## PK-71 ~ Indica

PK-71 is a pure indica strain that emerged from the Oakland area of California as the result of a Hindu Kush and Purple Afghani cross. Its aroma is subtle and earthy with sweet overtones typical of Kush varieties. Blissful, long-lasting euphoria blankets the mind while physical relaxation rids the body of pain, sleeplessness, and stress.

## SOUR COOKIES ~ SD Hybrid

Sour Cookies is a blend of Girl Scout Cookies and Sour Diesel. This cross combines the medical-grade sedation of GSC with the uplifted, cerebral, mood enhancing effects of Sour Diesel. The smell is doughy and pungent with overtones of fuel and hash. Enjoy this strain in small doses to harness the sativa-dominant effects, but with consistent use, this strain envelops the consumer in a weighted couch-lock that can persist for over an hour.

## FORBIDDEN FRUIT ~ Indica

Forbidden Fruit is the mouthwatering cross of Cherry Pie x Tangie. The terpene profile is a perfect mixture of Cherry Pie's musky, sweet cherry undertones and Tangie's loud tropical flavors. There are also notes of pine, mango, and passionfruit candy. The effects hit hard between the eyes and lay into the body with each hit. Forbidden Fruit's deep physical relaxation and mental stoniness make it perfect for dulling minor physical discomfort and discarding stress.

## JACK HERER ~ Sativa

Jack Herer is a sativa-dominant cannabis strain that has gained as much renown as its namesake, the marijuana activist and author of The Emperor Wears No Clothes. Combining a Haze hybrid with a Northern Lights #5 and Shiva Skunk cross, Sensi Seeds created Jack Herer hoping to capture both the cerebral elevation associated with sativas and the heavy resin production of indicas. Consumers typically describe this 55% sativa hybrid as blissful, clear-headed, and creative.

## OG KUSH ~ Hybrid

OG Kush makes up the genetic backbone of West Coast cannabis varieties, but in spite of its ubiquity, its genetic origins remain a mystery. Popular myth maintains that Chemdawg and Hindu Kush parented OG Kush, passing on the distinct "kush" bud structure we see in many strains today. However, we can't be sure because OG Kush first came from bag seed in the early 90s. OG Kush is cherished for its ability to crush stress under the weight of its heavy euphoria.

## DREAM QUEEN ~ SD Hybrid

Dream Queen is an aptly named sativa-dominant hybrid that will leave you in a euphoric, dream-like state after a few puffs. A cross of two beloved strains, Blue Dream and Space Queen, it offers intense odors reminiscent of pineapple and bubblegum, and flavors of citrus, menthol and hash when vaped or smoked. Dream Queen's very frosty, light green flowers will have you sticking your nose back in the jar again and again to experience their delicious fruity aroma.

## CHEMDAWG ~ SD Hybrid

Chemdawg has developed quite the name for itself over the years. Between its mysterious origin, ambiguous genetics, and the plethora of successful crosses the strain has produced, Chemdawg has practically secured itself a permanent place in the cannabis hall of fame. The original source of powerhouse strains like Sour Diesel and OG Kush, Chemdawg is known for its distinct, diesel-like aroma. Pungent and sharp, you'll be able to smell this hybrid from a mile away. Cannabis newbies be warned: Chemdawg tends to be very potent.

## HASH PLANT ~ Indica

One of Sensi Seeds's classics, Hash Plant has tight, resin-drenched flower clusters with a deep, rich Afghani aroma that's undercut with a hint of hashish. When consumed, her dominant flavor is the spicy-sharp bite of smoldering resin glands. The instant vaporization of those layers of sparkling trichomes accelerates Hash Plant's rapid, blissful and breathtakingly powerful body-stone. This 90% indica is the product of careful genetic selection, a process that involved matching the mysterious Hash Plant original from the U.S. with Northern Lights.
