Frisco Independent School District Extracurricular Code of Conduct For High Schools

Purpose and Vision

Frisco ISD dance team members are leaders chosen to represent the campus, district, and community in the promotion of team spirit, development of strong character and sportsmanship, and reinforcement of respect and positive relations within our community. The young men and women involved in these extracurricular activities consistently demonstrate tenacity, teamwork, and commitment. In addition, they continually develop responsibility, pride, loyalty, leadership, service, self-discipline, and self-confidence. As leaders, students are encouraged to achieve personal goals regarding their athletic abilities and their social and emotional development.

Philosophy of Participation and Jurisdiction

The term “extracurricular activities” means, without limitation, all dance team performances and contests, competitions, or community events in which the district is represented. Membership includes any non-curricular event, participation in groups, clubs, and organizations. Membership is recognized and approved by the Board of Trustees and the school district as well as sponsored by the district or a campus. All extracurricular activity participants, including elected and appointed officers of all campus organizations, are subject to the provisions of this document.

Student participation in these and other extracurricular activities is encouraged. Frisco ISD makes extracurricular activities available as an extension of the regular school program. Participation in the regular curriculum is a right afforded to each student, while participation in the extracurricular program is a privilege that carries additional expectations for acceptable conduct. While students engage in, perform, compete, or participate in extracurricular activities they represent themselves, their student body, and the school district whether in or out of uniform.

Since participation in extracurricular activities is a privilege and not a right, Frisco ISD is authorized to set higher standards for these participants than it would for those students who choose not to participate in these activities. Therefore, this Extracurricular Code of Conduct extends beyond the Frisco ISD Student Code of Conduct not only in types of behavior prohibited but also in corresponding consequences and jurisdiction for imposing discipline. This Extracurricular Code of Conduct will be enforced with all students grade 6-12 participating in Dance Team organizations regardless of:

- whether school is in session;
- whether the offense occurs on or off school property or at a school-related event;
- whether the student is directly involved with the extracurricular activity at the time the prohibited conduct occurs;
- whether the extracurricular activity is in-season; and
- where or when the conduct occurs.

It is possible that a student who violates the Frisco ISD Student Code of Conduct will incur consequences from both the appropriate school administrator and from his or her coach or sponsor for the same particular violation. It is also possible that a student participant in extracurricular activities could violate the Extracurricular Code of Conduct and be subject to discipline by a coach or sponsor without having violated the Frisco ISD Student Code of Conduct.

Conduct Expectations

The following conduct is expected of all participants at all times during his/her school career. The organization sponsor/director will assign consequences for any violation of expectations as outlined below. Consequences will be in accordance with the Frisco ISD Student Code of Conduct.

1. Student commitment to a team or organization is expected for the entirety of the season or activity as determined by the campus administration and organization sponsor. Students are encouraged to participate in more than one extracurricular activity; however, students may not quit one sport or program in order to participate in another while the activity he or she quits is still active.
2. Organization members are expected to behave in a manner that is becoming of the individual as well as to the organization they represent. They should be aware that in or out of uniform they are representatives of the organization and the campus they attend and should act accordingly in maintaining a higher standard of conduct. Organization members will abide by school codes of conduct both in and out of uniform, both at and away from school. Any question of appropriateness will be decided by the designated campus official and sponsor.
3. During performances organization members will stay with the team at all times unless given direct permission by the sponsor.
4. Dancers may not be on the field or gym floor without having the sponsor available.
5. Organization members will demonstrate good sportsmanship at all times. This includes behavior toward visiting or hosting teams as well as the opponent's fans. Frisco ISD participants will be noted for clean yet tough competition. Praise your opponents while competing beyond your ability.
6. Organization members will be courteous and respectful to their teammates, sponsors, teachers, classmates, and all school/district administrators at all times.
7. Organization members will refrain from public displays of affection while in or out of uniform.
8. Dance Team members are expected to maintain appropriate behavior on social media. Any online behavior that causes an interference with a student's educational opportunities or that does or could reasonably substantially disrupt the orderly operation of a classroom, school, or school-sponsored or school-related activity will result in disciplinary action.
9. At no time should organization members be in possession of or use tobacco or similar products of any kind (including vaping and e-cigarettes).
10. At no time should organization members be in possession of or consume alcoholic beverages.
11. At no time should organization members be in possession of or use abusive or illegal drugs (including but not limited to marijuana, narcotics, drug paraphernalia, etc.).
12. Students should arrive to practices (including workouts), meetings, and events on time and prepared, and are required to stay for the duration of the event.
13. Students should follow the rules promulgated in the Frisco ISD Student Code of Conduct. Failure to do so may result in disciplinary measures related to the student's participation in extracurricular activities as determined by the coach/sponsor and campus principal or designee.

FISD Extracurricular Code of Conduct Disciplinary Policies

The following policies apply to all extracurricular activities at all FISD schools.

1. The possession or use of alcohol or controlled substances is prohibited.

The following penalties will be enforced.

Step 1 (1st offense)

The student will be suspended from participation in dance team performances for the next two calendar weeks in which the student would otherwise participate. The suspension will be carried over from one season/school year to the next if there are not two calendar weeks in which remaining performances occur at the end of the current season/school year.

Step 2 (2nd and subsequent offenses)

The student will be suspended from participation in dance team performances for the next five calendar weeks in which the student would otherwise participate. The suspension will be carried over from one season/school year to the next if there are not five calendar weeks in which remaining performances occur at the end of the current season/school year.

Step 3 (3rd subsequent offense)

The student will be suspended from participating in all dance team activities at Frisco ISD for one calendar year from the date school officials notify the student and parent of the infraction. If the student wishes to return to dance team performances upon the completion of their suspension, then the student, parent/guardian, and sponsor/director may collectively determine if the student should remain in the dance team program during the one year suspension and/or if the student should be allowed to participate in the try out process.

Infractions begin at zero upon the student's enrollment as a freshman in any Frisco ISD high school and will carry over from year-to-year during their high school enrollment. Dance Team sponsors/directors, in conjunction with FISD administrative staff, will investigate all reported violations in accordance with campus guidelines and training. Any infraction or combination of the illegal use or possession of alcohol and/or controlled substances will result in the same consequences, whether it is a first, second, or third offense. Dance Team members who are student athletes and subject to random drug/alcohol testing and who test positive for drugs/alcohol, will be suspended from Dance Team according to the appropriate step and number of previous offenses in accordance with the Frisco ISD Athletics Handbook.

2. If a student commits a serious criminal act, it reflects negatively on all extracurricular activity participants.

The following consequence, in addition to any other school disciplinary action, will be enforced in the event school personnel have reasonable suspicion to believe a student has been involved in the commission of a felony offense, as defined by the Texas Penal Code or by Federal law.

The student will be removed from participation in all extracurricular activities for one calendar year from the date school officials first become aware of the offense.

3. Activity sponsors or coaches are permitted to assign reasonable consequences in the event a member of their activity group is in violation of any part of the FISD Student Code of Conduct or Campus Behavior Management Plan.
