of compassion, and each dollar donated, the tide of community rises.

Drop by drop, dollar by dollar – that is how the TEEG budget has developed over the years. Every contribution no matter how large or small expands our ability to carry out the work that we do and extends our ripples farther and wider in the community.

Every year, we are humbled when the donations to our annual campaign begin to arrive. Children drop by in person to share the contents of their piggy banks. Seniors stop by to drop off a \$5.00 check. Residents and businesses answer the call with generous individual and corporate donations. Each of these gifts have been crucial drops.

This past year, community support provided more than \$105,000 of local giving. Additionally, this local money was leveraged to attract private foundation, municipal, state and federal dollars. In all, TEEG was able to secure \$654,680 to support the needs of residents in the Northeast Corner.

A Rising Tide Lifts All Boats

A strong community supports all of its citizens. This is a belief shared by the two special individuals who serve as the 2007 Angel Campaign Chairpersons, Robert and Pauline LaChance. They are the center of this year's giving ripple.

The LaChance's are dedicated volunteers who want to help TEEG raise awareness about the real needs that exist in our community. They believe that indeed charity begins at home, and that we must embrace our responsibility to take care of neighbors and friends.

"Giving what you can to support a cause is always important, but giving at home is where it has to start. That's where it makes the biggest difference."

Robert & Pauline LaChance

Thank you to all of our many supporters. While we have made every attempt to recognize those who have generously shared their financial resources, and respect the anonymity of those who asked, we hope we have not left anyone out.

Constant Currents

TÉEG volunteers are the energy that keep us going. They are the strong and constant currents beneath the waves of our community. Out of sight, their contributions sometimes go unseen. We are proud to recognize our volunteers for we couldn't do what we do without them. TÉEG volunteers help out with so many jobs both big and small. The TÉEG volunteer Board of Directors provides the leadership and governance that keeps us afloat. The ripples generated by TÉEG volunteers spread far and wide with every bag of food delivered, holiday meal served, back-to-school backpack stuffed, and much, much more. To all of you who have rolled up your sleeves and offered your assistance... Thank you!
