

MARTIN'S EMPOWERMENT GROUP
GOOD GROUND EMPOWERMENT FOUNDATION

April 7, 2026

To Whom It May Concern,

Martin's Empowerment Group and Good Ground Empowerment Foundation exist to educate, empower, and inspire youth and families by helping them make better decisions through changing their people, places, and thinking.

It is an honor to recognize the work of The National Alliance for Father Friendly Schools in helping schools and districts create environments where fathers feel welcomed, valued, and involved. Through my work speaking in schools and leading father engagement initiatives like the Dad's Club, I have seen firsthand that when fathers are present, students show measurable improvement in behavior, attendance, and overall engagement.

This is not theory, this is real impact.

I am deeply committed to supporting students who may not have an active father figure in their lives. Through mentorship, speaking, and community partnerships, I work to ensure that every student has access to positive male role models who can guide, encourage, and help them grow. Every child deserves that support system.

I am proud to align with The National Alliance for Father Friendly Schools and stand alongside other organizations, school districts, and community leaders who believe in the power of intentional father engagement. When fathers are included, families get stronger, schools get better, and communities transform.

If you have any questions or would like to connect regarding father engagement initiatives, please feel free to reach out.

Thank you,

Dr. David Martin
